Brickenden and Smith went down cellar shortly after 5 o'clock to secure some tension to be used in mixing paint. Smith took a match and candle with him, as he had been in the habit of doing for 7 years past. He had lighted the candle and was stooping down to draw the benzine from the barrel, when a sudden flash of flame, presumably caused by the vapor of the oil becoming ignited, filled the cellar. What followed is best told in Smith's own language: "I immediately started for the stairs and called out: 'Jim, come on.' My apron was on fire, and my hair and mustache were singed. As I called to Brickenden I turned round and saw that he was following me."

Smith ran into the office of the works, where William Graham, the excise inspector stationed at the factory, was reading, and gave the alarm. Graham ran to the adjacent fireball and the department was speedily on the spot. The fire had meantime enveloped the entire cellar, and three-quarters of an hour elapsed before the flames were extinguished. A search was then made for Brickenden, but it was some time before his burned and blackened body was found in the coal area under the sidewalk. After Smith called to him he had evidently turned back with the object of reaching the sidewalk by means of the coal hole, but being of short stature he was unable to reach the lid, and overcome by smoke he fell back to his death. He was still breathing when carried out, but died almost immediately.

The deceased was removed to his late residence at 1309 Queen-street east in the patrol wagon, Mr. William Smith going ahead to break the news to the family.

The legs and the whole of the lower part of the body were burned in a most frightful manner.

Brickenden, who was 56 years of age, had been employed about the works for 30 years.

He was an Englishman by birth, and for 25 years had resided at 1309 Queen-street. He was an attendant of the Woodgreen Methodist Church. He leaves a wife and three grown-up daughters and four sons, two being the owners of the carriage works at the Don.

The fire was confined to the cellar. The loss to the stock through smoke and water will be about $10,000, and to the building about $3000 or $4000; fully insured.

An inquest will be held at Leslieville by Coroner Johnson this evening.

KILLED HIS CHILD.

A North York Resident Arrested on a Serious Charge.

TORONTO, Sept. 6.—The Fates seem determined that the northern portion of the County of York shall not be deprived of a sensation of some kind.

The case of William Wilson, charged with contributing to the death of his wife and child who were drowned in the Muskalonge River near Keswick, has been the subject matter for family, hotel and street corner discussion for some weeks. But just as interest in the case is beginning to lag the village of Sutton West furnishes a sensation which, while not surrounded by the mystery of the Wilson case, has set the quiet little village on the Black River and the contiguous country in a ferment.

About 14 months ago a young man named Arthur York took up his residence in the village. He hailed from near Uxbridge. York was bright and blythesome, not bad looking and was not long in forming a large circle of acquaintances.

Notwithstanding his predilection for the wine cup, gay young Arthur was quite a lady's man and soon comely and petite Miss Torbett fell under his sway. Their courtship was as short as was the happiness of their subsequent married life. The fruit of the union was a son, but instead of being looked upon with joy by the father its advent was greeted with displeasure. Saturday last this unnaturalness is alleged to have led to the perpetration of a crime which has lodged the father behind prison bars.

On the day in question York and his wife had one of their usual broils. During its progress the mother in a fit of anger recklessly told her husband that she would leave both him and the baby. Suiting the action to the word she left the house. An hour's absence served to soothe her ruffled feelings. She returned ready to forgive and be forgiven, and was shocked to find the babe lying on the floor dead.

Suspicion fell upon the father, who had previously tried to take his own life. An inquest was ordered, and yesterday an enquiry into the cause of death was opened by Coroner Scott of Newmarket. The jury returned with a verdict of manslaughter and York was placed under arrest.

Constable Millard will bring him to Toronto jail this morning, and his case will come up for trial at the fall assizes.

Killed by a Pulley Accident.

TORONTO, Sept. 6.—Francis H. Brown, foreman of the Perth-avenue planing mill, was struck on the head by a fragment from a bursting pulley on Saturday morning. He was removed to his house, 7 Perth-avenue, and treated by Dr. Spence of Dundas-street. He lingered until 8 o'clock Saturday evening, when he died. Coroner Johnson was notified and held an inquest at the house last night.

The evidence adduced showed that Brown had been warned repeatedly of the dangerous condition of the pulley and shafting, which were in a very rickety condition, having been fitted very roughly. At the time of the accident the deceased was working at a circular saw operated by the shaft. One piece of the pulley, which was of wood, struck him on the right temple, cracking the skull and causing blood clots to form on the brain.

It was shown that the deceased had full control of the mill and could have had the shafting and pulley properly adjusted had he so desired.

Six Veiled Pallbearers.

THOROLD, Ont., Sept. 6.—Yesterday at 9 o'clock a solemn requiem high mass was sung at the new Roman Catholic Church at the obsequies of Miss Minnie Frances Macdonald, the handsome 15-year-old daughter of Mrs. Macdonald; Rev. Father Sullivan officiated. Six young ladies dressed and veiled in white acted as pallbearers, while 20 girls, similarly attired, schoolmates of the deceased, formed part of the procession.

Into the Hudson.

CRANSTONS, N.Y., Sept. 6.—The West Shore train, No. 13, which left New York at 4.15 p.m. for Albany jumped the track about one mile below here. The engine, tender and two baggage cars went into the Hudson River.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

TUESDAY, SEPTEMBER 6, 1892.

A Norwood Excursion Down the River.

On Friday last the members of the Presbyterian church, of Norwood, had an excursion to Jubilee Point. On the arrival of the train in the C P R Mr Dover meet the excursionists and conducted them to the wharf. A few minutes before eight a.m. the boat and barge left the wharf and after a pleasant sail reached Campbelltown. The river from there to Jubilee was full of logs, belonging to Messrs Rathbun, and after forcing her way through about five miles of logs the steamer arrived at Jubilee Point. At 2 15 p. m. the boat started on her return trip and reached the locks at 6 30. While in the locks Mr. Dover was call aft on the barge and a resolution was moved by A. R. Anderson, Esq., seconded by John Finlay, Esq., reeve of Norwood, and carried unanimously, that a vote of thanks be tendered to Commodore Dover and the crew of the Daisy for their courtesy and attention to all the excursionists while on board. After giving three cheers for Commodore Dover and three cheers for the Queen and singing "He's a Jolly Good Fellow," the boat resumed her trip and arrived at the Peterborough wharf as the clock struck seven, giving the excursionists one hour and fifteen minutes in town before their train left for home. All expressed themselves highly delighted with the trip. On the trip one gentleman caught a large maskinonge while trolling off the barge.

A Treasure Lost For Three Years.

Found After Long waiting.

Three years ago, a prominent lady of St. John, New Brunswick, was prostrated with a severe illness. For a time her condition was critical, and her friends were greatly alarmed. A wasting fever seemed to defy all the skill and exertions of an able physician; this continued for days, when happily the fever was broken, and the hopes of relatives and friends became stronger when the good physician declared that there was now a chance for life.

The lady slowly regained a measure of strength, and was pronounced out of danger. Loving and willing hands ministered continually to her wants, but she still complained of pain though able to be out of bed for a time each day. Days and months rolled on, the pain continued, so that the lady almost despaired of ever being able to walk out again to breathe the air of heaven.

The physician had located the pain, but his best efforts could only bring temporary relief. Appetite was failing, sleeplessness had commenced its terrible work, and the lady was being reduced to a skeleton. Three years of sickness and suffering endured, and no cure!

In some way the lady's husband heard of Paine's Celery Compound—that remedy mighty to save—and induced his almost dying wife to try it. It was faithfully used for a couple of weeks, when a marked improvement was perceptible. No other medicine had ever worked in the same way; the results were beyond expectation, and all were delighted. For four months the Paine's Celery Compound was used, and the lady was carefully dieted. Strength returned, flesh was fast increasing, the once pale cheek now commenced to show a tinge of bloom, and the eyes brightened with a new lustre. The lady was able to be out in the open air; and in seven months, the treasure—health—which had been lost for three years, was found through the agency of Paine's Celery Compound. There is joy in that home, and the remedy that renewed the life of a dear wife and mother, is highly praised, and recommended to every one with whom the family associate.

Salvation Army Notes.

There was a large attendance at the evening service of the Salvation Army on Sunday. Miss Morey, of Toronto, was present and rendered some solos in excellent voice and with good finish.

Major Scott, of Toronto, will be present on Tuesday night and lead a soldier's meeting.

Staff Capt. Southall, of the Kingston Divisional Office, will be here next Saturday, Sunday and Monday.

Every Testimonial

In behalf of Hood's Sarsaparilla is strictly true and will bear the closest investigation. No matter where it may be from, it is reliable and worthy your confidence as if it came from your most respected neighbor. Have you ever tried this excellent medicine?

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

Rape Growing.

Rape is used for fattening sheep and fall pasturing of lambs. When growing, it appears much like rutabaga turnips, though it has not a thick root. It grows taller than turnips, forming a stem 1 foot or more high, which bears many succulent leaves. On clean land it may be sown broadcast like turnips, but on weedy land it serves a double purpose, by sowing it in drills and cultivating a few times. Besides furnishing a crop of seed the land is cleared of weeds and nicely fitted for a crop of wheat, rye or other grain.

Rape may be sowed on land just plowed, thus taking the place of summer fallow. It will do well on any land suited to corn or potatoes. The Minnesota experiment station raised a crop last year on land from which had been moved a crop of peas and oats. It should be sown late in June or early in July so that it may develop in cold weather, but not so late that it will be too succulent or watery when wanted for feed. The station sowed 1 lb. per acre of Dwarf Essex rape seed in drills 2 ft. apart. When sown broadcast, 3 lbs. per acre should be used. When 1 ft. or more high sheep may be turned into it and allowed to pasture until very late, and it withstands ordinary frosts. Cattle and hogs also do well on it, but for milch cows it taints the milk. Frozen rape is liable to cause digestive troubles and should be fed cautiously if at all. The same precaution should be used in turning in sheep or cattle as in turning them in second growth clover. The results of feeding rape to sheep were found to be very satisfactory and the sheep gained twice as much in the same time as those fed on timothy hay with a little clover. The results of this test are published in Bulletin 29 of the station at St. Anthony Park.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

The Ashburnham Budget.

Regular Meeting—General Business—The Estimates Presented and Adopted—The Rate Struck at 16 Mills on the Dollar.

The council met last night in regular session. Present the Reeve, Mr. Burnham in the chair, and Messrs. Adams, Craig, Wand and Tarcop.

After routine,

Communications were read from W. T. Abbott and others, asking for the laying of a sidewalk from the corner of Euclid avenue up Erskine avenue to Woodbine avenue as far as Mr. Reavy's residence.—Referred to Street and Bridge Committee.

From Mr. E A Peck, re Mrs. Begley's claim for damages for injuries received by a defective walk on Dorcell Terrace, stating that she was willing to accept $200 in full payment of claim.—Referred to Street and Bridge Committee.

From J. Z Rogers re extension of Brown street.

The reply of the Clerk on behalf of the council, to Mr. W. A. Stratton, solicitor, was read informing him in answer to questions re said land, that the council has never spent any money on said lands, that no statute labour has been performed on them; the said land has never been used as a street and that there is no resolution in reference to said land on the minutes of the council.—Referred to the Street and Bridge Committee.

On motion of Mr. Craig, seconded by Mr. Tarcop, the following

	$347 82

A. H. PECK, Treasurer.

Ashburnham, Sept. 5th, 1892.

The estimates were adopted on resolution and a by-law in accordance therewith was duly passed, striking the rate at 16 mills on the dollar.

Messrs. T. J. Johnson, deputy reeve, and John Doyell, councillor, were heard before the council in reference to the proposed expenditure on the boundary between Ashburnham and Otonabee, east of Downer's Corners. The village council at its last meeting offered to expend $75 on said road on condition of Otonabee contributing a like sum, the whole to be expended under the Ashburnham council. To the latter condition Otonabee objected.

Moved by Mr. Adams, seconded by Mr. Mr. Craig, that the proposition of the township of Otonabee re the expenditure of $150 by an equal grant from each corporation of $75 be accepted, provided the whole amount be expended east of Downer's Corners, and that the road be properly graded and watertabled before gravelling and provided the township of Otonabee as an equivalent for past expenditure by this village on road east of Downer's Corners without assistance from Otonabee; shall expend $25 additional in gravelling the road from Downers' Corners west, Councillors Wand and Craig to be commissioners on behalf of this corporation.

"I would like to sound the praise of Hood's Sarsaparilla over the entire universe," writes Mrs. Longenecker, of Union Deposit, Penn.

Chemong Park Notes.

The summering season at Chemong Park is about over, and yesterday witnessed a return of large numbers of the cottage dwellers.

Mr. Alex. Elliott closed his park store today and removed the stock.

The fishing is expected to be better this month than at any time during the year.

The past season at the park has been a very pleasant and successful one.

But the season is not entirely over. The local aquatic sports are arranging a regatta to be held on Sept. 21st. Further particulars will be furnished hereafter.

Important Testimony.

A gentleman prominent in business and social circles, in St. John, New Brunswick, testifies strongly in favor of Lactated Food.

Mr. Fred R. Titus, of the well known firm of White & Titus, has a knowledge of what Lactated Food accomplished in his own family, and now kindly writes for the benefit of mothers and others interested in infants, young children and invalids generally, he writes as follows :—

St. John, N.B., 9 h July, 1892.
Wells & Richardson Co.

DEAR SIRS :—I have much pleasure in testifying to the superior excellence of your Lactated Food for infants and invalids, as I have seen the most beneficial results from its use.

We have seven children and consequently have had some experience with foods, having used a number of kinds; but we find your Lactated Food superior to all others, particularly AS A REGULATOR OF THE BOWELS.

I have seen its use attended with good results when no other food could be kept on the child's stomach. You can use this in any way you please, as I believe the lives of many children could be saved by the use of your Food.

Yours truly,
FRED R. TITUS.

Draining the Cemetery.

Several workmen are engaged at present by the Little Lake Cemetery Company in digging deep trenches in the eastern portion of the grounds. Tile, three, six and eight inches in diameter is being laid in these trenches in order to effect a better system of drainage in low and wet places. The plots, grass and flowers in the necropolis show no signs of decay as yet and present an attractive appearance.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease, These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

To get relief from indigestion, billiousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

CRAMPS.—The best known cure for cramps, which always accompany the cholera, is Dr. Say's Remedy, taking in large doses. Its action is marvellous.

Ask your neighbors if they use Dodds Kidney Pills? They strengthen the nerves, tone the system, and the most stubborn cases of kidney disease yield to their influence. They are especially appreciated by the old. Ask your neighbors about them.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

Cure for A Cough, Pneumonia and Bronchitis

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6155

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Ladies appreciate Anti Dandruff from the fact that it not only thoroughly removes Dandruff with three applications, but stops falling of the hair, restores fading hair to its original color, and makes it soft and pliable without leaving any indication of a dressing being used. Clear as Crystal, clean to use, it is a valuable toilet preparation. dw

WOULD YOU BUY,

If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer street, between Townsend and Rink streets—$2,300. Look it up. Will have two on Dalhousie; work now going on.

WM. FITZGERALD,
Builder and Contractor.

SCAVENGING.

THE undersigned is prepared to do scavenger work promptly, and on most reasonable terms. Notice of all those authorized to have their ashes and garbage cut in Otonabee may be addressed to P. O. Box 331, Peterborough. Letters will receive prompt attention.

GEORGE STEVENS.

Ayer's Pills

Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of the pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills

are recommended by all the leading physicians, and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills

are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes.

"I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used."—Frank Spillman, Sulphur, Ky.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists everywhere.

Every Dose Effective

THE KEY TO HEALTH.

BURDOCK BLOOD BITTERS

Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

THOMAS KELLY,

BURNHAM'S BLOCK, PETERBOROUGH.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

Going to Get Married?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your homes at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the country for cash or credit.

Sale of Elegant Furniture.

Mr. John Haggart, auctioneer, has received instructions from Mr. H. S. Griffin to sell at his residence, corner of Park and Hunter streets, on Thursday afternoon next, all his beautiful and costly household effects. This is the best opportunity which has been offered the people this year of buying rich and modern furniture at a phenomenally low figure. Everything must be sold without reserve. The household effects are all the costliest and most modern pieces in oak and walnut that it is possible to buy. d54:d

To-Morrow's Football Match:

An interesting game of football (Association) will be played to-morrow afternoon on the P.A.A.A. grounds at two o'clock, between the well known Lakefield club and the newly organized Peterboroughs. The home team will make a great effort to win. They will place the following players against the Lakefielders. Pakenham, goal; Oldfield and Goldsmith, backs; Day, McCaul and Pritchard, half backs; D. McCabe, centre; Hay and Fisher, right wing; Day and Begley, left wing. May the first match of the season inaugurate the first of a successful list of victories for the Peterboroughs.

Meeting of Junior Y. P. S. C. E.

A meeting of the Junior Young People Society of Christian Endeavourers will be held in St. Paul's Church school room on Wednesday evening. A report of the Junior Y. P. S. C. E. convention recently held in New York City will be given by the delegate of St. Paul's Church, Mr. A. J. Johnston. The cause of delay in holding the meeting was because most of the members of the society were away on their holidays, but now that the schools have re-opened they have returned to town. All members of other Y. P. S. C. E. societies from the different churches are invited to be present.

Rugby Footballers Organize.

An enthusiastic meeting of Rugby footballers was held last evening at Mr. Geo. A. Schofield's drug store. The attendance was large and representative. Mr. W. D. Parker occupied the chair. After some general discussion, it was decided to organize a vigorous Rugby foot ball club that would do credit to Peterborough. The following officers were elected:—

HON. PRESIDENT.—Dr. Geo. Burnham.
PRESIDENT.—R. B Rogers.
VICE PRESIDENT.—W. D. Parker.
SECRETARY.—W. J. Drope.
TREASURER.—W. J. Montgomery.
COMMITTEE.—Messrs. W. J. Wiggett, — Nelson, F. Heap and W. D. Parker.

The secretary was instructed to write outside clubs and receive challenges. The Edisons and the town clubs will unite this year in one strong aggregation, meeting any outside clubs who are desirous of a match. The first game will be held on Saturday afternoon at three o'clock and an able effort is being made to get up a game between the town and the Edisons. Some interesting contests may be expected between these two well known clubs before the season is over and the same interest and zeal shown in the "good old English game," which was every where evident last year. Practice will begin on the P.A.A.A. grounds to-morrow afternoon at 4 30 o'clock.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Personal.

Mr. Wm. Hayes left yesterday for Deseronto, where he will reside.

Mr. Edward Neill, of Barrie, is in town on a visit to his brother, Mr. R. Neill.

Miss Gilmour sails for England on Saturday on an extended visit to her brother.

Mr. D. H. Barrett has returned to town after spending the summer at Chemong Park.

Mr. I. Turver Boyd, Inspector Confederation Life Association, Toronto, is in town to-day.

Dr. W. R. Tilley, P.S.I., of Bowmanville, is town to-day on an official visit to the town schools.

Mr. R. Carton and family who have been summering at Chemong Park have returned home.

Miss Ella Cunningham, Stewart street, is spending her vacation with friends in Uxbridge.

Mr. J. J. Sheehy is attending the great trade sales now going on in the wholesale drygoods markets.

Mr. J. R. Stratton, M. P. P., addressed the electors of South Monaghan at Bemafort on Monday night.

Miss McElwain returned last night from New York City where she has been visiting friends for the past month.

Mrs. John A. Cheer and son, of Toronto, are the guests of his cousin, Miss Cora Bogan, Ashburnham, for a few days.

Mr. Alex. Calder, of Winnipeg, is in town, registered at the Grand Central. He is engaging men to work on the Souris Railway.

Mrs. Benj. Shorty accompanied by Miss Short y left this morning on a six weeks visit to friends in Brooklyn, N.Y. They will return home via Montreal.

Mr. R. H. Gamble, general agent, of the Confederation Life Association, Toronto, is in town pushing business with Mr. Harry Rich, the local representative. The Confederation have a good business in Peterborough.

The Toronto *Saturday Night* says:—Cards are out for the marriage of Miss Margaret Maude MacDonell, of Dundas street, to Mr. Lewis Martin Hayes. The ceremony will take place on Tuesday evening next at St. Helen's church.

Mr. Ed. Bowie has returned home from his trip to the Northwest. He travelled from Winnipeg to Virden a distance of 200 miles by the C.P.R., and reports that he never saw such an abundant and magnificent growth of spring wheat. Harvesting operations are of course over, and the great wheat yield will average 20 bushels to the acre.

Mrs. Ketcham wishes to correct the statement made in the EXAMINER yesterday. Mr. Ketcham has not accepted a position in Chicago but about forty miles south of the city. He does not intend moving his family at present. They will remain in Peterborough and Mrs. Ketcham will continue to instruct pupils in music at her residence 358 Stewart street until the Xmas holidays.

Mr. Thos. Henry and Mrs. Henry, Sherbrooke street, have returned home after spending a delightful few weeks' outing at Chemong Park. Mr. Henry thoroughly enjoyed his period of recuperation and was loathe to leave the park, so charmed had he become with its beauty and surroundings, especially in the piscatorial line, as he hooked many fine beauties of the finny tribe while there.

New Books at Peterborough Book Store.

A Modern Ulysses, by Joseph Hatton.

A Modern Dick Whittington, by James Payn.

In the Roar of the Sea, by Baring Gould.

The Story of a Penitent Soul, by A Sargeant.

Fire!

Felix Brownscombe, Insurance Agent, Water street, represents the following first-class fire companies: "London and Lancashire," "Sun Fire," "Alliance," and "Caledonian," all good "Old Country companies." Also the "Phœnix" of New York. Money to loan and accepted back in monthly payments.

Three Harvest Excursions.

On August 30 h, September 27th, October 25th the Wabash Railway, the banner route going west, will sell tickets at single first class fare for the round trip to points in Minnesota, Dakota Nebraska, Montana, Kansas, Missouri, Texas and Indian Territory. Tickets good 20 days from sale of tickets. Full particulars from any R. R. agent and J. A. Richardson, Canadian Passenger Agent, N E. corner King and Yonge streets, Toronto.

Washburn's Circus.

An exchange says:—"Washburn's circus of last Tuesday was well patronized afternoon and evening, every seat being occupied. The horizontal bar and trapeze acts were equal to the best ever seen in more pretentious shows. The dogs were well trained, and the riding of the horses exceptionally fine. Taking all in all everything passed off finely, and the thousands departed highly pleased with the performance, and satisfied that they had well gotten their money's worth. Will exhibit in Peterborough on Sept. 13th.

The Band's Moonlight Excursion.

The grand moonlight excursion of the band on Wednesday (to-morrow) night, promises to be a great success, and it should be largely patronized by the public, as the proceeds are to be devoted towards the new instrument fund. Take in this grand moonlight, and positively the last, excursion of the season, down the river. The public can be assured of an enjoyable evening. A beautiful sail. Magnificent music. Dancing galore! Boat leaves wharf at 8 o'clock sharp. Tickets, 25 cents, which may be procured from members of the band, also at W. H. Calder's jewelry store and W. A. Sanderson's jewelry store.

Peterborough Horticultural Show.

The Fall Show of the Peterborough and Ashburnham Horticultural Society will be held in the market building on Thursday next. Entries—and there should be a great many in order to make the show a success—will be received by the secretary, Mr. Peter Henry, to-morrow afternoon from 2 to 6 o'clock p.m., in the market building. The exhibition will be open from 4 to 6 o'clock in the afternoon and from 7 to 10 o'clock in the evening. Get a prize list, which has been thoroughly revised, from the secretary and make your entries at once, as no entries will positively be received on the day of the exhibition in order to avoid confusion. Let the ladies and citizens, generally, turn out this year and lend a helping hand to the exhibition of the Peterborough and Ashburnham Horticultural Society on Thursday next.

KEEP UP WITH THE PROCESSION.

T. DOLAN & Co. are selling English, Scotch, and Irish Suitings four and five dollars less than they can be had in Canada, during this month. Take warning. The big bankrupt stock.

News Nuggets.

—The Ashburnham School Board will meet to night.

—The School Board will hold a regular meeting this evening.

—There was no police court this morning. All is quiet in police circles.

—The Separate School Board holds a regular meeting to-morrow night.

—Much new timothy hay is being sold on the market at $7 and $8 per load.

—A special meeting of the R.B.A. will be held on Thursday night. A large attendance is requested.

—The bartenders and barbers will play a game of baseball on Thursday afternoon on Riverside Park.

—Something new in Fancy Table Covers at MISS E MELVILLE'S, 424 George street. Stamping done.

—Otonabee Lodge No. 13 I. O. O F., initiated one candidate into the mysteries of Oddfellowship last night.

—Mr. Alex Elliott has closed up his summer grocery at Chemong Park after a very successful season's run.

—The great Toronto exhibition opened this morning A number went up from Peterborough by the early trains.

—The band will not play in the park to-night. Go on their moonlight excursion down the river to-morrow night.

—There will be a battalion parade of the 57th at the drill shed to-night. The officers will also hold a meeting. Let there be a large turnout of the men.

—The police are still prosecuting vigorously their house to house sanitary inspection. This morning Chief Reynal inspected several George street back yards.

—A number of local sports lost considerable money on Myer, whom they backed strongly for the lightweight championship of the world against Maharffy, who won after 15 rounds.

—A woman was knocked down on the corner of George and Simcoe streets this afternoon by a horse and buggy driven recklessly by two young men. Happily she was not injured.

—Mr. John A. Davidson, District Master, will this evening organize a new Orange lodge, at Lakefield. The new lodge will be known as Young Canadian, L O L. It has forty charter members.

—Some complaints are made that the posts over the new market scales are not wide enough to admit of a large load of hay being weighed. They are 13 feet wide and as a citizen remarked to day, a load of hay which could not pass between two posts at that distance apart could not enter into any barn through the doors.

—As a team of horses and a "Gladstone" conveyance belonging to Mr. T. Fitzgerald's livery were being driven down the big hill near Paulin's corners on the road between Lakefield and Bridgenorth, one of the horses stumbled and fell hurting itself severely. It will take some weeks for the animal to recover. The tongue of the conveyance was broken. One of the occupants was thrown out but not injured

Don't fool with Indigestion. Take BEECHAM'S PILLS.

A Piano for Nothing.

The new management of THE CANADIAN QUEEN make the following liberal offers to advertise their high-class Ladies' Journal, which will be made more attractive than ever. Wednesday, September 7.—House and lot on Gilmour street. Sale on the premises at 4 o'clock.

J. HAGGART, Auctioneer.

A Coming Canoeing Event.

There will be an interesting canoe race in singles on Little Lake Thursday night which, it is hoped, may serve in some way to revive the waning interest and activity in canoeing in Peterborough. The race has been gotten up by private parties and considerable enthusiasm has been aroused in this canoeing contest. There will be five entries and the course will be from Mr R. R. Hamilton's large boat house at the C P.R. station around the Ellison Pier at McDonald's point and return—a distance of about half a mile. This will be the first canoe race held in Peterborough for some years.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crow's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Elizabeth streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

A GREAT CHANCE.

You can buy that beautiful home on the corner of Hunter and Park streets, at a low price and on very easy terms. H. S. Griffin leaves town in a few days. Will sell cheap.

CRAMPS.—The best known cure for cramps, which always accompany the cholera, is Dr. Fahey's Remedy, taking in large doses. Its action is marvellous.

MGR. O'REILLY'S JUBILEE.

Fifty Years of Service for Church and State Will be Celebrated.

NEW YORK, Sept. 6.—The devout Catholics of this city and vicinity are preparing with a good deal of enthusiasm to celebrate next week the golden jubilee of Mgr. Bernard O'Reilly, who was ordained priest by Archbishop Nicolet of Canada Sept. 11, 1842, just after his friend and schoolmate, Cardinal Taschereau, had been ordained by the same prelate.

Imposing services will be held at the cathedral Sept. 8 and the following day at the Church of the new Shrine of St. Anne.

Dr. O'Reilly, in the 50 years of his earnest stewardship, has shown himself to be a most pious priest. He was only 23 years of age when he entered the priesthood, yet at once he appreciated the great loss which was accruing to Canada by the emigration of her brightest sons to the United States, and he began to take measures for its repression. He felt it was impoverishing Quebec more than the province could bear.

With the hearty concurrence of Bishop Bourget of Montreal and the Governor-General, Lord Elgin, he obtained from the Government a grant of 600 acres of land around Lakes Megantic and St. Francis, and started a home colonization scheme there. The British Government contributed £30,000 sterling and the experiment was highly successful. In Canada he is hailed as one of the benefactors of the country.

HISSED THE U.S. FLAG.

Exciting Scene in a Montreal Opera House.

MONTREAL, Sept. 6.—At the performance of "The White Squadron" at the Queen's Theatre last night, when the American admiral accompanied by his squad carrying the stars and stripes appeared there was loud hissing from the galleries, and somebody in the gallery threw a missile at the admiral. This disgraceful conduct was followed by a crowd proceeding to the front entrance of the theatre where the different flags were conspicuously displayed and tearing down the stars and stripes which they dragged down the street.

The incident caused a good deal of talk and excitement around the theatre, and the disgraceful action was attributed to some hot heads who thought they would show their loyalty by insulting the stars and stripes.

OUR CIVIC LEGISLATORS

In Solemn Conclave do Considerable Business.

Ald. Cahill Resigns his Position as Chairman of the Sewerage Committee—The Park St. and Edison Drains Come Up—Health Committee to Assist the Local Board—A Move to Purchase the Waterworks—Other Matters, Communications and Committee Reports.

A regular meeting of the town council was held in the council chamber last evening. The number of spectators was small. The following civic Solons were present and graced the boards during the evening: His Worship Mayor Kendrey and Councillors Cahill, Best, Kelly, Young, Bradbura, Ferguson, Meldrum, Mellwaine, Mulhern, Dawson and Winch. The minutes of the previous meeting were read and approved.

COMMUNICATION LIST.

The following communications were presented and read:

From W. H. Calder on behalf of the 57th Battalion and Peterborough Fire Brigade Band asking for a substantial grant to help them purchase their new instruments. The communication stated that $600 had been raised by private subscriptions, that the band had expened $320 in the purchase of clarionettes and the instruments when bought become the property of the town. The amount required for said new instruments would be $1000.—Referred to Finance Committee.

From H. B. Meharry stating that he had completed the grading of the cross streets between Albert and Chamberlain streets, according to a resolution passed in the council. The petitioner asked the council to pass the bylaw re grading the same that he may get the plans thereof registered.—Street and Bridge Committee.

From H. B. Meharry, stating that he had finished the store at the corner of Albert and Park streets, and requesting the council to fix the approach to said store by filling up the street and putting down a sidewalk.—Street and Bridge Committee.

From Chas. McGinty, police constable, asking for an increase of salary, as he had had no raise since he became a member of the force.—Supervision of Police Committee.

From W. G. Morrow, secretary of the Board of Education asking for a cheque of the public school grant for 1892, payable on 1st of July last.—Finance Committee.

From Chief of Police Reid, enclosing a copy of the resolution passed at a recent meeting of the Board of Health, instructing him to prosecute all those parties who use the creek or George street drain as a sewer and asking the council to instruct him as to what course to pursue in such an important and sweeping matter. The communication stated that he did not do this with any thought of shirking his duty but to acquaint the council of the matter before proceeding as the course no doubt would be a serious matter to some of the largest ratepayers, and the motion would have to be enforced by legal proceedings—Received.

From M. T. LePlante and others asking that a hydrant be placed on the corner of Lock and Romaine streets—Fire, Water and Light Committee.

From Jas. B. Scholar, secretary of the St. John's (Newfoundland) relief committee, acknowledging with thanks the town's gift of 100 barrels of flour towards the sufferers—Received.

From Aldas Mowrey and others residing on Stewart street south, asking the council to grant them the continuance of drainage and the filling in from Dalhousie street south to point already completed—Street and Bridge Committee.

From P. J. McNamara and others asking for a hydrant on Sherbrooke st east west of Park street, as there is a large amount of property there without fire protection—Fire, Water and Light Committee.

From Geo. A. Cox and many others, praying that the land shown on a map annexed (extending from the Edison sewer on Park street to Water street) might be drained, and the necessary proceedings for the drainage of same be taken under the Municipal Act.

On motion of Mr. Cahill the petition was for the present received.

From R. E. Wood and other residents on Gilmour street, stating that owing to the large number of buildings erected on the street, and the assessment along same greatly increased, and the owners having no fire protection whatever, the petitioners asks for the laying of mains, and the placing of hydrants along the street.—Fire, Water and Light Committee.

From E. B. Edwards, town solicitor, stating that he could not reply to the matter referred to him by the council in reference to the street leading from Hunter street to the Dickson Company's mill until he had heard from Mr. Hamlet, whom he had written, as to what position his company took re same. — Received.

With reference to the application of Grace Elliott, janitrix of the town buildings, for an increase of wages to the sum of $5 00 per week, your committee would recommend that her request be granted, and would further recommend that the payment of four dollars per week made to the janitrix from Jan. 1st, 1892, be confirmed, this amount being the sum to which her wages were raised in 1891, but of which increase, though passed by the council, no reference appears in the minutes of the council for that year.

All of which is respectfully submitted.

R. MAX DENNISTOUN,
Chairman.

The report was received and adopted.

THOSE WHO LIVE ON THE TOWN.

Mr. Winch presented the report of the Charity Committee, and the mayor complimented the committee in general, and No. 1 Ward in particular, for keeping down the amounts so low during the past month. Following is the report:

To His Worship the Mayor and members of the Town Council:

GENTLEMEN,—Your Charity Committee beg leave to report that the amount of relief disbursed during the month of August amounted to the sum of $113 35 divided as follows: Ward No. 1, $12 75; No. 2, $73 60; No. 3, $10 00; No. 4, $17 00.

The persons receiving relief and the amounts received appears by the statements herewith annexed.

All of which is respectfully submitted

H. C. WINCH,
Chairman.

The report was received and adopted.

THE LICENSE COMMITTEE.

Mr. Mulhern presented the report of the License Committee as follows:

To His Worship the Mayor and Members of the Town Council:

GENTLEMEN,—Your License Committee beg leave to report and recommend that the application of A. E. Armstrong for a shooting gallery license be not granted, your committee being of the opinion that the granting of such licenses is not desirable. With reference to the petitions asking for the removal of the carters from the stand which they now occupy, your committee after careful consideration decided to recommend the assigning of certain stands to be used and known as carters' stands; a motion dealing specially with the matter will be introduced as provided for in the by-law regulating the use of trucks and carts.

Your committee find under the Municipal Act power is given to councils to pass by-laws for the licensing of dealer in tobacco, milk dealers and teamsters, and would recommend that a by-law be passed for this purpose and the yearly license fee thereof be fixed as follows: Dealers in tobacco, $5; milk dealers, $1; and teamsters $5. The granting licenses for the interests mentioned would in the opinion of your committee be beneficial alike to the licensee and the general public; the fees proposed are moderate and it is believed would have the effect of making the licensed persons more amenable to the law, besides giving better opportunities for inspection and other purposes.

All of which is respectfully submitted.

H. A. MULHERN,
Chairman.

DISCUSSED AND REFERRED BACK.

Mr. Mulhern moved the adoption of the report.

Mr. BRADBURN said the committee Hessian milkmen at $1 a year. The sum was small but a few poor people sold milk in very small quantities from door to door and it was a hardship to charge these even the license fee of $1.

Mr. MULHERN said they licensed the milk dealers to make themselves amenable to the law and to facilitate ways for the police or others to inspect milk and cans. At present it was impossible to tell whether the milk delivered was pure or not. He thought it could not be made less than $1 even for those who dealt in milk in a small way.

Mr. BRADBURN—Do I understand that if a man takes out a license he may put as many carts on the road as possible?

The clerk said such was the way the by-law read. A milkman could run as many waggons as he wanted when he paid the license fee.

Mr. MELDRUM said the by-law was framed in the interest of outsiders and discriminated against home dealers. Many milk dealers brought milk into town and never paid a cent of tax, while plenty of people made their living in town peddling milk from door to door.

Mr. MULHERN said it was as he had stated before, the license fee was to facilitate inspection. The amount of the license was small and any one could pay the sum.

Mr. MELDRUM was in favor of having $1 license fee put on those who drew milk in carts.

Mr. BRADBURN moved that that portion of the clause relating to the licensing of milk men be struck out.

Mr. KELLY also opposed the clause. It was unjust and was not treating those who were making a living almost by selling milk in smaller quantities, fairly.

Mr. BEST favored the clause. He coincided with the views of Mr. Mulhern in reference to the tax.

Mr. CAHILL was in favor of leaving the matter over. He did not think that the members were prepared to vote on the report. He moved that the whole report be left over until next meeting of the council.

Mr. Meldrum withdrew his former motion and the report was received by the council and referred back to the committee.

THE PARK STREET DRAIN UP AGAIN.

On motion residents from No. 1 Ward were heard.

Mr. GEO. ROSS said he was present on behalf of the drain on Park street. The ratepayers thought they were badly used by the council in their taking apparently no interest in the matter. They wanted the drain continued from the Edison drain up to Sherbrooke. Some 12 or 13 houses were erected on the street and they even had no sidewalk. To-day it was assessed for about $12,000 value. They did not ask for any elaborate drain. They wanted the drain fixed at once. It was unjust to use the residents of that portion of the town so unfairly. The drain would have to be sunk two feet deeper than at present (now four feet deep) and four logs would only be required to be put in to place.

Mr. P. MCNAMARA complained of sickness in his family arising from the Edison drain and asked the council to cover the drain and remedy it at once. He was a heavy ratepayer.

Mr. H. W. WATSON said if something was not done at once he would come upon the town for damages. His daughter was very ill of malarial fever, caused by the drain. The soil of 500 men was passing by his house in an open drain every day, and he seemingly could get no protection from the council.

The MAYOR explained that they wanted to obviate the nuisance by the sewerage system which they though would carry, but it had been defeated. The town were arranging a contract with the Edison company, which was being prepared but was not yet signed. He had just received a telegram from New York stating that the contract had been accepted by the company and only remained to be forwarded and sealed. Two chances were the council would advertise for tender a next week to put in a drain. The speaker said they had abandoned the drain into the river, and were going on with the sewer. They could not go on faster than the company would allow them.

THE CHAIRMAN OF THE SEWERAGE COMMITTEE RESIGNS.

Mr. CAHILL said that he had wanted to advertise for tenders for the past month but the mayor had used his influence with the council in delaying the matter.

The MAYOR said he did not keep the matter back. He would not go ahead until everything was signed and sealed. It must be satisfactory to the council before they proceeded. The council had entered into agreements prematurely before for which they had been sorry afterwards.

Mr. CAHILL said that he as chairman of Sewerage Committe at a back meeting had been instructed to advertise for tenders. He though the sooner the sewer was proceeded with the better, it would remove all cause of complaint. It was time the agreement was signed and the Edison drain for ever settled. He then moved the following motion, seconded by Mr. Winch that the by-law for raising money for sewerage purposes having been defeated by the ratepayers, there is no longer any necessity for the Committee on Sewerage, received therefore that the committee be discharge and that the construction of the Edison sewer be referred to a special committee consis ting of Messrs. Best, Young, Ferguson, McIlwaine and Mulhern, the first named to be chairman and that said committee be instructed to advertise for tenders at once and have the work pushed to completion without delay. Mr. Cahill said his reasons for moving the resolution was there seemed to be a general feeling that the old councillors were doing things badly and it was to give the new and younger members of the council a chance to show how much better they could do it than the old members. The agreement would be here in a few days to be signed, now that it had been accepted. His object was to get the matter through and have it done forever.

WHAT THE OTHER LEGISLATORS THINK.

Mr. YOUNG stated it would be unwise to appoint a new committee to handle the matter. Mr. CAHILL had an intimate knowledge of the affair from beginning to end. The speaker said he knew nothing about the matter and was not qualified to act. Mr. Cahill was well versed in sewerage and all appreciated the services he had rendered and he would strongly urge the council to retain Mr. Cahill on the committee.

Mr. FERGUSON said he was prepared to act on the committee. He wanted to see the sewer built at once.

Mr. MULHERN said he did not think Mr. Cahill was wise in resigning his position. He took the motion to mean a slur on the younger members of the council. He asked Mr. Cahill to re-consider his decision.

Mr. KELLY asked that the matter be reported back back to the council by the committee.

Mr. MELDRUM agreed with Mr. Kelly.

THE MAYOR said he was prepared to call to call a special meeting of the council as soon as the committee was prepared to report and proceed.

Mr. KELLY moved, seconded by Mr. McIlwain, that the words "report to this council" be added to the motion. The motion carried unanimously.

TO AVOID THE CHOLERA SCOURGE.

Mr. YOUNG asked if any steps had been taken by the council to assist the Board of Health to resist the cholera's move. The town certainly was, so far as sewerage concerned, in a very unsatisfactory condition. It was now on the continent and a committee should be appointed to co-operate with the Board of Health.

OTHER RESIDENTS HEARD.

On motion, Mr. Moore was heard in regard to the sidewalk that was promised to be built from Dalhousie to Sherbrooke street, on Reid street about 200 feet long, but had never been built. All the employees of the Edison Works had to walk through the mud and a large settlement on Park street also had to walk over the same route.

Mr. CAHILL said he had always impressed on the council that No. 1 Ward required outside assistance in order to get any help. He said he wanted the council to do something on Park street in the way of drainage, sidewalk, etc. Mr. Ross in addressing the council had corroborated his remarks.

SHALL THE ARBITRATION GO ON?

Mr. BRADBURN asked if it was necessary for the arbitration between the town and townships in reference to the emptying of the sewerage in the river should be gone on with. It was an unnecessary expense.

The MAYOR thought it should not be proceeded with.

Mr. CAHILL said he talked with Mr. Forster, Irvine, and Mr. Collins and they told him they were going to claim their expenses in the matter.

The MAYOR thought the matter should be withdrawn and the arbitration recalled.

Mr. CAHILL thought it should go on.

The matter was allowed to drop.

THE PARK STREET DRAIN.

Moved by Mr. Kelly, seconded by Mr. Cahill, that the petition for the continuing of the drain on Park street and north to Weller street be referred to the town clerk and if found to be sufficiently signed that this bylaw for said drain be published according to law, subject to the approval of the town solicitor.

Mr. KELLY said he objected to Mr. Cahill's motion at the previous meeting on the ground that it did not cover the whole work.

On motion Mr. Wm. Fitzgerald was heard. He said he would not be benefitted a great deal by the drain. It was the town's right to drain the street and $700 was a small sum to put through the drain. The work should be done this season, nothing should hinder it. The frontage tax could easily be got over and the work done this fall.

Mr. A. L. DAVIS said the committee were unanimous that the drain should be put down. The tax on the town would be small and would not be felt this year, as the work could not be all completed. The council should make the grant of $500 mentioned in the resolution at the last meeting of the town council, and so get the $1,000 offered by the town commissioners.

Mr. FERGUSON said he was in favour of the drain if it was a drain and would not be used as a sewer.

Mr. Kelly's resolution carried without further discussion.

TO COOPERATE WITH THE BOARD OF HEALTH.

Moved by Mr. Young, seconded by Mr. Kelly, that the health committee be requested to take immediate action as to enquiry into the sanitary condition of the town, and report to this council, and also act in conjunction, if possible, with the Board of Health in bettering our sanitary condition.—Carried.

THE WATERWORKS PURCHASE.

Moved by Mr. Meldrum, seconded by Mr. Ferguson, that the Fire, Water and Light Committee be empowered to take such action and get such information as they deem necessary in the interests of the town in reference to the taking over the waterworks and report to this council.

Mr. MELDRUM stated that on the 1st of October or any time thereafter the council had the privilege of taking over the waterworks by arbitration. He had opposed the sewerage system bylaw because he believed a town should own its waterworks first. (Applause.)

Mr. KELLY opposed the motion. He thought we wanted sewerage before we wanted to purchase the waterworks. There was no place to put the water we had now.

The motion carried and the council adjourned at 10 15 o'clock.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

Sold in Peterborough by Geo. A Schofield.

Copyright, 1892, by the Author.

Nosey grinned, and with that stealthy, slinking step peculiar to the breed hurried off up the river. Mrs. Jones called for her sun-bonnet, put it on, smoothed back her hair under its copious brim, tied the strings under her double chin, and set off in the direction of the sound of roaring water in the distance. In a few minutes they came to what Terry thought a wall of ivy of some kind. Martin stepped forward, parted the vines, and revealed a flight of rude steps of stone, evidently of nature's make. Past these steps stretched out an arm of solid rock, against which the water dashed in wildest fury. Maddened at its puny strength it turned with a swirl, smoothed itself into an oily, treacherous composure, and ran noiselessly over the fall, at the extreme of the mighty barrier that had so easily stayed and turned the strength of a river. At the foot of the fall the water broke into a saucy laugh, and tossed coquetishly, flecks of spray at the barrier it could not move. Terry watched the water with interest, and a smile moved the calm, noble face. What a man he was. One made to win the love of woman, but without an effort; men strove to emulate him. Women first loved him, then hated, then loved again, and when unable to win naught but friendship, found that friendship from such as Terry Denver was worth more than most men's most passionate love.

"We will go down to the falls and watch Nosey come down. He never had no fear of anything, that Indian hadn't. He does that trick fine, I tell you."

They descended to the river brink, where the water danced a hornpipe on the rocky shore, and waited.

"'Tis a mighty nice piece of paddling, that, to shoot clear of the eddy on the other side. There has been more drowning there than in all the water up and down. A most powerful eddy. There, quick!"

They looked up, and at the verge of the falls a canoe of brightest yellow poised itself. The Indian was silhouetted against the sky, and with a wild shout of half savage pride, he twirled his paddle above his head, then tossed it

A MIGHTY NICE PIECE OF PADDLING.

into the air. Just as the boat dipped forward he caught it again, plunged it into the glassy smooth water, and with steady nerve and graceful action guided the frail craft past the eddy, dashed gaily into the waves and spray, sued a quarter of a mile down, then paddled back to the feet of the watchers. Terry nearly enthused for once, but only quoted:

"Like a yellow leaf in Autumn,
Like a yellow water lily."

That was the nearest he had ever come to enthusiasm.

"Nosey, you will do that trick once too often. What if you could not catch your paddle."

Nosey grinned and said, "Yam mum," and became silent.

"I will take your boat; here is twenty-five dollars."

Nosey took the money, strapped his belt tighter, gave a glance of farewell to his pet, then vanished amid the vines.

CHAPTER III.

MRS. JONES will you see that a couple of days' provisions is put in the boat, lighting appliances and all things needful. I will try my boat."

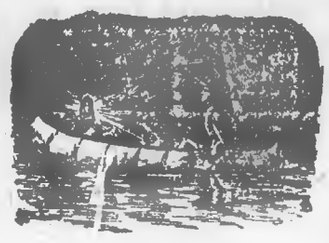
"Are you not tired, sir? you had a long ride."

"Yes, a little, but that will rest me. I will not work. Just get in and drift to the land of enchantment you told me of, down in Deer Bay."

"Would you like me to send one of the boys with you. We will never see you again if you go alone."

"No! will you make haste; I wish to begin drifting immediately."

In half an hour everything was ready. The elegant craft was pushed from the shore, bearing Terry to scenes revealed to few. The afternoon sun beat down with unusual warmth, and after a mile or two of slow, slumberous floating he began to feel quiet; but was Terry not always quiet? Elms grew on either side tall and swaying. A little opening on the shore and he saw half a dozen deer drinking at the water's edge. A squirrel frisked and chattered above them, and high over all an oriole swayed with the branches, singing gaily. The deer lifted their heads and in mild-eyed wonder watched the boat float by. The squirrel sat motionless with erected tail and saucy eyes still for once. And Terry floated on out of sight to the lilting music of the oriole's song. He had stretched himself at full length in the canoe, pillowed his head on the stern so that with little exertion he could see right and left. The boat would turn and then Terry was going head first, turn again and feet would go first, swing half way around and then he went sideways; but all ways were alike to him as he lay half asleep in the yellow canoe. His eyes closed, and sleep kept them so. Mrs. Jones would have ejaculated, "Enchanted." Terry, why do you sleep? See, a current has set in shoreward, will your bonnie boat stand a bump? Terry did not stir until—thump—his boat had struck the shore with such force that a sense of something was forced into the brain of the sleeper, but it was not a sense of danger. The current swept the boat around, and before Terry could realize what was the matter he had



ON ENCHANTED GROUND.

passed under a mass of vines that hung as if backed by rocks. He had entered a cave of considerable size. He sat up and without a moment's hesitation down went the hands to the bottom of his pockets. Terry was at last conscious of interest in something. He was a boy again—a boy in a cave, perhaps a robber's. There was nothing fancy like in this cavern. Solid rock and screened by vines. At the back the roof lowered to the height of six feet, and the sides narrowed to about four feet. The cave continued back Terry knew not how far. Seizing his paddle he guided his boat to the dark opening at the back and peered in. Nothing could be seen. He lit his lantern, placed it on the box containing his food, and began paddling cautiously. He looked at his watch—it was six o'clock.

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

The insane confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

Jackson & Co.

Emigrants Turned Back.

PARIS, Sept. 5.—A number of Italian emigrants in transit here last night for the United States were stopped at the Gare St. Lazare, where they expected to take trains to convey them to the French steamer, and told that the General Transatlantic Line Company would carry only first and second-class passengers. An official of the Ministry of the Interior re-conducted them to the Gare de Lion, where they were placed on a train and sent back to Italy at the expense of the French Government.

On the Canadian Frontier.

WASHINGTON, Sept. 4.—Dr. Wise of the State Board of Health at Columbus, Ohio, wired Dr. Wyman that he would go to Cleveland, Sandusky and Toledo to-morrow to prepare for quarantine against Canada. The Doctor also said if necessary he would co-operate with Dr. Wyman fully as required. Replying to this Dr. Wyman advised Dr. Wise to have the local boards of health affirm compliance with the provisions of the President's circular relating to the 20 days' detention of immigrant vessels. Surgeon Stoner of the marine hospital service has been ordered to proceed to Detroit, St. Clair, Port Huron and Sault Ste. Marie, to examine and report upon the efficiency of the inspection stations recently established at these points.

They Die Quickly.

PARIS, Sept. 4.—Forty-one persons suffering from cholerie disorders were admitted to the hospital here yesterday. Twenty-four died. Many of the victims died quickly after the first symptoms of infection had become manifest, but in no case was there found any trace of true Asiatic cholera.

Cholera Hospitals.

LONDON, Sept. 3.—Cholera hospitals have just been established in Belfast, Cowes and elsewhere.

Fruit cargoes from Hamburg are not allowed to be either discharged or destroyed.

The Rebels Submit.

TANGIER, Sept. 3.—The rebel Angherites have released the commander of the Sultan's forces and the rebels have sent four of the tribesmen formally to convey to the Sultan the tribe's submission.

THE KILLING OF BRODERICK.

The Boy Was a British Subject and Under British Protection.

BUFFALO, N.Y., Sept. 3.—It is possible that international complications may follow the killing of Michael Broderick, the boy who was shot in this city on Thursday, Aug. 25, by a soldier of the 22nd Regiment of New York. The boy's father, John Broderick, is a British subject. He has been in this country but three years and has not yet become a citizen of the United States. Therefore he is still under the protecting wing of Great Britain.

The boy Michael was under British protection by virtue of being a minor and of his father being a British subject. The manner in which Great Britain takes care of her subjects all over the world, wherever they may happen to locate, is well known and has been often illustrated. The shooting stirred up intense feeling in the neighborhood where it occurred. Bitter speeches, it will be recalled, were made at the mass meeting held to take action upon the unfortunate affair. The investigation now being made by the coroner is being narrowly watched, and great pressure will certainly be brought to bear upon the authorities to make the investigation thorough. District Attorney Quinby has announced it as his opinion that the shooting was unjustifiable homicide, and has signified his readiness to prosecute the soldier who did it if he can be identified.

It was learned this afternoon that some of those who have taken up the Broderick case will bring the facts to the attention of Sir Julian Pauncefote, British Minister at Washington. It is probable that he will submit the facts to his Government and the killing of the boy, therefore, become an incident of international importance.

Sudden Death.

HAMILTON, Sept 3.—Mrs. Ruthven, wife of Peter Ruthven, Hughson-street north, went on a visit to relatives in Port Dover last week. Yesterday morning a telegram was received announcing that she had died suddenly. The body arrived on the 11.45 train from the south. Mrs. Ruthven was 74 years of age. The cause of death was heart disease.

United Empire Contributes $140 in Toll to Uncle Sam.

SAULT STE. MARIE, Mich., Sept3 .—The Canadian steamer United Empire paid into the Custom house Friday $140. This is the first toll paid by Canadian craft. No other Canadian boats have passed through the canal yesterday. All Canadian boats will continue to use the canal and pay the toll.

Dr. Morse's Indian Root Pills remove all obstructions, purify the blood and give to the skin that beautiful clear and healthful look so greatly admired in a beautiful and healthy woman. At certain periods these Pills are an indispensible companion. From one to four should be taken each day, until relief is obtained. A few doses occasionally will keep the system so healthy, and the blood so pure, that diseases cannot enter the body. Dr. Morse's Indian Root Pills are sold by all medicine dealers.

The Hand Surgeon

Of the Lisbon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, nervousness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LISBON, 24 Macdonell ave., Toronto, Canada

THE BEST FAMILY PILL IN USE
FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 25, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGANDUS POND, N.S., Jan. 27, '90.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

A valuable Article sells well.

BORACHOIS HARBOR, N.S., Jan. 13, '90.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the others combined. Their sales I find are still increasing. Yours, &c.,
N. L. NICHOLSON.

AUTUMN TINTS!

DO YOU KNOW

1. That the Lakes are now at their loveliest
2. That the most enjoyable way to spend one of these beautiful early autumn days is to make up a party of friends and take the round trip on the SUNBEAM!
3. That for a party of ten or more you get a reduction of 25 per cent. from the regular fare?

Remember that the "Sunbeam" is the most comfortable boat on these waters, and that she leaves LAKEFIELD every Monday, Wednesday and Friday; and CHEMONG every Tuesday, Thursday and Saturday, on arrival of morning train, connecting daily with evening train for Peterborough. Tickets at Salisbury's and G.T.R. Offices.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio, is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but these photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

LATEST FROM LONDON

GLADSTONE AND THE MEETING WITH THE COW.

The Queen at Balmoral—There Are Eleven Election Cases Pending—Hopes That Mrs. Maybrick Will Be Liberated—The Board of Trade Under Secretary, Mr. Thomas Burt, Defends Carnegie.

NEW YORK, Sept. 5.—The London correspondent of The Tribune telegraphs:

Mr. Gladstone seems no worse for his adventures with a cow. The accident first thrilled and finally amused the town. Still it might have been serious, and Mr. Gladstone's *friends hope* that when next he takes his walks abroad and meets a cow he will take steps to complete the familiar formula and add between him and it the safe space of three acres. It is odd how prone he is to meet with untoward accidents. During his administration of 1880-85 he for some time conducted the affairs of the nation in a skull cap. Stepping out of his carriage one night he stumbled, fell on his head and received a wound, the scar of which was long visible. A couple of years ago he was knocked down by a cab in the streets of London. That was the occasion that drew from "Cabby" the remark, "Well, of all the old gents I ever seen that is the most agilest." Instead of examining whether he was hurt, Mr. Gladstone dashed after the offending "Cabby" and insisted on taking his number. It was only the other day, on the eve of the general election, that the historical gingerbread nut was flung at him. And now, going out for a walk, he meets what is probably the only mad cow in Flintshire, which resents his kindly inquiring gaze by rushing at him, knocking him down and trampling on him.

Movements of Royalty.

The Queen has settled down for the autumn at Balmoral, her favorite home and full of recollections of her early married life. She intends to stay there till the middle of November, after which she returns to Windsor Castle and thence proceeds to Osborne, where for many years she has been accustomed to spend Christmas.

The Prince of Wales is still at Homburg, where he intends to stay till next Friday. He has been much missed this season at his usual haunts. Epsom has known him not, nor Newmarket either. He intends to have a little quiet shooting in October, but will for the rest of the year of his morning preserve his recluse habit.

Election Petitions.

Eleven election petitions are pending, arising out of the general election. Of these not less than nine are lodged against anti-Home Rulers. In the highly improbable case of each seat being transferred, this would mean the adding of 18 to the Ministerial majority. Among the seats attacked is Mr. Arthur Balfour's, at Manchester. Since it is necessary before action is taken to lodge considerable amounts of money to cover the cost, it follows that the election petitions are not presented without seriously considering the nature of evidence available. Doubtless owing to this condition the threatened petition against Mr. Morley at Newcastle has been abandoned.

The Maybrick Case.

The hopes of Mrs. Maybrick's friends are fixed upon Mr. Asquith. If he comes to a consideration of the case with any bias in his mind it will probably be in favor of the unhappy woman. About the time her trial was going forward he chanced to be briefed in pretty constant communication with Sir Charles Russell. It is no secret that up to the last that eminent advocate was strongly convinced the case against his client was, to say the least, not proven. Sir Charles threw himself into the advocacy of Mrs. Maybrick with generously unprofessional ardor and was much moved when his efforts failed and she was found guilty. Of course if the Home Secretary takes any action in the matter it will be only after careful inquiry, conducted upon strictly judicial principles. Nevertheless those concerned for Mrs. Maybrick may reasonably rejoice that the matter has been removed from the hands of Mr. Matthews to those of his successor at the Home Office.

Defends Carnegie.

It is characteristic of Mr. Thomas Burt that at the time when Mr. Carnegie is under the ban of trades unions, and Mr. Kerr Hardie has found it judicious to return £100 contributed by the Homestead proprietor to his election expenses, the new Under Secretary to the Board of Trade should come forward and boldly defend him in his monthly report to the members of the Northumberland Miners' Association. Mr. Burt says he has no reason to regard Mr. Andrew Carnegie as a bad employer. "When I was at Pittsburg some years ago," he adds, "the leading trade unionists at that time spoke of him as one of the best. Certainly no one has spoken more strongly in favor of trade unions, no one has denounced strikes more vehemently, no one has insisted more resolutely upon courtesy and conciliation on the part of managers of large industrial concerns than Mr. Carnegie." H. W. L.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood purifiers whatever. Ayer's Sarsaparilla leads all.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them. dw

A Sensible Man

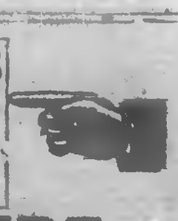
would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Gold not so Precious.

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We consider it a very valuable medicine; as precious as gold.

Mrs. F. C. WILSON.
dw Fenh Hill, Ont.

Palpitation of the heart, nervousness, trembings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made especially for the blood, nerves and complexion. dw

CARTER'S LITTLE LIVER PILLS.


CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it, while others do not.
Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents for $1. Sold everywhere or sent by mail.

"German Syrup"

For Throat and Lungs

Hemorrhage Five Years.

"I have been ill for "about five years, "have had the best "medical advice, "and I took the first "dose in some doubt. This result- "ed in a few hours easy sleep. There "was no further hemorrhage till next "day, when I had a slight attack "which stopped almost immediate- "ly. By the third day all trace of "blood had disappeared and I had "recovered much strength. The "fourth day I sat up in bed and ate "my dinner, the first solid food for "two months. Since that time I "have gradually gotten better and "am now able to move about the "house. My death was daily ex- "pected and my recovery has been "a great surprise to my friends and "the doctor. There can be no doubt "about the effect of German Syrup, "as I had an attack just previous to "its use. The only relief was after "the first dose." J. R. LOUGHHEAD, Adelaide, Australia.

HAVE YOU **BACK-ACHE**

DODD'S KIDNEY PILLS

WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys.

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system.

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Brights Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

Emigrants Turned Back.

PARIS, Sept. 5.—A number of Italian emigrants in transit here last night for the United States were stopped at the Gore St. Lazare, where they expected to take trains to convey them to the French steamer, and told that the General Transatlantic Line Company would carry only first and second-class passengers. An official of the Ministry of the Interior re-conducted them to the Gore de Lion, where they were placed on a train and sent back to Italy at the expense of the French Government.

On the Canadian Frontier.

WASHINGTON, Sept. 4.—Dr. Wise of the State Board of Health at Columbus, Ohio, wired Dr. Wyman that he would go to Cleveland, Sandusky and Toledo to-morrow to prepare for quarantine against Canada. The Doctor also said if necessary he would co-operate with Dr. Wyman fully as required. Replying to this Dr. Wyman advised Dr. Wise to have the local boards of health affirm compliance with the provisions of the President's circular relating to the 20 days' detention of immigrant vessels. Surgeon Stoner of the marine hospital service has been ordered to proceed to Detroit, St. Clair, Port Huron and Sault Ste. Marie, to examine and report upon the efficiency of the inspection stations recently established at these points.

They Die Quickly.

PARIS, Sept. 4.—Forty-one persons suffering from cholerie disorders were admitted to the hospital here yesterday. Twenty-four died. Many of the victims died quickly after the first symptoms of infection had become manifest, but in no case was there found any trace of true Asiatic cholera.

Cholera Hospitals.

LONDON, Sept. 3.—Cholera hospitals have just been established in Belfast, Cowes and elsewhere.

Fruit cargoes from Hamburg are not allowed to be either discharged or destroyed.

The Rebels Submit.

TANGIER, Sept. 3.—The rebel Angherites have released the commander of the Sultan's forces and the rebels have sent four of the tribesmen formally to convey to the Sultan the tribe's submission.

THE KILLING OF BRODERICK.

The Boy Was a British Subject and Under British Protection.

BUFFALO, N.Y., Sept. 3.—It is possible that international complications may follow the killing of Michael Broderick, the boy who was shot in this city on Thursday, Aug. 25, by a soldier of the 22nd Regiment of New York. The boy's father, John Broderick, is a British subject. He has been in this country but three years and has not yet become a citizen of the United States. Therefore he is still under the protecting wing of Great Britain.

The boy Michael was under British protection by virtue of being a minor and of his father being a British subject. The manner in which Great Britain takes care of her subjects all over the world, wherever they may happen to locate, is well known and has been often illustrated. The shooting stirred up intense feeling in the neighborhood where it occurred. Bitter speeches, it will be recalled, were made at the mass meeting held to take action upon the unfortunate affair. The investigation now being made by the coroner is being narrowly watched, and great pressure will certainly be brought to bear upon the authorities to make the investigation thorough. District Attorney Quinby has announced it as his opinion that the shooting was unjustifiable homicide, and has signified his readiness to prosecute the soldier who did it if he can be identified.

It was learned this afternoon that some of those who have taken up the Broderick case will bring the facts to the attention of Sir Julian Pauncefote, British Minister at Washington. It is probable that he will submit the facts to his Government and the killing of the boy, therefore, become an incident of international importance.

Sudden Death.

HAMILTON, Sept 3.—Mrs. Ruthven, wife of Peter Ruthven, Hughson-street north, went on a visit to relatives in Port Dover last week. Yesterday morning a telegram was received announcing that she had died suddenly. The body arrived on the 11.45 train from the south. Mrs. Ruthven was 74 years of age. The cause of death was heart disease.

United Empire Contributes $140 in Toll to Uncle Sam.

SAULT STE. MARIE Mich., Sept3 .—The Canadian steamer United Empire paid into the Custom house Friday $140. This is the first toll paid by Canadian craft. No other Canadian boats have passed through the canal yesterday. All Canadian boats will continue to use the canal and pay the toll.

Dr. Morse's Indian Root Pills remove all obstructions, purify the blood and give to the skin that beautiful clear and healthful look so greatly admired in a beautiful and healthy woman. At certain periods these Pills are an indispensible companion. From one to four should be taken each day, until relief is obtained. A few doses occasionally will keep the system so healthy, and the blood so pure, that disease cannot enter the body. Dr. Morse's Indian Root Pills are sold by all medicine dealers.

The Rama Surgeon

Of the Lisbon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, fishing or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, nervousness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LISBON, 24 Macdonell ave., Toronto, Canada

Everybody Admires Soft White Hands.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMHERSTBURG POND, N.S., Jan. 27, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

A valuable Article sells well.

BONACHOIS HARBOR, N.S., Jan. 13, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the others combined. Their sales I find are still increasing. Yours, &c.,
N. L. NICHOLSON.

AUTUMN TINTS!

DO YOU KNOW

1. That the Lakes are now at their loveliest
2. That the most enjoyable way to spend one of these beautiful early autumn days is to make up a party of friends and take the round trip on the SUNBEAM?
3. That for a party of ten or more you get a reduction of 25 per cent. from the regular fare?

Remember that the "Sunbeam" is the most comfortable boat on these waters, and that she leaves LAKEFIELD every Monday, Wednesday and Friday; and CHEMONG every Tuesday, Thursday and Saturday, on arrival of morning train, connecting daily with evening train for Peterborough. Tickets at Salisbury's and G.T.R. Offices.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio, is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

Campers' Supplies!

Tents, Beds, Chairs Tables, Hammocks, Flags, Awnings, Sails, Curtains, Cushions.

And everything in the Camping Line can be got at

J. J. Turner & Son's

GLADSTONE AND THE MEETING WITH THE COW.

The Queen at Balmoral—There Are Eleven Election Cases Pending—Hopes That Mrs. Maybrick Will Be Liberated—The Board of Trade Under Secretary, Mr. Thomas Hart, Defends Carnegie.

NEW YORK, Sept. 5.—The London correspondent of The Tribune telegraphs:

Mr. Gladstone seems no worse for his adventures with a cow. The accident first thrilled and finally amused the town. Still it might have been serious, and Mr. Gladstone's friends hope that when next he takes his walks abroad and meets a cow he will take steps to complete the familiar formula and add between him and it the safe space of three acres. It is odd how prone he is to meet with untoward accidents. During his administration of 1880-85 he for some time conducted the affairs of the nation in a skull cap. Stepping out of his carriage one night he stumbled, fell on his head and received a wound, the scar of which was long visible. A couple of years ago he was knocked down by a cab in the streets of London. That was the occasion that drew from "Cabby" the remark, "Well, of all the old gents I ever seen that is the most agilest." Instead of examining whether he was hurt, Mr. Gladstone dashed after the offending "Cabby" and insisted on taking his number. It was only the other day, on the eve of the general election, that the historical gingerbread nut was flung at him. And now, going out for a walk, he meets what is probably the only mad cow in Flintshire, which resents his kindly inquiring gaze by rushing at him, knocking him down and trampling on him.

Movements of Royalty.

The Queen has settled down for the autumn at Balmoral, her favorite home and full of recollections of her early married life. She intends to stay there till the middle of November, after which she returns to Windsor Castle and thence proceeds to Osborne, where for many years she has been accustomed to spend Christmas.

The Prince of Wales is still at Homburg, where he intends to stay till next Friday. He has been much missed this season at his usual haunts. Epsom has known him not, nor Newmarket either. He intends to have a little quiet shooting in October, but will for the rest of the year of his morning preserve his recluse habit.

Election Petitions.

Eleven election petitions are pending, arising out of the general election. Of these not less than nine are lodged against anti-Home Rulers. In the highly improbable case of each seat being transferred, this would mean the adding of 18 to the Ministerial majority. Among the seats attacked is Mr. Arthur Balfour's, at Manchester. Since it is necessary before action is taken to lodge considerable amounts of money to cover the cost, it follows that the election petitions are not presented without seriously considering the nature of evidence available. Doubtless owing to this condition the threatened petition against Mr. Morley at Newcastle has been abandoned.

The Maybrick Case.

The hopes of Mrs. Maybrick's friends are fixed upon Mr. Asquith. If he comes to a consideration of the case with any bias in his mind it will probably be in favor of the unhappy woman. About the time her trial was going forward he chanced to be briefed in pretty constant communication with Sir Charles Russell. It is no secret that up to the last that eminent advocate was strongly convinced the case against his client was, to say the least, not proven. Sir Charles threw himself into the advocacy of Mrs. Maybrick with generously unprofessional ardor and was much moved when his efforts failed and she was found guilty. Of course if the Home Secretary takes any action in the matter it will be only after careful inquiry, conducted upon strictly judicial principles. Nevertheless those concerned for Mrs. Maybrick may reasonably rejoice that the matter has been removed from the hands of Mr. Matthews to those of his successor at the Home Office.

Defends Carnegie.

It is characteristic of Mr. Thomas Burt that at the time when Mr. Carnegie is under the ban of trades unions, and Mr. Kerr Hardie has found it judicious to return £100 contributed by the Homestead proprietor to his election expenses, the new Under Secretary to the Board of Trade should come forward and boldly defend him in his monthly report to the members of the Northumberland Miners' Association. Mr. Burt says he has no reason to regard Mr. Andrew Carnegie as a bad employer. "When I was at Pittsburg some years ago," he adds, "the leading trade unionists at that time spoke of him as one of the best. Certainly no one has spoken more strongly in favor of trade unions, no one has denounced strikes more vehemently, no one has insisted more resolutely upon courtesy and conciliation on the part of managers of large industrial concerns than Mr. Carnegie." H. W. L.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood purifiers whatever. Ayer's Sarsaparilla leads all.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B." It is an honest medicine and has made remarkable cures right in our own town. dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them. dw

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Gold not so Precious.

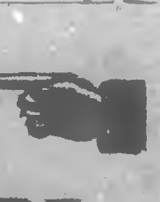
SIRS,—For several seasons we have relied on D. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WILSON.
Fenn Hill, Ont.

dw

Palpitation of the heart, nervousness, trembling, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made especially for the blood, nerves and complexion. dw

CARTER'S LITTLE LIVER PILLS.



CURE Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THE DREADED DISEASE.

MONTREAL QUARANTINING VESSELS FROM INFECTED PORTS.

Inspectors to Be Appointed and Placed at the Various Stations in Quebec—Municipal Councils to Enforce the By-laws and Cause Them to Be Executed.

MONTREAL, Q., Sept. 6.—The following regulations, which are now binding in Quebec, were passed at a meeting of the Provincial Board of Health yesterday:

It is forbidden until further orders to bring, either by water or land, emigrants or the effects of emigrants within the limits of the Province of Quebec.

It is forbidden any vessel coming from a port infected with cholera to land at any place in the Province of Quebec, or to disembark either passengers, crew, baggage or merchandise. It is forbidden any vessel having had, during the passage, any case of cholera on board to land at any place in the Province of Quebec or to disembark either passengers, crew, baggage or merchandise.

It is resolved that inspectors under control of the provincial board be appointed at Montreal, Sorel, Three Rivers, Quebec, Levis, Rimouski and at other places where it may be deemed necessary; also at Metapedia on the Intercolonial Railway and at Otterburn on the Temiscouata Railway, and at any other railway station where it may be deemed necessary in order to enforce the bylaws of the Provincial Board of Health respecting the landing of emigrants or their effects or the landing of vessels coming from infected ports or having had cholera on board.

It is the duty of municipal councils to enforce these bylaws and cause them to be executed.

A Denial From the Allans.

OTTAWA, Ont., Sept. 6.—Sir Charles Tupper has sent the following cable message to the Department of Agriculture, dated yesterday: "Allans ask contradiction of the announcement cabled from Ottawa in Monday's papers stating Russian Jews and other foreign immigrants prevented going to the United States are being diverted to Canadian routes. The Allan steamers are closed against all except British and Scandinavian emigrants. Emigrant traffic from infected countries to England now entirely suspended."

NOT LIKELY FROM CANADA.

The Health Commission Says This Country is Safe from Cholera.

NEW YORK, Sept. 6.—The Quarantine Inspecting Commission, comprising Doctors J. A. Watson of New Hampshire, P. H. Bryce of Ontario, H. B. Baker of Michigan, J. M. McCormack of Kentucky, Lewis Balch of New York, and O. A. Lindsley of Connecticut arrived here from Quebec last night to hold an inter-state conference, and will proceed to quarantine to-day to inspect the islands in conjunction with Dr. Jenkins, the health officer. They will then proceed to Boston, Portland and Halifax, and on returning proceed down along the coast to Galveston, where they will meet the Mexican commission and confer with them, and then proceed to the Pacific coast, and after making an inspection tour of that coast will then determine upon the best course to pursue in the present emergency.

Members of the commission yesterday said they thought there was not much danger of cholera being brought to this country by way of Canada in view of the quarantine arrangements there and the fact that all immigration has been ordered stopped at once. They did not wish to express an opinion of the probability of cholera extending to this city from the port until they had finished their inspection.

NINE DEATHS IN NEW YORK.

No Further Cholera Ships Arrive in Port.

NEW YORK, Sept. 6.—Policemen will patrol the lower harbor night and day and arrest anyone attempting to board the cholera ships.

The situation at quarantine is, as far as any information has been obtained, practically unchanged since Dr. Jenkins returned from the islands last night. All the passengers in the steerage of the Normannia have been transferred to Hoffman's Island, where they will remain under observation. Six cases of cholera were transferred to the hospital on Swinburne Island yesterday. This leaves the Normannia with no one sick on board, and no steerage passengers; the Moravia with no sick on board, but with her cabin and steerage passengers there; the Rugia with none sick and cabin and steerage passengers on board.

At present the vessels at upper quarantine are La Bourgogne from Havre, Fulda from Genoa, Darmstadt from Bremen and Brilliant from Hamburg. The Bourgogne will be visited by the doctor and some decision arrived at as to the cabin passengers.

The freight steamship Mirand arrived this morning for Halifax and St. John's. She left the other side before there was any outbreak of cholera in that vicinity. She was fumigated at quarantine and allowed to go to her dock. All the coastwise steamers were allowed to go up to their docks after being visited by the health officers and all found well.

The Associated Press representative has just returned from LaBourgogne and the Brilliant. The passengers and crews are all well, but very impatient to get ashore. The large mail for the passengers on Labourgogne was received with many exclamations of delight. That event forms the only break in the monotony of life aboard ship.

Emil Boas, agent of the Hamburg-American Line, said this afternoon he had received information that no further cases of cholera have broken out among the passengers on the detained steamers Normannia, Rugia or Moravia. The dock superintendent of the line went down with a load of provisions this morning and reported no new cases.

Several Additional Deaths

The Board of Health issued an official bulletin yesterday declaring that no cases of cholera have occurred in this city and that the city is now more exempt from contagious diseases than at any time in several years.

On the return of Dr. Jenkins from the lower quarantine yesterday, it was learned from him that not only had deaths occurred among the sick on Swinburne Island, but new cases and new deaths had taken place on board the fumigated and supposed-to-be-disinfected mail steamer Normannia. All the immigrants were removed from the steamer yesterday, she was fumigated and the crew and cabin passengers were looked on as absolutely safe.

But new cases have broken out on board, and one death occurred before the fresh victims could be removed to the hospital on Swinburne Island.

This time it is the crew that have been attacked. Otto Engel, one of the stokers, whose quarters were in close proximity to those of the emigrants, is dead, after a few hours' illness. He was 20 years of age. William Quenff, 19 years old, and Thomas Zimnick, 23 years old, also stokers are down with the disease. They were removed at once to the hospital. All the stokers, of the Normannia, 70 in number, were at once transferred to Hoffman Island for observation. Bad as things were on the Normannia they were equally so on board the Rugia. Johanna Buss, a female steerage passenger, died today. Yesterday she was well and had not even been reported among the sick up to the time the news of her death arrived. Josepha Pjekoska, 30 years old, and Hendrick Steers, a lad of 5, are the two new cases on the Rugia. The Moravia had no new cases and no deaths yesterday.

One death had occurred on Swinburne Island, that of the little Horn baby, that was taken down at Hoffman Island and removed to Swinburne Island.

Dr. Bryce Visits Hoffman Island.

A party consisting of various health officers including Dr. Bryce, provincial health officer of Ontario, have just come from a visit of inspection to Grosse Isle, the quarantine station at the mouth of the St. Lawrence River. The party visited lower quarantine and examined Hoffman Island and saw the quarantine detention houses and the sumigating and disinfecting arrangements and they made several suggestions. They did not visit the hospital at Swinburne Island, nor did they go on board the ships, as Dr. Jenkins thought it not advisable. Dr. Jenkins thinks that he can effectually keep the cholera blockaded where it is.

Midnight.—Dr. Jenkins has just informed the reporters that he has concluded not to pass any vessel inside the 20 days' limit fixed by the President's circular

The Victims Cremated.

Fires have been burning in the retorts of the crematory at Swinburne Island ever since the Moravia cast anchor in the lower bay.

The quarantine officials realized that sooner or later the fires must be used to burn the bodies of the cholera victims, and late on Saturday night the crematory was utilized for the first time during the prevalence of the scourge.

Dr. Byron superintended the work, which was performed about midnight. The bodies were those of Mary Bonnichen, 16 months old, and Charlotte Hunger, 9 months old. They had died on board the Normannia. Aaron Peters, 62 years old, was another of the Rugia's victims.

In order to minimize the dangers of the infection the bodies of the dead were carried to the crematory on large iron trays. Dr. Byron describes the bodies as "cholera corpses," by which it is understood that the skin was dry, like parchment, and so loosely did it envelop the bodies that it could be gathered in handfuls, the eyes were deeply sunken and the faces and bodies of the victims were livid, a hue due to the effect of the scourge, which drains the watery portion from the blood of the victim.

The Boys at School.

Boys who are away at school should always have some quick and sure remedy for sudden attacks of Cramps, Diarrhœa, or Dysentery, for a physician is not always near, and an hour's delay in cases of this kind often leads to serious results. Therefore parents should supply their sons with PERRY DAVIS' PAIN KILLER, which is effective as it is simple and harmless. Directions are with each bottle, and one dose rarely fails to bring relief to a sufferer from any bowel complaint. Only 25c for a bottle double old size.

Fetching the Doctor

At night is always a trouble, and it is often an entirely unnecessary trouble if

Perry Davis' PAIN KILLER

is kept in the house. A few drops of this old remedy in a little sweetened water or milk, brings prompt relief. *Sold everywhere.*

Imported Mantles!

The days are going by swiftly. Summer, according to our calendar, ended with the month of August, and now comes Autumn. One half of the year we study how *little* we can wear, the other half how *much*.

MANTLES!

These are our great leaders just now. Our new styles are pronounced the finest ever introduced in Peterborough, and our importations are certainly the largest. The range of prices is so varied, and the sizes and styles so well graded and attractive, that ladies will find it a very simple task to make selections.

MANTLE MATERIALS are in great variety, including the latest and richest products of the leading manufacturers, such as

Bouclettes, Curl Cloths, Beavers, Fancy Mantle Cloths, &c.

An inspection of these goods will be a pleasure to all lady shoppers.

ALL READY.

OUR DRESS AND MANTLE MAKING DEPARTMENT is now open for the autumn trade, and we can assure the ladies of the utmost care and attention in the execution of their orders.

DIXON HAD AN EASY TASK

HE DISPOSES OF SKELLY IN EIGHT ROUNDS.

Brooklyn's Lightweight Wasn't Half a Match for the Colored Champion—Dixon a Hot Favorite at the Ring Side—Skelly Lost the Toss and Took the Unlucky Corner.

OLYMPIC CLUB, NEW ORLEANS, Sept. 7.—The fight in the Arena last night between Champion Dixon and Amateur Skelly resulted in a ridiculously easy victory for the colored pug. The battle lasted 8 rounds, during which Dixon made a veritable chopping block of Skelly, who was not half a match for the champion. The fight was for a purse of $7500, a bet of $5000 and the featherweight championship of the world.

RECORDS OF THE MEN.

Dixon's Victorious Fighting Career—Built Like a Pocket Hercules.

George Dixon has one of the best claims to a championship of any man in the ring today. As a featherweight he has been unexcelled, and has always stood ready to defend his title wherever man and money stood ready to dispute it. Dixon's record is an exceedingly brilliant one. He has had four draws with Hank Brennan and one with Cal McCarthy, but of late years he has carried everything before him. He is essentially a fighter, built like a pocket Hercules, quick on his feet as a squirrel, with a good eye, a clear head and a right and left that go out like well-regulated piston rods. A list of some of his engagements is appended: Defeated young Johnson, three rounds; defeated Sam Cohn, nine rounds; defeated Paddy Kelly, 15 rounds; defeated Fred Morris, four rounds; defeated Jim Brackett, five rounds; defeated Billy James, three rounds; defeated Eugene Hornbacker, two rounds; defeated Johnny Murphy 40 rounds; defeated Cal. McCarthy, 25 rounds; defeated Abe Wells (Australian champion), five rounds; defeated Jack Hamilton, eight rounds; defeated Nunc Wallace (English champion), 10 rounds; defeated Fred Johnson, 13 rounds.

DIXON

Once the Amateur Champion.

Jack Skelly is new to the professional ranks. He began his ring career in January, 1888, by defeating Bibby Jones in five rounds at Long Island City, N.Y. Tom Hickey, Frank Neager and Dave Chenevick one after another acknowledged Skelly's superiority, and in 1889 the Brooklyn fighter increased his reputation by winning the amateur featherweight championship of America. Another match was then made between Skelly and Neager and Skelly won in less than two minutes. At Newburg, N.Y., in April, 1890, Skelly easily bested all the crack 118-pound amateurs of the country who dared face him. Skelly's next victory was over John McFiernan, a 125-pound man. H. McAllister, H. Kellerman and Mike Leonard, all good men, met the same fate, and then Skelly received his first setback in his fight with ex-Champion Johnny Gorman.

SKELLY.

APPEARANCE IN THE RING.

The Betting Favored Dixon—He Had All the Best of It—Won in 8 Rounds.

NEW ORLEANS, Sept. 6.—Contrary to the established custom here a portion of the seating capacity of the Olympic Club's battle hall was reserved for the colored people. It was well filled, of course, with enthusiastic Dixon rooters.

The fight to-night was for a purse of $7500 and side bets of $5000, or a total of $17,500 and the featherweight championship.

The contestants were Jack Skelly of Brooklyn, a clever amateur, and George Dixon, the invincible colored favorite of Boston.

The betting has all along favored the ebony hued champion. The latest outside betting (betting is not allowed in the Auditorium) was 3 to 1 in favor of Dixon with plenty to go on at that price and few takers.

The men weighed in at 2 o'clock. Skelly tipped the beam at 116½ and Dixon 118 lbs. Skelly was attended by Carroll, Choynski, Jack McAuliffe and Robertson, with Johnny Griffin timekeeper. Dixon's attendants were O'Rourke, James Doherty, Morris Kelly and Jack Havelin, with M.J. Bradlin timekeeper. Prof. Duffy was again referee.

Dixon entered the ring at 9 o'clock and two minutes later was followed by Skelly, accompanied by Jack McAuliffe, his bottle-holder. Both men appeared in the pink of condition, with Skelly having a slight advantage in height.

Skelly Takes the Unlucky Corner.

The toss of the coin resulted in the win of the flip for Dixon, and Skelly took the unlucky corner. After the usual preliminaries the battle proceeded:

FIRST ROUND—Both men led for the head and clinched immediately. Skelly rushed Dixon. Another clinch was followed by Dixon letting his right in on Skelly's head, and Skelly retorted by putting his right on Dixon's neck. Another clinch was followed by sparring and Dixon landed his left on Skelly's jaw lightly.

SECOND ROUND—Dixon landed on Skelly with right and left on the head, and stepping back planted a straight right smash in Skelly's stomach. Dixon led again and put his left on Skelly's stomach. Skelly retorted with a good left on Dixon's ear. The fighting became desperate at close quarters. Dixon got a wicked right swing on Skelly's nose.

THIRD ROUND—Dixon continued in the aggressive, knocking Skelly down with a heavy right-hander. Skelly tried for the colored boy's jaw and caught his shoulder. Dixon retorted with a heavy right on Skelly's jaw and put his left in the same place, following this with a stiff punch on Skelly's stomach.

FOURTH ROUND—Both men came up strong, but Skelly's body showed punishment and his nose was slightly cut. Dixon began the fighting by a good left on Skelly's head. Then in-fighting of give and take followed with Dixon having the advantage. When they got apart Dixon got in a savage upper cut and took a light right-hand smash in return. Dixon landed his left again and nearly knocked Skelly down. Skelly seemed dead and went to his corner in the style of a groggy man.

Dixon Smashed Skelly in the Face.

FIFTH ROUND—Skelly came out looking strong enough, but made a weak attempt with his left to catch Dixon's jaw. In a clinch Dixon landed another under the right arm and then smashed Skelly in the face with the right. Mahogany now hit left and right on the eye and nose and Skelly's face was bloody from the eyes down. Skelly was quite tired, but he spoke the truth.

SIXTH ROUND—Skelly forced Dixon over to his corner, but could not land a blow. Dixon hit him with the left twice under the right arm, once on the nose, making more blood flow, and again the left under the right arm. Dixon rushed with the evident intention of finishing his man and landed left and right on the face. He repeated this twice and Skelly could not make a return.

SEVENTH ROUND—Dixon led the left for the face and Skelly stopped it nicely. Dixon got in a stiff right-hander on the stomach and again on the face, once more on the neck and for the fourth time on the body under the right arm. All the blows were hard. Then Dixon went at him with both hands and hit all over the ring. One left-hander on the jaw floored Skelly, who was bleeding freely.

EIGHTH ROUND—Skelly came up groggy again. Dixon was as fresh as a daisy. It looked as if the end of the fight was near and the crowd began to leave the building. Dixon rushed and smashed Skelly all over the ring. At close quarters Dixon hit him with the right on the jaw and the crowd yelled foul, but there was no foul. Skelly went down under the force of the crack, but got up bloody, but plucky. Dixon ran at him again and thumped with right and left on the ropes. Skelly was so awfully played out that he went down again on his knees. He fell over on his face and made an effort to get up, but it was no use and he was counted out.

Skelly Was Not Half a Match.

The poor boy had not been a half-sized competitor for the colored champion. The Brooklynite meant well enough and showed good heart, but unfortunately he does not know how to fight a good man. Dixon was pretty well applauded when the decision was given.

The occupants of the colored gallery made a great noise and kept it up until R. M. Frank, the official timekeeper of the club, called for order and announced that Charlie Mitchell had sent a challenge to the winner of the fight tomorrow night for $10,000 a side within 10 weeks if he was allowed $1000 for expenses. Mr. Frank also stated that Johnny Murphy of Boston wanted to fight Dixon, as also did Johnny Griffin of Braintree, Mass. Murphy asserted he could fight at 117 lbs., but a good many persons who know the Braintree boy doubt that he can get lower than 120 lbs. He is matched against Jimmy Lynch of New York at 122 lbs., the fight to take place at Coney Island on Sept. 26.

After it was all over the New Orleans citizens gave all the credit to Dixon for the work he had done, but they plainly did not like to do it.

A Great Night for Gate Receipts.

The receipts at last night's show amounted to pretty nearly $70,000, although the club officials will give no formal figure and deny that so much money was taken in. To-night at the cheapest rates there was not far from $50,000 in the boxes.

BROKEN RECORDS AT HARTFORD.

Zimmerman Defeats Windle and Taylor—Wells Gets a Third.

HARTFORD, Conn., Sept. 7.—A very fast track and a stiff wind were partly responsible for the records that were broken at the bicycle races at Charter Oak Park yesterday. Zimmerman made a quarter mile in 27 seconds and a half mile in 1.01 4-5, breaking all previous records for both distances. He also won a piano in a mile race, defeating Willie Windle, George F. Taylor and H. C. Tyler rather easily. Taylor made a half mile in 1.04 and Tyler and Windle each in 1.02 3-5, all smashing the records. Taylor was the only one of the four cracks that did not break the quarter mile record. G. C. Smith won the quarter mile race in 31 1-5 seconds, breaking the record for such a race in competition.

In the two-mile handicap the following was the result: Herman, Manhattan A.C. (160 yards, 1; Porter, Clinton (90 yards), 2; Wells, Toronto (100 yards), 3. Time 4.53.

SENTENCED TO TWENTY YEARS.

A French Official Who Reveals Secrets Severely Dealt With.

PARIS, Sept. 7.—M. Grenier, a clerk in the Navy Department, convicted of conveying secret official documents relative to French defences to Captain Henry D. Borup of the Ordnance Department of the United States army, who was acting as military attache of the American legation in this city, has been sentenced to 20 years' penal servitude, to be followed by 20 years' banishment from France.

SHOOTING AT CORNWALL.

A Former Resident of the Town Kills a Constable.

CORNWALL, Sept. 7.—Cornwall was shocked yesterday by one of the most unprovoked murders ever committed in Canada. James McMahon, a former resident of this town, but absent for two years, shot and killed special constable John R. Davy while undergoing arrest for shooting two other men, Antoine Lafesse and Antoine Lefebvre. A quarrel over some money caused the trouble. Feeling is very high in the town and the crowds from the country are greatly excited.

Fire At Rodney, Ont.

RODNEY, Ont., Sept. 7.—A disastrous fire broke out in Dr. McDonald's office about 3 o'clock yesterday and entirely consumed the Morris and Mistelle frame blocks. Losses are as follows: S. B. Morris' building $2000, insured; L. Mistelle, $1600, insurance $1000; L. H. Dickson, stock of harness $200, no insurance; Miss Ostrander, millinery, $150, no insurance; Dr. McDonald, house and office, $800; A. Hoskins, barber, loss small; Miss Morrison, dressmaker, loss small; J. C. Whitney, house, loss small; Dr. Derland, loss by water and removal small; J. W. McKay, damage to building small; Rotz & Co., loss small.

They Aroused Suspicion.

QUEBEC, Sept. 7.—Twomen were recently caught taking sketches and kodak views of the engines of H. M. S. Blake. The sketches and views were destroyed and the artists cleared out.

Three Men Killed.

CHICAGO, Sept. 7.—At Garfield Park yesterday three people were shot during a riot caused by an attempt to arrest horsemen.

The Trust Pays a Dividend.

NEW YORK, Sept. 7.—The sugar trust has declared a quarterly dividend of 2½ per cent. on the common stock.

THOMPSON AT PETROLEA.

HE SPEAKS ABOUT THE CANAL TOLLS QUESTION.

The Town and Surrounding Country Rises to the Occasion and Celebrates in the Good Old Fashion—The Visitors by Personal Observation Assured of the Importance of the District.

PETROLEA, Ont., Sept. 7.—A Liberal-Conservative demonstration and picnic, the like of which has never before been seen in the country, was held in the Groves of Dr. Dunfield and A. C. Edward here yesterday. The principal speakers were Hon. Sir John S. D. Thompson, Minister of Justice; Hon. Sir Adolphe Caron, Postmaster-General; Hon. George E. Foster, Minister of Finance; Hon. John Haggart, Minister of Railways and Canals, and Hon. John Carling, Minister of Agriculture. Various estimates place the assemblage at from 12,000 to 20,000, but the people were so scattered about the Grove that it was utterly impossible to form a correct estimate of their number.

The people of the town and surrounding districts spared no effort in the way of decoration to make the visit of the distinguished ministers a memorable one. Triumphal arches were erected on the line of the route to the picnic grounds, the principal among which were the grand square arch in front of the Grand Trunk station, the agricultural arch built entirely of corn stalks and grain in the sheaf, and the three pole derrick arch spanning the four cross roads at the entrance to the village of Marthaville. The latter was both unique and appropriate, being emblematic of the local oil industry, and the credit of its erection may be given to Mr. George Pearce, who is one of the most zealous workers in the Conservative cause in that village. All the arches and other available places along the route taken, as well as the entire grove were literally smothered in mottoes, flags and bunting, whilst in the business portion of the town the Grand Trunk station and the private residences were decorated with a lavish generosity without regard to cost.

The mammoth refineries of the Imperial Oil Company and the Premier Oil Company were visited en route. At the former the ministers and other distinguished guests who filled the long line of carriages alighted and were conducted through every branch of the immense establishment by Messrs. J. L. Englehart, F. A. Fitzgerald, Isaac Waterman, Smallman and Frank Ward, the stockholders of the company.

After leaving the Imperial Oil Works the visitors were conducted over Mr. Englehart's oil farm and witnessed the "shooting" of an oil-well and from thence to the grove, where a recherche luncheon, provided by the ladies of the town, and served by the leading young society ladies, awaited them.

After luncheon Dr. Gibson, president of the East Lambton Liberal-Conservative Association, read an address of welcome to the ministers, which was followed by able and patriotic addresses from all the ministers and other distinguished visitors.

At the close Hon. Sir John Thompson moved a vote of thanks to the ladies for the elegant luncheon.

The motion was seconded by Hon. George E. Foster, supported by the other Cabinet Ministers, and carried by a deafening round of applause.

The crowd, which were of an unusually orderly character, then dispersed and the Ministers and guests were driven back to town. The ministers were entertained by Mr. George Moncrieff, Q.C., M.P., at his residence prior to the departure of the special train which brought them from Ottawa.

Fully ten brass bands were in attendance, including the 7th Battalion Band of London.

Sir John on the Canal Tolls.

PETROLEA, Ont., Sept. 7.—The great gathering of Liberal-Conservatives yesterday to do honor to Dr. Moncrieff, M. P. for East Lambton, and to meet and welcome different members of the Dominion Cabinet, was a great success. Sir John Thompson's most important deliverance was that on the Government's policy regarding the tolls at the Welland Canal. It had violated no treaty, he said, and was acting strictly within the rights of Canada. He said that for the sake of peace and good neighborhood the Government was willing to discontinue tolls at the end of the present season and that it had reached as far as honorable men or an honorable Government could. He spoke of the placing of tolls at the Sault Canal as a measure of wrath by the United States or a temporary irritation.

Street Car Men Discharged.

HAMILTON, Sept. 7.—On Saturday night 41 employes of the Street Railway Company met and agreed to form the Street Car Employes' Association, to deal with matters concerning themselves which might arise from the carrying out of the letter of the bylaw referring to the hours of labor and rate of wages. The association was not antagonistic to the company, but the leaders in the movement have been discharged from the company's employ. What the upshot will be is unknown.

An Advertising Trick.

MONTREAL, Sept. 7.—The hauling down of the American flag last night outside of the Queen's Theatre is now stated to have been a fake concocted by the management of the White Squadron Company. Detective Grosse is working up the case on behalf of Mr. Sparrow, proprietor of the theatre. Grosse states he has an affidavit from one man saying he was paid to pull down the flag.

New Evidence in the Borden Case.

STAUNTON, Mass., Sept. 7.—Mrs. Marshall of Pawtucket went to Fall River on Aug. 4. While she and her daughter were passing along in the street in the rear of the Borden House they both saw a rough-looking man climb the fence from the Borden's yard, enter a buggy and drive off. Mrs. Marshall remarked at the time the villainous appearance of the man. Her illness is her excuse for not coming forward before. Her evidence will be read at the next hearing of the case, and everything is being done to trace the man who climbed the fence.

Railway Collision.

SCOTTSVILLE, N.Y., Sept. 7.—There was a rear end collision at Canawangus crossing at the W. N. Y. and P. R. R. at 6 o'clock last evening. An eastbound passenger train was at the station when the special freight dashed into the rear coach, smashing it badly. No passengers are reported seriously injured. Conductor Savage and the engineer of the freight engine were seriously hurt.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, wry neck, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the generative system of both men and women, restoring vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

Renovation and Enlargement.

Building Record of the Toronto Real Estate Investment Company for the Present Season.

During the present season the Toronto Real Estate Investment Company has added to and improved the homes of our leading business men to the value of about $10,000. A brief reference to them will not be uninteresting.

The business premises of Messrs. Gough Bros., the Wonderful Cheap Men, have been enlarged and improved as already described in these columns. The value of the improvement made is about $3,000.

Mr. C. B. Routley, crockery and fancy goods, has had his premises greatly enlarged and practically rebuilt internally at a cost of about $1,500.

The shop occupied by Messrs. Grafton & Co., ready made clothiers, has been improved in a very thorough manner, at a cost of about $1,400.

The old James Best premises have been thoroughly transformed. The light has been improved by the placing of new plate glass windows, and the whole interior has been modernized and improved, the cost amounting to about $1,500.

On Hunter street the company has laid out $1,700 in renewing and extending the shops now occupied by Messrs. Mix & Stabler, hardware, S. Ray, tobacconist, Jos. Mitchell, barber, and Morris & Howden, meat merchants. Twenty-five feet have been added to the depth of these shops and large internal improvements made.

BANK OF COMMERCE BUILDING.

An important change is to be made in the old Stewart House building, corner of Hunter and Water streets. To say that the block is to be rebuilt hardly expresses the fact. According to present intentions a new building is to be erected on the site of the premises mentioned with a front of 45 feet on Hunter street and of 60 feet on Water street. The new building will be four stories in height, built of pressed red brick with terra cotta panels, and with all the elegance of architectural finish both within and without, that modern taste demands. The Hunter street front will be pierced with two elaborate doorways. The one farthest east, at the corner, will admit to the public department of the bank's offices, which will occupy a space of 25 x 60, but at the western end of the block the other door at the western end of the block will admit to a roomy hall about 10 x 12 feet, with a door on the left admitting to the bank premises. At the inner termination of this hall will be the entrance to office buildings, in the rear a stairway and an hydraulic elevator to the other floors, which will be principally devoted to office purposes. The details of the improvements on this corner not yet being definitely settled, it is impossible to give even an approximate estimate of the cost of the improvements contemplated.

Another term of improvement in which the company has expended about $3,000 is the placing of toilet appliances for a large number of the tenants of their business buildings, improvements which may be nullified and rendered inoperative if the health inspector should carry into effect the instructions of the Board of Health in reference the prosecution of persons using the George sewer for the discharge of sewage.

Cold Springs—Otonabee.

(From Our Own Correspondent.)

The Cold Springs Union Sunday School will hold their annual picnic at Jubilee Point, Friday, Sept. 9th. The steamer Golden Eye has been chartered for the occasion, and will leave the wharf at 7.30 a.m., calling at the usual points along the river. A good programme of sports has been arranged for, and a general good time is expected. Tickets, adults, 30c; children under 15, 15c., and the primary classes free. A cordial invitation is extended by the school to all who wish to attend.

Three Things to Remember.

Hood's Sarsaparilla has the most MERIT.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

The Disease in New York.

At the crematories the bodies were transferred to the superheated retorts and subjected to the high temperature for several hours, or until they were reduced to a few ounces of ashes each. The ashes were carefully gathered in urns and buried yesterday.

As many persons object to the process of cremation for the disposal of the dead, Dr. Byron announced that objections of friends to this method would be respected. There are conveniences on Swinburne Island for embalming the bodies of cholera victims in a way that will effectually destroy the germs of the disease.

The process is described as something like that in vogue in ancient Egypt, and to a certain extent it mummifies the corpses. In addition to this there are vaults on the island in which the bodies can be placed until safety to the public health or the convenience of the friends of the dead will permit of their removal.

Dr. Byron went into voluntary exile at Swinburne Island yesterday afternoon, and will not leave it again until the prevalence of cholera and the scare induced by the disease has entirely subsided.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Consumptives!

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles 50c and $1, at Peterborough Drug Stores. dw

Think For Yourself.

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

A discussion arose as to whether the factories should contract for the seasons make or not. After some remarks no definite conclusion was arrived at.

Mr. Wrighton started the bidding at 9½c. for selections. Mr. Bird raised it to 9⅝. Mr. Moore made it 9¾, Mr. Clarton 9⅞. He selected several factories, but they refused to sell at 9⅞. Mr. Clarton, at the request of the president, named other factories, but only Orono, Newtonville, Perrytown and Oakdale said at 9⅞. Mr. Cook said if any of the salesmen wanted to offer the balance of the season's cheese let him name the place and say so. No one responded. Ida, Fraserville, and Beaufort afterwards went to Mr. Clarton at 9⅞. Mr. Wrighton offered 9 13 16 for further selections, Mr. Cook raised it to 9⅞, Mr. Clarton 9 15-16. He selected Keene, Shearer, Central Smith, North Smith, Warsaw, Missing Link, Lakefield, Pine Grove, Warsaw, Trewern, Mt. Pleasant, Warminster and Lang. Mr. Moore offered 9⅞ for other selections, Mr. Cook 9 15-16. Blackstock, Manchester, Norwood, Melrose Abbey, Westwood, Ormonde, North Dummer, Fenelon Falls, Mariposa, Bobcaygeon, Cambray. Mr. Moore again offered 9⅞ for further selections. He selected Otonabee Union, Lakeview, Cedardale, Star, Cherry Grove, Manilla, Dunsford and Stony Lake. Mr. Clarton offered 9⅞ for further selections. He selected Myrtle, Millbrook. Mr. Cook offered 9⅞ for Fleetwood subject to inspection at Belleville. Mr. Wrighton offered the same, inspection at Lindsay. Neither was accepted.

The Board then adjourned for two weeks.

They are Now Living.

Hearty and Strong.

A few months ago a prominent family on St. Catherine street, Montreal, had two weak and delicate children. They were both girls, one aged four months, and the other twenty-seven months. The anxious mother tried various modes of dieting in order to bring health to the frail children. Several makes of artificial foods were used, but only one seemed to give any results, this was Lactated Food. After this celebrated food was used for a couple of weeks, the little ones refused other foods, which plainly showed that Lactated Food was relished and perfectly assimilated. There was a perceptible increase in flesh in both children; they became much stronger, and enjoyed perfect rest and sleep.

To-day these two children are amongst the healthiest and strongest in Montreal, and the parents are delighted and pleased.

Lactated Food is doing this grand work every day. It is specially useful to every weak and puny child, and invariably gives strength and new life. We strongly advise every mother to give Lactated Food an immediate trial.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

Douro.

(From Our Own Correspondent).

Council met pursuant to call from the reeve, all the members present, minutes of previous meeting read and signed. By-laws passed: No. 317, to levy and collect the sum of $2,387.33 as a county tax; No. 318, to levy and collect the sum of $1,245.75 as a township tax; No. 319, S. S. tax: No. 1, $91.35; No. 2, $200 00; No. 4, $178 53; No. 5, $118.00; No. 6, 110.62; No. 7, $270 00; No. 8, $145 00; No. 9, $97.50; No. 10, $331.50; No. 11, $175.00. Debenture rate, No. 4, $144 93; No. 5, $154.00; No. 8, $161 03; general school rate, $771 00. By-law No. 320, giving authority to borrow $400 to meet current expenditure.

Mr. H. Anson Cartwright was authorized to expend the sum of $10 00 as charity for the benefit of Frederick Dixon.

The reeve and Mr. Garbutt were appointed a committee to decide upon the acceptance of the collector's bondsmen. The reeve to have said bonds drawn up and signed. The reeve ordered the payment of $8 to the clerk as part of salary for 1892.

Moved by Mr. Welsh, seconded by Mr. Bullock, that whereas information has been laid before the council that Henry R. Reid and others have been trespassing on the river road allowance through concessions 8, 9 and 19 by cutting and destroying timber, be it therefore resolved that the clerk do notify Mr. Reid to pay over to G. J. Galvin the sum of $20, to be expended on his road division also that the clerk get 100 notices printed and distributed to the several pathmathmasters in the township forbidding trespassing on the public highways.

Mr. John Kennedy was appointed a commissioner to have the building lately occupied by Dennis Sullivan removed off road allowance, Mr. Kennedy to give one month's notice to persons having any claim to said building. Council adjourned to the 14th day of Dec. then to meet at 10 o'clock a.m.

WM. O'BRIEN, Clerk.

It is what Hood's Sarsaparilla actually does that tells the story of its merits and has given it the largest sale of any medicine.

The only preparation which can prove effectual for removing pimples and other skin eruptions is the Persian Lotion, sold by all druggists 50c. a bottle. 1d

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured We consider it saved his life.

MISS ADELAIDE CRITTENDEN, Baldwin, Ont. dw

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Ask your neighbors if they use Dodds Kidney Pills? They strengthen the nerves, tone the system, and the most stubborn cases of kidney disease yield to their influence. They are especially appreciated by the old. Ask your neighbors about them. dw

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

Once Used, Always Used.

This is a fact as regards Dyer's Jelly of Cucumber and Roses from its wonderful efficiency in curing chapped hands and making the skin smooth and soft. Druggists keep it. W. A. Dyer & Co., Montreal. 6255

Ladies appreciate Anti-Dandruff from the fact that it not only thoroughly removes Dandruff with three applications, but stops falling of the hair, restores fading hair to its original color, and makes it soft and pliable without leaving any indication of a dressing being used. Clear as Crystal, clean to use, it is a valuable toilet preparation. dw

Ayer's Pills

Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of the pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills

are recommended by all the leading physicians, and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills

are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes.

"I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used."—Frank Spillman, Sulphur, Ky.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists everywhere.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

The Ashburnham School Board.

The Ashburnham School Board met last night. All the members present. The appointment of Miss Bennett as teacher in Miss Clark's place, for the ensuing year, was confirmed. Several accounts were passed, including a bill of $75.90 for furnishing new seats for the addition from a firm in Walkerville. Several teachers asked small articles for their rooms in the shape of locks, pegs, etc., which was granted. The Board then adjourned no further business remaining to done.

Sale of Elegant Furniture.

Mr. John Haggart, auctioneer, has received instructions from Mr. H. S. Griffin to sell at his residence, corner of Park and Hunter streets, on Thursday afternoon next, all his beautiful and costly household effects. This is the best opportunity which has been offered the people this year of buying rich and modern furniture at a phenomenally low figure. Everything must be sold without reserve. The household effects are all the costliest and most modern pieces in oak and walnut that it is possible to buy. d54td

Wedding Bells at St. Peters.

This morning at St. Peter's Cathedral at 8 o'clock, the marriage of Miss Melvina Archambault, youngest daughter of Mr. Hilaire Archambault, to Mr. Alex. W. Gendreau, merchant, of Rochester, N.Y., was celebrated by Rev. Father Archambault, uncle of the groom, and parish priest of Ste Monique, Deux Montagnes, P.Q., who was assisted by Rev. Father Desmeinieres of the Cathedral. Miss Celina Archambault, cousin of the bride, was bridesmaid, and Mr. Ildas Archambault performed the duties of best man. After the ceremony the wedding party drove to the residence of the bride's father, No. 1 Cedar street, where about forty guests sat down to the wedding breakfast, gave their felicitations and admired the many beautiful presents among which was a handsome one from the bride's former associates in the dressmaking department of Turnbull's. The happy couple took the 5.20 train for Toronto on their wedding tour, which will include Niagara Falls, Buffalo, and thence to Rochester which will be their future home, where their many friends wish them a long and happy life. They were accompanied by Rev. Father Archambault, who will visit them in their new home.

Telfordian Temperature Topics.

Peterborough, September 6th.

August now gone has been another extra hot month, coming in warm at 2 p.m. on the first day the thermometer going up to 91° which was exceeded on the 16th again rising to 94° and on 26 days going over 75°, but again the good old saying—there never was an August without frost—fell true, for on the 28th and 29th we had a slight touch of it reminding us of the coming fall, and leaving the mean temperature of the month at 62 25-31°. Rain fell on 14 days to the depth of 4 and 13-100 inches which is high for August. On 7 days we had thunder although sometimes not accompanied with rain. Our severest storm being on the night of the 24th falling 1 and 25-100 inches, and the following day falling 40-100 of an inch. So far that storm in about 24 hours. We had 15, over 1½ inches of water, 3 times hail, but no auroral lights to record, twice fog, but no gale of any consequence. The following is the different points from which the wind was blowing at sunrise during the month namely:—north-west 6 days, north-east 7 days, south-west 13 days, north 1 day, west 1 day, south 1 day, and south-east 2 days.

THOMAS TELLFORD.

New Books at Peterborough Book Store.

A Modern Ulysses, by Joseph Hatton.

A Modern Dick Whittington, by James Payn.

In the Roar of the Sea, by Baring Gould.

The Story of a Penitent Soul, by A Sargeant.

Card of Thanks.

Mrs. Beck desires through the EXAMINER to express her cordial thanks to the ladies of the Girls' Guild of St. John's for the floral decorations of the church, to the organist, the choir, and to others who lent their assistance on the occasion of her daughter's marriage yesterday.

Fire!

Felix Brownscombe, Insurance Agent, Water street, represents the following first-class fire companies: "London and Lancashire," "Sun Fire," "Alliance," and "Caledonian," all good "Old Country companies." Also the "Phenix" of New York. Money to loan and accepted book in monthly payments.

New Team of Knock Horses.

Mr. George Graham has purchased a fine 16-hand well matched black team of carriage horses from Mr. George Wallace of Millbrooke. Mr. Graham has now three fine carriage teams brown, bay and black, and they were much admired of horsemen as they pranced in yesterday's wedding procession of carriages.

Free Gift Excursion.

The ninth grand free gift excursion per steamer Daisy and palace barge will take place on Saturday next, Sept. 10th, to Victoria Park. Prof. Butcher's orchestra will accompany the excursion. Return tickets, 25 cents; children, 15 cents. Boats leave Peterborough wharf at 2 o'clock, calling at Ashburnham. All children get a prize.

An Accident Chapter.

This morning Mr. John Kennedy, who is employed in the lock works, had one of his toes smashed by a heavy weight falling on it.

Mrs. Havitt, and elderly lady residing on Harvey street, while wending her way from St. John's church yesterday, slipped off the latties walk and fell on the gravel roadway, sustaining a severe sprain of the leg. Dr. Wilkinson is in attendance.

Three Harvest Excursions.

On August 30th, September 27th, October 25th the Wabash Railway, the banner route going west, will sell tickets at single first class fare for the round trip to points in Minnesota, Dakota Nebraska, Montana, Kansas, Missouri, Texas and Indian Territory. Tickets good 20 days from sale of tickets. Full particulars from any R. R. agent and J. A. Richardson, Canadian Passenger Agent, N E corner King and Yonge streets, Toronto.

Washburn's Circus.

An exchange says:—"Washburn's circus of last Tuesday was well patronized afternoon and evening, every seat being occupied. The horizontal bar and trapeze acts were equal to the best ever seen in more pretentious shows. The dogs were well trained, and the riding of the horses exceptionally fine. Taking all in all everything passed off finely, and the thousands departed highly pleased with the performance, and satisfied that they had well gotten their money's worth. Will exhibit in Peterborough on Sept. 13th.

Remembered by Her Class.

Last evening Miss Elsome's class of boys in the Charlotte street Methodist Sunday school, waited upon her at her home on Brock street, and presented her with a neatly worded address and a handsome Bible. Master Wm. Menzies read the address and Master Harry Robinson made the presentation. Miss Elsome made a suitable reply. Afterwards refreshments were served and a pleasant time spent. Wm. Readhouse gave a mouth organ solo, and E. Hall a selection on the bones in fine style.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crow's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Edinburgh streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

Baptist Mission Band.

The annual meeting of the Mission Band of the Baptist church was held in the church yesterday evening. After the opening devotional exercises, including singing by the children, a letter of thanks was read from Miss Gilmour, who had been made a life member of the Home Mission Society. The officers elected were:—President, Miss Maggie Matthews; vice-president, Mrs. T. F. Matthews; secretary, Miss Cochrane; treasurer, Master John McDonald. Mrs. Faulkner sang a sacred solo very sweetly and effectively. The report of the retiring secretary showed a good attendance and a prosperous condition of the band. The report of the treasurer showed that $53 had been raised by the band for mission purposes. The meeting closed with an excellent address by Rev. Mr. Trotter, which was followed by a tea given in the school room by the ladies of the church, at which about fifty children sat down. The annual meeting of the band was very successful.

To-morrow's Baseball Match.

There will be a great game of baseball to-morrow afternoon at 2 o'clock on Riverside Park between the barbers and barteaders. The Tonsorial Artists will select their nine from the following well known players:—Messrs. Wm. Boyd, Chas. LeGros, Brousseau, Fred Peirin, T. Cunningham, R. Kirby, Michael Murphy, A. Heskil, Mitcell, jr, Rundle, W. McGill, W. Hawthorne, Joe Primrose and Jack Primrose. The dispensers of liquid refreshments will select their players from the following "sports." John Clancy, manager, Herb Saowden, Martin Connors, John Jayes, Fred Holland, G. White, Harry Cavanagh,, John Donoughue, Jas. Guthrie, W. McGregor, M. Dunn, Patrick Sauvis, B. LaFore, Sam Campbell, Jos. Nelson, Paddy Carl, Wm. Burdick and J. Carew. The winning nine are desirous of having a crack at the firemen, W. Motherall manager. A great game may be expected to-morrow afternoon at two o'clock. Turn out boys and see the fun.

BANKRUPT STOCK

All Winter Goods have to be cleared out. Tweeds for Suits will be sold less than cost. Large Stock of Mens' and Boys' Overcoats less than Half Price. Old Stand.

T. DOLAN & CO.

"Happy the Bride the Sun Shines on."

Auspicious Nuptials of Mr. R. M. Dennistoun and Miss Beck—An Exceedingly Pretty Wedding at St. John's—His Lordship the Bishop of Toronto Performs the Ceremony.

No social function and wedding ceremony has excited nor justified so deep a public interest as the marriage yesterday afternoon of Mr. Robert Maxwell Dennistoun, barrister, and Miss Mary Mildred Louisa Beck, youngest daughter of the late Rev. J. W. B. Beck, for over thirty years Rector of Peterborough. The beautiful church of St. Johns was profusely adorned with tasteful floral decorations, particularly the chancel and the space reserved for the invited guests. The abundance and taste of the floral adornments were in keeping with the importance of the occasion. A broad belt of crimson carpeting was laid from the drive to the church porch, and the central aisle was divided from the general seating by silken ropes. At least an hour before the time fixed for the ceremony the church was crowded and hundreds who could not gain admission overflowed the church lawns. The ceremony was choral, a full surpliced choir occupying the chancel. Mr. Fred Clark presided at the organ, and preluded the ceremony with a brilliant rendering of Boscovitz's "Chant de Matin." Then followed the processional hymn:

"The voice that breathed over Eden,
"That earliest wedding day."

the choir, bishop and assisting clergy, Rev. V. Clementi and Rev. C. B. Kenrick entering from the vestry and taking their places in the chancel. Meanwhile the groom and his groomsman, Mr. J. Hampden Burnham, entered and took their places at the chancel rail. In a few minutes the bridal party arrived, the beautiful bride, escorted by her brother-in-law, Mr. Arthur Stevenson, and attended by her bridesmaids, Miss Mamie Dennistoun and Miss Amy Halliday. The bride was attired in white silk, princess style, with train and the conventional veil and orange blossoms, her ornaments being a necklace and pendant of pearls the gift of the groom. She carried in her hand a bouquet of white roses. The bridesmaids were attired in white crepon, Miss Dennistoun's trimmings being rose pink and Miss Halliday's mauve, each carrying a basket of white carnations. Arrived at the chancel rail the ceremony began. His Lordship the Bishop of Toronto, assisted by the Venerable Rev. V. Clementi and Rev. C. B. Kenrick, performing the impressive ceremony of the English Church, the choir rendering choral assistance. The bride was given to be married by her mother, Mrs Beck. At the conclusion of the ceremony, as the bridal party retired to the vestry to sign the register, the choir sang the hymn:

"O Father all creating
Whose wisdom, love and power,
First bound two lives together
In Eden's primal hour."

The ceremony and all the attendant events passed off with the utmost smoothness. The ushers who officiated on the occasion were Messrs. W. D. Parker, G. and B. Boucher, David Rogers, M. Hamlain and Arthur Kirkpatrick.

After the signing of the register the bridal party, to the stirring strains from the organ of Mendelssohn's Wedding March, passed down the silken lane of the central aisle and out of the church. As the bride emerged from the door of the porch, the sun which had been slightly overcast, burst forth in all its brightness in happy augury of the happy life which her many friends wish may fall to her lot. At the same moment the wedding bell pealed forth its merry chime, and the bridal party and guests repaired to the residence of Mrs. Jas. F. Dennistoun, where the usual wedding breakfast was served and an informal reception held. There was a large number of guests, including the following from outside the town: Mr. Judge Dennistoun, Mrs. and Miss Dennistoun, Toronto; Mr. F. G. Hamlain, Cardinal; Mrs. H. H. Smith, Winnipeg; Mr. and Mrs Macklin, Orillia; Mr. G. B. and Miss Kirkpatrick, Ir. A. Kirkpatrick, Miss Wright and A. A. Charter, Toronto. Mr. and Mrs. Dennistoun took train for their wedding tour of about six weeks' duration, including Winnipeg, Banff Springs, and Victoria, British Columbia, followed by the ardent good wishes of the entire community in whose esteem they both hold a very high place.

News Nuggets.

—The firemen held a meeting in their hall last night. There was a large attendance.

—Quite a number of citizens left this morning to attend the Toronto Exposition now in full blast.

—Something new in Fancy Table Covers at Miss E. MELVILLE'S, 424 George street. Stamping done.

Colorless, Emaciated, Helpless

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla

I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.

OVERCROWDED SCHOOLS

Cause Much Discussion at Last Night's Board Meeting.

The Inspector's Report is Complimentary to the Schools—Proposed System of Teaching Music—Votes of Thanks to Liberal Friends of the Institute—The Report Defining the Inspector's Duties Carried—Junior Rooms Overcrowded—Reports of Committees—Fifth Form Proposed—Communications and Other Business.

A regular meeting of the Board of Education was held last night after an adjournment of two months, in the new board room of the Collegiate Institute. Those present were:—Mr. Wrighton, chairman, Drs. Boucher and Burnham, and Messrs. Stevenson, Hartley, Denne, Ferguson, Hamilton, McKee, McBain, Corkery, Hill and Rutherford.

There was considerable business transacted, all in a smooth manner, and the Board adjourned shortly after 9 o'clock.

COMMUNICATIONS.

After routine the following communications were read:

From Miss Edith E. Ferguson, making application for a position on the staff of teachers, she holding a second class professional certificate.—Referred to the Committee on Appointments.

From Miss Bessie Fair, acknowledging a receipt from a communication of the secretary and accepting the appointment—Received.

From Miss Sophia Reid, Peabore, asking for a position as teacher. She has a second class certificate and has had six years teaching experience—Committee on Appointments.

From John Perry, secretary of the Galt Public School Board, stating that the Galt Board was in favor of returning to the semi annual examinations for entrance to the High School. Mr Perry asks if the Board would be in favor of petitioning the Minister of Education for the above object—Supervision Committee.

From T. Nicholls asking for position of Central School janitor if a vacancy occurs——Received

From D. E. Cameron, assistant treasurer Toronto, in payment of Public School grant $130—Received.

From L. Seward, professor of music, asking the boards approval of teaching vocal music in the Central School.

He proposed to charge a fee of 25 cents for junior pupils and 50 cents for older. He asked the Board for the use of one of the halls in the Central twice a week after school hours. He proposed giving a public entertainment at the end of every month and giving a public concert quarterly. He intended if the Board endorsed his scheme to carry the same system of teaching out in the Ward Schools. He preferred that the fees he would charge be collected by an official of the Board and the work carried on under the direction of a committee.—Referred to the Supervision Committee.

FEES, ATTENDANCE AND ACCOUNTS.

The fees received during the month of August were $13.50 from the Kindergarten department. The attendance during August was:—

	On Roll.	Avg.
North Ward	148	
West Ward	229	214
South Ward	337	321

The following accounts were presented and referred to the Finance Committee;—

Ormonde & Walsh	$ 2 70
Lithographic Co.	46 00
T. B. McBrath	2 00
G. I. Gumpreht	2 00
Wm. Donell	1 00
Mail Toronto	90
W. J. Mason	3 10
Fitzgerald & Granger	2 25
Peterborough Water Co.	17 39
A. Hall	1 65
W. Butler	10 00
J. R. Stratton	40 14
A. McDonald	9 38
McKee & Davidson	17 50
H. M. Moore	3 64
A. Corbett	20 00
John Lachour	17 50
Selby & Co.	21 61
Mrs. Smith	3 70

TO TEACH A HIGHER GRADE.

The following communication was read from Mayor Kendry and twelve others who are parents of children who lately passed into the fourth book from the North Ward school, requesting that some arrangment be made whereby the children will not have to go to the Union school but may remain in the North Ward school, on the grounds, (1) that the Union school is crowded; (2) there is room for a fourth class in the North Ward; (3) that the Principal Mr. Walkey has time to attend to it, and (4) that the distance to the Union school is more than the children are expected to walk.

On motion, Mr. Principal WALKEY was heard. He said he had 32 pupils on his roll, and had seating accommodation for 48; 16 had passed, and his room was now filled nicely. They had not room to accommodate the additional numbers.

Dr. TILLEY, Inspector, said the petition was new to him. If they taught a higher grade in the North ward school, they would have to do it also in the West ward school. It would destroy the classification of the schools. Mr. Walkey had now two classes, and that in his opinion was enough. Two classes were better than one or more than two for any teacher to instruct, in his opinion.

Mr. DENNE—How would it do to try it for a while, and then go back for the winter if not successful? Some of the children had to walk a mile and a half.

Dr. TILLEY—If it was not for the distance to be walked I would be against it.

Mayor KENDRY was heard and said he had been asked to come before the Board in favor of the petition. A great many of the children lived on the east side of the river near Auburn, and had very far to walk. If done, the matter should be done at once, as the children were just starting. There was no other part of the town where the children had to walk so far to school. It was impossible for the small children to walk this great distance in the winter time. The Central School was now crowded to its utmost but there was room in the North Ward school.

Mr. FOULDS was also heard in support of the petition. The West Ward school had probably a claim as well as the North Ward but it had not the room, the North Ward had and the children did not have so great a distance to walk as those who lived near Auburn.

Mr. HILL said the question was an important one and should be inquired into before coming to a decision. He moved that the matter be referred to the Supervision Committee to confer with the Inspector, the committee to have power to act.

Mr. STEVENSON favoured Mr. Hill's suggestion and seconded the motion.

Mr. Hill's resolution was carried.

THE INSPECTORS REPORT READ.

The report of Dr. Tilly, Inspector of the Public Schools, was next presented and read.

[The report on account of lack of space is held until to-morrow.]

THE FINANCE COMMITTEE REPORT.

Dr. George Burnham presented the report of the Finance Committee as follows:—

To the Chairman and members of the Board of Education:

GENTLEMEN,—Your Finance Committee beg leave to report and recommend the payment of the following accounts:—

John Kincaid	$ 6 47
A. Jenkins	4 31
E. Welsh	3 90
J. Smith	2 80
E. O'Brien	60
L. Spry	10 50
Rathbun Co.	75
H. S. MacDonald	10 03
McKee & Davidson	23 33
A. Crouter & T. Clarke	4 25
Wm. Brown	1 00
J. Robertson	4 00
A. Corbett	95 00
J. R. Stratton	20 87

All of which is respectfully submitted.

GEORGE BURNHAM,
Chairman.

The report was received and adopted.

THE PROPERTY COMMITTEE'S REPORT.

Mr. J. J. McBain presented the report of the Property Committee as follows:

To the chairman and members of the Board of Education:—

GENTLEMEN,—Your Property Committee beg leave to report and recommend that according to instructions they have had the West Ward School thoroughly overhauled and the wood work given two coats of paint inside and outside, the walls and ceilings cleaned and kalsomined and the black-boards cleaned and painted at a cost of $95 00. Without any additional expense for material we have had the board fence on the west side of the school taken down and rebuilt, as it was badly rotted. We have also had a good cement floor put in the North Ward school, and the closets and furnaces at the different schools thoroughly cleaned, some of which were in a very dirty and filthy condition. Your committee thought it advisable to remove the seats of the chemistry room to Mr. O'Brien's room and replace them with the best of the old seats. All of which is respectfully submitted.

J. J. McBAIN,
Chairman.

The report was received and adopted.

THE INSPECTOR'S DUTIES.

Mr. Denne presented the following report:

To the chairman and members of the Board of Education:

GENTLEMEN:—

The committee of the whole Board beg leave to report that Mr. Hill's motion defining the duties of the inspector was carried by a majority of those present.

All of which is respectfully submitted.

HENRY DENNE,
Chairman.

Mr. STEVENSON said the schools had done well and he thought that the matter should be laid over as it was a very important one and should be thoroughly considered. He moved, seconded by Mr. Rutherford that the report concerning the duties of an inspector be left over until the end of the year. It was an unnecessary expenditure. The schools had progressed favourably and were equal to those of any other town or city in Canada.

Mr. HILL said the question was referred to a committee of the whole board (13 members) and it was carried and subsequently he had a right to discuss the matter. The question before the Board was whether the inspectors duties should be defined or not, and the committee had come to the conclusion they should.

Mr. RUTHERFORD said it was rather sprung on him to second Mr. Stevenson's motion. However he was in favor of laying the matter over. If the inspector was not satisfactory discharge him. He was in favor of having a first class inspector but no fault could be found with the present one. The change was an uncalled for expense.

Mr. Stevenson's amendment was lost and the report carried.

THE COAL SUPPLY.

Moved by Mr. Denne, seconded by Mr. McKee, that the coal required for the schools be tendered for by the secretary, and that the chairman of the Property Committee have power to accept the most favourable tender.—Carried.

A FIFTH FORM

On motion, Mr. B. Earle was heard in reference to the establishment of a fifth form in connection with the Collegiate Institute. He said it could be accomplished by lowering the fees in the first forms. At present poor men were, owing to the grading of fees and price of books, unable to pay for school privileges, and some had to put their children to work. It was right that the higher form pupils should pay more than junior pupils. It took better equipped and higher teachers to instruct them in the more difficult branches, and consequently senior pupils should pay more than junior pupils, whom other and less qualified teachers were qualified to instruct. He hoped the Board would give the matter their serious consideration.

Mr. HILL said the question might be well considered. He thought it should be referred to a special committee and the principal consulted with if some other course could not be adopted. The first form if not the second form, fees should be reduced. He was in accord with Mr. Earle's suggestion, and like many others would like to see it adopted. He moved, seconded by Mr. Rutherford, that the matter be referred to a committee of the whole board with power to act.—Carried.

TO BE PAID AT ONCE.

DR. GEO. BURNHAM presented three accounts to be paid forthwith. One for lithograph certificates, which had been certified to by the Inspector, $12. A. Corbett, $20, for painting and providing material for painting all the blackboards in the Central School. John Lachour, Janitor of South Ward School, for work, $17.50. The latter two accounts had been certified to by Mr. McBain, chairman of the Property Committee. The Board passed the accounts.

THE INSPECTOR'S REPORT.

On motion the report was referred to the Property Committee. A motion was made by Dr. Burnham, seconded by Mr. McKee, that that portion of the report referring to the teachers and their work be referred to the committee on appointments.—Carried.

THE PROPERTY CHAIRMAN A HUSTLER.

MR. HILL complimented Mr. McBain the efficient chairman of the property committee for the activity and energy he displayed in his department which was a credit to him.

CROWDED STATE OF ROOMS.

DR. TILLEY was heard and said that two rooms, one the junior or first form room of the South Ward school, and the first form room of Central school, were overcrowded. The latter room had a half day system in order to accommodate the number of children. He thought some action should be taken at once and one or two rooms added to the South Ward school if possible or else only teach half of the pupils during one part of the day and the others during the other half.

On motion Principal McKay was heard and said the lowest form had only half time and consequently were not making as great an advancement. He had now 93 pupils, the next teacher 65 and so on. The rooms were crowded far more than any one teacher could accommodate.

Mr. MCKAY in answer to a question thought that the half day system was preferable to being overcrowded although the pupils did not make such rapid advancement.

Mr. Hartley moved, seconded by Mr. Hill, that the matter be referred to teachers and inspectors and that the half day system be in force in the meantime.—Carried.

THE FEES AT THE COLLEGIATE.

Moved by Mr. Hill, seconded by Mr. Rutherford that the question of fees in the first and second forms, in so far as the town pupils are concerned be referred to the Committee on appointments that they confer with the principal and have power to act.

THANKS FOR MANY GIFTS.

Mr. Fessenden, Principal of the Collegiate Institute, called the Board's attention to the many handsome gifts in the way of books and busts of five distinguished Canadians which Mr. Stevenson, M.P. had generously presented to the Institute. He said Mr. Hampden Burnham had also given a fine medal to be donated to the one taking the highest place in the matriculation examination for Toronto University. Mr. J. R. Stratton, M.P.P., had kindly donated the sum of $25 as a prize for those pupils taking the highest marks in the departmental examinations.

VOTE OF THANKS TENDERED.

Dr. Burnham moved, seconded by Mr. McKee, that the thanks of the Board given Mr. Stratton for his splendid gift and the interest he took in the Collegiate Institute—Carried.

Moved by Mr. Hartley, seconded by Mr. McKee that the thanks of the Board be tendered to Mr. Hampden Burnham for his kind gift of a medal for the one taking the highest marks at the University matriculation—Carried.

The secretary was instructed to send copies of the above resolutions to Mr. Burnham and Mr. Stratton.

Moved by Mr. Hamilton, seconded by Dr. Boucher, that this Board wishes to place on record their high appreciation of the many liberal gifts from time to time bestowed upon the Collegiate Institute by Mr. Stevenson, and that they fully appreciate his interest in the success of the schools during his long and valuable services as trustee, and that the secretary be instructed to send him a copy of the above resolution.—Carried.

CERTIFICATE PRESENTATION.

DR. BURNHAM called attention to the presentation of honour certificates in the public schools. He thought the occasion should be made general and have a public presentation.

After some little discussion it was decided to hand over the honour certificates of each school to the respective principals, and that they present them to the pupils.

The Board then adjourned at 9 15 o'clock.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

For the Table.

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

—THE—

Recognised Standard Brands

"Mungo"
"Kicker"
"Cable."

Universally acknowledged to be superior in every respect to any other brands in the market. Always reliable, as has been fully demonstrated by the millions that are sold annually and the increasing demand for them, notwithstanding an increased competition of OVER ONE HUNDRED AND TWENTY-FIVE Factories. This fact speaks volumes. We are not CHEAP Cigar manufacturers.

S. Davis & Sons,
MONTREAL,
Largest and Highest Grade Cigar Manufacturers in Canada.

Copyright, 1892, by the Author.

"Good. I will have two hours to explore. The current seems less. I will have to make better time or spend the night in this stillness and blackness. I can actually hear my blood run it is so intensely quiet. Mythic Lethes mystic windings were not more silent, and the straight and marrow way to heaven a labrynth collossal compared with this. I never understood the word alone before. This is being alone in earnest, and I like it.

"I would like something to eat, too. With his left hand he drew toward him a basket of cut food, that was what Mrs. Jones called the sandwiches, with his right he kept the boat from striking the rocks. He ate enough to quiet nature, then resumed his paddling. The current ceased altogether. The water lay stagnant, not the least sign of life, whether fish, snake, lizard, or bat, even. On! on! and yet on. Again he looked at his watch; it was nine now.

"Shall I go back and come to-morrow? No, it will be just as dark on Deer Bay as here, and I will not turn back."

He counted the paddle strokes, pleaded on his last case, and quoted Goethe; was he not alone? On he went, straight on. Not the slightest turn. What stillness! What thick, black darkness!

"I must not sleep here," he said aloud. Again he looked at the time; it was now twelve o'clock.

"Well, if I never waken I must sleep." Making himself comfortable he lay staring into darkness, wondering where he was going to, then he slept. When he wakened the boat was going faster than he would have liked it to, without a guide. He wonnd his watch, ate again, and then wondered where the devil he was going to anyway.

Terry, Terry, you first become interested, then you swear; you are on enchanted ground at last, else why all this. He counted the minutes for one hour. It was now half-past ten. He thought he had come to the Lotus-eaters' land, as he floated down the river to the music of the oriole's whistle. Now he thought it just possible that the perpetual afternoon had waned to a perpetual midnight. A light at last. He put out his light and away in the distance a faint glimmer of light shone steadily. He dipped his paddle now with strokes strong and regular. In ten minutes he floated out in the blazing light of day to meet welcome of a most peculiar sort. Almost instantaneously with his appearance a full voice said:

"By Father Ambrose, if here is not another victim for Ishmael."

CHAPTER IV.

TERRY looked around. On a broad sweep of rock stood a small structure of logs neatly hewn, and wrought with glittering quartz, causing the building to look as if inlaid with diamonds. A few feet from the door sat he who had welcomed Terry as a victim for Ishmael. A sinuous man, strongly marked by Indian blood, yet not repulsively so. At the door on a block cut from the end of a log stood a girl. She held in her right hand a knife of highly polished steel; in her left a large piece of the quarts the house was incrusted with. She poised herself on her toes and was reaching above the door whittling a cavity to embed the glittering stone in. So ingrossed was she in her work she did not hear the wierd welcome. She was slightly tall, delicately molded and wore a dress, or rather a drapery, of silk, soft and white. It was gathered at the neck and fell straight to her feet ungirdled. Her feet were bare, but for shoes made in the old Italian style, that revealed the toes. Her hair was of that peculiar color seen only in the copper snake, and hung in rippling masses below her knees; it, too, was ungirdled.

"Zell, another victim for Ishmael."

She turned to the man, he pointed silently to Terry, who had landed and was coming to the house. Zell stepped off the block and turned to Terry. Her eyes were the same hue as her hair, mild and limpid as the water yonder, and in whose depths was that subtle something seen only in great depths, whether of water, valley or eyes—that something which beckons one to the very verge. At the verge yon pause, tremulous with hunger, to follow, or fear to probe further that deep unknown. Terry drew a long breath as he gazed into those wonderously beautiful eyes.

To Buy a
Piano or Organ
don't fail to pay a visit to
JACKSON & Co.'s
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.
Being extensive dealers in only Reliable and Standard makes of
GRAND, SQUARE AND UPRIGHT
PIANOFORTES
we are able to offer advantages to the public which are impossible to the ordinary dealer.
Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and
Every Instrument is Fully Warranted for Seven Years.
Chief among our instruments which have received preferences from the best musical artists, stand
—THE—
HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.
The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.
We are exclusive agents in Peterborough for the celebrated
KARN ORGANS
which stand ahead of all competitors. We have also at all times in stock the well-known and popular
THOMAS ORGANS,
AND OTHER MAKES.
Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that
we positively will not be undersold.
Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.
JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.
NOTICE.
To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, them selves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.
All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

Dyspepsia.

There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion,

Indigestion.

and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out

Constipation

of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ●

HAVE YOU
BACK-ACHE
DODD'S KIDNEY PILLS
WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system.

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Bright's Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

THE ETHICS OF LYING.

IN THEORY IT MAY BE ALL WRONG TO TELL A LIE

But Just Read How Birdwhistle Convinced His Wife to the Contrary—Only Rich People and Preachers Can Afford to Tell the Truth.

GETTING up from his breakfast table the other morning Mr. Birdwhistle was accosted by his wife. She wore a serious look, indicating that something was working on her mind.

Finally she blurted out, "Charles, don't you think it is very wicked to lie?"

"Yes, but it is very convenient at times," replied her husband. "Some people can't tell a lie when they see it, but there is a great deal of it going on all the time. The Bible says that all men are liars, and they embrace the women. The world don't know how the other half lies about it," he added philosophically.

"It is very wrong nevertheless. In his sermon last night Mr. Smith said that there are no circumstances that justify a person in telling a lie or even a prevarication.

"That may work in his line of business, Cinderella, but if he was a journalist or a lawyer or a Wall street man he would stand about as much show as a minnow in a school of saw-toothed pickerel."

"Well, Charles, I for one will never again say what is not so," said Mrs. Birdwhistle, with a very determined look.

NEVER AGAIN.

"You will never again tell the servant to say you are out when you are in?" he asked laughing.

"Never, Charles, never," she replied, with compressed lips. "Whenever a question is asked me I shall answer it promptly and truthfully."

Birdwhistle, whose thoughts were on his business, did not reply. When Mr. B. returned to his home in Harlem that evening he was in a very bad humor. Mrs. B. perceived it and asked him what was the matter.

"Nothing of any very great importance, except that Mr. Cashly, president of the Forty-second Ward Bank, has notified me that if my note, which his bank holds, is not paid when due it will go to protest."

"Why, I thought you said he was your friend."

"That's what I believed. Only a few days ago he told me that he would renew the note. He was as cordial then as a man could be, and why he acts in the way he does is a mystery to me. I begin to believe that you should never ask a friend to befriend you at his expense or risk," he said, bitterly.

"Why Mrs. Cashly called on me only day before yesterday."

"You don't say so?" responded Charles, with animation.

"Yes, she called to show off her new hat. I think it was the ugliest hat I ever saw on a woman in my life."

"But of course you didn't tell her so?"

"Indeed, I did. I told her that with her red hair, watery blue eyes and sallow complexion, red feathers were the most unbecoming trimming she could put on her hat. Now, pink or green would become her much better, but she has no taste."

IT WAS THE TRUTH.

Mr. Birdwhistle sank back into his chair with a groan. Rallying, he said, with a savage glare in his eye:

"What made you do that?"

"Because, as I told you, I am not going to lie for anybody. Rev. Mr. Smith says that——"

"Oh, confound Mr. Smith! No wonder Cashly refuses to renew my note, when you go out of your way to insult his wife. You should have said that hat was the most becoming thing she ever had on her head and that it made her look ten years younger. Haven't you women got any business sense?"

"Charles, I cannot tell a lie. Mr. Smith says a liar is as bad as a thief."

"Bosh! And so you actually had the bad manners to tell the wife of the president of the Forty-second Ward Bank, to which I owe money, that she had red hair, watery blue eyes and a sallow complexion. I wonder you didn't hit her a whack with a broomstick when she left and make faces at her from the front window," and Mr. Birdwhistle jammed his hat down over his ears and stalked out to his club, shutting the door in italics so to speak. Mrs. Birdwhistle had a good cry, after which she sulked steadily.

A PLAN.

Next day Mr. Birdwhistle, who is very much of a strategist, pondered over the situation in the solitude of his back office. If his wife kept on in her present course it meant social and financial ruin. At last he hit on a plan to cure his wife of her recently acquired propensity to tell the truth. His plan of campaign was based on his knowledge of womankind in general and of Mrs. B. in particular. He argued correctly that all women are naturally born aristocrats. Mrs. B. was very anxious to shine as a society lady. She was proud of her relationship to one of the old Knickerbocker families. She was on visiting terms with the elite of Harlem. She had procured a Birdwhistle coat of arms and was negociating for a new crest. Like most men, Birdwhistle was democratic in his sentiments. In fact, he was rather proud that one of his ancestors had been hung as a pirate. Moreover, he believed that this sudden epidemic of brutal candor was merely a new society fad, and the wife was anxious to be as near the head of the procession as possible.

When Mr. Birdwhistle reached his domicile he kissed Mrs. Birdwhistle affectionately. That kiss, however, smacked of hypocrisy. He apoligized for his apparent rudeness in the morning. Mrs. Birdwhistle partly relented. He then surprised her by offering to accompany her to Rev. Sam Smith's evening lecture. They listened to a powerful discourse on the "Sinfulness of Lying" and Mr. Birdwhistle was very much affected. After they had returned home Mrs. Birdwhistle asked her husband what he thought of the sermon.

"I am convinced, Cinderella, that you are right. We should tell the truth always, and at all times."

"Oh! Charles, how glad I am to hear you talk that way," she exclaimed, with tears of joy in her eyes.

"You know, Cinderella, that in conversation with our friends you have frequently mentioned that you were related to one of the old Knickerbocker families of New York."

"Yes; my aunt married into the Vanderkicker family."

"Have you ever told any of your friends that your grandfather used to peddle clams on the Bowery?" asked the wretch, looking as innocent as a dove.

Mrs. B. looked at him in blank astonishment.

"Or that your sister ran off with a clown of a circus?"

"Charles Henderson Birdwhistle! What [illegible]

"PROMPT AND PERMANENT."

RHEUMATISM.—Jan. 17, 1883, GEO. C. OSGOOD & CO., Druggists, Lowell, Mass., U. S. A., wrote: "MR. LEWIS DENNIS, 136 Moody St, desires to say: "ORRIN ROBINSON, a boy of Graniteville, Mass., came to my house in 1881, walking on crutches; his leg was bent at the knee for two months. I gave him

ST. JACOBS OIL

to rub it. In six days he had no use for his crutches and went home cured without them."

Lowell, Mass., U. S. A., July 9, '87: "The crippled boy ORRIN ROBINSON, cured by St. Jacobs Oil in 1881, has remained cured. The young man has been and is now at work every day at manual labor." GEORGE C. OSGOOD, M. D.

IT IS THE BEST.

3 APPLICATIONS THOROUGHLY REMOVES DANDRUFF

ANTI-DANDRUFF

D. L. CAVEN, Travelling Passenger Agent, G. P. R., says: "Anti-Dandruff is a perfect remover of Dandruff—its action is marvellous—in my own case a few applications not only thoroughly removed excessive dandruff accumulation but stopped falling of the hair, made it soft and pliable and promoted a visible growth.

Restores Fading hair to its original color. Stops falling of hair. Keeps the Scalp clear. Makes hair soft and Pliable Promotes Growth.

A. STEVENSON, Secretary

"I mean we are deceiving your friends, and, as Mr. Smith says, we should tell the whole truth."

"What is the necessity of our saying anything about my grandfather?"

"To say nothing would be acting a lie, and that is worse than telling a lie," and he sighed dismally.

Mrs. B. winced a little at this thrust.

"Do you mean to say that you are going around among your friends giving away family secrets?" she asked, with fire in her eye.

"If the subject comes up in conversation I shall certainly tell the truth. As Mr. Smith says——"

"Oh, confound Mr. Smith!"

"I, for one, Cinderella, will never again say what is not so. We must not sail under false colors."

"Charles, you can't mean it. What would the Vanderchumps and the rest of my friends say? You can't mean it," she repeated in frenzied accents and the poor woman broke down and sobbed convulsively.

COMPROMISING.

"Now, Cinderella, I will withhold these revelations from the public for the present, but on one condition," said her husband sternly.

"What is it, Charlie?" she asked, looking at him through her tears.

"You call on Mrs. Cashly and make it all right with her."

"She will never forgive me for what I said about her complexion and that hat."

"Yes, she will, if you follow my directions. She has a baby, hasn't she?"

"Yes, a horrid looking thing with a big mouth."

"There you go again! I don't care if that child has a mouth as big as the Amazon River; it is a beauty, nevertheless. You ask to see the baby. That will disarm her. Then you kiss that baby right on the mouth and say it is the prettiest child you ever saw and is the image of its mother. That's all you will have to do. It is a legal maxim that the greater contains the less. The truth about Mrs. Cashly's hat will be more than cancelled by the lie about the baby. That note comes due next week, so there is no time to lose."

"Have I got to kiss that baby's mouth?" asked the wretched woman, with a shudder.

"Several times, and loud, too. If you don't Cinderella, I'll have another sudden attack of truthfulness that will make your eyes bulge out. There's no telling what I'll not do. At our next dinner party I'll eat peas with my knife and take soup so loud that people on the other side will hear it."

Mrs. Birdwhistle fairly shrieked:

"I'll do what you say, Charles. Don't talk in that dreadful way."

IT WAS RENEWED.

Mrs. Birdwhistle was as good as her word. Mrs. Cashly received her very frigidly, but she thawed out when the visitor insisted on seeing "that lovely baby." Next day Birdwhistle informed his wife that, without any effort on his part, Cashly had renewed the note at the Forty-second Ward Bank. Mrs. Birdwhistle and Mrs. Cashly are bosom friends, and go out calling together on the very elite of society.

The lessons to be learned from this true story are several:

First—That only very rich people can afford to tell the truth.

Second—That the influence of woman is much greater than is generally supposed.

Third—That the man who invented the proverb: "Fine words butter no parsnips," did not know what he was talking about.—N. Y. Herald.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood-purifiers whatever. Ayer's Sarsaparilla leads all.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town, dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them, dw

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Gold not so Precious,

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WIGGS,
dw Fern Hill, Ont.

Palpitation of the heart, nervousness, tremblings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made especially for the blood, nerves and complexion. dw

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, chip heads, hot flushes, rush of blood to the head, dull pain in the heart with heats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBEN, 24 Macdonell ave., Toronto, Canada.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieves all the ills that result from a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THE PENT-UP PASSENGERS

NEW YORK HEALTH OFFICERS' CEASELESS VIGIL.

The Plague Still Confined to the Infected Ships—Seven New Cases Among the Imprisoned Ones Yesterday—Fearful Ravages of the Disease in Hamburg—Berlin Free From It.

QUARANTINE, N.Y., Sept. 7.—Dr. Jenkins has just returned from lower quarantine and issued the following bulletin:

Normannia—Four new cases, Heinrich Freitog, aged 20; Franz Baumbooh, aged 24; Rudolph Enk, aged 21; Christian Peterson, aged 21. These are all members of the crew.

On the Rugia three new cases—Jacob Grawer, aged 54; J. Joblonikes, aged 26; Kaethe Seiffert, aged 28, all passengers.

On Hoffman Island—Gertrude Sharin, aged 8, who died on removal to Swinburn Island. Ernest Theil, aged 34.

There were no developments on the Moravia. Two are sick on Hoffman Island, and were about to be removed to Dr. Jenkins left. Nurse Herres is very sick.

Russian Royalty in the Hospitals.

ST. PETERSBURG, Sept. 7.—There were reported in this city yesterday 103 new cases of cholera and 39 deaths. The Czar and Czarina have visited two of the cholera hospitals and inspected the temporary structure devoted to the use of cholera patients. They went through the buildings and carefully listened to the officials as they pointed out all the methods employed to fight the disease and to check its spread. They went into wards where the sufferers lie, and bending over some of the patients they spoke consoling words to them, bidding them not to give up hope, but fight with all their strength against the disease. The official returns for the whole empire place the number of new cases reported on Saturday at 4376 and deaths at 2073.

One Hundred Suspected Cases in Paris.

PARIS, Sept. 7.—There are now 100 suspected cases of cholera at the Hotel Dieu. Four patients received Sunday at the Trousseau Hospital died Sunday night; two died out of 15 taken to the Cenot Hospital, and three out of six taken to the St. Antoine Hospital. The sickness is bad in the eastern, southeastern and southwestern quarters of the city.

The Havre papers trace the cause of the infection to the steamer Rugia allowing passengers to land and spend several hours walking about town and frequenting refreshment houses. Some of these persons complained at the time of being ill.

The statistics of the Board of Health confirm the report of a slight improvement of affairs. Since the outbreak of cholera 305 persons have died of it in Paris and its suburbs.

Dreadful Ravages in Hamburg.

HAMBURG, Sept. 7.—Since noon yesterday 674 new cases of cholera and 264 deaths have been reported. According to official figures there have been since its outbreak here 6798 cases and 2940 deaths. Little reliance is placed in these figures, however, as there is a strong suspicion that they do not begin to show the full ravages of the disease.

The Report from Antwerp.

ANTWERP, Sept. 7.—The cholera situation in this city is satisfactory. Since the outbreak of the disease here 75 persons have been attacked. Of this number 22 have been cured, 25 died and 28 are still undergoing treatment.

Twelve new case of cholera and 10 deaths have occurred at Boom and 9 new cases and 7 deaths at Bornhem since the outbreak of the disease in those places.

No Danger in Berlin.

BERLIN, Sept. 7.—Dr. Guttman at a meeting of the Sanitary Commission yesterday announced that there was now not the slightest ground for fear of a cholera epidemic in this city. Cholerine was steadily diminishing and only 10 suspicious cases were taken to the hospitals during the forenoon of yesterday.

The sanitary measures adopted by the German authorities are stopping the importation of Russian rags, many thousand bales of which are waiting on the frontier owing to importers declaring their inability to execute the required regulations in regard to fumigation and disinfection.

Thirty-one Deaths at Paris.

PARIS, Sept. 7.—Four cases of choleraic disorders occurred yesterday in St. Ouen, a village four miles north of this city.

The frightful suddenness with which some persons succumb to the disease is shown in the case of a workman at Fermaize, in the Department of Marne, who died in great agony two hours after being attacked with illness of a choleraic nature.

Thirty-one persons died in this city yesterday of choleraic disorders, and 329 patients suffering from the same malady were admitted to the hospitals during same time.

Twelve Deaths Reported in London.

LONDON, Sept. 7.—In the weekly mortality returns the Registrar-General, after giving the death rate of London as 16 per 1000, states that 12 deaths were due to cholera or choleraic diarrhœa.

Quarantine at Detroit.

DETROIT, Sept. 7.—The Board of Health has declared to establish a 20 day quarantine in Detroit against emigrants coming by way of Canada into the United States. As in New York, 20 days will be the limit, but it does not follow that all or any emigrants will be detained that length of time. If there is any sickness on the train suggestive of cholera the passengers can be held 20 days.

SUSPENSION OF EMMIGRATION.

Canada Will Impose the Same Restrictions as the States.

LONDON, Sept. 7.—Sir Charles Tupper, High Commissioner of Canada, acting on orders from Ottawa, has advised the consul at Dieppe and all concerned that Canada is determined to impose the same quarantine as the United States against all emigrants, except Scandinavian and British. All other emigrant business is suspended, though in view of German and other emigrants waiting to proceed to Canada it is thought a special steamer might be sent to Quebec prepared to undergo quarantine.

Stops All Immigrants.

A Reuter's telegram from Montreal says the Quebec Provincial Board of Health has absolutely stopped the entrance of all emigrants. If this is true, it quite upsets the Canadian Government's stoppage, which does not apply to British or Scandinavian emigants. If untrue, it should be denied, to prevent further injury to passenger traffic.

Whittier's Illness.

HAMPTON FALLS, N.H., Sept. 7.—Whittier passed a fairly comfortable night.

SIR JOHN ABBOTT'S CONDITION.

There Has Been No Improvement in His Health.

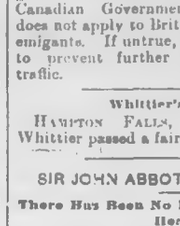
MONTREAL, Sept. 7.—Sir John Abbott came to town from Ste. Anne's yesterday morning and about noon paid a visit to the Royal Victoria Hospital. He lunched at the St. James' Club and in the afternoon left for home. His appearance shows a great change. The old man erect, who used to tramp around Parliament Hill in the coldest days of last winter, was now half doubled, and everybody who saw him must have been convinced that Sir John Abbott could not much longer retain his position as Premier of the Dominion. It was rumored around the Windsor last evening that Sir John Abbott would formally resign this week, and that Sir John Thompson would succeed him before next Sunday. In that event Montreal politicians believe that the new Premier would ask Hon. W. R. Meredith to become Minister of Justice; that Lieutenant-Governor Angers would be called to the leadership of the Senate in place of Sir John Abbott, and that Sir Adolphe Caron would become the inhabitant of Spencerwood, even while the enquiry before the Royal Commission is in progress.

DON'T feel with Indigestion. Take BEECHAM'S PILLS.

BABY ONE SOLID SORE

Tried Everything without Relief. No Rest Night or Day. Cured by Cuticura Remedies.

My baby, when two months old, had a breaking out with what the doctor called eczema. Her head, arms, feet, and hands were each one solid sore. I tried everything, but neither the doctors nor anything else did her any good. We could get no rest day or night with her. In my extremity I tried the CUTICURA REMEDIES, but I confess I had no faith in them, for I had never seen them tried. To my great surprise, in one week's time after beginning to use the CUTICURA REMEDIES, the sores were well, but I continued to use the RESOLVENT for a little while, and now she is as fat a baby as you would like to see, and as sound as a dollar. I believe my baby would have died if I had not tried CUTICURA REMEDIES. I write this that every mother with a baby like mine can feel confident that there is a medicine that will cure the worst eczema, and that medicine is the CUTICURA REMEDIES.



MRS. BETTIE BIRKNER, Lockhart, Texas.

Cuticura Remedies

Cure every humor of the skin and scalp of infancy and childhood, whether torturing, disfiguring, itching, burning, scaly, crusted, pimply, or blotchy, with loss of hair, and every impurity of the blood, whether simple, scrofulous, or hereditary, when the best physicians and all other remedies fail. Parents, save your children years of mental and physical suffering. Begin now. Cures made in childhood are permanent.

CUTICURA REMEDIES are the greatest skin cures, blood purifiers, and humor remedies of modern times, are absolutely pure, and may be used on the youngest infant with the most gratifying success.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50 Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, chapped and oily skin cured by CUTICURA MEDICATED SOAP.

FREE FROM RHEUMATISM
In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest, and muscular pains and weaknesses. The first and only instantaneous pain-killing plaster.

Notice to Creditors.

In the Matter of the Estate of WILLIAM CHAMBERLAIN, late of the Township of Otonabee, in the County of Peterborough, Farmer, deceased.

NOTICE is hereby given, pursuant to the provisions of the R. S. O. 1887, chapter 110, that all creditors and others having claims against the estate of WILLIAM CHAMBERLAIN late of the Township of Otonabee, in the County of Peterborough, Farmer, deceased, who died on or about the 29th day of May, 1892, at the said Township of Otonabee, are on or before the first day of October, 1892, to deliver, or send by post prepaid to STRATTON & HALL, Hunter street, Peterborough, solicitors for JAMES HALL and EVANS INGRAM, executors of the estate of the said deceased, a full statement of their Christian and surnames, addresses and description, and the full particulars of their claims, a statement of their accounts and the nature of the securities, if any, held by them.

And further take notice that after the said last mentioned date the said executors will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which notice shall have been given as above required and the said executors will not be liable for the said assets or any part thereof, to any person or persons of whose claim or claims notice shall not have been received by them or their Solicitors at the time aforesaid.

STRATTON & HALL,
Solicitors for Executors.

Dated at Peterborough this 30th day of Aug. 1892.

Imported Mantles!

The days are going by swiftly. Summer, according to our calendar, ended with the month of August, and now comes Autumn. One half of the year we study how *little* we can wear, the other half how *much*.

MANTLES!

These are our great leaders just now. Our new styles are pronounced the finest ever introduced in Peterborough, and our importations are certainly the largest. The range of prices is so varied, and the sizes and styles so well graded and attractive, that ladies will find it a very simple task to make selections.

MANTLE MATERIALS are in great variety including the latest and richest products of the leading manufacturers, such as

Sealettes, Curl Cloths, Beavers, Fancy Mantle Cloths, &c.

An inspection of these goods will be a pleasure to all lady shoppers.

ALL READY.

OUR DRESS AND MANTLE MAKING DEPARTMENT is now open for the autumn trade, and we can assure the ladies of the utmost care and attention in the execution of their orders.

A. STEVENSON, Secretary

WOULD YOU BUY,
If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer streets, between Townsend and Rink streets—$1,350. Look it up. Will have two on Dalhousie; work now going on.

WM. FITZGERALD,
Builder and Contractor.

J. C. Turnbull.

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

J. C. TURNBULL,
George and Simcoe Streets,
PETERBOROUGH.

JIM CORBETT CHAMPION.

A GREAT FISTIC BATTLE AT NEW ORLEANS.

The Young Californian Out-Manoeuvres Sullivan and After An Admirable Display of Sparring, Knocked the Boston Man Out in the Twenty-First Round—Full Report of the Fight.

NEW ORLEANS, Sept. 8.—The crowd that flocked in the streets yesterday was noticeably larger than on any previous day of the fighting carnival. The town was chock-full at 4 o'clock this afternoon and all the men who stood along the curbs were talking about the fight.

Corbett got up at 7 a.m. and was feeling first rate. He took a sponge bath and ate a square meal. He stayed in the house all day, not leaving it until he went to the fight.

Sullivan did not leave his room until about 10 o'clock. He was then taken to the Sporting Men's Gymnastic Club, where he took light exercise to prevent getting stiff.

The mob went out to the club house in every car that started from anywhere along the line. It was a great mob in numbers, and by 7.30 the galleries in the arena were as full as they should have been. The reserved seats were only pretty well filled and the house began to look like a real good one. At the McAuliffe and Dixon affairs there were more people in the building at the same hour, but there were more people who, for this go to-night, had reserved seats and did not come away out of the club house, which is situated so far away from the centre of the city, until a time when there is a possibility of a quick assuming of hostilities.

The Noted Colored Men Present.

A rather interesting incident occurred while the assemblage was waiting, when one of Pugilist Dixon's friends, Lawyer Vance, was ordered out of the arena. Dixon was with Vance at the time, and when he found that Vance must go Dixon dignifiedly said he would go, too. It was all a question of color. The club does not allow colored men to see their shows, but made an exception in Dixon's case, because George had been a contestant in the ring of the organization, but when George tried to have his friend, the man in whose house he has been living, to see the show he was called down. The little fellow was equal to the occasion, all the same, and went to President Noel to say in a quiet way that Mr. Vance must be allowed to remain. Vance remained after that. Tom O'Rourke, Dixon's backer, sought out Clark of Chicago, Johnny Murphy's backer, and informed him that in case the Sullivan-Corbett fight was of short duration Dixon would fight Murphy on the same stage and give the spectators a little more fun for their money. Clark was mum. This was the result of a slight verbal scrap between the two early in the evening.

One of Corbett's seconds to-night was Jim Daly of Philadelphia, who has been with Corbett as sparing partner for a long time. It happened, however, it was only by a scratch that Daly got there, for he hit a man and nearly did him up at a ball in Oddfellows' Hall early this morning and was arrested. It took all the influence of the powerful Olympic Club to get Jim out of hock.

Corbett Won the Toss.

At the tossing for corners between Johnson for Sullivan and Delaney for Corbett this afternoon Delaney called "Tails" and won. He selected the "lucky corner," as it is called, the one that Fitzsimmons had twice and McAuliffe and Dixon occupied this week.

It was 8.40 when the scales were brought in to weigh the gloves, and at the same time it was officially announced that Billy Delaney and Prof. John Donaldson of St. Paul would do the chief work on Corbett when in his corner, and Daly, Dillon and Prof. Mike Donovan of New York Athletic Club would be around to hand up bottles and give advice. There was a tremendous crowd in the building at this time; no room could be found anywhere.

Bat Masterson was named as Corbett's timekeeper.

Sullivan came on first at 8.51 p.m. His last handlers, Johnson, McAuliffe, Jo Lannon and Casey, were with him. Jack Ashton was not to be seen. It was said Jack had seen too much from the red contents of the bowl and been fired

Corbett came in almost immediately after with his friends as named above, as well as W. A. Brady, his manager. Both were stripped all the way up and down, except that they wore trunks and shoes and stockings. Sullivan's trunks were of a bright green and Corbett's of a queer mixture of white and a shade of slate. Corbett seemed nervous after he had taken his seat and swung his legs from the floor up and back again like an amateur. Then all hands collected in the middle of the ring and shook hands, handlers and all. It was announced that Sullivan weighed 212 pounds and Corbett 187 pounds.

Prof. Duffy, the referee, ran from corner to corner, looking out for bandages on bodies and waists, and finding none ordered things to go on. When the 5-ounce gloves were distributed Sullivan had trouble in getting his hands into his. Corbett was ready in an instant. Sullivan laughed with his handlers, as though he had told a funny story of his own after he had shaken hands with Pompadour Jim.

THE BEGINNING OF THE BATTLE.

A Hushed Silence Falls Over the Arena—Not a Blow Struck in the First Round.

NEW ORLEANS, Sept. 8.—A hushed silence fell over the vast multitude as the giants faced each other. There was a difference of 25 pounds between the men, but what Corbett lacked in weight he made up in height.

ROUND 1.—This was a ridiculous exhibition of prizefighting. Sullivan made no less than seven feints with the left for Corbett, but Corbett ran round the ring each time and not a blow was struck.

ROUND 2—Corbett made no effort to do anything but walk around. The big fellow stood up leisurely and looked at Corbett. He then let go a left on Corbett's shoulder and a clinch followed on the breakaway. Corbett touched him on the breast. Another clinch followed and Corbett tried to land his left on Sullivan's face. Jim did get in a slight blow on the stomach before the second round ended and the crowd was happy.

ROUND 3—Sullivan missed a left-hander for the jaw and then touched him on the stomach. It was a rattler of no harm, however. The first good blow struck was by Corbett, who ran in on top of a run by Sullivan. Corbett also reached two lefts on Sullivan's body. Whenever Sullivan led Corbett ducked, and John could not touch him. This occurred three times.

Sullivan's Wild Goose Chase.

ROUND 4—Sullivan made two runs at Corbett, but Jim ran away, and no blow was struck. Sullivan continued to run in on him, but Jim's feet were too quick for the big fellow, and he slipped away like a good sprinter. Sullivan laughed at the business and Corbett let his left go lightly on John's face. John laughed the more and returned his left on Corbett's back as Jim turned away. It looked like one man after another in a race excepting two light blows that Corbett got in on the former champion's face.

ROUND 5—In this round Sullivan caught Corbett a fairly hard blow on the chin, but Corbett clinched and nobody was hurt. Sullivan missed with the left and followed that with a trifler on the shoulder with the left. Sullivan made a rush, and Corbett went at him. What followed is hard to describe. Corbett smashed him with right and left on the stomach and face and had the big fellow's nose bleeding in no time. Right and left, right and left Corbett banged and Sullivan wasn't in it. Corbett hammered him as a Dixon could smack a Skelly. The champion became surprised, blood flowed from his nose and the big fellow was groggy. The activity and cleverness showed by Corbett was so admirable that the house got up and yelled.

ROUND 6—Corbett jumped around like a cat and worried the big fellow, getting in two light blows on the stomach. Sullivan missed one left hander for the face, but otherwise nothing was done in the round.

ROUND 7—Two slaps on the body, one from each, opened this round and after a bit of fighting Corbett let his left go on John's stomach, John did not seem to mind it, but Corbett went at him and gave him two good smashes in the face with left and two more soon after. Sullivan's nose was bleeding again freely. Corbett ran in and rushed Sullivan to the ropes, letting go right and left on the big fellow's body. Sullivan could make no return. He was tired when he went to his corner, though he had done nothing in the round but take punishment.

Corbett's Deluge of Blows.

ROUND 8—Sullivan came out worried-looking. He made a left lunge at Corbett, but Corbett ducked cleverly. In a sally Sullivan landed his right on the ribs, but Corbett got in two good left jabs on the body, one in the face and again two light ones on the face and two on the body. Sullivan seemed to be played out or waiting for a chance to land the knock-out blow.

ROUND 9—Corbett again led, but without effect. Sullivan led the left, but Corbett ducked. Then Sullivan gave him a back-hander on face with little harm and gave another left on the shoulder. Sullivan did not show any want of wind, although Corbett hit him five times, one after the other, three on the body and two on the face. Corbett was away ahead in points, but his blows did not seem to weaken the big fellow, who appeared only tired.

ROUND 10—Corbett stood up to his man like a major and the men eyed each other like panthers. Sullivan let go his left for the jaw, but only touched lightly. Sullivan missed with the left. Both landed lefts on the face, but weakly. The same came again. Sullivan's left found Corbett's face lightly. Sullivan missed the left and Corbett jumped back. Corbett landed left on face. Sullivan got in left in face lightly.

ROUND 11—It now began to look like a long fight. Sullivan could not get in a straight blow on the clever Californian, and Corbett could not hurt John when he did land. A couple of light passes and a good deal of running around by Corbett followed. Corbett hit Sullivan in the face with the left twice and with the left and right in a clinch. Sullivan's nose again was bleeding, Corbett walked around. Corbett made two good cracks on Sullivan, one on the face and stomach.

Looked Like a Hundred Rounds, but Wasn't.

ROUND 12—Sullivan was still steady, and it looked as if they might fight 100 rounds. Corbett got in his left three times in the stomach within three seconds, getting away each time and running around. Great cleverness was shown by Corbett in the way he jabbed and got away, but his blows did not seem to be effective. Sullivan now made a rush, but Corbett ran away and when he came back laughed. Sullivan tried same thing twice now and each time got a jab with his left on the stomach.

ROUND 13—Sullivan had a weary look when he came from his corner, and he let go his left. He could not get there, as Corbett ran away. This scene was repeated, and when Corbett came forward he was smiling, but was perspiring a great deal. Sullivan rushed him and Jim ran away. Sullivan did all the moving up and Corbett was jumping backward. Nothing was done in this round except one light blow of Corbett's on Sullivan's cheek.

ROUND 14—Sullivan led left on Corbett's neck and Corbett landed left on neck and both countered with the left on face. Corbett landed two lefts on the face and in another attempt both missed. Each now touched the other with the left and then missed. Corbett again got his left on Sullivan's face and then missed with his right. Both missed a double blow with the left. No blow was struck in the round that would have broken a pane of glass.

ROUND 15—Sullivan went in to do Corbett this time and rushed Jim three times. The Californian's long reach held John at bay and the big fellow could not break in under the guard. On the contrary Corbett's left found Sullivan's face twice. In two more rushes by Sullivan Corbett held him off and plunked John on the ribs and stomach with his left. Sullivan had become very ugly-looking before the end of the round, but Corbett did not mind that a bit. He went on dancing away from the blows as before.

Sully's Nose Was a Mark.

ROUND 16—A mutual rush occurred at the opening of the round, but both missed their blows. Sullivan fell short with a right hander and Corbett hit him on the nose lightly. This Corbett followed up with a jab in the stomach and two on the nose with the left. Sullivan appeared to be getting desperate. He went at Corbett cautiously, but Corbett was not there. John seemed more worried than ever, especially when he received another tap on nose from Corbett's left.

ROUND 17—Sullivan succeeded in getting a light left in Corbett's face. With this exception there was only sparring during the round. The house had a good deal to laugh at in the men's actions, but nothing to get excited over.

ROUND 18—Corbett's cleverness in tapping Sullivan and getting away was greatly admired. Up to this time and when he jabbed the big fellow four times on the face in succession, the spectators raised a howl. Sullivan here got in a left on Corbett's breast, but it didn't hurt. Then Corbett touched John up for two right handers on the body amid more howls. The people seemed now with Corbett.

ROUND 19.—On coming together Sullivan hit Corbett on the neck with the left pretty hard, and Corbett countered with the left on the stomach. Sullivan missed a left meant for the face, and Corbett laughed at him. At that Sullivan's face took on a savage snarl. He chased Corbett around the ring. Corbett again came forward and landed his left on Sullivan's stomach and face and his right on the big fellow's stomach.

Sullivan Was Plainly Groggy.

ROUND 20—Sullivan's left struck Corbett's breast as they came to the centre of the ring, but not not two seconds occurred afterward before Corbett sailed into him with left and right. Corbett caught Sullivan on both sides of the head close to the ropes, and this same done the Californian repeated after another second. Corbett followed this up with seven more blows of the same kind and Sullivan could not protest himself nor get in a single blow in return. He was plainly groggy and weak. Corbett was very fresh and confident at the sound of the gong, at which time he was smashing Sullivan at a great rate on both sides of the head.

ROUND 21—In regard to this trifling minute and a half which decided the heavyweight championship of the world a great deal might be said. That the contest would end in that round no man present believed. Sullivan came from his corner in the same shape that he had shown for a dozen rounds before. He had the same grim expression on his face and seemed to be as at any time during that period. He continued to do the edging in and Corbett followed his original tactics of edging away. This sort of trade was not going on very long—not more than 10 seconds when Corbett jumped back, rushed forward hit John on the nose and John was dazed. Corbett went at him further and the same old nose was again smashed and more blood came out. John looked astounded and Corbett jumped back with the merry smile of a schoolboy with a big apple. Suddenly he returned to the fray, and before Sullivan knew what was the meaning of the Californian's happy look he got a crack on the side of the head that made him close his eyes. With this Corbett was on top of him in no time. Left hand on one side of the head and the right hand on the other. Poor John L. Sullivan became an unconscious beaten man. He staggered about on his pins for a second or so and while displaying this fatal weakness Corbett went down on him again as a crow lights on corn where there is no dummy in the middle of the field. A right on the ear and a left on the jaw settled the business and the championship.

The referee looked at his watch and still Sullivan could not rise. The 10 seconds were up and Sullivan was declared defeated. The seconds assisted him to his corner. Even then John L. was out and did not know what was going on. It was not for over two minutes that he recovered himself. Meantime Corbett had retired to his corner on the order of the referee, while the man who has so long been known as the champion of champions was counted out and carried to his chair. When the seconds were at last at an end Prof. Mike Donovan of New York Athletic Club and W. A. Brady, Corbett's manager, sprang to the stage and flung their arms around the Californian.

FELL LIKE A LOG.

Corbett Aims a Knock-Out Blow That Was Keen, Clever and True.

NEW ORLEANS, Sept. 8.—The last blow of the 21st round sent the great John L. to the floor with a thump, the second time in all his long career that he had ever been knocked down, but he was down, and surely and permanently.

It was a clear and clever knock-out blow. Sullivan doubled up his legs as if in pain, but in another instant seemed to collect his senses and made an effort to rise. He failed in that and tried the second time, with the same result. He was knocked out pure and simple. His seconds had to come to him.

To the Victor Belongs the Spoils.

The young man was now champion pugilist of the world and winner of the $35,000 in purse and stake, as well as a reputation that will turn perhaps ten times that amount into his exchequer. Corbett returned the cordial salutation with a hearty embrace, while tears welled up into his eyes. Others jumped up the clever Californian and hugged him. They had probably won money at 2 or 3 to 1 on him. While this hugging was going on Sullivan's handlers were pouring water over him and placing ammonia to his nose, and with much trouble brought him around. When he did come to he looked up at Jack McAuliffe, who was fanning him with the towel, and after opening his eyes half way, or as far as he could, and said in his more than ordinary bootleg voice:

"Say, am I licked? Did that young fellow do it?"

McAuliffe sorrowfully admitted that that was the case. John did not say any more until Corbett came over and shook hands with him. John got up, took Corbett's hand and then spoke to the crowd,

"Gentlemen," said the ex-champion, "I am only glad that the championship has been won by an American."

This speech brought down the house as it has not been affected during all the week. There was a great wild and woolly west hot southern enthusastic yell when Corbett knocked John L. Sullivan out, but that noise was not more than a marker to the wild mad-house demonstration that the gang made when John L. said these words.

CRUSHED UNDER A TROLLEY CAR.

A Toronto Bicycler Almost Instantly Killed.

TORONTO, Sept. 8.—John H. Heard, aged 25, a single man who resided with his father at 35 Wellington-avenue, and was employed as assistant foreman of the boiler department of the Polson Iron Works, was killed last evening by a trolley car. He was a bicyclist and was riding his wheel when death overtook him.

The accident occurred at 6.10 in King-street, about 50 yards east of John.

Heard and a companion named Mitchell, who is employed at the New Fort, were riding their bicycles west on the south track behind trolley car 208, also bound west. The bicyclers were on the north track, and observing a car coming east on the same track, they turned in on the devil's strip. Mitchell who was in advance had passed car 208 a few yards when his wheel caught in some obstruction and he was thrown to the ground. Mitchell fell to the south clear of the rails. Heard was immediately behind him, and his wheel caught in that of Mitchell, throwing him on his face to the north under the wheels of the oncoming car. George Scott, the motorman of the car, observed the accident and at once applied the brakes, and the car, which was running slow, was stopped within a few feet—six feet, the motorman says. The front wheel of the car had, however, passed over the poor bicycler, cutting off his right leg a few inches above the ankle, while the top of his head had been crushed as an eggshell presumably from being caught between the fender and the opposite wheel. When found Heard was lying on his back, the fender having turned him over. The car was slowly pushed back and Heard was tenderly lifted up and carried to the sidewalk, and despite his terrible injuries lived three or four minutes. The body was placed in the patrol wagon and taken to the morgue, where Dr. Aikins will hold an inquest at 4 p.m. to-day.

Meantime Mitchell, who was temporarily stunned by his fall, had recovered and at once started for the Fort. He fell within a few inches of the track and was an eye-witness of the mangling of his companion, and the shock occasioned by this sight and his fall so unnerved him that he is confined to bed under the doctor's orders.

Pilgrims to the Shrine.

WATERTOWN, N.Y., Sept. 8.—Eleven cars of pilgrims passed through Watertown at 9 yesterday morning on their way to St. Anne de Beaupre.

Beheaded at One Stroke.

ST. PETERSBURG, Sept. 8.—A horrible murder has been committed at the Schuvale barracks. The murderer was a bandsman of the Imperial Guard, who was actuated by jealousy of a comrade. The murderer stole up behind his victim while the latter was at mess and dealt the unfortunate man a terrific blow with a sabre, which completely beheaded him, his head falling into his plate.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

South Monaghan.

(From Our Own Correspondent.)

OBITUARY.—It is with feelings of profound sorrow that we record the death of Mr. Wm. Wright, of Fraserville Mr. Wright was 78 years of age at the time of his death which occurred on Tuesday night, August 27th. He had been ailing for some time although not confined to his bed. Being of a quiet nature and pleasant manner he was highly esteemed and loved by all who knew him. The deceased was a native of Ireland, a weaver by trade, and came to this country about the year 1840. He also raised a large family six sons and five daughters, there now being only one son and daughter at home, the rest are married. He was also a member of the Orange Order, joining the institution in the Old Country. The funeral took place at 3 o'clock, on Friday, at the family residence Fraserville, to the Methodist church burying ground for interment. There was a large number of brethren present to pay the last tribute to a departed brother, Mr. T. B. Collins being present from Millbrook. The wife and children have the deep sympathy of the entire neighborhood in their bereavement.

Mr. J. R. Stratton, with his usual interest in the welfare of his constituents, has been addressing meetings of the electors of the township. On Monday he addressed a meeting at Benefort on "The legislative work of the past session," and on Tuesday evening a similar meeting on the same subject at Ballieboro.

Mooncey and Bonar are busy threshing peas for the surrounding farmers, also Mr. James Batman.

The Misses McDowells have returned to their home after having a delightful time with their sister, Mrs. John Lightfoot.

We learn Miss Fortune, who was visiting with her aunt, Mrs. A. Goodfellow, has also returned home.

"No Surrender" is on the road again. Her proprietors, Donaldson & Might, are hustlers.

The many customers through here of Mr. John McBride, butcher, Baillieboro, will be pleased to learn that Mr. Alfred Mayrock, Insurance Agent, has taken charge of the business while Mr. McBride is away, the latter has not been in the best of health lately and so is taking a trip through the prairie country.

Lakefield.

(From Our Own Correspondent.)

No council meeting last week.

Court Lakefield, C. O. F. meet on Thursday evening.

Messrs. C. and J. Millage, old Lakefield boys, but now residing in Detroit, are here on a visit to friends.

John Hall, Esq., J.P., had a 'field day' on Thursday, being engaged trying a number of cases under village bylaws.

R. Q. Dench says some kind friend sends him the *News* every week, and he is unable to thank him, not knowing the address of the donor. It cheats the printer, as he will not subscribe as long as he gets one sent free.

"Jolly Jack," of the Burleigh Hotel, killed 24 ducks last Friday. Several other good bags were obtained.

There are numerous complaints of Saturday night and Sunday sale of liquor at Julian's Landing on Stony Lake. In consequence disgraceful scenes destroy the quiet of the Sabbath day.

The lake looks deserted now, though there are still quite a number of the cottages occupied. The store and post office are closed so that campers now depend on the boats for their supply of provisions and mail matter. The season has been a good one for the boats and pleasant for camping.

To-day was Lakefield's civic holiday, but owing to a number being out of the village and the Orange excursion to McCraken's Landing, all idea of a celebration had to be given up, so the day will be spent visiting friends, fishing, shooting, or making the trip with the Orangemen on the "Golden City" or round to Chemong on the "Sunbeam." With the idea that the committee would hold the annual games, Major Sloan, of the American camp, Beechink, very kindly placed at their disposal for the day his handsome launch the "Estella" to serve as a boat for the judges to go over the regatta course as occasion might require. Although not required, the kindness of the offer was fully appreciated.

Mr. and Mrs. James Stewart, Young's Point, passed through Lakefield on Monday on their way over to Rochester for a trip. They will visit the Falls, Cleveland and Toronto before returning home.

Have you Head

How Mr. W. D. Wentz of Geneva, N. Y. was cured of the severest form of dyspepsia? He says everything he seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write C. I. Hood & Co., Lowell, Mass.

The highest praise has been won by Hood's Pills for their easy, yet efficient action.

Young's Point.

(From Our Own Correspondent.)

The Saturday night trips of the steamboats to Stony Lake have ended for the season. The last trip was made by the Mary Ellen on Saturday night last, it being the only boat which ran to the islands on that night.

Mr. and Mrs. McFarlane and family, and Mrs. Hill of Ottawa, sister of Mrs. Mac., spent the past week rusticating at their summer resort in Stony Lake.

Mr. Brock, of the Upper Canada College, has been spending part of his holidays at the Point, fishing and boating.

Fishing at present is reported as being better than it has been for many years past, both for size and quality. An 18 pounder was captured on Saturday by Sheriff Hall of town. The climax is not yet reached.

Mr. John Dinweodie is engaged with a number of men in constructing a large pier in the river below the dam. It is to serve as a breakwater against the current of an eddy, which since the construction of the dam has made great inroads on the shore of the river. He expects to have it completed in a month.

Miss Minnie and Annie Young, daughters of Mr. C. Young, left last week for Lindsay to complete their education in the convent in that town. We extend our best wishes to our young friends in wishing them success.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

BIRKENHEAD TORONTO

Fairmount.

(From Our Own Correspondent).

On Saturday the 3rd inst, the teacher and pupils of the Fairmount Public school held their annual picnic in Mr. Howden's woods near the school and among the attractions was a baseball match between the Peterborough and Lifford clubs. While the game was going on a couple of individuals under the influence of liquor, from Peterborough, took up a position within the ball lines and made the afternoon unpleasant with using profane language. After being remonstrated with they soon became more disagreeable and hit and shewed those who interfered with them. Some of the boys persuaded them that it was best to keep quiet and in doing so gave them a good thumping. These ruffians did not belong to the Peterborough club which is composed of gentlemanly lot of boys.

The Tripod.

According to the Babylonian Talmud, "Nine hundred and three are the kinds of death made in this world." Physiologists drop the nine hundred, declare that life stands on a tripod, and assert that we die by the lungs, the heart or the brain.

The trouble that assail the great majority of men and women in this age arise from the great nervous system. This wonderful nerve organization is a most complicated structure, and so marvellously arranged that the slightest trouble in any one part at once affects the whole.

The brain is the great connecting link between the mind and the body; and all the organs of the body may be said to be the agents of the mind, inasmuch as the mind manifests itself through them all. It is therefore of the utmost importance that the great nerve system should be kept in perfect order and repair.

The sleepless, nervous, irritable, despondent and dyspeptic are suffering every day from terrible nerve troubles. These ailments, which at first appear hardly worthy of attention, lead straight on to paralysis and insanity when neglected.

Hundreds of men and women in our public and private insane asylums are the victims of nervous troubles which might have been cured had early attention and proper care been given to them.

To-day, the victims of nerve troubles have sure and unfailing cure in Paine's Celery Compound, which is known to the medical faculty as a great "nerve food." This heaven-given preparation possesses the necessary virtues and powers to snatch the nervous from the perils which surround them. It is a cure for sleeplessness, irritability and despondency—troubles that are as common in our country as toothache. There is little hope for the nervous individual if the ordinary medicines of the day are used, as they cannot reach the nerve centres. Paine's Celery Compound alone is fitted for the great work; thousands have used it, and none have been disappointed with the results obtained.

Nervous and broken-down mortal, we counsel you to try the remedy that never fails, if you value life and wish to be strong and happy.

Annual Exhibitions.

Where They Will be Held and the Dates of This Year's Shows.

The EXAMINER in accordance with its usual custom, publishes a list of some of the leading exhibitions of Ontario and of all the annual fairs in this district. As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

Cure for A Comet pation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 25 cents per package. dw

A Lucky Find.

Diet.

"Mamma," asked a little boy, "what are people made of?"

"Dust, my dear."

"Dust is dirt, isn't it?"

"Yes, what you call dirt—the earth—the ground."

"And if animals are not so good as people, perhaps they are not made of as good kind of dirt, are they, mamma?"

"Perhaps not," she said.

"There's different kinds of dirt," he went on. "Some kinds of dirt shake off, and some kinds stick. I think some kinds of dirt is clean dirt, mamma."

"Perhaps so, Willie."

Willie heaved a sigh. The subject was getting deep.

"Well, what is dirt made of?" he asked.—Harper's Young People.

Dr. Morse's Indian Root Pills remove all obstructions, purify the blood and give to the skin that beautiful clear and healthful look so greatly admired in a beautiful and healthy woman. At certain periods these Pills are an indespensible companion. From one to four should be taken each day, until relief is obtained. A few doses occasionally will keep the system so healthy, and the blood so pure, that diseases cannot enter the body. Dr. Morse's Indian Root Pills are sold by all medicine dealers.

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

A Great Surprise

Is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

AN APPETIZER.—Those who are in the habit of taking an appetizer before meals cannot do better with regard to economy and effect than use the Indigenous Bitters. 1d

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

Ayer's Pills

Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of the pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills

are recommended by all the leading physicians, and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills

are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes.

"I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used."—Frank Spillman, Sulphur, Ky.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists everywhere.

Every Dose Effective

of Fancy Art Silks to be sold cheap at Miss E. MELVILLE'S, 424 George street.

Pollard's Home Made Bread,

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

Separate School Board.

Dr. Brennan, (chairman), and Messrs. Lynch and Quinlan were the members of the Separate School Board who were present last evening—in consequence no meeting took place.

Going to Get Married?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your homes at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the country for cash or credit.

AUCTION SALE

Of Refrigerator, Scales, Tea Cans, Office, Cash Register, and balance of stock of W. J. Morrow's will take place at his shop, 340 George street, Saturday 10th, at 11 o'clock.

Will go to Kingston.

On Tuesday morning next Staff Sergt. Robt. Hay, Sergt. A. Hutchinson and Corp. Kennedy, of the right wing of the Durham Field Battery, will leave for Kingston to take part in the D.A.A. matches at Kingston. These matches will last several days. A team of eight members will go from the Durham Field Battery, the others being selected from Millbrook and Port Hope.

Always on the Move.

As stated in the column of this paper on Tuesday, Mr. J. J. Sheehy visited the wholesale dry goods market during the previous part of the week, and as a result the public will do well to read his advertisement and visit his store. One thing about Mr. Sheehy worthy of favourable comment, is the fact that he advertises just what he intends doing, and carries it out with the public. On Saturday, in all probability, the goods will be opened out ready for sale. He would simply ask the public to look at the goods displayed at the door and take note of the prices at which they will be marked. 1d1w

A Joint Health Meeting.

The Board of Health and the Health Committee of the Town Council will hold a joint meeting to-morrow night in the town clerk's office at 8 o'clock to co-operate in taking rigid means and every possible method in order to restrain the insidious cholera microbe from finding a lodgement in Peterborough. No mercy, the health authorities say, will be shown citizens who do not keep their yards and premises pure. Let all the citizens unite to assist the Board of Health in every manner known in inaugurating an era of cleanliness. Prevention in this matter, as alike in every other, is better than cure.

Wedding Bells.

Matrimony seems to be the fashion these days, sundry interesting events coming with unusual frequency. Last evening at 6 o'clock at the residence of the bride's mother, Boanerd street, Mr. George A. L. Baker, foreman in the Central Iron Bridge Works, was united in marriage to Miss Mima Isabella Creamer, youngest daughter of the late Patrick Creamer. The ceremony was performed in the presence of about fifty guests by Rev. C. B. Kenrick, curate of St. John's. The duties of bridesmaid were performed by Miss Laura Young, and Mr. Harry Harvey supported the groom. The bride was dressed in cream cashmere, with cream lace trimmings, and wore cream roses. After the ceremony the guests sat down to an elaborate wedding breakfast, followed by several hours passed in social enjoyment, and in admiring the fine array of bridal presents, some of which came from as far as Winnipeg. Mr. and Mrs. Baker took the midnight C. P. R. express for a wedding tour of about a fortnight among the Thousand Islands and other points of interest. On their return they will take up residence on Johnson street, off Bolivar street, town. Both are highly respected and will receive the most cordial wishes, for a life of wedded happiness and prosperity, from their large circle of friends.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Personal.

Miss Ella Cunningham is visiting friends in Uxbridge for a few days.

Mr. T. H. Benton left this morning for Grand Rapids, Mich., where he will reside.

Mr. and Mrs. W. H. Best, of North Dakota, are in town, the guests of Mr. V. Best, Brock street.

Dr. H. L. Cook, general agent of the Standard Life Assurance Company, Toronto, is in town to-day.

Messrs. W. A. Phillips, of New York City and W. A. McGillis, Chicago, Ill., are guests at the Oriental.

Mrs. H. S. Kirby and Master Thomas Kirby, Ottawa, are guests of Mrs. Wm. Bradburn, Stewart street, for a few days.

The Kendal correspondent to the Port Hope *Guide* says:—The Misses Lane, of Peterborough, are staying at Mr. D. Comstock's.

Mr. A. White, general traffic manager of G.T.R. and Mr. J. M. Riddell, superintendent of the Midland Division, Belleville, were in town last night.

Mr. McCutcheon, general agent of the Manufacturer's Life Assurance Co., Toronto, is paying an official visit to Mr. W. A. Horkins the active local agent.

Mr. J. R. Stratton, M.P.P., addressed the electors of South Monaghan at Bailliebro on Tuesday evening and at the Grange Hall, North Monaghan, last night.

Miss A. Kirkland, of Point Edward, who has been the guest of Miss Paton, Reid street, for a few days, returned home yesterday morning after a pleasant visit.

Mrs. Thos. Dale, 56 George street, who has been absent the past two months on a visit to friends and relatives in Strathroy, London and Toronto, returned home yesterday. Mrs. Dale had a pleasant tour and greatly enjoyed her outing.

Mr. A. V. R. Young, having accepted the appointment as Superintendent of Agencies for the Standard Loan and Savings Company for the province of Ontario, lying east of Toronto, the province of Quebec, New Brunswick, Nova Scotia, and Newfoundland, also Prince Edward Island, will still retain his present office in town, having received instructions from the above company to make Peterborough the head office for aforesaid district.

The Hastings *Star* has the following personals:—Mr. R. B. Rogers, Supt. Trent Valley Canal, passed through town on Wednesday last on his way to Healy Falls, where his men are engaged repairing the dam and slide.... Miss M. Hurley, of Peterborough, is spending a few days with her sister, Mrs. Dr. Coughlan..... Miss Rose, of Peterborough, has been managing Miss Peters' millinery store during her absence in Toronto. .....Mr. J. Z. Rogers, of Peterborough, went down the river duck shooting last week and secured some beauties..... Miss Kelly, of Peterborough, is visiting friends in this neighborhood.

Coats Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKER'S Steam Dye Works, Charlotte street

Washburn's Circus.

An exchange says:—"Washburn's circus of last Tuesday was well patronized afternoon and evening, every seat being occupied. The horizontal bar and trapeze acts were equal to the best ever seen in more pretentious shows. The dogs were well trained, and the riding of the horses exceptionally fine. Taking all in all everything passed off finely, and the thousands departed highly pleased with the performance, and satisfied that they had well gotten their money's worth. Will exhibit in Peterborough on Sept. 13th.

The Charming Circle of the Lakes.

Reference to the advertisement of the "Sunbeam" in another place will inform the reader that the route of the steamer, the charming circle of the lakes, will cease on Wednesday, Sept. 14th, and that the second annual trip from Peterborough to Chemong, Bobcaygeon, Sturgeon Point, Fenelon Falls and Lindsay is on the 15th. Remembrance of the pleasure and courteous attention the "Sunbeam" and her officers have given thousands this summer, should secure a large patronage of the closing excursion of the season.

Junior Endeavour Meeting.

A junior Y.P.S.C.E. meeting was held in St. Paul's church school room last evening. There was a large attendance. Mr. W. F. Nelson occupied the chair. The junior Endeavourers occupied the central seats while the senior sat around the outside. The singing was lively and spirited, and the service throughout was very impressive. Mr. A. J. Johnston gave a graphic and complete account of the great junior Y.P.S.C.E convention held in Broadway Tabernacle on July 7th, of which he was a delegate. He gave a synopsis of the various excellent addresses delivered by the many distinguished speakers at the convention. His address was divided in two parts, and the intervening time was spent in praise and prayer. During the evening Miss Lillie Dickson sang the sole part of "Faith in Victory," all joining in the chorus. Mr. W. F. Nelson read Mrs. T. E. Clark's address to the senior Endeavorers at the New York convention. Bible readings and the Lord's Prayer repeated in concert were taken up during the meeting.

Some More Fun at Horse Racing.

Between thirty and forty lovers of good horseflesh hied themselves down to the racing track yesterday afternoon to have a bit of fun and see three prominent owners of fleet animals try a spin around the track. The race was purely for sport—no time was taken and no money put up. There were three starters as follows:—W. Croft's mare, "Hazel Mack," J. E. McIntyre's gelding, "Clan Alpine," and D. Belleghem's trotter, unnamed. The track was rough and heavy. The heats were a mile each, best two in three. "Hazel Mack," and "Clan Alpin" trotted in good form and showed visibly the good effects of their training of some weeks on the Woodbine track at Toronto. Mr. Croft's mare won the first heat, with "Clan Alpin" second and the third a good third. The second heat was very keen and exciting and neck to neck the horses came around the course, but as they crossed under the wire "Hazel Mack" was just a perceptible distance ahead. Mr. Belleghem's horse was distanced in the round. The third heat was another anxious one and the horses got off well together. This time it was the gelding race, and the wire was crossed by "Clan Alpin" about 20 yards head of "Hazel Mack." This ended the race and the fun and the crowd returned to town after enjoying half an hour's good sport. Martin Connors was starter and time-keeper.

BANKRUPT STOCK

All Winter Goods have to be cleared out. Tweeds for Suits will be sold less than cost. Large Stock of Mens' and Boys' Overcoats less than Half Price. Old Stand.

T. DOLAN & CO.

News Nuggets.

—The Gun Club will hold a shoot to-morrow afternoon at Riverside Park.

—Something new in Fancy Table Covers at Miss E. MELVILLE'S, 424 George street. Stamping done.

—The barbers and bowlers are playing a great game of ball this afternoon on the Riverside Park.

—Winch Bros., butchers, shipped a large carload of hams and bacon to Vancouver, B. C., by the C.P.R. yesterday.

—St. Andrews Y. P. S. C. E., will hold a grand parlour social in the manse on September 20th. An enjoyable time is anticipated.

—The band fund canvas is being prosecuted vigorously by Mr. J. Logan. Subscriptions for the new instrument fund are still coming in.

—The twentieth annual exhibition of the Burleigh and united townships' Agricultural Society, will be held in the village of Apsley on Wednesday, October 5th.

—A commercial traveller was up yesterday afternoon before His Worship Mayor Kendry, who presided on the bench, charged with being drunk and disorderly. He was allowed to go.

—Monsignor Farrelly, Belleville, is away taking a well earned rest. During his absence a committee of his congregation have given an order for a hot air furnace to be put into his residence on Church street.

—The Kingston *Whig* says:—"When City Clerk Finnigan was attending school in Ireland he won a gold medal for being the best penman in his class. Mr. Finnigan has been the city clerk of Kingston for 50 years. He is the father of Mrs. Dr. O'Sullivan, Peterborough.

—Rathbun's huge drive of saw logs, the Hastings *Star* says, will pass through there this week. It extends from Hastings to the mouth of the Otonabee river. The steamers Beaver and Golden Eye are engaged in towing the drive, which amounts to nearly 250,000 logs.

—How much money did you bank on the Corbett-Sullivan battle? A man could not be found on the streets to-day who had not laid a wager in Corbett's favour. Everybody now says that it was perfectly right and that they are glad the Big Boston Boy was whipped.

—Canoe races both singles and doubles will be held at Chemong Park on the 22nd instant. Some of the greatest canoeing events ever seen in this vicinity will be on the programme. Mr. Fobert is happy and is making great preparations for the coming aquatic episodes.

—The Peterborough Oil Company's storehouse which was erected last fall and situated in the C.P.R. yard at the corner of George and Dalhousie streets, has been removed by workmen several hundred feet away. It now faces on Townsend street and is 300 feet from any premises.

—A great canoeing event will come off this evening on Little Lake at seven o'clock. It will be a canoe and skiff race in singles from R. R. Hamilton's boat house round the Edison pier at McDonald's point and return—about ½ mile in all. This event has been gotten up by private parties. There are five entries.

—The arbitration between the townships and the town in the matter of the sewage emptying into the river will be begun to-morrow afternoon at 2.30 o'clock by the three arbitrators in the town council chamber. Witnesses will be examined on both sides and a thorough investigation made on which results the arbitrators will base their report.

—Messrs. W. H. Manning and J. R. Cobb, who were appointed judges by the Peterborough and Ashburnham Horticultural Society on the exhibits of fruits, flowers, fine arts and vegetables, judged the magnificent and elaborate display of these in the market building this afternoon between one and two o'clock. The list of prizes awarded this afternoon will be published to-morrow.

The Horticultural Exhibit

In Full Blast in the New Market Building—Many Entries in all Departments—The Exhibits are Fine and the Show Promises to be a Huge Success.

This morning everything around the market was all aglow with exhibits and alive with excitement. It was the extensive preparations going on for the fall exhibition of the Peterborough and Ashburnham Horticultural Society. An EXAMINER reporter shortly before noon to-day dropped around to the scene of bustle and excitement and was agreeably surprised to witness the extent, splendour and variety of the numerous exhibits in plants, flowers, fruit, vegetables, fine arts and ladies' work in fancy articles, embroidery of linen, crazy patch work, crochet work, knitting, children's work, etc. The great building with its many hundred of feet of flooring space never appeared to greater or better advantage. One of the directors grew enthusiastic over the display so large and varied and said, "We never had such glowing promises of a great exhibition before in all the past history of the society. The citizens generally have taken hold with a vengeance and co-operated with us in making the show a flattering success. It is a source of comfort to think that our efforts have not been given for naught." A fuller description of the display of all kinds, so rich and pleasing in appearance, will be given to-morrow. Among the principal exhibitors are Rev. V. Clementi 22 entries in plants, flowers and vegetables. Mr. R. E. Elcombe has a magnificent display of 11 cases of stuffed birds, animals and insects. Miss Kingan 14 entries in flowers, cut flowers and fancy work. Mr. F. Hamilton 82 entries, chiefly in flowers and vegetables. Mr. T. E. Bradburn 20 entries flowers and vegetables. Miss Storey has 15 entries in fancy work. Mrs. McF. Wilson is also an active exhibitor of fancy work of all kinds. Miss Laura Davidson has 15 entries in fancy work, and Miss Clementi 30 in some rich and rare paintings, flowers and fancy work. Mrs. T. F. Matthews also shows some grand fancy work also; she has 12 entries. Mr. Jacob Drope is the heaviest exhibitor in flowers and vegetables. In the Florists' and Market Gardeners' Class the displays of F. Mason and S. Jordan are worthy of notice.

Messrs. John R. Cobb and W. H. Manning, judges, performed their work this afternoon in a satisfactory manner. The doors were open this afternoon from two to four o'clock, and a large number attended.

The exhibition will be open this evening from 7 to 10 o'clock. The band will be in attendance. The gorgeous displays of all kinds will be shown by electric light.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

"The King of Mighty Mashers Falls,"

And with Him Falls a Lot of Cold Cash Put up on His Prowess by Enthusiastic Peterborough Sports.

A very complete report of the great gladiatorial combat at New Orleans last evening will be found in our telegraphic columns. The excitement in Peterborough was feverish and very intense. Shortly after ten o'clock the first returns of the contest began to arrive by the C.P.R. Telegraph Co., and to their credit be it said the returns came in consecutive and quickly and gave the fullest satisfaction to the hundreds of eager and waiting listeners. There were no less than eight places where the returns were read out, and everywhere an uneasy, jostling, eager throng had assembled. The places where the returns were read at the end of each round were: Belmoral, City, Snowden, Hub, Grand Central, C. P. R. and Oriental hotels, and at Mr. Frank Fairen's billiard parlours. The betting ran fast and furious before the despatches giving the details of the fray came in with odds greatly in favor of Sullivan but as the telegrams announced an overwhelming victory at the end of each round for the Californian the bets changed rapidly and it was hard to put money up at even stakes. No takers could be found. It has been estimated and pretty correctly too that $1,000 changed hands in Peterborough as a result of the fight. The betting started at two to one on Sullivan, then 5 to 3 in his favor at 10 o'clock, and gradually was converted until it became even and then 20 to 1 against him. The highest bets were $200 to $100, $150 to $75, and $70 to $20 on Sullivan and $30 to $10, $20 to $10, etc., etc., on the ex-bank clerk. Space forbids a long account of the terrible excitement, but to suffice it to say that many sporters are from $25 to $200 richer on the result, while many mourn the loss of their bottom dollar. The greatest crowd was at the Oriental, where about 500 assembled and listened with baited breath as Mr. Hector McIntyre, who paid for the despatches, read out the results in a clear loud voice. At 12.30 o'clock the result was known, amid protracted cheers and then the fun and excitement subsided.

Police Court.

THURSDAY, Sept. 8th.

At the police court this morning a large grist was ground in a few minutes by the magistrate. Edward Weese charged F. Burritt, baker, with non-payment of his wages amounting to $4.25. The magistrate ordered the defendant to pay plaintiff his wages and the costs amounting to $4.50 in all.

Robt. Turner, a youth of 17 was charged by Thos. Bark with stealing apples from Mrs. Hamilton's orchard in Auburn. After the evidence was taken the magistrate reserved judgment.

Geo. Stevens was charged by Chief of Police Rossel with allowing his two horses to run at large on the street. As the defendant was out of town the magistrate enlarged the case a week.

Thos. Burk, the old English soldier who was lodged in durance vile by Chief Rossel yesterday for being drunk "faced the music" this morning somewhat sobered up. He had a fine story to tell about his war experiences and long and faithful services in the British army. He was going to work on the C.P.R. he said. The magistrate dismissed the prisoner.

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

HOOD'S PILLS should be in every family medicine chest. Once used, always preferred.

RECORD OF THE SCHOOLS.

The Inspector's Annual Report Submitted to the Board.

The Grading, Classifications Promotions and Work of the Past Year are the Best Yet—Inadequate Accommodation in the West Ward School—Many Defects in the Rooms of the Central School—Honour Certificates.

The following is a copy of Inspector Tilley's fourth annual report of the schools of Peterborough which was submitted to the Board of Education on Tuesday evening. It should be of intense interest to all ratepayers as it contains a fund of information as to the accommodation, classification, teachers, examinations, etc., of our public school.

To the chairman and Members of the Board of Education, Peterborough:

GENTLEMEN,—I herewith submit for your consideration my fourth annual report on the condition of your public schools for the year ending June 30th, 1892:

THE ACCOMMODATION IN THE SCHOOLS.—With the exception of two or three of the basement rooms at the Central, which are in every way unsuitable for class purposes, being dark, badly ventilated, and furnished with desks not at all in keeping with the size of the pupils using them, your public school accommodation is now equal in quality to the best in the Province, but in the South and West Wards, and perhaps in the Central, it is quite inadequate to meet the demands of the increased attendance at these schools. The West Wards rooms are small and the attendance there of late large, beyond the seating capacity or the air space provided by the size of the rooms. The school law provides that there shall be at least 250 cubic ft. of air space per pupil, where the ventilation is such as to cause a complete change in the air of the room not less than three times an hour. The attendance at the West Ward at allow not more than from 150 to 175 cubic ft. the time of my last visit there was such as to of air space per pupil with only such ventilation as may be obtained from the windows and doors. The North and the South Ward rooms are large, well ventilated, with an abundance of light and a liberal supply of blackboard area. At the Central the rooms are large, but they have not the light and cheerful appearance of those of the North and the South Ward schools. In many of the Central rooms the best part of the light that should enter them—that from the upper part of the windows—is kept back by the permanent wooden blinds on the upper part of the window. These blinds should be either so arranged as to be easily opened on cloudy days or replaced by modern adjustable ones. The absence of the private rooms for the teachers, or

SUITABLE PLACES TO STORE

the writing and the drawing books of their pupils, is very noticeable at the Central and some of the rooms of the ward schools. A small enclosure or wardrobe at one of the angles in each room would cost but little, and would be a great convenience to the teachers. A few of the teachers, in rooms with high ceiling, find it

DIFFICULT TO BE HEARD

while teaching, or to hear their pupils' answers; perhaps a wire or two stretched across the upper part of the rooms would overcome the difficulty. The roof of the Central needs repairs and the blackboard area in some of the rooms is rather limited. The grounds and general school surroundings at all the schools have been very much improved of late, and the schools generally are well supplied with every requisite. In rooms in which the blackboard surface is suitable, the teachers show a commendable pride in having their boards decorated with beautiful borders, neatly arrayed honour lists, and well selected material for object lessons, thus securing more regular attendance on the part of their pupils, and at the same time making the daily lessons more interesting and much more effective.

CLASSIFICATIONS AND PROMOTIONS.

The changes made in the classification of your schools some three years ago whereby the number of rooms to be gone through by a pupil taking the whole public school course after leaving the kindergarten room, was reduced from eleven to six, continues to work satisfactorily and has the advantage of bringing the grading of the Central and the Ward schools into harmony with each other. In the different rooms the promotions from one division to another are made by the teacher of the room, under such tests and at such times as the teacher thinks best. In the junior classes, below the second book, the promotions are made at the Central by the principal and at the Ward schools by the head teachers of these schools under the direction of the Principal. From Senior II to Junior III, Senior III to Junior IV, and Junior IV to Senior IV or Entrance class, the promotions are made on the results of the promotion examinations, on questions set by the Inspector. The pupils writing on these examinations are presided over, and their answers are valued by the teachers of the next highest rooms, that is by the teachers who receive the pupils if promoted. In order that no injustice be done to any pupil, through oversight or otherwise, the results of the examinations, the difficulty of the questions, the peculiar temperament and surroundings of certain candidates,

ARE CONSIDERED AT A MEETING OF THE TEACHERS

before the final results are made known. In this way and by means of grade conventions held during the term at which the teachers observe and discuss each other's methods and work with a view to greater uniformity and efficiency, the teachers are kept in touch with the work not only of two of the same grade, but also with that of the teachers of the grades immediately above or below their own. In this way also a demand is made upon each member of the staff to take an interest in the work of the whole school and to contribute his or her part toward making the school what it should be. I am pleased to be able to report that the teachers of your present staff, almost without any exception, readily respond to the demand and hence from term to term become stronger teachers.

WORK OF THE YEAR.

On the whole the work of your public schools for the past year was much in advance of that of any previous year since my connection with them, and the improvement extended to nearly all the subjects taught in your schools. Writing, drawing, reading, spelling, grammar, literature, recitations, geography, arithmetic and composition, all indicated careful, painstaking effort on the part of your teachers and close application on the part of most of the pupils. All the improvement in the work of your public schools cannot be measured by examinations. Perhaps that part of it which will most influence for good the future life of the pupils, cannot be so measured. Only those who, from time to time, have visited your schools can fully appreciate the steady improvement in the quality of the work done in them. But judged by the standard of examinations, the result showed a marked improvement, in both promotion and entrance work, as compared with that of former years. Full returns of both the promotion and the entrance examinations accompany this report. These are given for the information of the Board, but I shall purposely

ABSTAIN FROM MAKING COMPARISONS

of the work of the different rooms, here, lest it might tend to encourage unhealthy rivalry. It may not be out of place, however, to state that most of the cases of apparent weakness may be accounted for in one of two ways, either the teacher of the grade is a new teacher on the staff, or is one who has been lately promoted to a position which calls for new an unfamiliar work. The teachers who have taught the work of their respective grades frequently, have all reached good results; the others, no doubt, have worked equally hard, but have failed for the time to accomplish as much. It is to be hoped that in the future with greater experience and a firmer control of the work to be taught by them, they will reach results equal to the best obtained at the late examinations.

By referring to the accompanying returns it will be seen that some 90 pupils of your public schools obtained honours at the promotion and entrance examinations last June, and several have won honours at former examinations. As the honour certificates are now in the possession of the Board it might be well for the Board to consider when and how these shall be awarded to the successful candidates.

I am, gentlemen, your obedient servant,
W. E. TILLEY,
Inspector of Schools.
Peterborough, Sept. 6th, 1892.

A Piano for Nothing.

The new management of THE CANADIAN QUEEN make the following liberal offers to advertise their high-class Ladies' Journal, which will be made more attractive than ever. To the person sending the largest list of words constructed from the letters contained in "**Excelsior**" will be given **Absolutely free** of expense, one Mason & Risch **fine toned high grade Upright Piano**. For the Table.
Sliced Dried Beef, Cooked Corned Beef, English Brawn, Ham, Chicken and Tongue, Sausage, Bologna, etc., at the Packing House Store, 356 George street.
GEO. MATTHEWS.

An Auspicious Beginning

Of the Football Season for Peterborough in Yesterday's Struggle With Lakefield.

The football (Association) season was opened yesterday afternoon on the P.A.A.A. grounds by a match between Peterborough and Lakefield clubs. The game resulted in 1 goal to 0 in the home boys favour. A good sized crowd witnessed the match. The following players faced one another in fierce array and for mortal combat at three o'clock:—

Peterborough.		*Lakefield.*
Pakenham	goal	Frise
Goldsmith, Oldfield	backs	Hill, T. Redpath
Metcalf, Pritchard, Tighe	halves	Burgess, Northeimer, Clark
D. McCabe	centre	F. Morn
Day, G. Hay	left wing	Edwards, Northcott
Hendron, Bagley	right wing	J. Redpath, Leblanc
R. McWilliams	goal umpires	Irwin
Referee		Geo. Locke

The game started off with a rush and a vim, each side was going in to win accepting the desperate playing as a criterion. The teams and their playing was about evenly divided although the odds seemed slightly in Peterborough's favor. After five minutes of efficient playing the home boys succeeded in scoring the first and only game of the day, by Hendron making a grand kick from the side and sending the pig skin whistling between the poles. The first half was played out and half time called with neither side scoring. At the change of position in the second half the Peterborough's made some good rushes on Lakefield's goal but the grand stops of goal keeper Frise saved their goal many times. The Lakefield boys made some magnificent assaults on Peterborough's goal but the able defence work of Goldsmith and Oldfield who played backs in great style and the magnificent kicks of goalkeeper Pakenham who landed everything that came near him out into the field, kept out the ball and saved there bacon. For the visitors, Edwards on the left wing, Leblster on the right and J. Redpath did the best and most skillful work. All the home boys played well and it would be unfair to particularize. The Peterboroughs have had very little practice and their victory yesterday was somewhat of a surprise to them. The return match will be played in a few days at Lakefield.

Moonlight on the Waters

The Excursion of the Band on Little Lake Last Night was not a Success.

The moonlight excursion given by the band last night in aid of the new instrument fund was not largely attended, perhaps for many reasons, among them being the lateness of the season, the chilliness of the night, and the interest taken all over town in the great championship fistic encounter at New Orleans, many preferring to remain in town and learn the details of the gigantic battle rather than take an outing upon the lake. However, nearly a hundred mustered at the dock and a few minutes after eight o'clock boarded the "Daisy" and palace scow, accompanied by the band and Prof. Butcher's orchestra. The sail around beautiful Little Lake in the clear night, under a silvery moon, and tripping the many dance to magic music's mystic melody, was a treat relished and appreciated by all.

The steamer did not venture out of the lake but made the circuit of the shores many times until nearly twelve o'clock when the happy party disembarked and dispersed to their several homes. It is to be regretted that the event was not more largely patronized by Peterborough's appreciative enterprising citizens as the object was a most laudable one, viz: to raise funds for the purchase of new instruments for the band. The band desire to tender their sincere and grateful thanks to Mr. H Calcutt for the free gift of his steamer, Prof. Butcher for providing gratuitously an orchestra of seven fine pieces, to Mr. W. H Robertson for donating the printing and to Mr. T. Hooper for the giving of his services as caterer without recompense on the trip, and the EXAMINER and *Review* for free locals of the excursion. The members of the band will long remember their kindness.

Don't feel with Indigestion. Take BEECHAM'S PILLS.

Piano Tuning.
Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or at the Peterborough Bookstore.

There Every Time.
For your boots and shoes go to R. J. Kidd. He is the man who gives the best value and sells at reasonable prices. He handles the famous boots of J. D. King & Co., Toronto, a sufficient guarantee of their quality and durability. Go see him—Kidd the Booter. dtf

Free Gift Excursion.
The ninth grand free gift excursion per steamer Daisy and palace barge will take place on Saturday next, Sept. 10th, to Victoria Park. Prof. Butcher's orchestra will accompany the excursion. Return tickets, 25 cents; children, 15 cents. Boats leave Peterborough wharf at 2 o'clock, calling at Ashburnham. All children get a prize.

Three Harvest Excursions.
On August 30th, September 27th, October 25th the Wabash Railway, the banner route going west, will sell tickets at single first class fare for the round trip to points in Minnesota, Dakota Nebraska, Montana, Kansas, Missouri, Texas and Indian Territory. Tickets good 20 days from sale of tickets. Full particulars from any R. R. agent and J. A. Richardson, Canadian Passenger Agent, N.E. corner King and Yonge streets, Toronto.

THROUGH THE LAKES

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

A. R. MOSES,
PROPRIETOR,
Opera House Block, opposite the Grand Central Hotel, 342 George Street, Peterborough.

Sold in Peterborough by Geo. A Schofield.

Copyright, 1892, by the Author.

"What do you want?" asked Zell.

"I want to know where I am?"

A smile flitted over Zell's face, dappling the roseate loveliness of her face.

"You are here."

"Yes, but where is here or what is here?"

"I am here, Shem is here, you are here; and here is here. I have always been here and I know of nothing but here."

"What do you call the place?"

"There are two places here, Ishmael's cave and our Tarn."

"Who is Ishmael and where is his cave?"

"I do not know who Ishmael is. I never thought to ask. He was here before me and I took him as part of everything. Who is he, Shem?"

"Ishmael is Ishmael."

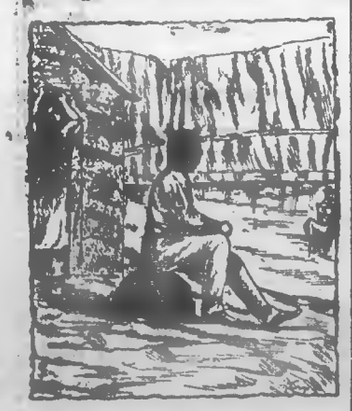
"Is he the only one other than yourself?"

"No. There is Ishmael, Zanea, four victims, and myself. Now you are here."

"Where does Ishmael live and who is Zanea?"

"I cannot say who we are. None of us know. Ishmael lives up there, see, away to the end, at the top of the mountain."

Terry had not looked away from Zell all this time; now he turned and saw the place was a huge basin two miles broad and nearly four in length. A slip of rock ran around the water's edge like a shelf. On this gigantic shelf had accumulated matter enough to grow low shrubbery. Back of this a pile of nature's masonry reared itself perpendicularly hundreds of feet high. From



"WELL, ANOTHER VICTIM FOR ISHMAEL."

the summit of this mountain vines trailed in waving abundance, finding nourishment in the crevices in the rocks. At the extreme end a second ledge or shelf jutted out over the lower one, but fully seven hundred feet above it. Above this again rose the rocks in sublime grandeur. From one end of this shelf a narrow road, partly low steps and partly slope, led down to the water and lower shelf. Here and there a rude railing had been constructed, but the precipice was principally unguarded. An occasional birch had drawn from the poor soil enough nourishment to keep life in their tenuous trunks and force up a few trembling leaves to the branches. These trees were like ghostly sentinels guarding the cave of this secluded Ishmael.

The upper platform or rock was the whole width of the Tarn and projected a little less than a quarter of a mile. A most glorious doorstep for a most mysterious cave. The entrance to the cave was festooned by those ever-swaying vines.

"I have never seen Zanea or Ishmael. Nature has placed Zanea's home above mine. Why should I climb but to return? Why should Zanea descend but to go up again? See, our fiat is just the same as theirs. The vines toss for me the same as for Zanea. The leaves put forth the same tints, and the waters ripple alike for both. The sun and moon I see as does distant Zanea. At times I see her white robe flutter as she sees mine, what more? Ah, yes. I have Shem, he is so kind to me, will pick and hew the rock to get me quartz to deck our home, while poor Zanea's home is in the rock."

"Zell hist your chatter. What would Father Ambrose say? He would call thee a chattering squirrel, as merry and as red. What is in the boat—what are we to call you?"

"Terry Denver."

"What is in the boat, Terry Denver?"

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, them saves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

Dyspepsia.

There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ●

Indigestion.

Constipation

HAVE YOU

BACK-ACHE

DODD'S KIDNEY PILLS

WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys.

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system.

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Brights Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

TORONTO TOPICS.

TORONTO, Sept. 7.—Mr. E. S. Shier of 558 Wellesley-street came down town Monday with his father-in-law, Henry R. Lewis, aged 68, of Los Angeles, California. He left Mr. Lewis at Church and King-streets. At 10.30 Lewis called at Wanless' jewelry store in Yonge-street, and a clerk in the store thinks he saw him again in Yonge-street at 12.30. Since that time no trace of the old gentleman has been found, although diligent search has been made for him in the city. Mr. Shier is afraid that something has happened to his father-in-law, otherwise he would have returned home Monday night. He had a valuable gold watch and chain on his person, but no great quantity of money. The missing man was well acquainted in the city, having formerly carried on business as a bell-hanger and locksmith.

Lewis wore a brown tweed suit and felt hat.

Six years ago Napoleon Wells, a traveling salesman, married a Miss Booth in England and came to this country. Their married life was not happy and Mrs. Wells obtained a divorce and the custody of their 5-year-old son. Mrs. Wells and her mother removed to Detroit a year ago. Recently she married a Toronto man by the name of Sterling. Mr. and Mrs. Sterling were in Toronto preparing to remove here. The little son had been left in Detroit in care of his grandmother. Yesterday they were on the street near their home when a coupe was driven slowly by the house and overtook them. A man whom Mrs. Booth recognized as Wells jumped out, ran to the sidewalk and seized the child. Mrs. Booth screamed for help. Wells threw her down on the sidewalk, sprang into the coupe with the child and was driven rapidly away. The police have no clue to Wells' whereabouts.

The Toronto General Trusts Company yesterday filed the will of the late Sir Daniel Wilson. Here are its terms: "I give and bequeath to my niece, Jeanie Helen, the eldest daughter of my sister, Jeanie Wilson, the sum of $2000; all the rest and residue of my estate, both real and personal, I give, devise and bequeath to my daughter, Janie Sybil Wilson, for her own sole use and benefit absolutely." The will was signed Oct. 22 last. The real estate is the house and lot, corner St. George and Russell-streets, valued at $12,000. The personalty consists of $3915 in household goods, library, etc., $15,000 in life assurance, $37,819 in bank shares and stocks, $6200 in debentures and $1405 in cash. The total value of the estate is put at $76,430.

Field Captain William Stuart of the Ottawa lacrosse team was on trial before Justices Wingfield and Miller, yesterday, charged with an aggravated assault on J. G. Warbrick of the Toronto team, whom he slugged in last Saturday's match. Stuart was committed for trial and released on bail.

About a month ago James R. Kidd, cashier of the Cudahy Pork Packing Co. of Salt Lake City, Utah, left that place taking with him, it is said, $2500 of the company's funds. He was located in Toronto and last night Detective Cuddy arrested him on a warrant charging him with appropriating the missing funds. The information was sworn to by an officer of the trust company which guaranteed Kidd.

The Toronto Presbytery assembled in St. Andrew's Church schoolroom yesterday morning, and Rev. J. Mutch, M.A., was elected Moderator.

The resignation of Rev. Dr. Kellogg as pastor of St. James-square Presbyterian Church was accepted. The reverend gentleman is going to India to assist in translation of the Bible.

Arthur York, charged with contributing to the death of his infant child, was lodged in the County Jail yesterday. The child was found dead by its mother and the body was covered with bruises. York states that he is not the father of the child, his wife having induced him to marry her after she had been rashly unfortunate.

Robert Simmons, a laborer on the electric railway, was struck by the Bruce train on the Canadian Pacific at the St. Clair-avenue crossing yesterday. He was coming out of the Grand Trunk yard, and when on the crossing did not notice the train approaching. He was deaf, and Mrs. John Harknett, who runs a grocery store close to the track, shouted to him to get out of the way. He could not hear and was knocked against the fence and received serious injuries. The ambulance was telephoned for and removed him to the Hospital.

The death of James Brickenden, the victim of the fire in Wilson's Vinegar Works, Bay-street, was the cause of an inquest which was held in Morris' Hotel, Queen and Leslie-streets, last night, by Coroner Johnson. County Crown Attorney Dewart was present in behalf of the Crown.

The Behring Sea Arbitration.

ROME, Sept. 7.—It is semi-officially stated that A. G. Porter, American minister, and Lord Vivian, British ambassador, yesterday handed to Marquis Visconnti Venosta, Italian arbitrator in the Behring Sea dispute between Great Britain and the United States, the documents relating to the question to be arbitrated.

A Customs Official Defaults.

OTTAWA, Sept. 7.—It is stated that Brosseau, the Montreal customs officer in whose accounts a shortage was discovered, has disappeared. He refunded $800, but there is still a shortage of $900 in his accounts.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—YOUR "Dr. Morse's INDIAN Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. P. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

A valuable Article sells well.

BOSCHOIS HARBOR, N.S., Jan. 13, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the others combined. Their sales I find are still increasing. Yours, &c.,
N. L. NICHOLSON.

C. B. ROUTLEY,

370 GEORGE STREET

A GREAT CROP IN MANITOBA.

Not the Slightest Damage Done by Frost.

WINNIPEG, Man., Sept. 7.—The people of Manitoba are now to be congratulated upon harvesting one of the finest crops this province has produced for years. Reports gathered by the C. P. R. Telegraph Company yesterday show 95 per cent. of the grain to have been cut and over 20 per cent. stacked. Not the slightest damage has been done by frost and the sample is a magnificent one. Nothing more could be asked.

A Winnipeg paper, speaking of the reports last night, says: "What more could be asked? The facts which the reports published reveal are fraught with momentous import to the province. They mean that prosperity has come, they mean a great rush of immigrants, they mean plenty of money and good times all around. A great harvest has been safely garnered, and Manitobans can afford to rejoice and be thankful. The reports speak for themselves."

CHINESE SMUGGLERS.

Nine Mongolians Gathered in by the Montreal Police Last Night.

MONTREAL, Sept. 6.—For some time past the customs authorities have had suspicions that smuggling was going on among some of the Chinese residents. To-day they proceeded to the general store occupied by Sam Kee in Lagauchetiere-street. In an upper room was found a trunk containing about $350 worth of opium, some tobacco and cigars. These goods were confiscated and nine Chinamen who were found in the house were arrested.

Three Steamers a Week.

WINNIPEG, Sept. 7.—The C.P.R. lake steamers will in future make three sailings weekly instead of two, on account of the increase in fall freights, as each boat will carry 1800 tons on each trip; the three boats will contribute $1000 per week at the Soo Canal to Uncle Sam's exchequer.

Frick's Assailant.

PITTSBURG, Pa., Sept. 7.—The grand jury found true bills yesterday against Alexander Bergman, the anarchist who attempted to kill H. C. Frick. If convicted upon all the counts and given the full penalty of the law he will undergo an imprisonment of 30 years.

Grateful John.

The occasional stroller could not fail to notice the agitation of the lank man with thin hair who paced the beach nervously, his anxious gaze bent upon the last bath house but one. At the sound of a woman's voice issuing from the diminutive structure the lank man might have been observed to tremble and break into a profuse perspiration.

"John."

It was a timid, shrinking voice.

"She mustn't do it," muttered the lank man to himself. "The end justifies the means."

He looked very desperate.

"John."

The woman's voice was a trifle more confident, not to say impatient.

"Ye-yes,- Hannah."

"Are there many looking?"

He glanced at the deserted strand.

"About 4,000 Hannah."

A sound like a gasp came from the last bath house but one.

"Any ships passing, John?"

The lank man scanned the horizon.

"There's two excursion boats anchored right in front, Hannah."

"Oh!"

For a time the last bath house but one emitted nothing.

"John."

The anxiety of the lank man had been gradually deepening.

"Yes, Hannah."

"Is the water c-c-cold, John."

He gazed at the rays of the heat radiating from the ocean's placid surface.

"A man has just been taken out with the cramps."

"Oh, dear."

The lank man hardly breathed.

"John."

"Hannah."

"It will take so long to get my hair dry."

His betokened a reviving courage.

"Unquestionably, Hannah."

"I don't believe I'll go in, John."

"Why, Hannah?"

He simulated the accents of regret, but his face glowed with satisfaction.

"No, John, I shan't go in."

"Thank heaven," he whispered, devoutly. "Again the world is prevented from learning that I married only for money."—Detroit Tribune.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood-purifiers whatever. Ayer's Sarsaparilla leads all.

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town, dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them, dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Ask your neighbors if they use Dodds Kidney Pills? They strengthen the nerves, tone the system, and the most stubborn cases of kidney disease yield to their influence. They are especially appreciated by the old. Ask your neighbors about them. dw

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you, dw

CARTER'S LITTLE LIVER PILLS.

CURE

this Headache and relieve all the ills incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

ACHE they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

WINNER OF THE ST LEGER

LA FLECHE OUTRUNS ORME THE FAVORITE FOR THE EVENT

Sir Hugo Was Second and Watercress Third—The Betting—About the Placed Horses at Doncaster—Irish Cricketers Defeated—General Sporting Gossip.

LONDON, Aug. 7.—The St. Leger stakes of 25 sovs. each for 3-year-olds, colts 126 lbs., fillies 123 lbs., the owner of second horse to receive 200 sovs. and the third 100 sovs. out of stakes, about 1¾ miles, was run to-day at Doncaster and won by LaFleche, Sir Hugo 2, Watercress 3. There were 12 starters. The race last year was won by Blundell Maple's Common.

Sir Hugo led for half a mile, when Orme took the lead and kept in front until the bend for home was reached. Here LaFleche pushed to the front and was not afterwards headed, coming in an easy winner. The last betting was 7 to 2 against LaFleche, 10 to 1 against Sir Hugo and 20 to 1 against Watercress. Orme was the favorite, the betting being 11 to 10 on him.

At the sale of Her Majesty's yearlings in 1890 a brown filly by St. Simon-Quiver, own sister to Memoir, was knocked down to Lord Marcus Beresford (acting for Baron Hirsch) after very spirited bidding at 3500 guineas. That filly was La Fleche, the winner of the St. Leger at Doncaster to-day.

The one thousand, second in the Derby, which George Barrett declared he could have won but for being interfered with in the race, the Oaks and now the St. Leger is a record for any owner and trainer to be proud of—Baron Hirsch owned and John Porter trained the first and third horses in yesterday's big race. This makes the fourth winner of the St. Leger that good jockey, J. Watts, has ridden. Curiously enough, he was on the back of Memoir in 1890.

Sir Hugo was the finest looking horse in the race, being a weight carrier on racing-like lines, and typical of the family he represents in style and symmetry.

Watercress is a big overgrown horse for which time will do wonders. With luck he should have a big career as a four-year-old.

NANCY HANKS.

She Lowers the Record On the Regulation Track.

ST. PAUL, Sept. 8.—Nancy Hanks has again broken the world's trotting record. Fifty thousand persons greeted the famous mare as she came on the track at 3.45 this afternoon. For an instant the mare stood irresolute, then a little jerk of the reins started her sailing toward the wire, but a second start was thought necessary. This time Doble nodded his head and a great cry arose, for Nancy was off. The gallant mare flew up the track, making the quarter in 32½ and the cheers broke out afresh. Steadily she flew around the turn. The watches tell that she had reached the 1-2 in 1.03 1-2. She flies toward the 3-4 without the semblance of a skip, and reaches it in 1.34 1-2. Doble is leaning forward and giving her free rein. Like the wind she comes down the stretch and under the wire. Half a minute elapsed before the card came out reading 2.07, and the excitement and the enthusiasm knew no bounds. Doble was carried to the stand on the shoulders of the crowd.

Zim Lowers the 2-Mile Record.

SPRINGFIELD, Mass., Sept. 8.—A. A. Zimmerman rode his bicycle two miles in 4.37 2-5 on Hampden Park to-day, cutting down the world's record 11 seconds.

A HAMILTON FIRE.

The Dominion Glass Works Destroyed; Loss $40,000.

HAMILTON, Sept. 8.—The Diamond Glass Works, foot of McNab-street, were burned yesterday morning. About sixty persons are thrown out of employment. The loss to the company will be heavy.

The loss will be between $30,000 and $40,000, about half that amount being on stock. The companies interested are: Phœnix, Brooklyn, $8000; Commercial Union, $8000; Manchester, $4000; Queen's, $4000; British America, $4000; Royal, $4000; Victoria Mutual, $1000; Liverpool, London and Globe, $4000; total, $37,000. About $15,000 of this is on the stock and buildings destroyed.

WHITTIER IS DEAD.

American Loses One of Its Leading Versifiers.

HAMPTON FALLS, N. H., Sept. 8.—John Greenleaf Whittier, poet, died yesterday. He passed away peacefully. His nearest relatives and Dr. Douglass were at his bedside when death came, and he seemed conscious of his surroundings at the last moment. The funeral will take place at Amesbury, Mass., at 2.30 p. m. Saturday next.

A Dynamiter Mangled.

WARSAW, Sept 8.—An unknown man, actuated by religious hatred, attempted to blow up the Orthodox Greek Church with a dynamite bomb while worship was in progress yesterday. The man was horribly mangled. The congregation escaped uninjured, although the sanctuary was badly damaged.

Blaine Endorses McKinley.

BAR HARBOR, Me., Sept. 7.—Mr. Blaine has written a letter to Chairman Manley of the State Republican Committee dealing with the issues of the campaign. It deals with the three principal subjects upon which the Democratic and Republican parties are opposed. The main point treated is the tariff with the reciprocity attachments. Mr. Blaine pronounces the McKinley law a proved unqualified success.

Death of a Hamilton Hotelkeeper.

HAMILTON, Sept. 8.—Mr. Charles Schmidt, proprietor of the Schmidt House, died yesterday. Mr. Schmidt was a native of Hanover, Germany, and came to Canada in 1876, settling in Listowel, Ont., where he established a hotel and remained until 1890. In 1886 he opened the Schmidt House here, and built up a paying business. He was widely known and well liked.

Lottridge Admitted to Bail.

HAMILTON, Sept. 8.—Jack Lottridge, who was tried at the last assizes for the murder of John Heslop of Ancaster, was brought up at the assizes charged with burglary on a true bill found against him and based on the evidence in the Heslop case. The case will go over the next assize court and the accused was admitted to bail in personal security for $2000.

Drowned in a Minnesota Lake.

HAMILTON, Ont., Sept. 8.—Col. Grant of this city received word yesterday that his second son, John Grant, had been drowned while fishing yesterday in Lake Millina, Minn. No further particulars are given. The deceased has been living in Chicago for the past 15 years, and was a lawyer by profession. He leaves a widow. Mr. Grant was well known in this city, and had many friends, who will learn with sorrow the news of his untimely death.

Fire at Stratford.

STRATFORD, Ont., Sept. 8.—The residence of G. C. McPherson, barrister, was badly gutted by fire and water yesterday morning. The house was insured for $2000 in the Royal and the furniture for $1500 in the Perth Mutual, which it is expected will fully cover loss.

Escape of a Forger.

STRATFORD, Ont., Sept. 8.—The notorious forger, P. C. Faling, made his escape from the jail here some time between 8 and 10.30 last night. At the former hour he was locked in his cell by the jailer, and on the turnkey making his rounds at 10.30 the bird had flown.

Another Crooked Concern.

LOWELL, Mass., Sept. 8.—An injunction was granted yesterday against the officers of the Supreme Lodge of the American Protective League, a five years' benefit order, who are charged with squandering the funds of the order. It is alleged the order owes $2,000,000 and has only $170,000 in its benefit fund.

No "Ratting" at Homestead.

HOMESTEAD, Sept. 8.—The statement that 100 Slavs returned to work yesterday was denied to-day by the strikers and also by officials of the company. There was much indignation among the locked-out men over the report, as the foreigners, they claim, were exemplary in their firmness and have braced up many English-speaking workers who were growing weak-kneed.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

WAIT!

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

Big Clothing Business
Getting Bigger and Bigger
WHERE'LL IT STOP?

We claim a distinct difference in favour of the Styles, Qualities, and Prices of our Men's and Boys' Clothing. Most any man can afford to pay $10.00 for a Fine Suit. And the goods that Grafton's show at this pricee are marvels of style, elegance, durability, and cheapness. Of course we have still finer suits. We have them up to $18.00, but our $10 00 line is a dandy. It embraces Cassimeres, Cheviots, Tweeds, Worsteds, etc., cut in frock and sack styles, trimmed faultlessly and fitting perfectly. See these $10.00 Suits.

Now here are a few prices of our other Men's Suits:—Men's Tweed Suits, $3.25; Men's Tweed Suits, $3.50; Men's Tweed Suits, $3.95; Men's Tweed Suits, $4.50; a Rattler for $5; Men's Heavy Double-Breasted Suit, can't tear them, $6.50; Scotch Tweed Suits, $8.50, $9.50, $10,50, and $12. Special Reduction in Boys' Clothing. Big Reductions in Boys' Clothing. Tremendous Reductions in Boys' Clothing. See them. See them. See them.

NOT TRUE

The statement that we are selling the New Dress Goods and Mantles at about cost price, this Autumn, just as an advertisement to attract custom for other goods, is not true. The cause of the ready sale for our

NEW MANTLES and DRESS GOODS

Is that there has been extra care this season, taken in purchasing them. More centres of European manufacturers of these goods have been visited. The natural effect is, that we have Better Value than in the past, and an assortment quite surpassing previous years.

P.S.—Although the prices are lower than ungular Peterborough rates, the goods bear our usual profit. The money saved to the public is entirely due to good judgment and excellent taste in buying.

VALUE?

You will find it in every department. It is always conspicuous in the Golden Lion. It reigns just now among

OUR CARPETS

It is better than a bonus and more abiding than a gift. Our large and varied selection of Carpets for the autumn trade are being appreciated by many who are returning home from their summer resorts. Carpets in every texture for the quiet and unpretentious home the millionaire or the humble citizen. Rugs, Mats, Squares, &c., &c.

CURTAINS in great variety. Portieres in all sizes. Lace Curtains, &c., &c.

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fiitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

ECHOES FROM THE FIGHT

A GRAPHIC DESCRIPTION OF THE GREAT BATTLE.

How Sullivan Glared at His Conquering Hero—John L.'s Speech—Corbett's Reception in New York—Needle Taken by the Olympic Club—About the Sports in the South.

NEW ORLEANS, La., Sept. 9.—It is estimated that the amount of money that changed hands when Corbett landed that last vicious jab on the big fellow's jaw and sent him to the floor was $300,000, that is, in this city alone.

The amount received by the Olympic Club for seats during the "carnival" is estimated at $130,000. The disbursements, including prize money, amounted to $55,000.

Corbett evidently had given up his man previously, for on Tuesday night he telegraphed to his wife, who is staying at the Coleman House in New York, as follows: "All well. With love. It's a cinch."

Parson Davies announced that in a few days he would issue a challenge to Corbett to fight Peter Jackson to a finish for the championship of the world for a large wager and the biggest purse that has ever been offered by an American club.

Joe Goddard had a special interest in the fight. He wants a chance himself at the victor. "I want to fight Corbett myself." He authorized the reporter to say, "for $10,000 a side. I have my money here and am ready to put it up now."

The Californian said he did not feel the least bit tired, and he worked harder every day before the fight. "I am satisfied I could have whipped Sullivan very much sooner and gone into hard infighting, but I was a trifle wary. On several occasions I was sorely tempted to close right in on him and do him up, but my seconds kept urging me to be a little cautious, that I was doing well and having all the best, and that I had better fight slowly."

When Mike Donovan entered the room Corbett sprang to his feet and shook his hand very cordially. "Well, Mike, my boy, every word you said about Sullivan was right. He fought just as you said he would, and I followed your advice, and here I am, winner of the championship. I scarcely know how to thank you and express my gratitude to you."

An Object of Pity.

Sullivan was an object of pity when he left the ring. The crowd was still massed thickly against the back of the reserved seats, watching every movement of the bruised, suffering ex champion, whose body was covered with gore in the ring, and who was too far gone to appreciate what had happened. His backers and seconds were a sorry lot as they gathered their goods and chattels in the corner and picked their way to the dressing-room. As Sullivan started out Charley Johnson proposed a cheer for him, but it was not the cheer that Corbett got.

"Well, I don't want too much," said the defeated champion, as he stumbled to the door of his room. "Corbett is now the greatest man in the world, and he is the only man that could lick me."

When the little guard got into the room Sullivan threw himself on a lounge and broke down entirely. His self-control was gone and in a moment he was crying like a child.

The party talked about the fight. Every man had his own view of it. Sullivan had a variety of opinions; one moment he had been whipped fairly and the next he had not.

While the fight was going on and when Sullivan came to his corner bleeding McAuliffe asked him how he had got the cut. The glove could not have done it, but it was the glove.

"Why, you have been dead four years, John, and you don't know it," said one of the party. Sullivan would not admit that. "No, I have not," he said, and his voice was husky with emotion. "I am all right, the trouble was with my legs."

"The speed was not there." "Don't be a boy," said Johnson. "You will be my friend and I will be yours. Nobody who was ever your friend is any less your friend now. You have lost the purse and I have lost my money."

"But I did not care for the purse," protested Sullivan. "It was not that; what hurts me is that I was licked by a boy. I don't like that."

"Yes, but he is a clever young fellow," was the retort.

An Ovation to Corbett.

Corbett was tendered an ovation at the Southern Club to-day. At one end of the hall there was an immense photograph of the new champion. Corbett responded to the ovation and made a modest speech. "I started my career in the Southern Athletic Club, gentlemen," he said, "when I was scarcely known here and now I have risen to the top of the ladder. Your courtesy and attention have been sincerely appreciated and I am profoundly grateful for them. So I thank you all from the bottom of my heart. Wherever I may be I shall always remember your kindness, and you will always have my best wishes. I know I can never repay you for what you have been so kind as to do for me."

There was wild cheering when the champion concluded, and then members of the club surrounded the handsome young fighter and shook his hand. At the conclusion of the informality of the club Corbett went in triumph to his rooms at J. J. Kuhner's and there opened the telegrams that began to pour in from all parts of the country. Then the champagne corks began to open and the health of the luminary was quaffed in flowing bumpers. Corbett himself declined to drink. He said he did not want to be like other pugilists; that milk was good enough for him. The party remained until 1 o'clock. Then the visitors withdrew and Corbett went to bed to enjoy a peaceful rest and to dream of the honors that will be showered upon him.

Casey said, "He's sleeping," as he admitted a correspondent to Sullivan's quarters at 10.30 o'clock this morning. Sullivan lay outstretched upon a bed near an open window in one corner. He was breathing heavily. His face was so swollen that the skin was drawn tight beneath the eyes where the light lit upon it. The lips were disfigured and distorted, giving to the face a hideously fantastic appearance. The nose, where Corbett landed so often, is not broken but terribly bruised. There was a cut from the bridge of the nose down its centre and on the left side.

The check of the Olympic Club for $45,000 will be handed Corbett upon the stage of one of the theatres to-night.

Sullivan left for New York to-night. He will not go to Madison-square, as orginally intended.

Corbett's New York Reception.

NEW YORK, Sept. 9.—James J. Corbett will be tendered a monstrous reception at the Madison Square Garden on Monday night next, Sept. 12, arrangements having been made by his manager, W. A. Brady, to make this coming athletic carnival the grandest affair ever witnessed in New York. Beside the appearance of Corbett, who will spar with three men, including Joseph Choynski and two other prominent professionals, all the best known pugilists who are now at New Orleans will return with Corbett and lend their aid to this great exhibition. There will also be two 10-round contests for a purse of $1000. It is also expected that Parson Davies will act as master of ceremonies on this occasion.

SULLIVAN IN A BAD WAY.

Pitiable Plight of the Fallen Pug—"Yes, He Licked Me."

NEW ORLEANS, Sept. 9.—Sullivan after his defeat began undoing all the careful work of training which he and his trainers have been doing for weeks. Beleat and chagrin, coupled with the absence of motive for further discipline doubtless led him to resume his drinking habits. At 4 p.m. an Associated Press correspodent found Sullivan attired in bathing trunk and about to take a plunge at the gymnasium. He presented a pitiable spectacle. The cut on his nose had been closed, but the eyes were blackened and the whole face was swollen. On the lower lip was a deep cut, still open and with whitening edges. While he tried to smoke the sodden butt of a cigar he talked in a maudlin voice of his downfall. To spread forth all Sullivan said would edify no one and only render more pitiable the plight of the man who through 12 years has been worshipped by the fistic world. Sullivan lays great stress on the fact that he could not reach Corbett. The shifty, lightning tactics of the new champion worried and dazed Sullivan. The Californian circled and circled and kept Sullivan circling in order to face him. This frequent whirling, the leaping lightning figure before his face, the whirl of the lights and the many swimming of thousands of white and eager faces barked upon all sides. All these tended to confuse and daze the big man of Boston. He never been so puzzled before. The lightning flash-like science of the young man was a revelation to Sullivan, who, in his best days, had never possessed such pugilistic elements.

"But I did not run away," the big fellow almost sobbed. "Lock us up in a room. Just lock me in a room with him and see what I could do with him." Then he relighted the sodden cigar.

"But he licked me; yes he did; he licked me, and I give him all the credit he wants. He licked me square enough, but I'm old, I am. Let him go through what I have. Let him knock 'em all out for 12 years and then see if he can do any better than I can."

Bostonians Not Very Downcast.

BOSTON, Mass., Sept. 8.—The mob of 10,000 people which packed Washington-street and the thoroughfares leading therefrom in the vicinity of the newspaper offices howled like mad all night whenever Sullivan got hit, and when the final announcement was made the cheers of glee and the groans of disappointment were about evenly balanced. Corbett had a good many backers in the throng, and despite the fact that the ex-champion is a Bostonian his defeat is not regarded as a municipal misfortune. The crowd surpassed even that which watched the bulletins in the Presidential election of 1888.

TORONTO'S GREAT FAIR.

The Attendance Large and Receipts Satisfactory.

TORONTO, Sept. 9.—The weather was gloriously fine yesterday and the attendance most satisfactory. The receipts were slightly in advance of those on the corresponding day last year. Taking the three days the fair has been open there is an increase of $512 over 1891, and of $2243 over 1890.

Everything promises that, given fine weather, the Exhibition this year, in its financial results, will as far exceed that of last year as do the number and quality of its exhibits.

Receipts.

	1890.	1891.	1892.
First day	$ 880	$ 635	$ 743
Second day	1174	891	1923
Third day	681	2810	2813
Total	$2805	$4336	$4848

The result in the running races in the ring was as follows:

SOUTH PERTH ELECTION CASE.

The Petition Against the Return of Mr. Pridham Dismissed.

STRATFORD, Ont., Sept. 9.—The protest against the election of Mr. Pridham as M.P. for South Perth came up for trial at the Court House yesterday before Chancellor Boyd and Justice Meredith.

Mr. Moscrip of St. Mary's for the petitioner said he had no evidence to offer on account of the difficulty he found in establishing agency of sufficient corrupt acts to set aside the election.

Mr. Sydney Smith, acting for Mr. Pridham, in a cross petition against Mr. Trew, made a similar statement.

Chancellor Boyd stated that under the circumstances the judge had no option, but to dismiss the petition, which was accordingly done.

Suing the Company for Damages.

HAMILTON, Sept. 9.—The widow of Joseph Collins, who was killed on March 30 last, has begun her action against the Hamilton Street Railway Company for $1000 damages. Her solicitors, Staunton & O'Heir, had 13 witnesses in the box at the assizes yesterday.

Four or five of them swore that the late conductor was inside the fateful street car in James-street north when Collins was run down.

Wallace Nesbitt, Toronto, is counsel for the Street Railway Company.

Arrangements to Fight a Duel.

NEW HAVEN, Conn., Sept. 9.—There is much excitement among the better class of Italians in this city, caused by Dr. Vincenzo Della challenging his confrere, Dr. Louis Parascuzolo, to fight a duel. The challenge was published yesterday in the Christofore Colombo, a New York journal. Both physicians are graduates of the University of Naples. The trouble has grown out of an old love affair. Parascuzolo has expressed his willingness to fight, and the duel is likely to come off in a few days.

HE LIVED A DOUBLE LIFE

A MURDER MYSTERY IN ENGLAND CLEARED UP.

A Married Man Who Kept a Mistress Murders Her and Her Child—He Decapitates the Woman and Leaves the Headless Trunk in a Sack by the Wayside.

LONDON, Sept. 9.—The mystery of the headless and armless body of a woman found in a sack near Althorpe has been cleared up. The woman, who was identified by a piece of a chemise, was Annie Prichard, who had been living with Rae Anderson at Northampton. Anderson was found to be the assumed name of Andrew McRae, manager of a warehouse in Birmingham, who has a family and was living a double life. In June Miss Prichard had a child. McRae was arrested and his office was searched, and in the fireplace were found the bones of a child and the arms of a woman. Detectives discovered that the girl's child was murdered in the house occupied by the victim and her paramour. The girl was decapitated, and the head with the arms, which were sawed off, and the baby were taken to Birmingham and cremated in McRae's office. Being unable to dispose of the trunk and limbs in this manner the fiend placed them in a sack with lime and dumped them where they were found some days later.

Talmage in England.

LONDON, Sept. 9.—Rev. Dr. Talmage preached a farewell sermon last night at the Crystal Palace. At a banquet which took place before the service a vote of thanks for the doctor's eminent services to Christianity was carried amid great applause. Dr. Talmage was presented with a gold watch with a commemorative inscription. The vote of thanks was subsequently ratified by an immense audience. The subject of the sermon was "The Authenticity of the Bible." After the service the preacher shook hands with the vast throng.

Princess Louise's Illness.

LONDON, Sept. 9.—By the Queen's express orders Princess Louise is to stay for three weeks at Bath in the course of the autumn, in order to take a course of the waters. The Princess had intended to visit Aix-les-Bains, but it is the wish of the Queen that she should try the Bath waters instead of going abroad again.

The Columbus Fetes.

GENOA, Sept. 9.—King Humbert and Queen Margherita arrived at this port yesterday on board the yacht Savoir for the purpose of taking part in the Columbus fetes to be held here.

A Gambler's Last Play.

VIENNA, Sept. 9.—Count Adalbert Sternberg, aged 24, shot himself yesterday with a fowling piece, inflicting fatal injuries. He had lost $100,000 betting on races.

The Conscription List.

BERLIN, Sept. 9.—According to the new military bill every company in the German army will in future enlist nine recruits annually instead of 45 as hitherto.

Another Death on the Rugia.

SANDY HOOK, Sept. 9.—The steamer Rugia has again hoisted the yellow flag. This shows that another death from cholera has taken place on board.

Great Mortality in Russia.

ST. PETERSBURG, Sept. 9.—The returns for the whole empire show that 6944 cases of cholera and 2540 deaths were reported on Monday. One hundred and nineteen new cases of the disease and 39 deaths were reported on Monday in St. Petersburg.

DEATH OF BISHOP O'MAHONY.

The Catholic Community Mourn the Death of an Old Prelate.

TORONTO, Sept. 9.—At 7.40 yesterday morning there occurred the death of Bishop O'Mahony, lately acting parish priest of St. Paul's. His death resulted from dropsy, from which he has suffered for some time.

Rev. Father Murray was with him until the end and administered the last rites of the church. The funeral will take place from St. Paul's Church at 10.30 on Saturday morning.

Brief Biography.

Bishop O'Mahony was born in the parish of Kilmurray, county of Cork, Ireland, Nov. 1, 1822, and would have been 67 years old next November. He spent many years of his priestly life in that city. Possessed of talents of a high order, and being ever conspicuous for his energy and piety, he was selected by Pope Pius IX., after being raised to the priesthood in 1849, as the first bishop of the diocese of Armidale, Australia. There he labored with great fruit for some years, but the hot climate and the exposure consequent upon his visitations of so vast a diocese told upon his constitution and obliged him to resign his charge and return to Europe. To use his own words, he returned to the Eternal City to die. But a few years' rest in Rome somewhat restored his health, and at the request of the late Archbishop Lynch he came to Canada in 1879 to co-operate in the work of the archdiocese of Toronto. On his arrival here he at once took charge of St. Paul's parish, where he has ever since remained. The result of his 12 years' pastorate is seen in the commodious schools in Queen-street, in the splendid new church, in the general condition of the surroundings, but, above all, in the thorough organization and administration of the parish, and the spirit of faith and devotion which animates its people.

Irish Cricketers Asked Too Much.

CHICAGO, Sept. 9.—The executive committee of the Chicago Cricket Association met last evening to consider a visit of the Irish Gentlemen to Chicago. They decided not to accept the offer made by the managers of the tour, as they demand entirely too much, and the time to arrange a match is very limited.

The inter-city match with Philadelphia for the championship of the States, which has been advertised for Sept. 9 and 10 in Chicago, will not be played as taking advantage of a technicality, the Philadelphians have decided not to come. The local committee think this equivalent to a forfeit, and have written to that effect, stating that they still stand ready to play the match on the dates accepted by Philadelphia.

Accident to the Passport.

MONTREAL, Sept. 9.—Owing to an accident the Richelieu and Ontario steamer Passport, from Toronto, while on her way to Montreal last night, had to run into Lachine and was unable to come down to Montreal. The passengers were brought to the city by rail.

Zimmerman Makes a New Record.

SPRINGFIELD, Mass., Sept. 8.—Zimmerman took three seconds away from the record of F. J. Osmond, the crack English rider, at Hampden Park to-day. He started for the 5 mile record and lowered the 3, 4 and 5 mile records. His time was 7.15 4-5, 9.41 and 12.12 2-5.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

FRIDAY, SEPTEMBER 9, 1892.

Dummer.

From Our Own Correspondent.

Dummer council met in Warsaw on Saturday, August 27th, 1892. James Robb, reeve, in the chair. Present, E. Hawthorne, deputy reeve, H. A. Moore, Thos. Webster, and Chas. Nicholl, councillors. Minutes of last council read and signed. Report from James Robb, *re* road between lots 15 and 16 from 10 to 11 concession, also plan of survey of said road by F. W. Wilkins, D. L. S.

Moved by E. Hawthorne, seconded by Thos. Webster, that report be received and clerk be authorized to advertise, also post up notices, that at next council they will pass a by-law to legalize opening said road.—Carried.

Report from T. Webster and C. Nicholl *re* Taylor's road, received and adopted.—Carried.

Petition received by 29 ratepayers, of Dummer, asking for the abolishment of dog tax 1892. Petition received and dog tax abolished by a by law which was passed.

Moved by H. A. Moore, seconded by T. Webster, that at next council meeting this council intend to pass a by-law opening a new road opposite lot 30, concession, 7, in the township of Dummer, and closing up old road for public traffic, and that clerk post up required notices and advertise same.—Carried.

A communication from Mrs. Cavanagh asking that obstructions now across 7 and 8 concession line between lots 15 and 16 be removed, was laid over.

Moved by E. Hawthorne, seconded by T. Webster, that Mr. John Clements receive $20 as pay to complete the approaches on the Ford street bridge, Warsaw, the approach on eastern side to be 56 feet long, 16 feet wide and 2½ feet average high, filled with stone and gravelled; western approach to be gravelled and completed satisfactorily. —Carried.

Mr. Wm F. Darling was appointed collector for Dummer for 1892 at a salary of $80.

Communication from P. Preston, clerk of Belmont *re* grant on boundary between Belmont and Dummer.

Moved by T. Webster, seconded by Chas. Nicholl, that communication be received and that clerk be authorized to write Belmont council, asking same to be laid over until spring as they consider it too late in the year to place work on roads.—Carried.

Moved by T. Webster, seconded by Chas. Nicholl that B. James, jr., and James Brown assessors, receive $3.00 each for equalizing Union S. S. No. 8 and 10, Dummer, and that in the future it be the duty of the assessor to equalize all union S. Sections in the township of Dummer, without extra remuneration—Carried.

Moved by E. Hawthorne, seconded by T. Webster, that Thos. Ritchie receive $5.75 as pay for 115 loads of gravel, furnished for the 5th line.

Bylaw No. 582, to provide for the levy and collection of taxes for 1892 underwent its several readings and was passed :—

County rate, 2 1-5 mills on dollar to raise $1357.49; county equiv't to schools, 2-5 mills on dollar to raise $249 00; township rate, 2 mills on dollar to raise $1231.57; special school, 1 5 12 mills on dollar to raise $361.52; school section No. 1, 1¾ mills on dollar to raise $248 79½; No. 2. 2 mills on dollar to raise $175 68; No. 3. 4 1-7 mills on dollar to raise $419.13; No. 4, 4 mills on dollar to raise $361 96; No. 5 3 1-3 mills on dollar to raise $146 81; union No. 6, 1 2-3 mills on dollar to raise $91 10; union No. 7, 4 4-5 mills on dollar to raise $126 81; union No. 8, 1 4-5 mills on dollar to raise $20.16; school section No. 9, 5 mills on dollar to raise $138.58; union No. 10, 3¾ mills on dollar to raise $17 44; school section No. 11, 7 4 5 mills on dollar to raise $139.51; S. S. section No. 4, 3 mills on dollar to raise $22 95 Council adjourned to meet again on Saturday, October 1st, 1892.

The Genuine Merit

Of Hood's Sarsaparilla wins friends wherever it is fairly and honestly tried. Its proprietors are highly gratified at the letters which come entirely unsolicited from men and women in the learned professions warmly commending Hood's Sarsaparilla for what it has done for them.

Hood's Pills cure liver ill, jaundice, biliousness, sick headache, constipation.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

Madcap Maude.

The little Princess Maude has all of her father's liking for a good time. She delights in running and riding and rowing a boat, all of which she can do very well. As yet her attention to books is the result of the desire on her part to be obedient to her mother's wishes. She is a healthy, rosy-cheeked, brown-eyed child, and is very fond of the companionship of her father. Some one remarked to the prince on one occasion that he was often seen with this daughter, to which he replied; "Oh, yes, Maude and I are great chums."

The young Princess Victoria, who is the eldest daughter of the Princess of Wales, is very much like her mother, both in appearance and manner. She shows her Scandinavian ancestry in the rather remarkable combination of black hair and blue eyes. She is a very pretty girl and a very close student, having all of her mother's love for books. The Queen is said to be fonder of the Princess Victoria than any of her other grandchildren.

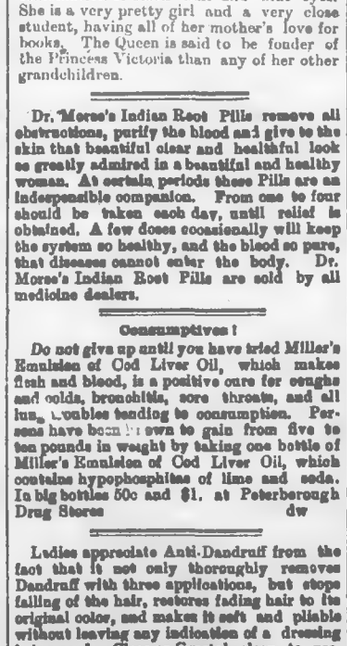
Dr. Morse's Indian Root Pills remove all obstructions, purify the blood and give to the skin that beautiful clear and healthful look so greatly admired in a beautiful and healthy woman. At certain periods these Pills are an indispensible companion. From one to four should be taken each day, until relief is obtained. A few doses occasionally will keep the system so healthy, and the blood so pure, that diseases cannot enter the body. Dr. Morse's Indian Root Pills are sold by all medicine dealers.

Consumptives!

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles 50c and $1. at Peterborough Drug Stores dw

Ladies appreciate Anti-Dandruff from the fact that it not only thoroughly removes Dandruff with three applications, but stops falling of the hair, restores fading hair to its original color, and makes it soft and pliable without leaving any indication of a dressing being used. Clear as Crystal, clean to use, it is a valuable toilet preparation. dw

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw



Cook's Cotton Root COMPOUND.

Galway.

(From Our Own Correspondent.)

The Galway council met at Mrs. Hartnett's, Aug. 29th. Members all present. Communications were read from Mr. Edg. Pearce, county clerk, advising as to the amount required to be levied in Galway and Cavendish for county purposes, also requisitions for levy from trustees of the several school sections kept open over six months, namely, 2, 3, 4, 6, 7. A bylaw was passed, levying the rates and taxes in Galway and Cavendish for county, $225 90; for township purposes, $276 40; the extra levy on school sections, $351 61. School trustees require for school section No. 2, $250; No. 3, $180; No. 4, 240; No. 6, 155; No. 7, $245.

A bylaw was passed appointing John T. Beech collector of rates and taxes for the year 1892.

On motion of Chas. McMahon, seconded by David Curtin, Chas. Scott was allowed to use Queen line west of lot No. 1, concession 16, until required by the Galway council.

On motion of David Curtin, seconded by John Gilmore, S. Switzer received the sum of $25 on the boundary line between Galway and Snowden opposite lots 31 and 32, concession 16, provided Snowden grant a like amount, Charles McMahon to be commissioner for the expenditure of the same. Orders drawn on the treasurer as follows: James Allen $20 for road allowance on lot No. 11, concession 11, and that he also get the use of Queen's line in lieu of said road allowance until required by the Galway council, and that John Jackson receive $1 50 for cutting out windfalls on his road, and Duncan Peters 50c.

On motion of Charles McMahon, seconded by David Curtin, the council tenders their thanks to Mr. J. R Stratton, M.PP., for his energetic and successful efforts in procuring Government grants, which have improved the condition of our roads to such a large extent, and express the hope that he may be returned our M. PP. with an increased majority at the next general election, and that a copy of this motion be sent to Mr. Stratton.

The council adjourned to meet on the 15th day of December next unless called by the reeve.

North Monaghan.

(From Our Own Correspondent.)

The municipal council met at the town hall. The reeve and councillors Johnston, McIntosh and Hunter were present. Communications were read from F. W. Wilkins, P.L.S., for survey; from William Whitfield, applying for office of collector; from E Pearce, county treasurer, giving amount required to be levied for county purposes, $1435 97; applications from the trustees of the several schools to have the following amounts levied: Section, No. 1, $——; No. 2, $200; No. 3, $180; No. 4, $96; Separate School Board, $27. A request was also read from John F. Foulsome and Robt. Eastland, to be relieved from dog tax, they having lost their dogs. No action was taken.

Bylaws were passed for levying township, county and school rates, also for appointing a collector, which office was given to Mr. William Bell.

Mr. W. J. Hall addressed the council, asking them to have quarter line on 7th conc. surveyed.

On motion the reeve was authorized to make arrangements with F. W. Wilkins, P. L. S., to survey and establish the quarter line on the 7th concession, and to have stone culverts on the road between cons. 10 and 11 and on gravel road repaired.

The following accounts were presented and ordered to be paid: A. McDonald, plank, Clysdale's boat, $5.11; F. Brown, cedar, Landy's boat, $3 00; Wm. Collins, road commissioner, for work, $21 60; J. Forster, per C. Middleton, damage drawing gravel, $1 00

Then reeve was instructed to pay John Patton's gravel bill when rendered

The council then adjourned to call of reeve.

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

Cure for A Comet pation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

TORONTO TOPICS.

Alienated a Wife's Affections.

TORONTO, Sept. 9.—Fran.is Defoss issued a writ for $5000 yesterday against T. M. Mallard, butcher 667 Queen-street west. Mr. W. G. Murdoch has been retained by the plaintiff, as well as Mr. Nicholas Murphy, Q.C. On Aug. 12 last the defendant, it is alleged, trespassed on the premises of the plaintiff, 17 Goulding-street, of which defendant was landlord. He, it is said, assisted the wife of the plaintiff to remove furniture, etc., from the building. The defendant further is charged with alienating the affections of the plaintiff's wife. Aug. 4 and other specific dates are mentioned when the woman is alleged to have been unfaithful. The woman is now believed to be living in Syracuse. The case will probably come up for trial at the assizes on Oct. 17.

Heavy Loss by Fire.

TORONTO, Sept. 9.—Yesterday's disastrous fire at T. Tushingham & Son's, 102 Adelaide-street west, did damage to the extent of $25,000. The owners of the property are losers to the extent of $10,000, being uninsured. W. P. Smith & Co., wood turners, who occupied the first floor, lose about $5000, with insurance between $4000 and $5000. Mr. F. H. Boehler, jobbing and manufacturing tinsmith, loses about $3000, $1000 insurance. The Grant bamboo manufacturers lose $3000. Other losses are: James Bowden $350, insurance $300; Folger & Dubois $500, no insurance; Wells Bandage Manufacturing Co. $1000, insurance $800; T. Eaton & Co.'s bamboo works $1500, fully insured; Coulter Cabinet Manufacturing works, loss not estimated; John Vanderschaff, wood carver, $400, no insurance; Wyness Plating Co., small loss, insured.

The Trolley Accident.

TORONTO, Sept. 9.—At 4 o'clock yesterday afternoon Coroner Aikins empanelled a jury at the Morgue to enquire into the facts concerning the death of John H. Heard, who was killed by a trolley car on Wednesday. A large number of witnesses were examined, and the jury brought in a verdict of accidental death. Only one juror dissented from this verdict. He wished the jury to "reprimand the Street Railway Company for gross laxity of duty." He did not explain wherein they were remiss.

The Failure of Ruby & Hilker.

TORONTO, Sept. 9.—Further information in regard to the failure of Ruby & Hilker, shows that the firm consists of Ruby & Hilker of Port Elgin and Henry Hilker of Underwood. The business in Port Elgin is in bad shape, while that conducted at Underwood is thoroughly solvent, but the latter of necessity had also to be handed over to the assignee. The liabilities are estimated at $50,000, but the assets exceed these by some $25,000. Ruby was drowned some two months ago.

The assignee, Henry Barber & Co., of this city, are preparing a statement, and a meeting will be called as soon as possible.

No Other Sarsaparilla possesses the Combination, Proportion, and Process which make Hood's Sarsaparilla peculiar to itself

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Ayer's Pills

Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of the pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills

are recommended by all the leading physicians, and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills

are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes.

"I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used."—Frank Spillman, Sulphur, Ky.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists everywhere.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

AUCTION SALE

Of Refrigerator, Scales, Tea Cans, Office, Cash Register, and balance of stock of W. J. Morrow's will take place at his shop, 340 George street, Saturday 10th, at 11 o'clock.

A Successful Shooting Trip.

Messrs. R. Tivey and Wm. Carins of Lindsay, were out duck shooting at Burnt River, near Fenelon Falls, last week. Mr. Tivey shot 12 ducks in three days and Mr. Carins managed to kill four. Between them they caught seven muskinonge, the largest one weighing 12lbs. Mr. Tivey and Mr. Macklin, chief engineer of the Midland Division, will leave on Monday again for another hunt.

New Staff of Assistants.

The High School opened with a full staff. Mr. Bishop, who is an under-graduate of the third year with honours, taking the English and Moderns, and Miss Campbell, who holds a first-class provincial certificate, teaches Science, Commercial Work and Junior English. Both are experienced teachers and come highly recommended. With the new buildings; a strong staff of teachers, and an unusually large attendance, our popular institution begins the year with exceptionally bright prospects.—Norwood *Register*.

Alleged Blockading of Passage.

Chief of Police Rexel, acting on numerous complaints which have been made to him has taken action against Mr. W. B. Bamford, station agent for the C.P.R. for allowing the trains to blockade the George street crossing for more than five minutes. The case will come up for hearing before the police magistrate to-morrow morning. It is alleged that the passage over the George street crossing was blockaded by engines and freight trains this morning for a period of thirty-five minutes. According to the Dominion Statues no engine, tender or train can blockade a crossing longer than a period of five minutes under a penalty not exceeding the sum of fifty dollars.

Dan Whetang's Excursion.

The only Dan Whetang excursion was like every thing that Dan lays his hand to, a great success. It came off yesterday and the party of 300 on board the steamer Crandella had a fine time. The sail through Chemong, Pigeon and Sturgeon Lakes was charming and Fenelon Falls was reached in safety at 10 o'clock. Here a stay of 1½ hours was made and the sights seen. Calls were made on both trips at Chemong, Oak Orchard and Indian Village. On the way back two or three super jubilant characters were left at Bobcaygeon to unload their surplus exhilaration on that slumbering hamlet. Bridgenorth was reached at seven o'clock after a pleasant sail. About 25 attended from Peterborough. Dan wishes to express his thanks to all his friends who patronized his great excursion.

Sad Close of a Young Life.

The EXAMINER records with regret the death of Master George Barlee, youngest son of the late George Barlee, and grandson of Rev. V. Clementi, which took place at the family residence on Aylmer street, after a brief illness from peritonitis, yesterday afternoon. The deceased was a fine promising lad of about 14 years of age, and what adds sadness to the always sad circumstance of death is the fact that of the five sisters whom he leaves to mourn his death, two are at present in Denver — Miss Barlee and Miss Mabel. The family will have the sympathy of the community in an unusual degree—death having removed from the family circle within a few years, the father, the mother and two sons. The funeral of Master Barlee will take place on Saturday afternoon at 3 o'clock.

Don't feel with Indigestion. Take BURDOCK'S PILLS.

News Nuggets.

—There was a blank at the court this morning. All is tranquil.

—Corbett's Nasal Balm is a certain cure, a local druggists asserts for pugilistic "big head."

—Messrs. D. Jewett and J. Johnson will leave on a duck shooting expedition to Deer Bay and Deer River next week.

—The band will play in the park this evening. An interesting programme of pleasing selections will be rendered.

—There will be a battalion parade on Tuesday evening next. The officers of the 57th have decided to continue the fall drill.

—The Association football team will practice on the P.A.A.A. grounds on Tuesday, Wednesday and Friday evenings of each week at 6 30 o'clock.

—The ambulance corps did not meet last night. They will hold a meeting at Mr. Sam Ray's shop this evening to arrange for their annual dinner.

—The Township of Seymour will probably unite with the corporation of Campbellford in paying the salary of a police magistrate for the village and township.

—Staff Capt. Southall, of the divisional office, Kingston, will visit the Salvation Army here on Saturday and Sunday. He will be the guest of Mr. G. J. Early.

—Mr. Harold Claxton had a fine exhibit of photographs of Stony Lake scenes and home views at the exhibition last night. He took a first prize on the collection.

—Mr. Moses Stephens, a farmer of Seymour county was struck on the leg by the whiffletree of a waggon, one of the traces breaking, and had his leg badly bruised.

—Messrs. J. Mervin and A. Deacon, of Peterborough, butchers, have for the past week been buying cattle in Apsley. They purchased 97 cattle and 135 lambs for their own use.

—The boys have began practising Rugby football in earnest and with a spirit which forebodes a successful season. Geo. Boucher is the bustling captain of the Rugby team and is on hand at all the practices.

—A regular meeting of the I. A. of M. will be held in the Labour Hall, Simcoe street on Monday night. A large attendance is requested. The I. A. of M. meet the second and fourth Monday in every month.

—The Park Nine Baseball Club on Monday nigh resolved themselves into a football club, and they are practising hard on the Central Park every night. They are prepared to meet all junior clubs in friendly matches.

—The Midland Central Fair which closed to-day at Kingston was rank a failure although the Kingston papers landed it to the skies and beguiled outsiders to town to see nothing but empty stalls and an empty palace.

—A meeting of the Central Fair directors will be held at the Morgan House on Saturday afternoon at two o'clock in order to make further arrangements for the coming exhibition, which promises to be an interesting success.

—Evangelists Crossley and Hunter have just closed a successful series of meetings in Midland. About 200 have become connected with the churches as a result. On Monday they held a service in the Penetanguishene Reformatory, at which Sir Oliver Mowat was present.

—Walter Kerr the bustling peanut vendor pending the dismantling of the old Stewart House embattlements has removed "The City Peanut Stand" to the corner of Brock and George streets, where you may find him early and late.

—There will be a joint meeting of the Board of Health and the Health Committee of the town council this evening to inquire by what means the sanitary condition of Peterborough may be improved in view of the cholera epidemic.

—A. Randon, A. Percy, and two Seymour farmers were up before Reeve O. L. Owen, J. P., of Campbellford recently on the charge of sending watered milk to the factory. They were summoned by Milk Inspector A. E. Bailey, and fined.

—An interesting game of baseball may be expected to-morrow. Tee Edisons and the Peterboroughs will play another game of their popular series on the P.A.A.A. grounds at 2 o'clock. There should be a large attendance. An exciting struggle is anticipated.

—Dame Rumour says that two well known local sports who have imbibed much of the spirit and interest of the Corbett-Sullivan fight, will give vent to their pent up feeling of the manly art in a public fistic event in a "secluded spot" in a day or two. Both gladiators have many friends to goad them on to victory.

—The Board of Directors of the Y.M.C.A. have under consideration the names of several well known gentlemen and in a few days they will hold a meeting and appoint a new secretary to fill the place formerly occupied by Mr. R. J. Colville. Mr. T. S. Cole, Provincial Y.M.C.A. Secretary, was in town this week and is assisting in the matter.

—An experienced hotel man from down east was in town one day this week and wanted to lease the vacant building commonly know as the "Custom House," situated on the corner of Charlotte and George street, as a hotel, as he had been informed of its being finished and unoccupied for several months. The reason of the deal not being effected was because the proposed lessee objected to their being no sidewalk or granolithic pavement around the structure.

—Complaints were made to the police to-day that some five young cattle were impounded in No. 1 Ward pound for doing damage to property on Rubidge street near Dalhousie, by running at large. The cattle, the complainants said, had now been confined fourteen days and the pound-keeper had not even advertised them for sale. The by-law requires that impounded cattle shall, if not claimed within six days be advertised for a period of three days, and sold publicly on the market square.

'Clear Havana Cigars'

"La Cadena" and "La Fiera." Insist upon having these brands.

The Charming Circle of the Lakes.

Reference to the advertisement of the "Sunbeam" in another place will inform the reader that the route of the steamer, the charming circle of the lakes, will come on Wednesday, Sept. 14th, and that the second annual trip from Peterborough to Chemong, Bobcaygeon, Sturgeon Point, Fenelon Falls and Lindsay is on the 15th. Remembrance of the pleasure and courteous attention the "Sunbeam" and her officers have given thousands this summer, should secure a large patronage of the closing excursion of the season.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

Bartenders Beat Barbers at Baseball.

A Funny and Exciting Game Played Yesterday on Riverside Park.

The long talked of game of baseball between the barbers and the bartenders came off yesterday afternoon at the Riverside Park. There was a large crowd of enthusiasts present to witness the sport, and they did not see the game for nothing for it proved to give more fun to the square foot than has happened in Peterborough for some time. "General" Tighe referred the game, which was one for blood—at least the umpire thought so anyway, for he received the sphere sharply on the nose by a wild throw which started the crimson fluid flowing freely. Mr. Dan McCabe umpired the remainder of the game, which was only five innings long, to the satisfaction of both sides. The struggle was an exhibition of many muffs, wild throws, rattled players, excited coaching, good and bad base running etc., and afforded no small amount of merriment for the onlookers. As was anticipated the dispensers of liquid refreshments completely overwhelmed the disciples of tonsor, by a score of 32 runs to 20. It was a veritable farmer's game of baseball but nevertheless some good plays were made and some of the players on both clubs did much clever work at the bat and quick fielding. Herb. Snowden played a good first bag and made the hit of the day in a home run in the fourth innings, driving three men before him. W. Burdick pitched a fair game and Joe Nelson relieved in fine style. Fred Holland on third was always there when wanted, and John Clancy in centre field was no mean factor in the wine clerk's success. Paddy Carrol and Martin Connors did not do too bad, the latter making five runs. For the barbers W. Boyle on first put up a great game, and Charles LeGros' fine fielding was a centre of attraction. Rundle, Evans and Boyle did the stock work for their side, piling up thirteen runs between them. J. Primrose did well in right field. Strange to relate, there were very few struck out during the combat. Following is the score; the errors are not counted, as there was hardly any thing else.

NOTES.

The printers of the town offices want to have a crack at the bar-tenders, and are prepared to meet them any time.

The bartenders are prepared to meet a nine from any of the following organizations, butchers, printers, woodworkers, lathers, tobacconists, plumbers, confectioners, and the unknown team.

Subscriptions are being taken up to form a combination team of barbers and bartenders and to purchase bats, balls and supplies for the great combination club.

The Peterboroughs will place the following nine in the field against the Ellisons to-morrow afternoon: McCabe, p., Howe, c., Lipset, 1b., Evans, 2b., Burnon, 3b., Ray, s.s., Lyle, l.f., Hey, c.f., and Tighe, r.f.

The grocery clerks are desirous of playing the drygoods clerks a game of baseball within the next two weeks. The grocery clerks say they will win.

Personal.

Mrs. (Rev.) Edwards is still quite ill with malaria.

Mr. A. P. Poussette, Q.C., is confined to his house suffering from a cold.

Mr. Wm. McCrea, of Peterborough, spent two or three days in Omemee this week.—Omemee *Herald*.

Messrs. T. Rutherford, Sam Ray, and E. B. Loucks are on a two days' duck shooting expedition at Chemong.

Mr. J. R. Stratton, M.P.P., addressed a meeting of the electors in Goodfellow's hall, Springville on Thursday evening.

Mr. A. McDonald, of Rochester, is in town on a visit to his parents. He is an old Peterborough boy and is looking well.

Miss Halpin and Miss Annie Brennan, of Peterborough, are spending a holiday here, and are the guests of Mrs. A. Freeman.—Norwood *Register*.

Rev. J. J. Ballen, pastor of the Baptist church, Campbellford, was presented with a purse of $20 on Wednesday night on the eve of his departure for college.

The Board of Managers of St. Andrew's church have appointed Mr. A. Tilley, a valued member of the choir, to succeed Mr. J. H. Ketchum, whose resignation was accepted, as choir-master. The appointment is a popular one.

Mr. D. H. Moore, P.G.P., left yesterday for Portland, Oregon, to attend the meeting of the Sovereign Grand Lodge, I.O.O.F., which meets on 19th inst., as a delegate from the Grand Encampment of Ontario. Mr. Moore goes via Denver and will return via British Columbia, by the C.P.R. visiting points of interest on the way.

New Books at Peterborough Book Store.

All Winter Goods have to be cleared out. Tweeds for Suits will be sold less than cost. Large Stock of Mens' and Boys' Overcoats less than Half Price. Old Stand.

T. DOLAN & CO.

Another Military Marriage.

Nuptials of Mr. L. M. Hayes and Miss Macdonnell, of Toronto.

Scarcely has the flutter over Tuesday's matrimonial event in St. John's subsided, when a similar event that withdraws another from the rapidly thinning bachelor ranks of the 57th Battalion, takes place. The marriage in Toronto of Mr. L. M. Hayes, barrister-at-law, of the local firm of Hall & Hayes, and Lieutenant of No. 4 company 57th Battalion, to Margaret Maud, youngest daughter of Mr. Angus D. Macdonell, of Toronto. The ceremony was celebrated at St. Helen's church by the Very Rev. Dean Cassidy, assisted by Rev. Father Teefy, Superior of St. Michael's College. The church was beautifully decorated for the occasion and was filled with a fashionable throng, consisting largely of the fair sex. The fair bride was clad in white silk, with the usual veil and wreath of white roses, and carried a bouquet of white roses. Her attendants were her sister, Miss M. MacDonell, Miss M. Robinson, Miss Nellie and Miss McDonald. The groom was supported by his brother, assisted by Mr. W. D. Parker and Mr. C. L. Benedict. After the ceremony the wedding breakfast was partaken of at the residence of the bride's father, Dundas street, and an informal reception held. The ceremony was attended by about a hundred guests, among whom were the following from Peterborough, Dr. Pigeon, C. W. Forbes and A. Charter formerly of this town, and those mentioned above. At two o'clock Mr. and Mrs. Hayes embarked on board a steamer of the Richelieu Line for a few weeks trip among the seaboard waters of the St. Lawrence. When they come to town they will occupy the residence on McDonnell street which is awaiting their return, and in which their many friends hope they will pass the beginning of a long and happy wedded life.

For the Table.

GEO. MATTHEWS.

MARRIED.

HAYES—MACDONELL—At St. Helen's church, Toronto, on the 8th September, 1892, by the Very Rev. Dean Cassidy, assisted by the Rev. Father Teefy, Superior of St. Michael's College, Louis M. Hayes, Barrister-at-law, Peterborough, to Margaret Maude, youngest daughter of Angus D. Macdonell, Dundas street, Toronto.

Mr. Geo. W. Turner

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the

Worst Case of Scrofula

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I

Work all the Time.

Before, I could do no work. I know not what to say strong enough to express my gratitude to Hood's Sarsaparilla for my perfect cure." GEORGE W. TURNER, Farmer, Conway, Saratoga county, N. Y.

HOOD'S PILLS do not weaken, but assist digestion and tone the stomach. Try them. 25c.

We Are All Ready FOR YOU

Come in as soon as you can and inspect our High Grade

Fall Overcoats

AND

SUITS

You will be Pleased with the Assortment we Show.

One place where we've a strong hold with parents is the boys clothing department. Mother usually buys the clothing for her boy and she wants it right. Right means wearable and perfect fitting; boys like to look well dressed as much as older folks. You want to pay enough for clothing to be sure it's right in quality, and right in style. but you dont want to pay an extravagant price for it because possessing these elements. We're confident that we make our charges reasonable.

ORDER CLOTHING DEPARTMENT.

Now in full swing. Fine range of Cloths and Tweeds to select from as usual.

EARLY FALL MILLINERY!

MISS PARSONS is home from the centre of fashions and will be pleased to supply your needs for Early Fall Millinery.

The Horticultural Exhibition.

Complete List of the Prize Winners—A Rich and Varied Show—A Large Number Present Last Evening—The Display of Flowers, Fruits and Fine Arts Looked Magnificent Under the Glare of the Electric Light.

The annual exhibition of the Peterborough and Ashburnham Horticultural Society took place in the large market building yesterday and was in every way a fine success. Last evening spectators to the number of 600 crowded the immense building and viewed with profit and pleasure the fine and carefully arranged exhibits of plants and flowers, fruits and vegetables, cut flowers, blooming exotics, fine arts, stuffed animals, insect's shells, needle work, embroidery on linen, useful and fancy articles, crochet work, knitting, children's work, etc. The various exhibits which were larger and more complete in every class than during any previous year's exhibit in the history of the society, were all artistically arranged with taste and care, and the effect produced was beautiful and picturesque. The thanks of the exhibitors are due to the committee of management who received and arranged all the articles sent. The display of fancy work, which was never excelled, pleased the hundreds of ladies present. The names of the principal exhibitors in this class will be found in the subjoined prize list. Mr. E. Elcombe's display was a distinct feature of the show. The exhibit consisted of fish, birds, animals and shells. Twelve different varieties of animals, such as the wild cat, black bear, porcupine, chipmunk, squirrel, weasel, etc., were all mounted with life like naturalness and grace. The display of mounted birds proved Mr. Elcombe to be an ornithologist of no mean order.

The band was present in the evening and discoursed some splendid selections in their customary fine style, and to the delight of those present. The exhibit closed at ten o'clock when many of the articles were removed. The remainder were cleared out this morning. There was quite a number present in the afternoon from two to six o'clock. The directors feel gratified that their exhibition this year in contradistinction to former years proved to be a phenomenal success and they are thankful to the citizens of Peterborough and vicinity for the hearty manner in which they took hold and co-operated with the directors in making this year's exhibition of the society a great success and to ensure the continuance of these exhibitions in the future. The prizes will be payable by the secretary, Mr. Peter Henry, in a few days. Following is the complete list of prizes and prize winners :—

CLASS 1—PLANTS AND FLOWERS.

Collection of plants in pots, distinct varieties—1 Mrs. T. Henry, 2 Mrs. B. Cooney.

Collection of Geraniums, not less than 4 varieties—1 Mrs. T. Henry, 2 Mrs. B. Cooney.

CLASS 7—CHILDREN'S WORK.

Plain Needle Work—1 Mrs. McF. Wilson, 2 Miss Isabella Hay.

Writing by a girl under 15 years of age—1 Miss Helen Hay, 2 Miss Isabella Hay.

A Midnight Blaze at Millbrook.

Determined Incendiary Attempt to Destroy the Village.

(From Our Own Correspondent.)

Last night two fires broke out almost simultaneously in Millbrook and, but for the gallant exertions of the well equipped fire brigade, the loss would have been greater than actually resulted. When discovered Kells, Fowler & Co's large produce storehouse, about 40x70 in size, was all ablaze, and there was no chance of saving it. It contained a considerable quantity of sugar, sugar, etc. The explosion of the eggs by the heat could be heard at quite a distance, and the melted sugar mingled with their contents flowed in streams. At the same time as the fire mentioned above, the storehouse in rear of fire hall occupied by Mr. A. Payne, was seen in flames. In spite of the most vigorous exertion of firemen and citizens this was destroyed and the fire spread to the firehall, the roof of which was badly damaged, and th house tower gutted, but he walls still remain.

The sheds and stables of Mr. Alonzo Fee near by also became a prey to the flames. The horses and carriages it contained were got out in safety, but a large quantity of feed, hay, etc., was destroyed.

Mr. John Crocker's stables and sheds were also burned. The horses and vehicles were removed, but the other contents were destroyed.

A dwelling occupied by Mrs. Donnelly, and owned by the Midland Loan and Savings Company, had the roof badly burned.

The loss sustained by Messrs. Kells, Fowler & Co. amounts to fully $1,000—with an insurance of $250 on building—nothing on contents. Mr. Lee's loss is about $1000, and Mr. Crocker's between $600 or $800. It is not known at this writing as to the insurance on these properties. Including the above, and the damages to Mrs. Donnelly's and the fire hall the total loss cannot be far short of $3,500, with an insurance protection, so far as at present known, of $250.

There is not the slightest doubt that the fire was of incendiary origin and that, too, with a determination to destroy the village. Two fires were started at the same moment, in the southern part of the village from which direction the wind was blowing, and one of them in proximity to the finest block of buildings in the village. The occurrence of the two fires at the same time somewhat weakened the efforts of the fire brigade by dividing their attention, but the firemen and citizens are deserving of the greatest credit for the vigorous exertions that confined the flames within the limits indicated above.

The Boys at School.

Boys who are away at school should always have some quick and sure remedy for sudden attacks of Cramps, Diarrhœa, or Dysentery, for a physician is not always near, and an hour's delay in cases of this kind often leads to serious results. Therefore parents should supply their sons with PERRY DAVIS' PAIN KILLER, which is efficacious as it is simple and harmless. Directions are with each bottle, and one dose rarely fails to bring relief to a sufferer from any bowel complaint. Only 25c. for a bottle double old size.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or at the Peterborough Bookstore.

Meat! Meat!

WOULD YOU BUY,

If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer streets, between Townsend and Rink streets—$2,000. Look it up. Will have two on Dalhousie work now going on.

Sold in Peterborough by Geo. A. Schofield.

"A little food."

"Are you hungry, and whither are you going?"

"I am thirsty more than hungry. I was traveling north when I chanced upon that pass through the rock. I will return at daybreak; unlike—what am I to call your—"

"She is Zell. There is only Zell, Zanea, Ishmael, and Shem in our world."

"Well, unlike Zell, I will climb the toilsome road just to see the cave of Ishmael and Zanea."

"I will bring you food and drink, then go with you to the foot of the incline."

He arose, and with the dignity and grace of an animal, entered the house. Reappearing in a short while he brought with him a table of ebony, inlaid with pearls. Placing it beside Terry he returned to the house. Again he came out, carrying a tray, the equipments of which were silver, and almost priceless for its great antiquity. The tray, too, was of silver, and was wrought in finest

ISHMAEL.

workmanship. The repast was dainty in the extreme, consisting of cold wild fowl of some kind, bread, wild fruit and tea. After Terry's hunger had subsided Shem removed the tray and table; then the three set out toward the mountain road. When they gained the foot Zell asked Terry if he would return to them that night. He promised he would, and at the same time encountered a smile from Shem of sympathetic pity. The mountain's shadow followed Terry up the steep road. When he gained the platform he turned and in the west he saw the sun setting in all the beauty of a June sunset.

"Ah! Zell, you cannot see the beauty of the sinking sun as it settles itself in gorgeous splendor behind that rugged crest of rock that piles itself higher again than what you see. Poor Zell, what a narrow world yours is."

Far down on the flat he saw Zell and Shem going home, and Terry paused to watch the lovely child. Rousing himself, as if from a dream, he walked straight to the drape of vines that partly hid the entrance to the cave of Ishmael.

Jack would have said Terry's vision at least had learned concentration. He stood motionless, looking into the cave. He saw a large natural excavation giving a space of fifty feet or more. On every side from roof to floor the walls were lined with books; what a magnificent library. The ceiling was draped from the center outward with velvet soft and rich, and was of a pure gold color. From the centre hung a chandelier of burnished gold, bearing tiny lamps almost innumerable. These small lamps were quite antique. The floor was covered with the same material the top was draped with. Statues of fine marble lightened the remotest corners with their involuntary chasteness, gleaning white and cold looking. Ottomans without number, broad and easy, were scattered around. These, too, were covered with the rich golden velvet. Just under the lights were ranged four couches, over which were drapings heavily fringed with silk. On each of these sumptuous beds lay, still and white, a man. Near them was an ottoman, the covering of which was richer than the rest, the drape being wrought and fringed with the same rich metal the chandelier was made of. Here sat what Terry had gazed at so fixedly—a girl, the same, the very same, as Zell. Could it be Zell, or was this Zanea. The same clinging silken gown, shoes of the same old make, the hair falling in the same rich profusion, one, only one little difference. Zanea wore a girdle. A chain of gold bound the silk in folds at her waist, showing the perfect curves that were concealed by the flowing garb of Zell. The chain reached to the hem of the dress in gleaming links. She sat with one knee caught up between her clasped hands watching those deathly still men. She turned, and seeing Terry she arose and came to meet him with extended hand.

CHAPTER V.

OU are in good time. Zell did not keep you long, but then you promised her you would return to-night. You think Zell beautiful. You think the same of me.'

She looked into Terry's eyes earnestly. Oh, so earnestly, then dropped her pretty head a moment.

"Come in and rest, and tell me what you think of the cave of Ishmael you climbed so high to see."

To her own ottoman she drew another, and bade him sit by her.

"You fear the men are dead. They only sleep, their souls are freed from bondage for a space of time. Their bodies rest. Why do you not speak?"

"These men depress me. Tell me what this means. Why do you live here alone, you and little Zell, Ishmael and Shem?"

A smile, so like Zell's, covered those pretty lips.

"Little Zell, we are alike in size. Our bodies are just the same, why do you say little Zell?"

"Have you seen Zell? She says she has never seen Zanea."

"Not as you see her, but I know her eyes, her hair, her face, and dress are like mine. Zell differs only in her unbound robe."

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

Here is an incident from the South—Mississippi, written in April, 1890, just after the Grippe had visited that country. "I am a farmer, one of those who have to rise early and work late. At the beginning of last Winter I was on a trip to the City of Vicksburg, Miss., where I got well drenched in a shower of rain. I went home and was soon after seized with a dry, hacking cough. This grew worse every day, until I had to seek relief. I consulted Dr. Dixon who has since died, and he told me to get a bottle of Boschee's German Syrup. Meantime my cough grew worse and worse and then the Grippe came along and I caught that also very severely. My condition then compelled me to do something. I got two bottles of German Syrup. I began using them, and before taking much of the second bottle, I was entirely clear of the Cough that had hung to me so long, the Grippe, and all its bad effects. I felt tip-top and have felt that way ever since." PETER J. BRIALS, Jr., Cayuga, Hines Co., Miss.

HAVE YOU
BACK-ACHE
DOAN'S KIDNEY PILLS
WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys.

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system.

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Bright's Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

GLADSTONE RELUCTANT

TO DISCUSS ANY CHANGE IN THE MONEY BASIS.

The Strain of the System in India, He and Sir Vernon Harcourt Think, Ought to Be Relieved Without Agreement or Conference With the United States Authorities.

LONDON, Sept. 9.—In regard to the International Monetary Conference the new Government has heard nothing from Secretary Foster, whose ignoring of change of ministry seems not likely to assist the conference arrangements. The associated press is authorized to state that both Mr. Gladstone and Sir William Vernon Harcourt, his Chancellor of the Exchequer, are averse to the conference discussing anything affecting the currency of the British Empire.

Mr. Gladstone thinks that if anything is done to relieve the strain of the monetary system of India, it ought to be effected without agreement or conference with the United States authorities. Mr. Gladstone thinks that the conference will lead to nothing and has privately expressed the opinion that Mr. Goschen had gone too far in treating with Secretary Foster, and that, finally, the officials asked why the Washington Government did not forward fresh papers on the subject. Mr. Gladstone does not like the idea of a suspension of India's silver currency, but finding that the India office insisted upon an early settlement of the question he has consented to submit it to the Cabinet.

THE CHOLERA.

Thirty Thousand People Reported to Have Died in Persia.

LONDON, Sept. 8.—The Times' Teheran correspondent says: The cholera epidemic has ceased here. The bazaars are again open and business has been resumed. The mortality here is variously estimated at from 13,000 to 20,000, while for the whole of Persia it is at least 30,000.

Virchow on the Cholera.

BERLIN, Sept. 7.—Prof. Virchow has published the result of his enquiries in Russia in regard to the cholera and the facts connected with it. He declares that the measures in force in Russia for treating persons attacked with the malady and for preventing its spread are good, and that Russia is ahead of Germany in this respect. The exceptional virulence of the plague in the Volga district, Prof. Virchow adds, is because the physical condition of the inhabitants is so reduced by famine that it is impossible to save them once they are attacked by cholera. Professor Virchow adds that owing to inadequate knowledge of the bacillus it is impossible to tell whether the cholera will recur in the spring. He holds that the theory that the disease germ is killed by the cold is a mistake, as winter epidemics have occurred in St. Petersburg.

Passengers Safely Landed.

LONDON, Sept. 8.—The British steamship Mona Isle, from Dublin, for Douglass, Isle of Man, ran on a rock off the island at midnight. There were 600 passengers on board, and for a short time after she struck there were indications of a panic, but the officers succeeded in assuring them that there was little danger, and they quieted down and awaited rescue. Distress rockets were sent up and were answered from shore. The life boatmen and coast guards soon succeeded in getting a line to the stranded steamer. The breeches buoy was rigged and everyone of the 600 passengers were taken ashore in safety. The crew are still aboard, and an attempt will be made to float the Mona Isle at next tide.

One Case in Brussels.

WASHINGTON, Sept. 7.—The Secretary of State has received a telegram from the United States Consul at Brussels, saying Brussels officials report one case of cholera.

Official Returns.

BERLIN, Sept. 7.—The cholera returns of the Imperial Board of Health place the number of new cases in Hamburg yesterday at 702 and the deaths at 333. The board also reports 18 new cases and 9 deaths in Altona yesterday.

The Canadian Pacific Withdraws.

CHICAGO, Sept. 7.—The Trans-Continental Association has begun to go to pieces. The Canadian Pacific gave notice to-day of its intention to withdraw from the organization, taking effect Jan. 1. A number of reasons are given for taking this step, and they all hinge on the quarrel between that company and the Southern Pacific.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER.
dw Fent Hill, Ont.

The Head Surgeon

Of the Lisbon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonnell ave., Toronto, Canada.

A Cheap and Durable Grindstone Frame.

One great cause of trouble with grindstones is fitting them to rickety frames, and placing them out of doors uncovered, and with water in the trough. The portion of the stone standing in the water becomes soft and is easily worn away, while that exposed to the sun's rays is continually hardened, and soon wears out of a true circle, upon which no tool can be properly ground. The frame shown in the illustration consists of a well-seasoned piece of timber, about one foot square and three feet or more in length, with a trough cut in the top eight

or ten inches deep, and thoroughly coated with hot oil; or even with kerosene, several times before it is used. The legs are made from three by four-inch scantling, beveled at the top end and firmly nailed on, as shown in the engraving. The shaft may be supported by wooden boxes attached, or friction wheels that often come with the stone. Make a good, solid cover, and keep it on the stone when not in use. As (a) is a hole, with a plug, which is drawn to let off the water each time after using. If the bottom of the legs rests upon brick or stone, the whole apparatus may be left out of doors the year round.

Knew When He Had Enough.

Edward Cowens, employed by Shivers & Moffett, Camden, was called to his home suddenly yesterday afternoon.

He returned and informed his employers that a babe had been admitted to his family.

Shortly afterward the telephone summoned him to his home, and when he returned he found two more children had been added to his family.

He waited around home, and another, the fourth child, made an appearance.

He then returned to work, and asked his employers, not to answer the telephone again.

A Mark of Breeding.

Spinster—You ask a pretty good price for that parrot.

Dealer—Yes, but then the bird has had such an aristocratic training.

Spinster—How do you know?"

Dealer—Because he always talks when nyone begins to sing.

Committed for Trial.

HAMILTON, Sept. 8.—Before the police magistrate yesterday morning A. M. Zelensky was brought up on remand on the charge of forging the signature of Louis Pollock to a note for $39.85, which he afterwards discounted at the Bank of Hamilton. The case lasted for over two hours, many of the witnesses being unable to speak English, and the services of an interpreter being in constant demand.

After hearing the evidence the magistrate committed the prisoner for trial at the present assizes, refusing to admit him to bail.

Vermont Goes Republican.

WHITE RIVER JUNCTION, Vt., Sept. 8.—Vermont yesterday held its biennial state election, choosing state and county officers, a legislature and two congressmen. The returns are incomplete, but there is no doubt the Republicans have been again successful.

Great Fire in Philadelphia.

PHILADELPHIA, Sept. 7.—Fire to-night destroyed the block between 12th, 13th and Catharian and Temple streets. The loss is estimated at $400,000.

20 Millions of Bushels for Export.

WINNIPEG, Man., Sept. 7.—Grainmen are unanimous in the opinion that this country will have 20 million bushels of wheat for export this year.

Francis Kernan Dead.

UTICA, Sept. 8.—Ex-United States Senator Francis Kernan died in this city at 4 o'clock this afternoon.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood-purifiers whatever. Ayer's Sarsaparilla leads all.

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town, dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them, dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized my druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Ask your neighbors if they use Dodds Kidney Pills? They strengthen the nerves, tone the system, and the most stubborn cases of kidney disease yield to their influence. They are especially appreciated by the old. Ask your neighbors about them. dw

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you. dw

CARTER'S LITTLE LIVER PILLS.
CURE
Sick Headache and relieves all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try these will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THE REPORT IS A CANARD

THERE IS NO CASE OF CHOLERA AT MONTREAL.

The Canadian Pacific Railway Will Transport No More Immigrants This Season to Any American Point of Destination—Cholera Reports From Europe—More Cases at New York.

MONTREAL, Sept. 9.—The story published yesterday that cholera had reached the St. Lawrence receives straight contradiction from Dr. Lachapelle, president of the Board of Health. He states that the Wandrahm, the boat which was mentioned as introducing the disease, has not passed Father Point and has not been reported from any place in the Gulf. She comes from Hamburg and Antwerp, and will not be allowed to pass Grosse Isle.

Montreal Officials Alert.

MONTREAL, Sept. 9.—The railway passenger authorities will do their share in enforcing precautionary measures against cholera. Yesterday they permitted 21 emigrants to pass over the line to Detroit on their way to Chicago. To-day C. E. E. Usher, assistant general passenger agent of the C.P.R., stated that the company had decided to transport no more immigrants this season to any American point of destination. They will give passage only to immigrants who seek settlement in Canada and who have passed examination at the Grosse Isle quarantine. The 21 immigrants who went to Detroit yesterday will probably be compelled to submit to 20 days' quarantine at that city. Louis Berg of the Allan Line accompanied them, however, with the intention of endeavoring to secure a remission of the United States regulations in their favor, as they have clean bills of health from Montreal, and should Berg fail to secure their admission into the United States he has authority from the company to provide for their wants until the quarantine period has expired.

THE PLAGUE SHIPS.

The Report of New Cases and Deaths at Quarantine.

QUARANTINE, N.Y., Sept. 9.—The following official statement of new cases and deaths is received:

Normannia—Franz Albrecht, aged 24; Adolphe Meier, 25; Gotthieb Daumishon, 36; Gustave Neumann, 23; Dandile, 24; Carl Grumich, 21. All new cases among the crew.

Rugia: Gustave Wellschapper, aged 1 year; Johann Podratakia, aged 44; Felona Kuneschin, aged 30. Eight persons who were exposed to patients of the same families were removed to Swinburne Island and isolated for observation.

Hoffman Island: Karl Blunnig, aged 38, a steerage passenger, was removed to Swinburne Island. He was one of the Neumannia's passengers.

Swinburne Island: Deaths — Elfrida Schultz, aged 8, admitted from the Rugia, Sept. 3; Henry Frankel, aged 39 years, admitted from Normannia, Sept. 4, one of the crew; Jacob Kessler, aged 33 years, who was removed from Hoffman Island, Sept 4, and Christine Hansen, aged 10 years, admitted from the Rugia, Sept. 6. The nurse is better.

The Belgian steamer Waesland, Captain Grant, from Antwerp, which had been among the quarantined fleet in the upper bay, was released this evening by order of the health authorities.

Pasteur and Inoculation.

LONDON, Sept. 9.—The Times Paris correspondent has had an interview with Pasteur, the inoculation specialist, in which the latter says his experiments with anti-cholera vaccine have never failed with animals. But he had been unable to apply the test to human beings without introducing the virus into the bowels as he did with dogs. He had vaccinated persons living in contagionated centres and none of them had taken cholera, and to further his work he had applied to the King of Siam to be allowed to experiment in that country, when cholera is epidemic. A similar appeal to the Russian Government has been unsuccessful.

Alarm Revived in Berlin.

BERLIN, Sept. 9.—Yesterday's news of a fresh cholera case at the Moabit Hospital, that of a woman who arrived in the city only yesterday, has revived alarm here. Owing to the constant arrivals in Berlin of Hamburg refugees in large numbers, a police order has been promulgated directing that all arriving travelers shall immediately report themselves to the proper authorities, and that they be subjected to several days' observation. All strangers are rigidly excluded from Brunswick Wernigerode and other places, where the inhabitants are in a state of semi panic. A Stamburg court official became insane yesterday owing to his frenzied fears of cholera.

Fifty-two Deaths in Paris.

PARIS, Sept. 9.—In this city and suburbs 89 fresh cases of cholera and 52 deaths occurred to-day. A nurse employed in the St. Antoine hospital died during the day from the disease after only two days illness. Every effort that science could suggest was made to save the patient's life, even an assistant, a mere youth, submitting to the operation of transfusion of blood, but in spite of every care and attention the patient succumbed to the malady.

A Case on Shipboard.

DUBLIN, Sept. 9.—The steamer City of Rotterdam from Hamburg arrived last evening flying a yellow flag. She was boarded by the health officer, who was informed that one of the seamen on board had been attacked with cholera. The man was removed to an hospital, and the steamer was thoroughly fumigated.

Declining in Hamburg.

NEW YORK, Sept. 9.—The quarantine commissioners are in continual session. The situation is grave and they have arisen to it as one man. A large store of clothing, gasoline for lighting the island, brandy, claret, alcohol and other necessaries was taken to quarantine yesterday by Commissioner Allen.

Sanitary Superintendent Elson received the following cable despatch to-day:

HAMBURG, Sept. 8.—Hamburg methods in handling cholera are defective. The city, however, has a fine hospital which, when full, accommodates 1200 patients. At present there are 600 empty beds. The situation is exaggerated. The disease is on the decline.
(Sgd.) SEIBERT.

Dr. Seibert left this city for Hamburg two weeks ago for the purpose of studying the cholera situation.

No Steerage Passengers.

LONDON, Sept. 9.—Of the liners which sailed yesterday for New York the Anchor steamer Furnessia, from Glasgow, took 220 saloon and 400 second cabin passengers; the White Star steamer Majestic, from Queenstown, took 285 saloon and 220 second cabin passengers, and the Inman steamer City of Chester, from Queenstown, took 163 saloon and 276 second cabin passengers.

Stopped at the Soo.

SAULT STE. MARIE, Mich., Sept. 9.—Thirty-two Swedish immigrants direct from Liverpool by the Allan Line steamer Circassian landed at Quebec, and from there by the Canadian Pacific railroad through here to the Northwest, were quarantined at the Canadian Soo yesterday. They are in good health, but will be held just over the border, washed and thoroughly disinfected, and their baggage fumigated. The authorities of the Canadian Soo are very indignant over the affair, and Mayor Plummer stationed a squad of police at the car and will not allow any of the occupants to leave it. Mayor Plummer said they will be sent around over the main line of the Canadian Pacific at once or returned to Quebec.

Canadian Grain Grades.

NEW YORK, Sept. 9.—The Trunk Line Association was in session yesterday and discussed the question of grading grain shipped to this port for exportation. A committee was appointed to confer with a committee of the New York Produce Exchange, the United States Customs and the Toronto and Montreal Boards of Trade. It was the general feeling of the committee that it will be necessary to reduce the number of grades to three or four for Ontario, as many for Manitoba and practically to get rid of exporting by lots.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

Fire!

For sale by Geo. A. Schofield, Druggist, Peterborough, Ont.

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

Big Clothing Business
Getting Bigger and Bigger
WHERE'LL IT STOP?

We claim a distinct difference in favour of the Styles, Qualities, and Prices of our Men's and Boys' Clothing. Most any man can afford to pay $10.00 for a Fine Suit. And the goods that Grafton's show at this pricee are marvels of style, elegance, durability, and cheapness. Of course we have still finer suits. We have them up to $18.00, but our $10.00 line is a dandy. It embraces Cassimeres, Cheviots, Tweeds, Worsteds, etc., cut in frock and sack styles, trimmed faultlessly and fitting perfectly. See these $10.00 Suits.

Now here are a few prices of our other Men's Suits:—Men's Tweed Suits, $3.25; Men's Tweed Suits, $3.50; Men's Tweed Suits, $3.95; Men's Tweed Suits, $4.50; a Rattler for $5; Men's Heavy Double-Breasted Suit, can't tear them, $6.50; Scotch Tweed Suits, $8.50, $9.50, $10,50, and $12. Special Reduction in Boys' Clothing. Big Reductions in Boys' Clothing. Tremendous Reductions in Boys' Clothing. See them. See them. See them.

NOT TRUE

The statement that we are selling the New Dress Goods and Mantles at about cost price, this Autumn, just as an advertisement to attract custom for other goods, is not true The cause of the ready sale for our

NEW MANTLES and DRESS GOODS

Is that there has been extra care, this season, taken in purchasing them More centres of European manufacturers of these goods have been visited. The natural effect is, that we have Better Value than in the past, and an assortment quite surpassing previous years.

P.S.—Although the prices are lower than regular Peterborough rates, the goods bear our usual profit. The money saved to the public is entirely due to good judgment and excellent taste in buying.

VALUE?

You will find it in every department. It is always conspicuous in the Golden Lion. It reigns just now among

OUR CARPETS

It is better than a bonus and more abiding than a gift. Our large and varied selection of Carpets for the autumn trade are being appreciated by many who are returning home from their summer resorts Carpets in every texture for the quiet and unpretentious home the millionaire or the humble citizen. Rugs, Mats, Squares, &c., &c.

CURTAINS in great variety. Portieres in all sizes. Sash Curtains, &c., &c.

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

A SOCIETY OF ASSASSINS

BANDED TOGETHER TO LURE RICH MEN TO THE COUNTRY.

The Murder of the Herbew Immigrant, Eisenstadt, on Long Island and Facts Ascertained Regarding It, Confirm a Theory That a Murder Association Exists in America.

NEW YORK, Sept. 10—The body of Lazarus Eiscustadt, the wealthy Hebrew emigrant whose body was found in the woods in New Utrecht, L.I., on Monday, was buried in the Hebrew Cemetery in Brooklyn yesterday.

To the surprise of everyone a relative of the dead man turned up at the last moment. He said that he was a nephew of Eisenstadt and gave his name as Jacob Leberman of No. 55 Henry-street, this city. He was accompanied by a man who said he was an old friend of the murdered man, and gave his name and address as Isidore Nickritz of No. 30 Canal-street, New York.

These two men called at the Brooklyn Morgue yesterday morning and told Keeper Maguire that they wanted to take the body away for burial. They were told that a burial permit was necessary, and they went in search of one. They returned in an hour with the document and the funeral took place without further interruption.

The theory advanced that Eisenstadt was the victim of an association of murderers banded together in this city for the purpose of luring wealthy victims from the Old Country and doing them to death for the money they might bring with them, was confirmed by Captain Kenny, who had charge of the case.

"I received information from the nephew of the dead man," said Captain Kennedy to me yesterday, "that bears out that theory. From this and other sources I learned that Eisenstadt received letters at his home in Russia in which the prospect of making money in the New World was pictured in most glowing colors.

"Through the same sources I have heard these facts about Eisenstadt: He was worth about $100,000 and his father was much richer. The son was anxious to become a millionaire and the letters he received from this country led him to believe that on these shores he could realize his dream. His old parents, who had seen the letter from America, were opposed to his coming here. But he persisted, and one night he left his home, deserting his wife and nine children. He took about $10,000 with him. Since then he had been considered lost by his parents. They wrote to friends and consuls throughout the world begging them if they met Eisenstadt to induce the wanderer to return."

One of these letters was received by Isadore Nickritz. He claims that he and the nephew exhausted every means to find the lost son. They did not hear of him, however, until the description of his dead body was published in the newspapers. On Tuesday, they admit, they visited the Brooklyn Morgue and recognized the body in the box as that of Eisenstadt. They said nothing of the identification, however, and when they passed the keeper at the door of the morgue they shook their heads in token of not having identified the body.

They admitted this fact yesterday, but would not explain the object of their action.

This has set the Brooklyn police to guessing.

The detective force working on the case was doubled yesterday. Detective Sergeant O'Rourke was reinforced by Detective Sergeant Ryan. Both of them returned to Captain Kenny last night with a great deal less information than they had gathered the day before.

They were still waiting last night for some of the conspirators to surrender. The detectives believe that one of the men will do so to-day, although he was expected to report yesterday.

This man is the one who is said to have been a real estate dealer. He has a partner and both of them have disappeared. But the police think they will return, and they are waiting for them to do so in the hope that the mystery will be cleared up at that time.

The confiding faith of the police is remarkable. The alleged nephew of the murdered man has not been interrogated by them. They say, however, that they will have a talk with him within a day or two.

The young Hebrew who came to this country with Eisenstadt and was his constant companion up to the time that Eisenstadt was last seen has not been captured. The police still call him Solomon, although his right name is said to be Mestrassky. He is set down by the police as the agent for the Association of Assassins, and all efforts are directed toward his capture.

It was found yesterday that Eisenstadt came to this country on July 29 by the way of Boston. Solomon was his campanion on the steamship. The names of the men who went away from the East Broadway house with Diecnstadt and Mestrassky last Saturday are known to the police and some effort is being made to capture them. It is thought that they knew Eisenstadt in the Old Country, and being aware that he had money planned to lure him to this country and then rob and murder him.

The Metropolitan of Canada Dead.

FREDERICTON, N.B., Sept. 10.—The Most Rev. John Medley, D.D., LL.D., Bishop of Fredericton and Metropolitan of Canada, died yesterday morning. He was 88 years of age.

[Dr. Medley was born in 1804. He was educated at Wadham College, Oxford, where he graduated B.A. in honors in 1826 and M. A. in 1830. He was for three years curate of Southleigh, Devon; for seven years incumbent of St. John's, Truro, Cornwall, and for seven years vicar of St. Thomas', Exeter, and prebendary of that cathedral, and in 1845 was consecrated, first Bishop of Fredericton. His diocese included the entire Province of New Brunswick.]

Caught Between the Cars.

TORONTO, Sept. 10.—Edwin Harris of 404 King-street west, a G.T.R. yard foreman, had his collar-bone broken and his legs crushed yesterday morning while coupling cars at the foot of Brock-street. The accident was caused by a shunting engine suddenly bumping against the cars between which Harris was standing, the engine driver being unaware of his presence. Harris was removed to the General Hospital, and was reported last night to be doing well. There are no internal injuries.

Democratic Victory in Arkansas.

LITTLE ROCK, Sept. 10.—Official returns from 21 counties give Fishback (Democrat), for governor, a majority over both Whipple (Republican) and Carnahan (People's) of 7,661. At this rate Fishback's majority in the whole state will exceed 30,000.

THE STRICKEN SCANDIA.

A SHIP FROM HAMBURG FILLED WITH CHOLERA.

She Reports Thirty-Two Deaths During the Voyage, the Disease Breaking Out in the Cabin, the Steerage and the Forecastle—She Wyoming Also Found to Have Cholera Cases on Board.

QUARANTINE, N.Y., Sept. 10.—At 1 o'clock this morning Dr. Jenkins had been sleeping for over an hour and a half when the telegraph operator called him to deliver a message from the long-awaited Scandia, which was expected in momentarily. Reporters had been standing around waiting for him, hoping against hope to get news of the safe arrival of the Scandia, which had left the plague-stricken port of Hamburg on August 27 loaded with 1085 souls. She had the enormous number of 981 steerage, 27 cabin and 77 crew. Before she had been many days out the cholera had broken out, and before she arrived the pest was fairly raging on board of her. Thirty-nine cases occurred in half a week. Of these 32 succumbered before she arrived at the lower quarantine anchorage. One by one, by couples and by threes, the bodies of the unfortunate victims were dropped overboard. Dr. Dyrea boarded all the vessels at midnight. He found all well on board the Normannia, the Rugia, Moravia and Wyoming, but when he reached the Scandia he found a terrible tale of disaster and trouble. Thirty two deaths had taken place, of which 29 were in the steerage, 2 in the crew and 1 in the cabin. There were still 7 virulent cases on board and these Dr. Byron removed to Swinburne Island.

The Scandia is the first vessel to arrive thoroughly infected with cholera. The Moravia, Rugia and Normannia had brought it in their steerages and in the case of the latter it had worked among the crew. The Scandia has it from her bow to her stern, from her main deck to her keel. Cabin passengers, crew and emigrants, all have it in their midst and she will probably be the hardest cholera importer of the lot to fight.

As though the Scandia was not enough for one night, another horror was added to the situation. Yesterday the Wyoming was only on the suspect list. Now at 2 in the morning she can be classed as a cholera ship. Mrs. Person the mother of the two little children who died yesterday of a suspicious disease has herself succumbed to the dread disease. She, with three more, were removed from the Wyoming during the late forenoon yesterday. They were placed in the hospital and Mrs. Person died during the night.

QUARANTINE, N.Y., Sept. 10.—The boat Manhattan returned from lower quarantine yesterday. Mr. Sequine, Dr. Jenkins' secretary, reported that he had only been to the vessels and not to the islands. There was one death and one new case among the Normannia's crew and they were Edward Weiss, aged 21, taken ill and sent to Swinburne Island. The death was Carl Blessing, aged 38, who died at 9 a.m. Mr. Sevuine said he saw the yellow flag hoisted on Hoffman Island.

When Dr. Jenkins returned from the Wyoming there was considerable excitement in the neghborhood of his office. The doctor read the report of his inspection of the steerage passengers. He said there had been two deaths on board of persons who had died, it is said, from being smothered by the fumes of burning sulphur.

The Situation Very Grave.

In an interview yesterday Dr. Jenkins was asked:

"Don't you consider the situation graver now than at any time since the disease was brought here?"

"Yes, I do," replied Dr. Jenkins. "Every day that additional cases appear the situation becomes more grave."

"Do you consider that it is getting beyond your control?"

"No, I do not," continued Dr. Jenkins. "While the situation is extremely serious, I believe we can still keep the disease under control and prevent it from reaching New York city."

An Allan Liner Released.

The Allan Line steamer Corean from Glasgow, which had been detained at quarantine since Sept. 6, was released at noon and proceeded to her dock.

A Ship Full of Cholera.

QUARANTINE, Sept. 10, 1.30 a.m.—Dr. Jenkins has just received the following telegram from Hoffman Island: "All is with the ships, but the Scandia—she has 981 steerage passengers. The Scandia is full of cholera. She has had a total of 32 deaths on the voyage, two in the second cabin and one in the first cabin.

Dr. Byron has just telegraphed to Dr. Jenkins that he has been on board all the ships. The Scandia, which arrived last night, has 32 cases of cholera, 29 in the steerage, two in the crew and one in the cabin. He has started off to take seven cases ashore to Swinburne Island.

Awkward for the Customs Officers.

NEW YORK, Sept. 10.—At the time the steamship Wyoming was ordered to lower Quarantine Custom House Inspectors Rogers and Orr were aboard the vessel taking the declarations of the cabin passengers. When about to go ashore the inspectors were told that, by order of Dr. Jenkins, they must remain on the vessel and go into quarantine, the same as the passengers. They were obliged to submit to the health officer's decree.

Stamped Out in Great Britain.

LONDON, Sept. 10.—Official reports show that the cholera has been absolutely stamped out of the United Kingdom. The Local Government Board officers, the authorities at the chief ports and the greatest populous centres concur in the statement that no cases of real cholera but only a few choleraic cases have occurred. Experts say that though the disease was brought to England at a dozen different points it has been limited to persons arriving from infected places.

Still Prevalent in Paris.

PARIS, Sept. 10.—Sixty-three new cases of cholera and 49 deaths were reported in this city yesterday. On the same day 22 new cases and 13 deaths were reported in the suburbs.

Premier Loubet having learned that fresh parties of Jewish emigrants from Russia, Turkey and Roumania are expected at Marseilles has instructed the prefect of that department to prohibit the landing of emigrants from cholera-infected countries. All French consuls in the east will be advised of this action.

Given a Hearty Send-off.

Mr. H. S. Griffin Remembered on the Eve of His Departure for the "Ends of the Universe"—Enjoys the Respect and Esteem of All.

A pleasant event was enacted in the Sunday school room of the George street Methodist church last evening when the teachers of the Sunday school made a pretty tea at which they invited the officials of the church. After sufficient justice had been done to the attractive and choice spread the after meeting began. The proceedings began with the singing of a lively hymn and prayer by the Rev. J. H. Locke, after which the chair was taken by Mr. T. W. Robinson, the newly elected superintendent of the Sunday school. Mr. Griffin was then called to the platform and Mr. J. Jeffers, B.A., stepped forward and read the following neatly worded address:—

Peterborought, Sept. 9th.

MR. H. S. GRIFFIN,

DEAR SIR,—On this, the eve of your departure from Peterborough, the Sunday school and the trustee and official boards of the George street Methodist church desire to express to you their appreciation of your services during the years of your residence in the town and the deep regret at the loss they sustained by you severing your connection with this church, in whose various departments you have been so active a worker. As superintendent of the Sunday school, one of the most important and responsible positions in the church, you have been faithful in the discharge of your duties and by your zeal and and natural adaptability you have directed the work of the school so efficiently that all interested therein feel much indebted to you. The officers and teachers have always recognized and been much benefited by your marked capabilities and the parents of the congregation have felt that the religious instruction imparted to the children from Sabbath to Sabbath was under the supervision of one in whom they could place the utmost confidence.

And while you have had charge of this important department, you have been pleased to devote your time, energy and ability to the service of the church in other ways. As a member of the trustee board and of the official board your counsel has been welcomed as coming from a sincere heart and a clear mind, and in the deliberations of these bodies you will be much missed.

As a class leader and local preacher your exhortations have been intellectual and spiritual, ardent and sympathetic. In all these connections your services have been cheerfully and willingly given, in spite of the urgent demands made upon you by your private business affairs.

In taking leave of you, therefore, our regret is tempered with the satisfaction of the assurance that an enlarged field of action will increase your usefulness. May God make you and Mrs. Griffin perfect in every good work to do His will, working in you that which is well pleasing in His sight, and preserving you unto His heavenly kingdom.

[Signed.]

J. R. LOCKE, Pastor.
D. W. DUMBLE, Recording Steward.
W. J. MASON, Sec. Trustee Board.
T. W. ROBINSON, Supt. Sunday School

The address which was tastefully engrossed and artistically illuminated was handsomely framed. Mr. Griffin in making a reply said he was overcome with a deep sense of feeling at their great kindness and that he felt himself unworthy of the kind words mentioned therein. He referred to the pleasant relations which had existed between him and his associates in the Sunday school and in the Trustee and Official Boards for the past six years. He had always striven to do his duty in as humble and quiet way but he never knew that his efforts were appreciated so highly and their words tendered him had been altogether too kind. He hoped in his new sphere to still labor as best he could in God's vineyard and would always learn with much pleasure any tidings of the success and prosperity of George street Sunday school and church. Short addresses expressive of Mr. Griffin's work and ability were made by the chairman, Messrs. D. W. Dumble, W. J. Mason, L. Seward, Dr. Fife and the pastor, Rev. J. H. Locke. During the evening a quartette composed of Messrs. Manning, Hill, McKee and Gould, rendered two splendid selections. Mr. and Mrs. Griffin leave this evening for their new home in Boston, after a six years' residence in Peterborough, where Mr. Griffin has accepted a position in a large manufacturing firm. Their many friends in Peterborough will wish them the best of success in uncle Sam's Domain. Mr. Griffin both in his business connection in Peterborough and in his relation with the church and society in general was much honored and widely respected. He will be missed by his numerous friends in many spheres of usefulness.

Police Court

Saturday Sept. 10th.

Catharine Valver was picked up in the Court House Park in a drunken condition and locked up. The magistrate imposed a fine of $2 or 10 days, but at the urgent pleading of Catherine to be allowed liberty, the magistrate finally revoked his sentence on the ground that it was the prisoner's first offence.

The case of Chief of Police Round vs W. B. Samford, station agent of the C.P.R., for blocking the George street crossing for a period longer than five minutes contrary to the Dominion statutes respecting railway crossings, was, at the request of the defence, enlarged for a week. Mr. E. B. Edwards appeared for the town.

Chas. Sheffield charged Jas. Moon, a young lad of thirteen, for stealing grapes. The evidence was taken and the magistrate dismissed the accused with a warning. The chief laid an information against Moore for refusing to go to school. The mother substantiated the charge. The magistrate told the youthful offender he must either go to school or go to gaol. He promised to do the former.

Monthly Prizes for Boys and Girls.

The "Sunlight" Soap Co., Toronto, offer the following prizes every month till further notice, to boys and girls under 16, residing in the Province of Ontario, who send the greatest number of "Sunlight" wrappers:—1st, $10; 2nd, $6; 3rd, $3; 4th, $1; 5th to 14th, a Handsome Book; and a pretty picture to those who send not less than 12 wrappers. Send wrappers to "Sunlight" Soap Office, 43 Scott Street, Toronto, not later than 20th of each month, and marked "Competition"; also give full name, address, age and number of wrappers. Winner's names will be published in *The Toronto Mail* on first Saturday in each month.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

THE DR. WILLIAMS MED. CO.,

SATURDAY, SEPTEMBER 10, 1892.

THE STRIKE AT HAMILTON.

The Trouble Between the Street Railway Company and Its Men.

HAMILTON, Sept. 9.—The conference between the men and the street railway company did not take place yesterday. There was a conference held, however, that promises to be most serviceable in smoothing over the difficulties that have arisen. George E. Tuckett, according to his promise yesterday afternoon, told President Sharpe this morning that he was in sympathy with the strikers if they were in the right, and he would see that their statements were placed before the directors. Mr. Tuckett accordingly invited President Sharpe and other members of the executive to wait upon him at his office and tell their grievances.

Sharpe, with James O'Heir, Charles Gray and M. Beasley, waited upon Mr. Tuckett and explained the men's position to him, and he was so convinced that there was something wrong that he with George T. Tuckett accompanied them to the company's office, where they met President Charlton, T. B. Griffith and E. Martin, Q.C.

President Sharpe went over the ground of the dispute for their information, assuring them that the organization of which he was the head was for nothing more than to form a sick benefit fund. There was not the slightest intention of organizing for a strike.

President Charlton in reply explained that the company was desirous of doing the best it could for its employes. The directors, however, were opposed to the men organizing any association whatever, as they invariably became means of causing trouble.

The men yesterday appeared more cheerful after the little conference, and they now hope that matters will be amicably settled.

Mothers will Read!

The mothers of Canada who look carefully after the health of their babies always use Lactated Food.

Lactated Food only requires a trial to convince mothers that it has no equal.

The babies of Canada become healthy, hearty and happy when fed on Lactated Food.

Lactated Food is a bone, muscle and flesh builder; it produces perfect digestive vigor, and gives natural rest and sleep.

Mothers, if you have not given Lactated Food a trial, send your address to the Wells & Richardson Co., Montreal, and they will forward at once, free of charge, a full sized tin of this celebrated Food, and a copy of their new book, "Mother's Guide and Baby's Welfare." Every mother should read this book.

Billy Lawlor Insane.

HAMILTON, Sept. 9.—Last year Ald. Stewart was instrumental in obtaining the release of Billy Lawlor, the crook, from Penitentiary. Yesterday he received a letter from the ex-convict that satisfied him that the poor fellow is insane. The letter was dated from Denver, Col., and contained several sheets of foolscap covered with an unintelligible scrawl, plainly showing that the writer was non compos mentis.

Ald. Stewart thinks Lawlor's long confinement in the penitentiary was the cause of Lawlor's insanity.

A Point for You.

In view of what Hood's Sarsaparilla has done for others, is it not reasonable to suppose that it will be of benefit to you? For Scrofula, Salt Rheum and all other diseases of the blood, for dyspepsia, Indigestion, Sick Headache, Loss of Appetite, That Tired Feeling, Catarrh, Malaria, Rheumatism, Hood's sarsaparilla is an unequalled remedy.

Hood's Pills cure Sick Headache.

Consumptives!

Do not give up until you have tried Miller's Emulsion of Cod Liver Oil, which makes flesh and blood, is a positive cure for coughs and colds, bronchitis, sore throats, and all lung troubles tending to consumption. Persons have been known to gain from five to ten pounds in weight by taking one bottle of Miller's Emulsion of Cod Liver Oil, which contains hypophosphites of lime and soda. In big bottles 50c and $1. at Peterborough Drug Stores dw

How to Cure Headache.

The Mighty Agent is With us and Wants to Cure!

Wanted a strengthener, a builder, a preparation that will increase vital energy! Men and women are asking for such an agent, because they urgently require it. Thousands have found it, and have conquered disease by using it.

Times have changed; our people are casting from them the deceptive and worthless pills and liquids, which failed so often, and have placed their faith in a remedy possessing mighty powers of cure. This is the agent that we would place before those who have not tried it. Canadians in every section of the Dominion are ready to talk about Paine's Celery Compound; the talk about it, because it has dispelled and eradicated suffering and disease; they recommend it, because of its honesty and worth.

The best and oldest physicians and druggists have words of strong commendation and approval for it daily; mothers and fathers are delighted with it; and wherever it has been introduced, it has at once attained popularity. The sleepless, rheumatic, neuralgic and dyspeptic, testify in favor of Paine's Celery Compound every day. The mass of testimony now gathered from every part of Canada is truly astonishing, and far exceeds the combined efforts of all other remedies seeking favor in our land.

Suffering man! weak and frail woman! health may be yours if you but accept the infallible cure.

Sale of Mercier's Property.

MONTREAL, Sept. 9.—The estate of Hon. Honore Mercier, ex-Premier of Quebec, is offered for sale by tender for the benefit of his creditors. There is his land and handsome residence in St. Denis-street, the residence of Hon. Charles Langelier in Quebec, which was owned by Mr. Mercier, his model farm at St. Anne de la Perade, with the blooded stock and a cheese factory erected on it, land in different parts of the province, interest in some mining concessions, an island in the River St. Lawrence and some other properties.

Manitoba No. 1 56 Cents.

WINNIPEG, Sept. 9.—There is nothing doing in the local wheat market, most of the farmers being willing to take chances on holding for higher prices. No. 1 is now quoted here at 56 cents.

A Cure for Dyspepsia.

Mr. J. McCormack, Magundy, N.B., writes:—"Dr. Williams' Pink Pills cured me of dyspepsia after doctors had failed. They are a grand remedy." Of all dealers or by mail at 50c a box or 6 boxes for $2.50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N. Y. Beware of imitations.

Copyright, 1892, by the Author.

Terry was a man thoroughly under his own control truly, so calmly he listened. The curtain at the end of the cave was swept aside, and forth came a man of stalwart build, dressed in black-cut velvet. His hair hung white as shreded silver down to his knees behind, and his beard covered his front with the same frosty luxuriance. His gown was tied loosely with a cord of white, and his shoes, too, were of ancient make. He came to Terry and stood before him, looking with penetrating fixedness into Terry's eyes.

"Ishmael, this is Terry Denver, of Montreal. He is journeying northward by request of a dead relative."

"How do you know all this, and who are you?"

"I am Zanea."

"Zanea, wilt thou cease?"

"Yes, Ishmael, because I wish to."

"Food will be served almost immediately, Zanea."

Zanea arose and departed by the same doorway Ishmael had entered at. Ishmael went to the couches and looked at the men, Terry thought, with satisfaction, followed by a baffled look as if sorely defeated. How still and white they were, too still for sleep.

"Are those men living?"

Ishmael turned and looked unwaveringly into Terry's eyes, advanced and lay one hand on Terry's broad shoulder. Tall as was Ishmael, Terry was equal in height. What a picture they made, they were perfect specimens of youth and old age. Terry did not shrink from that steady scrutiny. He stood looking unflinchingly into Ishmael's face, waiting for an answer.

"Ha, ha, Ishmael, you cannot do it this time. If you could I would forbid it. Terry Denver, thou hast great strength of will and mind. Thou hast resisted the strongest mesmeric power the world has ever produced."

"No, Zanea, I cannot bring this one under my power, and I am glad. Terry Denver, thou art a man; what more could be said of anyone?"

They passed ont under the curtain nature had supplied them. The sun had disappeared, but not long enough to draw its train of vivid colors after it. High up, the clouds looked like billows of gold, while just beneath the rocky mountain the light was a gorgeous red. The three watched the scene for a little.

"Zell's home looks like a huge diamond. What work she has put on it. Year after year she has put bit by bit of that pretty stone into those logs. It is her only occupation. Poor Zell."

"Why do you say, poor Zell?"

"Because her world is so narrow, so very narrow. She knows nothing of what is away beyond this, either in this life or the after one. For twenty years she has lived here; it is the whole world to her. She does not know that there is life, death, sorrow, joy, love, hatred and strife continually at war away out there over the hills. It is better to know about all those passions, and better yet to feel them, even if the suffering they bring makes us writhe in mental agony. She is without knowledge of any kind. Shem and Father Ambrose have taught her to speak well, but that is all. She cannot read, she never saw a book, she knows not she has a mind of infinite richness and scope in which has never been thrust a seed, whether of wheat or tare. Ere to-morrow at eventide Terry Denver will have sowed the first seed. That seed will be love. The growth in such soil will be rapid. Then Zell will know there is life, death, sorrow, joy, love, hatred and strife. Love brings all this to its every victim."

Ishmael had stood with his head thrown back, his long hair fluttered by the breeze, looking away into and past the glory of the sunset. When Zanea ceased speaking he spoke as if an echo had caught Zanea's words and tossed them back in doleful recognition of the truth they expressed.

"Life, death, sorrow, joy, love, hatred and strife. Love brings all this to its every victim—yea, and oft times more."

"No, Ishmael. Those seven words combined mean love, or another word for love, life. Love and life are one. Come, our repast has been served."

Terry, on turning, saw a table and service the same as Shem's in workmanship, but where Shem's was silver Ishmael's was gold. Beside the table was a figure clad in linen of finest texture. The face and hands were completely covered. He could not say whether it was male or female. It moved now to arrange the ottomans, and Terry shuddered as he watched it go hither and thither. It was so oppressively still in all its movements, and languid. Whether it was that spirit-like servant that stole his appetite Terry could not say, but he could not eat. He thought of Zell waiting for him down in the vale, in the shadows.

[CONTINUED.]

People who give Hood's Sarsaparilla a fair trial realize its great merit and are glad to say a good word for it. Have you tried it?

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

Many people, not aware of the dangers of constipation, neglect the proper remedy till the habit becomes chronic, or inflammation or stoppage results. A dose or two of Ayer's Pills in the beginning would have prevented all this.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

Rely on This.

GENTLEMEN,—We have six children, and have relied on Dr. Fowler's Extract of Wild Strawberry for the past twelve years in all cases of diarrhœa and summer complaints, and it never *fails* to cure.

MRS. ANNA ALLEN,
dw Harley, Ont.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few cases of Carter's Little Liver Pills, they will please you. dw

Cure for A Consumption and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for consumption. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

THE GRAND UNION
CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

A. R. MOSES,
ROPRIETOR,
Opera House Block, opposite the Grand Central Hotel, 343 George Street, Peterborough.

Advertise in the Examiner

Ayer's Pills

Are better known and more generally used than any other cathartic. Sugar-coated, purely vegetable, and free from mercury or any other injurious drug, this is the ideal family medicine. Though prompt and energetic in their action, the use of the pills is attended with only the best results. Their effect is to strengthen and regulate the organic functions, being especially beneficial in the various derangements of the stomach, liver, and bowels.

Ayer's Pills

are recommended by all the leading physicians, and druggists, as the most prompt and effective remedy for biliousness, nausea, costiveness, indigestion, sluggishness of the liver, jaundice, drowsiness, pain in the side, and sick headache; also, to relieve colds, fevers, neuralgia, and rheumatism. They are taken with great benefit in chills and the diseases peculiar to the South. For travelers, whether by land or sea,

Ayer's Pills

are the best, and should never be omitted in the outfit. To preserve their medicinal integrity in all climates, they are put up in bottles as well as boxes.

"I have used Ayer's Pills in my family for several years, and always found them to be a mild and excellent purgative, having a good effect on the liver. It is the best pill used."—Frank Spillman, Sulphur, Ky.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists everywhere.

Every Dose Effective

THE KEY TO HEALTH.

BURDOCK BLOOD BITTERS

Unlocks all the clogged avenues of the Bowels, Kidneys and Liver carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

Court Stanley No. 7680. A.O.F.

The regular meeting of Court Stanley No. 7680 Ancient Order of Foresters, will be held Monday evening in the rooms of Peterborough Lodge I.O.O.F., at 8 o'clock.

A. Wilson, C. R. A. E. Oliver, Sec.

Going to Get Married ?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your homes at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the country for cash or credit.

AUCTION SALE

Of Refrigerator, Scales, Tea Cans, Office, Cash Register, and balance of stock of W. J. Morrow's will take place at his shop, 340 George street, Saturday 10th, at 11 o'clock.

Anti-Home Rule.

The opera house has been engaged by prominent Anti-Home Rulers and a meeting on a large scale will be held there on Friday night, the 23rd inst. Some of the Ulster delegates to the Pan-Presbyterian Synod in Toronto, will deliver address, and it is the intention to invite Messrs. N. Clark Wallace, M.P., and D'Alton McCarthy, M.P., to speak.

Peterborough's Excellent Market.

Another evidence of of the excellence of Peterborough, as a market for farm and garden produce, is the presence of a man from Brighton on the market this morning, with a load of produce valued at $100, which was readily disposed of at good prices. About sixty miles is rather a longish drive with a heavy load of produce, but it pays, because we have the people here who are willing to pay good prices for good produce. It is a common thing to see market produce from Port Hope on our market. The presence of distant produce growers on our market is a practical proof of its excellence.

Canoe Races on Little Lake.

Some fine canoe and skiff races were held on Little Lake Thursday night. Course from R. R. Hamilton's boathouse to McDonald's Point and return. Following are the list of winners and prizes. A large crowd witnessed the match :—

Single skulls—1st Ryan, 2nd Ehes, 3rd Hewery, prize valuable cup.

Paddling canoe, single—1st Ehes, 2nd R. R. Hamilton. 3rd Venice Guerin. Prizes, 1st $5, 2nd $3, 3rd $2.

Last race postponed on account of darkness, but will appoint another evening for finishing as R. W. Carson and Venice Guerin fouled the last race.

Washburn's Great Show.

Lee Washburn's enormous railroad show, hippodrome and Wild West shows will exhibit in Peterborough on Sept 13th. Read what the Taunton (Mass.) *News* says of this show :—"Everybody in Taunton was on the qui vive this morning to witness the street parade of Washburn's show, and at about 11 o'clock their curiosity was seemingly satisfied, as judging from a spectator's standpoint, the parade was a gratifying success. The street pageants comprised a large conglomeration of mounted cowboys, and performers, superb Percheron horses, ponies, donkeys, two brass bands, a fine toned calliope, etc. The mammoth canvas in the afternoon was filled to repletion. Of the general performance nothing can be said only in the way of sounding praise. Following the marching cavalcade (consisting of the resources of the establishment) came a series of aerial acts, single and double trapeze, horizontal bars, juggling, contortion feature, performing dogs, concluding with a full Wild West, in which were depicted many exciting scenes of a Wild West life, all done in a commendable manner. The total absence of outside and inside swindling games was particularly noticeable."

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—Over a hundred citizens left this morning to take in Toronto's great Exposition.

—The Edisons and Peterboroughs are playing a game of baseball this afternoon on the P.A.A.A.

—A meeting of the I. A. of M. will be held in the Labour Hall, Simcoe street, on Monday night.

—Miss May Richardson has been appointed assistant teacher of shorthand in the Peterborough Business College.

—The dry goods clerks have accepted the challenge of the grocers, and will play them on Monday afternoon next at 7.30 o'clock.

—Messrs. J. J. Turner & Son, this morning received large orders for wagon covers from Bark's Falls, Parry Sound and Gravenhurst.

—The sports committee of the Collegiate Institute have decided upon Friday, 23rd inst., as a day of sports. The merchants will be canvassed for prizes.

—Mr. F. S. Schneider, the enterprising George street jeweller, has had several oaken chairs and two handsome and costly show cases added to his fine establishment.

—The band played in the park last evening and discoursed an interesting programme. There was a fair attendance of listeners, although the evening was rather chilly.

—The name of the quarryman who was drowned while returning in a canoe from Mt. Julian to Eagle Mountain on Wednesday by the upsetting of a canoe could not be learned to-day.

—Mr. W. J. Drope, secretary of the Rugby club, has written challenging Trinity College School, Port Hope. The latter have accepted and will play a game as soon as the school opens.

—The enthusiasts of the Rugby Football club are bound to boom the game this season. A match was arranged this morning between the town and the Edisons which was to take place on the P.A.A.A. grounds this afternoon at 4 o'clock.

—The Gun Club held a shoot yesterday afternoon and some of the members did good work. Out of a possible 15 R. Tivey scored 13, T. Rutherford 3, S. Ray 8, F. Cameron 4, E. B. Leucke 7, and C. Amys 3. A strong south wind was blowing.

—The trustees of Mark street Methodist church have employed Mr. Adam Hall to place a hot air furnace in their church. Mr. Hall has the work completed. He has also placed a furnace in the rectory of St. Luke's church recently.

—County Police Magistrate Edmison is holding court at Bridgenorth this afternoon adjudicating on a case in which Constable Cullen lays an information against Michael Shanahan charging him with being drunk and disorderly in the public streets.

—The Kingston *News* contains a flattering reference to Dr. Geo. Bell, B. A., the popular registrar of Queen's University, reaching his 73rd milestone on Thursday last. He is an uncle of Dr. R. W. Bell, of Peterborough, and is still enjoying robust health.

—The directors of the P.A.A.A. grounds wish it politely understood that no one will be allowed to play football who does not hold a ticket from the Association. It appears there are several players who don't. They are requested to obtain tickets from the treasurer.

—The Park Nine baseball club will play the bartenders nine a great game on Thursday afternoon next Thursday afternoon next on the Riverside Park at 2.45 o'clock. Baseball talk is all the rage now between the different professions and each class is anxious to play another body a game.

—At last night's meeting of the Board of Health, Dr. Clarke, Medical Health Officer, informed the members that he had visited G. Carton's pork packing establishment, corner of George and Charlotte streets and found Mr. Carton complying with the boards injunction, that he should remove his business from the corner.

—Messrs. Crofton and Jellett of the Montreal Bank had a shooting match at Mark Lockington's gallery yesterday afternoon with Messrs. Montgomery and Parker of Ontario Bank. The following are the individual scores out of a possible 120, Crofton, 105; Jellett, 102; total 207, Montgomery, 106; Parker, 79; total 185.

—Reference to our advertising columns will show that applications are advertised for by the Board of Health of the town of Peterborough to fill the position of sanitary inspector. All applications must be addressed, enclosing references, etc., to Mr. Edg. Pearse, chairman of the Board, and handed in to the secretary, Mr. John R. Cobb, who will furnish all particulars and necessary information. Applications will be received until Sept. 19th.

Wanted.

An experienced Saleslady to sell boots and shoes, at R. J. Kidd's.

Desirable Property in the Market.

By reference to our advertising columns it will be seen that Mr. R. B. Lundy offers for sale the two acre block, enclosed by four streets, Brock, Bethune, Aylmer and Murray streets, as well as other desirable property in other parts of the town. Kindly consult advertisement.

The Arbitration is Withdrawn.

Mr. Wm. Lingford, arbitrator for the town of Peterborough, Mr. John Moloney for the townships and the third arbitrator selected by them, Mr. H. Calcutt, met in the town council chamber yesterday to investigate and inquire into the matter of arbitration between the two corporations, viz. the emptying of the sewerage of the town into the river. Mr. E. B. Edwards, town solicitor, appeared for the town, and Mr. John Burnham, Q.C., for the townships. After a conference between the counsels and the arbitrators it was decided to withdraw the arbitration for several reasons, the principal point being raised was that the sewerage problem was as yet afar off and in the meantime by the date that another system of sewerage might be submitted to the ratepayers, the sewage might not empty into the river as was proposed in the recent scheme, but some other means might be found for its deposition. It was mutually agreed that each corporation pay its own costs of counsel, but the townships were allowed the sum of $15 as expenses incurred in the arbitration in the summoning of witnesses. No witnesses were examined at all as the conference only lasted about an hour.

Our Public Schools

Are the main-stay of our republic. In them are being cultivated the minds which are to be our future law-makers and leaders in every walk in life. How essential it is that these minds should be united to strong, healthy bodies. So many children suffer from impurities and poisons in the blood that it is a wonder that they ever grow up to be men and women. Many parents cannot find words strong enough to express their gratitude to Hood's Sarsaparilla for its good effect upon their children. Scrofula, salt rheum and other diseases of the blood are effectually and permanently cured by this excellent medicine, and the whole being is given strength to resist attacks of disease.

Church Chimes.

St. Peter's Cathedral.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10:30 a.m. Vespers at 7 p.m.

Mrs. A. A. Williams
Lynn, Mass.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."
A. A. Williams

364 GEORGE STREET.

MANY SANITARY MATTERS

Discussed at Last Night's Board of Health Meeting.

A New Health Inspector to be Engaged—The Present One Cannot Serve two Masters—The White and Paterson Drains on the Creek Objectionable—Suggestion to Improve the George Street Drain and also the Creek—Has the Board's Usefulness Gone?—The Ambulance Matter.

A special meeting of the Board of Health and the Health Committee of the Town Council was held conjointly in the town clerk's office last night. Those present were Messrs. Eig. Pearse, chairman, John R. Cobb, secretary, Dr. Clarke, medical health officer, Chief of Police Roszel, sanitary inspector, Drs. Brennan and Fife, and Messrs. H. Denne, J. L. Hughes, and E. H. D Hall. The members of the Health Committee who filed an appearance were only Councillor Dawson, chairman, and Councillor McIlwaine.

WHY THE MEETING WAS CALLED.

After routine,

Mr. Pearse said he had called the meeting in order to take preventive measures by proper sanitation to prevent, if possible, the cholera epidemic from finding a lodgement in Peterborough. The dread plague was now fast approaching and it was high time the Board of Health took action. Another matter was the consideration whether the sanitary inspector was doing his duty as instructed by the Board or not, and to inquire into the matter. It seemed to be difficult to get the inspector to carry out their instructions. At the last meeting the Board had instructed the inspector to take action against all those parties using the town creek or the George street drain for sewerage and to prosecute them for so doing. The chief had not done this but had referred the matter to the council for instruction as to what course he should follow in the matter. Mr. Pearse continuing said: It is high time when this board cannot get its instructions carried out by the inspector, irrespective of the council's interference in the matter, that the Board of Health as a body should resign. It was no use to take action in the matter of the public health of the people if we cannot have such actions carried out at our bidding without referring this and that thing to the council. He said the sewerage was still going on emptying into the George street drain and the town creek to the detriment of the town's proper sanitary condition, and the Board appeared to be powerless in the matter because they had no servant who would obey their instructions. They were there selected by the council to do their duty, and when they had servants who would not carry out their orders without consultation with the council on the affair, the usefulness of the board had ceased, and they might as well one and all resign their positions as custodians of the public health. There was no use in making stringent resolutions and rescinding them.

THE CONVERSATION BECOMES GENERAL.

Medical Health Officer Clarke said the earth closets, which some of the establishments and houses were using instead of depositing their sewerage into the drain or creek, were not a success, except in private families. They were only of use where a public scavenger was employed to clean them out. People neglected to do this. Their establishment was only creating a nuisance above ground for what would be an injury under ground.

Mr. Denne—If we cannot get the police to carry out our instructions on health matters, we, as a board, had better resign.

Mr. Hughes asked what parties now using the drain and creek as sewers would do if action was taken and they were prohibited from this privilege, and in the absence of earth closets not working satisfactorily.

Mr. Pearse said they could adopt the suggestion made by Dr. Bryce to the board some weeks ago, in which he advocates the laying of a drain with a sewer, with a screen of coarse sand etc., at the mouth.

Mr. Hall thought the methods laid down by Provincial Secretary Bryce feasible.

Councillor Dawson.—What is wrong with the George street drain that it can not be used as a sewer?

Mr. Pearse—Did you ever stand at the corner of George and Hunter streets and inhale the smell arising from the open grate at the corner.

Mr. Dawson—I have, but that is not caused by the George street drain at all.

Mr. Pearse—Then what is it caused by?

THE GEORGE STREET DRAIN.

Councillor Dawson explained that the drain coming down Hunter street never connected with the George street sewer. It emptied into a shaft which was in the shape of tunnel and the sewer gas escaping from this caused all the stench. 30 or 40 more additional feet built would carry this drain out to connect with the sewer.

Mr. Pearse—Why cannot these iron grates through which openings the small escapes be done away with.

Mr. Hall—They can by having ventilating traps as they do in large cities running from the sewer to the house top. It is also lately necessary that there should be a means of escape for the sewer gas.

Mr. Pearse—The council have never done any thing to abate the nuisance of the George street sewer.

Mr. Hall—The sewage is emptied into the river just below the market into still water of the river near the C.P.R. spur line where an eddy brought up the matter towards the town.

Mr. Denne—The sewage should be carried out into the stream further. The C.P.R. line stops it.

Mr. Hall suggested that a main of lead pipe be laid from the mouth of the sewer first into the middle of the river where the current is swift. This would abate this nuisance.

A GRIEVANCE OF ANOTHER CHARACTER.

Mr. Dawson complained of the White drain across the creek in No. 3 Ward. The state of affairs in wells was disgraceful. Malarial and other fevers lurked incessantly in that locality, and yet never a word had been known to be spoken of it by the Board of Health. Some morning when the water in the creek was dammed back, owing to the machinery not running, it filled the wells in most vicinity full and the water "was as brown as coffee," said Mr. Dawson.

Mr. Pearse—If such a state of affairs exists, as you say Mr. Dawson, what must the condition of No. 2 and 1 wards be in, where all the sewerage empties into the creek, and yet, the death rate is just twice as large during the year in the two south wards as it is in the two north wards?

Mr. Hall said the nuisance of the drain complained of, affected the residents near the west ward in a great degree. The closets of the school were filled after the water had been dammed back for some time and the wells were also filled with unhealthy water to the top. The water raised above its level and ran through the porous gravelly soil in that locality easily

Dr. Brennan asked if the board had legal authority to move the dam on the river.

Dr. Fife favored public investigation and examination. He thought that it was necessary before the board could take any action. If it was shown conclusively, that the damming of the creek at this point, was a public nuisance and a menace to the health of the people, the Public Health Act would cover them in their course and they should institute proceedings at once.

ANOTHER NORTH WARD NUISANCE.

On motion Mr. — Dredge was heard. He said he had a grievance to air as a resident of the north ward. He complained of a cesspool near his place which was running over.

Mr. Pearse—Did you ever complain of this to the sanitary inspector and health officer?

Mr. Dredge—No.

Mr. Pearse—Then it is your duty to lay the matter before them before coming to the board. If they don't attend to it, it is then time to come to the board.

A NEW SANITARY INSPECTOR.

Mr. Pearse asked the sanitary inspector if he would carry out their instructions laid before him without consulting the council.

Chief Roszel—If it is in a matter where I think it advisable to do so I will; if not I shall refer it to the council.

Mr. Pearse—There we are. How can we expect to get our instructions carried out when the officers refused to be governed by the board?

THE MEMBERS OF THE BOARD DISAGREE.

Mr. Hughes thought the board should annul its former resolution about prosecuting individuals who used the creek and drain as sewers until something else could be provided. He thought that sewerage emptying into the creek was better than putting in earth closets, which the Board strongly condemned, unless they had a public scavenger to look after them. The creek received a good flushing twice a year anyway, in spring and fall.

Dr. Brennan in a ringing speech, said it would not do for the Board to pass resolutions and repeal them as Mr. Hughes had suggested. He instanced several cases in which the Board had done this. Their usefulness was gone if they were going to continue such practices.

Mr. Pearse asked what they were going to do about the sanitary inspector.

Mr. Brennan said he was in favour of securing a sanitary inspector, who would devote his time to the interests of the Board. Chief Roszel had expressed a desire some months ago to be relieved from this obligation. The chief in his present capacity was serving two masters, which was impossible, and very frequently the interests of the Board of Health conflicted with the council, and then the chief was hampered in the discharge of his duties. He received no salary for it and it took up a lot of his time, and he felt like relieving him of his duty and engaging a man for three or six months, or a year, as the case might be. They could get a man for $300, or perhaps less.

The sanitary inspectorship and the George street drain were discussed at great length in a conversational way. Finally it was moved by Dr Brennan, seconded by Mr. Hall, that secretary be empowered to advertise for applications for the position of sanitary inspector and report to this board—Carried.

TO IMPROVE THE DRAIN.

Mr. Hall suggested that the Health Committee take the matter up and try to improve the condition of the George street sewer.

Mr. Dawson said if Mr. Hall would suggest any thing in that line, he would call a meeting of the Health committee, they would discuss and lay the matter before the council at a special meeting.

Mr. Hall asked Mr. Dawson if he could suggest any improvement.

Mr. Dawson said he would connect the Hunter street already mentioned with the sewer. He would adopt Mr. Hall's suggestion of carrying the sewage out into the stream by the laying of steel pipes. He would then have the sewer flushed a couple of times per week with the waterworks during the summer months. This would abate the nuisance in a small degree.

Mr. Hall and Mr. Hughes thought it would be necessary to have ventilating traps in connection with the sewer also.

The matter was allowed to drop here on consideration that the Board of Health consider the suggestions made in reference to improvement of the sewer, and bring the matter up before the council.

THE AMBULANCE FOR THE TOWN.

Mr. Pearse enquired of Mr. Dawson what had been done in the purchasing of an ambulance by the town.

Mr. Dawson said that the town could not afford an ambulance. It would cost $150 to $200 to buy one, then the town would have to have a horse and engage a man to look after it. The number of times in which the ambulance would be used to carry cases of infectious diseases to the hospitals did not warrant the outlay.

Some discussion arose over the matter but nothing was done.

Mr. Hall suggested that the hospital should bear the expense of keeping the ambulance if the town would buy it.

OTHER BUSINESS UP.

Mr. Hall said they could abolish the nuisance of sewerage emptying into the creek by laying a cedar drain in the bed of creek down to its mouth. He thought there was sufficient water to flush it.

The board instructed Dr. Clarke to use disinfectants liberally at the mouth of the Edison drain. Many complaints had been made of the foul smell. The Board instructed the medical health officer to spare no cost in sanitation when it was in the interest of public health. After the discussion of some minor matters the board adjourned at 10 o'clock.

Pernicious Newspaper Reports

To the Editor of the Examiner.

Dear Sir,—It is a sad comment on our times that such a lively and general interest should be taken in the brutal performances that have recently taken place, popularly known as "slugging." And that in three successive issues of the Examiner, an aggregate of five columns should be filled with the repulsive details of these wretched exhibitions, must be a matter of regret to many of your readers. It may be said, by some, that those who don't care for such news can pass it by. True, but there are hundreds of your children who will read these reports to their own detriment, for I am convinced that the effect of such reading cannot but be debasing both to mind and character. I have no desire to castigate the editor of the Examiner, for I suppose you feel, sir, like other editors, under obligation to meet the desires and tastes of the reading public, and certainly the public is to blame. I sincerely wish to assure you that at least one of your readers fails to appreciate such reports and is sorry that they should have appeared, and am willing to think that a majority of your readers are of the same mind.

J. E. Trotter.

Sept. 9th.

[Viewing the matter from the same standpoint as our correspondent, we concede that, to quote from his letter, "it is a matter of regret" that the necessity of publishing such reports as those referred to exists, but, to quote again, the Examiner, like other journals, is "under obligation to meet the desires and tastes of the reading public, and certainly the public is to blame." That's exactly the point—the public is to blame. A newspaper is published as a business enterprise, and the supply of demand is the basis of business success. Its *clientale* is as varied in its moral colouring as Joseph's coat, and the necessarily varied demand must be met. A journal that confined its news record to the publication of matter that showed only the moral side of mankind, would have the sheriff putting up the shutters with very little delay. The public demand Sunday funerals, and ministers, however reluctantly, are compelled to respond, and "the public is to blame." The varied public demand varied reading and newspapers must supply it. Among the readers of the daily journal the wheat and the tares, morally speaking, grow together with unfortunately a superabundance of tares—yet we can truthfully assert that the Examiner gives one hundred times more space to moral and religious reading—sermons, church meetings, etc—than it gives to objectionable sporting news. So long as the world lieth in wickedness the record of its doings must be of a similar character. When moral agencies succeed in making the world better the tone of the news columns of newspapers will immediately show it.—[Ed. Examined.

The aim in the manufacture of Messrs. Tuckett & Son "Myrtle Navy" tobacco is to develop and retain the natural aroma of the tobacco. This requires great skill and a knowledge of very interesting chemical laws, but the results attained are vastly superior to all forms of flavoring extracts.

Accidental Death of Chief Paudush.

Found Dead on the Road Between Hiawatha and Keene.

Chief Paudush, the venerable head of the Hiawatha Band on the Rice Lake Indian Reserve, came to his death suddenly yesterday. After dinner he started to drive Keene. Not returning to his home at the time expected, his son Robert started to ascertain the cause of his absence. He went as far as Mr. John Taylor's farm and not seeing the chief returned home. This morning he renewed the search and on arriving at the farm gate of Mr. John Taylor's, was horrified to discover the dead body of his father, and within about 20 rods of the point he had reached on his way to Keene the previous night. The road where the body was found, was a short cut—the old Cobourg railroad track, and little travelled which accounts for the old chief's body not being discovered sooner. The circumstances of his death are a mystery but it appears that he was thrown from his vehicle and fell striking his temple on a stone. Dr. Shaw who was called gives the blow on the temple as the cause of his death. The old chief was a venerable old gentleman of about seventy-five years of age. He has been chief of the Hiawatha Band for between thirty and forty years, and in character and deportment maintained the dignity of his patriarchal position. The funeral takes place to-morrow at 2 30 o'clock.

Another Prominent Parliamentarian Gone.

Sudden Death of James Trow, M. P. for South Perth.

Special to the Examiner.

Toronto, Sept. 10th, 1892.

A GLENGARRY MIRACLE.

Mr. James Sands' Wonderful Restoration to Health.

After Three Years Paralysis, Insensibility, and Uselessness—He Tells the Tale of His Recovery and Renewed work in the World—His Story as Told a Free Press Reporter.

(Ottawa Free Press.)

The town of Alexandria, some 55 miles south of the city of Ottawa, on the Canada Atlantic Railway, has been completely astonished, recently, at the marvellous experience of a young man, who, after having been bed-ridden for nearly twelve months, and his case pronounced incurable by Montreal and Alexandria doctors, is now restored to complete health and strength.

Mr. James Sands is a young teamster, well known and extremely popular throughout the country side, and his illness and wonderful recovery have been—indeed still are—the chief topics in the town and neighborhood. The story of his miraculous cure having reached Ottawa, a member of the *Free Press* staff journeyed to Alexandria and sought out Mr. Sands for the purpose of ascertaining the truth of the statements made regarding his recovery. Mr. Sands is a slimly built, but wiry looking young man of about 32 years of age, and when met by the newspaper man the bloom of health was on his cheek and his whole frame showed signs of unimpaired vigor and vitality.

The newspaper man told Mr. Sands the object of his visit, and the latter expressed his perfect willingness to give all the facts connected with his case. "I was," said Mr. Sands, "a complete wreck, given up by the doctors, but now I am well and strong again, and gaining strength every day. I was born in Lancaster in 1860, and up to three years ago I was always healthy and strong, living in the open air and being well-known throughout the whole county of Glengarry. It was in the winter of 1888-89 that I first felt signs of incipient paralysis. I was then teamster for the sash and door factory here, and had been exposed to all kinds of weather, I then experienced violent twisting cramps in my right hand. I was in Cornwall that winter when the first stroke fell, and remained there for three days before I knew anybody at all. A medical man was called in but could do nothing for me. After that I came home and appeared to get all right for a time, but after a few days the old trouble began again, my hand continuing the twitching and cramping that had preceded the stroke. Up to 12 months ago these twitching fits were the only symptoms I suffered from. Then in August, 1891, when I was in Huntingdo village I sustained a second stroke and remained unconscious for seven hours. A doctor attended me and I recovered sufficiently to be brought home. After my return home the paralysis steadily gained on me, and I lost the use of my right arm and leg entirely, my right eye was distorted and my tongue partially paralyzed. I was prescribed for by an Alexandrian physician, whose treatment I carefully followed, but it had no effect. I still got steadily worse, and about a month before Christmas last I went to the English hospital at Montreal. Prof. Stuart and all the doctors came around me, as mine was a curious case, and the professor treated me. All the doctors could give me no satisfaction, and did not appear to understand my case. I questioned some of them but they told me it was a hopeless case. I remained in the hospital a month, without the least improvement, and was then brought home and remained in my bed till May day. I had constant medical advice, but continued to grow worse and worse. My right arm withered and I grew so weak and useless that I could not turn myself in bed. Meantime I had tried all sorts of patent medicines without the least effect. In May I saw an advertisement of Dr. Williams' Pink Pills in the papers, and said I would try them as a last resort. I had heard of the wonderful cures worked by Pink Pills, and told my folks to get me some. I had not taken them long when I found myself improving, and this determined me to continue their use. My strength gradually returned, the muscles of my arm became invigorated and stronger, and I was able to sit up. I still continued taking the pills and gaining strength, until at last I was able to go about, and finally to return to my old place at the sash and door factory. I gave up the pills for a while, but did not feel so well, so I again began their use. I now feel as well as ever, though perhaps not quite as strong as formerly. You can see my right arm, which was withered, is now all right," and Mr. Sands stretched out a muscular limb, which would have done credit to athletedom. In reply to the reporter Mr. Sands said he thought his trouble had been brought on through exposure to the weather. "I am completely satisfied," said he, "that it is entirely to Dr. Williams' Pink Pills that I owe my wonderful restoration. Besides the medical treatment I had tried electricity and patent medicines, both internal and external, but without any effect out avail. After beginning Pink Pills I began to mend, and they have made a new man out of me."

The newspaper man then called on Messrs. Ostrom Bros & Co., widely known druggists, and interviewed the representative, Mr. Smith as to his knowledge of the case. Mr. Smith was fully conversant with the facts, vouched for the story told by Mr. Sands, and further said, that his hopeless case and remarkable recovery are known throughout Glengarry County. In reply to the query if many of Dr. Williams' Pink Pills are sold, Mr. Smith replied that the sale was remarkable and that in his experience he had never handled a remedy that sold so well, or gave such general satisfaction to those using them, in everywhere glowing reports are heard of the excellent results following their use. Dr. Williams' Pink Pills are not a patent medicine in the sense that word is understood. They are the result of years of experience and careful investigation. They are not a purgative medicine, but act directly upon the blood and nerves, supplying those constituents required to enrich the former and stimulate and restore the latter.

For all diseases depending upon a vitiated condition of the blood, or shattered nerves, they are an unfailing remedy. Such diseases as these speedily yield to their treatment. Locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, sciatica, nervous prostration, nervous headache, dyspepsia, chronic erysipelas, scrofula, etc. They are a specific for the troubles peculiar to females, correcting irregularities, and restoring the functions, and in the case of men effect a radical cure in all cases arising from overwork, mental worry or excesses of any nature. In fact it may be said of them, "They come as a boon and a blessing to men. Restoring to health, life and vigor again."

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y. and are sold in boxes (never in loose form by the dozen or hundred and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for $2 50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Dr. Morse's Indian Root Pills remove all obstructions, purify the blood and give to the skin that beautiful clear and healthful look so greatly admired in a beautiful and healthy woman. At certain periods these Pills are an indispensible companion. From one to four should be taken each day, until relief is obtained. A few doses occasionally will keep the system so healthy, and the blood so pure, that diseases cannot enter the body. Dr. Morse's Indian Root Pills are sold by all medicine dealers.

Ladies appreciate Anti-Dandruff from the fact that it not only thoroughly removes Dandruff with three applications, but stops falling of the hair, restores fading hair to its original color, and makes it soft and pliable without leaving any indication of a dressing being used. Clear as Crystal, clean to use, it is a valuable toilet preparation. dw

---

Palpitation of the heart, nervousness, tremblings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made especially for the blood, nerves and complexion. dw

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

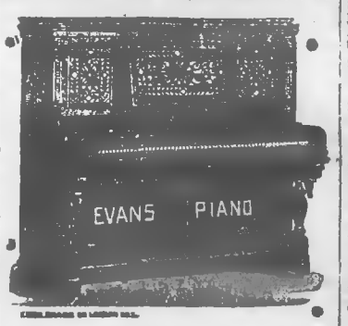
Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.



These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it."

Doubting Thomas.

Vomit Every Meal.

HAVE YOU BACK-ACHE

DODD'S KIDNEY PILLS

WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys."

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system."

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Brights Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

NOTES FOR CHEESEMAKERS.

Prof. Robertson Issues Valuable Pointers for Cheesemaking in September.

1. Invite your patrons to co-operate with you in the effort to bring the September cheese from your factory to the very front at the World's Columbian Exposition in 1893.

2. Urge them to see that the cows have an abundant supply of succulent, wholesome, nutritious feed, and access to pure water. When salt is not provided where the cows can reach it every day, they will drink foul and stagnant water if they can get it. Plenty of salt and prohibition from impure water will effect a double cure.

3. All the vessels used in the handling of milk should be cleaned thoroughly immediately after their use. A washing in tepid or cold water, to which has been added a little soda, and a subsequent scalding with boiling water, will prepare them for airing, when they may remain perfectly sweet.

4. Cows should be milked with dry hands and only after the udders have been washed clean.

5. Tin pails only should be used.

6. All milk should be strained immediately after it is drawn.

7. Milking should be done, and milk should be kept only in a place where the surrounding air is pure. Otherwise the presence of the tainting odors will injure milk.

8. All milk should be aired immediately after it has been strained. The treatment is equally beneficial to the evening and morning messes of the milk.

9. Some of the qualities that are expected and desirable in the cheese of September make are—

(1) Rich, clean, creamy flavor;
(2) Solid, firm, buttery body;
(3) Fine, silky, flaky texture.
(4) Bright, uniform color:
(3) Attractive, neat, symmetrical appearance.

10. Use from 3 to 3¼ lb. of salt per 1,000 lb. of milk.

11. Put two bandages on each cheese, and finish them on the ends in such a manner that the outside one may be stripped off before the cheeses are put on exhibition.

12. In other respects follow the Bulletin of Notes for Cheese Makers for August, from which I take the following extracts:

Patrons are more likely during this month than at any other time to forget to provide salt for their cows, and to neglect to supply an abundance of pure cold water. Cool evenings are no excuse for the neglect of the aeration of the milk. It should be most thoroughly aired immediately after it is strained.

The making of cheese for exhibitions is usually undertaken during the two first weeks of this month. Send a circular to every patron making mention of those matters which are referred to in this Bulletin, and inviting their co-operation that they may aid you in the manufacture of cheese fine enough for exhibition and prize-taking.

Making the Cheese.—When the evenings are cool and the milk needs ripening, don't fail to leave it in the vat until it reaches the proper state of maturity before the rennet is added.

Use enough rennet to coagulate mature milk to a state fit for cutting in forty minutes when set at 88° Fahr. Dilute the rennet extract to the extent of one pailful of water for every vatful of milk, and then mix it thoroughly by vigorous, rapid stirring.

After the whey is drawn, air the curd thoroughly and make provision for keeping it warm. Let the temperature be kept above 94°. Frequent turning and aeration will facilitate the development of acid, providing the temperature is maintained.

After the curd-cutter has been used, the curd should be stirred and aired for fifteen or twenty minutes before the application of salt. The curd should be put in the hoops within twenty minutes after the salt has been mixed in.

Pressure in the hoops should be applied very gradually. The cheeses should be bandaged neatly when they are turned in the hoops, within two hours after they are put in the presses. They should again be turned in the hoops some time in the following morning.

Endeavor to get everyone who sends milk to your factory, or who is concerned in its management, to try to bring it to the very front in point of reputation for the excellent quality of its product.

The Odor Accounted For.

NEW YORK, Sept. 9.—The police of the Oak-street station were asked yesterday to find out what caused a foul odor at 57 Division-street. Policeman Gavin, who was assigned to the case, went to the upper rooms of the building and found John Jerally lying stupidly drunk, and on a bed in an adjoining room his wife, Hannah Jerally, dead and her body in an advanced stage of decomposition.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER,
dw Fent Hill, Ont.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

ANTI-DANDRUFF

D. L. CAVEN.

Toronto, Travelling Passenger Agent, G. P. R. Says:—Anti-Dandruff is a perfect remover of Dandruff: its action is marvellous—in my own case a few applications not only thoroughly removed excessive dandruff accumulation but stopped falling of the hair, made it soft and pliable and promoted a visible growth.

Restores Fading hair to its original color.
Stops falling of hair.
Keeps the Scalp clear.
Makes hair soft and Pliable
Promotes Growth.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1892.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

AMAGAUDUS POND, N.S., Jan. 27, '90.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

WOULD YOU BUY,

If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer streets, between Townsend and Rink streets—$1,600. Look it up. Will have two on Dalhousie work now going on.

WM. FITZGERALD,
Builder and Contractor.

HISTORY OF THE APPLE.

The Dominion Horticulturist Traces its Origin and Botanical Characteristics

Mr. L. Grindon, in the charming little work "Fruit and Fruit Trees," combined a large amount of historical data with much practical information. In the following sketches touching upon the introduction and development of large fruits in America, I have drawn freely from the above source.

Foremost always among fruits interesting to an Englishman is the apple. The apple is of more use and benefit to the people of the colder portions of the globe than all the other fruits put together. It remains longest in season and can be used in the greatest variety of ways. The form of the tree, leaf and blossom is familiar to all. The flowers come at the same time as the sonnets of the spring poet, in little umbels of three to six, having the ordinary rosaceous characteristics—the five petals quite free, white and delicately shaded outside with pale ermine. The uppermost portion of the flower stalk is deeply concave, the sepals of the calyx springing from the margin, as do the petals and the numerous stamens, while in the center are five slender pistils. The curious should note this carefully, since the apple as regards structure is one of the most remarkable productions of nature. The rule in plants is for the ripe fruit to consist only of the matured ovary. In the apple the matured ovary is the smallest portion of the fruit. Soon after the petals drop, the vase-like top of the peduncle becomes gradually distended with juicy tissue. By degrees it adjoins itself to the pistils within. These at last become completely embedded, and constitute the "core"—French cœur, the heart. A horizontal section of a ripe apple shows plainly where the adhesion took place, this being indicated by the green fibres. A ripe apple is thus in reality a fruit within a fruit. The five cells of the core contain as a rule two seeds or "pips" apiece, so that every apple is designed originally by nature to be the parent of ten more apple trees. "Pippins" are properly apples that have been raised from these "pips" as distinguished from grafts, though the name is now restricted to particular sorts. Grafts are simply multiplications of an already existing kind. The early fruit growers thought that a tree was improved by regrafting, i. e. grafting upon itself. Hence the term rennet or reinette—a corruption of re-natus.

The native countries of the apple cannot be said to be certainly known. According to De Candolle it appears to be most truly indigenous in the district lying in northern Persia. He believes it to be a native also of the mountains of Northwest India, and of Europe in general, excepting the extreme north Britain included. That it existed in Europe in pre-historic times is proof by the remains of apples found in the Sevirs Lake dwellings. All our present cultivated apples are attributable to the one original from Pyrus Malus, though it is impossible to say at what period this austere crab for such it is began to disclose its wonderful capacity for change to a better condition, and by what circumstances the tendency to improve was first aroused. Probably the change was contemporaneous with the development of the social and constructive instincts of man, pertaining to no particular spot, and to no particular period. That the crab grew into a sweet and pleasant thing at a very early period is shown by the ramifications of the name—which is generally admitted to be of aryn extraction—showing frequently in the languages of the old celtic and northern nations in whose legends and mythology the fruit also appears very generally. Through Greek and Roman literature references to apples are frequent. We owe much to the Romans for the introduction into Europe of many fruits, the descendants of which were carried to England and later to America. It appears, however, that England is indebted to the Normans for her finest varieties, and it was during their time that apple culture began to make rapid and decided advancement. I might add that the Normans also introduced cider apples and the art of cider making. The County of Kent attained early fame in this connection which, if I am rightly informed, has never departed. The the names of various old towns and villages in England which commemorate early apple culture, as Appletwaite, Applegarth, Appleby, date, according to Isaac Taylor, from times anterior to the Conquest. Appleton, the family surname, is said to have begun just after it.

The precise date of the introduction of the early varieties is in most cases undeterminable. It can be conjectured, but no more.—John Craig, Dominion Horticulturist.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood purifiers whatever. Ayer's Sarsaparilla leads all.

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized my druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Ask your neighbors if they use Dodds Kidney Pills? They strengthen the nerves, tone the system, and the most stubborn cases of kidney disease yield to their influence. They are especially appreciated by the old. Ask your neighbors about them. dw

A Great Surprise

Is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

FOR BRONCHITIS

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

126 Lexington Ave., New York City, Sept. 19, 1892.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 16th, 1892.

I have used yr. Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1892.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN V. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1892.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.
D. A. GORTON, M. D.

WASTING DISEASES

127 West 84th St., New York, Aug. 6, 1892.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

HYPNOTIZED BY THE UNDERTAKER.

He Mrs Spengler Told Her Husband, And Then Ran Away.

NEW YORK, Sept. 10.—Charles and Louise Spengler were married June 11, 1884. Charles is a florist at No. 137 Avenue A. The couple lived happily together for three years, until Martin, the son of Undertaker Odendahl, disturbed the harmony of the family. Whenever any of Odendahl's customers needed wreaths or floral memorials he would always send them to Spengler's. Often he made the purchases himself, and in this way he became acquainted with Mrs. Spengler.

Odendahl, whose shop is at No. 115 East Third-street, first met Charles Spengler at a meeting of the Knights and Ladies of Honor. Odendahl was married, and the two families often visited each other. The undertaker began to pay marked attentions to the florist's wife until the neighbors began to talk about it. This talk at last reached the ears of the husband, and he warned his wife.

Odendahl, it is said, did not cease his visits to Mrs. Spengler. She seemed to be fascinated by him. One day in May Spengler says his wife confessed her intimacy with the undertaker. She claimed that Odendahl had a hypnotic influence over her which she could not resist.

Spengler forgave her, but she never seemed to recover her former gayety of spirits. She became moody and sullen. Two weeks after her alleged confession she tried to strangle herself with a napkin. On July 12 she packed up her belongings, took all her money and left home. She has never been heard of since. Odendahl also disappeared at the same time.

Spengler immediately began suit in the Court of Common Pleas against the undertaker for $25,000 damages. He charges him with alienating his wife's affections. Judge Bischoff granted an order for Odendahl's arrest. For five weeks the undertaker is said to have been hiding in the city. He was found on Wednesday and lodged in Ludlow-street jail. He furnished the $2,500 bail and was released.

Mrs. Spengler has returned to the home of her mother, Mrs. Kempf, No. 190 Orchard-street. The latter is rich.

THE NEW ORLEANS FIGHT.

Corbett Will Not Meet the Negro, Jackson.

NEW ORLEANS, Sept. 10.—Corbett left New Orleans friends this morning.

"Corbett will never meet Jackson again," said Delaney. "You may make it public. We are against fighting negroes any more. We are particularly catering to the wishes of our Southern friends in this matter. Besides Corbett has beated Jackson already, and nothing is to be gained by fighting him again. We will pay no attention to Mr. Mitchell, and for the present will ignore all challenges, because we have engagements very far ahead."

Dixon Gets on Another Fight.

NEW ORLEANS, Sept. 10.—Jimmy Carroll has posted $1000 forfeit on behalf of Johnny Griffin for a fight with George Dixon, a bet of $10,000 and the largest purse offered, under the same conditions that governed the Dixon-Skelly contest.

McAuliff's Luck.

NEW ORLEANS, Sept. 10.—Jack McAuliffe gave Dick Roche his check for $18,250, which he requested Roche to place on Sullivan, and borrowed $5000 and put that up himself. When the knock-out occurred he felt that he had lost everything on earth and that it was simply a case of going back and beginning life over again. A millstone was removed from his heart, however, when he ascertained from Dick Roche that his $18,250 was still in the bank, as the long-headed Roche had quietly held back the check.

The biggest loser of the day, as far as can be ascertained, was smiling John Kelly of New York, the ex-baseball umpire, who backed the champion for $21,000. John felt the loss greatly, but it did not break his face in the least, as he said with a sigh, "I will have to commence all over again."

Actor Scanlan No Better.

NEW YORK, Sept. 10.—Mr. Pitou, the theatrical manager, who has recently seen Scanlan, the actor, in Bloomingdale, said yesterday that his condition was practically the same. "He thinks," continued Mr. Pitou, "that the treatment at Bloomingdale consists of giving him poisoned liver, and the little old woman who finds fault with his dialect still pursues him. His play of 'Mavourneen' I shall put on the road soon with an excellent company. No one will be starred. I haven't decided yet who is to play Scanlan's part, but have several people in my mind. It's very strange, but sometimes when I see Scanlan he talks so rationally that any one would think him perfectly sane. Then he goes off into one of his delusions. Poor fellow, he will never leave the asylum alive, I am afraid! He's like all the rest.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Great! ; but you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be better satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

Bergman Says He Will Commit Suicide

PITTSBURG, Sept. 10.—Anarchist Bergman, who attempted the life of H. C. Frick, said that if his sentence was more than 10 years he would kill himself. Bergman coolly talks of his crime and expresses only one regret, that his mission failed. He does not give Mr. Frick credit for the coolness and nerve displayed by him when the assault took place, saying he was the worst scared man he even saw and he don't blame him much for it.

The Dead Poet.

AMESBURG, Mass., Sept. 10. — The arrangements for the funeral of the late John G. Whittier have been completed. The body was conveyed to this town from Hampton Falls yesterday and taken to the poet's former home on Friend-street where it will lie in state.

After the Quaker service the remains will be taken to the cemetery on Saturday afternoon. All stores and places of business will be closed from 2 to 4.

A Lawyer Sent to Jail.

ST. PAUL, Minn., Sept. 10.—Simon J. Ahearn, a leading lawyer, capitalist and real estate man, worth $300,000, was convicted yesterday of criminal libel and sentenced, without the option of a fine, to 60 days in the county workhouse.

Lost His Money and Took His Life.

WILKESBARRE, Pa., Sept. 10.—Thomas Rooney of Plymouth, having lost all his money and property on the result of the Sullivan-Corbett fight, committed suicide last night by taking poison.

Prompt Payment

Of the Largest Life Insurance Claim Ever Paid in Canada.

MONTREAL, Que., Sept. 9, 1892.—The New York Life Insurance Co. has paid over a cheque for one hundred and nineteen thousand five hundred and eighteen dollars, being the largest life insurance claim ever paid in Canada or perhaps the United States by one single company. The insurance was on the life of the late Mr. John McDougall, who died on August 29th.

Don't fool with Indigestion. Take BEECHAM'S PILLS.

BABY ONE SOLID SORE

Tried Everything without Relief. No Rest Night or Day. Cured by Cuticura Remedies.

My baby, when two months old, had a breaking out with what the doctor called eczema. Her head, arms, feet, and hands were each one solid sore. I tried everything, but neither the doctors nor anything else did her any good. We could get no rest day or night with her. In my extremity I tried the CUTICURA REMEDIES, but I confess I had no faith in them, for I had never seen them tried. To my great surprise, in one week's time after beginning to use the CUTICURA REMEDIES, the sores were well, but I continued to use the RESOLVENT for a little while, and now she is as fat a baby as you would like to see, and as sound as a dollar. I believe my baby would have died if I had not tried CUTICURA REMEDIES. I write this that every mother with a baby like mine can feel confident that there is a medicine that will cure the worst eczema, and that medicine is the CUTICURA REMEDIES.

MRS. BETTIE BIRKNER, Lockhart, Texas.

Cuticura Remedies

Cure every humor of the skin and scalp of infancy and childhood, whether torturing, disfiguring, itching, burning, scaly, crusted, pimply, or blotchy, with loss of hair, and every impurity of the blood, whether simple, scrofulous, or hereditary, when the best physicians and all other remedies fail. Parents, save your children years of mental and physical suffering. Begin now. Cures made in childhood are permanent.

CUTICURA REMEDIES are the greatest skin cures, blood purifiers, and humor remedies of modern times, are absolutely pure, and may be used on the youngest infant with the most gratifying success.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50 Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

THE STANDARD LIFE ASSURANCE CO'Y

ESTABLISHED 1825.

Assurance in force,	$107,011,896	Bonus Distributions,	$27,000,000
Assets,	37,416,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,689,871	Assurance in force in Canada	18,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlements of claims has given it a world-wide reputation for generous, straightforward dealing, and by its example has done much to do away with a contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract, instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always gives rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

WHERE'LL IT STOP?

We claim a distinct difference in favour of the Styles, Qualities, and Prices of our Men's and Boys' Clothing. Most any man can afford to pay $10.00 for a Fine Suit. And the goods that Grafton's show at this price are marvels of style, elegance, durability, and cheapness. Of course we have still finer suits. We have them up to $18.00, but our $10.00 line is a dandy. It embraces Cassimeres, Cheviots, Tweeds, Worsteds, etc., cut in frock and sack styles, trimmed faultlessly and fitting perfectly. See these $10.00 Suits.

Now here are a few prices of our other Men's Suits:—Men's Tweed Suits, $3.25; Men's Tweed Suits, $3.50; Men's Tweed Suits, $3.95; Men's Tweed Suits, $4.50; a Rattler for $5; Men's Heavy Double-Breasted Suit, can't tear them, $6.50; Scotch Tweed Suits, $8.50, $9.50, $10,50, and $12. Special Reduction in Boys' Clothing. Big Reductions in Boys' Clothing. Tremendous Reductions in Boys' Clothing. See them. See them. See them.

NOT TRUE

The statement that we are selling the New Dress Goods and Mantles at about cost price, this Autumn, just as an advertisement to attract custom for other goods, is not true. The cause of the ready sale for our

NEW MANTLES and DRESS GOODS

Is that there has been extra care, this season, taken in purchasing them. More centres of European manufacturers of these goods have been visited. The natural effect is, that we have Better Value than in the past, and an assortment quite surpassing previous years.

P.P.—Although the prices are lower than usual in Peterborough rates, the goods bear our usual profit. The money saved to the public is entirely due to good judgment and excellent taste in buying.

VALUE?

You will find it in every department. It is always conspicuous in the Golden Lion. It reigns just now among

OUR CARPETS

It is better than a bonus and more abiding than a gift. Our large and varied selection of Carpets for the autumn trade are being appreciated by many who are returning home from their summer resorts. Carpets in every texture for the quiet and unpretentious home to the millionaire or the humble citizen. Rugs, Mats, Squares, Etc., Etc.

CURTAINS in great variety. Portieres in all sizes. Sash Curtains, &c., &c.

MANTLES

—AT—

TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-breasted and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

OUTRAGE ON HUMANITY.

CRUEL TREATMENT OF PASSENGERS BY A CHOLERA SHIP

Taken Off the Stricken Ship, and Although Without Cholera or Any Semblance of It Yet They Are Refused a Landing on Fire Island, Where the Health Authorities Sought to House Them.

QUARANTINE, N. Y., Sept. 12.—Yesterday will probably be looked on in future years as one of the most horrible reproaches on American civilization in American history. The Federal Government on one side, the State Government on the other, both anxious to be the rescuing party, and in front the local authorities and private people forcing back the victims from their haven of refuge. The Normannia cabin passengers who had been for eight days confined on a cholera-stricken ship, were greeted on Saturday with the promised and long-hoped-for relief in the shape of the Stonington, to which vessel they were transferred that evening. For the first night for days they slept in peace and satisfaction. On Sunday they were to go to Fire Island, which, through Governor Flower's generosity, had been secured, with all its houses, and the Surf Hotel for the accommodation of the first and second cabin passengers of the Normannia.

The Stonington Unserviceable.

On Saturday night they slept on the Stonington, but in the morning it was discovered that she had no means for cooking meats, was of too deep a draught to cross the bar, and according to statements made she was old and too unseaworthy to venture so far in the open sea as Fire Island.

The iron steamboat Cepheus was then hired and the first and second-class cabin passengers started for their promised land. The weather was rough and many were seasick, but they cared little for that, happy in their escape from the prison ship Normannia. After a voyage of about 36 miles the captain said he was afraid to take the Cepheus over the bar without a pilot. In consequence of this the iron steamboat started back to the Horseshoe Bend and the first-class passengers were once more put on board the rickety old Stonington. The second cabin passengers were kept on board the Cepheus without bed or pillow. They were strewn about the settee and carpeted decks of the steamer.

More Delay.

Early on Monday morning the captain of the Cepheus discovered that he required coal and water and could not get to Fire Island without them. He calmly steamed up to the quarantine jetty and made fast alongside and sent word shortly after four to wake up the health officer.

After a hurried conference with Dr. Ferguson and Mr. Wall. Dr. Jenkins decided to water and coal her at his own dock. This was done and at about 10 o'clock the Cepheus once more started down the bay to embark the first saloon passengers and take them to Fire Island. The trip was again a rough one, but there was more than the elements to be met. A storm had been brewing around Babylon and Islip since the first rumor of Fire Island being turned into a quarantine station.

Heartless Obstructionists.

The Babylonians and their near neighbors cared not for the sufferings of their fellow-countrymen and women; they did not care if they died of cholera, starved or were drowned—all the thought of these people was the totally improbable proposition of their being attacked by the pestilence owing to the nearness of a number of ladies, gentlemen and children who never had had cholera in their midst, who had lived for a fortnight on board a plague-stricken ship without being touched and who were returning to their own homes. These people, trembling from their own imaginary fears rather than from any real danger, but not only invoked the arm of the law by means of that anomalous legal stay entitled an injunction, but had assembled as an armed mob a hundred strong to drive these helpless women and children back to the cholera ship and to all events a possible death.

The Governor begged and implored. Dr. Jenkins prayed these noblemen to allow the passengers to land. Telegram after telegram was flashed over the wires assuring the men of Islip and those of Babylon that they ran no risk. They were obdurate and the passengers of the Normania are now, on Monday night, lying anchored in the inlet by Fire Island.

The passengers appointed a committee, with Senator McPherson as chairman to confer with the mob of violence. The latter refused to withdraw the injunction, and so far, to-night, at least, they can claim the victory, a victory gained over 471 helpless women and their equally unoffending husbands. But, as Dr. Jenkins said to-night, it was not the armed mob he cared for, but the injunction issued by the Judge at the instance of these Babylonians.

MOB LAW AT FIRE ISLAND.

Disgraceful Opposition to the Landing of Passengers.

FIRE ISLAND, Sept. 13.—There were exciting scenes here yesterday afternoon, and owing to demonstrations by from 300 to 400 bay men and others, led by Supervisor Young and ex-Supervisor Vail of Islip town, who took possession of the docks, armed with shot guns, oars and other weapons, and twice resisted attempts to land passengers from the Cepheus. At this hour the Cepheus is anchored about 200 feet from the dock. Many passengers, mostly women, appealed to the crowd to allow them to land, but the answers that came were derisive shouts. Lawyer Reid and Supervisor Young informed those aboard the steamboat that Judge Barnard had granted an injunction restraining them from landing. Scenes of anger and threatened violence followed. Mr. Wall, agent for Governor Flower, then asked to have provisions sent aboard the Cepheus. Some in the crowd shouted: "All right, let them have all the provisions they want," but the greater number answered: "No, no, give them nothing." The mob have been appealed to by United States Senator McPherson and by others in the name of God to permit the oldest women and youngest children to be taken to the hotel for the night; that if this request was granted their lives might be saved. But they refused with brutal jeers. The events since nightfall have displayed a degree of cruelty wellnigh inconceivable.

At 8.30 o'clock a meeting of the Board of Health was held in the hotel office, where a resolution was passed that if Dr. Vought would go with Lawyer Reid to the steamer and see that the injunction papers were served the board would allow food and blankets to be taken aboard, and Dr. Vought was made to promise that if this was allowed no attempt would be made to land the passengers.

The committee endeavored to obtain permission from this panic-stricken mob to get blankets and bed linen from the hotel and to allow the Phœnix to land for this purpose. For a long time they refused and finally the passengers asked Dr. Vought if he could get the clothing from the hotel and bring it to them. The reply sent to the unfortunate passengers and Dr. Vought was, they could only get bed clothing if he promised to leave with the Cepheus to-morrow morning. Dr. Vought telegraphed this to Dr. Jenkins, who answered to accept any condition. They have now blankets to cover them, food and a place to cook it. They will remain over night in the channel, as a ship could not be brought against the heavy sea and they should not be very much disturbed, as the Cepheus was over the bar. There was no infection on board, said Dr. Jenkins, and the conduct of the mob was abominable and an outrage. Why, three or four days quarantine was quite sufficient. He would give them pratique as soon as possible. They had already been 48 hours out of the normannia.

Trying to Have the Injunction Removed.

Governor Flower said he would as governor have obeyed the injunction of Judge Barnard but if he had been in the position of the captain of the Cepheus he would have landed the passengers if he had had to do sixty days imprisonment for the act. Dr. Jenkins said that there was no one on Sandy Hook but he did not know whether he would put the Normannia's cabin passengers there. He had a letter from Secretary Foster to-day stating that he could use Sandy Hook. He did not know yet whether he would go to Fire Island himself or not. He had a special train waiting for him at Long Island City, and it would be kept waiting all night, but when he was seen at 8 o'clock he said he did not know whether he would get there or not. The governor was making efforts to have the injunction removed. They did not fear the armed mob, but the legal question was the point; and the governor intended abiding by the law.

The State Blamed.

In answer to a question Dr. Jenkins said that the report was absolutely false that Senator McPherson had lived on board the tug Phœnix during the time the other passengers were quarantined on board the Normannia. He was chairman of the committee trying to induce the people to allow the passengers to land, and he may have utilized the Phœnix there, and probably did. In reply to a question as to where, in his opinion the blame rested, Dr. Jenkins was very noncommittal, and the only opinion he offered was to a certain extent a charge against the State. "New York," said Dr. Jenkins, "has never prepared a place for cabin passengers, though the steerage have long had reception places appointed for them. "As regards Dr. Robertson's opinion that the well people ought to be taken out of an infected ship and the sick left on board, Dr. Jenkin's did not agree. He said he had 35 special officers engaged for a guard at Fire Island. They were not engaged with reference to the mob as he had arranged for them some days ago. In fact 12 had gone down on board the Cepheus and the 23 would be sent on soon. They were to be employed as a uniformed guard at Fire Island. Of the cases of cholera on the island, he said none had been cured except the surgeon of the Wyoming, who did not have it and had gone on board.

All Better at Quarantine.

At 7.57 the following report was received by Dr. Jenkins from Dr. Byron, health officer in charge of the ships and islands at lower quarantine: "Everybody here better."

At 11.20 Dr. Jenking embarked on board the State of New York for Long Island City, where he will take the special train put at his disposal by Austin Corbin for Babylon and Fire Island. The 23 special officers did not go with Dr. Jenkins.

An Outrage On Humanity.

LONDON, Sept. 13.—The Chronicle this morning returns to the subject of New York quarantine methods. It says: The present system is an outrage on humanity and a disgrace to the name of civilization from whatever point of view it is regarded. We are accustomed to excuse lawlessness in Texas and Idaho, but it is evident that there is no more certainty of public wisdom or private decency in New York itself than in the furthiest frontier town. For official incompetency and private anarchy we venture to say that no country could furnish a parallel to this."

Hamburg Importations Forbidden.

THE HAGUE, Sept. 12.—A decree has been issued forbidding the importation in transit through Holland of wool, skins, food stuffs and other articles from Hamburg and Altona likely to be infectious.

But the Passengers Were Not Landed.

NEW YORK, Sept. 12.—President Wilson of the Health Board returned this afternoon from Fire Island. He stated everything was in readiness there to receive the Normannia's passengers. He said he believed the passengers would be landed notwithstanding the order issued by Judge Barnard.

Railways Refuse Emigrants.

NEW YORK, Sept. 13.—It looks as though all immigrants landed at Ellis Island would be obliged to remain in New York, as the railroad and steamship lines have begun to refuse taking them over their routes. A large body of immigrants westward-bound went to the Grand Central Depot on Saturday night. They were informed that they could not be taken and returned to Ellis Island. Yesterday they succeeded in getting passage over the Pennsylvania road.

Some of the lines which have refused to take immigrants are the Baltimore & Ohio, the Erie, the Ontario & Western, the Delaware, Lackawanna & Western, the old Dominion Steamship Line, the Norwich Steamboat Line and the Hartford Steamboat Line. These lines refuse immigrants because various states will not allow them to enter their territory without a medical certificate from the immigration authorities here.

A misapprehension seems to prevail in many states that quarantine arrangements, as well as immigration matters, are under the supervision of the Federal authorities at this port, and that when an immigrant is allowed to leave he should be fortified with a clear bill of health. This was the main reason why the railroad and steamboat lines discontinued carrying immigrants. In future each immigrant landed at Ellis Island will be provided with a card declaring that the bearer has been sufficiently disinfected and his baggage fumigated and is in good health. These cards will be signed by Dr. Wheeler, surgeon of the Marine Hospital service.

Brotherhood of Locomotive Firemen.

CINCINNATI, Sept. 13.—The Brotherhood of Locomotive Firemen began their biennial session here yesterday with 300 delegates and Grand Master Sargent presiding. The local members have arranged a series of entertainments for their visiting brethren. The Ladies Auxiliary, Mrs. Eugene Hall of Stratford, Ont., grand president, is also in session.

Another Satellite of Jupiter.

LICK OBSERVATORY, Cal., Sept. 13.—Prof. Barnard has added a fifth satellite to the four satellites of Jupiter, discovered by Galileo in 1610.

CAUGHT IN A DEATH TRAP

LOSS OF LIFE AT A HOTEL FIRE IN MONTREAL.

The Lodgers Save Themselves by Jumping From the Windows, Though Many Were Injured—Three of the Inmates Were Found Dead in Their Rooms, Being Unable to Escape.

MONTREAL, Sept. 13.—A disastrous fire broke out in the Chambly Hotel, Jacques Cartier-square, at 1.30 yesterday morning, by which three men lost their lives. Three carters on the stand in the square saw smoke issuing from over the doorway of the private entrance and at once gave the alarm. In a minute after the smoke turned into flame. Then a horrible scene took place. Two heads were seen to come to the windows in the second floor and then go back into the flames.

On the third floor, both front and back, the scene was different. Here the boarders had a chance to leap for their lives and did so, jumping on the pavement 40 feet below. The first to land was Maxime Fitzbrault, about 35 years of age, who fell on his back with a horrible cry. He was followed by Baptiste Charbonneau, who got off with a sprained ankle. Both these jumped in front, while Jules Commery, a farmer and Xavier Pinault jumped out of the back window, Commery breaking both his ankles.

While this was going on the shrieks of a woman were heard, and the three carters mentioned above, finding that the sound came from over the bar-room, rushed in and rescued the woman, who turned out to be Mrs. Hurbordeau, the wife of the proprietor of the house, who is at present away visiting relatives at Chambly. She, however, was not hurt, but badly frightened. In a front room on the third floor, wrapped up in a coat, they found the first of the fire's victims. This was Turcotte, a sewing machine agent. He had evidently made a hard fight to get to the door, but had fallen on reaching it and was then overcome. He was dead when brought out. The second to be brought out was one Cidalo, a medical student. According to what Baptiste Charbonneau, a fellow-boarder, said he was breathing, but died soon after in the hospital.

The last body was that of an unknown stableman, who was found lying under his bed on the top floor, the body being charred almost out of recognition. The Notre Dame ambulance was sent for and the wounded men and bodies of the dead conveyed there. In the meantime the firemen worked hard to put out the fire and by 5 o'clock succeeded, but by this time the whole place was gutted. Loss will amount to $10,000 on the building and furniture. From the story told by survivors and those that saw the fire first from the outside its origin seems to be a mystery.

RATHER ROUGH TREATMENT.

A Torontonian's Experience While Visiting Detroit.

DETROIT, Mich., Sept. 13.—Robert M. Pilsworth, a stenographer and typewriter by profession, living at 38 Bernard-avenue, Toronto, came to Detroit last Wednesday night to seek employment. He was a stranger in the city. He took a room over Paquette's saloon in Ferry-avenue. Soon after he retired Paquette came to the door and demanded admission to the room. He accused Pilsworth of stealing a trunk from his (Paquette's) brother's bedroom, and assaulted him. The patrol wagon was called and Pilsworth was taken to Chene-street station and detained until Friday, when he was released, as there was no evidence against him. He placed the matter in the hands of a lawyer, and on Saturday suit was begun against Paquette on a charge of false imprisonment, damages being placed at $5000. The young man is highly connected in Toronto, and feels the injunction very keenly.

MURDER AT AMHERSTBURG.

A Negro, Jealous of His Wife, Cuts Her Throat.

AMHERSTBURG, Sept. 13. — Anderson Veney, a colored barber, murdered his wife Sunday night, cutting her throat with a penknife, and then tried to suicide, but was caught and locked up before he had done more than scratch his own throat two or three times.

They had been married eleven years, and he was insanely jealous, which led to many quarrels, in this last of which murder was done. Both were of respectable colored families.

At the inquest held to-night the jury found that the deceased came to her death by a wound in her throat, said wound being caused by Anderson Veney. Coroner Bell then committed the prisoner to Sandwich jail to stand his trial.

O'NEILL, THE MURDERER.

The London Prisoner Will Be Arraigned at the Next Court.

LONDON, Sept. 13.—Thomas Neill, who has been indicted for the murder of Matilda Clover, Alice Marsh, Emma Shrivel and Ellen Denworth, was arraigned in the Central Criminal Court, but the court adjourned the case for the session.

Tracking the Murderer in Canada.

MONTREAL, Sept. 13.—Inspector Jarvis is still in the city. He is very anxious to find out where Dr. Cream, alias Neill, obtained the strychnine which he is alleged to have administered to his victims. There is ample proof that it was obtained in Canada. Any information will be received by the chiefs of police at Montreal and Quebec.

A Dog Discharged the Gun.

VICTORIA, B.C., Sept. 13.—On Saturday night Mr. Martingale, who resides at No. 49 Third-street, reported to the provincial police that a young man named Turner had been killed by the accidental discharge of a gun. Mr. Martingale says that while he was walking through the bush about a mile and a half back of Shawnigan Lake he came upon a man leaning over a prostrate body. Blood was flowing from a wound under the jaw and on top of the head of the wounded man.

Simpson, the man who was leaning over the body, said that he and Turner had been out hunting. They sat down on a log to rest and Turner placed his gun between his legs and rested his chin on the muzzle. The dog jumped up on Turner's knee and struck the trigger and the gun went off, killing Turner almost instantly. Turner lived at Cobble Hill and was a new settler in Shawnigan.

RECEPTION TO ED. BLAKE.

Hon. Frank Smith's Views Regarding It.

OTTAWA, Sept. 13.—Hon. Frank Smith arrived in the city this morning to attend the Cabinet meeting, which was held this afternoon. Speaking of the reception to be given to Hon. Edward Blake in Toronto this week, at which he is to preside, Mr. Smith said he had been waited upon and asked to take the chair and had agreed to do so after being assured that there would be no question of politics, religion or nationality in connection with the reception.

"Some of my friends think I ought not to have accepted the position, but I fail to see how it effects my political position in any degree. Those engaged in getting up the reception desire that it shall be non-partisan, and I am willing to help make it such. If anything I can do or say will honor Mr. Blake he is welcome to it, for he deserves well of everybody who believes that Ireland should have the right to manage her own local affairs."

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, losing sense of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, your have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. So warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

FULFORD & CO., Brockville, Ont.

NEVER FAILS. CURES COLD IN HEAD AND CATARRH

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

MONDAY, SEPTEMBER 12 1892.

Notes for Cheesemakers for September.

By Prof. Jas. W. Robertson, Dominion Dairy Commissioner.

1. Invite your patrons to co-operate with you in the effort to bring the September cheese from your factory to the very front at the World's Columbian Exposition in 1893.

2. Urge them to see that the cows have an abundant supply of succulent, wholesome, nutritious food, and access to pure water. When salt is not provided where the cows can reach it every day, they will drink foul and stagnant water if they can get it. Plenty of salt and prohibition from impure water will effect a double cure.

3. All the vessels used in the handling of milk should be cleaned thoroughly immediately after their use. A washing in tepid or cold water, to which has been added a little soda, and a subsequent scalding with boiling water, will prepare them for airing, when they may remain perfectly sweet.

4. Cows should be milked with dry hands, and only after the udders have been washed clean.

5. Tin pails only should be used.

6. All milk should be strained immediately after it is drawn.

7. Milking should be done, and milk should be kept only in a place where the surrounding air is pure. Otherwise the presence of the tainting odors will injure the milk.

8. All milk should be aired immediately after it has been strained. The treatment is equally beneficial to the evening and morning messes of the milk.

9. Some of the qualities that are expected and desirable in the cheese of September make are :—(1) Rich, clean, creamy flavor ; (2) Solid, firm, buttery body ; (3) Fine, silky, flaky texture ; (4) Bright, uniform color ; (5) Attractive, neat, symmetrical appearance.

10. Use from 3 to 3½ lbs. of salt per 1000 lbs. of milk.

11. Put two bandages on each cheese, and finish them on the ends in such a manner that the outside one may be stripped off before the cheeses are put on exhibition.

12. In other respects follow the bulletin of notes for cheese makers for August, from which I take the following extracts :—

Patrons are more likely during this month than at any other time to forget to provide salt for their cows, and to neglect to supply an abundance of pure cold water. Cool evenings are no excuse for the aeration of the milk. It should be most thoroughly aired immediately after it is strained.

The making of cheese for exhibitions is usually undertaken during the first two weeks of the month. Send a circular to every patron, making mention of those matters which are referred to in this Bulletin, and inviting their cooperation that they may aid you in the manufacture of cheese fine enough for exhibition and prize taking.

Making the Cheese—When the evenings are cool and the milk needs ripening, don't fail to leave it in the vat until it reaches the proper state of maturity before the rennet is added. Use enough rennet to coagulate mature milk to a state fit for cutting in forty minutes when set at 88° Fahr. Dilute the rennet extract to the extent of one pailful of water to every vatful of milk, and then mix it thoroughly by vigorous rapid stirring.

After the whey is drawn, air the curd thoroughly and make provision for keeping it warm. Let the temperature be kept above 94°. Frequent turning and aeration will facilitate the development of acid, providing the temperature is maintained.

After the curd cutter has been used, the curd should be stirred and aired for fifteen or twenty minutes before the application of salt. The curd should be put in the hoops within twenty minutes after the salt has been mixed in.

Pressure in the hoops should be applied very gradually. The cheeses should be bandaged neatly when they are turned in the hoops, within two hours after they are put in the presses. They should again be turned in the hoops some time in the following morning.

Endeavor to get everyone who sends milk to your factory, or who is concerned in its management, to try to bring it to the very front in point of reputation for the excellent quality of its product.

The Testimonials

Published in behalf of Hood's Sarsaparilla are not extravagant, are not "written up," nor are they from its employes. They are facts, and prove that Hood's Sarsaparilla possesses absolute merit and is worthy the full confidence of the people.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

What is Dandruff ?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematic eruptions—produces baldness. Bear in mind that Anti-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Least Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

The Fish and Game Seasons.

Open Seasons and the General Regulations

Under the Ontario game laws as at present amended, the open seasons and the general regulations of the pursuit of game are briefly as follows :

Deer, November 1 to November 15. Not more than two deer allowed to be killed by one person in one season. Fawns protected. Crusting and yarding prohibited. Moose, elks, reindeer and caribou protected till November 1, 1895. Grouse, pheasants, prairie fowl and partridge, woodcock, snipe, rail, plover or any other water fowl or game bird or animal (including black or grey squirrels, hares and rabbits) September 15 to December 15. Quails, October 15 to December 15. Turkeys protected until October 15, 1897. Swans and geese, September 15 to May 1. Ducks of all kinds, September 1 to December 15. Exportation of game prohibited ; the sale or bartering of snipe, quails, turkeys, woodcocks or partridges prohibited. Non-residents must pay a license fee of $25 before they will be allowed to hunt in the province of Ontario. Trapping, snaring, swivel guns, poisoned baits, night shooting, trespass, etc., prohibited. Speckled, river and brook trout, May 1 to September 15. Salmon trout and whitefish, December 1 to November 1. Fresh water herring, December 1 to October 15. Bass and mascalonge, June 15 to April 15. Pickerel, May 15 to April 15. Nets, grapple hooks and other devices prohibited. Non-residents are required to take out a license of $5.

Crippled With Rheumatism.

Ronald McKay, Murray Harbor Road, PE. I., writes :—"I was crippled with rheumatism and could get no relief until I used your Pink Pills. I am now well." Of all dealers or by mail at 50c. a box or 6 boxes for $2.50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N.Y. Beware of imitations.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

ANNIE BEACH, Stevensville, Ont.

dw

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Rely on This.

GENTLEMEN,—We have six children, and have relied on Dr. Fowler's Extract of Wild Strawberry for the past twelve years in all cases of diarrhœa and summer complaints, and it never fails to cure.

Caron's Incompetence.

Results of the Militia Minister's Maladministration.

The bad administration of the Department of Militia and Defence was brought into very great prominence by the results of the Provincial meeting held some days. It was brought into still greater prominence at the meeting of the Dominion Rifle Association which closed on Saturday. The public at large, perhaps, takes but little interest in the general administration of the force, but probably will be surprised to learn that the much vaunted cartridge factory at Quebec is found wanting in its duty to the country. It was a source of no small astonishment to crack shots at the Dominion Rifle Association to discover that they were making ridiculous scores at short ranges, and that their rifles were so foul after a few shots as to be virtually useless and to require an hour's hard cleaning to restore them to their former condition, and this with materials which could not have been readily obtained during a campaign. Examination proved that the powder was not only mixed but otherwise defective. The markers stated that bullets continually passed the targets sideways, and the leaden messengers themselves have been found badly made. The customary "job" was broadly hinted at during the meeting of competitors who complained that they were unfairly dealt with. Nor was the Deputy Minister of Militia able to do more than give some vague assurances as to the future. Then the inevitable rifle grievance once more came to the front. The Government officials were warned from New Brunswick that in that province there was not a single Snider rifle serviceable, and that, consequently, practice at the targets was not possible and the force therefore rendered useless. There was at the assembly referred to almost a little rebellion and some strong language was indulged in. It may be too much to expect that the D. R. A. will be able to do what good men in Parliament have failed to accomplish, but the discussion at Ottawa and the results of the meeting cannot be altogether barren of result if it does no more than draw attention to the scandalous administration of one of the principal Departments of State.—Montreal *Witness*.

More Government Coquetting With Cholera

And now the Halifax quarantine station is condemned. Wherever the Dominion Government's works are subjected to expert investigation they are found to be mere sinkholes for public money, without any corresponding return in service. The commissioners state that the station is utterly useless, so that the expenditure of all these years has been literally thrown away, for when the time of trial arrives for which past expenditures and precautions, were supposed to be preparations, it is found that the station is totally ineffective. The Opposition has spent many hours on Mr. Carling's estimates session after session. Events show that the oversight was very much needed, and will have to be even more vigilant in future.

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect and complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Moore's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful scourge of that justly dreaded disease, Asiatic Cholera.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

The Chicoutimi Election.

The more that is learned of the Chicoutimi bye-election the greater grows the electoral outrage, and the fact that the re-count was held before a judge who was the brother-in-law of the Government candidate does not lessen it. Sir Adolphe Caron boasted that he ran this election alone. Mr. Belley was his candidate and Mr. Belley's victory was a personal glory for the Postmaster-General. The fact that the local judge counted as legal the votes cast at Point Esquimaux, where there were no registered voters, no voters' lists, no regular returning officer, no ballot papers, nothing in fact of the required electors machinery, but where Sir Adolphe's candidate received a majority of 64, is peculiar to a degree. A petition has been filed by Mr. Savard, the defeated candidate, and it will then be seen if it is true that the poll in question was the result of a conspiracy to be defeat the popular will. Sir Adolphe Caron can derive little satisfaction from the reflection that on the first opportunity since Mr. Edgar made his charges the electors condemned him, for of the legal votes cast in the county, a majority of 39 was given Mr. Savard, an independent.

Joseph Ruby, of Columbia, Pa., suffered from birth with scrofula humor, till he was perfectly cured by Hood's Sarsaparilla.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

Increase Your Weight.

If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the century to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c, and $1, at Peterborough drug stores.

AYER'S Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because **Cures Catarrh** the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It **Cures SCROFULA** makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

Where is Canton No. 10?

Capt Bullis of the Kingston Oddfellows' Canton, says he can put his corps through 63 movements without making a mistake. If the corps defeats Oswego at Watertown, N. Y., and wins first prize it will go to the World's Fair and take part in the canton competition.

Free Gift Excursion.

The tenth grand free gift excursion per steamer Golden Eye and palace barge will take place on Thursday next, Sept. 15th, to Victoria Park. Prof. Butcher's orchestra will accompany the excursion. Return tickets, 25 cents; children 15 cents. Boats leave Peterborough wharf at 2 o'clock, calling at Ashburnham. All children get a prize.

The Chemong Regatta.

Remember the first annual Chemong regatta at Chemong Park on September 22. A fine list of aquatic sports will be presented, including the matched race between Mr. Garner Nicholls, of Harvey, and Mr. John Taylor, of Chemong. Efforts for some time have been made to get these two noted local paddlers together, and the race will be an exciting one—one mile with a turn for a purse of $50. The other events will also be exciting and well contested.

Mount Julian Hotel.

Mr. J. D. Leahy, proprietor of the Mount Julian Hotel, Stony Lake, writes to correct the statement appearing in the Lakefield correspondence to the EXAMINER, in which the sale of liquor on Saturday night, at said hotel is mentioned. Mr. Leahy's letter states that "there has been no liquor sold and no disgraceful scenes occur either." It also warns "those persons that they had better be careful and keep quiet or prove the truth of their statements."

St. John's Harvest Festival.

The annual Harvest Festival of St. John's church will be celebrated on Thursday, September 15th. Holy Communion will be celebrated at 7.30, and at eight o'clock in the evening a special service will be held. The services will be of a specially interesting character, and will include music by the choir, anthems and special hymns, and a sermon appropriate to the occasion by Rev. H. Symonds, rector of St. Luke's, Ashburnham. The church will be beautifully decorated with grains, fruits and flowers, and those having donations of this kind to make may leave them at the church on Wednesday.

The Edison Drain Commission.

This morning at 10 o'clock the special committee consisting of Messrs. Best, chairman, Kendry, Malhern, Ferguson, Young and McIlwain, appointed at the last meeting of the council to deal with the Edison drain matter, met at the clerk's office this morning to talk over the situation. They decided to make, and did make, a tour of inspection to determine as to the proposition for a change of route down Rink street, instead of Townsend street, and a change in the outfall to the lake below Point St. Charles. The agreement referred to at the council meeting has been received duly signed by the Edison authorities interested, and it is expected that the contract for the work of removing the notorious Edison drain from the list of burning and bad-smelling questions, will be given out—sometime.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—An Ottawa tobacconist has been fined $20 for selling cigarettes to a minor.

—Mushrooms are now ripe. Those who know the habitat of this fungous esculent, gather a good crop.

—The agents of Washburn's circus called on Town Clerk Cobb this morning at ten o'clock, and the $25 license for a town street parade is now in the Ontario Bank at the credit of the town.

—A young lady called last evening to answer an advertisement in last evening's EXAMINER before the edition had all been run off the press. The advertiser should be satisfied with his medium.

—Mr. Walter Stecker, bill poster, is "on the road" this week advertising the Montreal and Ottawa exhibitions in this district. He "did up" Port Hope yesterday and goes to Lindsay to-morrow.

—The Peterborough junior lacrosse club are trying to make arrangements for a return match with the junior Orillia's, on Sept. 29th. The boys wish to go up with the Royal Templars excursion of North Monaghan on that date, and will try to repeat the victory they scored over the Orillia's last July.

—A gentleman of unimpeachable veracity on general subjects, reports that he caught at Stony Lake yesterday a muskinonge of the weight of twenty pounds and measuring 42 inches in length. It is remarkable that fish grow by pounds. There is hardly a case on record, where a fish is growing takes cognizance of the intermediate ounces, but increases by bounces from pound to pound.

Personal.

Mrs. R. Morgan and Miss Morgan of Ashburnham, are visiting relatives in Toronto.

Mr. and Mrs. Charles Munns, of St. Thomas, are visiting at Mr. Oswy Carver's, and friends, in town.

Mr. John Flood and Mr. James Kane and wife, of Eanismore, are attending the Industrial Fair, Toronto.

Mr. J. R. Stratton, M.P.P., addressed a meeting of the electors of Eanismore at O'Reilly's school house, on Monday evening.

Mr. Wm. Aldridge, who removed to town about three months ago from Buckingham, P.Q., intends removing with his family to Brandon, Man.

Mr. W. H. Crowe, foreman, of the furniture department of Belleghem's factory, leaves this evening for a holiday trip in Western Ontario.

Mr. D. Belleghem, President of the Undertakers Association of Ontario, went to Toronto this morning to attend the annual meeting of that organization. He will be absent three or four days.

Messrs. M. Kennasley, James Snyder and R. Hay, went to Kingston to-day to take part in the Dominion Artillery Competition. Mr. Hay neglected to take a sighting shot and missed the mid-day train, but goes there by way of Belleville.

Miss Edith Maud and Mr. H. S. Little, of Galt, have been in town the past week, the guests of Mr. J.L Maud, Park street. Mr. Little returned home to-day, but Miss Maud remains to continue the study of the violin under the instructions of Miss Louise Yokome.

Pollard's Home Made Bread.

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

Special Town Council Meeting.

A special meeting of the town council will be held to-morrow evening at 8 o'clock to deal with—at least to consider—the Edison drain matter.

There Every Time.

For your boots and shoes go to R. J. Kidd. He is the man who gives the best value and sells at reasonable prices. He handles the famous boots of J. D. King & Co., Toronto, a sufficient guarantee of their quality and durability. Go see him—Kidd the Booter. dtf

The "Sun"

Fire Insurance Company of London, England is the oldest Fire Insurance Company in the world. It has $7,000,000.00 left after allowing for ever dollar it owes. Also the "London and Lancashire," Alliance, Caledonian and Phœnix Fire Companies. The British Empire, Life Company, and the "Globe Building and Loan Company." FELIX BROWNSCOMBE, Agent.

Cheap Fall Excursion.

The C. P. Railway announce cheap Fall Excursions via the C. P. R., Bay of Quinte Railway, and steamers Ella Ross and Rocket to Deseronto, Belleville, Picton, Glenora and Kingston on Sept. 21st, 1892. Full particulars may be obtained from Mr. Beddy at the up-town C.P.R. office or from station agents along the line of route.

W. C. T. U. Annual Meeting.

The annual meeting of the Women's Christian Temperance Union was held in the opera house block Monday afternoon. There was a good attendance, and the election of officers resulted in the re-election of the old board of officers, including Mrs. Paton, president, Mrs. A. W. Price, recording secretary and Mrs. Hawkins, corresponding secretary. Several topics, pertinent to the objects of the Union, were discussed and dealt with in the spirit and with the energy that characterize the organization.

The Circus.

Washburn's circus, which showed in Riverside Park this afternoon, the performance to be repeated this evening, paraded the streets this morning. The parade was a very modest affair, the calliope being the loudest feature of it. There were a good many sharks among the followers of the show, and they secured the usual number of victims, one verdant maker of haste to get rich dropping $20 on the pea and nutshell "racket" in as many seconds. It is said that a "rucker" is born every minute, and from the frequency with which they turn up they never seem to die. Though an angel from Heaven were to warn the people who don't read newspapers, they would fall a victim to sharks.

The Facts Seem Correct.

We clip the following from the Winnipeg *Den Skandinaviske Canadiensaren*:

Det var icke utan, att beanderna i Vesterhanings forsamling blefve litet forvanade har om sondagen, nar prester laste upp kungorelserna Val hade de hort kungorelser af ett myckett blandadt innehal upplasas. Men de trodde aldrig, att de skulle fa lyssna till ett tillkannagifvande, om en dans. Och dock forklarde prester, innan han lemnade predikstolen, att saliskapet "Fyrvaplingen" skulle han dans i Vesterhanings norra skolhus! Och den, som ville, kunde naturligtvis da dit.

Although not vouching for the accuracy of the statements in the above editorial extract, we are not prepared to dispute them. The editor being on the spot ought to know.

Police Court.

TUESDAY, Sept. 13th, 1892.

There was a fair amount of business done at the police court this morning. An agent of Washburn's circus was in the police station telling the chief what a model set of moral employes travelled with the circus. Hardly were the words out of his mouth when Michael Barns rushed into the station stating that two of the circus employes had stolen his handsaw, which he had left lying down for a moment as he was working on the new market building. The police sallied out and arrested the culprits at the Ontario Bank. Arraigned on the count, George Hartin had the offence of stealing the saw brought home to him, and he was assessed $5 or 15 days in gaol. The money has not at this writing been forthcoming and the lads are on the hill.

Gil Martin, his cap companion, who was arrested at the same time was charged with the offence of being drunk. His condition was the strongest evidence against him. He got $2 or ten days.

QUEEN VS. CALDER.

Yesterday George Calder who had been serving a sentence of 50 days imprisonment for an assault affair in Ashburnham, was just emerging from the gloomy precints of the gaol cells into the liberty and light of the mild September, when he was arrested on a warrant charging him with breaking into the premises of Mr. Chas. Moore, grocer, Ashburnham, with intent to steal, the alleged offence having been committed on July 24th, 1891. Mr. R. E. Wood, County Crown Attorney, appeared for the prosecution and Mr. Murray, (of E. B Edwards office,) appeared for the prisoner. The witnesses examined were, Mr. Geo. Lipsett, who identified the prisoner, though not in a positive manner, as the person he saw running eastward on Elizabeth street on the night in question. He subsequently told members of his family and others that he thought the man he had seen running was George Calder. Miss Annie Crowe, of Ashburnham, testified to seeing a man run along Elizabeth street on the 24th of July, 1891. She was quite positive in her identification of the prisoner as the person she saw on the occasion, and the cross examination of the prisoner's counsel did not shake her confidence, but rather increased it in the correctness of her identification. The prisoner was committed for trial at the next court of competent jurisdiction.

The Band Instrument Fund.

A Further Addition of $32.50 to the Fund—The Total to Date $707.50—Aren't Our Citizen's Good for the Balance Required, $292.50?

There are now good prospects that the sum required for the purchase of new instruments for the band will be forthcoming. It only remains for those of the citizens yet to be called on to respond as generally as those already called upon have done. At the time of the last publication of the list of contributions, the amount secured totalled $625. During the past fortnight Mr. James Logan has been attending to the canvass himself, his associate, Mr. Wm. Crowe, having other duties to attend to. Below is the result of his canvass:

Amount previously acknowledged $625:—Dr. King, $3 00; T. Hooper, $1.00; Chas. McClelland, $1.00; Thos. Clitheroe, $1.00; Miss Louise Yokume, $1 00; John Delaney, $1.00; Jos. Kidd, $1.00; a friend, 50c. S. G. Faulkner, $1 00; Fred Dumble, $1 00; Miss A. Delaney, $1.50; Alex. Elliott, $2 00; J. W. T. Fairweather, $1.00; a friend, 25c; Adam Hall, $2 00; H. C. Rogers, $10.00; H. S. Macdonald, $1.00; D. M. Carmichael, $1.00; W. W. Johnston, 50c; J. W. Fitzgerald, $3 00; Adam Thompson, $1 00; P. Heffernan, $1.00; Zancal, $1.00; H. A. Malhern, $5 00; R. W. Bell, $3 00; L. G. Fobert, $1 00; W. Kerr, 25c; R. P. Boucher, $2.00; Fire Brigade, $22 00; Geo Stevenson, $2.00; Thos. Brooks, $2 00; Lock Works employees: W. L. Sharp $1 00; W. Rudkins, $1.00; W. C. Madge, $1.00; M. Riley, $1 00; Jas. Hickey, 25c; C. Clancy, 25c; R. Brennan, 25c; a friend, 25c; W. J. Thorne, 25c; A. Lehane, 25c; F. Creamer, 25c; a friend, 50c; a friend, 50c; A. Wetherhead, 25c; R. Fady, 25c; H. Archambault, 50c; J. Murphy, 25c; a friend, 50c; John Emmerson, 50c; a friend, 25c; a friend 25c.

Trains Delayed by Flies.

The North Bay *Times* says: "On Monday last No. 3 C.P.R. express was delayed between Moore's Lake and Base Lake, some thirteen miles this side of Chalk River, by a collection of flies on the track. The insects had gathered in such large numbers that when the train ran into them the rails were greased so completely that the wheels of the locomotive would not take hold. The result was that the train had to be cut in two and one half pulled up to the siding at Moore's Lake, a distance of about three miles, and left there while the engine went back for the remainder.

Lakehurst.

(*From Our Own Correspondent.*)

A tea meeting was held in Knox church, Lakehurst, on Friday, Sept. 9th, and a very pleasant time was spent. A good programme, which consisted of speeches by Revs. Barker and Boyce, music by choir and Methodist choir, and readings and recitations, was rendered, and from the appearance of the church, and inasmuch as a number could not find entrance, it proved a success. Proceeds of the evening, $38.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

369 GEORGE STREET.

The Late James Trow.

By the sudden death of Mr. James Trow, ex-M.P. for South Perth, the Dominion has lost one of its most popular and estimable citizens. For twenty years Mr. Trow represented South Perth in the House of Commons, and sat for the same riding in the Ontario assembly. During nearly the whole of his parliamentary career he was chief whip of the Reform party, and, though a staunch supporter of his party on all occasions, his geniality, kindness and uniform good humor won for him the respect and admiration of everybody. During the latter years of his life Mr. Trow travelled much, visiting Europe on several occasions. He did a great deal towards making the richness of the Canadian Northwest known to the world, having travelled over the plains long before the Canadian Pacific Railway was built, and published pamphlets describing his trips. Mr. Trow was a Welshman by birth, and emigrated to Canada when 16 years old. He began life as a school teacher, and by careful attention to business acquired a considerable fortune. He leaves a widow and five sons, who have the sympathy of the whole Dominion in their sorrow. For several years the deceased gentleman was afflicted with heart weakness, but his sudden demise was a great shock to his family and friends.

The Aged Can be Made Happy.

The aged can be made happy, healthy and contented, and their lives greatly extended if they receive what they most need in their declining years. This is accomplished by using Paine's Celery Compound two or three times a day.

This magnificent remedy keeps up the nerve power, corrects digestion, clears the brain, and produces sound and natural sleep. Once these results are secured, the aged man or woman goes on from day to day in perfect health, and become a source of joy to all around them.

Help the old people; give them more care and attention; procure for them Paine's Celery Compound if they are complaining. Remember the old folks once were your protectors and guardians; they shared your joys and sorrows and alleviated your pains and distresses. Do something for them now, before the dark grave is reached. Make their last days bright and joyful. This is surely effectually done by Paine's Celery Compound.

Wanted.

An experienced Saleslady to sell boots and shoes, at R. J. Kidd's.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crew's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Edinburgh streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

"Straining at a Gnat, Etc."

To the Editor of the Examiner:

SIR,—In your issue of the 10th inst., the EXAMINER is taken to task by the Rev. Mr Trotter, for publishing the details of the Sullivan-Corbett fight. Let me premise, that the writer of this article agrees with his reverence in denouncing prize fights and cruelty of all kinds. Nevertheless, I think the gentleman's zeal has hurried him into a one-sided view of the whole case. It was not such a "brutal performance" as his reverence thinks it was. It was an exhibition of scientific skill in the manly art of self-defence, against brute force! And at the end of the battle the gladiators were very little the worse. Corbett hadn't a scratch on him, and in a day or two Sullivan's elastic step showed that he had suffered very little. Besides although we condemn prize fights entirely, still we must admit that there is a code of honor in the ring. The combatants are supposed to have no ill feeling towards each other, and no man is allowed to strike his fellow in the dark or below the belt. If slanderers would imitate this example of the ring, society would be so much the better. Referring to the reports of the fight, Rev. Mr. Trotter says "There are hundreds of your children who will read these reports to their detriment, for I am convinced that the effect of such reading cannot but be debasing both to mind and character." Now this proves too much, for if this reasoning be correct, our children should not be allowed to read the Bible; for in that book we have minute details of the most "brutal performances." Let any one read the 17th Chapter of 1st Samuel, where the challenge fight between David and Goliath is presented to us with all its shocking brutality, we are told that David knocked Goliath's brains out with a stone. Then he cut off the ex-champion's head and swaggered about through Jerusalem exhibiting the bloody relic in his hand, with the savage triumph of a Mohawk Chief. Will the reading of such reports in the Bible be to the detriment of our children, and will such reading be debasing byth to mind and character? Verily we are all apt to strain at a gnat and swallow a camel.

X.

Sept. 12th, 1892.

Abdicates the Premiership.

The Ottawa *Free Press* says:—"Sir John Caldwell Abbott has virtually abdicated the Premiership. He has given up his rooms at the Victoria Chambers and sent his personal effects to Montreal, indicating clearly that he has no intention of returning to Ottawa as Premier. The meeting was called to discuss the situation, a number of the Ministers being anxious to persuade Sir John Abbott to remain nominal Premier until his successor can be named. Sir John is anxious to be relieved as soon as possible. Another important matter discussed was the trial of Nicholas and Thomas McGreevy for alleged conspiracy, which is to come on at this week's Assize Court. There is little hope that Chief Justice Armour will grant another postponement of the trial, and if the justice department fails to furnish evidence in support of its accusations the judge may dismiss the whole proceedings, and state some very strong reasons for so doing. It is understood that Mr. H. F. Perley, late chief engineer, will be able to give testimony in the case next week."

MR. FOSTER'S MISSION.

The *Free Press* has the following to say about the Finance Minister's mission to England:—"It is evident that the real purpose of Mr. Foster's trip to England with Sir John Abbott has not been made public. One friend of the Government spoken to about the matter to-day ridiculed the notion of his going over to talk about the financial agency and the question of Canada's representation at Washington. There are far more important questions than these looming up, this gentleman added. There is the matter of the unwarrantable seizure of our sealing vessels by Russian cruisers. I look upon that as a very serious matter indeed. If England cannot protect our vessels on the ocean then all the talk we hear about the sheltering folds of the Union Jack is nonsense. Possibly the British Government has ordered the Dominion Ministers to abolish the canal tolls discrimination system at once. But you will find that it is party and not public business that is taking Mr. Foster to England. Possibly the Premier cannot be safely trusted to go alone, but what is more probable is the desirability of ascertaining the views and wishes of Sir Charles Tupper regarding the present situation."

Canadian General Electric Co

Several Interests Merged in one Organization.

The several business interests heretofore carried on in Canada by the Edison General Electric Company, the Edison Electric Light Company, the Thompson-Houston International Electric Company and the Toronto Construction and Electrical Supply Company have been consolidated and will hereafter be conducted by the Canadian General Electric Company, limited, which company has acquired the Canadian properties, patent rights and good-will of the several companies cited above. The authorized capital of the new company is $3,000 000, that subscribed $1 500,000 and the amount paid up is $1,400,000.

What no Fellow can Find Out.

Four men may eat green fruit with impunity, but a fifth may try the experiment and an hour or so later be tied up in knots with cramps and dysentry. Who the fifth man will be is one of those things no fellow can find out, and consequently all should take time by the forelock, and prepare for such an attack by keeping on hand a bottle of PERRY DAVIS' PAIN KILLER which is a safe, quick and infallible cure for diarrhœa, cholera, cramps, or, indeed, any disorder of the stomach. This excellent medicine can be bought at any reputable drug-store. 25c, will purchase the Big Bottle, New size.

'Clear Havana Cigars'

"La Cadena" and "La Flora." Insist upon having these brands.

Going to Get Married?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your homes at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the country for cash or credit.

Three Harvest Excursions.

On August 30th, September 27th, October 25th the Wabash Railway, the banner route going west, will sell tickets at single first class fare for the round trip to points in Minnesota, Dakota Nebraska, Montana, Kansas, Missouri, Texas and Indian Territory. Tickets good 20 days from sale of tickets. Full particulars from any R. R. agent and J. A. Richardson, Canadian Passenger Agent, N.E. corner King and Yonge streets, Toronto.

FARMERS and others who may require the services of a competent Auctioneer, will find it to their advantage, and will save money by getting my prices before completing their arrangements for sales. Having had a large and successful experience, those favouring me with their patronage, will find that I will take every possible pains to serve their interest to the fullest extent.
JOHN HAGGART.

Notice to Creditors.

In the Matter of the Estate of WILLIAM CHAMBERLAIN, late of the Township of Otonabee, in the County of Peterborough, Farmer, deceased.

NOTICE is hereby given, pursuant to the provisions of the R. S. O. 1887, chapter 110, that all creditors and others having claims against the estate of WILLIAM CHAMBERLAIN, late of the Township of Otonabee, in the County of Peterborough, Farmer, deceased, who died on or about the 29th day of May, 1892, at the said Township of Otonabee, are on or before the first day of October, 1892, to deliver, or send by post prepaid to STRATTON & HALL, Hunter street Peterborough, solicitors for JAMES HALL and EVANS INGRAM, the executors of the estate of the said deceased, a full statement of their Christian and surnames addresses and description, and the full particulars of their claims, a statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after the said last mentioned date the said executors will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which notice shall have been given as above required, and the said executors will not be liable for the said assets or any part thereof, to any person or persons of whose claim or claims notice shall not have been received by them or their Solicitors at the time aforesaid.

STRATTON & HALL,
Solicitors for Executors.

Dated at Peterborough this 30th day of Aug. 1892.

WALL PAPER

50,000 ROLLS

PASSED CUSTOMS TO-DAY.

The season when housekeepers commence to look about and prepare to make home comfortable for the long winter months has arrived.

In the general cleaning up certain rooms are found to require renovating and papering.

To meet the requirments of all, the Peterborough Bookstore has just received the largest shipment of Wall Paper ever brought to Peterborough.

Just think of it. Over 50,000 Rolls to hand at one shipment.

Buying in such large quantities we are prepared to give our customers the benefit, and bargains are being given that were never previously obtainable in Peterborough.

Housekeepers, Painters and Merchants will find our stock very complete and the prices much lower than similar papers are usually sold at.

Call and inspect, No trouble to show goods.

J. R. STRATTON.
Peterborough Bookstore.

REAL ESTATE BARGAINS.

Before disposing of our Real Estate Business, which we expect to do about the 1st October, we are inclined to give our patrons Bargains by which to remember us. We have everything in the Real Estate line, and those who contemplate buying, or who are not getting 20 Per Cent. Interest on their Money, will do well to see us at once.

"El Padre" PINS.

FOR COUGHS & COLDS USE PERRINS COUGH DROPS BEST ON EARTH

Copyright, 1892, by the Author.

He held out his hand to her. She had stood, her hands clasped behind, her head leaning against the rock. Her eyes had never left his face; in their deep beauty surged an ocean of yearning, an ocean of love, and an ocean of hopelessness. She looked at the outstretched hand, then back to his face, then she lay her hand in his gently. Oh! so gently. She might have been an image so motionless she stood after. How still everything was.

"Good night."

She looked up at him, and again the comfortless words, "Good night, Zanea." She bent her head and it was like the drooping of a rare flower deprived of some life-sustaining element.

"Good-night, Zanea, you must return to Ishmael."

Now she lay her soft, warm cheek on Terry's hand, and another moment of, to Zanea, blissful silence passed, then she pressed her lips to the responseless hand, and without looking up she sped up the hill like a startled fawn. Half way up she disappeared right into the rock, as Terry thought, at least she disappeared. He followed to where he had seen her last, but there was nothing to be seen. He retraced his steps, thinking over Zanea's outburst; he spoke his thoughts softly to himself.

"How kind and loving she is, beautiful and cultured. I like her very much. How alike are Zell and Zanea, yet so different. Zell's mind is ready for seed, Zanea's full blown. Were they to be married, Zell's husband would see the growth, Zanea's reap a golden harvest, rich and full; which would be the better? Zell is my ideal of womanly beauty, but she is a babe mentally; may heaven grant her a continuation of her present life until death, or better still, a noble husband, one fitted to fill a mother's place as well as a husband's."

CHAPTER VI.

IT was so deep in thought that he did not see that Zell had come to meet him until she spoke.

"You are late; I feared you were not coming."

"I had not thought of staying. Zanea came part of the way with me; we walked slowly. She bade me say to Zell that she would come to see you to-morrow before the first quarter of the day would pass."

"Zanea come to see me? Oh, Terry! what will I do? Is she like me?"

"Yes, very like you; dress, too."

"Why, is there any other way of making garments than this?"

Terry laughed outright as he thought of the numberless fashions in which the women out beyond made their clothes.

"Yes, but not nearly so pretty as you and Zanea make yours."

"I do not make mine, I do nothing but arrange my room and inlay. I never thought who made this," touching her gown. "I will ask Shem. They have always been there, that is why I never asked."

They had reached the home now, and Zell led him in with simple dignity.

"This is where I live while the snow fills the Tarn. Is it not lovely, Terry?"

"Wondrously so, Zell. I cannot find words to tell you how lovely it is."

The room was large, the whole size of the building. The angle formed by the roof was hung with silk of a dainty roseate hue. The windows were hung with the same shimmering material. The walls had been well planked up, and these planks Zell's busy fingers had inlaid from ceiling to floor with the purest specimens of the quartz, all equal in size. From the center hung a chandelier of frosted silver weighted with the same little lamps of the peculiar make seen in the cave. The floor was spread with a thick, soft covering of the same color as the windows were draped with. Zell's bed stood at one side, curtained with flimsy, soft silk, through which the sparkling quartz flashed like the eyes of veiled beauties. One low divan and a number of ottomans completed the furniture of this unique room. Zell was pleased to see the effect her work had on Terry.

"I am glad you like it. I work on the outside all summer and all winter on the inside. I will have finished all when the snow falls. Sit down and tell me is this as nice as Zanea's home?"

"They are so different, Zell. You did all this yourself, with your own fingers? Do they not get tired and hard with so much whittling?"

[CONTINUED.]

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and makes you well. Dose, one pill.

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

SAFE | BRISTOL'S SUGAR-COATED | VEGETABLE PILLS | PROMPT | EASY TO TAKE | INFALLIBLE.

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

A. R. MOSES, ROPRIETOR,
Opera House Block, opposite the Grand Central Hotel, 342 George Street, Peterborough.

WOULD YOU BUY,
If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.
It is my business to build houses, the cost of which is within the reach of people in *fair* circumstances.
I have one house, well built, good location, Aylmer street, between Townsend and Weir streets—$2,600. Look it up. Will have two on Dalhousie work now going on.

GOSSIP!
"Dear me, those are the most beautiful photographs I ever saw."
"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."
"Do they cost more than before?"
"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio, is so convenient—no stairs to climb yourself, nor have you any fear about the children."
"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."
"Will you come down with me to-morrow to Charlotte street? I must have some."
"Yes, that is the only place where such work is made."

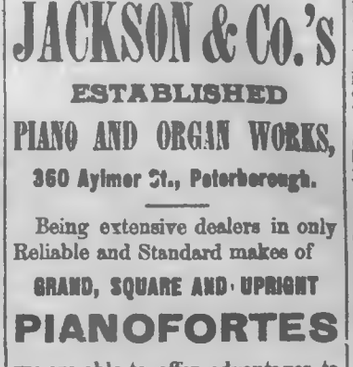
If You are Going To Buy a Piano or Organ
don't fail to pay a visit to
JACKSON & Co.'S
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.
Being extensive dealers in only Reliable and Standard makes of
GRAND, SQUARE AND UPRIGHT
PIANOFORTES
we are able to offer advantages to the public which are impossible to the ordinary dealer.
Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and
Every Instrument is Fully Warranted for Seven Years.
Chief among our instruments which have received preferences from the best musical artists, stand
—THE—
HEINTZMAN AND EVANS PIANOS.



These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.
The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.
We are exclusive agents in Peterborough for the celebrated
KARN ORGANS
which stand ahead of all competitors. We have also at all times in stock the well-known and popular
THOMAS ORGANS,
AND OTHER MAKES.
Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that we positively will not be undersold.
Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.
JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.
NOTICE.
To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.
All kinds of Instruments Tuned or Repaired on short notice.
Jackson & Co.

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used **Relieved in** your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never **Two Days.** without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. **Constipation** While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken **Life of Misery** with judgment. A. M. Weed, 229 Bellefontaine St., Indianapolis, Ind." ●

HAVE YOU BACK-ACHE

DODD'S KIDNEY PILLS

WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys.

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system.

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Bright's Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents, per box or six for $2.50. Dr. L. A. Smith & Co., Toronto. Write for book called Kidney Talk.

DEMOCRATIC HARMONY.

Senator Hill of New York Will Speak for Cleveland.

ALBANY, Sept. 12.—It was learned last night that Senator Hill had accepted an invitation to formally open the Democratic State campaign in Brooklyn the latter part of next week. He is now at work on his speech in his rooms at the Delavan House. Within the past week he has been overwhelmed with invitations to deliver speeches at certain towns, but has made no engagement pending the action of the State Committee. The Republicans propose to fire their first gun at Rochester next Wednesday night, and it is likely that Senator Hill will follow it up on Thursday or Friday.

The Mantell Divorce Case.

NEW YORK, Sept. 12.—In her charges against her husband Mrs. Mantell says that Mantell's intimacy with Miss Behrens began soon after she joined his company. Among other specified acts she charges that while in Toronto in October, 1891, she says that the defendant and herself were invited by some prominent ladies to a yachting party. When the day arrived Mantell excused himself. Mrs. Mantell returned sooner than expected and found her husband in the apartments of Miss Behrens at Queen's Hotel. Previous to last season Miss Behrens had not lived at first-class hotels, but Mantell insisted that she should live in the hotel where he resided.

Believed to Be In Mexico.

TORONTO, Sept. 12.—H. C. Aikens, the Tottenham private banker who disappeared a few days ago, is believed to be in Mexico. The sheriff is now in possession of the bank. There are numerous creditors besides the Bank of Hamilton and the total indebtedness will reach fully $25,000. Aikens is believed to have lost heavily by speculation in Chicago stocks.

Columbia's President Resigned.

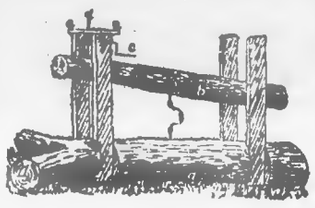
PANAMA, Sept. 12.—A telegram from Bogota says Dr. Rapphol Nunez has resigned the presidency of the United States of Columbia on account of ill-health.

Theological Items.

LONDON, Sept. 10.—Dwight L. Moody, the Evangelist, delivered his farewell address in Belfast yesterday. Rev. Dr. Talmadge sent a telegram from Chester saying he was suffering from insomnia and must have a complete rest prior to sailing from home. He regrets disappointing his Dublin and Belfast friends.

A Rustic Drill for Iron.

With proper tools, broken farm implements can often be repaired at home in much shorter time than would be needed for a journey to the blacksmith. The illustration herewith, a sketch of which was sent us by John C. Umsted, Kansas, shows an ingenious contrivance for rapidly drilling iron. A heavy log (a) forms the base, and if forked is still less liable to turn. It is also better if it bows up slightly at the middle. To the base log, four uprights, each six feet long, are nailed, to support the weight log (b). The latter should be



eight feet long and six inches through, and should be hinged at one end by a movable pin, to be placed in a series of holes bored in one pair of uprights. The other end is attached by a rope (h) to a windlass (c) by which the weight log can be raised or lowered. A brake rod (d) passes through a hole in the board (e) nailed on top of the uprights, and when the upper log is to be kept raised, this rod is pushed into a hole in the windlass. Place the drill in a common brace, and insert the brace head in a socket cut in underside of top log. When in use, the weight of the upper log must rest upon the drill. For boring wood, use a lighter weight log.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER,
dw Fent Hill, Ont.

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

POLITICS QUIET IN ENGLAND.

The First Sign of the New Order of Things in Ireland.

LONDON, Sept. 12.—There is a dead calm in politics here just now. A truce has been sounded in both political camps, and nothing is likely to occur till rumor busies itself with what may be taking place in October. The Redmondites attempted to break the spell by the issue of a manifesto announcing their determination to remain true to Ireland and warning the people against the evil day preparing for them by the McCarthyites, who have delivered themselves up to Mr. Gladstone bound hand and foot. But this has been heard before, and no one particularly cares what Mr. Redmond and his melancholy men say or do. The first impulse on their projecting themselves on the scene is to count their number. They remain only nine—personally insignificant in the aggregate, and impotent. There has been some slight flutter among the Conservatives at the appearance of the document as seeming to promise sport in the coming session, but it is felt that if Mr. Gladstone devises a Home Rule scheme acceptable to the bulk of the Irish members returned at the general election, the Redmondites dare not, even if they were able, do anything to wreck it.

Mr. Morley in Ireland.

Mr. Gladstone is at Hawarden. The pleasing monotony of a week of rest is not disturbed even by a combatant cow. Sir William Harcourt is at Wiesbaden in the hope of saving his eyesight. Other Cabinet ministers are taking a holiday in pleasanter circumstances. Only Mr. John Morley is in harness. He has gone over to Ireland to enter upon the duties of Chief Secretary. It is one of his Home Rule instincts that Ireland should as far as possible be governed from Dublin. He will carry that out by residing at the Secretary's Lodge for the greater part of the recess, bringing himself into touch with all classes and interests.

The first outward visible sign of a new era dawning over Ireland was the abstention of the police from attending the meeting of the evicted tenants held at Woodford the other day. Under the late regime a portion of Mr. O'Brien's audience on this occasion would have been a cordon of police, baton in hand, with one of their number on the platform struggling with an inadequate knowledge of shorthand to report his speech.

In the last Parliament it was noted, more especially toward the close, how persistently death attacked the Ministerial side. The first vacancy created by death in the new Parliament is still on the Ministerial side, now under Mr. Gladstone's leadership. Mr. Winterbotham held Cirencester for the Liberals at the general election by a majority of only 153. The seat will be contested, and the result will be watched for with keen anxiety on both sides. Mr. Winterbotham was a Gloucester man. His family has been long connected with the district, and he himself was personally popular. There was something pathetic about his death. He has been suffering for months from an affection in the throat, and was treated for an abscess. He came to London a fortnight ago for an operation, which revealed the presence of cancer. Mr. Winterbotham, who was gradually sinking, was told on Thursday morning that he had not 12 hours to live. "Then I'll die at home," he said. "Take me there." So they ordered an ambulance carriage and carried the dying man off to his place in Gloucestershire. He was sinking fast when he arrived at the railway station near his home. It was a race with death along the high road, and it ended in a dead heat. The member for Cirencester was alive when he passed under the gateway of his house at Dursley, but he was insensible. He died three hours after.

The Mutiny on the Windermere.

LONDON, Sept. 12.—The bark Windermere, from Glasgow, Scotland, to Freemantle, Western Australia, whose crew mutinied and shot the captain, has arrived at Freemantle. It appears from the account given since the arrival of the vessel that the crew were discontented with the food furnished them and also with the alleged tyrannical conduct of Capt. McLeod, who was in command of the vessel. The men refused to work and McLeod endeavored to coerce them. In the struggle that followed McLeod was shot. The officers succeeded at length in quelling the mutiny and put the leaders in irons, the vessel thereafter proceeding to its destination without further trouble.

In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poisons left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

No Lady's Toilet is Complete

without a tube of Dyer's Jelly of Cucumber and Roses for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

News About Town

A HORSE ROLLED ON HIM.

A HURDLE RIDER THROWN AND FATALLY INJURED.

He Was Exhibiting Trained Horses in the Ring at the Exhibition, When His Horse Stumbled at a Hurdle, Threw Its Rider Over Its Head and Fell Upon Him.

TORONTO, Sept. 13.—William Schleigh, aged 18, a native of Union Hill, N.J., who came to the city about two weeks ago with Nettie Morris' circus, was fatally injured in the sight of thousands while performing in the ring at the exhibition shortly after noon yesterday. Schleigh was giving a fancy exhibition of riding with one of the ponies and essayed a high jump across a hurdle, when the horse's forefeet caught in the bars. Schleigh was thrown over the horse's head and the animal rolled over upon him.

The jockey was picked up in an unconscious condition. After he had been attended by several doctors he was taken to St. Michael's Hospital, where it was found that his skull was fractured. The fracture was an extensive one and as a last resort Drs. McKeown and E. E. King decided to attempt trephining, but in the course of the operation the patient died.

CORBETT'S RETURN.

He Received an Ovation When He Reached New York.

NEW YORK, Sept. 13.—The entrance of Jas. J. Corbett into this city yesterday must have resembled the return of a Roman general from battle. When the train drew into Jersey City and the champion alighted a mighty shout went up from a crowd of 2000 that had been in waiting. Corbett, who was accompanied by Manager Brady, Billy Delany, Sam Hall and Fleishman of Philadelphia at once entered a carriage in waiting to take him to the Coleman House. At the ferry hundreds were congregated, and the police were busy keeping back the crowd from Corbett's carriage. The streets were lined along the route and, in addition to the cheers of the men, women waved their handkerchiefs from the windows. The applause Corbett acknowledged by smiling and courtesying with the grace of a Beau Brummel. At the Coleman House another crowd had gathered, but the champion slipped into his hotel as quietly and quickly as possible. Here he was received by Mrs. Corbett. The champion retired to his room to prepare for the reception in Madison-square Garden. He was unable, owing to the lateness of his arrival, to attend a dinner to be given in his honor by the New York Athletic Club.

At Madison-Square Garden.

A large crowd of sporting people assembled at Madison-square Garden to-night to welcome Jim Corbett. The house was not crowded owing to the high price of admission, still both Corbett and the management must have cleared a handsome amount. There were a number of bouts and the crowd was kept in an uproar.

HATRED OF AMERICANS.

Was the Cause of the Killing of the U. S. Sailor at Genoa.

LONDON, Sept. 12.—The latest advices received here regarding the murder of Frank R. Rielly, the seaman of the U. S. ship Newark, at a lodging house in Genoa, show that animosity against Americans was the cause. The proprietor of the lodging house, when the Newark's men applied to him for lodgings, used obscene language to them simply because they were Americans. All the sailors started for the door, when the proprietor, with a knife in each hand, sprang towards Reilly and stuck both the weapons into his back. Reilly staggered to the street, where he fell and died in a few minutes. The murder was entirely unprovoked. In consequence of the killing of Reilly the sailors of the United States vessels are not allowed to go on shore while they remain at Genoa.

Trouble In the Indian Nation.

ST. LOUIS, Sept. 13.—The latest from the Choctaw Nation is that Green McCurtain, the treasurer of the Nation and leader of the progressive party, was taken from his home in San Bois County last night and shot.

A Death at Jeannette, Pa.

JEANNETTE, Pa., Sept. 13.—A Belgian who arrived here Saturday from Europe was taken ill and died in a few hours. The physicians pronounced the case one of Asiatic cholera. A full investigation is being made.

Senator Girard Dead.

WINNIPEG, Man., Sept. 12.—Senator Girard died at his residence at St. Boniface at 8.30 yesterday morning.

Fatal Prize Fight.

LONDON, Sept. 13.—In a prize fight near Northampton yesterday between a soldier named Clayson and a bootmaker named Langley the latter was so horribly battered that he died of his injuries. Clayson was also severely injured. He was arrested.

Dead.

LONDON, Sept. 13.—The Earl of Essex is dead.

The New Metropolitan of Canada.

MONTREAL, Sept. 13.—Bishop Lewis of Ontario, who, by the death of Bishop Medley of Fredericton, becomes the Metropolitan of Canada, arrived in Montreal last night to attend the opening of the Provincial Synod of the Church of England on Wednesday.

For a disordered Liver Try BEECHAM'S PILLS.

A BANK IN DIFFICULTIES.

The Birkbeck, Eng., Bank Distrusted by Depositors.

LONDON, Sept. 13.—The great building and bank society, which was announced in these despatches Friday as being involved in the failure of the London and General Bank, the Liberal Permanent Building and Investment Society and the House and Land Investment Trust, is the Birkbeck Bank. The Birkbeck Bank is the oldest of the associated building trusts. Yesterday a run was made on the bank, and the premises were choked with customers withdrawing their money. The demands were made with rapidity. The manager attributed the run on the bank to the position brought about by the failure of building societies. He said: "Our total liabilities, which we may be called ay on demand amount to £5,674,000. We have securities on which we can immediately realise £5,544,000, and have money locked up in lands and buildings."

This evening the crowd of creditors of the bank was greatly augmented. Wild excitement prevailed, although the bank at six o'clock will still paying everyone who demanded his money. The authorities of the bank announce this evening that the Union Bank has guaranteed them the sum of £1,000,000 with which to meet their liabilities.

King Humbert Reviews the Fleet.

GENOA, Sept. 12.—King Humbert, the Prince of Naples, the Duke of Genoa, the Count of Turin and the members of the ministry to-day visited the foreign admirals commanding the squadrons sent here to take part in the Columbus fetes. The shipping was decorated with flags and bunting, and the warships fired a salute as the royal yacht put off into the harbor. King Humbert witnessed the drill of the crews on the flagships and congratulated the admirals on the smartness and efficiency of their men.

Emperor William May Visit Chicago.

BERLIN, Sept. 13.—Emperor William yesterday said it was by no means improbable that he would pay a visit to the World's Fair.

The Crops in Ireland Ruined.

LONDON, Sept. 13.—The harvest in the west of Ireland, which recently promised to be abundant, has been completely spoiled by incessant rains. Potatoes are blighted. Great distress is inevitable.

Miss Wood's Assailant Sent For Trial.

LONDON, Sept. 13.—Leonard Mantklow, who on Aug. 3 last murderously assaulted Hilda Wood, a niece of the Rt. Hon. George J. Goschen, and Edith Philbrick, was again arraigned at the Bromley Kent sessions. Miss Wood, with her head covered with bandages and attended by a nurse, was present and gave her testimony. Mantklow was committed for trial.

The Republicans Carry Maine.

AUGUSTA, Maine, Sept. 12.—The Republicans elect their entire state and congressional ticket, but the majority on Governor is cut in half. There was not a heavy vote cast.

Lost on the Grand Banks.

HALIFAX, N.S., Sept. 13.—News comes from Newfoundland that the schooner Cashier, while fishing on the Grand Banks, came in collision with another fishing boat in a storm and both vessels were lost with all on board.

The Cashier was a fine vessel of 106 tons, owned by Reinhardt Bros. and T. A. Wilson and commanded by Capt. Alfred Reinhardt. Among her crew of 19 were: John Pernette, brother-in-law of the captain; William Wentzell, leaving a family of nine children, of La Have; Eli Corkum, Spencer Rauby, Andrew Mosher, George Richards and two brothers named Le Gag of West Dublin. The others were from Volger's Cove and vicinity.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

THE STANDARD LIFE ASSURANCE CO'Y
ESTABLISHED 1825.

Assurance in force,	$107,011,896	Bonus Distributions,	$27,000,000
Assets,	37,418,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,899,371	Assurance in force in Canada	13,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous, straightforward dealing, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract, instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always gives rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

THE "SUN LIFE"
ASSURANCE CO. OF CANADA.

HEAD OFFICE, - - - - MONTREAL.

The year 1891 has been the Banner Year in the History of the Sun Life.

The Gross Applications for the year in the Life Department amounted to the enormous total of $5,901,000.00, an amount greatly exceeding that touched by the Company in any previous year, and it is believed no other Canadian Company has ever totaled a like amount in any one year.

THE SURPLUS PROFITS

have increased to even a greater extent than the new business, thus plainly indicating that the unbounded confidence placed in this great Financial Institution by the Canadian public, has not been misplaced.

FIRE COMPANIES REPRESENTED:

THE HAND-IN-HAND PLATE GLASS; THE QUEEN, THE LONDON ASSURANCE, THE NORTHERN, THE ATLAS, THE NATIONAL, of Ireland, THE IMPERIAL, THE GUARDIAN, THE MERCANTILE, THE NORWICH UNION

Big Clothing Business Getting Bigger and Bigger

WHERE'LL IT STOP?

We claim a distinct difference in favour of the Styles, Qualities, and Prices of our Men's and Boys' Clothing. Most any man can afford to pay $10.00 for a Fine Suit. And the goods that Grafton's show at this pricee are marvels of style, elegance, durability, and cheapness. Of course we have still finer suits. We have them up to $18.00, but our $10.00 line is a dandy. It embraces Cassimeres, Cheviots, Tweeds, Worsteds, etc., cut in frock and sack styles, trimmed faultlessly and fitting perfectly. See these $10.00 Suits.

Now here are a few prices of our other Men's Suits:—Men's Tweed Suits, $3.25; Men's Tweed Suits, $3.50; Men's Tweed Suits, $3.95; Men's Tweed Suits, $4.50; a Ripper for $5; Men's Heavy Double-Breasted Suit, can't tear them, $6.50; Scotch Tweed Suits, $8.50, $9.50, $10,50, and $12. Special Reduction in Boys' Clothing. Big Reductions in Boys' Clothing. Tremendous Reductions in Boys' Clothing. See them. See them. See them.

NOT TRUE

The statement that we are selling the New Dress Goods and Mantles at about cost price, this Autumn, just as an advertisement to attract custom for other goods, is not true. The cause of the ready sale for our

NEW MANTLES and DRESS GOODS

Is that there has been extra care this season, taken in purchasing them. More centres of European manufactures of these goods have been visited. The natural effect is, that we have Better Value than in the past, and an assortment quite surpassing previous years.

P.S.—Although the prices are lower than regular Peterborough rates, the goods bear our usual profit. The money saved to the public is entirely due to good judgment and excellent taste in buying.

VALUE?

You will find it in every department. It is always conspicuous in the Golden Lion. It reigns just now among

OUR CARPETS

It is better than a bonus and more abiding than a gift. Our large and varied selection of Carpets for the autumn trade are being appreciated by many who are returning home from their summer resorts. Carpets in every texture for the quiet and unpretentious home the millionaire or the humble citizen. Rugs, Mats, Squares, Hall, &c.

CURTAINS in great variety. Portieres in all sizes. Lash Curtains, &c., &c.

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-breasted and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

SAFELY HOUSED ASHORE.

THE QUARANTINED PASSENGERS ON FIRE ISLAND.

The Opposition to Their Debarking on Fire Island Was Overcome and They Are Well Provided For—The Troops Were Called For But Will Not Be Needed—An Appeal for Funds.

BABYLON, L.I., Sept. 14.—From all indications in this place the Bay Shore men's little war is over. The Normannia's passengers have all been safely landed and have been made as comfortable as possible. They have plenty of good food, nice rooms, attendance and everything that they can wish except freedom. There is no need now to send any troops here. On Fire Island, in Babylon, at Islip and at Bay Shore all is quiet. This evening the Associated Press correspondent in the face of half a gale of wind put off from Babylon and took a scudding view of the quarantined passengers on Fire Island. The lights in the big hotel burned cheerfully. People were coming and going before the windows and everything seemed as peaceful as possible. Away to the southwest angry banks of clouds had gathered, and the waves more than once gave a sample of what the Cepheus and her passengers would have experienced if that vessel had been compelled to lie at anchor in the channel last night.

The sheriff has informed Governor Flower that there is no further use for troops. It is expected that the military will be withdrawn to-morrow and they will not go to Fire Island.

The quarantine is little less than a farce. A number of boats and yachts have landed people who were permitted free intercourse with the Normannia's detained cabin passengers.

Troops For Fire Island.

NEW YORK, Sept. 14.—Yesterday afternoon Governor Flower decided to send the 13th Regiment of Brooklyn to Fire Island, and they were ordered to be ready to take a special Long Island train at 5 o'clock.

Adjutant-General Porter passed a sleepless night last night in preparing all the arrangements. The total military force of investment will equal 1000 men. This is the first time the naval reserve has been called out for active duty and they will be given an opportunity to show what they can do as active militia.

Peremptory Order From Gov. Flower.

The President of the State Board of Health, ex-Senator Newbold, held a conference with Governor Flower at 3 o'clock yesterday, and later sent the following despatch to President Young of the Islip (L.I.) Board of Health:

"You are hereby notified that Fire Island is the property of the State of New York, and the Board of Health of the town of Islip has no jurisdiction over the same. You are hereby ordered not to interfere with the landing of any passengers there or with the sanitary arrangements thereof."

Is New York City Without Funds?

NEW YORK, Sept. 14.—The committee appointed by the Chamber of Commerce to act in conjunction with the state authorities and health officers in preventing the cholera from entering the city met this afternoon and formulated the following:

To the Citizens of New York:

The committee of the Chamber of Commerce deem it prudent to raise a fund of at least $250,000 to be placed at the city's disposal for use in case of need in the present emergency. All officials are obliged to act with reference to direct legal authorization for the use of the money. Contingencies will arrive, and in fact have already arisen, where the committee of the Chamber, if provided with funds could render substantial aid. Every effort will be made to obtain a refund from the proper authorities. When the emergency is over any surplus not used and any amount refunded will be returned pro rata to the donors.

The Naval Reserve Sent Out.

QUARANTINE, N.Y., Sept. 14.—Dr. Jenkins has been very anxious during the evening as the arrival of the steamer Pegasus, which left New York with the naval reserve for Fire Island in order to protect the passengers of the Normannia, if the residents tried to prevent the landing. At 7 p.m. he received a telegram from Dr. Vought, at Fire Island, saying that nothing yet had been heard of the Pegasus, and asking Dr. Jenkins not to leave the telegraph room for the present. It is blowing very hard, and as the Pegasus is a small boat much fear is felt as regards her safety.

Introduced by Coolies.

HAMBURG, Sept. 14.—Two hundred and thirty-seven new cases of cholera were reported yesterday and 97 deaths.

It has been ascertained that the cholera was imported into Hamburg by coolies in four ships that last sailed from Black Sea ports.

Deaths in Paris.

PARIS, Sept. 14.—There were reported in this city Tuesday 45 new cases of cholera and 26 deaths. In St. Ouen nine new cases and five deaths were reported.

Eradicated from Berlin.

BERLIN, Sept. 13.—The Moabit cholera lazaretto is empty yesterday.

A Ship Captain Dies of Cholera.

ROTTERDAM, Sept. 13.—The captain of the steamer Maas, from Hamburg, died here yesterday of Asiatic cholera.

Deaths in Belgium.

BRUSSELS, Sept. 14.—Seven cases of cholera and three deaths have occurred in the village of Meix, Devant, in Belgian Luxemburg.

Cholera in Holland.

THE HAGUE, Sept. 14.—Two cases of cholera and one death have been reported at Zivyndrecht in South Holland, 10 miles southeast of Rotterdam.

Dissatisfied With Sargent.

CHICAGO, Sept. 14.—Several delegates to the Firemen's convention, which takes place in Cincinnati this week, arrived in the city yesterday. The convention will be one of the most important which has taken place for some years. There is in the first place a strong disposition to oust Grand Master Sargent from his position. This is due to an old feeling against Sargent because of his alleged want of faith with the railroad employes who have elevated him to his present position. The feeling has been aggravated since his refusal to call out the firemen in sympathy with the Buffalo switchmen in their recent struggle.

PROF. LOUDON APPOINTED.

The Government Names the New President of Toronto University.

TORONTO, Sept. 14.—At a meeting of the Executive Council of the Province yesterday afternoon an order was passed appointing Prof. Loudon President of the Provincial University in the room of the late President, Sir Daniel Wilson. The salary was fixed at $5000 per year—$3200 as professor and $1800 as president.

This announcement will create no surprise, but will be received with general satisfaction by University alumni everywhere. With his fellow-graduates Prof. Loudon has always been popular, and to them it would have been a serious disappointment had he been

passed over. Of this there never was any serious chance. From the first it was Prof. Loudon, or some outsider of eminence, whom nobody was prepared to name, and to those who saw beneath the surface this meant the conclusion which has just been reached.

The New President.

The record of Prof. Loudon's career must be brief, for it has been comparatively void of stirring incident. Born in this city in 1842, he was educated in the Toronto public schools and at Upper Canada College, from which he passed to the University of Toronto with more than average distinction. As a matriculant he took a high stand in both classics and mathematics, which were regarded then, even more than now, as the great means of liberal culture. Mr. Loudon maintained his pre-eminence during his undergraduate course, and in 1863 took the degree of B.A. with a gold medal in mathematics. He was at once appointed a member of the teaching staff of University College, being required to give instruction in both mathematics and classics, though he was shortly after confined to the former. At that time the professor of mathematics was J. B. Cherriman, M.A., who retired in 1876 to become inspector of insurance companies under the Dominion Government. During the 14 years of his tutorship, Mr. Loudon devoted himself largely to "applied mathematics," more commonly designated now "mathematical physics," including heat, light and electricity, with statics and dynamics. On Prof. Cherriman's retirement he was appointed professor of mathematics and physics, and his inaugural address at that time was a masterly review of the state of physical science to date. The note sounded in that address was a correct foreshadowing of what has since taken place—the building up a useful physical laboratory, the combination of experimental with mathematical physics, the separation of the latter from pure mathematics, and the requirement of practical work in the laboratory as a test of the student's progress in knowledge of his subjects. Since 1887 Prof. Loudon has been professor of physics only, and it is safe to say that in no university with the same equipment has better work been done in the use of physics as a culture subject.

THE TORONTO EXHIBITION.

A Heavy Rainstorm Interferes With Yesterday's Attendance.

TORONTO, Sept. 14.—Yesterday rain fell heavily and continuously from noon till the close of the show. Thousands, nevertheless, saw the exhibition under discomforting circumstances. The pluvial downpour prevented the program of amusements and fireworks being carried out.

This is farmers' day and the fair will be under the patronage of the Farmers' Institutes of the Province and the Dominion Grange and Patrons of Industry Every department will be open from 8 a.m. till 10 p.m.

The receipts were:

	1890.	1891.	1892.
First day	$ 880	$ 635	$ 743
Second day	1,174	891	1,392
Third day	695	2,810	2,812
Fourth day	4,064	4,927	5,580
Fifth day	4,665	3,834	5,460
Sixth day	15,498	14,229	16,001
Seventh day	9,840	6,936	4,764
Total	$36,676	$34,202	$36,602

These figures show a decrease of $2103, compared with the corresponding day last year, and of $5076 compared with 1890. Taking the seven days altogether there is still an increase of $2400 over last year, but the slight decrease of $74 compared with 1890.

The Live Stock Exhibition.

The live stock at the Industrial this year surpasses all exhibits of previous years and has probably never been beaten in America.

The cattle exhibit is of about the same dimensions as last year and is superior in quality. There are large exhibits of Durhams, Aberdeen Angus, Jerseys and Holsteins and a considerable number of Ayrshires and Devons. The Holsteins are steadily increasing in numbers, and it is expected that they will for a few years yet. Canadian breeders have wrought much improvement in this breed of cattle. Instead of the former slab-sided beasts, Holsteins are now well formed, handsome animals. Among fat cattle, too, the quality is better than it used to be. Instead of lumpy, clumsy beasts, Canadian fat cattle are now well-formed, good-looking beasts and are quite as heavy as formerly.

The sheep exhibit is in the opinion of most sheepmen the greatest ever held in America. It is half as large again as it was last year, and the quality is of the very finest. Nearly all the English Royal winners in Canada are on exhibition. The greatest increase is in Cotswolds.

The pig exhibit is about the same size as last year. The quality is on the whole better. Suffolks are increasing in numbers. There are not nearly so many Tamworths as during the last two years. The attempt to introduce the red hogs seems to have failed. Among the improved Yorkshires and the Berkshires the heaviest hogs are found. One or two in each variety tip the scale a little over 800 lbs. There are many Royal prize-winners, and the exhibit would be even finer if hogs had been imported into Canada this year. The prevalence of disease among European hogs has caused the entire prohibition of foreign hogs during the past year.

The exhibit of poultry and pigeons is the largest ever held in Canada. The principal increase is in Minorcas, Plymouth Rocks, Wyandotte and Buff Cochins. The Bantam exhibit is perhaps the finest portion of the collection. The ornamental varieties are particularly beautiful and interesting. The Pekin Bantams, which are miniature Cochins, attract a great deal of attention.

The pigeons and pet stock are more numerous than ever. The Carriers and Fouters seem to be the most popular breeds.

Mrs. Harrison Very Ill.

LOON LAKE, N.Y., Sept. 14.—President Harrison makes no effort to conceal his great anxiety over the condition of Mrs. Harrison, and was at her bedside the greater part of yesterday. The whole family share his deep concern and all are evidently apprehensive of a continuance of the present unfavorable symptoms.

CONVENTION IN THE CITY

THE EXHIBITION GIVES OPPORTUNITY FOR MEETING.

Patrons of Industry Hold a Mass Meeting—Foregathering of the Members of the Gardeners And Florists, Ontario Agricultural Union, Ontario Creameries Association, Trades Congress.

TORONTO, Sept. 14.—The Patrons of Industry held a sort of mass meeting in the old grand stand at noon. There was a large gathering of farmers, besides members of the association.

Grand President C. A. Mallory made a vigorous speech, and monopolies were his special point for attack. These combines, he held, were the cause of many evils that afflicted the farmer, particularly mortgages. They also contributed to the cost of living, and he urged, amid applause, that united action should be taken to crush the cause of their burdens.

Other speakers were: Grand Vice-President Miller, Grand Trustee T. O. Curry, Gifford, Foster, Bro. Rigley, Grand Secretary L. A. Welch.

The announcement that an anti-monopoly binder twine establishment had been started the previous day in Brant County was greeted with loud cheers.

The Experimental Union.

TORONTO, Sept. 14.—The members of the Ontario Agricultural and Experimental Union met at 11 a.m. in Exhibition board room yesterday and arranged a program for the next annual meeting, to be held in Guelph Agricultural College, Dec. 22 and 23.

Among those present were Principal Mills, C. A. Zaintz of the Agricultural College; T. Monteith, Stratford; S. P. Brown, Whitby; S. Buchanan, Toronto; R. F. Hatterman, Brantford.

The union is an association of students and ex-students of the Guelph Agricultural College. It acts in concert with practical farmers throughout the province in carrying on a system of experiments in agriculture and horticulture. The union was started in 1876. Twelve years ago it had 12 plots in the province; now there are about 500.

Gardeners and Florists Confer.

TORONTO, Sept. 14.—The Gardeners' and Florists' Society met at 3 p.m. in the board-room, President Chambers in the chair. The attendance was good.

Professor Saunders, Dominion Commissioner to the World's Fair, addressed the meeting in reference to the exhibit of plants and cut flowers. Canada, he said, had been allotted one seventh of the space in the Horticultural Building, and he urged that this space be utilized to the very best advantage. He suggested that the larger and more mature plants sent be used principally for decoration, particularly among the fruit exhibit, while the ordinary plants sent by the florists be shown in the commercial class. The exhibit of plants and cut flowers would be continuous. He suggested the appointment of a committee to take note of the creditable display at the Industrial, and thus ascertain upon whom they could call for selections for the World's Fair.

"O, it is not necessary," remarked Chairman Chambers, "we know our plants as well as we do our children."

"Perhaps better," ventured Mr. Nicholas Awrey, M.L.A., amid laughter.

Mr. Nicholas Awrey, Ontario Commissioner, stated that the fruit men would send about $1600 worth, some growers alone agreeing to supply $70 or $80 worth each of choice and rare varieties.

Lovers of Poultry.

TORONTO, Sept. 14.—The semi-annual meeting of the directors of the Ontario Poultry Association was held in the board room at 8 o'clock, President John Eastwood of Hamilton in the chair, and Mr. J. J. Mason of Bowmanville was appointed secretary.

Among those present were: A. Bogue, W. O'Neil of London; J. Cole, Hamilton; W. Barber, J. Dilworth, Toronto; D. C. True, Lindsay; G. S. Oldrieve, Kingston.

Mr. Judson Buck of Brantford was appointed director, vice Mr. Thomas Goldie, deceased.

Some changes were made in the rules and regulations and new varieties were added to the prize list.

Messrs. Butterfield, Jarvis, Smelt and Piers were re-elected judges.

Mr. Allen Pogue was appointed to take charge of the Ontario exhibit at the World's Fair. And at his suggestion it was decided to devote the Wednesday preceding the annual poultry show to the reading of essays, etc., on the rearing and culture of poultry.

It was decided to hold the annual exhibition at Hamilton in January next.

Ontario's Creameries.

TORONTO, Sept. 14.—The Board of Directors of the Creamery Association of Ontario met last night in the Walker House. Mr. D. Derbyshire presided, and there were also present Vice-President A. Wenger of Ayton, Treasurer R. J. Graham of Belleville, Secretary J. Hannah of Seaforth, J. T. Brill of Guelph, A. Wark of Wanstead, J. H. Crail of Aultsville, W. Halliday of Chesley, Robert Phip of Caduna, Instructor Mark Sprague of Ameliasburg.

At the annual meeting in Brockville last year the experiment of holding a butter show in connection therewith was tried. It was confined to members of the association, and it proved such a success that at last night's meeting it was decided to repeat the exhibit at the next annual meeting.

It was decided to hold the next annual convention in Harriston on Wednesday, Thursday and Friday of the second week in January, and a committee was appointed to make the necessary arrangements and secure speakers.

A Prince Injured.

BERLIN, Sept. 14.—Prince Hermann of Schauberg-Lippe was thrown from his horse while riding near Linz Tuesday and sustained a fracture of the skull. His condition is critical.

Lost Her Money and Took Her Life.

VIENNA, Sept. 14.—The Neue Freie Presse of this city reports that a woman named Jane Armstrong, said to be of New York, 28 years of age, has committed suicide with a revolver at Monaco, where she had lost $250,000 by gambling in 10 days.

THE EXCLUSION ACT.

Canadian Mechanics Driven Out of Work at Buffalo.

BUFFALO, N.Y., Sept. 14.—W. J. Miner, a carpenter living at Fort Erie with his wife and family and working on the cyclorama building, which is to be converted into a livery stable, was deported by Inspector DeBarry yesterday afternoon.

Two alien Canadian plasterers working on the new Erie Bank building were deported by Inspector DeBarry this afternoon. Both had wives and families in Toronto. They were George McGill and James B. Wallace.

Two carpenters working for Contractor Peacock in Martin-street were sent home to Fort Erie to-day, although one had taken out his first papers and both were preparing to move here.

It is nearing election and therefore DeBarry is busy.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, your have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

FULFORD & CO.,

NEVER FAILS

CURES COLD IN HEAD AND CATARRH

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

WEDNESDAY, SEPTEMBER 14 1892.

He Falsified the Record.

In the course of his speech at Petrolea the finance minister resorted to wilful and deliberate misrepresentation in order to deceive and mislead his hearers. His falsification of the public debt statement was inexcusable, because he had the correct figures in his possession. According to the *Empire* and London *Free Press*, he said; The opposition claimed that the government of Canada was rolling up a debt. He would deal with that point. In 1889 the debt of the country was $237,000,000; in 1890 it was $237,000,000; in 1891 it was $237,000,000 and in 1892 it was $236,000,000. How was that for heaping up the debt? For four years the debt of the Dominion was not increased one dollar." An opponent of the minister might properly retort: "How is that for wilful fabrication?" A few days before Mr. Foster left Ottawa for Petrolea the officers of his department placed before him, preparatory to its publication, a statement showing the public debt of the Dominion on the 30th June, 1892. That statement appeared in the number of the Canada *Gazette* issued on the Saturday before the Petrolea meeting. Consequently Mr. Foster knew what it contained. And the official statement prepared in his own department, under his own supervision, showed what? That there had been no increase in the public debt between 1889 and 1892? Not at all. On the contrary it showed that during the last fiscal year the public net debt had been increased by upwards of three millions of dollars, and the gross debt by over five millions. And in the face of these official figures, Mr. Foster had the effrontery to make the statement before quoted to the Petrolea meeting. Who will place any reliance upon anything he may say hereafter? Here is a statement, taken from Mr. Foster's own reports, showing how the public debt of the Dominion has increased during the past five years, under his management:

	Net debt.	*Gross debt.*
1887.....	$227 314,775	$273 187,626
1889.....	237 530,041	287,722,062
1891.....	237 809 030	289,899,228
1892.....	241 035,335	295,265,290

It is impossible for Mr. Foster or anybody else to reconcile the foregoing official figures with the statement made at Petrolea. He wilfully misrepresented the facts for the purpose of misleading his auditors, and then no doubt, with a sickly smile, sought the congratulations of his colleagues upon his cleverness." Under Mr. Foster's system of keeping accounts the public debt statement is the only reliable barometer by which the Canadian taxpayer can judge as to whether the public revenue equals the public expenditure, —*Free Press.*

"No way out of Corruption but Through it."

Sir John Abbott will, according to the Government organs, try an ocean voyage and a residence in England before giving up the Premiership on account of bad health. It is obvious that only urgent party necessity would compel Sir John to retain the reins of office in his present state of health. It is probable that this necessity arises out of the inevitableness and undesirableness of Sir John Thompson's succession. Sir John Abbott's Government is an opportunist one, of which he is probably no longer more than the figurehead. The royal central personality of Sir John Macdonald, about whom it was framed, being wanting, his government must remain as he left it or fall to pieces. It has shown no power of freeing itself from its corrupting elements, so that we have little or no sympathy with it, but for all that we sincerely and heartily hope that Sir John Abbott will recover health and spirits, enjoy his trip, and remain at the head of this Government until he and it are utterly condemned and defeated by a people so burnt out by corruption as to be beyond the capability of ever suffering from the same political plague again, as people who have suffered from smallpox are generally safe from a second attack of that foul disease. There is no way out of corruption, apparently, but through it. —*Witness.*

Every Testimonial

In behalf of Hood's Sarsaparilla is strictly true and will bear the closest investigation. No matter where it may be from, it is reliable and worthy your confidence as if it came from your most respected neighbor. Have you ever tried this excellent medicine?

For a general family cathartic we confidently recommend **Hood's Pills**. They should be in every home medicine chest.

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematic eruptions—produces baldness. Bear in mind that Anti-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give hesewho call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether who esale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

GOUGH BROTHERS,

Cholera Vaccine.

Mr. E. H. Hankin, a Cambridge man, recently appointed bacteriologist to India, has been experimenting with what is known as Hoffkine's cholera vaccine. The vaccine has been tried on pigeons and rabbits and seems to make them impervious to the attacks of the cholera germ. Mr. Hankin inoculated himself and found that the effects were not any more unpleasant than in vaccination for smallpox. Whether the inoculation gives immunity for any lengthened period has not yet been demonstrated even in the case of the lower animals.

A Stratford Baby!

There lives, to-day, in Stratford, Ont., a baby boy who is plump, fat and strong. A short time ago his condition was alarming—the family thought he must die. He was sickly, thin, weak and very restless, and required constant care and attention.

The mother was almost worn out by anxiety and watching, and believed she had used every possible means for baby's recovery. Fortunately she thought of Lactated Food, and decided to give it an immediate trial. The sickly baby seemed to relish its first meal of this of this food. It was retained on the stomach, much to the surprise of all.

The baby, after a few days feeding on Lactated Food, was doing splendidly; and every day an advancement was made in strength. To-day, the happy mother is one of the strongest advocate of the wonderful food that saved her baby.

Mother, if your dear baby is not strong, bright and happy, let us advise you use this same Lactated Food, which is so strongly recomended by the majority of the mothers of Canada.

How to Cure Headache.

Eli's Failure in Family Discipline.

Hush'd was the evening hour,
And the prophet's work was done,
And Eli had laid him down
And Samuel the little one,
In the temple's sacred courts to rest
And enjoy the sleep that God has blest.

When, lo! in the silent night,
Falls a voice on Samuel's ear,
Then he, with obedience prompt,
Seek Eli's behest to hear;
But when thrice repeated the prophet knows
The Lord has broken the child's repose.

When again his name is called,
Samuel replies, "speak Lord,
For thy servant hears," then He
Reveal'd to him His Word,
Thus the little child was used by God
As bearer of Eli's chast'ning rod.

And the message stern was God
Would execute speedily
His judgments on Eli's house,
For its gross iniquity,
For his sons most vile disgrace had wrought
In Israel, and he restrained them not.

Soon, alas! the sad news came,
Of his sons in battle slain,
But the fatal blow was when
The ark of God was ta'en;
Which broke his heart for the shock was great,
And he fell and died at the temple gate.

To lax the parental reins,
Had been held in Eli's hand,
To Abraham how unlike,
Whose household he did command
In such a way that to him was given,
The approving smile of the Lord of Heaven.

O parents be wise, and take
Warning, by Eli and fear,
Lest duty, neglected bring
The judgments of God severe,
Upon your household, reflect, take heed,
And in these few lines a lesson read.

E. B.

Honour Upon Honour, and Success Upon Success.

Advices have reached the Toronto office of Sunlight Soap that the manufacturers, Lever Bros., Limited, of Port Sunlight, near Birkenhead, Eng., have been honoured by the appointment, under Royal Warrant, as soap makers to Her Majesty the Queen—an honour and a privilege enjoyed by no other laundry soap manufacturers in the world. (Sunlight Soap has been in use in Windsor Castle for over three years.) It is also worthy of mention that such has been the unparalleled increase in the sales of Sunlight Soap, that the firm has given instructions to their architect to exactly double the size of their works (already the largest of their kind in existence.) When it is remembered that the present works were only entered upon in July, 1889, and that the main building covers four acres, some idea may be formed of what colossal premises the forthcoming enlarged works will be! It goes without saying that a soap which has met with such phenomenal success throughout the civilized globe must be more than an ordinary soap. "Sunlight" has the world's record for honours and extent of sale, and these honours have been won principally by the acknowledged superiority and purity of the soap. In Canada the sales of "Sunlight" are increasing at a rate which must be gratifying to those concerned its success.—*Toronto Mail.*

A Census of Languages.

A German authority says that almost a third of all humanity, that is 400,000,000 speak the Chinese language. Then the Hindoo language is spoken by more than 100,000,000. In the third place stands the English, spoken by almost 100,000,000. Fourth, the Russian, with 89,000,000, while the German language is spoken by 57,000,000 tongues, and the Spanish by 48,000,000. Of the European languages the French is 8th in place.

Crippled With Rheumatism.

Ronald McKay, Murray Harbor Road, P. E.I., writes:—"I was crippled with rheumatism and could get no relief until I used your Pink Pills. I am now well." Of all dealers or by mail at 50c. a box or 6 boxes for $2 50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N.Y. Beware of imitations.

All cases of weak or lame back, headache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

For the Gunning Season.

Never regard your gun as empty; never point it at anyone; never, in handling it about, allow the muzzle to be pointed at anyone.

Never draw it out of a boat with the muzzle towards you; never, when walking with it in your hands, allow the barrels to line anyone, either in front or behind you. If in the open carry it across the hollow of your left arm; if in brush or thicket carry it muzzle up and the locks at half cock.

Never climb a fence with a gun in your hand. Better to draw the charges and reload after you are safely over. If a muzzle-loader remove the caps from the nipples. Never attempt to close a breech-loader with the hammers resting on the plungers.

Never shoot at anything when there is danger of wounding anyone who might be in the line of fire.

Never, in shooting from a boat, allow the stern man to use his gun. Sit in the bow and let all the shooting be done from there. Men are liable to become excited when shooting and to pay more attention to the game than to those around them.

Never finger or fool with the triggers. This is a common fault with men sitting idly waiting for a shot and has been productive of many accidents.

Never leave a loaded gun in the house. Always withdraw the charges when the day's shooting is ended. Then children cannot by handling it provide a subject for a funeral.

Characteristics of Hood's Sarsaparilla: The largest sale, the most merit, the greatest cures. Try it and realize its benefits.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

A Pleasant Herb Drink.

The best cure we knew of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Freeman's Worm Powders destroy and remove worms without injury to adult or infant. dw

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We knew B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

Increase Your Weight.

If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the century to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c, and $1, at Peterborough drug stores.

NERVE BEANS NERVE BEANS are a new discovery that cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restores the weakness of body or mind caused by over-work, or the errors or excesses of youth. This Remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. Sold by druggists at $1 per package, or six for $5, or sent by mail on receipt of price by addressing THE JAMES MEDICINE CO., Toronto, Ont. Write for pamphlet. Sold here.

AYER'S
Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because **Cures Catarrh** the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It **Cures SCROFULA** makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

LOCAL NEWS

A Good Young Man

With some snap in him to sell boots and shoes at R. J. Kidd's. Call at once.

Art Needlework.

All kinds of materials for art needlework now in stock at Miss MELVILLE'S fancy good store, 424 George street.

Meat! Meat!

Choice Beef, Mutton, Veal, Spring Lamb, Fresh Pork, Spiced Roll, Sugar Cured Hams, Breakfast Bacon, Pickled Backs and Lard; also a full supply of Vegetables, at 461 George street. J. J. HOWDEN.

There Every Time.

For your boots and shoes go to R. J. Kidd. He is the man who gives the best value and sells at reasonable prices. He handles the famous boots of J. D. King & Co., Toronto, a sufficient guarantee of their quality and durability. Go see him—Kidd the Booter. dtf

Free Gift Excursion.

The tenth grand free gift excursion per steamer Golden Eye and palace barge will take place on Thursday next, Sept. 15th, to Victoria Park. Prof. Butcher's orchestra will accompany the excursion. Return tickets, 25 cents; children 15 cents. Boats leave Peterborough wharf at 2 o'clock, calling at Ashburnham. All children get a prize.

A Norwood Forester's Death.

Mr. Robt. Edgar, Past Chief Ranger of Court Rob Roy, Canadian Order of Foresters, died at Norwood yesterday. The cause of Mr. Edgar's death is traceable to an attack of la grippe. Mr. Edgar was a foreman on the C.P.R. and was highly respected in the community. The funeral takes place Thursday at 2 o'clock under Forester auspices.

Something About the Weather.

After our fine display on Sunday night of lightning although without thunder, I gave verbally to our local paper forecasts of a of a coming storm which have been fully verified, rain coming considerably since, and yesterday from 2 p.m. to 4 this morning it fell 1 inch and 75-100 of water.—THOMAS TELFORD.

Wedded in Napanee.

This afternoon at 2 p.m. George McBurney of Water street, town, and Miss Richardson of Hunter street, were united in marriage at Napanee. Rev. J. A. Jewell, B.A., brother-in-law of the bride, performed the ceremony at the Methodist parsonage. Mr. and Mrs. McBurney after receiving the congratulations of their friends, which will be warmly re-echoed in Peterborough, went to Toronto on a wedding tour.

Washburn's Circus.

It would appear that nothing but an earthquake that will swallow up the whole show will prevent attendance at a circus. In spite of the downpour of equinoxial rain the canvas was well filled at both afternoon and evening performances, and those who attended were rewarded for the wetting they got by seeing a fine performance in all respects. The tents were so thoroughly soaked with rain that they could not not be packed to let the company off to Lindsay before seven o'clock this morning.

A Good Word for the Press.

Although some persons are displeased with what appears in the daily papers, Mr. J. J. Sheehy has a good word to say for the press. He has been a constant advertiser in the EXAMINER for the past seven years, and to a member of the staff, the other day, he said that when he discarded advertising he intended to go out of business. "It is a pleasure," remarked Mr. Sheehy, "when one advertises any special class of goods to see customers come into the store and hear them enquire for THOSE GOODS ADVERTISED IN THE EXAMINER." "Now," continued Mr. Sheehy, "take those lovely black cashmeres and navy blue storm serges of ours. We only advertised them for a week and I will venture to say, that at the rate they are going, we won't have a yard left in two weeks more." And from one bargain table to another our scribe was led around by the genial proprietor, until his whole week's wages seemed in danger of being spent in patronizing what is undoubtedly one of the best equipped establishments in the central district. 1dw

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—The C.P.R. has a large gang of men ballasting the line from the station west.

—The river is up to high water mark, and consequently the capture of a good sized bass is reported in the lake or river.

—Mr. C. H. Moore, Ashburnham, is having important improvements made to his grocery premises, Elizabeth street.

—The bridge over Rogers' race, Ashburnham, which has been a menace to the safety of travellers, has been securely replanked.

—A slight breakage in the joint of a George street waterworks main in front of Schofield's drug store was repaired to day.

—The St. Charles Company, Belleville, shipped five elegant cars they have constructed for the Montreal electric railway.

—Mr. George Boyle is erecting one of his automatic crossing gates on the C.P.R. line near the bridge, east of the George street crossing.

—The old Phelan house on the Customs property, Charlotte street, is being knocked down this afternoon—by the auctioneer's hammer.

—There will be a special meeting of the town council to-night at 8 o'clock, to deal with—and it is hoped—settle the Edison drain business.

—Mr. E. B. Edwards applied to the judge in chambers to-day to admit George Calder to bail. His Honor fixed the bail, himself in $200, and two sureties of $100 each.

—The Port Hope Y.M.C.A. lacrosse club, has asked for a match with the Peterborough Juniors here on Friday next. They will probably be accommodated and—beaten also.

—It is expected that the Otonabee will cease its flow to see the base ball contest this afternoon at three o'clock on the Riverside Park between the "Lathers" and Bartenders.

—Dr. Ridley, of Belleville, son of the late Dr. Ridley, died on Monday evening. He was a member of Belleville Lodge, 81, I.O.O.F., and will be buried under Oddfellow auspices.

—Intelligence has been received at Belleville of the death in Paris, France, of typhoid fever, of Mrs. Hodson, wife of Rev. J. M. Hodson, formerly pastor of the Bridge street Methodist church.

—His Worship Mayor Kendry sat in judgment on two drunks who appeared before him this morning. They were allowed to depart untaxed, this being their first presentation at court.

—A special meeting of the Board of Health will be held to-night at 7 30. As the meeting is to be held before the council meeting members will kindly be prompt in putting in an appearance.

—Ashburnham put on a force of special police yesterday to restrain the exuberance of circus visitors.—Everything passed off quietly—especially in the schools which were nearly emptied of pupils.

—The Peterborough's Oil Company's storehouse, removed from C.P.R. yards, George street, has reached its destination Wolfe street, nearly opposite the tank. The chimney collapsed on the last lap.

Personal.

Mr. John Garvey, of London, is in town to-day.

Mr. W. Patterson, of London, is in town on a visit.

To-day Mr. W. E. Roxburgh, of Norwood, gave the town a visit.

Mrs. J. S. Knapman, arrived home last night from a three weeks' visit to Uxbridge.

Rev. A. E. Burt, rector of Durham, is visiting his sisters, Mrs. Gerrans and Miss Burt, of Stewart street, Ashburnham.

Mr. Barnard, auditor of the Bell Telephone Company, is in town to-day settling up the accounts in connection with late Ontario Telephone Company.

Mr. William Hamilton, who has been prostrated with paralysis since July last, is progressing very favourably, his condition showing a marked change for the better.

Mr. R. W. Grubb and party have returned home from Stony Lake. From the fact of their not boasting of their piscatorial exploits, it is probable they caught some fish.

Dr. D. A. O'Sullivan, well known in town, a brother of the late Dr. O'Sullivan, died at Penetang Tuesday morning, through general weakness resulting from a month's battling with typhoid fever. Dr. O'Sullivan was one of the best known barristers in Toronto, and a representative Catholic. He was a native of Northumberland county.

Cold Springs—Otonabee.

(From Our Own Correspondent.)

The annual picnic of the Cold Springs Union, S. S., was held on Friday, Sept. 9th, to Jubilee Point on the steamer "Golden Eye." The boat left the wharf at 8 30 a.m., calling at the various points along the river. When the last call was made fully two hundred persons were on board. Jubilee was reached in safety at 12 30, where all disembarked to partake of dinner, after which the following programme of sports was carried out:—

Boys 8 years and under—1 Roy Spears, 2 Frank Sisson, 3 Willis Huston.

Boys 8 to 12 years—1 Charles Sisson, 2 Bert. Huston, 3 Oscar Matchett.

Boys 12 to 15 years—Alex. Thompson, 2 Alex. Huston, 3 Adam Thompson.

Girls 8 years and under—1 Maud McClarin, 2 Violet Guthrie.

Girls 8 to 12 years—1 Audrey Spears, 2 Minnie Long, 3 Ettie Guthrie.

Girls 12 to 15 years—1 Kathleen Wilson, 2 Emma Long, 3 Maggie Gillespie.

Young Ladies' Race—1 Miss Jane Ambrose, 2 Miss Maud Hooper.

Young Men's race—Mr. H. P. Kennedy, 2 Mr. A. Wilson.

Married women's race—1 Mrs. J. Guthrie, 2 Mrs. A. Huston.

Married man's race—1 Mr. A. Huston, 2 Mr. D. Spears.

Three legged race—1 Alex. and Adam Thompson, 2 Lorne Brooks and Charles Sisson.

Running high jump—1 George Gillespie, 2 A. Thompson.

A prize for the youngest scholar present was given to Pearl Frost.

The boat left the Point at four o'clock. After a pleasing sail up the river the wharf was reached at 9 o'clock, and all were well pleased with the day's outing. Much of the success of the picnic was due to the untiring efforts of the committee in charge, who did all in their power to make it what it was—a success. The thanks of the school are due to the crew of the "Golden Eye" for their kind and courteous attention to all on board.

PERSONALS.—Mr. H. P. Kennedy and his mother left this morning to attend the Exhibition at Toronto.....Miss Lily Tighe, of Smith, is visiting friends in the neighbourhood.....Miss C. Robertson and Miss L. Bennett are visiting friends in Peterborough. .....Miss L. Kennedy returned last night from Toronto, where she has been visiting friends.

Gents Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKER'S Steam Dye Works, Charlotte street

The Prize Ring and Total Abstinence.

To the Editor of the Examiner:

DEAR SIR,—I am considerably interested in the correspondence that has appeared in your columns in reference to the publication of the reports of the Corbett-Sullivan fight. I am one with both of your correspondents as to the brutality of such encounters. But they are no exception to the text expressed by Shakespeare—"evermore in excess and good in everything." The prize battle in question and the antecedents so far as the contestants were concerned, contain the elements of a most impressive "temperance lecture." The course of training of the two men and the resulting condition each arrived at, show the vast importance—nay the absolute necessity of abstinence from intoxicating liquors. The victory of the man—Corbett—who consistently applied this to his previous life as well as his training, shows the value of such abstinence. He emerged an easy victor from a contest with a giant in stature, who had never before been beaten in the prize ring. Sullivan is naturally a man of twice the physical strength of Corbett, but the result of their encounter shows that he had not the staying powers, which temperate living gives. In the intervals of training he was given to strong drink and the result of his training indicates that a few weeks' abstinence can not undo the physical injury which drinking habits impress permanently upon the constitution. After the battle the two men were again contrasted. Corbett, the total abstainer, and the consequent victor, in celebrating his success, scorned the bumpers of champagne in which his friends were celebrating his triumph and contented himself with a simple glass of milk, while Sullivan, the drinker and consequently the loser, in seeking comfort in defeat, returned to the drinking habits that had been his undoing. Prize fighting is brutal and degrading, but it has this one grand redeeming feature—it insists on total abstinence and conformity to regular living as the conditions of success, and though this does not justify it, yet it should save it from the sweeping condemnation that would prevent the reading of the reports of prize ring events and getting the one great temperance lesson they teach while the evil resulting from snob reading is hypothetical at most, and has never perhaps had half as deplorable results as the administration to converted drunkards of *fermented* wine in the communion. I would infinitely prefer the risk of reading a report of a dozen prize fights to a converted drunkard to the risk of administering one ounce of fermented wine to one recently released from a long servitude to the drink appetite.

Yours truly,
TOTAL ABSTINENCE.

Hall's Bridge.

From Our Own Correspondent.

The steamer "Sunbeam" will leave Buckhorn Saturday, Sept. 17th, at half past seven, calling at Gannon's Narrows at half past eight, and proceed to Fenelon Falls. All are invited. Tickets, round trip, 50 cents.

The memorial service of Mary Debay, aged two years, was preached here Sunday by the Rev. Mr. Boyce. The reverend gentleman took for his text Luke 18: 16, and preached quite acceptably to a large congregation.

The ducks are beginning to fly and quite a number have been taken, as many as seventeen being bagged by a party in one day.

More large fish have been caught at Buckhorn this year than for some time, the largest taken being 23½ lbs. This week another was captured by Mr. Rhoades, of Lockport, weighing 17½ lbs.

South Monaghan.

(From Our Own Correspondent.)

The members of L.O.L., No. 46, Fraserville, will hold their ninth annual excursion to Jubilee Point and Idyl Wild on Tuesday, Sept. 20th. We expect to see a large attendance if the day is fine, as the committee, we are sure, will use their best efforts to make this the finest excursion of the season.

The farmers are all done harvesting through here and are sowing their fall wheat.

We learn that Mr. John Byers is doing a rushing trade in custom made clothing. Mr. H. B. Fee, tailor, understands the business.

Mr. Albert Goodfellow is making quite an improvement in his orchard.

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect and complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

PIANO TUNING.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or at the Peterborough Bookstore.

Pollard's Home Made Bread.

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

Mr. David M. Jordan
of Edmonton, N. Y.

Colorless, Emaciated, Helpless

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla

I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.

HOOD'S PILLS are the best after-dinner Pills, assist digestion, cure headache and biliousness.

ORIFICIAL SURGERY.

DR. BESSEY,

Consulting Surgeon and Specialist of Toronto will be at the Snowden House Peterborough on Saturday Sept. 17th. Radically cures Piles and Rectal Diseases, Bladder and Sexual Troubles, Stomach and Intestinal Disorders Chronic and Nervous Diseases and Diseases of Women. td

R. H. KELLS & Co.
369 GEORGE STREET.

Mount Pleasant.

(From Our Own Correspondent).

The following villagers left this Monday for the great exhibition in Toronto, with more to follow:—Dr. Mark, James McLean, E q., A. P. McLean, D. R. Gardiner, Wilbert Best, R. Biggs, W. Brown and L. Keeler.

Miss Annie Best severely cut her left hand last week. Dr. Mark dressed the wounded member which is progressing favourably.

Miss Laura Best will accompany her uncle and aunt, Mr. and Mrs. Wm. H. Best to their home in Bay Centre, Dakota. They intend going next week. Miss Laura proposes remaining for some time.

Miss Annie Sidney has returned from her visit in Omemee.

Parts of our sidewalks have been repaired and a decided improvement has been made.

Gravelling will be begun soon on the middle road through the swamp.

Last Monday Mr. J. J. McIndoo was in the village.

Miss Laura Best was the recipient of a beautiful gold watch on Monday last. It was presented to her for her liberal and efficient services as organist in the church and Sunday school. Miss Nellie McLean made the presentation and Miss Addie Sutcliffe read the following address:

DEAR MISS BEST,—It is with regret that we have learned of your separation, for a time, from our midst.

We extend to you our earnest wishes for a pleasant trip and a safe return.

As a mark of the esteem in which you are held and of the appreciation of your services as organist in the Presbyterian church and the Mount Pleasant Sunday school, we ask your acceptance of this watch, which, as it marks the fleeting hours of time, we hope the recollections which will associate themselves with it, will be a pleasing satisfaction to you and an encouragement to continue in the good work of the Master. Our parting salutation is that the Lord will graciously bless you.

Signed on behalf of the church and Sunday school.

NELLIE MCLEAN,
ADDIE SUTCLIFFE.

Miss Best was quite overcome by the unexpected present and made a suitable reply, concluding with her sincere thanks for the lovely present.

Dr. Butler's Golden Pills are superseding all other remedies for the cure of nervous and blood diseases. The action is *quick, sure* and *unfailing*, a great blood producer, thus feeding the nerves with the desired vital fer and imparting new strength and health to the whole body.

Wanted.

An experienced Saleslady to sell boots and shoes, at R. J. Kidd's.

BANKRUPT STOCK

All Winter Goods have to be cleared out. Tweeds for Suits will be sold less than cost. Large Stock of Mens' and Boys' Overcoats less than Half Price. Old Stand.

T. DOLAN & CO.

THE WORK OF THE PUBLIC SCHOOLS.

Some time since the EXAMINER dealt with pleasure with the excellent standing taken by the pupils of the Collegiate Institute, at the Departmental Examinations, especially in comparison with other high schools of similar attendance. Now it is a pleasure to to refer to the good standing taken by the pupils of Peterborough public and separate schools at the Entrance Examinations, showing that Peterborough occupies a high place on both planes of educational standing. *Data* for comparison of public school work are not so easily obtainable as in the case of high schools, where the results of departmental examinations all over the province are published *en bloc*, but we have by diligent enquiry obtained a few figures which will place the work accomplished by our public schools in a favourable light. Using the figures we have been able to obtain, from the following educational centres, we find the results in the subjoined table:—

School	No. who wrote.	No. passed.	per centage.
Peterborough	73	49	67
Lindsay	54	26	48
Cobourg	38	24	63
Port Hope	32	26	81
Whitby	38	8	21
London	325	187	57

A slight analysis of this table in the light of modifying circumstances will place the Peterborough public schools in a more favourable position than a first glance shows. The average percentage of pupils passed by the six schools in question is 56; Peterborough's record is therefore 11 per cent. ahead of the average. But in reality, as regards a fair educative test of the several grades, the percentage passed by Peterborough should be 93 per cent. Though the recent entrance class nominally numbered 73 it should have only numbered 43. The remaining 30 candidates, who wrote at the entrance, were only members of the entrance class during the last half of the term; and, of these, about half had come from other schools, their parents having during the term come to town to live, and they were admitted by certificate. This thirty had only half a chance in the entrance class and it is not fair to take their success as an indication of the training capacity of our public schools, for out of the 43 properly prepared, —full-term-candidates—40 or 93 per cent.—passed, while of the remaining 30 half-term or prepared-in outside-schools candidates, only 9—or 30 per cent. passed, the latter circumstance showing the superiority of pupils who had received the advantage of passing through the several grades of our public schools, had over those trained in outside schools. Another point in favour of our public schools is the fact that, all the candidates from the Collegiate Institute who took honours at the departmental examinations were graduates from the Peterborough public schools and four out of five scholarships go to pupils trained in the Peterborough public schools. Two of the scholarships, open to competition by all the schools of the town, awarded to pupils taking the highest marks, at the Entrance Examinations, went to pupils of the Public Schools, with 645 and 561 marks respectively, the next highest marks made by pupils of other schools, 559, being made by a pupil of the Separate School. Lindsay has been held up as an example to us, but at the examinations in question, taking the Peterborough entrance class proper, three more were successful in passing than from the whole of the Lindsay schools—public school, separate school and convent—and the average marks obtained were greater by 32. Thus we see that we have reason to be well satisfied with the work our public schools is doing. To show what excellent work is being done by the popular department of our public schools, it may be pointed out with great satisfaction that the Murray street Separate school sent up eighteen entrance candidates and passed sixteen, a splendid percentage of eighty-eight. Generally reviewing the status and work of all our schools, Peterborough has good reason to be proud of them and their work and to feel satisfied that the people are receiving value for their money in a degree surpassed by no school in this district, and very probably no school in the Province.

Copyright, 1892, by the Author.

"They get tired, very tired. Sometimes they pain after a whole day with the knife. I do not think they are hard, are they?"

She reached over her little hands, palms uppermost. They looked like crumpled rose leaves, pink and soft.

"Are they hard, Terry?" she asked, now lifting her eyes to his with a pretty questioning expression, and Terry had to take the tiny hands in his. He did not look at Zell, so he did not see the startled, half-frightened look that shot over her face when his strong hands closed over hers.

"Don't! don't! Terry, your hands are not hard, but they—they must be made of lightning. Let me go. Once, years ago, a storm passed over us; the lightning struck yonder. Shem was thrown to the ground and all through myself a slightly painful shock ran. Just the same shock went over me when you took my hand, only the pain was less."

Terry dropped the hands and he thought of Zanea's words. "Ere the morrow at eventime Terry Denver will have sown the seed of love in Zell."

"Forgive me, Zell, if I hurt you. I am sorry."

"Do not be sorry, now that you have released my hand I find a pain worse to bear. Take it again."

She lay one hand on Terry's where it rested on the arm of the divan, and thus they sat and talked until Shem brought Terry his light and told him he would have to sleep in the shelter he had builded to the right of the house. This shelter was a wigwam made of brush and small trees woven together. Shem must have worked rapidly to carry and lay in place all the material that was in this rude construction. The contents of the canoe had been brought here, a comfortable bed, and seats. Shem placed the light on a table and turned to Terry.

"Stay with us a month, Terry Denver. Will you promise? But you are not to talk of your world to Zell, or tell her aught."

A moment's hesitation.

"Yes, I will stay then."

"Good, may you rest well." Then Shem passed into the darkness, and Terry went to bed. He lay listening to the stillness that reigned without.

"Would that I had let Mr. Nutsford keep his money. I must be careful. I believe I was glad when Shem asked me to stay with him a month. Will they both be as interesting at the end of that time? Ah, Jack, that diabolical lack of concentration has followed me here to the very core of seclusion. The circle is very perceptibly narrowed though."

He buried his face in his hands, and, worn by the events of the day, he went to sleep. He was wakened in the morning by Shem saying to him:

"We always breakfast early. You have half an hour to dress in."

"All right Shem, I will be ready in less than half an hour. You need not come to show me the way, I will manage nicely."

When he lifted the skin that acted as door to his little house, he found himself in the fresh dawn. The sun had not yet risen, and all the sky was a dim pearl grey. Not a person or animal in sight. A bird here and there twitted its mate for laziness; that was the only sound. He went to the house and stood looking toward Ishmael's cave. Before many minutes had passed long spears of rosy light shot high up the pearly dome of sky, making a halo around Zanea's home.

"Zell can see what Zanea cannot, the majesty of the rising sun."

Now the sun itself peeped over the rocks, and someone called Terry. He turned and in the doorway was Zell. The sun lit the quartz, causing it to look like liquid gold, and lighted Zell's magnificent hair until it shone like burnished copper.

"Every morning I watch the sun rise from behind Zanea's cave."

"Every evening Zanea watches it sink behind Zell's home," said Terry, advancing to Zell.

She stepped from the doorway and held out her hand. "Good morning, Terry."

Terry hesitated, but, alas! is hesitation. He took the proffered hand, Zell's head dropped shyly, and she withdrew hers. Shem brought breakfast, and Zell and Terry ate alone.

"Why does Shem not eat with us!"

"I do not know; he never would. I am served like this all the time. Zanea comes to-day; she will be something for me to look at and think of. I am glad she is coming. Do you like her, Terry?"

[CONTINUED.]

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

IMPORTANT.—Ospilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

Would not be Without It.

Dore's Jelly of Cucumber and Roses for chapped hands and face, making the skin moist and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the results will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

FOR COUGHS & COLDS USE
PERRIN'S COUGH DROPS
BEST ON EARTH

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

A. R. MOSES,
PROPRIETOR,
Opera House Block, opposite the Grand Central Hotel, 342 George Street, Peterborough.

WOULD YOU BUY,
If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fair circumstances.

I have one house, well built, good location, Aylmer street, between Townsend and Rink streets—$2,250. Look it up. Will have two on Dalhousie west now going on.

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT
PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—
HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,
AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

As an insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

A Farmer at Edom, Texas, Says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is —Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country.

THE WINTER DAIRYING MOVEMENT.

Report of the Commissioner on the Dairy Stations at Mount Elgin and Woodstock.

The advance sheets of part of the Annual Report of the Dairy Commissioner give particulars of the winter dairying at Mount Elgin and Woodstock Dominion Dairy Stations up to April 30th, 1892. There was some delay in obtaining the final Account Sales of the shipments of butter which were sent to Great Britain. Some of the butter was held in the warehouse at Liverpool and elsewhere, longer than it should have been held by the consignees if my directions had been followed. In consequence, it came into competition with the grass made butter of England, and failed to realize a price which was quite satisfactory. Besides there were complaints concerning the quality of a few lots of it, from the development of a flavor which seemed to come from the feeding of roots, which had been kept badly during the winter. The report goes on to say:

I had the honor to recommend to the Minister of Agriculture that the patrons of the Mount Elgin Dairy Station be paid for the butter which was manufactured to the end of February at 24 cents per lb., and for the butter manufactured during March and April at 21 cents per lb.; and that the patrons of the Woodstock Dairy Station be paid for the butter which was manufactured to the end of February at 22 cents per lb., and for the butter manufactured during March and April at 21 cents per lb. The difference in the price between the Mount Elgin and Woodstock makes of butter is explained at page 12 of the Report, and was mainly due to the fact that the cream only was collected at Woodstock. At Mount Elgin, where a Centrifugal Cream Separator was used, the cream was under the care of a skilful butter-maker from the time it was separated. It is my opinion that the butter could have been sold to realize these prices for the patrons, had it been sold without any regard to advertising the growing importance and possibility of developing a large trade in winter-made butter with Great Britain in the near future. These prices should be satisfactory to the patrons, as the result of the first experiment in this direction, and I am confident that in coming years, with market prices equal to those which prevailed during the winter of 1891-92, our winter made butter from creameries would command a relatively higher price. The experience of the one season has brought to light a few facts which I take the liberty of emphasizing here for the benefit of those farmers and factorymen who intend to continue or to commence this branch of dairying.

1. An abundant supply of succulent feed should be provided for the cows for fall, winter and spring. Corn ensilage is cheapest and best; corn fodder comes next in point of economy and suitability; carrots, mangels, or sugar beets, with hay, straw and bran or meal, make excellent rations, but they cost too dear for profit. At pages 26 to 44, 78 to 84, and 99 to 100 of my Annual Report, detailed information on the combinations of rations will be found.

2. Where these feeds have not been provided by the patrons, to alter a cheese factory and equip it for winter butter-making would only invite failure and create dissatisfaction.

3. As far as practicable, milking cows should be kept in stables where the temperature is comfortable,—never below 45° and never above 60° Fahr.

4. The milk from a few fresh-calved cows imparts such a quality to the flavor of the whole quantity of butter, which may be made in a creamery from November to March, as will increase its value in the British market by from 1 to 4 cents per pound.

5. To supplement the general directions which are contained in my Annual Report, I will furnish specific information, to those who apply by letter giving the plans of buildings and other particulars, on the details of effecting the alterations in cheese factories, on the most suitable packages in which to put the butter, on the engagement of competent butter-makers, and on the shipment of butter to the British market from those factories whose managers desire to dispose of the product in that way.

6. It will be better policy to delay for one year the altering of a cheese factroy and its equipment for butter-making during the winter, than to begin this new business before the manufacturer and patrons are both quite ready to conduct it with success.—Jas. W. Robertson, Dairy Commissioner.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Gold not so Precious

SIRS.—For several reasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGEN.
Fort Hill, Ont.

dw

The Head Surgeon

Of the Labon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LABON, 24 Macdonell ave., Toronto, Canada.

EXCELLENCE.

RHEUMATISM.—MR. WM. HOWES, 68 Red Lion St., High Holborn, W.C., London, Eng., states he had rheumatism 20 years; suffered intensely from swelling of hands, feet and joints. He used St. Jacobs Oil with marvelous results. Before the second bottle was exhausted the pain left him. He is cured.

NEURALCIA.—MRS. JOHN McLEAN, Barrie Island, Ont., March 4, 1890, says: "I suffered severely with neuralgia for nine years and have been greatly benefited by the use of St. Jacobs Oil."

SCIATICA.—Grenada, Kans., U. S. A., Aug. 8, 1888. "I suffered eight years with sciatica; used five bottles of St. Jacobs Oil and was permanently cured." JACOB L. SMITH.

STRAIN.—MR. M. PRICE, 14 Tabernacle Square, E. C., London, Eng., says: "I strained my wrist and the severe pain yielded like magic to St. Jacobs Oil."

LAMEBACK.—MRS. J. RINGLAND, Kincaid St., Brockville, Ont., writes: "I was confined to bed by severe lumbago. A part of a bottle of St. Jacobs Oil enabled me to go about in a day."

IT HAS NO EQUAL.

TORONTO'S GREAT EXHIBITION.

Seventy Thousand Visitors at the Show Yesterday.

Toronto, Sept. 13.—Yesterday was Citizens' Day and a half holiday. The weather was delightfully fine and the attendance very large. Some thousands of visitors came by boat and train. It is estimated that 70,000 persons passed into the grounds during the day and evening.

The receipts were as follows:

	1892.	1891.	1890.
First day	$ 820	$ 635	$ 743
Second day	1,174	801	1,258
Third day	631	2,810	2,814
Fourth day	4,084	4,990	5,539
Fifth day	4,060	3,834	5,660
Sixth day	15,488	14,329	16,001
Total	$26,317	$27,337	$31,988

These figures show an increase of $171 over the corresponding day last year, and of $1467 over the same day of 1890. Taking the six days together there is an increase in the total receipts of $4509 over last year and $5321 compared with 1890.

Judging the Horses.

Judges: Heavy draught, John Keith, Toronto; J. B. Howden, Whitby; D. McLean, York Mills; Pairs, fours and professional coachmen, C. N. Shanly, T. G. Patteson, R. W. Dean; hunters, J. Mead, R. Pringle, J. Carruthers; children's turnouts, Harton Walker, Andrew Darling.

Judging was proceeded with in the pairs, fours heavy draught and for professional coachmen.

The competition for pair mares or geldings 15 hands and over, entire outfit to be considered, owners to drive, brought out six capital turnouts. Adam Beck's spanking pair of bays got the verdict with G. A. Case's bay mares Lucy and Bell, Toronto, 2, and Dr. Maclean's ch. and br. Tattoo and Reveille third. They were a magnificent lot and the judges, Messrs. T. G. Patterson, C. N. Shanly and R. W. Dean, concluded as above. The other entries were Capt. Pellatt's Prince and Louis, W. G. Crowther's Bella and Charlie and James Crowther's pair bays, a gelding and mare.

The Shetland pony competition went to W. E. Dobson's black, a pretty and well-actioned little stallion. J. Gardhouse's Nettie was second, the only other prize. The other competitors were: W. D. Grand's entry, G. W. Robinson's Annie third, and A. M. Bowman's Topsy.

There was keen competition in the special for heavy-weight draught and agricultural teams for the Holderness prize. Seven prime-looking and ponderous pairs paraded before the judges. Robert Davies' pair of bay mares, Nettie and Barbelle, won, with Breakey Bros.' (Newtonbrook) Prince and Charlie second, and John Hewson & Sons' (Grahamsville) Bloss and Floss third.

A quartet of fours appeared before the judges for the best four-in-hand team 4 years old and over, W. D. Grand's pair of mares and pair of geldings in the lead, all bays, won. The four have perhaps the finest high action for a four ever seen here. Adam Beck's dark bays secured second and Dr. Maclean's quartet of light bays third. W. D. Grand had also a second entry.

The Sheddon Co.'s bay mare Belle and Donna, T. A. Furvis' (Thistleton) bay geldings, James and Robert F. C. Smith's (New Hamburg) S. S.'s Frank and Captain and J. McIntosh's (Toronto) Kate and Prince. The big animals paraded around the ring after the awards were made and fluttering ribbons were fastened to the heads of the victors by Mrs. Holderness amidst applause.

The heavy-weight qualified hunters brought out a good lot of jumpers. That well-known horse Glenora, owned by Dr. Campbell, was adjudged the best of the field with Adam Beck's Laplander second, and W. D. Grand's bay mare third.

The Dog Show.

The Industrial Exhibition Kennel Show opened yesterday in the dog building, which was packed from an early hour, and the influx of visitors was kept up all day.

The Hamilton fanciers were in full force as well as the London contingent, while a goodly turnout from Woodstock and Brantford went to swell the Canadian list. Lovers of the canines were there from all over the States, all delighted with Toronto and her Big Show. Judging will recommence this morning at 10 o'clock sharp.

The judges, who are working in four rings, have been allotted their various tasks as follows:

Ring No. 1—Mastiffs, St. Bernards, bloodhounds, Newfoundlands, Great Danes, deer hounds, bulldogs, Boston terriers Scotch terriers, Dandie Dinmont terriers, Skye terriers, black and tan terriers, Yorkshire terriers, toy terriers, poodles, pugs and the miscellaneous classes. Mr. James Mortimer, New York.

Ring No. 2—Pointers, English, Irish and Gordon setters, collies, foxhounds, beagles, harriers, whippets, Dachshunds and retrievers. Mr. John Davidson, Monroe, Mich.

Ring No. 3—Irish water spaniels, clumbers, cockers, field spaniels, King Charles, Blenheims, Prince Charles, ruby, Japanese spaniels, greyhounds and wolfhounds. Mr. C. H. Mason, New York.

Ring No. 4—Fox terriers, bull terriers, Irish terriers, Bedlington terriers and Italian greyhounds. Mr. C. H. Wheeler, Cincinnati.

The results for the day are as follows:

English foxhounds, open class, dogs—First, London Hunt Club, Finder C.; second, J. Gibbs, Genius; third, J. Gibbs, Bonwell; very highly commended, London Hunt Club, Fowler.

English foxhounds, open class, bitches—First, J. Gibbs, Vexation, February, 1888; second, J. Gibbs, Gaylass; third, London Hunt Club, Ringwell; very highly commended, London Hunt Club, Belle.

American foxhounds, open class, dogs—First, Smith & Clark, Rally; second, J. Gibbs, Berchell; third, Smith & Clark, Ringwood.

American foxhounds, open class, bitches; first prize $7, second prize $3, third prize diploma. First, Smith & Clark, Maud; second, J. A. Spracklin, Gayge; third, Smith & Clark, Fleet.

Harriers, open class, dogs—First, Frank L. Mabee, Racer; second, Frank L. Mabee, Dandy; third, J. Gibbs, Scamp.

Harriers, open class, bitches—First, Frank L. Maybee, Daisy; second, F. Habart, Lott; third, F. L. Maybee, Fly.

Pointers, challenge dogs, 55 lbs. and over—First, Leamington Pointer Kennels, Count Graphic.

Pointers, challenge bitches, 50 lbs. and over—First, T. G. Davey, Revelation; second, Mount Royal Kennels, Devon Neil.

Pointers, open class, dogs, 55 lbs. and over—First, T. G. Davey, Westminster Drake; second, Fred W. Shaw, Molton Banner; third, Leamington Pointer Kennels, Count Grovner; very highly commended, A. J. Davies, Robert Lee Graphic.

Pointers, open class, bitches, 50 lbs and over—First, T. G. Davey, Josie Bracket; second, T. G. Davey, Ightfield Madge.

Pointers, challenge bitches under 50 lbs—First, T. G. Davey, Lady Gay Spanker.

Pointers, open class, dogs under 55 lbs—First, Charles Connell (B. F. Lewis, agent), Rock II; second, H. Marshall Graydon, Donovan; third, Leamington Pointer Kennels, Duke Graphic.

Pointers, open class, bitches under 50 lbs—First, T. G. Davey, Miss Rumor; second, Mt. Royal Kennels, Chaira; third, Mt. Royal Kennels, Frivolity. Very highly commended Leamington Pointer Kennels, Fannie Graphic.

Pointers, novice dogs and bitches—First, W. S. Smith, Brighton Don; second, H. Marshall Graydon, Donovan.

Pointers, special prize—First, Mount Royal Kennels, Chaira; second, Shirley Stewart, Graphic Francis. Very highly commended, Burritt Her, Belle.

Fox terriers, challenge dogs: First prize, $10; second prize, diploma.—First, A. A. Macdonald, Blemton Trump.

Fox terriers, open class, dogs—First, Clarence Rathbone, Beverwyck Punster; second, E. W. Irwin, Ruxton. Very highly commended—Capt. Frank Retting, Eberhart, Pug Kennels, agent, Stormy; Clover Hill Kennels, Tom Tom; P. G. Keys, Rideau Rivet (late Merle (Imy); Aldrisol & Nicol, Catariqui Critic.

Fox terriers, open class, bitches—First Charles T. Hanks (George Thomas, agent), Grouse II; Other winners were: Fox terrier dog pups Stewart's Myfellow; fox terrier bitch pup, Irwin's Bischel; wire-haired fox terries, Weatherall's Tinderbox; bull terriers' challenge bitches, Dole's Starlight; bull terrier bitches, Higginson's Lady Dinah; bull terrier puppies, Howe's Chatham Prince.

Canada's Fox Terrier Club.

A meeting of fox terrier men was held at the Walker House last night. Ald. A. D. Stewart of Hamilton in the chair. H. B. Donovan acted as secretary. It was decided to form the Canadian Fox Terrier Club, and officers were elected as follows:

Patron, William Hendrie, sr., Hamilton; president, A. D. Stewart; vice-president, R. Gibson, Delaware; secretary-treasurer, H. P. Thompson; committee, F. S. Wetherall, Compton, Que.; G. Bell, Toronto; J. W. Morden, Hamilton; James Lindsay, Montreal; F. R. Cosse, Hamilton; S. Munro, London; G. S. Oldrieve, Kingston; J. V. Bennett, Toronto; P. Smyth, Toronto.

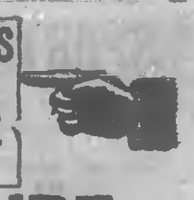
In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poisons left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

No Lady's Toilet is Complete

without a tube of Dyer's Jelly of Cucumber and Roses for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

CARTER'S LITTLE LIVER PILLS.



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But other all sick head

ACHE

is the cause of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

ESCAPED THE GALLOWS.

LUNDY OF BRAMPTON FOUND GUILTY OF MANSLAUGHTER.

In April Last He Shot His Wife, Killing Her Almost Instantly, But the Jury Saved Him from the Gallows—Sentenced to Twenty Years' Imprisonment at Kingston.

BRAMPTON, Ont., Sept. 14.—James B. Lundy was tried at the assizes yesterday for the murder of his wife, Clementina, in April last. While his wife was entertaining visitors at the Lundy residence, the Brampton House, Lundy called his wife to the kitchen and fired three revolver shots at her, all the bullets taking effect and death being almost instantaneous.

The evidence was conclusive of murder, but the jury returned a verdict of manslaughter, and the judge reprimanded them for their leniency. Lundy was sentenced to 20 years in Kingston Penitentiary. Lundy is 45 years of age.

ARCHBISHOP TACHE'S VIEWS.

The System of National School Not Satisfactory.

WINNIPEG, Sept. 14.—In an interview with Archbishop Tache Tuesday, reference was made to a Winnipeg despatch which appeared in Le Canadian, which stated that Sir John Thompson would receive from Archbishop Tasche a letter accepting the situation here. His grace ridiculed the despatch. He had received no communication and sent none. Newspapers were frequently publishing absurd stories. It had even been said in an eastern paper that the visit of his cousin, M. Buere, from Quebec, who was a Protestant, had been made on political business of the church.

Regarding the new system of national schools he would not say that the religious exercise prescribed by the regulations debarred Roman Catholics from using the public schools. But should Roman Catholic children attend public schools he would not sanction their remaining during those exercises, even if they were word for word the same as those used in Ontario. Exercises might possibly be devised which could be used by Roman Catholics and Protestants in common, but he thought it would prove very difficult.

A Jesuit's Opinion.

WINNIPEG, Sept. 14.—Rev. Father Drummond, an eloquent Jesuit, preached in St. Mary's Church here last night before a very large audience, declaring the judgment in the Privy Council in the Manitoba school case to be an extraordinary one and that he did not believe that independent judges of any country but England would have mustered sufficient courage to hand down to posterity such a monument of inconsequence founded on prejudice against the Roman Catholic Church.

BURIAL OF THE METROPOLITAN.

An Imposing Procession Through the Streets of Fredericton.

FREDERICTON, N.B., Sept. 14.—The funeral of the Metropolitan Tuesday was the largest ever seen in the city, people being present from all parts of the province. After service in the Cathedral a procession was formed headed by the band of the Canadian regular infanty, and comprising over 60 Episcopal clergymen, St. George's Society, Society of St. John, clergymen of the Roman Catholic and the Presbyterian Churches and citizens of all classes and creeds. All stores and public buildings were closed. The streets through which the procession passed were lined by infantry. Bishop Courtney of Nova Scotia walked with Bishop Kingdon, successor of the late Bishop Medley.

At a meeting after the funeral steps were taken for the erection of a suitable monument.

A Ridgetown Hotel Burned.

RIDGETOWN, Ont., Sept. 14.—Ridgetown's palace hotel, the Grand Central, William Baby, proprietor, was completely destroyed by fire at an early hour yesterday morning. At one time the town was in imminent danger, but owing to a heavy rain which was falling the sparks and cinders did no damage. The origin of the fire cannot be learned at the moment. J. A. Darts' block, immediately adjoining, was considerably damaged and was saved only by the heroic efforts of the fire department. Loss about $18,000; insurance $10,000. All the inmates of the hotel escaped safely.

The Shooting of Broderick.

BUFFALO, Sept. 14.—The coroner's jury in the case of Michael Broderick, who was shot by soldiers on Aug. 25 during the switchmen's strike, yesterday returned this verdict: "We find that Michael Broderick came to his death from two gunshot wounds in the abdomen, inflicted by some soldier or soldiers of the 22nd Regiment, National Guards, of New York city, said soldier or soldiers being unknown to this jury, and from all the evidence adduced after a careful investigation this jury further finds that the shooting of the said Michael Broderick was unjustifiable, and we further recommend that all honorable means be employed to bring the guilty person or persons to justice."

For a disordered Liver Try BRODUM'S PILLS.

A SCHOOL GIRL'S ACT.

She Attempts to Committ Suicide at the Falls.

NIAGARA FALLS, N.Y., Sept. 14.—A strange case of attempted suicide occurred here last night and was prevented by a police officer on the State Reservation.

Ethel Lynmann, agen 15 years, a bright school girl living here, had, as she stated, some teouble with her mother at noon and resolved upon throwing herself over the falls. She wandered over the Goat Island bridge and from there to Luna Island, where she remained until after dark. Officer Burch found the girl sitting on a rock which projected into the rapids, not 30 feet from the brink of the American Falls. As the officer approached the girl saw him and jumped into the water. It was not deep, but rushed at terrific speed, nearly carrying her off her feet. The officer made a grab for her and caught her arm as she was making a plunge headlong into the deep water, and dragged her to the shore, narrowly missing death himself. She was made an unwilling prisoner and taken to the station house. Since then Ethel has coolly admitted her determination to kill herself in this manner.

Telegraphic Briefs.

Rear-Admiral John Cumming Howell of the United States Navy died at Folkestone, Eng.

The will of the late George William Curtis bequeaths $60,000, the value of the estate, to the widow.

Part of the accommodation train on the Champagne and Havana division of the Illinois Central Railroad was thrown from the track near Lincoln, Ill., last night. Twelve persons were severely injured. Several may die.

Mrs. Margaret Sheehan and her 7-year-old daughter were burned to death at midnight at Stockton, Cal. It is supposed the woman dropped a lighted kerosene lamp, which set her clothing on fire.

A serious rise has begun in the Nile. All the European and native engineers employed in the irrigation department have been recalled from their furloughs, and the Khedive has telegraphed to the provincial mudirrs to prepare for the emergency.

Martin Burke, the convicted Cronin murderer, is said to be slowly dying of consumption in the penitentiary at Elgin, Ill., and it is said he cannot live much longer. Burke says the prison officials have overworked him, but this is denied.

The woods are full of fire from Wind River to Bear Prairie, Washington. This comprises the finest timber in the section. The loss will amount to several million dollars. Many people in the woods five miles back of Bear Prairie are in great danger.

The run on the Birkbeck Bank was due to the reports touching the correctness of the last balance sheet. The solicitors of the bank have enquired at the Union Bank and found that the amounts set forth are correct. They have also seen certificates from the Bank of England to the effect that amounts registered in their books foot over £2,000,000.

Pipe Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

DREADFUL PSORIASIS

Covering Entire Body with White Scales. Suffering Fearful. Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The white scabs fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT, one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I cannot express with a pen what I suffered before using the REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight.
MRS. ROSA KELLY, Rockwell City, Iowa.

Cuticura Resolvent

The new Blood Purifier, internally (to cleanse the blood of all impurities and poisonous elements), and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally (to clear the skin and scalp and restore the hair), have cured thousands of cases where the shedding of scales measured a quart daily, the skin cracked, bleeding, burning, and itching almost beyond endurance, hair lifeless or all gone, suffering horrible. What other remedies have made such cures?

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50 Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous straightforward dealing, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always gives rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

MANTLES

—AT—

TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

PLAGUE IN NEW YORK

FIVE DEATHS IN THE CITY STARTLE THE PEOPLE.

Two Cases on the West Side and Three on the East — The Medical Report Shows That the Bacteria of Asiatic Cholera Was Present in All Cases—Particulars of Each Case.

NEW YORK, Sept. 15.—The Board of Health announced yesterday that from a bacteriological examination made by Prof. Herman Biggs on the bodies of several suspected cholera patients there have been five deaths from Asiatic cholera in the City of New York.

William Wigman was 52 years old and his wife 63 years. He had been sick for eight days and his wife had been ill for about the same length of time. The physicians who were attending them reported to the Board of Health that they believed the deaths were due to cholera. By order of the Board the bodies were removed to the reception hospitals at the foot of East 16th-street, where they were examined by Prof. Biggs.

Charlotta Beck, who lived at 1764 2nd-avenue was found sick in her apartments yesterday morning. She was attended by Dr. Vandergaltz, who also reported to the board that in his opinion hers was a case of cholera. She, too, was removed to the reception hospital after her death, which occurred the same day.

Charles McAvoy was 35 years old and a plasterer's assistant. He died at 879 Tenth-avenue.

Minnie Levinger was 1 year and 8 months old. She died at 411 E. 46th-street, where her parents lived.

The physicians of the Health Department have been unable to find out how the cholera was contracted in each of these cases. So far as they have been able to learn none of dead persons came in contact with the cholera germs. Every precaution has been taken to prevent the spread of cholera in these different houses. The bedding of each of these patients has been burned and the houses have been placed under observation.

The Medical Report.

The following was received Sept. 15:

Carnegie Labratory, 338 east 24th-street.

Charles G. Wilson, President of the Board of Health:

Sir,—We would respectfully report that very careful biological examinations of the intestinal contents from the body of Charles McAvoy, who died Sept. 6, have been completed. The autopsy showed the anatomical lesion of sporadic cholera, but the biological examination proves that the spirillum of Asiatic cholera was present in the intestines. We therefore declare the case one of Asiatic cholera. Respectfully submitted,

HERMAN BIGGS,
EDWARD K. DUNHAM

Alarm in the Stock Exchange.

The news that five deaths had occurred in this city from cholera became known on the Stock Exchange during the last hour of business. It resulted at once in a stampede by the traders, and prices fell 1 to 1 1-2 per cent., the trading being very heavy. The selling scare was generally looked upon as unreasonable, and it was thought after the exchange closed that traders would be anxious to get their stocks back to-morrow.

Prompt Measures Taken.

The Board of Health has taken prompt measures to prevent a spread of the infection. The houses in which the fatal cases occurred are all tenements, and the fact that no other sickness has broken out convinces the physicians that they may be able to hold the plague in check. From the appearance of the first case, McAvoy's, the board took the same measures as they would had the case been immediately recognized.

The doctors will examine the tenants every day and night and keep a sharp watch for cases of sickness. They will also disinfect and fumigate the premises daily and take all measures necessary to prevent infection.

Health Commissioner Bryant said that while cholera existed in this city it did not originate here. How the dead persons contracted the plague is not known as yet, but no pains would be spared in the endeavor to trace it to its source. One thing is certain, Dr. Bryant added, that it came from some outside source, whether through quarantine or some other direction is yet a mystery.

JENKINS ASTONISHED.

He Cannot Understand How Cholera Got Into New York.

QUARANTINE, Sept. 15.—The greatest excitement in the station down here last night was the report of the five cases of cholera which had taken place in New York. Intense surprise was expressed at the news by the officials and Dr. Jenkins expressed himself as confident that it had not passed quarantine. He said all baggage was thoroughly disinfected, not only since the cholera had become epidemic in European ports, but ever since the typhus fever appeared, in fact, ever since he had been health officer of the port. He said the best authorities in the world stated that a stringent and complete quarantine could not prevent 70 per cent. of the possibilities of cholera entering a place. The other 30 per cent. of possibilities of cholera invading a port were open to other means over which quarantine had no control. He said it was quite possible for a person visiting a cholera patient or hospital to transmit the germ from a first to a third party without feeling any of the effects himself. He had had no official notification of there being cholera in the city, and he had received no notification on the subject from the Board of Health.

Regarding the length of time that it was necessary to keep people in quarantine for fear of developments, Dr. Jenkins said that opinions differed from 5 to 24 days. The health authorities here thought the first mentioned number of days was sufficient to develop. Pettenkofer, the great German authority, did not believe in the efficiency of quarantining at all. He said that with reference to the cases reported in New York the only one he knew anything about was that of Charles McIver and as far as he had learned the man in question had not been anywhere in contact with cholera and it was over a year since he came out to this country.

He saw no reason why the cholera should not be effectually stamped out in New York, if they are as successful in dealing with it in the city as the health officers have been in the port.

Dr. Jenkins in reply to a question said he did not think that the Board of Health physicians had made any mistake in their diagnosis of the disease, for they would not make any report until after making a bacteriological examination. The fact of cholera having succeeded in preventing itself in the city would not, the doctor said, interfere with the restrictions now prevailing at quarantine.

Quarantine Against Three States.

MONTREAL, Sept. 15.—When the news of the outbreak of cholera was received here yesterday by health authorities a conference of the members of the Central Board of Health was held and it was decided to send a message to the New York health officials asking for positive information regarding the extent of the outbreak. On receipt of the information if the Board believes it is justified it will at once declare a quarantine against the states of New York, New Jersey and Pennsylvania.

Dr. Pelletier, the secretary of the Board, declared this evening that the Board will take all means to protect Canada against the scourge.

No New Cases in Paris.

PARIS, Sept., 15.—The figures telegraphed last night giving 45 new cases of cholera and 26 deaths were returns for Paris and its suburbs for Monday, not Tuesday. Up to 10 o'clock last night there were no new cases reported in Paris, but there were 10 deaths among persons previously stricken with the disease.

UNDERTAKERS' CONVENTION.

The Annual Meeting of the Association at Toronto.

TORONTO, Sept. 15.—The convention of the Undertakers of Ontario was opened yesterday morning in Richmond Hall by prayer offered by Rev. Dr. Thomas of Jarvis-street Baptist Church.

Ald. Saunders, representing the City Council, welcomed the visiting delegates to the city.

Rev. Mr. Gibson of St. Catharines gave an able address reminding the assembled undertakers of the great progress made by the profession during the last few years.

President Daniel Ballegbem of Peterboro in his opening address outlined the progress of the association. He expressed regret that the Ontario Legislature had refused to incorporate the Ontario School of Embalming, but said the association would not give up trying to obtain the incorporation. He urged the members to use their influence to abolish the custom of removing the hat at the grave in inclement weather. He hoped the clergy would co-operate with the undertakers in securing this desirable change.

Secretary W. H. Hoyle of Cannington presented his report, showing that the members numbered 437, of whom only 307 were in good standing. He touched upon the contentions between the association and the Toronto Burial Reform Association, and noted reflections in the organ of the latter upon the work of the Undertakers' Association. Representatives of the rival association had been invited to attend the convention and explain their views, but no notice was taken of it.

The following officers were elected:

President—A. Millard.

Vice-Presidents—James Mutr, John Nott, Levi Morris, John Gillett, Joel Smith.

Secretary—W. H. Hoyle.

Treasurer—J. B. McIntyre.

In the evening Dr. Ferguson gave a good lecture on the art of embalming.

THE PURCELL WILL CASE.

The Court Decides the First Will To Be the Valid One.

TORONTO, Sept. 14.—The following was delivered by Mr. Justice Robertson as his finding in the Purcell will case yesterday:

Judgment declaring (1) that the will of May 14, 1890, and the codicil of March 16, 1891, are together the last will of Patrick Purcell and should as such be admitted to probate; (2) that the effect of the execution by the testator was to revive the will of May, 1890, the date of the said will being May 14, 1890; (3) that the bequests contained in the 43rd, 44th and 46th clauses of the said will, in so far as the bequests are made payable out of lands and mortgages, are void, except the bequest to the Superioress of the Convent of the Sisters of Charity of the House of Providence, Kingston; (4) that in all other respects the devises and bequests in the will are good and valid; (5) that the executors who are entitled to probate of said will and codicil are: Alexander Leclair, North Lancaster, merchant; Angus D. McDonald, Fairfield, merchant; and John Bergin, Cornwall, barrister-at-law.

Costs of all parties out of the estate.

Clause 43 gives certain moneys to the Superioresses of the convents of Glengarry County to be expended in the education, support and clothing of poor children, and the support and clothing of indigent men and women of said county.

Clause 44 gives certain moneys to the Superioresses of the convents of Cornwall and the County of Stormont for the same purposes.

Clause 46 gives certain moneys to the Superioresses of the convents in the Archdiocese of Kingston for similar purposes.

The result of the above decision is that the first will made by Mr. Purcell was revived by a codicil thereto made after he had executed a second will. The widow wanted to have the second will declared the valid one, but failed.

A PROMISING LIFE ENDED.

Young Herbert Maughan Accidentally Shoots Himself.

TORONTO, Sept. 15.—Herbert J. Maughan, 98 Wellington-place, lost his life yesterday morning by what appears to have been a most deplorable accident.

Mr. Maughan has been the agent of the Phœnix Fire Insurance Company for some years, occupying an office in Wellington-street east. At 9 o'clock yesterday morning he entered his place of business and after looking through his letters left the office, saying that he would be back in a few minutes. This is the last time he was seen alive by his friends there. Passing his father's office, a few doors west of this, he called out that he would be around to walk over to lunch with the old gentleman and then proceeded to his home in Wellington-place, where he entered the shed, with the purpose of overhauling his shooting apparatus and loading some cartridges. His mother was startled a few minutes later by a loud report and the smell of powder proceeding from the shed in question. She rushed to it and entering, fell prostrate to the ground, over the body of her son, whose life blood was gushing from a jagged wound in his right temple. Almost fainting with fright Mrs. Maughan assisted him to his room. It required all his remaining strength to reach his bed, and before Drs. Spragge and Davison, who were hastily summoned, could arrive the unfortunate young man had breathed his last.

Talmage Sails For Home.

LIVERPOOL, Sept. 15.—Rev. Dr. Talmage and Mr. Louis Klopsch, who visited Russia to distribute the cargo of The Christian Herald, relief steamship Leo in the famine provinces, sailed for New York yesterday with their families on the steamer City of Paris.

Confessed His Dishonesty.

COPENHAGEN, Sept. 15.—H. Rider, the ex-American consul here, who is under arrest for frauds, has confessed to further fraud in withholding the payment of a legacy. He has also confessed that he stole books from the Athenæum Reading Club.

THE CORNWALL SHOOTING.

Slayton, Alias McMahon, Held for the Murder of Davey.

CORNWALL, Ont., Sept. 15.—The inquest on the body of the late J. R. Davey was held at the court house yesterday. It was crowded with spectators, all anxious to see the prisoner, James Slavin alias MacMahon. He is a man about 23 years old and very respectable looking, being known by most of the people of the town.

The first witness was Louis Lafevre, one of the victims of the shooting affray, who appeared with a wounded arm hanging in a sling. His evidence was given in a straightforward manner and had great weight with the jury. Several other witnesses were sworn and testified to the shooting of Davey.

The jury retired at 7 p.m., and were only out about 15 minutes when they returned with a verdict of "Guilty of wilful murder." The prisoner was very composed when the verdict was brought in. He was represented by James Leitch, Q.C. His trial will take place on Oct. 11 next.

SEEING A MURDER KILLED HER.

A Buffalo Girl Who Saw the Broderick Shooting Died.

BUFFALO, Sept. 15.—Lizzie Murray, 16 years of age, died at her home, 11 South-street yesterday, as a result of the Broderick shooting. She was an eye witness of the tragedy and it made a profound impression upon her young mind. She saw the solidiers chasing Broderick, heard the shooting and saw him fall, shot to death. Then she fainted. When she arrived she was hysterical.

The terrible picture remained with her sleeping and walking. Starting from her troubled sleep with white face and staring eyes, and terror depicted on every feature, she would cry: "The soldiers are after us! The soldiers are after us!" Finally she took to her bed and rapidly failed. The shock had affected her heart and the vivid mental pictures of the shooting, the repitition in her mind of the terrifying scene, slowly sapped her strength. It was impossible to quiet her or dim the memory of what she had seen, until death came to her relief.

ARCHBISHOP CORRIGAN ACCEPTS.

He Will Open the New York State Building at the World's Fair.

ALBANY, Sept. 15.—Archbishop Corrigan of New York city has accepted the invitation of Chauncey M. Depew as president of the State Board of the World's Fair managers, to make an address on the occasion of the dedication of the New York State Building at Chicago on Oct. 22.

Commissioner John Boyd Thatcher said to-day that the fact that the New World was discovered under the auspices of the Catholic Church and that it was the influence of a distinguished prelate which secured for Columbus the countenance of the Spanish authorities and the further interesting fact that the identical land of the New World on which Columbus first set foot is now under Bishop Corrigan's ecclesiastical jurisdiction renders his presence on this occasion peculiarly appropriate.

THE U.S. AND VENEZEULA.

The Naval Expedition Has Nothing To Do With the Boundary Question.

WASHINGTON, Sept. 15.—The State Department is still without any information concerning the state of affairs in Venezula. Secretary of State Foster stated to-day that the despatch of naval vessels to Venezula was not in any way influenced by the boundary question between Venezula and Great Britain, nor was it known at the State Department that the question had recently assumed any new phase. He stated that the presence of our naval vessels in those waters is not intended as a menace to any nation.

Maine Still Republican.

LEWISTON, Me., Sept. 15—The Lewiston Journal returns from 439 Maine towns, nearly the whole State, gives Cleaves [Republican] 65,804; Johnson [Democrat] 54,116; Hussey [Prohibitionist] 3180; Bateman [Peoples] 2922. The Republican plurality 12,688. The remaining towns will not materially alter this result. So far as heard from the Republicans have elected 111 representatives and the Democrats 34, with 6 districts to hear from. The last house consisted of 110 Republicans and 41 Democrats. The Republican plurality in the last two elections exceeded 18 000.

Mr. Wiman's Guests.

NEW YORK, Sept. 15.—Among the passengers arriving on the steamer Majestic day from Liverpool were Sir John Whittaker Ellis and Lady Ellis who are known to many Canadians as having entertained delegates to the meeting of Associated Chambers of Commerce at their beautiful country seat at Richmond-on-Thames. Sir John Ellis is an ex-Lord Mayor of London and a man of great prominence and wealth. He and Lady Ellis visit New York as guests of Erastus Wiman.

Chinese to Resist the Geary Bill.

SAN FRANCISCO, Sept. 15.—The Consolidated Benevolent Association of the Six Companies, better known as "The Six Companies," which comprises all the wealthy Chinese merchants of the country, together with the Chinese consul, are officers and regulates the affairs of the Chinese in this country, has issued a proclamation from headquarters in this city forbidding Chinese in the United States to comply with the Geary bill, requiring them to register and have themselves indentified by two white witnesses and be photographed before April, 1893.

A CENTENNARY CELEBRATION

Of the Sitting of the First Parliament of Upper Canada.

TORONTO, Sept. 15.—The commemorative exercises on Saturday next in connection with the celebration of the one hundredth anniversary of the opening of the first Parliament of Upper Canada promise to be of a very interesting character. Addresses will be delivered by members of the Government, Mr. Meredith, Mr. E. F. Clarke, Speaker Ballantyne, Dr. Scadding and a representative of the Mother Country chosen from the delegates of the Pan-Presbyterian Council.

Music will be furnished by the bands of "C" Company, the Royal Grenadiers and the Army and Navy Veterans.

Fifteen hundred children from the Public Schools will sing "The Maple Leaf," "Hail to the Land," "Rule Britannia," and "God Save the Queen."

The exercises will take place in front of the new Parliament buildings in the Park. The Hon. Mr. Fraser has kindly decided to have the new buildings open for inspection by the public on Saturday.

"C" Company will form the guard of for honor Lieut.-Governor Kirkpatrick.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrhal affections.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of sense of smell, foul breath, hawking, and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Its wonderful in time, unfailing cure in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

PULFORD & CO., Brockville, Ont.

CURES COLD IN HEAD AND CATARRH

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

THURSDAY, SEPTEMBER 15 1892.

More Annexation.

Col. Denison and his Jingo friends will surely go into hysterics when they learn that members of the Dominion Cabinet have been giving their daughters in marriage to unspeakable Yankees. It is not long since one of Hon. Mackenzie Bowell's daughters wedded a gentleman from Cleveland, and now the announcement is made of the marriage of Miss Patterson, daughter of the secretary of state, to a Chicago journalist, possibly a supporter of President Harrison's retaliation policy. But while Colonel Denison may kick at this piece-meal annexation of Canadians, the general taxpayers of Canada ought to rejoice to know that there are some more-in-law of Cabinet ministers for whom obscure offices need not be found.

The Emasculated Caron Charges.

In a few days the commissioners appointed by Sir Adolphe Caron to investigate the charges preferred against him by Hon. Mackenzie Bowell in parliament will meet in Quebec for the purpose of hearing evidence, but Mr. Bowell has gone to the Pacific coast and shows no disposition to press his charges, so far as the original accusations preferred against Sir Adolphe by Mr. Edgar are concerned they have been fully established by the letters and other documents published by the *Globe*, so that all the commissioners have to do with respect to these charges is examine the fac similes, and call Sir Adolphe and Mr. McGreevy for the purpose of proving the genuineness of the documents.

Howey's Gold Medal Dairy Exhibit.

Mr. Hugh Howey of Newburgh, Ont., at the Toronto Industrial was awarded two first prizes on factory cheese against over 75 exhibitors, and, of course, the gold medal follows. These prizes are for white and colored cheese, and, what is greatly to Mr. Howey's credit, this is the first time in the history of the association that such double honors have been won by an exhibitor. Mr. Howey, who is maker for E. J. Madden, previously won a similar award at the Provincial and has been a successful competitor before, so this is not a mere accident. He is evidently a skillful and careful manufacturer.

The Best Canadians.

Speaking of the Canadians who are arriving in that city in search of employment, the Buffalo *Times* says:—"They are not the raging and bobtail of our neighbours, but well dressed, well educated and thrifty looking young men, who come to live with Uncle Sam and work on his farms and in his stores and offices and factories." These young men succeed as a rule in the United States, but they would rather remain in their own country. They are forced to seek homes in a foreign land owing to the wretched policy of trade restriction which excludes Canadian products from the Dominion's natural and most profitable market.

Foster's Financial Fibs.

Has the Minister of Finance, asks the Ottawa *Free Press*, decided to place truth at open defiance when making speeches? He declared at Petrolea that the net public debt of the Dominion decreased by a million dollars in 1892, whereas the returns issued by his own department show that it increased by over three million dollars. Sir John Thompson who is president of a Truth society, should endeavor to convert his abandoned colleague. Perhaps Mr. Foster will plead that he made his Petrolea speech "in a moment of weakness."

In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poisons left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

Baby on This.

GENTLEMEN,—We have six children, and have relied on Dr. Fowler's Extract of Wild Strawberry for the past twelve years in all cases of diarrhœa and summer complaints, and it never fails to cure.

MRS. ANNA ALLEN,
dw Harley, Ont.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER,
w Point Hill, Ont.

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give bottles out for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether wholesale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

GOUGH BROTHERS,

THE WONDERFUL CHEAP MEN, PETERBOROUGH and LINDSAY.

ASSOCIATED STORES—BELLEVILLE, TORONTO, BRANTFORD, ORILLIA, KINGSTON.

P.S.—Don't forget the Good Baby Show Competition. $25.00 Given by GOUGH BROS. to the Finest Baby under One Year at the Peterborough Central Exhibition.

Office Men!

Sedentary Occupations.

A small army of office men in Canada are continually complaining of headache, nervousness, dyspepsia and indigestion. These are the leading ailments of our times with office men.

Sedentary habits and occupations contribute largely to serious diseases. Many an office man has shortened his life by a too close application to duties, and a neglect of outdoor exercise. It matters not how strong the constitution, or how rugged the man's frame may be, such sedentary occupations will soon pull him down from his position of strength.

For such broken-down men, Paine's Celery Compound is earnestly recommended. This important remedy is a strengthener and lifegiver of extraordinary value. It is safe, powerful and effective in every case, and will quickly build up the shattered constitution.

If you are one of the weak and used-up office men, dear reader, we urge you to give Paine's Celery Compound a fair and honest trial. One week after using the Compound you will begin to feel that you must continue the good work.

Religious Prostrations.

Newspapers published in Lanark and Leeds counties complain of the "prostrations" caused by the preaching of Rev. Mr. Horner, a travelling evangelist. They say persons become unnerved and hysterical under the pressure of the religious excitement produced, and one instance is given in which a young student for the ministry has been left mentally unbalanced as the result of "prostration." If this sort of thing continues it may become necessary for the government to appoint a Dellorenzing commission, as well as a Dehorning commission.—*Free Press.*

The Tories and Mr. Blake.

What surprises us is the fact, that while the Ontario Conservatives oppose Mr. Blake's mission to Ireland with all their might, their confreres down here applaud his action. On the very eve of his departure for England, a banquet was given to Mr. Blake at the Union club of this city. At that reunion there were many prominent men on both sides of politics, including two or three members of Mr. de Boucherville's government and five or six parliamentarians of decided Conservative principles.—*Quebec Chronicle.*

Pipe Smokers

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

All cases of weak or lame back, headache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable.

THE STANDARD LIFE ASSURANCE CO'Y

ESTABLISHED 1825.

Assurance in force,	$107,011,936	Bonus Distributions,	$37,000,000
Assets,	37,416,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,889,271	Assurance in force in Canada	18,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous, straight-forward dealing, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract, instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always gives rise to dissatisfaction and disputes. The STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

WORKS: PT. SUNLIGHT NEAR BIRKENHEAD LEVER BROS., LIMITED TORONTO

HE WILL "DO" THE FALLS

TORONTO PRODUCES A CANADIAN BLONDIN.

A Successor of the Late "Hero of Niagara" on the High Wire—After Two Months Practice in a Back Garden Clifford Calverley Gives a Wonderful Performance.

Canada has produced many celebrities, and not a few athletic champions and stars. She will long have cause to be proud of the names of Hanlan and O'Connor, whose aquatic powers is known the wide world over. The champion bicycle trickster of the world, young Hurst, of Toronto, has made for himself such a name and at the same time such a pile of money in the old country, that he appears determined to stay there; and the late J. S. Dixon, the Toronto photographer, will long be remembered for his daring on the high rope suspended over Niagara Falls. High wire artists are a class of big business men who during the past few years have gradually become "beautifully less," perhaps because of the extraordinary nerve which is required of men who risk their lives in the execution of performances of this kind. The sight-seeing public are characteristic for their love of the sensational, and the more danger there is attending an exhibition the more the public will throng to see it.

Toronto has just furnished an artist who will gratify these desires to the full. The late J. S. Dixon's successor has made his appearance in the person of Mr. Clifford Calverley, who may rightfully claim the title of "The Canadian Blondin."

Clifford Calverley was born at Clarksburg, Ont., and is 22 years of age; stands five feet 10 inches in height; has a clean shaven, intelligent looking face, and a profusion of "bangs" overhanging his forehead of which any lady might well be envious. He is an unassuming young fellow, the perfection of politeness, but five minutes' chat with him is all that is necessary to learn that Calverley is possessed of no end of pluck and determination.

One day soon after Dixon had "walked the Falls" Calverley told a friend that he believed he had nerve enough to accomplish a similar performance, adding: "Some day when I can afford it I'll get a cable and practice high wire walking." At that time young Calverley, who came to Toronto five years ago, was employed at the Ontario Galvanized Iron Works, and if any dangerous job was to be done Calverley was the boy to do it. A few months ago he went to board at 23 Pembrooke street, and in the back garden attached thereto he affixed a rope about 8 feet high and commenced his tight-rope walking.

His first attempt was a failure. He took three steps and fell. Nothing daunted he tried again, and this time crossed the rope. "I can do it," exclaimed the young enthusiast, "and I'll walk the Falls before I'm two years older." He purchased a secondhand wire cable, and in less than a fortnight he was capable of doing almost anything he liked on the wire, walking as fearlessly and well blindfolded as otherwise.

But his ambition aspired higher than eight feet; he raised his wire to fifteen, and found that height made no difference to him, and then the cable was fixed over the Rosedale ravine at an elevation of 40 feet, and upon this young Calverley underwent 10 days' practice and then engaged himself to the Toronto Ferry Company, to walk at Hanlan's Point, his cable being erected at an height of 80 feet. Upon this cable he has performed some most marvellous feats.

As a rapid walker Calverley has never had his equal, and instead of letting his feet slide along the rope as is the fashion with most "walkers," Calverley steps out as though he thoroughly meant business, and to the tune of "The Maple Leaf Forever" executes quite an interesting little dance as he trips merrily over the three-quarter inch wire. He steps backward and forward over his balancing pole with as much precision as though he were stepping over a street car rail; he hangs by his toes, and kneels and lies on the rope in a manner which, though it may make the audience hold their breath, shows that the performer is proof against fear and trembling; he divests himself of half a dozen suits of clothing with as much unconcern as though he were preparing to go to bed; and he walks with baskets on his feet, and hoops over his legs, just as well as he walks without them.

In addition to this, Calverley does what even the Great Blondin never accomplished—he turns round on the wire carrying the pole round with him; and then, to beat all, he carries a man across the cable on his back, and does it as well in the dark as by daylight.

The man whom he carries is over six feet high, but he is used to great heights, being an English pyramid jumper, who recently jumped 150 feet at Montreal. As the pair cross the wire they continually talk to each other with such remarks as "Steady, Bill;" "All right, good boy, Cliff," and during the journey Mr. Ross, "the jockey," is said to immensely enjoy his ride. Calverley says he is ambitious to do three things—cross the Falls at an early date, exhibit his skill at the World's Fair, and then show the English people what he can do between the Blondin towers at the Crystal Palace.

It Was No Go.

In a hall in Glasgow a few weeks ago there was a lecture on "Marriage and After." The lecturer said that men should kiss their wives as they did when they were a year or two married.

When the lecture was over an old man went home, put his arms around his wife's neck and kissed her. Meeting the lecturer next day he said:

"Its no go."

"What isn't?" said the lecturer.

"Weel," said the man, "when I kissed my wife she said, 'What's gone wrang wi' ye, ye auld fool ye?'"

Hood's Sarsaparilla absolutely cures all diseases caused by impure blood and it builds up the whole system.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and scorbutic eruptions—produces baldness. Bear in mind that Anti-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

AYER'S Sarsaparilla
Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because Cures Catarrh the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It Cures SCROFULA makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.

AYER'S Sarsaparilla
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; Price $1; six bottles, $5.
Cures others, will cure you

J. J. SHEEHY
IS PREPARING FOR FALL BUSINESS.

The reading public of the town and county of Peterborough must have noticed from time to time our advertisement in this paper. We do not wish to trouble the public too frequently with astounding advertisements; telling them that at our store, and our store only, is the place to deal. Come to think of it, we never advertise in that style at all. We have always tried to stick to ONE GRAND PRINCIPLE, viz.: TO ADVERTISE EXACTLY WHAT WE INTENDED DOING, AND TO DO EXACTLY WHAT WE ADVERTISED. Having just returned from the wholesale markets, where a purchase of $3,271.56 was effected for CASH, will simply mention here a few of the various classes of goods bought, and leave the purchasing public to judge if we have or have not kept faith with our announcement.

HERE ARE THE PRINCIPAL LINES:

1 Lot of Ladies' Mantles in the latest styles, amounting to $575.00. Of the dozens and dozens of them there are not two alike. No use in quoting prices; not two are the same price. Just come and examine them.

Dress Goods, $875.60. Space does not not permit us saying what we would like to about these goods. Suffice it to say this much: We will give you 12 yards of all-wool Serge, in choice of shades, Trimmings and all for $2.15.

Mantle Cloths, $508 40. The balance of our purchase was made up in many lines of Staple and Fancy Goods. Perhaps you'll smile when we say that we have a Large Table in the Centre of the Floor covered with Lovely Dress and Mantle Buttons, worth 25c, 40 and 50c. per dozen. Come in and help yourself to any of them AT THREE AND ONE-HALF CENTS PER DOZEN.

We have always claimed to keep on hand the most reliable stock Gloves and Hosiery to be had in town. We will just add once more that should any of our Celebrated French Kids burst on first trying on we will replace them with pleasure.

YOURS FAITHFULLY,
J. J. SHEEHY.

TO BE REGRETTED

Store Improvements Delayed!

IT is with a great deal of reluctance that I have to state to my customers and the general public that the alterations and improvements which had been promised to be made in my store have, at the last moment, fallen through. My landlords, the Executors of the Burnham Estate, are unable to undertake any building expenditures at the present time, and although I have done all in my power to induce them to proceed, I have been unsuccessful. Having, in the meantime, rented another new store, to allow the alterations to go on in the old one, I have been obliged to give it up, and, instead of removing, will continue on in our own well-known premises, corner George and Simcoe streets.

My Fall Stock is now constantly arriving, and we are now busily engaged in opening up cases and bales of

NEW FALL GOODS!

Our importations for this year are unexcelled for variety and good value, and we hope to wait on all our old customers and many new ones during the season in the old and well-known stand, corner George and Simcoe Streets.

Tickets good 20 days from sale of tickets. Full particulars from any R. R. agent and J. A. Richardson, Canadian Passenger Agent, N.E. corner King and Yonge streets, Toronto.

A Family Reunion.

Mr. and Mrs. E. Barrow Burt were in town for a short time yesterday visiting his sisters, Mrs. Gerrans and Miss Burt, Ashburnham, the death of their mother, Mrs. G. E. Burt, of London, Eng., having induced the family resident in Canada to meet together after a long separation. A short home service was held by the Rev. A. F. Burt, Rector of Durham, and youngest son, as a tender memorial to a much prized mother whose love for her children was beyond the usual capacity of mother-love.

One by one the heavy laden
Sink beneath the noon-tide sun,
And the aged pilgrim welcomes
Evening shadows as they come;
One by one with sins forgiven
May we stand upon the shore,
Till her gentle, tender spirit
Takes our hand and leads us o'er.

—Com.

A Great Baseball Match.

A great baseball encounter took place on Riverside park yesterday between the lathers—that is the lads who put on laths—not other—and the barbenders. The plasterers' predecessors were victorious over the purveyors of potations by a score of 11 to 10. The lathers' nine was composed of Archie Moore, captain, W. Evans, Geo. Evans, Mitchell, Maitland, "Bonny" Lucas, Johnson and Howden. The cupbearers' end was upheld by Burdick, captain, Conners, Ryan, Canning, Nelson, Snowden, Guy and Collins. The battery for the lathers was Moore in the box and Evans receiver. For the bartenders the battery was Burdick and Canning, catcher. The result of a brilliantly contested game was a victory for the lathers by a score of 11 to 10. Mr. McCabe filled the dangerous and delicate position of umpire with satisfaction to both parties—a decided feather in his cap, for a man that can give satisfaction as umpire of a baseball match is qualified to keep the Dominion Cabinet in hand. The details of the match were interesting, but lack of space forbids the mentioning of more than a few comments. Captain Moore, on the call in, did good work, but got rattled over the done the Garrymedes set up for him. For the latter, Conners, who had been assigned a position in the pasture, made some decidedly unpremeditated throwing, and was a brilliant evidence of the adaptability of farmer's mitts to making muffs. Altogether the match was great fun which will be repeated with improvements on Tuesday next, when the return spell will be gospelt. The match is for a cup to every member of the winning team a magnificence, which common base ball clubs are out of.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

Personal.

Mr. John Gillett, of Millbrook, has been appointed a vice-president of the Ontario Association of Undertakers.

A meeting of the electors of Smith was addressed last evening at Middleton's School House by Mr. J. R. Stratton, M.P.P.

—To-morrow the Junior Lacrosse Club and the Port Hope Lacrosse Club will play a match game on the P.A.A.A grounds. Ball faced at 3 o'clock p.m.

Mr. W. J. Green, accompanied by Mrs. Green, has returned home from Chicago, whither he went to meet Mrs. Green, who was detained in that city by a serious attack of illness on her way home home from the North-west. Mrs. Green's numerous friends are glad to welcome her home in improved health.

—A committee of the town council will meet the committee of the Central Exhibition directors in the council chamber next Monday night to arrange details of the reception of Lieut.-Governor Kirkpatrick on the occasion of his visit to Peterborough to inaugurate the Central Exhibition on Tuesday, September 27th.

News Nuggets.

—Partridge becomes legitimate spoil for the sportsman to-day.

—The old house on the custom lot was sold yesterday to Mr. Bradburn. This house was an old land mark and was built between forty-five and fifty years ago.

—Sportsmen who may think the provisions of the game law stringent, should reflect that instead of the few ducks they get now, there would have been none unless the laws had been enforced.

—The ratepayers of Seymour will decide by their vote on Wednesday next, Sept. 21st, whether they will assist the Cobourg, Northumberland and Pacific Railway to the extent of $5,000. They had better take the five thousand and build the Trent Narrows Bridge. It will be a more profitable investment.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or at the Peterborough Bookstore.

Pollard's Home Made Bread.

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

Sympathy and Fun

are good, but there is nothing that tickles KIDD THE BOOTER like money, so if you want boots KIDD will be delighted to let you have them at as low a price as any man in Canada.

St. John's Harvest Festival.

The congregation of St. John's are reminded that the harvest thanksgiving services will be held to-night at 8 o'clock. Special service; special music. Rev. H. Symonds, rector of St. Luke's, will preach the sermon.

The Competition of the Team.

In the lacrosse match between Port Hope Y.M.C.A. and Peterborough Juniors the latter will select a team from the following Dobbin, Mein, Hughes, Borland, Heap, Belknap, Galley, Wasson, Whitehair, Dumble, Lipsett and Long.

The "Sun"

Fire Insurance Company of London, England is the oldest Fire Insurance Company in the world. It has $7,000,000.00 left after allowing for ever dollar it owes. Also the "London and Lancashie," Alliance, Caledonian and Phenix Fire Companies. The British Empire, Life Company, and the "Globe Building and Loan Company." FELIX BROWNSCOMBE, Agent.

A Baseball Contest.

To-morrow afternoon two nines representing grocers clerks and the dry goods clerks respectively, will meet upon the Riverside park arena. Both are confident, and both will put forth every nerve to win. The sugar shovellers are confident of their ability to do up the calico-cutters in a very small parcel, and *vice versa* the latter are confident that they can pound the grocers out of shape.

A Wonderful Improvement in Windmills.

Mr. George McWilliams has returned from Hastings where he has been putting up his wonderful self-acting windmills which are the perfection of mechanical adaptation of the wind as a motive power. These mills are simply perfect, and it is no wonder that they are meeting with such great favour. The principle of their construction cannot be excelled, and Mr. McWilliam's excellent work upon them makes them the best of the kind in existence.

The New Market Scales.

The new market weigh scales are about ready for public use. They are a vast improvement on the old apparatus that did duty so long in the centre of the market. Everything can be weighed now, and it is possible to weigh stock separate from the vehicle. The new scales and market clerks' office will be a great convenience, which will make the Peterborough market more popular even than it is now.

Some Fall Fairs.

The following are the dates for some of the annual fairs of the agricultural societies around Peterborough. It would be well to cut the list out and paste it in your hat for future reference.

Lakefield, at Lakefield, on September 20th and 21st.

South Monaghan, at Centreville on October 6th and 7th.

East Peterborough, at Norwood, on October 11th and 12th.

Burleigh and United Townships, at Apsley, on October 5th.

Peterborough Central, at Peterborough, on September 26th, 27th and 28th.

Calcutt's Grand Fall Show, Idyl Wild, Sept. 23rd.

Suggested Funeral Reform.

Mr. D. Bellaghem, president of the Ontario Association of Undertakers, in his able address at the annual meeting of the Association in Toronto, made a very sensible and level-headed suggestion in the direction of funeral reform. He insisted on the necessity of having funerals start promptly on time—at the hour announced—a boon which busy men who leave their business to attend a funeral will heartily appreciate. He also made the sensible suggestion that the respect to the deceased implied in the removal of the hat at the grave side be dispensed with, especially in cold weather. He evidently does not believe in having one funeral make the material for half a dozen other funerals. A man can show due respect to a neighbour in severe cold weather without removing his hat and incurring the risk of taking a cold that may result in passing him through the hands of the doctor and undertaker with undesirable celerity.

Strained Relations

Between the Board of Health and the Town Council—A Meeting of the Board and a Memorial Adopted—Some Plain Talk to the City Fathers.

A special meeting of the Board of Health was held last evening in the clerk's office. There were present, Mr. Edg. Pearse, chairman; Messrs. Shortly, Loch, Hughes, Hall; Dr. Bensaan and Dr. Clarke, Medical Health Officer.

The Board discussed for a short time the appointment of a public scavenger and other health matters. The question of a sanitary inspector, which is the present great grievance, came up.

After some conversational discussion, and on motion of Mr. Shortly, seconded by Mr. Loch, the following memorial to the town council was adopted:

AN ULTIMATUM FOR THE TOWN COUNCIL.

To the Mayor and Town Council of the Town of Peterborough:

GENTLEMEN,—The Board of Health of the town of Peterborough desires to call your immediate attention to the unsatisfactory state of the relations of the Board of Health and its officers.

The Board of Health has gathered from the published proceeding of the town council that chief Boyal applied to the council for instructions as to whether he should or should not carry out the instructions given him by the Board of Health, and at the same time informed the council that he was the council's officer.

The Board of Health at its last meeting asked Mr. Boyal, directly, whether he would or would not carry out its instructions without referring to the town council? To this he replied that if he thought it better to await instructions from the Town Council, he would await them.

Now, as you are aware, circumstances may arise, such as an epidemic of small pox, diptheria, cholera, etc., or other matters, which in the opinion of the Board of Health calls for immediate action by the Board; and if its officers are not really its officers as indicated above the Board of Health would be as it now is, practically powerless. The Board of Health cannot longer assume such grave responsibility without a remedy being provided and has taken steps to secure such an officer as referred to above, but before doing so would prefer that your honorable body should provide for us a servant as requested, and in case the council should not grant such request, the board will consider the advisability of referring the matter to the Provincial Board of Health.

EDG. PEARSE,
Chairman.

The Board adjourned, and the members proceeded upstairs to the council chamber, where the council was in session, and passed their memorial to the clerk, but the town council having decided to deal only with the special business for which the meeting was called, the members of the Board who occupied the ante-chamber had the humiliation of being quietly ignored by the city fathers. The town council don't seem to grasp the importance of co-operating with the Board of Health in the efforts of the latter to bring the town into a good sanitary condition. The little rift in the lute is becoming a breach.

Collegiate Institute Scholarships

The Winners of Medals and Scholarships.

Word has been received from the Education Department that the scholarships, etc., at the Collegiate Institute, which are awarded on the Departmental examinations, have been won as follows:

HONOUR MATRICULATION—
Miss B. M. Morrow—J. Hampden Burnham medal and Nicholls scholarship of $50.

JUNIOR LEAVING—
J. T. Smithson—Nicholls scholarship of $30.
J. E. Bolton—J. R. Stratton prize of $15.

PRIMARY—
C. Bell—Nicholls scholarship of $20.
A. F. Anderson—J. R. Stratton prize of $10.

Godey's Magazine.

(*For 62 years Godey's Lady's Book.*)

While the publishers of some magazines and periodicals in this country and Europe make offers and present to their readers gift pictures which may, or may not, be works of art, the Godey Publishing Co., of 21 Park Row, New York, announce that they will present to each purchaser of *Godey's Magazine*, published in its new form September 15th (for October), with an art subject which is worthy of its name, and which is so beautiful, in conception, drawing and coloring that the picture will be in great demand by all art lovers. The subject is known as "Godey's Idea of the 'World's Fair,'" and the artist, W. Granville Smith, is widely known as one of America's most promising and talented colorists. The publishers wish it understood that, in addition to the magnificent October number, retailing for 25 cents, this picture (size 7x29 inches) will be given free as a supplement.

Usually the Way.

The whirling of time brings its revenge. A few short years ago A. H. N. Jenkins was the Tory editor par excellence in western Ontario and whooped it up for the old flag with a loyal and hearty whoop. He is still whooping for the old flag but the flag now is the Stars and Stripes and not the Union Jack, and the place it Grand Rapids, Mich. Of such is the grand army of loyalty shouters.—*Goderich Signal.*

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Small Feet

May be covered with boots at KIDD's for less money than at any other place in Ontario. He has men's sizes up to 12's for 90 cents a pair.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crow's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and darties coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Hunter streets. Arrangements completed to do waist sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

Minard's Liniment cures Burns, &c.

Wedding Bells.

Mr. W. H. Crowe and Miss Annie Windred Wedded.

Last evening at 7.30 o'clock, St. George's church, Sarnia, was the scene of a pretty wedding. Mr. W. H. Crowe, foreman in Bellegham's furniture factory and a prominent member of the Fire Brigade Band, led to the alter Miss Annie Windred, second daughter of Mr. John Windred, Chief of Police of Sarnia. Rev. T. R. Davis, M.A., rector of St. George's church, performed the ceremony in the church, beautifully decorated for the occasion, the full choir being present. Mr. Thomas H. Cook, a private banker of Sarnia, performed the duties of best man. After the ceremony the usual wedding breakfast was partaken at the residence of the bride's father, by a large number, including guests from Grand Rapids, Detroit, Chicago, and as far distant as Texas. There was an unusually large number of elegant wedding presents. Mr. and Mrs. Crowe will return to town at once and take up residence in Ashburnham, corner of Stewart and Sophia streets, where, their numerous friends wish, they may enjoy many years of wedded happiness and prosperity. Mr. Crowe is well known in Peterborough where he has hosts of friends, and his wife enjoys the highest respect in all circles of her late home.

For a disordered Liver Try BEECHAM'S PILLS.

Long Boots

For sale at KIDD's at $1.75, worth $2.25.

Gents' Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKER'S Steam Dye Works, Charlotte street

Mrs. Mary E. O'Fallon

of Piqua, O., says the Physicians are Astonished, and look at her like one

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

HOOD'S PILLS should be in every family medicine chest. Once used, always preferred.

ORIFICIAL SURGERY.

Dr. BESSEY,

Consulting Surgeon and Specialist of Toronto will be at the Sherwood House Peterborough on Saturday Sept. 17th. Radically cures Piles and Rectal Diseases, Bladder and Sexual Troubles, Stomach and Intestinal Disorders Chronic and Nervous Diseases and Diseases of Women. td

WALL PAPER

50,000 ROLLS

PASSED CUSTOMS TO-DAY.

The season when housekeepers commence to look about and prepare to make home comfortable for the long winter months has arrived.

In the general cleaning up certain rooms are found to require renovating and papering.

To meet the requirments of all, the Peterborough Bookstore has just received the largest shipment of Wall Paper ever brought to Peterborough.

Just think of it. Over 50,000 Rolls to hand at one shipment.

Buying in such large quantities we are prepared to give our customers the benefit, and bargains are being given that were never previously obtainable in Peterborough.

Housekeepers, Painters and Merchants will find our stock very complete and the prices much lower than similar papers are usually sold at.

Call and inspect, No trouble to show goods.

369 GEORGE STREET.

Police Court

THURSDAY, Sept. 15th.

The police magistrate occupied the bench this morning. The first case submitted to his adjudication was a medical case—"Dr." Case, of Toronto, was arraigned on a charge of being intoxicated. He was permitted to retire without contributing to the corporation funds.

Samuel Brown was charged with the offence of keeping a vicious dog—which had sallied out and barked at horse being led behind a buggy, causing the animal to leap upon the vehicle, breaking one wheel and injuring the horse. The evidence showed that the accused collie was no worse than three or four other dogs which had joined in the assault. The magistrate issued an order to have the dog destroyed within five days.

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect and complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

Art Needlework.

All kinds of materials for art needlework now in stock at Miss MELVILLE'S fancy good store, 424 George street.

BANKRUPT STOCK

T. DOLAN & CO.

The Edison Works Sewer.

The Town Council Hold Another Conference on the Subject—The Report of the Special Committee Received and Adopted—The By-Law Passed Authorizing the Construction of the Same.

The council met in special session re the Edison drain matter. Present—Mayor Kendry in the chair, and Messrs. Kelly, Young, Dawson, Mallwain, Mulhern, Best, Ferguson and Cahill.

The council decided to deal only with the special business for which the meeting was called.

Mr. BEST, chairman of the special committee to which the matter of the Edison sewer had been referred, presented

THE REPORT OF THE COMMITTEE.

To His Worship the Mayor and Council of the Town of Peterborough:

GENTLEMEN,—Your special committee appointed for the purpose of constructing the sewer from the works of the Edison Company at the Otonabee river, beg leave to report that they have, after careful consideration, decided to recommend that Rink street be substituted in lieu of Townsend street for the line of the proposed sewer. The distance by way of Rink street is about ninety feet more, yet by taking this route the difficulty in crossing the creek that would be met with in going by way of Townsend street would be avoided; besides, a much more satisfactory outlet would be furnished for the sewerage matter, while the expense in going by way of Rink street would not be more, and, possibly, less than by Townsend street.

Before deciding on the proposed change a deputation from your committee went to Toronto, for the purpose of consulting with Mr. Allan MacDougall, C. E., and also obtaining his advice with reference, thereto, amongst other matters pertaining to the proposed work, and are pleased to inform you that he coincides with your committee and recommends the proposed change.

While at Toronto your committee visited the sewerage works in progress at West Toronto Junction, obtaining valuable practical information which will be of great service to your committee on the construction of the sewer.

Your Committee would therefore recommend that they be empowered to employ Allan MacDougall, C.E., of Toronto, to cause the required working levels to be taken, prepare the necessary plans and specifications and to superintend the construction and other work in connection with the sewer.

Your Committee have given a great deal of consideration to the question of the kind of pipe to be used and have obtained all info mation possible together with the quotations as to the cost thereof, from the leading dealers therein, and have concluded to recommend the purchase of double strength Scotch vitrified pipe as being, in their opinion, the best adapted for the work, provided they are enabled to obtain the same in proper time to cause no delay in the work, otherwise they would recommend the purchase of the Standard Double Strength Service Pipe, manufactured at St. John's P.Q. The difference in the cost of these pipes would be very small.

Your Committee propose to ask for tenders, separate and whole, for the work in order to determine in which way the work can be constructed to the best advantage of the town.

Your committee are informed that the agreement between the Edison company and the town has been executed by the company, and are encouraged to learn that there are a number of competent contractors ready to tender for the proposed work and push it to completion without delay.

As soon as your committee receive the council's direction in the matter of the proposed change of street, your committe will at once advertise for tenders, and report, as directed, the result thereof to the council.

All of which is respectfully submitted.

HENRY BEST,
Chairman.

Mr. BEST, in moving the adoption of the report, spoke of the visit to the West Toronto Junction sewerage works, where the important fact was learned from the foreman that the most essential part of sewerage construction was proper laying and bedding of the pipes before the trench was filled in. The committee had consulted Mr. MacDougall because they felt that it was best to hold some recognized authority responsible for the effective construction of the work.

Mr. DAWSON—Have you any idea what it would cost to have Mr. MacDougall superintend this work?

Mr. BEST said he did not know at present. Mr. Belcher had taken the levels but Mr. MacDougall had also taken the levels in preparing his sewerage plans. It was contemplated to take the pipe from Rink street straight to McDonald's point where the pipe would terminate in the deep water of the current. The excavation would be easier on Rink street, and the difficulty of carrying the sewer across the the creek would be avoided.

Mr. CAHILL said that if Rink street was a better site than Townsend street, by all means it should be adopted. What he wanted to see was the speedy construction of the sewer, which residents in the vicinity, rightly it appeared to him, regarded as necessary to the health of the vicinity. He approved of the visit of the deputation to Toronto, as he had previously suggested, and of the report as a whole, and he would like to see the contract let and the work proceeded with at once.

The matter of pipe was brought up and the consensus of opinion seemed to be in favour of the pipe furnished by the Standard Company of St. John's, as it was more readily obtainable and would be laid down and just to inspection on the ground by the town's engineer.

In answer to councillor Mulhern; the Mayor stated that the tender of the Edison Company to construct the drain was not accessible, but the town could build it for less than the tender mentioned.

Mr. DAWSON suggested that Mr. Belcher might do the work of inspection as well as Mr. MacDougall.

Mr. KELLY pointed out that it would be necessary for extensive levels to be taken to adapt the proposed sewer to a proper junction of future sewers with it.

Mr. MULHERN said the idea was to make Mr. MacDougall primarily responsible for the work.

Mr. MCILWAIN favoured the employment of Mr. MacDougall; he could employ any subordinate engineer he chose, but he would be held responsible.

Mr. DAWSON did not favor the employment of Mr. MacDougall. The latter had said that he was willing to take Mr. Belcher's levels, and it followed that if Mr. Belcher's levels were all right he could superintend the work.

Mr. YOUNG said the question was one of expense. It might be well to ask Mr. MacDougall what he would charge for doing the work it was proposed to submit to him.

Mr. CAHILL favoured doing the work right, cost what it may.

Mr. MULHERN said the committee thought it best to submit the matter of levels to Mr. MacDougall so that he would be held responsible.

In answer to Mr. Cahill, Mr. Best said the reason the committee had not got Mr. MacDougall's charges for the work was because the committee had no further power than to get information.

After considerable unimportant discussion the report was adopted.

A by-law was introduced to authorize the construction of the Edison sewer and passed through its several stages.

TO WELCOME THE LIEUT. GOVERNOR.

In compliance with the request of the Directors of the Central Exhibition, on motion of Mr. Dawson, seconded by Mr. Young, the Finance Committee, together with what other councillors may wish to be present, were appointed to meet the directors in the clerk's office next Monday night to consider arrangements for the reception of the Lieut.-Governor, on Sept. 26th, at the opening of the Central Exhibition.

THE PARK STREET DRAIN.

MR. CAHILL wished to have the council consider the matter of the construction of the Park street drain. He had discovered that the bylaw in reference to it should have been given its first and second readings at the last meeting of the council, which was not done.

The meeting being called for special business the council decided on the following division, not to take up the matter of the Park street drain at the present sitting.

YEAS—Messrs. Cahill, Kelly, Young—3.
NAYS—Messrs. Best, Dawson, Ferguson, McIlwain and Mulhern—5

The council then adjourned.

BROCKVILLE, 9th Sept., 1892.

The Dr. Butler Medicine Co., Brockville,

GENTLEMEN,—Cooper's Lightning Corn Cure was recommended to me and I tried it. Its effect was magical. Corn was painlessly and completely removed after a few applications. Cheerfully endorse its use. It proved the most perfect remedy I ever used.

Yours truly,
S. S. DAVIS,
Palace Grocery.

"Yes, very much."

Zell looked at him a moment, then asked:

"How much?"

"As much as I do you," laughed Terry.

Zell smiled and left the table.

"Come, we will go to the foot of the hill and wait her there. She will be tired by the time she gets down and will have to rest. Shem will carry seats; or no—the rocks are nicer. On the way Terry encouraged her to talk of the rocks, birds, fishes, anything. What a lot she knew in her simple way after all. The sun had climbed high before they reached the resting place. Each found a seat near the water's edge and waited.

"I cannot sit long at a time; I have to move about."

She walked back and forth between the mountain and the edge of the water. Her soft shoes made her steps noiseless. She would stoop to examine a pebble, her hair would fall forward and rest on the ground, then she would straighten herself and with a delightful gesture toss the glinting masses back.

"You are kind to come to meet me."

Zell started as the words so clearly and evenly spoken broke the silence.

"This is Zell?"

Terry watched this meeting with interest. How would Zell take it; what would she do? What would they both do? Zanea made the first advance. She went to Zell, who stood one hand thrust behind her back like a timid child who had been startled, the other hand hung at her side and caught nervously at the folds of her gown.

"We are alike, are we not, Zell?"

She did not answer, but after one look into Zanea's smiling face, she dropped her eyes to Zanea's girdle. Her hand relaxed its hold on the skirts and was reached toward Zanea. At the same time Zanea's hand moved to Zell and caught a tress of her hair and drew it out an arm's length, letting it, a few strands at a time, pass from her grasp. Zell's hand touched softly the golden chain that bound the other's waist.

"What is that for? Why do you wear it?"

Zanea laughed, Terry thought, just as two children would have gotten ac-

MEETING OF ZELL AND ZANEA.

quainted over the garden wall at Montreal.

"That? that is to keep my gown close to my waist, and I wear it, well, because—because education has taught me curves are prettier and more graceful than straight lines."

"I have none; why did Shem not get one for me?"

"Take mine. Terry Denver will lift your hair out of the way while I put it on you. Poor Terry. He did it, though, and beautifully. Zanea passed the chain around Zell and clasped it in front. Zell looked at it in simple pleasure, bent lay her hands together and looked coyly at Terry.

"Now, I am like Zanea, am I not? If I could only see myself. Is my face like hers, Terry? Am I not like her now, with this here?"

"No, Zanea has no girth now."

"No," said Zell pitifully, "she has none."

"See, I will bind my waist with this."

She took from her head the white silken scarf.

"Yes, yes; you tie it, Terry, while I hold her hair."

Zanea's cheeks darkened slightly. Terry took the scarf, passed the end around her, drew the ends even, tied them and looked awkward for once.

"Now, Zanea, we are alike. Let me take your hand while we walk."

Like twin driads they wended their way side by side. Terry thought they were both perfect. Neither showed that petty jealousy women of the world would in like events. Shem greeted greeted Zanea as if accustomed to meeting daily.

[CONTINUED.]

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels, and makes you well. Dose, one pill.

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

A Consideration

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

Would not be Without It.

Dyer's Jelly of Cucumber and Roses for chapped hands and for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

As a healing, soothing application for cuts wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

THE GRAND UNION

CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before?"

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio, is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but these photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'s

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

BRASS, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN

AND

EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

What is It For? This is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. Life is an interrogation point. "What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER FOR?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this brimful. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.

G. G. GREEN, Sole Man'fr, Woodbury, N.J.

THE FARMING BUSINESS.

It Has Two Ends—The Home and the Marketing, Mod.

Upon the welfare of the farmers of Canada, depends the prosperity of the Province of Ontario and of this Dominion which we love so well. Everybody says so, and many of them say it with a feeling of generous good nature, that they have paid a compliment to the farmer in thus elevating his calling. The importance of agriculture in Canada is prime, it stands first. It stands first, because all other industries in the country are very sensitive to the condition of the farmer. If he be experiencing hard times, every other industry and interest, suffers and is depressed. When the farmer has good times, every other industry and interest is bounding with prosperity. The farmer's success comes mainly from good crops, and good crops come mainly from good cultivation, good management and good weather. The farmer can control two of these, and in the third we are more bountifully dealt with than most countries in the world, in point of weather favorable for the growing of large crops, of fine quality. Still, I am not to detain you on these aspects of the farmer's business to-day, but on the marketing end of his calling. It has been very often my privilege to meet representative gatherings of farmers, to discuss with them some aspect of their own business. It has not required any conscious effort on my part to refrain from discussing the question of markets, near or far off. I have not felt called upon to give utterance to almost a single sentence of direction or advice to the farmer concerning the market end of his business. I have been trying to direct the farmer's attention to the home end of his business, the end where his profits are mainly made. The profits are mainly made within the sphere of the man's business, where he can exercise appreciable jurisdiction and control; and the market end of a man's business is subject to the influence and is under the control of all the producers, as well as the buyers, in the wide world.

In my humble judgment, public speakers, the press politicians and other leaders and teachers of the people, have directed the attention of the farmers all too often and much too emphatically to the marketing end of their business. That mischievous course has resulted in leaving on the minds of many farmers an impression that a market, the market, every market, has some sort of personal, self contained existence; in fact, that a market is to the farmer of Canada what a deity or devil was to the heathen, some external power or existence that could bring happy deliverance or wreak dire destruction at mere caprice. A market has no such power, has no such functions, has no such existence. Some of the farmers have been even further misguided, insofar as they have been lead to imagine that the market, a market, any market, can be charmed into sweet serving by the wand of politicians, or can be chased away beyond touching, tasting, handling or seeing, by their edict of hostility. The markets for farm products—and the moon—are in some measure, amenable to the edicts of some politicians.—Prof. Robertson, Dairy Commissioner.

Ships in Quarantine.

NEW YORK, Sept. 14.—The following ocean steamers are in upper quarantine: The Wieldland, Maasdam, Belgenland, La Champagne and the smaller steamers Bernicia and Amalfi. The Roanoke and Croatan, two coasters, are also at anchor.

The cabin passengers of the Belgenland and La Champagne were released to-day and the steamers will probably go up to the city to-morrow.

Stage Robbers Make a Stand.

FRESNO, Cal., Sept. 14.—A posse encountered Evans and Sontag at Sampson Flats to-day and an exchange of shots took place. The robbers made a desperate defence and killed four men and wounded others. Those killed are U.S. Marshal McGinnes, Dick Olsen, a man named Wilson and another whose name has not yet been learned. George Witty, who was wounded before, was again shot, and a horse ridden by Constable Warren Hill was shot from under him. The news has caused great excitement, and additional officers are going in pursuit.

The Immigrant Had Better Stay At Home.

WASHINGTON, Sept. 14.—The Secretary of the Treasury was at 5.30 this afternoon informed by Collector Hendricks of New York city that the steamship companies will cordially co-operate with the Government to prevent further shipment of immigrants without evasion through the second cabin.

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, confusion, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON 24 Macdonell ave., Toronto, Canada.

INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable. They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

"ALL RIGHT! ST. JACOBS OIL DID IT."

TRAGEDY AT MONACO.

A Young Man Shoots Himself at the Princess' Feet.

BERLIN, Sept. 14.—The Fredenblatt has a dispatch from Monaco giving an account of a sensational tragedy at that place. Prince Albert of Monaco and his wife, the Princess Alice, on returning from their recent tour were received with great enthusiasm by the people of the principality, the attaches of the Casino turning out especially in strong force to greet him. The little army of members was drawn up at the landing, as a guard of honor, and the Governor and council were present to deliver addresses.

The cannon thundered a greeting and the scene was of a most joyous and festal character when suddenly a young man burst through the throng and rushed toward Prince Albert and the Princess. He was well-dressed, but his wild and disordered appearance at once caused dismay among the group which surrounded the sovereign. In his hand he grasped a weapon, and before anybody could interfere he raised the pistol, for such it was, and putting it close to his head, fired and fell dead at the feet of the Princess. The Princess, who had a moment before been all smiles, nearly fainted. She gave a cry of alarm and sank back in the arms of her husband.

A dozen officers sprang forward and seized the prostrate body, only to find that life was extinct. The life blood which oozed from the wound almost stained the garments of the Princess. On searching the body not even a centime was found, but there was a ticket to the Casino which told the story of his fate. He had evidently been overcome by despair, after losing all he had in the great gambling establishment which supplies a revenue to support the Prince of Monaco in luxury, and had determined to end his life at the feet of the Prince.

Prince Albert and the Princess were so shocked that the reception ceremonies came to an almost abrupt conclusion, and they both hurried once more abroad their magnificent yacht and sailed toward the South. The body of the suicide was bore to an unmarked grave in the cemetery which contains so many victims of Mt. Blanc gaming tables.

Emperor William's First Daughter.

BERLIN, Sept. 14.—The Empress gave birth to a daughter at 3.30 a.m. yesterday. Her accouchement took place at the palace at Potsdam. This daughter is the seventh child born to the Emperor and Empress and the first daughter.

Flags are flying everywhere in honor of the accouchement. A battery of artillery fired 42 guns in the square in front of the palace. Congratulations have been received from all European courts.

Cotton Spinners Threaten to Strike.

LONDON, Sept. 14.—The Master Cotton Spinners' Federation of Great Britain has decided to reduce the wages of employes 5 per cent. on account of the depression in trade. Firms representing 80 per cent. of the whole trade favored such a reduction. The workmen, who contend that a restricted output will be sufficient to meet the difficulty, intend to strike against the proposed reduction.

The Columbus Fetes.

GENOA, Sept. 15.—The King and Queen of Italy, the Italian princes, the municipal authorities and the commanders of the ironclads in the harbor attended a fete given to-night on the French ironclad Formidable. King Humbert stayed aboard the Formidable two and a half hours. He warmly thanked Admiral Rieunier for the brilliant reception.

Centenary of French Republicanism.

PARIS, Sept. 14.—The Cabinet has decided to hold a grand celebration in the Pantheon, on Sept. 22, in honor of the centenary of the founding of the first republic. President Carnot will preside and orations will be delivered by Premier Loubet, M. Floquet and M. Leroyer. All public bodies will be represented at the celebration.

The Morocco Rebellion Ended.

TANGIER, Sept. 14.—The Sultan of Morocco has stopped operations against the Angherites. Kaid Eukishet, the Governor of Anghera, has been deposed. The French Embassy is about to start for Fez.

A Victoria, B.C., Hotel Man Dead.

VICTORIA, Sept. 14.—Robert H. Ward, proprietor of the Albion Hotel, 7 Herald-street, dropped dead in the hotel Monday afternoon, presumably of heart disease. An inquest will be held, after a post-mortem at Lockhart's undertaking parlors. The body will then be embalmed and sent east to the deceased's old home, St. Thomas, Ont., for interment. Mr. Ward was 42 years of age and leaves a wife. He lived in Victoria for many years and is well known.

Crippled With Rheumatism.

Ronald McKay, Murray Harbor Road, P.E.I., writes:—"I was crippled with rheumatism and could get no relief until I used your Pink Pills. I am now well." Of all dealers or by mail at 50c. a box or 6 boxes for $2.50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N.Y. Beware of imitations.

Increase Your Weight.

If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the century to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c, and $1, at Peterborough drug stores.

How to Cure Headache.

ANNIE BEACH,
dw Stevensville, Ont.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably effective in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the ter troubles incident to a bilious state of the system, such as Dizziness, Nausea, Dro[illegible] Eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them but after all sick

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

FOR **FLAX-SEED EMULSION COMPOUND**

BRONCHITIS

128 Lexington Ave., New York City, Sept. 23, 1892.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.

JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N.Y., Feb. 16th, 1892.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.

J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 28th, 1891.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.

JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1892.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsion as generally in use.

D. A. GORTON, M. D.

WASTING DISEASES

147 West 24th St., New York, Aug. 6, 1892.

I have used your Flax-Seed Emulsion Compound in a severe case of Mal-nutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

RHEUMATISM

Sold by Druggists, Price $1.00.

MINISTERS DO THE FAIR

SIR JOHN THOMPSON, MR. DEWDNEY AND MR. PATTERSON PRESENT.

The Minister of Justice Thinks That the Toronto Exhibition Should Be Made a Dominion Affair, With all the Provinces Represented—The Receipts Show an Increase Over Last Year of $400.

TORONTO, Sept. 15. — The most distinguished guests since the fair opened were those who sat on the right and left of President Withrow yesterday. They were Sir John S.D. Thompson, K.C.M.G., Minister of Justice; Hon. E. Dewdney, Minister of the Interior; Hon. J. C. Patterson, Secretary of State; Dr. Montague, M.P.; W. F. Maclean, M.P., Samuel Hughes, M.P.; N. Clarke Wallace, M.P.; Dr. Ferguson, ex-M.P.; A. W. Ross, M.P. and other well-known politicians.

Speech of the Minister of Justice.

Sir John Thompson, who was enthusiastically received, expressed on behalf of himself and colleagues their high appreciation of the great work the Toronto Industrial Association is doing not only for the Queen City but for distant parts of the Dominion of Canada. One of the notable facts of the fair was that it was neither local nor provincial, but almost national. [Applause] Although personally in the past he had been unable to visit the Toronto Fair, he had much pleasure in recommending his neighbors to do so, and he was proud to know that in every instance on which his advice was taken the visitors came back with minds enlightened and better informed [Aaaplause.] He believed this province of the fair, in the way of recreation and in practical instruction, would year by year be more and more appreciated.

The hon. gentleman continued: "I will now make one suggestion, and I do it with my whole heart and as a member of the Government, that you, Mr. President and the directors, should make this exhibition not only one for the Province of Ontario, but for all the provinces of the Dominion, one that should be appreciated by all Canadians. Nova Scotia would then show Ontario what she could do in the same lines as those adopted here. I would give my warmest support to such a project, and my voice would be heard in its favor."

Sir John then referred to the 14 years' experience of the Toronto Industrial Exhibition and wished for its still greater and national usefulness.

The President was glad to hear the suggestions of Sir John Thompson. He (Mr. Withrow) said that for some years he had desired that in Toronto there might be a Dominion exhibition, in this sense—that all the other provinces should have an executive and control the provincial exhibition. He did not want a World's Fair, but a great Canadian exhibition. [Applause.] He felt convinced it would be a success and the expense need not be large. Other large buildings would have to be erected, and if the first Dominion Exhibition were a success the project might be repeated every four or five years.

The Pulse of Ontario.

Hon. Mr. Patterson said he had been in the habit of attending Toronto's fair year by year and therefore was well able to speak of its merits. These he frankly acknowledged. The praises of the exhibition were sung, not only in Toronto and in Ontario, but in the regions beyond. Its progress had been most gratifying and was a good augury for the future.

"Toronto is the pulse of Ontario. It is a great industrial and intellectual centre, and it has done much to develop the industry and encourage the enterprise of Ontario. As regards the suggestion of the Minister of Justice I need hardly say that his colleagues would co-operate with him in such a worthy undertaking."

In conclusion Mr. Patterson praised the spirit of emulation and rivalry in the arts and industries, which, said he, is the only remedy the respective provinces should have.

Good News From Afar.

Hon. E. Dewdney, Minister of the Interior, declared that he had a weakness for an agricultural show, a plowing match, or anything approximating thereto, and this was one reason why he had special pleasure in being present at Toronto's magnificent fair. Assiniboia and that great Western country with which he was connected was, he was happy to state, progressing most favorably. The population was not as great as he could wish; still the farmers received in the way of crops a larger remuneration than in any country of the world. With improved methods of cultivation and the most approved implements such as were exhibited at this fair that vast district would continue to develop by leaps and bounds.

The hon. gentleman said he would take that opportunity to tell the farmers that though he would not advise them if fairly well off, contented and happy, to emigrate to that western country; yet, if they had enough sons there was no country in the world better for them to settle in than the district he had the honor to represent. There are vast areas of land vacant, the soil of which is as good as that of Ontario and capable of making happy homes for those young men. He hoped the suggestions thrown out might bear fruit and that a Northwest building would be erected here. [Applause.] "It would show what we could do—not merely samples, but a good lesson as to our country and its resources. This kind of education is valuable, and is is one of the benefits of large exhibitions. We are filling our barns in the Northwest with the finest wheat that is grown anywhere in the world. [Applause].

Seven M. P.'s Speak.

Dr. W. H. Montague, M.P. for Haldimand, said he and his constituency were proud of the progress of the city of Toronto.

Mr. George Taylor, M.P. for the South Riding of Leeds, briefly endorsed the idea of Toronto becoming a Dominion exhibition.

Major Sam. Hughes M.P., for South Victoria, as representing the Ontario Rifle Association, congratulated the directors and securing Garrison Common for the purposes of the fair.

Mr. Emerson Coatsworth, jr., M.P. for East Toronto, paid a tribute to the untiring zeal and energy of President Withrow and Manager Hill.

Mr. W. F. Maclean, M.P. for East York, also made some congratulatory remarks.

Mr. Arthur W. Ross, M.P. for Lisgar, spoke of the progress in matters agricultural and mechanical during the last 30 years. This showed the progress and the development of Canada, and this was largely due to its agricultural shows. Toronto's fair had been largely used by the farmers of the Northwest as an advertisement. "The best farmers," said he, "in the Northwest are from Ontario."

Mr. N. C. Wallace, M.P. for West York, was introduced by the president as "a friend and neighbor." He made a friendly and neighborly speech.

The Receipts.

	1890.	1891.	1892.
First day	$ 860	$ 635	$ 743
Second day	1,174	891	1,223
Third day	635	2,810	2,813
Fourth day	4,084	4,967	5,580
Fifth day	4,665	3,854	5,460
Sixth day	13,498	14,229	16,001
Seventh day	9,840	6,895	4,764
Eighth Day	15,900	16,840	16,389
Total	$52,706	$51,022	$53,191

These figures show a decrease of $430, compared with the corresponding day last year, and an increase of $400, compared with 1890. Taking the eight days altogether there is still an increase of $1953 over last year and of $400 as compared with 1890.

Russian Seizures in Behring Sea.

VICTORIA, B.C., Sept. 15.—The schooner Agnes McDonald has arrived here and confirms the report of further Russian seizures. She saw the Vancouver Belle seized and her captain says othe schooners were taken.

Gratifying to Democrats.

NEW YORK, Sept. 15.—The National Democratic Committee has issued an address to the people of the United States congratulating "the country on the results of the recent state elections in Maine, Vermont and Arkansas." The committee views the results in Maine and Vermont as indicating "that the people of the country are prepared to enforce rather than reverse the verdict which they rendered in 1890."

Lizzie Borden's Great Peril.

FALL RIVER, Mass., Sept. 15.—The government claims regarding the Borden murder that its case is growing stronger daily, although there are no public developments which endorse such a stotement. The trial will probably not take place until next January.

Troops Withdrawing From Homestead.

HARRISBURG, Pa., Sept. 15.—Adjutant-General Greenland returned to-day. He says the troops are being withdrawn from Homestead gradually. About 100 men from the various companies returned home this week.

MANTLES —AT— TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-breasted and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

GOVERNMENT RESOLVED:

TO ESTABLISH RIGID QUARANTINE AGAINST CHOLERA.

Should the Situation Become More Serious the Advisability of Prohibiting All Trains from Entering Canada from the United States Will Be Seriously Considered—Montreal Takes Action.

OTTAWA, Sept. 16.—The Cabinet yesterday decided to establish a rigid quarantine inspection at all points on the international border where trains enter from the United States. A large number of medical inspectors will be required, as the same inspection will be carried out at all lake and ocean ports where vessels enter from American ports. Should the situation become more serious the Government will seriously consider the advisability of preventing trains from entering Canada. The Cabinet will meet again to-morrow.

Montreal Takes Vigorous Action.

MONTREAL, Sept. 16.—At a meeting of the Central Board of Health yesterday it was resolved that energetic action would be taken in view of the outbreak of cholera in New York. A despatch was forwarded to the Minister of Agriculture stating that the existence of cholera in New York having been officially declared, the board was anxious to know whether the Dominion Government intended taking action to protect the province from the imminent danger in which it was placed, by establishing quarantines along the border.

Dr. Lachapelle, president, said the board had no doubt but that the Government would do its duty in the matter. It was not fair that the province should be saddled with the entire cost of establishing quarantines. In case the Dominion Government should not establish these quarantines the Central Board will do so. Dr. Lachapelle added that it was urgent that these quarantines should be established on all railroads at once, and it was well that the traveling public should be warned of this fact, so as not to be exposed to inconvenience.

The board has notified all railways that no immigrants or their baggage or effects will be allowed to enter the province unless they have been submitted to quarantine.

Dr. Lachapelle further said that the quarantines to be established on the railways at the border would have to be maintained as long as danger exists. The board, he emphatically declared, will leave nothing undone to protect the province.

By instructions of the board, medical health officers left in the afternoon for Island Pond, Lacolle, Newport and St. Armand to board all trains coming from New York and make a thorough inspection.

The Lake Huron Quarantined.

QUEBEC, Sept. 16.—The SS. Lake Huron from Liverpool for Montreal which passed Father Point yesterday is now at Grosse Isle quarantine. She reported that during the passage there was several deaths of children on board, but from what cause was not stated. It is, however, denied by the quarantine office that there is any cholera cases on the ship.

The official report from quarantine of the deaths on the Lake Huron on her passage out is as follows: One child 3 years old died of meningitis; one 18 months old of convulsions and three infants of diarrhœa, and the remainder of the passengers are all well and the usual quarantine will be enforced.

THE OUTBREAK IN NEW YORK.

Mayor Grant Counsels the People to Put Trust in the Health Board.

NEW YORK, Sept. 16.—After a lengthy conference yesterday with President Wilson of the Health Department and President Porter of the Department of Charities and Correction on the outbreak of cholera in this city, Mayor Grant gave out the following:

MAYOR'S OFFICE, Sept. 15.

To the Public:

The dreaded cholera has appeared in this city, and the Health Department has so far shown its ability to arrest the disease promptly.

The Health Department and the Department of Charities and Corrections are fully equipped to arrest and care for every case and stamp it out of the immediate locality in which it is discovered.

The proclamation goes on to say that reception hospitals, with doctors and nurses, are all equipped and ready to receive and isolate each case as it is discovered; that physicians are closely watching the thickly populated tenement districts; that the federal and state authorities have established quarantine stations for those coming from abroad; that the Chamber of Commerce is taking active measures to lend assistance; that no energy or needed expenditure will be wanting, and that excessive fear on the part of the public is not justified.

The mayor calls for confidence in all these provisions to care for the public. The record of the past in stamping out typhus and other infectious diseases, the proclamation reads, should justify faith in the ability of the health department to master the monster cholera that has come to us from foreign lands. Cholera, it says, is neither infectious nor contagious within the common meaning of the words, nor is it, in the language of eminent authority, as dangerous as diseases that are constantly in our midst. The public will be intelligently advised as to the progress of the disease. The paper closes:

"Rest assured that all will be done by the authorities to meet every emergency, and with the confidence of the public and their aid in enforcing sanitary regulations the cholera will be mastered, health restored and peace, good order and happiness maintained."

Anxiety About the Bohemia.

QUARANTINE, Sept. 16.—The Trave, of the North German Lloyd's Steamship Company, arrived at 8.45 with a full list of cabin passengers and no immigrants. She reported all well, was cleared and about 6 o'clock was permitted to go up. At 8 o'clock yesterday she passed the Bohemia, which is due here about midnight. Much anxiety is being experienced by the health officers regarding the arrival of this boat, as it is feared she has many cases of cholera aboard. Dr. Jenkins, in speaking on the subject, said he had no actual knowledge of there being any disease on the ship, but he was very suspicious.

Latest From the Detained Vessels.

Dr. Walser, deputy health officer, issued the following bulletin:

Steamship Moravia—All well on board. All the woodwork on the vessel washed with bichloride. Passengers bathed in hot water. All the clothing washed and rinsed in bichloride and wherever practicable steamed with higher temperature.

Steamship Ragin—All passengers taken to New Hamshire this morning, together with 30 of the crew. The teerage is emptied fore and aft. The beds were burned, bunks taken down and the woodwork burned. The baggage of the passengers from Hamburg direct, steamed, all other baggage opened and ventilated.

Steamship Scandia—All well to-day with a few exceptions of measles. Washing of woodwork with bichloride continues.

Steamship Wyoming—One infant died of marasmus this morning. An autopsy will be performed on this case.

Steamship Normannia—All well on board.

The Rugia's passengers will be transferred to Fire Island on the departure of the Normannia's passengers, which event, Dr. Jenkins says will take place to-morrow.

The Scandia's passengers will be taken to Hoffman Island as soon as possible. All are well on the island at this writing. It has been claimed that the death of the child Minnie Levinger of 411 East Forty-sixth-street last Sunday is directly traceable to four immigrant girls who came here from Antwerp on the Friesland. Dr. Jenkins evidently does not put faith in the allegation, and explained that his deputy, Dr. Tallmadge, had reported there was no illness on the Friesland when she last arrived. "All things are possible, however," said the doctor. Dr. Jenkins still feels very doubtful about the condition of the Moravia's passengers and will hold the steamer some time longer.

The Wieland will be allowed to go up to-day.

Dr. Byron at Swinburne Island telegraphs: On our island one death of pneumonia after patient was over the cholera.

Demoralised by Cholera.

SIMLA, Sept 16.—Advices have been received here showing that the Ameer of Afghanistan has postponed his attacks on the rebellious Hazara tribesmen, owing to the fact that his troops have become demoralized by an outbreak of cholera among them.

An Infected Ship.

LONDON, Sept. 16.—The British bark Emilie, from Fernandina, Aug. 13, for Alnwick, has put into Holyhead. Capt. Roose reported that choleraic disorder had appeared among his crew.

Increasing in Hamburg.

HAMBURG, Sept. 16.—Two hundred and four new cases of cholera were officially reported here yesterday and there were 81 deaths.

An American Sample.

NIAGARA FALLS, Ont., Sept. 1 .—The American quarantine inspector, who professes to inspect emigrants going from Canada to the United States, at this point, perpetrated a piece of ignorance last evening, which is bringing upon his head the contempt of the community. A woman accompanied by her son, a young man of about 19, a 16 year-old daughter and four small children, bound for Youngstown, Ohio, were roughly pulled off the train and characterized as emigrants because they happened to be traveling on second-class tickets. The family in question have been residents of Ottawa for the past three years, and were on their way to join the husband and father. No protests or proof would convince the thick-headed American inspector, and the woman and her children are now quartered in the Grand Trunk waiting room.

Chicago Will Quarantine New York.

CHICAGO, Sept. 16.—The railway companies have notified the Chicago Health Department that no foreign passengers will be accepted at New York and other eastern points unless each bears a bill of health. Chicago authorities have decided to quarantine all passengers from infected ships who do not bear the certificate.

Chief Sanitary Inspector Hayt, who has charge of the city regulations, said: "If it becomes necessary we shall declare a quarantine against New York."

THE BORDEN MURDERS.

Detectives Think They Are on the Track of Something Important.

FALL RIVER, Mass., Sept. 16.—The police are now at work upon a clue found in one of Lizzie Borden's letters written to friends in Marion, where she visited a week before the murder. She had gone there to make arrangements for a short stay with a party of Fall River ladies. Her friends had installed themselves in a pretty cottage, and had divided the work necessary to be done in and about the place to suit themselves. One young lady was to cook, another to wash, a third to do marketing, etc.

Lizzie Borden, it is said, agreed to chop the wood, and when she came home to this city wrote a letter to one of the Marion party—a Fall River school teacher—which was received on the day following the murder. In this letter Lizzie Borden said that she would cut the wood, and that she had a "very sharp hatchet."

The lady who received this letter either read or mentioned its contents to some friends. The words within quotations were thought to be of such importance that nothing was said about the letter until about a week ago. Then it leaked out and the police began to investigate. Two detectives have seen this letter and admit that the expression quoted was used by Lizzie Borden. The friends of the prisoner insist that the expression was a natural one, for Lizzie Borden, like others of the Marion party, know that the ax formerly used at the cottage was a very dull implement, and that much trouble had ensued in using it in cutting wood for the household fire.

The police, keeping in mind this story, have nevertheless gone to work on the clue furnished by Lizzie's words in a most vigorous manner. In the meanwhile Lizzie Borden languishes in prison at Taunton. From a friend who visited her recently I learned that she is satisfied that the interposition of a Divine Providence will prove her innocence. Emma Borden visits her sister as often as she is allowed, and Uncle Morse goes regularly to the postoffice and back to the house of mystery. The trial will probably not take place until next January if the grand jury indicts the prisoner, and the general feeling here is that it will.

Protested Elections in Manitoba.

WINNIPEG, Man., Sept. 16.—This was the last day for protesting seats won at the last general Provincial elections. The Government has entered protests against D. H. McFadden, Emerson; W. A. McDonald, Brandon City; J. A. Davidson, Beautiful Plains, and R. F. Lyons, Norfolk. The Opposition entered petitions against Alfred Dodge, Cypress; Theodore Burrows, Dauphin; Robert Ironside, Manitou, and J. Prudencourt, St. Boniface. The petitions are based on usual charges of corruption.

THE DECEPTION DETECTED

A STUDENT TRIES TO PASS HIS EXAMINATION BY PROXY.

A Student Who Failed in Chemistry Induces a Friend to "Put Himself in His Place" and Write on the Examination—The Fraud Detected and Both Men May Lose Their Diplomas.

TORONTO, Sept. 16.—Wednesday afternoon, while the primary portion of the secondary medical examinations was being held by Dr. R. A. Pyne at the College of Physicians and Surgeons, that gentleman detected what he declares is the first attempt at fraud in connection with the examinations of the college.

Last spring G. Krassman tried the primary examination and failed in chemistry. On Tuesday last he was on the Fair grounds and fell in with A. J. Jones of St. Catharines, an old student in pharmacy. There it was agreed that the better man should write on the examination the next day for Krassman. All went swimmingly till Jones handed in his paper and signed the roll lying on the examiner's desk. He turned and started downstairs, but Dr. Pyne noticed that the signature was not in the same hand as that of the previous day. He followed Jones down the stairs, overtook him before he left the building and asked him his name. Jones persisted in declaring that he was the real article, but some of the students recognized him and satisfied Dr. Pyne that a fraud had been attempted and detected.

The case was submitted to the solicitor, Mr. B. B. Osler, and Dr. Pyne will act according to his advice. Two modes of action are open, one to enter a criminal action against Jones for forgery and the other to lay the whole matter before the council and ask them to mete out fitting punishment to both the culprits.

The council can punish both, as each is striving for a diploma, while the law can reach only one—the forger.

Private Detective Wasson was put on the case and within 24 hours had learned the antecedents of the Krassman and Jones and had obtained from the former an acknowledgment of the attempt at fraud.

"The matter is in the hands of our solicitor," said Dr. R. A. Pyne last night, "and I shall feel myself bound to act according to his advice. At any rate it is likely that the council will be notified before definite criminal action is taken. I know of students who have obtained diplomas from Toronto University without entering the room where the examinations came off, and I am resolved to prevent anything of the sort in our college. I intend to nip it right in the bud. See if I don't!" said the doctor as his office door closed on the reporter.

CENTRAL FARMERS' INSTITUTE.

Meeting of the Executive in Toronto Yesterday.

TORONTO, Sept. 16.—The Executive Committee of the Central Farmers' Institute held a meeting at the Walker House yesterday morning. Those present were Messrs. Nicholas Awrey, M.L.A., South Welland, President; Lloyd Jones, Burford Vice-President; A. H. Pettit, Grimsby, Sec.-Treas.; J. B. Ewing, Dartford; Thomas Kells, Vandeleur; D. E. Smith, Churchville; J. Clarkson, Chatham; M. Pettit, Winona; T. G. Raynor, Rosehall, and W. J. McNaughton, Lancaster.

The meeting was for the purpose of arranging what subjects are to be brought up for discussion at the annual meeting of the Institute, which convenes on the second Thursday in February next.

The following order paper was adopted: "Would either preferential or free trade between the British Empire and her colonies be of advantage to the farmers of Ontario?"—Mr. Thomas Kells.

"Resolved in the opinion of the members of the Central Farmers' Institute the question of scientific agriculture should be one of the branches upon which all candidates for certificates to qualify them as teachers for our public schools should be compulsory, and that no candidate who cannot successfully pass a satisfactory examination in agricultural chemistry should be granted a certificate to teach the youths of the rural section of the province."—Mr. T. G. Raynor.

"How can we improve our system of statute labor?"—Mr. D. E. Smith.

"How I have succeeded in winter dairying."—Messrs. Thomas Ballantyne, M.L.A., and D. M. McPherson.

"Would it be in the interests of stock raisers of the province to have a provincial license imposed upon male animals held by owners for service?"—Mr. J. B. Ewing.

"Is there a sufficient supply of domestic servants and farm laborers in the Province?"—Mr. Lloyd Jones.

"What method of fruit-culture should be adopted to meet the requirements of the farmer and not interfere with the management of the farm?"—Mr. A. H. Pettit.

A clause in the enactment providing for the inspection of apples was objected to, as it was regarded as too strict, apples in class 1 being required to be of uniform color.

The president and secretary were requested to select a hall for the annual meeting and to notify members of their choice.

Toronto Prepared.

TORONTO, Sept. 16.—Prompt measures have been taken by the Local and Provincial Boards of Health in view of the possibility of cholera being introduced from New York. For the past two weeks a staff of 20 specially appointed sanitary inspectors has been at work in the city, and as a result the sanitary conditions here are as favorable as possible.

An analysis of the city water by Prof. Hayes, Dominion analyst, shows that it is almost perfectly pure. It is said to be better water than is procurable by any other city of equal size on the continent.

The Provincial Board of Health, authorized by an order-in-council, has secured the appointment of sanitary inspectors, who will board all trains and vessels from New York and will have full power to deal with any case of cholera which may be found.

Death From a Fall.

HAMILTON, Sept. 16.—An accident occurred yesterday at the corner of Cannon and Barlington-streets. William Kerr, aged 15 years, son of Mr. George Kerr, ward foreman, fell from a tree and sustained such injuries that he died. It seems that the lad had signified his intention of going nutting this morning, and must have climbed up a large hickory tree at the place mentioned for the purpose of gathering nuts. He was found lying at the foot of the tree with his skull fractured. Dr. Baugh and Dr. Reanie were soon in attendance, and by their advice he was removed to the City Hospital, but he did not recover consciousness.

NASAL BALM

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, losing sense of smell, foul breath, hawking and spitting, nausea, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

FULFORD & CO., Brockville, Ont.

Daily Examiner.

FRIDAY, SEPTEMBER 16 1892.

Why do They Hesitate?

Though the ministerial organs insist that Sir John Thompson's religious opinions ought not to stand in the way of his promotion to premiership, and every sensible person agrees with them, there is still much hesitancy about giving him the place. Why all this haggling and twisting? Why is it necessary for the Conservative press to inaugurate "a campaign of education" among the rank and file of the Tories, with the view of inducing them to accept the minister of justice as the party leader? Sir John Caldwell Abbott is anxious to retire, and should be permitted to do so. And there is not the slightest doubt that Sir John Thompson would have been made leader of the Conservative party long ago, but for the fear of a revolt in the party ranks. Of course the question is one in which Reformers have very little interest, and the Conservatives are not in any way influenced in their party management by the likes and dislikes of their opponents. When the Reformers, not long ago, went about selecting a leader they had not considered the question of race or religion. They were not influenced by the howl raised by their opponents over Mr. Laurier's intolerated religious convictions. They did not find it necessary to go to work and educate their party up to the doctrine that a man's race or creed should not be a bar to his political advancement. Every Reformer believes that. It is one of the first things he must learn. The man who believes otherwise has no business in a Reform party. Now why all this discussion about Sir John Thompson's religious faith? If the Conservatives are as brave and as tolerant as they pretend to be, why are they found hesitating to accept the leadership of the minister of justice? Why press Sir John Abbott to remain at the helm against his will and to the injury of his health? It is but fair to admit also that there is something illogical in the attitude of the Quebec section of the ministerial party. They ought not to insist upon Sir John Thompson's promotion to the party leadership, and denounce as "fanatics" all who object to him, while they at the same time refuse to consider the question of Mr. Dalton McCarthy's entrance into the cabinet because of his views upon certain public questions. Ontario Conservatives have a good right to withhold their confidence from Thompson as their Quebec allies have to repudiate McCarthy.—Ottawa *Free Press*.

Columbus Day.

The Minister of Education for Ontario has issued a circular requesting the public schools to hold a Columbus Day Celebration on the 12th of October. As a contribution to this celebration, the popular young people's paper, "ONWARD," Toronto, issues a special number, with 16 Columbus pictures and copious sketches, poems, etc., together with a suggested programme for school celebration. This programme has been submitted to the Deputy Minister of Education for Ontario, and to other leading educationists, and is by them cordially approved. Price of this special Columbus number, one cent each, in quantities of ten or more. Specimen copies will be sent free to teachers making application to the publisher. William Briggs, Toronto.

Accident Near Omemee.

A serious accident happened at Mr Isaac Fee's farm on Friday last to Mr. Thos. Chambers. He was loading peas on to a waggon, when, on account of the land not being built straight, or because the waggon was on sloping ground, the load commenced to slip. Mr. Chambers jumped to save himself, but fell across the front wheel of the waggon, and then on the ground, where he narrowly escaped being run over, as the horses commenced to move. He sustained injuries which caused peritonitis, but under the care of Dr. Cochrane he is in a fair way to recover.

In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poisons left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

Rely on This.

GENTLEMEN,—We have six children, and have relied on Dr. Fowler's Extract of Wild Strawberry for the past twelve years in all cases of diarrhœa and summer complaints, and it never fails to cure.

MRS. ANNA ALLEN, Harley, Ont.

dw

Gold not so Precious

SIRS,—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER, Fent Hill, Ont.

w

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether wholesale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

The "Monetary Times."

Every little while the Toronto *Monetary Times* gives evidence of the intention to maintain its undisputed quarter-century reputation of being the leading journal of its class. The business man at his club, Board of Trade, hotel, or on the steamship, finds, in the reading room, that journal's elegant and comprehensive commercial Portfolio, and who doesn't carry in his vest pocket the useful book-slate with its valuable "Dozen Don'ts"? Accompanying a recent issue was a finely engraved portrait of the General Manager of the Bank of Montreal, and now comes a Special Fall Edition in beautifully designed covers of brown and gold. Here is found a fair sample, only on a more extended scale, of what is provided each week for the merchant or manufacturer who aims to be well-informed on all trade topics. The *Monetary Times* has proved itself to be a most powerful educational factor in the business world.

THE STANDARD LIFE ASSURANCE CO'Y

ESTABLISHED 1825.

Assurance in force,	$107,011,866	Bonus Distributions,	$27,000,000
Assets,	37,418,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,889,371	Assurance in force in Canada	18,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous, straightforward dealings, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract, instead of having a number of useless clauses on the back of the policy shewing what the insured may not do, and which always gives rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

Dalton McCarthy's Crucial Seventeen.

A Bit of Secret History From the Scandal Session of Last Year—The Manitoba Schools.

OTTAWA, Sept. 14.—(Special.)—Here is a bit of secret history in the great scandal session of 1891, and a bit of news about the postponement of the trial which grew out of it. When the terms of the report of the majority of the Committee on Privileges and Elections became known, Mr. Dalton McCarthy wrote a letter to Sir John Thompson, telling him that unless Thomas McGreevy and the contractors, Larkin, Connolly, Murphy & Co., were prosecuted in the courts he and sixteen of his fellow-Conservatives would vote against the report of the majority of the committee. The Government majority on the adoption of that report was only eighteen, and Sir John Thompson knew that Mr. McCarthy was master of the situation. The Government had either to capitulate or be defeated in the House. They capitulated. Mr. Michael Adams and one or two others fought against it, but the report was amended by the addition of the recommendation to prosecute. So much for the virtue of the act the Government claimed so much for in the bye-elections which followed. The cause of the decision not to go on at this court with the prosecution has now come out. Mr. S. H. Blake, Q.C., counsel for Mr. McGreevy, caused subpœnas to be served on every member of the Federal Cabinet to appear as witnesses at this court. The day after the service of these subpœna telegrams were sent to the witnesses in Quebec not to come. The case, it was determined, could not go on. This is the milk in the cocoanut. Chief Justice Armour, is to preside at the court which opens to-morrow, and Mr. J. K. Kerr, Q.C., is Crown prosecutor.

A Fellow Feeling.

The defalcation and flight of Mr. Brousseau, a prominent customs officer at Montreal, emphasizes the looseness which characterizes the country's affairs at the present time. This defaulter was discovered overcharging the C. P. Company for work done, and pocketing the money for his own uses. It was considered enough punishment to remove the opportunity to steal in this manner. Mr. Brousseau, however, was equal to the occasion. He immediately began to collect money from immigrants, under pretence that the law authorized him to do so. This fraud, also, was discovered and the practice stopped, but the thief was allowed to continue at his post, and was trusted to collect large sums of money on parcels arriving. Finally, the auditors arrived, and found that the man had in this way embezzled $1,750. But he was not arrested. He was permitted to leave the country without an effort being made to secure his punishment. Was not this criminal laxity? It is explained that Brousseau's excuse is that he only followed the example of his betters in the Dominion Government, who have used their offices to make a little for a rainy day, or as Mr. Rykert explained it, "to provide for old age."

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect and complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the combustion of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," running up the fires, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is in with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable.

The Streets of Pekin.

The town is always most animated. At certain hours of the day the streets are as crowded with foot-passengers, riders on horseback, and carriages as those of London or of Paris. There is plenty to interest and amuse the spectator; Tartar carts and Chinese chaises, blue or green sedan-chairs, the color varying according to the rank and importance of the owner; grooms of the palace in yellow livery, couriers of the Emperor in yellow and black uniforms, long strings of camels belonging to Mongol caravans, condemned prisoners wearing or carrying their cangues, etc., etc.; and on either side of the carriageway, under shelters or in the open air, musicians and jugglers, mountebanks and necromancers, public scribes, secondhand booksellers, old-clothesmen, furniture brokers, cobblers, and harness makers, barbers and chiropodists, cooks and pastry-cooks, sellers of fruit and tea merchants; in a word, every variety of itinerant dealer, resulting in an infinite variety of bright and picturesque scenes. Or a wedding procession marches down the street, with its band, its lanterns, its banners, its parasols, the attendant servants in gala costumes, and the bride carried beneath a red canopy. Or perhaps a funeral cortege of apparently endless length, with its flute players and gong-beaters, its incense-burners, its Buddhist priests chanting litanies, its mourners making grimaces and howling, succeeded by a long string of vehicles loaded with all the things supposed to be necessary to the defunct in the life beyond the tomb; behind which come the relations and friends of the deceased, clad in white hair-cloth; and, last of all, borne on the shoulders of sixteen, twenty, or thirty hired assistants, the huge catafalque itself, loaded with gilded sculpture, and hung with beautifully embroidered blue silk hangings.

The filth of the streets is yet another element of the picturesque. No description could possibly give an idea of it. Dust two feet deep, or lakes of mud, and at every turn heaps of refuse, for which half-naked beggars are fighting with *mangy dogs*; every conceivable smell, and every conceivable variety of rubbish, no police, and no drainage!—Harper's Weekly.

Hood's Sarsaparilla **absolutely cures** all diseases caused by impure blood and it builds up the whole system.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematic eruptions—produces baldness. Bear in mind that Anti-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

AYER'S Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because **Cures Catarrh** the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It **Cures SCROFULA** makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; Price $1; six bottles, $5.

Cures others, will cure you

IS PREPARING FOR FALL BUSINESS.

The reading public of the town and county of Peterborough must have noticed from time to time our advertisement in this paper. We do not wish to trouble the public too frequently with astounding advertisements; telling them that at our store, and our store only, is the place to deal. Come to think of it, we never advertise in that style at all. We have always tried to stick to ONE GRAND PRINCIPLE, viz.: TO ADVERTISE EXACTLY WHAT WE INTENDED DOING, AND TO DO EXACTLY WHAT WE ADVERTISED. Having just returned from the wholesale markets, where a purchase of $3,271.56 was effected for CASH, will simply mention here a few of the various classes of goods bought, and leave the purchasing public to judge if we have or have not kept faith with our announcement

HERE ARE THE PRINCIPAL LINES:

1 Lot of Ladies' Mantles in the latest styles, amounting to $575.00. Of the dozens and dozens of them there are not two alike. No use in quoting prices; not two are the same price. Just come and examine them.

Dress Goods, $875.60. Space does not not permit us saying what we would like to about these goods. Suffice it to say this much: We will give you 12 yards of all-wool Serge, in choice of shades, Trimmings and all for $2.15.

Mantle Cloths, $508.40. The balance of our purchase was made up in many lines of Staple and Fancy Goods. Perhaps you'll smile when we say that we have a Large Table in the Centre of the Floor covered with Lovely Dress and Mantle Buttons, worth 25c, 40 and 50c. per dozen. Come in and help yourself to any of them AT THREE AND ONE-HALF CENTS PER DOZEN.

We have always claimed to keep on hand the most reliable stock Gloves and Hosiery to be had in town. We will just add once more that should any of our Celebrated French Kids burst on first trying on we will replace them with pleasure.

YOURS FAITHFULLY,

J. J. SHEEHY.

NEW GOODS! NEW GOODS!

Saturday's Football Match.

The following list contains the names of of the Peterborough team that will take part in the match between the Peterborough and the Edissa's on the Association grounds tomorrow afternoon :—G. Boucher, (Capt). B. Boucher, Alexander, Beers, Montgomery, Parker, Drope, Heap, Pousette, R. B. Rogers, D. Rogers, Brennan, Dumble, Begley, Loucks. Spare men: Billett, Carmichael. Game called at 3.30. Admission 10 cents, ladies free.

Familiar Brutes.

Environs places like Hastings will be ready to say that the inability of bears to distinguish between Norwood and the woods is not so much the fault of the bears as of the facts. The *Register* says :—Two bears were seen at the C.P.R. station, Norwood, late Sunday night by Messrs. J. McKellar (night operator) and R. Wilson. After a leisurely stroll around the station yard they started down Victoria street and disappeared in the darkness. Mr. T. Fraser organized a hunting party the next day and searched the woods in the vicinity but failed to locate the game.

Some Fall Fairs.

The following are the dates for some of the annual fairs of the agricultural societies around Peterborough. It would be well to cut the list out and paste it in your hat for future reference.

Lakefield, at Lakefield, on September 20th and 21st.

South Monaghan, at Centreville on October 6th and 7th.

East Peterborough, at Norwood, on October 11th and 12th.

Burleigh and United Townships, at Apsley, on October 5th.

Peterborough Central, at Peterborough, on September 26th, 27th and 28th.

Calcutt's Grand Fall Show, Idyl Wild, Sept. 23rd.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—The band will not give a park concert to-night.

—Cobourg's rate of assessment this year is 22 mills on the dollar.

—The police court room was as vacant this morning as the store that doesn't advertise.

—Cobourg's tax exemptions amount to $170,000 out of a total assessment of $1,386,395.

—A couple of local sports were out after partridges and reports the crop a failure. They didn't get a shot.

—The exhibition rush being now practically over, the trains will probably resume their normal hours of arrival.

—The annual match of the Cobourg Rifle Association will be held on Wednesday, Sept. 28th, when valuable prizes will be offered.

—The last carload of Victoria College furniture, including the old bell and sun dial, was shipped to Toronto this week. *Sic transit gloria Cobourgensis.*

—When will the secretary of the cricket club have the season's record—batting and bowling averages, etc.,—ready for publication? The season is about over.

—Messrs. M. O'Brien and W. Gould were out fox hunting and brought home one brush—each claims to have made the bullet hole that depreciates the value of Reynard's pelt.

—Messrs. Turner & Son have received orders for tents and awnings from opposite extremes of the Province—St. Mary's and Carleton Place. Their goods are becoming widely known.

—At the Toronto Exhibition the team formerly owned by the proprietor of the Brennan House, Norwood, the *Register* says, won two first prizes as single drivers and as a team in tandem took first prize.

—The Grand Trunk authorities have issued orders to their station and town agents as well as conductors, informing them that all children between the ages of 5 and 12 years who travel on their lines must pay half fare and all over 12 years full fare.

—It is said that the Bathhurst Co. have purchased from the Allan Co., of Montreal, through Mr. White, the fine steamer "Rocket." The sum paid was $19,000 During the coming winter the purchasers intend overhauling the vessel. They will take out the boilers and engine, replacing them by machinery of a new design.

Personal.

Rev. J. A. McCamus, of Marmora, was in town to-day, the guest of Mr. R. Fair.

Miss Frances Davis, of Elmira, N. Y., is visiting in town, the guest of Mrs. James Fredenburg, Stewart street.

Mr. J. R. Stratton, M.P.P., addressed the electors of Smith at Temperance Hall, fourth line Smith, on Thursday evening.

Mr. R. L. Paterson, Toronto, Canadian representative of Messrs. Miller & Richard, Scotland, type founders, and chairman of the Toronto Board of Education, is in town to-day completing the order for a new typographical dress for the Daily and Weekly EXAMINER to be ready by October 1st. The news type has passed Customs and the advertising type is expected every steamer.

are good, but there is nothing that tickles KIDD THE BOOTER like money, so if you want boots KIDD will be delighted to let you have them at as low a price as any man in Canada.

ST. ANDREW'S SOCIAL.

An interesting social under the auspices of the Y. P. S. C. E. of St. Andrews church will be held in the manse on Tuesday evening, Sept. 20th.

Going to Get Married?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your homes at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the country for cash or credit.

No Lacrosse Match This Afternoon.

Last night Fred Loag, secretary of the Junior Lacrosse club, received word from the Port Hope secretary that they would be unable to play the match here to day owing to the Millbrook team who were to play the Port Hopes this morning backing out and the Port Hope team wishing to play both clubs the same day.

The "Sun"

Fire Insurance Company of London, England is the oldest Fire Insurance Company in the world. It has $7,000,000.00 left after allowing for ever dollar it owes. Also the "London and Lancashire," Alliance, Caledonian and Phenix Fire Companies. The British Empire, Life Company, and the "Globe Building and Loan Company." FELIX BROWNSCOMBE, Agent.

The Late Robert Edgar.

Our readers will learn with deep regret says the Norwood *Register* of the death, on Tuesday morning last, of Mr. Robert Edgar, for many years a respected resident of this place. Deceased had been in poor health for nearly a year, suffering from that fell destroyer, consumption, superinduced by an attack of la grippe, but had only been confined to his bed for a few days when death relieved him from his suffering. He was born in Cavan, Ireland, in 1842 and emigrated to this country when quite young taking up his residence in Smith's Falls. He served in a cavalry regiment during the American Civil War and seen some hard service in the field, taking part in many important engagements. Deceased was a good citizen—upright and honorable in all his dealings—his word was his bond. Mrs. Edgar in her bereavement will have the sympathy of the entire community. The funeral took place on Wednesday at two o'clock and was conducted by the Masons and Foresters—deceased having been an esteemed member of both Orders.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crew's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Edinburgh streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

Minard's Liniment cures Burns, &c.

Wedding Festivities.

Welcome Home of Mr. and Mrs. George McBurney—The Bridal Presents.

Mr. and Mrs. George McBurney, (nee Miss Maggie Richardson,) returned to town from their bridal tour last night by the 9 o'clock G.T.R. express. A company of about thirty assembled at their residence, No. 4½ Sherbrooke street, to extend a welcome and offer their congratulations. An elaborate wedding supper was partaken of and a most enjoyable evening spent. Below is a list of the bridal presents sent :—

China tea set, from the groom; grand marble eight-day clock, from her boarders; handsome dinner carving set, W. J. Gardiner, of Millbrook; breakfast cruet, Mrs. J. Jones, Hunter street; butter cooler, Mrs. Weldon, Oakwood; case of fruit knives, Mr. and Mrs. Wm. Fitzgerald; set of celery dishes, Mr. and Mrs. E. Richardson, of Cavan; centre piece for table, hand work, Mrs. W. Amey, Napanee; dinner cruet, Mr. and Mrs. Irish, Napanee; sideboard scarf, Mrs. Jos. E. Richardson; Japan crumb tray, Mr. and Mrs. R. Fitzgerald; fancy shopping bag, Mrs. W. Luishley, Phillipsville, Ont.; cruet tray, Mrs. M. Ventress; handsome teapot, Mr. T. H. Richardson, Cavan; cut glass water pitcher, Mrs. W. Irwin, Glandine; pair of towels and one dozen linen handkerchiefs, Mrs. (Rev.) J. A. Jeo all, Napanee, sister of bride; one linen table cloth, Miss A. I. Baker, Newburg; table mats, hand work, Miss Mima Richardson, town; silk handkerchief, Miss A. Davey, Napanee; a beautiful travelling jacket from her niece, Miss Ella Demorest, Toronto.

Wedding Bells.

Fair—Walker.

Mr. George Linden Fair, one of the best respected and most popular young men of South Monaghan, and brother of Mr. Robert Fair, merchant, town, was united in marriage, on Wednesday, September 14th, to Miss Maggie Walker, daughter of Mr. H. A. Walker of Welcome, near Port Hope. The ceremony was performed at the residence of the bride's father, by Rev. Mr. Beers. There was a large gathering of guests. The bride was tastefully dressed in cream silk faille, with trimmings of Chantilly lace, and wore the customary veil and orange blossoms and carried a bouquet of white flowers. Miss Williams of Napanee attired in cream bangaline, and Miss Ida Fair, of Millbrook, who wore shot surah silk, were the bridesmaids, while the groom was supported by Mr. Wm. Bryce. The ceremony was followed by the wedding breakfast, after which the happy couple were inundated with cordial congratulations. The bridal presents were unusually elegant and numerous, including a beautiful pianoforte and a cheque for $100, the gift of the bride's father. Both parties are very highly respected and enter upon their wedded life with the most cordial congratulations and hearty good wishes of a very wide circle of friends.

Mr. Wm. Crowe and Bride

Receive a Warm Welcome Home.

Last night Mr. W. H. Crowe, the recently wedded member of the fire brigade band, arrived in town. Though his coming with his bride was unexpected, his associates in the band were equal to the occasion. The band serenaded Mr. and Mrs. Crowe at the Morgan House and also made him a presentation of a handsome clock, silver butter dish and knife. Mr. John Fraser, president of the band, accompanied the presentation with a neat little speech congratulating Mr. Crowe upon the wise and important step he had taken and conveying the good wishes of the band for the happiness of himself and wife. Mr. Crowe, who is one of the most popular member of the band, made a suitable reply.

This morning the employees of Mr. D. Ballegham's furniture factory where Mr. Crowe is foreman, presented him with a beautiful china tea set accompanied with a brief address, congratulating him on his marriage and conveying the wishes of the staff for every happiness and prosperity. Mr. Crowe can heartily congratulate himself upon the hearty expressions of good will he is receiving.

William Tell.

William Tell, the Wallace of Switzerland, was born at Altorf, in the Canton of Uri, Switzerland, and died in the year 1354. He was the great deliverer of his country from Austrian oppression.

The celebrated Havard Bronchial Syrup, now so popular in Canada, emanated from the Medical Faculty of Harvard University. Since its introduction into the Dominion it has given ample proofs of its power over coughs, colds, croup, hoarseness, and all affections of the throat arising from sudden colds.

Harvard Bronchial Syrup has proved victorious in thousands of obstinate cases where other cough remedies failed to work a cure. Often—very often—has a single twenty-five cent bottle banished a dangerous and troublesome cough.

This valuable preparation requires but one trial in order to become the favorite in every home of Canada.

Sudden Death at Port Hope.

PORT HOPE, Sept. 15.—Mrs. Lloyd, wife of Rev. Arthur Lloyd, head master of the Trinity College School, died very suddenly Tuesday night. She was taken with a fit of coughing, which caused a blood vessel to burst, choking her to death in a few minutes. Deceased was 43 years of age and leaves four children, one an infant only a few days old. The bereaved husband has the sympathy of the community.

BIRTH.

WOOD—On Thursday, Sept. 15th, 1892 at 86 Bedford Road, Toronto, the wife of Edward R. Wood, of a son.

Mr. Geo. W. Turner

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the

Worst Case of Scrofula

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I

Work all the Time.

Before, I could do no work. I know not what to say strong enough to express gratitude to Hood's Sarsaparilla for my cure." GEORGE W. TURNER, Fairhill, Galway, Saratoga county, N. Y.

HOOD'S PILLS do not weaken, but assist digestion and tone the stomach. Try them. 25c.

SIR EDWIN ARNOLD DENOUNCED.

Japanese Missionaries Object to His Morals.

CHICAGO, Sept. 16.—The Rev. Samuel Bartlett, the young missionary who attacked the character of Sir Edwin Arnold at a preachers' meeting here Monday, has been for a fortnight the guest of various Chicago friends. In an interview he has related what he knows of the eminent Englishman somewhat more in detail.

He said that in his talk to the ministers he was led into speaking of Arnold by a question, and that he used the poet's name merely in illustration of a class of men in Japan who slur the missionaries' work, and by secret approval or connivance encourage the natives in immoralities that are, of course, inimical to the progress of Christianity among them.

"Not long ago," said Mr. Bartlett, "Edwin Arnold, in referring to Japanese women, spoke of them as half-angelic, and undertook to defend their notorious infidelity and loose morality on the ground that they were forced to marry early without love, and hence were in all purity and innocence led by their personal inclinations to seek love elsewhere."

Continuing, Mr. Bartlett said:

"Arnold's immoralities caused frequent and surprised comment of Japanese everywhere, who have been long under the delusion that Englishmen and Americans were all Christians and followed puritanic modes of life. Actuated by the same motives of shielding the impurities of his own life Edwin Arnold had made attacks upon the work of the missionaries."

Mr. Bartlett was a member of the faculty of the great Doshisha University, at Kyito, Japan, when Sir Edwin went there to lecture, and he said that the practices of the poet in his private life became so offensive to the directors of the University that his services as lecturer, though marvelously valuable from a scholastic point of view, were dispensed with. In fact, his presence at the University, in a sense sectarian, was remarked upon by the Japanese, to whom his modes of life were matters of familiar talk.

Mr. Bartlett said further that while his own acquaintance with Sir Edwin was very limited, his information in the more specific details of the poet's conduct was not gossip, but the word of responsible men whose integrity was unquestioned and whose testimony was conclusive and matter of public record. The poetic but fictitious praise and adulation which Arnold bestows upon the Japanese women, whose code of morals is anything but ironclad, have aroused Christians in the realms of the Mikado, Mr. Bartlett declares, to feelings of disgust, and they are much outraged at the gloss of genius with which Arnold has dressed the shockingly prevalent immorality among the women and men of Japan. Mr. Bartlett did not seek to give his opinions publicly, being drawn out by the questions of brother clergymen.

St. John's Harvest Festival.

Last Night's Thanksgiving Services Largely Attended—Beautifully Prepared Church—Bright and Spirited Service—An Eloquent and Appropriate Sermon.

Come, ye thankful people, come!
Raise the song of Harvest Home!
All is safely gathered in
Ere the winter storms begin.

A large congregation assembled in St. John's church last night for the Harvest Thanksgiving services. The church had, as usual on such occasions, been especially prepared for the occasion. Every portion of the building was adorned, with fruits or flowers, and trophies of the field and garden, in an elaborate and tasteful manner. From porch to altar the decorations were profuse, and the effect was exceedingly cheerful and pleasing. The floral embellishments of the pulpit, font, lectern, chancel rail and the gas brackets, were peculiarly tasteful, as well as the elaborate decorations of the altar. The service, which was choral, was conducted by Rev. C. B Kearick and Rev. W. M. Loucks, assisted by an unusually large and effective choir. Rev. H. Symonds, rector of St. Luke's, read the first lesson, subsequently, preaching the sermon. The sentences, psalms and collects were special for the occasion, as well as the hymns and too much praise can hardly be bestowed upon the excellent singing. Altogether the services were animated and cheerful, the cordiality that characterized them being an evident re-echo of the gratitude that filled every heart. At the conclusion of the service,

THE SERMON

was preached by Rev. Herbert Symonds, M. A., rector of St. Luke's, who selected for his text 28th verse of the fourth chapter of St. Mark's Gospel:—

For the earth bringeth forth fruit of herself; first the blade then the ear, after that the full corn in the ear.

There was, the preacher said, nothing more remarkable than the extreme simplicity and wide applicability that marked the teachings of our Lord—"the common people heard him gladly." He taught profound lessons in the simplest manner—by means of parables—earthly stories from which a heavenly meaning is to be extracted. The text was taken from one of those parables which showed the analogy between the natural and the spiritual world. The peculiarity of the world of nature was its perceptibility by the senses, while the domain of spirit was hidden and caused the visible body as its instrument. The physical man apparently remained the same year after year, but at the same time there was growth and development. The spiritual identity remained the same, yet there was in its case also, growth and development. The innermost recesses of the soul were known only to God, yet even in this there was, the preacher said consciousness of change, of becoming better or worse—of spiritual growth or spiritual decay. The spiritual life of each one was different from that of every other. The preacher went on to detail in a graphic manner the analogies that exist in this chapter of the gospel from which his text was taken. Nearly all objects in nature were used by our Lord as lessons. The explanation of the analogy that existed between the natural and the spiritual world was that both came from the same hand. The unity of nature was shown by the fact that nothing in its sphere was independent and that everything was governed by law,

CHANGING BUT STILL UNIFORM,

as a grand whole. Might not these great laws of nature be carried on in the realm of spirit and with a uniformity analogous to the laws of nature? Applying the lessons taught by the text the preacher said there was a two fold interpretation of it—first the development of the Kingdom of God in the world, and secondly in the heart of the individual. The central lesson taught by the parable—was that the spiritual growth was gradual—"first the blade, then the ear, then corn, the full corn in the ear and lastly the ripening. The germination of the seed was compared to the silent working of God in the depths of the human heart arousing the humble beginning of spiritual life, and next the spiritual life became apparent in the deeds of the body. Faith in Christ was the root, and the fruit of the spirit was the green blade. Charity, long suffering, kindness, patience, and the other Christian graces were evidences of spiritual growth. The winter might come and lay low the green blades, but the root remained fixed in the soil and revived with the warmth and brightness of spring. In like manner the winter of unbelief, doubt, coldness and apathy, might with the green blade of our spiritual life but if the root—faith—

REMAINED FIXED IN CHRIST,

when we came into the sunshine of God's favour there would be new growth of spiritual graces. One of these was the return of thanks to God for all his gifts and mercies. Words were however but weak and inadequate media of expression. Gratitude found its best development and expression in action—through our lives. If the heart were right there would naturally follow the sacrifice and subordination of self and devotion to God's service, which was the gratitude which was pleasing to him. We were in our lives growing the heavenly harvest day by day ready for the great day of reaping that would come at the end of the world.

As was mentioned before, the music was particularly bright and spirited. During the collection of the offertory the choir sang the anthem, "Praise O praise our God and King," by E V. Hall. The soprano solo was taken in very pleasing voice and manner by Master Boswell, and Mr. Drope took the bass solo. The "Magnificat and "Nunc Dimittis," were Bunnet's in F, and being familiar to the congregation, they joined with the choir with great heartiness and excellent effect. During the presentation of the offertory, the doxology was sung with mighty power, the congregation and choir joining in its singing. The harvest thanksgiving services throughout might be described as successful in every respect.

The abundant fruits and flowers used in the decoration of the church will be distributed among the poor.

What No Fellow Can Find Out.

Four men may eat green fruit with impunity, but a fifth may try the experiment and an hour or so later be tied up in knots with cramps and dysentery. Who the fifth man will be is one of those things no fellow can find out, and consequently all should take time by the forelock, and prepare for such an attack by keeping on hand a bottle of PERRY DAVIS' PAIN KILLER which is a safe, quick and infallible cure for diarrhœa, cholera, cramps, or, indeed, any disorder of the stomach. This excellent medicine can be bought at any reputable drug store. 25c. will purchase the Big Bottle, new size.

Art Needlework.

All kinds of materials for art needlework now in stock at MISS MELVILLE'S fancy good store, 424 George street.

Pollard's Home Made Bread.

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

"El Padre" *PINS.*

FOR COUGHS & COLDS USE **PERRINS COUGH DROPS** BEST ON EARTH

Copyright, 1892, by the Author.

"Terry Denver will remain with us a month."

"Yes."

"I am glad, Shem."

"It will be better, I think; he may find it lonely, but a month is not long. Zell, will you and Terry Denver come to the cave in the morning? You have never been up the hill yet."

The four talked, sat silent, did everything that four people so placed would do, then the dark began to follow the light and Zanea took her departure.

"I will go with you, Zanea," said Terry, and they said no more until out of hearing, then Zanea spoke.

"It did not take till eventide to sow the seed, did it, Terry Denver?"

"Has it been sown?"

"Yes."

"I am sorry."

"Why?"

"I do not know."

"Ah! but you do know."

"Well, I will not say."

"There, that is better and quite different. I will tell you. You think you love us both. You will need some great stimulus to help you decide, further than that I will not say."

"Clairvoyant, are you not?"

"Yes. That helps the matter, does it not? You shrink from psychic gifts."

"Yes, but I like you."

"And love Zell?"

"I like Zell, too."

"Concentration is what is lacking."

Terry blushed and answered evasively, "I fear so."

"She would suit you; you could mould her as you wished. She loves you, why not make her your wife and take her out in the world to your people?"

She stood still, and winning wistfulness welled with the tears.

"Zanea, why do you talk so. Do not look that way. I am only a man, and man is not, cannot be, insensible to such sorrowful, tear-dimmed eyes as yours are just now."

He lay his hand on her head, let it glide down the silken hair to rest on the shoulder. His every touch was a caress. His eyes sought hers and she saw in their brown depths that she was nearer to him now, and dearer than she would ever be again. Lifting her face she put all her strength of entreaty in one steady look. Slowly Terry's arm passed around her, and to the upturned lips he pressed his; while he held her close, close and yet closer.

"Zanea, this must not be."

"It has been, that is enough. You loved me a little; did you not?"

"No, no, I like you, Zanea."

"Like me—if that was liking I would spend my eternity in a Christian's Hades for one, just one kiss of love from you, Terry Denver."

"You speak sinfully, Zanea."

"You think me always wrong."

"No, I too did wrong."

"Are you sorry you did wrong?"

"Do not ask me."

"Very well. It is darkening, we will have to hasten. Ishmael will need me. You will come in and see him if but a moment."

At the door Zanea heartily checked Terry.

"We must wait; he is experimenting on those poor men. They will die if he keeps them here much longer."

Ishmael sat at the extreme end of the cave. The four men before mentioned were pacing up and down. They were dressed in loose white robes and marched as if almost exhausted, yet on they struggled, their eyes staring wide and sightless before them.

"Has he no pity? How long will he make them do that?"

"A week perhaps. I feel for them. He will sit for days watching them struggle on that slow death march. Afterwards he sends them long and perilous journeys, from which they return on the verge of starvation. He has been experimenting with this four more than four years. He is cruel, heartless, relentless to his victims, yet always tender to me. Ishmael has the power to a wonderful extent."

"Zanea, I cannot look at that longer. We must stop it."

"You could not if you tried. They are quite under his will. Interference would be quite useless, and would only irritate Ishmael."

"I will go now and come with Zell in the morning."

[CONTINUED.]

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and makes you well. Dose, one pill.

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

MISS ADELAIDE CRITTENDEN,
dw Baldwin, Ont.

Would not be Without It.

Dyer's Jelly of Cucumber and Roses for chapped hands and for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

All cases of weak or lame back, headache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. Thus dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

As a healing, soothing application for cuts wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

THE GRAND UNION CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

A. R. MOSES,
ROPRIETOR,
Opera House Block, opposite the Grand Central Hotel, 342 George Street, Peterborough.

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

Jackson & Co.
360 Aylmer St., Peterborough.

"German Syrup"

Asthma. Gentle, Refreshing Sleep.

"I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found my self rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

NERVE BEANS

NERVE BEANS are a new discovery that cure the worst cases of Nervous Debility, Lost Vigor, all Failing Manhood; restores the weakness of body or mind caused by over-work, or the errors or excesses of youth. LAND OF BRIGANDAGE.

SICILY OVERRUN BY THIEVES AND MURDERERS.

Their Operations Extending to the Mainland—They Have Existed For Twenty Years on the Proceeds of Their Crimes And no Effort is Made to Suppress Them.

LONDON, Sept. 15.—The correspondent of The Times at Rome sends to that paper an article on brigandage in Italy, in which he says it is an undeniable fact that brigandage is on the increase, not only in Sicily, but upon the mainland. It is well-known that the brigands live at Viterbese and that for the past 20 years they have been existing on the proceeds of their crime. No effort is made to suppress them. Some of the brigands pose as social reformers. One of these thieves has written a letter from Cattanista, a city of Sicily, to a paper published in Rome enclosing five francs which he requests the paper to give to some worth charity.

In writing of his occupation this brigand says he never robs the poor, only the rich. With much unction he states that he has just assisted in shooting and roasting Signor Bilotti.

The Fanfulla of Rome says the impunity of the recent crimes of the brigands and the enormous booty they have secured without incurring any penalty whatever has stimulated the passion for brigandage throughout Italy.

Gladstone on Home Rule.

LONDON, Sept. 15.—Mr. Gladstone, in replying to an address from the Liberals at Carnarvon, spoke at length and with earnestness upon the urgency of the Home Rule issue, truly consecrated, he declared, by the memory of former ages and of the terrible wrongs inflicted upon the Irish people. Mr. Gladstone added that even the most signal triumph which the Liberals had achieved in the elections must be followed by a period in which it was necessary to display virtue and ceaseless energy combined with reasonable patience. Mr. Gladstone expressed hope that whatever pressure there might be upon Parliament, time would be found to redress some of the grievances of which Wales justly complained.

Mr. Gladstone, after leaving Carnarvon, proceeded to Snowden.

Canada's Trade with England.

LONDON, Sept. 15.—The Board of Trade returns show that the exports to Canada increased ten per cent. in August and decreased two per cent in the past eight months compared with last year. There has been a heavy decline in horses, railroad iron and tin plates and an increase in wearing apparel. In woollens there has been a marked growth.

The imports from Canada increased 34 per cent. during the month and 23 per cent. during the eight months. Wheat increased in the eight months 110,000 pounds, cheese 300,000 pounds and lumber 720,000 pounds.

France Protests to Germany.

PARIS, Sept. 15.—The French Government has protested formally in Berlin against the selling of arms by German firms to the Dahomeyans. Of the 5,000 rapid-fire rifles now supposed to be in the possession of Behanzin's troops fully 3,000 are said to have been furnished by German traders. Behanzin has, moreover, six or eight cannon, also obtained through German agents.

The Germans are believed to keep Behanzin's informed of the measures contemplated by the French officers and of the course of affairs in the Colonial Office.

Oppose Increased Military Expenditures.

BERLIN, Sept. 15.—The German Liberal press protests against the proposed increase of the military expenditures and declares that nothing in the European situation justifies it, and that should the proposed bill, as it is reported, ask a credit of 150,000,000 marks, it will never get a majority of the Reichstag.

To Reorganize the National League.

DUBLIN, Sept. 15.—Several Parnellite meetings have been held this month in Cork, Meath and Kildare and others are to be called to take steps to reorganize the National League The Parnellites are showing an activity that proves that they are far from being discouraged by recent events.

Have you Read

How Mr. W. D. Wentz of Geneva, N. Y. was cured of the severest form of dyspepsia? He says everything he seemed like pouring melted lead into his stomach. Hood's Sarsaparilla effected a perfect cure. Full particulars will be sent if you write C. I. Hood & Co., Lowell, Mass.

The highest praise has been won by Hood's Pills for their easy, yet efficient action.

Freeman's Worm Powders destroy and remove worms without injury to adult or infant dw

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, aminations, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON 24 Macdonell ave., Toronto, Canada.

VERY MANY SUCH.

RHEUMATISM.—Cpl. DAVID WYLIE, Brockville, Ont., says: "I suffered intensely with rheumatism in my ankles. Could not stand; rubbed them with St. Jacobs Oil. In the morning I walked without pain."

NEURALGIA.—Mr. JAMES BONNER, 156 Yonge St., Toronto, Ont., writes: "St. Jacobs Oil is the only remedy that relieved me of neuralgia, and it effectually cured me."

BACKACHE.—"I can highly recommend St. Jacobs Oil as being the best medicine in existence; it promptly cured me of severe lumbago." G. N. BOYER, Carillon, Quebec.

SPRAINS.—"My mother received a very severe sprain and bruise by falling down stairs. St. Jacobs Oil cured her in a couple of days." R. BURNAND, 124 Tecumseth St., Toronto, Ont.

BRUISES.—Mr. AITCHISON, Hamilton, Ont., Fire Department, says he met with a serious accident and his back and shoulders were terribly bruised, but by the use of St. Jacobs Oil he was completely restored.

IT IS THE BEST.

3 APPLICATIONS THOROUGHLY REMOVES DANDRUFF

ANTI-DANDRUFF

GUARANTEED

D. L. CAVEN, Toronto, Travelling Passenger Agent, C. P. R. Says: "Anti-Dandruff is a perfect remover of Dandruff—its action is marvellous—in my own case a few applications not only thoroughly removed excessive dandruff accumulation but stopped falling of the hair, made it soft and pliable and promoted a visible growth."

Restores Fading hair to its original color. Stops falling of hair. Keeps the Scalp clean. Makes hair soft and Pliable Promotes Growth.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

THE "SUN LIFE"

ASSURANCE CO. OF CANADA.

HEAD OFFICE, - - - - MONTREAL.

The year 1891 has been the Banner Year in the History of the Sun Life.

The Gross Applications for the year in the Life Department amounted to the enormous total of $5,901,000.00, an amount greatly exceeding that touched by the Company in any previous year, and it is believed no other Canadian Company has ever totaled a like amount in any one year.

THE SURPLUS PROFITS

have increased to even a greater extent than the new business, thus plainly indicating that the unbounded confidence placed in this great Financial Institution by the Canadian public, has not been misplaced.

FIRE COMPANIES REPRESENTED:

THE HAND-IN-HAND PLATE GLASS; THE QUEEN, THE LONDON ASSURANCE, THE NORTHERN, THE ATLAS, THE NATIONAL, of Ireland, THE IMPERIAL, THE GUARDIAN, THE MERCANTILE, THE NORWICH UNION

Humbert's Generosity.

GENOA, Sept. 15.—The royal party was accorded a splendid ovation last evening on departing for Monza. King Humbert has given 50,000 lire ($10,000) to the fund for the poor, and has issued, through the Mayor, a manifesto thanking the Genoese for their patriotic behavior.

The Caron Commission.

OTTAWA, Ont., Sept. 15.—The Caron Commission will resume its sittings at Quebec on Sept. 20. J. S. Archibald, Government counsel, is in town. He says Mr. Edgar, M.P., who preferred the charge against Sir Adolphe, has not intimated what course he intends to adopt. The feeling prevails that Edgar will ignore the commission.

The Dead.

BERLIN, Sept. 15.—Herr Herrman, the well-known correspondent of The Boersen Courier of Berlin, has died in Hamburg of Asiatic cholera.

VIENNA, Sept. 15.—Prince Camille of Rohan is dead.

LONDON, Sept. 15.—Eugene Gonow, the French sculptor and founder, died yesterday.

Barrie Defeats Brampton.

Toronto, Sept. 15.—The final match for the Intermediate championship of the Canadian Lacrosse Association was played yesterday afternoon at New Rosedale before 1200 spectators. The day was a perfect one for an exhibition of Canada's national game and resulted disastrously to the hitherto unbeaten Excelsiors of Brampton, Barrie winning by four games

Lost Control of the Motor.

ST. LOUIS, Mo., Sept. 14.—Two persons were killed and 13 badly injured in a street railway accident here yesterday. In going down a steep hill the motorman lost control of the car and it jumped the track.

A French Wheelman Breaks the Record.

PARIS, Sept. 15.—The cyclist, Stephane, has just covered 421 miles and 473 yards in 24 hours on the Velodrome track, beating the record.

Scientific Drops.

Electric welding has now become almost universal in large establishments. The use of a flux is necessary. Electricity is used for making forgings, augers, railroad spikes, ball bearings and other articles hitherto made by hand.

A Frenchman has been experimenting with a new electric boat, which has two side wheels with hollow rims to act as floats, and vanes like a mill wheel. At the stern there is a smaller wheel to steer by. The boat is driven by means of motors.

The influence of forests in protecting the water supply is well illustrated in the case of Greece. In ancient days she possessed 7,500,000 acres of forest. To-day she has hardly 2,000,000 acres, and the scarcity of water and other injurious climatic effects are traceable to the destruction of the trees.

Cyclones originated in the tropics, and are chiefly found in five localities: The West Indies, Bengal Bay and the Chinese coast, north of the equator, and in the South Indian Ocean, off Madagascar, and the South Pacific, near Samoa. In the Antilles there are not half a dozen on the average every season.

The properties possessed by the metal glucinum, about which comparatively little is yet known, appear to render it valuable for the construction of electrical instruments. It is said to be lighter than aluminum, stronger than iron and of better conductivity than copper, besides resisting oxidation, while its cost is estimated at $1 an ounce.

A new preparation has been introduced in France for the purpose of replacing India rubber and gutta percha. The ingredients are Manilla gum, bitumen and benzine, to which is added a small percentage of resin oil. The product is said to have all the suppleness, elasticity, solidity and durability of the best India rubbers, and can be vulcanized in the usual manner.

Pieces of natural iron have been found in Arizona, near the Canon Diablo, which possess an extraordinary hardness, and contain small cavities which are filled with a black substance in which are diamonds, some half a millimetre in diameter. The specimens of natural iron appear to be meteoric origin. The occurence of the diamond in natural iron, whether of meteoric origin or not, is an extremely interesting fact.

Further experiments made in English colleries with ammonite show that this explosive possesses qualities rendering it valuable for mine work. The substance consists of pure ammonium nitrate and nitro-napthaline, both of which substances are of themselves inexplosive, but intimately combined form a powerful compound. It does not explode by concussion, is unaffected by variations of temperature, and can be detonated when chilled.

Crippled With Rheumatism.

Ronald McKay, Murray Harbor Road, P. E.I., writes:—"I was crippled with rheumatism and could get no relief until I used your Pink Pills. I am now well." Of all dealers or by mail at 50c, a box or 6 boxes for $2.50. Dr. Williams Med Co., Brockville, Ont., and Schenectady, N.Y. Beware of imitations.

Increase Your Weight.

If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the country to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c, and $1, at Peterborough drug stores.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

ANNIE BEACH, Stevensville, Ont.

dw

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably effectacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

ANGLICAN CHURCH SYNOD

AMERICAN BISHOPS AT THE MONTREAL GATHERING.

They Eulogized the Church And Pictured the Magnificent Ultimate Success of the Movement Towards Christian Unity to Which Such Meetings Would Lead.

MONTREAL, Que., Sept. 16.—Rev. Dr. Leonard, Bishop of Ohio; Rev. Dr. Nicholson, Bishop of Milwaukee; Rev. Dr. Elliott of Washington and Archdeacon Carley of Saratoga, delegates from the Protestant Episcopal Church of the United States, were heard yesterday before the synod of the Church of England in Canada, now in session in Montreal. The delegates received a most hearty welcome.

The Right Rev. Dr. Leonard, Bishop of Ohio, assured the synod of the deep and sincere interest of the American Episcopal Church in the apostolic work of the church of Christ in Canada. He pictured the magnificent ultimate success of the movement toward Christian unity to which such meetings as this would lead. In a stirring plea for true cosmopolitanism, without which Christianity is empty and futile, he outlined the happy relationship which had existed between the two branches of the church in America.

Bishop Nicholson illustrated the close relationship which must always exist between Canada and the United States by a reference to the St. Clair Tunnel. But a greater, stronger bond was the sympathy shown to American Christians by the reception given to this delegation to-day. He spoke of the two churches as "Twin daughters of a common mother, the dear old Church of England." Much was to be learned and gained by these reciprocal visits. The delegates to this synod had already benefited by their observations here. The maintenance of the good old English nomenclature in ecclesiastical records and usages was especially praised. So also he commended the Canadian adherents to ancient precedent in their legislation. Per contra, in the United States Canadian churchmen might see the glory of the American Church of England—its far-reaching incomparable solidarity, incomparable with that of any national church in America and far-reaching as the republic itself, and that to many Americans was as extensive as the earth.

His Canadian brethren might also profit by the ecclesiastical mistakes in the United States. Among these he ventured to mention the vestry system, which in some rural districts engendered all the horrors of what had been termed "lay popery."

Rev. Dr. Elliott and Archdeacon Carey of Saratoga also delivered brief addresses.

A GREAT CROWD AT TORRONTO FAIR.

A Heavy Shower of Rain Cleans Out the Grounds Early.

TORONTO, Sept. 16.—Yesterday would have been one of the best days of the Exhibition if it had not started to rain at 3.30.

Receipts.

	1890.	1891.	1892.
First day	$ 880	$ 633	$ 743
Second day	1,174	891	1,292
Third day	635	2,810	2,612
Fourth day	4,084	4,937	5,580
Fifth day	4,505	3,834	5,480
Sixth day	13,498	14,259	16,007
Seventh day	9,840	6,886	4,764
Eighth day	15,980	13,820	16,899
Ninth day	13,183	13,783	14,951
Total	$65,949	$64,306	$68,142

These figures show an increase of $1 168 compared with the corresponding day last year, and an increase of $1768 compared with 1890. Taking the nine days altogether there is an increase of $3836 over last year, and of $2193 as compared with 1890.

It would have been one of the best days of the Exhibition if it had not started to rain at half past eight.

It came just when the festivities in front of the grand stand were at their height. The stand was full and many people were scattered about the paddocks without means of shelter. As soon as it became evident that Jupiter Pluvius meant business the rockets and set pieces were lighted and those who expected to see fireworks were only partially disappointed.

But there was no ballet. People didn't even desire one. They were wondering how they would feel when they got home. All over the grounds they huddled themselves under cover, and one at a time they lost hope that it would clear off and hurried through the puddles to the exits.

Verily the last great crowd of the season was a sorry-looking one. It ran and scrambled and got anyway to the street cars and was in no humor to heed the pathetic cries of the banana-men, who vainly tried to stop it with the touching words, "Only a few more left."

Funeral of D. A. O'Sullivan.

TORONTO, Sept. 16.—The remains of Dr. D. A. O'Sullivan were interred in St. Michael's Cemetery yesterday morning. At 10 o'clock the funeral cortege left the late residence of the deceased, 24 Elgin-avenue, for St. Basil's Church, where the requiem high mass was sung. Father Teefy of St. Michael's College officiated and Fathers Brennan and Christian were deacon and sub-deacon. The clergy present were His Grace Archbishop Walsh, Vicars-General Rooney and McCann, and Fathers Cassidy, Teefy, Brennan, McGrady, Egan, Morris, Finan, Lafontaine, Rohleder, F. Walsh, Ryan, Laboreau, Gibbons, Marijon, Guinane, McEntee, McBride, Murray, J. Walsh and Rev. Dr. Potts.

Amputated by a Rope.

TORONTO, Sept. 16.—As the tug Frank Jackman was about to tow the schooner J. Drummond away from the Ontario Coal Company's dock yesterday morning, John Rooney, a deckhand from Cobourg, placed one foot inside a coil of the hawser, and the tug suddenly steaming out tightened the hawser, which severed the unfortunate man's leg a few inches below the knee as completely as a surgeon could have performed the operation. An ambulance was called and the injured sailor was removed to St. Michael's Hospital.

The Hand Car Jumped the Track.

LYN, Ont., Sept. 16.—Two gangs of section men were returning home on hand cars on the Brockville and Westport Railway last evening when, as they were rounding a curve east of here and following each other closely, the front car jumped the track, throwing one of the men, Charles Clow, across the track. Before he could clear himself the second car ran over him, inflicting such serious injuries that he died during the night. He leaves a wife and a large family of young children.

Vacant Manitoba Senatorships.

WINNIPEG, Sept. 16.—There is much speculation among politicians as to who will receive the Senatorships now vacant. It is said that both Lieutenant-Governor Schultz and Lieutenant-Governor Royal are likely to be appointed should neither remain in their present office for a second term.

THE VATICAN AND FRANCE.

The Pope Holds That the Old Catholic Parties Should Unite.

ROME, Sept. 16.—The Vatican has received from the Nuncio at Paris the most favorable advices on the Catholic movement of adhesion to the Republic. Regarding the monarchists, the Holy See has come to this point, that it is either resignation or their dismissal.

The Nuncio has received from Cardinal Rampolla rigorous instructions regarding the position between the Holy See and the Republic. This explains the resignation of the Marquis of Breteuil and the political withdrawal of several monarchists closely related to the Comte de Paris. The Pope holds that the old Catholic parties in France ought to unite and constitute a real religious Catholic party in touch with democracy both in France and abroad.

"Meantime, among the groups that adhere more or less to the Papal policy we have," writes the Nuncio, "to surmount a mass of prejudice. The republican groups attribute to the Holy See an abundance of arrieres pensees and egotistic aims."

The Nunico has been told that the policy of the Holy See is in harmony with all the democratic policy which distinguishes its action and that nothing can alter or deflect that policy. There is now in France, arising from the new Papal policy, three distinct monarchic groups—the constitutional, under M. Pion; the faction of the moderate republicans, and the more liberal group, under M. Etienne St. Lamy. But however these may constitute themselves, it is certain that all Catholic groups must now be combined into one, the Catholic democratic.

MANTLES

—AT—

TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-breasted and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

RING DOWN THE CURTAIN.

THE ENDLESS SLEEP COMES TO ACTOR DONALDSON.

The Son of a Well-Known Torontonian Dies from an Overdose of Morphine in a Chicago Hotel—The Old Story of Carelessness in the Use of Drugs Claims Another Victim.

TORONTO, Sept. 17.—William C. Donaldson, son of John A. Donaldson, the well-known emigration agent of this city, died at the County Hospital, Chicago, on Thursday night. He was an actor and his death was due to an overdose of morphine.

The day clerk at Brown's Hotel, corner of Van Buren and State-streets, Chicago, found him in his room on Thursday evening in an unconscious condition, and at once called in a physician, who pronounced it a case of morphine poisoning.

He was at the time playing with the "For Love or Money" Company at the People's Theatre.

In an interview, R. D. Morris, the manager of the company, said: "He came to us well recommended, and I know that he has not been in the habit of using liquor for three years. Last Monday his wife and child went to Memphis, Tenn. I have no reason to think he committed suicide. He was accustomed to use morphine, I believe."

Mr. Donaldson was at one time one of the best known young men of this city and went on the stage some seven or eight years ago. He was with the clever soubret actress, Lizzie Evans, and last year was with "The Devil's Mine" company.

He was a leading man of the second grade, and had an exceptionally fine stage presence.

His brother, Mr. Gerald Donaldson of this city, is well known as an amateur actor and took the leading role in the performance of "A Russian Honeymoon" at the Academy last spring.

CLOSING DAY OF THE FAIR.

Several Ontario Ministers Entertained at Luncheon.

TORONTO, Sept. 17.—The directors of the Fair entertained at lunch yesterday noon a large number of exhibitors representing all the different departments. Among the guests were also Hon. A. S. Hardy, Col. Gibson, Rev. Dr. Briggs, Nicholas Awrey, M.L.A.; Hon. John Dryden, Joseph Tait, M.L.A.; Col. Scott of Kincardine, and Mr. W. B. Hamilton.

Mr. Hardy's Congratulations.

The first called on for an after-dinner speech was Hon. A. S. Hardy. He said in the course of his profuse congratulations that there was no wonder the institution had prospered, for it had an able management. The directors were paid no salary and yet they transacted the business with as much caution as if it were a personal matter. He mentioned the great development in Ontario of stock-raising, dairying and the growing of cereals, during the past fifteen years, and claimed that it was largely due to the exhibition. He expressed the hope that the Canadian exhibit at the World's Fair would be first-class. He fell in with the suggestion of Sir John Thompson that the fair should be made national instead of Provincial. He would like to see buildings on the grounds for the exhibits of each province.

President Withrow said that was his pet scheme. Sir John Thompson had promised his aid and he expected the co-operation of the local governments.

Mr. Joseph Tait, M.L.A., was very brief. He was glad to hear of the proposition mentioned by Mr. Hardy. As a supporter of the Government he felt it his duty and privilege to say "ditto."

Cheering Words From Mr. Gibson.

Hon. J. M. Gibson said it was very difficult for the ministers to get to the fair owing to the fact that many visitors to the fair made that the occasion for transacting business with the departments. He congratulated the directors on their enlarged boundaries, and was glad to know that the arrangement finally arrived at was satisfactory to the militia, the citizens and the exhibitors. This was a model Fair. There was none like it south of the national boundary. Many of the cities over there were giving up their annual fairs, although in many the directors drew large salaries. If Toronto's Fair continued under the same management it could thrive as a Provincial Canadian or even as a World's Fair.

World's Fair Commissioner Awrey made a short speech exhorting the exhibitors at this Fair to make a good showing at Chicago next year.

Mr. N. G. Bigelow, M.L.A., had watched the Fair since its establishment 14 years ago, and felt sure that its mammoth growth was due to the energy of its directors. Toronto was the Athens of Canada, and its influence disseminated by the Fair ought to affect every portion not only of the Province, but of the Dominion.

The Equine Parade.

It was early in the afternoon that the prize horses followed the prize cattle around the ring.

Competent judges declare the spectacle to be the grandest equine panorama ever seen on this continent. The array of sleek-coated prancing animals followed R. Davies' haughty thoroughbred Mikado into the enclosure. Halting before the centre of the stand the proud beast was crowned with a garland of roses by Mrs. Kirkpatrick amidst the plaudits of the multitude.

All around the ½ mile track the horses pranced until a complete circle of steeds at rest were stationed along the fence and the second string of animals soon found its way around.

There they were, a sight never to be forgotten: Thoroughbreds, Clydesdales, hackneys, hunters, roadsters, saddle, general purpose, draught horses and shires, dog cart, cobs and ponies.

They all carried red, blue or yellow tickets and gaily bedecked with ribbons.

Receipts.

	1890.	1891.	1892.
First day	$ 960	$ 635	$ 743
Second day	1,174	891	1,296
Third day	635	2,610	2,511
Fourth day	4,094	4,267	3,589
Fifth day	4,605	3,856	5,469
Sixth day	13,496	14,259	16,091
Seventh day	2,940	6,886	4,764
Eighth day	15,980	16,820	16,259
Ninth day	12,183	13,783	14,851
Tenth day	3,397	3,797	3,788
Total	$60,816	$67,606	$71,995

These figures show an increase of $1026 compared with the corresponding day last year, and an increase of $414 compared with 1890. Taking the ten days altogether there is an increase of $4822 over last year, and $3907 as compared with 1890.

THE TWO MEN LAY DEAD.

THEY WERE POISONED AT NIGHT BY ESCAPING GAS.

Unfamiliar With the Use of Gas, They Had Evidently Turned Out the Lights and Returned the Cocks and Suffocated—One of the Victims a Farmer's Son, the Other a Barnardo Boy.

TORONTO, Sept. 17.—Lying on two marble slabes in the Morgue are the bodies of Frank Harper and Robert Hamilton, who were asphyxiated in Edward F. Wandle's Caledonian Restaurant, 211 York-street, at an early hour yesterday morning.

It is another of many similar cases that have occurred in this city—did not know how to turn off the gas.

The victims hail from near Columbus, a village in South Ontario, 10 miles northeast from Whitby. Thursday morning they took the Canadian Pacific train at Myrtle, the nearest station, for Toronto.

During the day they visited the Exhibition and shortly after midnight they entered Wandle's restaurant, where they partook of an oyster stew. About 1 o'clock they were shown to what proved to them their lethal chamber. It was Mr. Wandle's best parlor, tastefully and well furnished, and immediately over the Osgoode Hall drug store, corner Queen and York-streets, windows looking out upon both streets. In the centre of the parlor is a three-jet chandelier. From it emanated the poisonous gas which closed the lives of the two men. Their bed was an improvised one on the floor.

Discovery of the Bodies.

About 11 o'clock yesterday morning Mr. Wandle, thinking it was time they were up, knocked at the door, but getting no response burst it in.

The sight that met his gaze on entering will probably never be effaced from his memory. There the two men lay as if in quiet sleep, but the blood that covered their faces, pillows and bedclothes told a horrible tale. Wandle summoned the druggist from next door, and he in turn, when he had visited the chamber of death, called up Dr. A. H. Garratt of Bay-street. When the doctor arrived he pronounced life extinct in both cases. Those who first entered the room found two of the three gas jets turned on full, while both windows were closed. Coroner Johnson and Acting Detective Harrison took possession of the bodies, the clothing and the contents of the pockets. Then the patrol wagon from police headquarters was summoned and the bodies were taken to the morgue.

Before removing the bodies Constable Kenney made a further search among the bedding. Inside the pillow-slip under the man supposed to be Harper were found two $5 bills, while inside the pillow-slip under Hamilton's head was a silver watch and two $1 bills.

The Victims.

Frank Harper was a son of Mr. Philip Harper, farmer and thresher, residing east of Columbus. Robert Hamilton was a farm hand in the employ of Mr. John Stocks, residing in Columbus. Hamilton was sent out here by Dr. Barnardo some years ago. He has no relatives in this country. Mr. A. Mackie of Oshawa telegraphed The World last night: "Both are respectable young men."

The Last Person to See Them Alive.

Mrs. Mills, a waitress at Wandle's restaurant and who was the last person who saw the men alive, was seen by a World reporter. "They came here shortly after midnight, I should think," she said, "and got oyster stew. I asked them if they had accommodation for the night and they said no. After finishing their oysters they went out, saying they would be back again. In a few minutes they came back, and after they had drunk some pop I showed them to the parlor, where a shake-down had been prepared for them. One of the men said to me, 'How do you work this thing?' meaning the chandelier. I got a match from one of them and lit the gas. Then I turned the gas out, at the same time explaining how it was done. I left the gas burning low when I left the room."

"After I got downstairs 'the missus' asked me if the men had paid for the room, as it was the rule for lodgers to pay before entering the rooms. I said no and immediately went back, knocked at the door and asked for the money and they gave it to me. Both were in good spirits then."

"Were they intoxicated?"

"O, no, they were perfectly sober. While they were taking their supper they were talking about the fair and the good time they had there. Mr. Wandle only arrived home from Kingston this morning."

"I smelled gas when I opened the store this morning," replied the proprietor of the Osgoode Hall drug store. "When Mr. Wandle called me I went up to the parlor with him. The man on the inside of the bed was cold and stiff, while the man on the outside, who was the taller of the two, was still warm, but life was extinct. They had apparently died without a struggle."

Dr. Garratt's Story.

Dr. A. H. Garratt was found at his office in Bay-street, and when queried said: "When I entered the room in which the bodies were one of them was stiff. He must have died much sooner than the other. He must have been dead eight or ten hours, as rigor mortis sets in in eight to ten hours after death. The other man, I should think, must have died about 5 or 6 o'clock in the morning. They do not seem to have struggled at all. They were both covered with blood. I don't think it was a case of blowing out the gas, but of re-turning the cocks after extinguishing the lights. There is no doubt that death was caused by asphyxiation. The bodies looked those of well-developed men."

Clues to Their Identity.

Coroner Johnson said: "I examined the bodies and the contents of the clothing. Both had C.P.R. book tickets and were stamped Myrtle, and dated Sept. 15. Each had letters in their pockets. In one of the coat pockets was a letter addressed to Frank Harper, Columbus P.O. It was from his brother in British Columbia. In the other coat pocket were letters addressed to Robert Hamilton; in the pants' pocket of one man was a 10 cent piece, while 25 cents was found in the pockets of the other man. I made up my mind that they were farmers."

"You have issued a warrant for an inquest, have you not?" queried the reporter.

"Yes. My object in doing so was to hold the bodies until they are claimed. You see, I am responsible to the Crown for all property found on the bodies. If friends claim the bodies, and I find everything straight, I will not hold an inquest, but if, on the other hand, friends do not claim the bodies, I shall hold an inquest merely for putting things on record."

GREAT BRITAIN FREE OF CHOLERA.

Under the Circumstances This is Considered Marvelous.

LONDON, Sept. 17.—In regard to the effect of the outbreak of cholera in New York on goods and passengers arriving at British and other European ports, Mr. John C. New, the American Consul-General, said there was no reason to suppose that any change would occur. Mr. New further said that there was no cholera within the United Kingdom. This was marvelous, considering that England was the channel through which some of the worst class of continental emigrants poured. If by any chance cholera did become epidemic in America he felt assured that it would not cause the authorities here to do anything to inconvenience American arrivals.

Concerning the statements in American papers that written engagements were given to some of the Normannia's cabin passengers that that vessel carried no emigrants they decline to speak one way or the other. The detention of the Normannia, the agents said, obliged them to bring the Columbia back to Southampton without a single passenger aboard, in order to meet the Normannia's engagement.

Mail From the States Fumigated.

OTTAWA, Ont., Sept. 17.—All mail matter arriving here to-day from the United States is being fumigated. The same rule will be enforced at all exchange offices in Canada.

NEW YORK'S TRADE STILL GOOD.

The Cholera Scare Does Not Appear to Have Had a Bad Effect on Business.

NEW YORK, Sept. 17.—Dun, Wiman & Co.'s weekly review of trade says: Cholera has landed and the business of New York goes on exactly as if it had not. Cars are as crowded with passengers and the streets are as badly blocked with carloads of merchandise as they were one week or one year ago, which means that the heaviest trade ever known at this season is now in progress. The same is true of other cities, almost without exception, and the outlook for fall trade is at all points regarded as exceedingly good. But many people are afraid that all other people will be afraid, and consequently speculative markets decline. Money is in much less supply, and the demand from the interior is less than usual at this season, but large amounts are held out of the loan markets by people who are looking for exceptional opportunities to buy cheaply.

The failures during the past week number for the United States 154, and for Canada 28, or a total of 182, as compared with 179 for last week. For the corresponding week last year the figures were 239, representing 210 failures in the United States and 29 in Canada.

Bradstreet's Report.

NEW YORK, Sept. 17.—Advices to Bradstreet's concerning the state of trade in Canada say: "The receipt in Montreal of news that cholera had appeared in New York seems to have had a more unfavorable effect on trade than elsewhere. So far as learned Toronto does not seem to have paid so much attention to the subject. The wholesale trade in leading lines continues fairly active."

THE ARNOLDI CASE.

Opening of the Investigation Before Justice Armour.

OTTAWA, Ont., Sept. 17.—John R. Arnoldi, the suspended chief mechanical engineer of the Public Works Department, was arraigned before Justice Armour at the assizes to-day charged with fraud, conspiracy and malfeasance while in the department.

B. B. Osler, Q.C., and J. K. Kerr, Q.C., prosecuted for the Government and the defence was sustained by G. T. Blackstock, Q.C., and F. H. Chrysler, Q.C. W. A. Allan, Ottawa, and J. R. Wilson, Montreal, each testified to having the steamer Alice, owned by Arnoldi, registered in their names at the request of Arnoldi, the former charging the Government $80 a month and the latter $100. These accounts were certified correct by Arnoldi, who paid their checks and they handed Arnoldi the money, which he pocketed. Similar evidence was given by Fred Merrit, nephew of accused, who deposed that a stone shed belonging to Arnoldi was entered in the public works books as owned by witness, who was supposed to charge the department $80 per annum. Arnoldi likewise certified to his account, gave his nephew a check, who handed back the amount, which he kept. The case proceeded until late in the afternoon, and was closely watched.

A verdict of guilty of misbehavior in office was entered against the prisoner and he will be sentenced at Toronto.

A WARRANT OUT FOR PECK.

The Author of the Anti-Democratic Report Charged with Misdemeanor.

ALBANY, Sept. 17.—Police Justice Guttmann late yesterday issued warrants for the arrest of Commissioner Peck of the State Bureau of Labor Statistics and his stenographer, A. Rodgers, charging them with misdemeanor in burning public records, consisting of circulars collected by Peck, from which he prepared his report on the effect of the tariff on wages and production.

Thought To Be a Suicide.

ST. GEORGE, Sept. 17.—Miss Mary Mann was found dead in her father's orchard last evening about 7 o'clock. She had been seen during the afternoon sitting on a cushion under an apple tree, and when found was lying on her face.

It is thought to be a case of suicide arising from family trouble. An inquest will be held.

Sir William Ritchie Very Ill.

OTTAWA, Sept. 17.—Sir James Grant, M.D., stated yesterday that there is no improvement in the condition of his patient, Chief Justice Sir William Ritchie. All the members of his family have been summoned home.

A France-Russian Alliance.

LYONS, Sept. 17.—The ultra-Conservative organs assert that a military convention between France and Russia was signed at a meeting between President Carnot and M. DeGiers, the Russian Foreign Minister, and declares that an offensive and defensive alliance was decided upon months ago, but has not yet been signed, owing to the delay in the settlement of the question of France's attitude towards China in the event of an Anglo-Russian conflict in India.

Reparation to a Missionary.

CONSTANTINOPLE, Sept. 17.—The Porte has offered Missionary Bartlett, whose house was set on fire by fanatics, $6000 indemnity. The legation has replied that $300 will suffice to cover the damage. The incident has, therefore, been closed.

NASAL BALM

NEVER FAIL

CURES COLD IN HEAD AND CATARRH

It is a certain and speedy cure for Cold in the Head and Catarrh in all its stages.

SOOTHING, CLEANSING, HEALING.

Instant Relief, Permanent Cure, Failure Impossible.

Many so-called diseases are simply symptoms of Catarrh, such as headache, partial deafness, loss of sense of smell, foul breath, hawking and spitting, hacking, general feeling of debility, etc. If you are troubled with any of these or kindred symptoms, you have Catarrh, and should lose no time in procuring a bottle of NASAL BALM. Be warned in time, neglected cold in head results in Catarrh, followed by consumption and death. NASAL BALM is sold by all druggists, or will be sent, post paid, on receipt of price (50 cents and $1.00) by addressing

FULFORD & CO., Brockville, Ont.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 25c. a month, $2.00 for six months.

Daily Examiner.

SATURDAY, SEPTEMBER 17 1892.

Good Goods Make Their Own Markets.

The benefits that accrue to a country through improved methods of getting its products ready for the market have been demonstrated all over the world. They have been demonstrated in Canada in connection with the cheese trade which has assumed extraordinary proportions as the skill and care in manufacture have increased. The Ontario government has undertaken to promote a similar reform in the equally important dairy product of butter. The travelling dairy has commenced an enlightening process whose important consequences it would be hard to overestimate. That the action is appreciated may be inferred from the resolution that was adopted at the meeting of the board of the Dairymen's Association for Eastern Ontario, wherein Mr. Dryden was thanked for establishing the travelling dairy and the hope expressed that the work would be continued. Increasing the skill and intelligence of the producer is a surer way to add to the wealth of the country than the plan in vogue among our Ottawa rulers in which custom houses play the leading role.

What You Should do if You Suffer From the Dangerous Malady.

Disease of the kidneys has become better understood of late years, and has attracted much attention from its persistent character and the number of its victims. It has several forms, which may be included in an inflammation of one or both kidneys producing a morbid condition of the gland and its secretions.

The great remedy of the day for this distressing and dangerous disease, is Paine's Celery Compound. This grand preparation has done more good and effected a greater number of cures in this field of suffering, than all other remedies combined.

Within the present year, many cases of long standing have been cured by Paine's Celery Compound, after the best physicians failed.

This wonderful preparation is being prescribed every day by medical men for affections of the kidneys. It goes direct to the root of the disease and quickly removes every pain and difficulty.

Sufferer, we advise you to give Paine's Celery Compound a trial at once; it is the only remedy that can cure; the only medicine that can bring you satisfaction.

Chapleau Favours Thompson.

Were any Reform journal to use language with respect to the retiring Premier such as is used by *La Presse*, the Toronto Government organ would be in hysterics. *La Presse* certainly possesses whatever merit there may be in brutal frankness. It looks as if Mr. Chapleau, whose views *La Presse* generally expresses, was paying back with interest the humiliation to which Sir John Abbott subjected him on the occasion of his last strike. That Mr. Chapleau desires the speedy deposition of Sir John Abbott and the elevation of Sir John Thompson is manifest. It seems to be Mr. Chapleau's fortune to be watched and distrusted by his chief. This was the attitude both of Sir John Macdonald and Sir John Abbott towards the theatrical and rhetorical member for Terrebonne. Sir John Thompson should study the departed chieftain's communication to Mr. McGreevy.

An Indian Combine.

A meeting of the Mohawk Indians was held on the Tyendinaga reserve, Hastings county, last week, and the Canadian Indian Rights association formed. The object is to protect the interests, preserve the history, treaties and traditions of the Indians in Canada, and to diffuse information with a view to creating a more general interest in both the spiritual and temporal progress of the Indians.

In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poisons left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

Rely on This.

GENTLEMEN,—We have six children, and have relied on Dr. Fowler's Extract of Wild Strawberry for the past twelve years in all cases of diarrhœa and summer complaints, and it never fails to cure.

MRS. ANNA ALLEN,
dw Harley, Ont.

Gold not so Precious

SIRS.—For several seasons we have relied on Dr. Fowler's Extract of Wild Strawberry for all summer complaints. A few doses always gives relief and it never fails to cure. We think it a very valuable medicine; as precious as gold.

MRS. F. C. WINGER,
w Pont Hill, Ont.

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give heswho call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Cleveland's Stock Rising.

State elections are being watched with great interest in the United States as indications of the attitude of public feeling towards the Presidential campaign. The vote in Maine shows a decrease of 5,500 in the Republican plurality, while the Democrats gained 7,000 and the independent candidate 1,000. The Democrats went to the people with a demand for the resubmission of State prohibition to the electors. Although they gained considerably, the proposal to have another vote on the question was defeated by over 12,000. The total vote polled was much larger than that of 1890, but the Republicans had a net loss of one thousand. Mr. Cleveland's stock is rising.

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations; stands guarding our ports.

But this fell destroyer or pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

Always avoid harsh purgative pills. They first make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels, and makes you well. Dose, one pill.

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable.

GILLETT'S

PURE POWDERED 100% LYE

PUREST, STRONGEST, BEST.

Sold by All Grocers and Druggists.

E. W. GILLETT, Toronto.

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether wholesale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

CHAPTER VII.

DAYS passed uneventfully but for trips to Zell's and then to Zanea's. The canoe was a source of delight to Zell. She learned to use the paddle and passed hours on the water, Terry watching her from the shore. How pleased he was to teach her; if only to paddle. Zanea knew as much, and more than he did. With her his pleasure lay in listening to her quaint mode of expressing herself. It was like listening to some rare sweet music, pathetic in the extreme. Zell was always joyous as a bird. Zanea was at times a little sad; but always pleased to talk with Terry about what she knew thoretically and he knew practically. One day the three were sitting at the foot of the incline. This had become the favorite place for conversation.

"Zell, will you sing for us?"

"Why, Zanea, I cannot sing. Father Ambrose can, the birdies can, but not Zell. Wait though. Sit back near the rock. There, that will do. Now, you must not speak or move, and we will have some singing."

She went a short distance from them. Sitting down she clasped her hands around her knee, threw back her head and whistled clear and sweet the oriole's call to its mate, then paused. From away up the mountain an answer came, almost inaudible. Again she whistled the pretty warbling call. This time the answer was nearer. Terry and Zanea looked up, and in the air above them a bright plumaged oriole could be seen circling around and around, lowering at every circle. Lower it came, answering Zell's call as it flew. With fluttering wings it hovered a moment over her, then it lit on her knee, that was caught between her hands. Now Zell broke into a prolonged whistle, a perfect imitation of the oriole's song. Terry had never heard a duet equal to that one, and tears dimmed the dark eyes of Zanea. Full and fuller the bird sang. Clearer and more musical whistled Zell. The bird's throat seemed almost bursting with its load of song. A scream of terror put to flight both bird and music. Zell sprang to her feet, darted to Terry, and clung to him in abject terror, calling to them to save her. Burying her face she pointed backward.

"They looked, and there so near, so dangerously near to where Zell had been, lay a large rattle-snake, its tawny body coiled, its head raised about a foot, swaying from side to side, its eyes glistening like black diamonds.

"Terry, Zanea, save me!"

"Keep quiet, don't move," he whispered, "and do not cling to me. let me go Zell."

"No, no, do not leave me!"

In the meantime Zanea had caught her fluttering draperies firmly, and noiselessly as the approach of night she crept toward the reptile. With an electric-like movement she seized the swaying snake just behind the jaws, a swift, strong jerk, and the long writhing body swung over her head. She held the neck, still swinging the body around and around until the motion was very rapid, so rapid that the body remained quite straight. Now against the rock she allowed it to strike with all the strength it had gathered in its rotations. The body hung limply, a slight quiver showed that life was not quite extinguished. Again she swung it, striking it against the rock several times, then dropped it a lifeless, bruised mass, on the path.

"Poor thing, it was cruel to kill it," was her only comment.

"You are brave, Zanea. Come Zell, the danger is dead."

"Oh, Terry, I am so afraid of snakes. Throw it into the Tarn, do. It is the only living thing I am afraid of. Zanea, what can I do for you?"

Zanea first threw the dead reptile into the water, then came to poor trembling Zell.

"You can teach me to talk to the birds as you do. I do not know why; but the birds seem afraid of me, while snakes seem part of myself. It hurt me to kill it even to save you, Zell."

"Were you not afraid to touch it, they are so venemous?" asked Terry.

[CONTINUED.]

"I would like to sound the praise of Hood's Sarsaparilla over the entire universe," writes Mrs. Longenecker, of Union Deposit, Penn.

Local Option

This term should be applied to the choice every intelligent person has between Burdock Blood Bitters, the natural and certain remedy for dyspepsia, biliousness, constipation, headache, and bad blood, and the various imitations offered by unscrupulous parties as being "just as good." There is nothing else as good as B.B.B. It is an honest medicine and has made remarkable cures right in our own town. dw

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematic eruptions—produces baldness. Bear in mind that Ani-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

News About Town

It is the current report about town that Kemp's Balsam for the throat and lungs is making some remarkable cures with people who are troubled with coughs, sore throat, asthma, bronchitis and consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles cost 50c and $1. dw

Think For Yourself

Don't you think a medicine which cures others will cure you? Don't you think you need Burdock Blood Bitters to help you to health and happiness? We know B.B.B. cures dyspepsia, biliousness, constipation, headache and bad blood. Don't you think it is time you tried it? dw

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for *Ayer's* Hair Vigor. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

THE HAIR

a silken texture and lasting fragrance. No toilet can be considered complete without this most popular and elegant of all hair-dressings.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color."—R. J. Lowry, Jones Prairie, Texas.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to

USE

Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. Annie Collins, Dighton, Mass.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, *alias* "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor

Advertise in the Examiner

J. J. SHEEHY

IS PREPARING FOR FALL BUSINESS.

The reading public of the town and county of Peterborough must have noticed from time to time our advertisement in this paper. We do not wish to trouble the public too frequently with astounding advertisements; telling them that at our store, and our store only, is the place to deal. Come to think of it, we never advertise in that style at all. We have always tried to stick to ONE GRAND PRINCIPLE, viz.: TO ADVERTISE EXACTLY WHAT WE INTENDED DOING, AND TO DO EXACTLY WHAT WE ADVERTISED. Having just returned from the wholesale markets, where a purchase of $3,271,56 was effected for CASH, will simply mention here a few of the various classes of goods bought, and leave the purchasing public to judge if we have or have not kept faith with our announcement.

HERE ARE THE PRINCIPAL LINES:

1 Lot of Ladies' Mantles in the latest styles, amounting to $575.00. Of the dozens and dozens of them there are not two alike. No use in quoting prices; not two are the same price. Just come and examine them.

Dress Goods, $875.60. Space does not not permit us saying what we would like to about these goods. Suffice it to say this much: We will give you 12 yards of all-wool Serge, in choice of shades, Trimmings and all for $2.15.

Mantle Cloths, $508.40. The balance of our purchase was made up in many lines of Staple and Fancy Goods. Perhaps you'll smile when we say that we have a Large Table in the Centre of the Floor covered with Lovely Dress and Mantle Buttons, worth 25c, 40 and 50c. per dozen. Come in and help yourself to any of them AT THREE AND ONE-HALF CENTS PER DOZEN.

We have always claimed to keep on hand the most reliable stock Gloves and Hosiery to be had in town. We will just add once more that should any of our Celebrated French Kids burst on first trying on we will replace them with pleasure.

YOURS FAITHFULLY,

J. J. SHEEHY.

NEW GOODS! NEW GOODS!

Yesterday's Gun Club Pop.

There were five guns at the regular meet on Riverside Park yesterday. The day was very unfavourable for shooting, the light was bad and the wind vexatiously unfavourable. In spite of these facts some good shooting was done, Mr. T. Rutherford bringing down 17 birds out of 21. The following is the score in totals:—

R. Tivey	11
T. Rutherford	17
S. Ray	12
F. Cameron	13
E. B. Loucks	11

some Fall Fairs.

The following are the dates for some of the annual fairs of the agricultural societies around Peterborough. It would be well to cut the list out and paste it in your hat for future reference.

Lakefield, at Lakefield, on September 20th and 21st.

South Monaghan, at Centreville on October 6th and 7th.

East Peterborough, at Norwood, on October 11th and 12th.

Burleigh and United Townships, at Apsley, on October 5th.

Peterborough Central, at Peterborough, on September 26th, 27th and 28th.

Calcutt's Grand Fall Show, Idyl Wild, Sept. 22rd.

Calcutt's Exhibition, Jubilee Point, Sept. 30th.

A Former Norwood Man Married.

A very pretty wedding took place in the Roman Catholic church, Richmond Hill, Ont., on Tuesday at 11 a.m., when Mr Ralph Kelly, of Dakota, formerly a clerk in Neville's store, Richmond Hill, and a former resident of Norwood, was united in the joyous bonds of wedlock with Annie, eldest daughter of Mr. J. D. Dilworth, station agent of the G. T. R. at Richmond Hill. Rev. J. J. Egan was the officiating minister. The bride was assisted by her sister, Miss Minnie Dilworth, and the groom was supported by his brother. The bride, who entered the church leaning upon her father's arm, was dressed in cream, with wedding veil, and looked very pretty, as also did her bridesmaid Quite a number of the citizens were at the church to witness the interesting ceremony, and several were also present from Maple and vicinity. The happy couple left the church amid showers, receiving many congratulations from their friends. They went to Muskoka on the mid-day train, where they will spend a few days previous to starting for their new home in Dakota.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—A large flock of ducks passed over the town this morning, flying in a north-west direction.

—A diphtheria placard is displayed on Aylmer street and a typhoid placard on Cumberlan street.

—There was a "large market" this morning. Abundant supplies of all sorts of produce met ready demand.

—Several Peterborough citizens are contemplating going to the Blake reception in Toronto on Monday evening.

—Two young men living near Myrtle, blew out the gas in their bedroom in Toronto last night and were fatally suffocated.

—A meeting of the Edison drain special committee was held this afternoon. The committee went over the ground.

—The maples are commencing to assume their autumnal tints, and soon the woods will appear in all the glory of a Canadian fall.

—The attendance at the Collegiate Institute is this session about 260 as against about 175 at the corresponding period last year.

—The fire brigade was rung out this afternoon to put out a fire in a dwelling on Parnell street—in the southern part of the town.

—Workmen are engaged in building a stone foundation underneath the residence of Mr. H. Grandy, corner of Hunter and Bethune streets.

—A young son of D. Carlow, of Percy township, while getting over a fence with a cradle was severely cut about the face by falling on the scythe.

—A peacock was killed the other day at Fenelon Falls. He was on the railway track and was struck by a passing train, which, fortunately was not derailed.

—James Moore, arraigned at the police court this morning, charged with truancy and being a bad boy generally, was allowed to go with a lecture from the bench.

—Chief of police W. W. Bell, of Napanee, has gone to the Southern States to live. Prior to his departure he was presented with a valuable and handsome gold headed cane.

—Mr. Wm. Tremain, of Harvey, had a wheat crop of about a thousand bushels to a large extent destroyed by wet while in stook, in stack and in bags after being threshed.

—Two young lads of Fenelon Falls, the *Gazette* says, had a prize fight at that place. As in the Sullivan-Corbett "scrap" the big boy was knocked-out after a twenty minutes setto.

—As a result of the death of Mr. John Macdonald, of the firm of M. Boyd & Co., the limits, mills and lumbering plant of the firm, will be offered for sale in Toronto on Nov. 23rd.

—The thanks of the EXAMINER reporterial staff is due to Mr. Wm. Collins, the considerate and obliging secretary of the Central Exhibition, for badges giving Exhibition privileges.

—Mr. J. J. Woodcock, of Tweed, who has decided to take up his residence in Peterborough, has purchased from Mr. J. M. Taylor the brick residence on John street (off Bolivar street).

—John Wilson and Alex. Ross, the two young Peterborough men, charged with burglariously entering the C. P. R station at Locust Hill, were tried and found guilty yesterday at the Court of Sessions, Toronto. They are now in jail awaiting sentence.

—The four men who created the disturbance on Dan Whetung's excursion from Bridgenorth to Fenelon Falls have been brought before Mr. S. Crabtree, J.P., and fined $26 in the aggregate with about $17 added for costs. Mr. Crabtree says he is determined to do his best to put down rowdyism on, especially, excursion steamers.

The Chemong Regatta.

The public who desire to witness a really first class exhibition of aquatic sport should make their arrangements to attend the Chemong Regatta on Thursday next, Sept. 22nd. The Nicholls-Taylor matched race and a fine programme of other events guarantee a fine bill of fare of aquatic sport.

Accident in Galway.

Silas, a son of Mr. William Finley, on the Galway road, met with a bad accident, says the Bobcaygeon *Independent*. He jumped into a bin of grain after some apples, and his leg struck on a scythe, that had been laid in the bin. The keen blade made a frightful wound. Entering just under the knee, it pushed the cap slightly upward, and cut clean to the bone, exposing the knuckle of the joint. There is little if any hope of his regaining the use of the joint.

Put on Its Good Behaviour.

The case of the town against Mr. W. B. Bamford, station agent, representing the C. P. R. railway, adjourned from last Saturday, came up for hearing this morning at the police court. The charge was obstructing the George street crossing with trains. The town was unrepresented by counsel, and Mr. W. H. Moore appeared for Mr. Bamford. The C.P.R. was "released on its own recognizance," on condition of future good behaviour in regard to obstructing the crossing—equivalent to a verdict of "not guilty, but don't do it again."

The Edison Drain Matter.

Another step has been made with this deliberately progressing enterprise. Mr. Allan MacDougall, C.E., of Toronto, arrived last night by the local train and had a conference with the special committee. It is understood that arrangements of a satisfactory character were made with the engineer to undertake the superintendence of the construction of the sewer. At any rate he is to-day taking the necessary levels from the works of the Edison Company along the Rink street route to the lake, to enable him to prepare working plans and specifications, and doubtless he will use as much expedition as possible to put the matter in a shape that will admit of tenders being called for.

The Small Game Season.

Sportsmen are becoming active and the small game in the vicinity of the town will come to pot if the execution of the sporting fraternity should bear the smallest degree of proportion to the elaborate preparations made, which are something like the mobilization of an army. Mr. Loucks, the manager of Mackieston & Co., yesterday set up a "Rapid Loader" for charging cartridges, capable of filling 500 shells an hour. He has already received orders for 2000 cartridges, of which 425 are required to-day. There should be some tremendous bags of game, judging from these preparations, but it is not probable, taking the destruction of bullets in a battle, as a criterion, that more than one out of twenty cartridges will ruffle a feather. But, that's nothing; the birds will be killed—if not by leaden shot, with verbal pellets.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Personal.

Mr. James Burns of Detroit, is in town on a visit to friends.

Miss Florence Elliott, of Omemee, is visiting friends in town.

Miss Somers, of Gananoque, is the guest of her aunt, Mrs. Somers, Hunter street.

Mrs. W. Cowie is paying a week's visit to her daughter, Mrs. Edmonds, of Toronto.

Mr. and Mrs. G. A. Smith have returned from a three months tour of the United Kingdom.

Dr. W. J. Delaney, of Waterbury, Conn., is on a short visit to his parents after an absence of two years.

Mrs. F. Dover, and her daughter, Miss Violet Dover, have been spending a few days in Montreal this week.

Miss Annie McMahon and Miss Kate Hickey have returned home after an extended visit to Geneva, N.Y.

Mr. R. Nimmo, who has been away for a few days rest has returned home and his office will be open as usual on Monday.

Mr. Wm. Cunningham, for some time employed in Bellegham's furniture factory, left this morning for Ingersoll, where he has accepted a lucrative position.

Mr. F. J. Moore, of Lakefield, and Mr. J. W. Wedlock, of South Monaghan, have been appointed deputy game wardens under the game protection legislation of last session.

Mr. J. B. Dundas, of Dundas & Flavelle Bros., Lindsay, was on Saturday evening presented with an address by the employees of the establishment, accompanied with the gift of a gold headed cane. The occasion was the removal of Mr. Dundas to Toronto, which took place on Monday. His permanent removal to Toronto will be a decided loss to Lindsay.

The members of the congregation of St. Paul's and the public generally will be pleased to learn that Rev. Mr. Torrance, who has been ill at the Nicholl's Hospital for a few days is improving in condition in a very satisfactory manner, though it will be some time before he will be sufficiently strong to enter upon the active discharge of the duties of his pastorate. Rev. A. H. Scott of St. Andrew's Presbyterian church, Perth, will conduct the services in St. Paul's to-morrow.

Church Chimes.

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral, Roman Catholic, there will be two masses celebrated, the first at 8 a.m., the second at 10:30 a.m. Vespers at 7 p.m.

GEORGE STREET METHODIST CHURCH.—Jos. H. Locke, pastor. Sunday, Sept. 18th. Service at 11 a.m. and 7 p.m., conducted by the pastor. Strangers will be welcomed by ushers and conducted to seats. Sunday school and Bible class at 2.30.

CHARLOTTE STREET METHODIST CHURCH.—Rev. George Edwards, pastor. On Sabbath the 17th Sept., the services at 11 a.m. and 7 p.m., will be conducted by the Rev. Wilmot G. Clarke, B.A., of Cavan South. Sabbath school and Bible class at 2 30 p.m.

MARK STREET METHODIST CHURCH (Ashburnham)—Rev. James Toom, B.A., pastor. Sabbath services, 11 a.m. and 7 p.m. Seats free. A welcome to every person. Ushers will conduct strangers to seats. Sabbath school 2 30 p.m., H. S. Armstrong, superintendent. Epworth League, Monday, 8 p.m. Prayer meeting Wednesday 8 p.m.

SALEM METHODIST CHURCH, Otonabee—On Sabbath, the 17th Sept., the services at 3 p.m. will be conducted by Mr. James Sutherland.

CHRISTIAN ALLIANCE.—The usual meeting of the Christian Alliance on Sabbath morning at 9 15, in their new hall in the opera house building, on the first floor. Also at 7.15 in the evening in the same hall, an evangelistic service will be held by Bethany Mission.

The public are often very unjust, but never consciously so, What they see clearly to be justice they always approve. It often takes them a long time to bring them to see things as they really are, (but in the end their verdict is always right. It was faith in this idea which induced the manufacturers of the "Myrtle Navy" tobacco to stand by their superior brand under every discouragement at the outset. The public verdict has been rendered at last, and it is emphatically in their favour.

Gents Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKER'S Steam Dye Works, Charlotte street

ST. ANDREW'S SOCIAL.

An interesting social under the auspices of the Y. P. S. C. E. of St. Andrews church will be held in the manse on Tuesday evening, Sept. 20th.

Going to Get Married?

If so, you can start housekeeping very easily and cheaply by buying everything you want for your house at H. Newton's manufacturing store, George street, opposite the Bank of Toronto. Cheapest Furniture, stoves, etc., in the county for cash or credit.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

Grocers vs Dry Goods.

The Great Trade Contest on the Diamond—The Grocers outweigh the Hardsticks by a score of 17 to 7.

A great rush of customers assembled to witness a most exciting contest on the diamond, which took place yesterday afternoon, when a nine representing the dry goods interests, met a similar nine representing the the damp goods interests, at the Riverside park. The result, by the subjoined score was a defeat of the former by 17 to 7. No more brilliant exhibition of bucolic baseball has ever been exploited on the baseball field. Mr. Joe Nelson occupied the very delicate position of umpire, and the fact of his being of unusually robust physical proportions, prevented any necessity for the employment of a surgeon whose services had been retained for the occasion. The fact that he gave general satisfaction in his decisions shows that he has the diplomatic instinct developed to an unusual degree. Any attempt to make a detailed reference to the incidents of the game would be a record of the most unmakeable muffs and the most erratic of errors. Below is the score as recorded :—

Winner's names will be published in *The Toronto Mail* on first Saturday in each month.

Honoring a Prominent Lacrosse Player.

Mr. C. J. Phelan's Retirement Recognized by a Handsome Presentation.

Last night the members of the Peterborough lacrosse club "checked" "Joe" Phelan with a stick, which he was not accustomed to, taking him at a disadvantage and surprising him at he has surprised many a player in the lacrosse field. The occasion was the retirement from the secretaryship of the club, which he has held for five or six years, and also his retirement as a playing member. Next Monday night Mr. Phelan leaves for Montreal, to attend the Grand Seminary, which, fact will, of course, prevent further association with the club. In view of the circumstances and of Mr. Phelan's eminence as a player, it was considered fitting to give tangible recognition of the services he has rendered the national game. Accordingly, last evening a delegation representing the club waited upon him at the Phelan House and on behalf of the club, Mr. W. E Loch, president, presented Mr. Phelan with a very handsome gold headed ebony cane—supplied by Mr. W. A. Sanderson, also an enthusiastic lacrossist—which bore the following inscription :—

"Presented to C. J. Phelan of the Peterborough Lacrosse Club, Sept. 15th, 1892."

Mr. Loch accompanied the presentation with a neat little speech, in which, on behalf of himself and the club, he regretted Mr. Phelan's retirement from the secretaryship, which also involved the loss of an enthusiastic and active member, whose personal efforts had for a time kept the club together and aroused an interest in others which had resulted in the club reaching the state it now was in. His services, both as secretary and as a player of leading excellence, were worthy of every commendation, and his severance of his active relations with the club was a distinct loss, which would be felt both in the field and in the other departments of the club's activities.

Mr. Phelan, who was completely taken by surprise, said he could hardly find words to express his acknowledgment of the kindly but embarrassing surprise which had been sprung upon him. Though he did not hold himself deserving of the kind things that had been said of him, yet he must admit that it gave him the keenest pleasure to feel that he held so warm a place in the esteem of his late associates. As a lacrosse player he felt the deepest regret at severing his relations with the club, in whose prosperity he had so great an interest. But the time had come when the discharge of higher duties, necessary to fit him for the life-calling he had chosen, required his undivided attention. Though necessarily separated from the Peterborough Lacrosse Club, and deprived by duty and distance from being a playing member, he would always feel an interest in the club and would be happy to do anything in his power to promote its prosperity. After a few complimentary remarks from Joseph Begley, another veteran in the club, and others, the interesting proceedings came to a close by Mr. Phelan handsomely entertaining the delegation.

Mr. Phelan's services in promoting the interests of the national game, have been untiring and successful. As a player his skill has had, in every match where the club won success, a very prominent part in scoring that victory. With the application of the same energy, talent and industry, he will doubtless take as prominent and creditable a position in the sphere of activity he has chosen, as he has achieved in lacrosse circles.

The Junior Peterboroughs vs. the Norwoods.

To the Editor of the Examiner.

DEAR SIR,—In the report of the recent match at Norwood, the *Register* seems to have the wrong facts as to how the Peterborough team left the field. It was agreed beforehand to quit play at 25 minutes to 5, but the referee not calling time, play was continued till a quarter to five, ten minutes overtime having been played, leaving the juniors barely time to catch the train.

If the Norwood players had been on the field at the hour stated on the bills there would have been plenty of time, but they did not show up until 35 minutes later.

If they are still dissatisfied as to the result, the Peterborough Juniors will be glad to have them play here during Exhibition week on the same terms as the recent match.

F. LONG,
Secretary Peterborough Juniors.

That Little Book.

Every mother in Canada should read that little book, "Mother's Guide and Baby's Welfare," which has just been issued by the manufacturers of the popular Lactated Food. This book contains information of great value for every mother, and should be carefully read.

Mothers who read this interesting book will note that the late celebrated Dr. T. Milner Fothergill, of London, England, has written most favourably about Lactated Food. It is well known that Dr. Fothergill was the greatest English authority on "Dietetics," therefore his opinions carry great weight.

The mothers of Canada who wish to secure this little book will please send their address to the Wells & Richardson Co., Montreal, who will send it free of charge.

Death of Mrs. (Rev.) W. C. Windell.

Mrs Windell, wife of Rev. W. C. Windel the well known Presbyterian clergyman of Manvers and Cartwright is dead. The deceased has for some years been suffering from cancer in the breast, and had it removed. But the roots were in the system and it again grew. Mrs. Windel was one of the best educated and generally well-informed ladies of the time. In her youth all the best facilities the best schools of Ireland afforded were at her disposal, and she availed herself of every opportunity to improve her mind. Besides her husband there are left a large grown up family, Mrs. Thos. Ferguson, of Huron, Mrs. Ferguson, of Manvers, Mrs. Marshall, of Belleville, besides Miss Maggie and others unmarried are the daughters. Dr. Wm. Windel, of Genesee, N.Y., James Windel, of Pontypool, and others are the sons. All are grown up. We extend to our dear old friend of very many years ago and his family our sincere sympathy in their hour of trial. They have indeed lost a noble wife and mother. Mrs. Windel died at Pontypool on Wednesday mor 14th Sept., 1892.—*Post.*

A MIDLAND MIRACLE.

Narrative of Facts Connected with the Case of Mrs. F. A. Chase.

A Sufferer for Over Ten Years—Treated by the Best Doctors in the Place, Only to Grow Worse—The Particulars of Her Recovery as Investigated by a Reporter of the "News-Letter."

Midlin News-Letter.

What wonderful progress the closing half of the nineteenth century has witnessed! Men still young have witnessed discoveries and inventions, which, while they have fairly revolutionized the methods of human life, are taken almost as a matter of course. New and wonderful discoveries are made almost daily; we quickly adapt ourselves to the changed condition, and even wonder that the inventive genius of man had not long ago penetrated the secrets of nature, almost daily being brought to our aid. While in all directions great advances have been made, perhaps in none have the strides been greater than in the science of medicine. Old methods have entirely disappeared, the days of big nauseous doses, cupping and bleeding, have passed away, and diseases formerly held to be incurable now speedily yield to the treatment of advanced medical science. For more than a year past there have appeared in the columns of the "News Letter," from time to time, the particulars of cures that have been the wonder of all who were acquainted with the persons restored. Perhaps the case of Mr. John Marshall, of Hamilton, was more firmly fastened in the public mind, for the reason that he had been paid a total disability claim of $1,000, only after having been pronounced incurable by a score or more of men, who are leaders in the medical profession. As publisher of the "Canadian Workman" the writer has a knowledge of the proceedings under which a disability claim is paid, and when it is understood that all such claims have to pass the scrutiny of an investigating committee, the Local Medical Examiner, the Grand Medical Examiner, the Finance Committee and the Grand Lodge Officers, it will be seen that in none but a genuine case of disability could a claim be paid. That the claim was paid Mr. Marshall under this stringent scrutiny was unimpeachable evidence of his total disability; that he was afterwards made a well man was due entirely to a treatment of Dr. Williams' Pink Pills—probably the most remarkable medical discovery of the age. This case was but the first of a series of cures equally remarkable, due to the same grand agency, each of which has been verified by the most trustworthy testimony. The *News Letter*, in common with many others, has taken a deep interest in noting the testimony given in behalf of Dr. Williams' Pink Pills, hence when the cure of Mrs. F. A. Chase, was reported from Midland recently, we decided to interview the lady and verify the truth of the report; with this end in view, Midland was visited, and Mrs. Chase found looking well and happy after long years of suffering, before she learned of the efficacy of Dr. Williams' Pink Pill. Mrs. Chase herself admitted the reporter, who found her a lady of superior intelligence, who, while not wishing for notoriety, was willing to give her candid testimony in favor of Pink Pills, for the benefit of other afflicted persons. To the reporter Mrs. Chase said that up to her sixteenth year, she had been a healthy girl, but at that period sickness overtook her, and for the ensuing ten years her life was one of almost constant misery. In January, 1891, she grew worse, and finally had to take to her bed and was reduced by suffering to the point of death. All the time she was under the treatment of leading doctors. After weary months Mrs Chase longed for some change and in October asked her doctor if he would consent to her taking a trip to her mother's, who lives near Port Hope. This was finally agreed to and on October 3 last she set out for that place. On the way a lady, a stranger to her, noticing her weak condition, strongly urged her use Dr William's Pink Pills, and again on her arrival at her destination her friends urged her to try this wonderful remedy. On Oct. 10 she consented to give the Pink Pills a trial, and soon found such beneficial effects that it needed no persuasion to continue the treatment. In less than three months she was fully restored, and on January 15 returned to her home in Midland, where her friends were rejoiced and gratified at the wonderful change which Pink Pills had wrought in her health and appearance. Mrs. Chase has since continued to enjoy good health, and says that she cannot too highly praise Dr. Williams' Pink Pills, which have rescued her from debility after many years of almost helplessness. Her husband also expresses his thankfulness and appreciation of Pink Pills, and the unlimited pleasure with which he received his wife on her return, looking so well and happy, which was as he truly described it, "like receiving one from the dead." He said that his wife's condition had been such that in going on y a few yards she would be obliged to rest, or obtain help, and before her restoration she had been unequal to the slightest exertion.

While in Midland the writer called upon Dr. McCartney, druggist, who reports large sales of Dr. Williams' Pink Pills, with the most decided benefits to those using them.

From many of our exchanges we have noticed with interest the reports of the great benefit derived from the use of Dr. Williams' Pink Pills, and the case of Mrs. Chase goes to confirm the claim that they are a wonderful discovery in the interests of humanity, restoring vitality to the broken down system. Considering that Mrs. Chase had suffered ten years, and last October was looked upon as being at the point of death, there must be something of an almost miraculous virtue in the remedy which has raised her to her present condition of health, after she had spent hundreds of dollars in doctoring, and for other so-called remedies, of various kinds. In fact Dr. William's Pink Pills are recognized as one of the greatest modern remedies—a perfect blood builder and nerve restorer—curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling resulting therefrom, diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, the after effects of la grippe, etc. Pink Pills restore pale and sallow complexions to the glow of health, and are a specific to all troubles peculiar to the female sex, while in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and are sold only in boxes bearing our trade mark and wrapper, at 50 cents a box, or six boxes for $2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

In Favour of the Farmers.

A very considerable reduction has been made in the fees at the Guelph Agricultural College. Hereafter the Ontario Government will collect only five dollars from students for incidental expenses. No entrance examination is required, and there will be no charge for tuition. Students can either board at a moderate cost in the college or in the city of Guelph. Hitherto the complaint has been made that the taxpayers of Ontario have been paying for the education of well-to-do persons from other countries who do not settle in the province. The college will now be available to young men of moderate means, and as long as there is a resident of this province seeking admission no outsiders should be received.

To rise in the morning with a bad taste in the mouth and no appetite, indicates that the stomach needs strengthening. For this purpose, there is nothing better than an occasional dose of Ayer's Pills taken at bed time.

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

A Consideration.

GENTLEMEN,—My brother suffered from summer complaint and was extremely weak. We tried many remedies but without effect. At last my aunt advised us to try Dr. Fowler's Extract of Wild Strawberry, and before he had taken one bottle he was cured. We consider it saved his life.

Dyer's Jelly of Cucumber and Roses for chapped hands and for making the skin smooth and soft. Try it. Druggists keep it. W. A. Dyer & Co., Montreal.

All cases of weak or lame back, headache, rheumatism, will find relief by wearing one of Carter's Smart Weed and Belladonna Backache Plasters. Price 25 cents. Try them.

As a healing, soothing application for cuts wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

Itch, Mange and scratches of every kind on human or animals, cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Warranted by H. S. McDonald, druggist.

THE GRAND UNION
CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the latest system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT
PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—
HEINTZMAN
AND
EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,
AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

Asthma. "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

Gentle, Refreshing Sleep.

Shot by a Scholar.

VIENNA, Sept. 16.—As a number of boys were leaving the gymnasium at Tarnopol yesterday a lad named Johann Schwed drew a revolver and, without a word of warning, fired at Prof. Dr. Felix Glowacki, killing him instantly. Schwed then blew his own brains out.

A Dishonest Official Suicides.

VIENNA, Sept. 16.—The trial was continued here yesterday of the 22 customs officers and merchants of the Duchy of Bukovina who are accused of accepting and giving bribes, involving a loss to the state of millions of florins. A witness testified that he had been sent by the Ministry of Finance to investigate the frauds. Upon hearing his testimony Herr Danoczkul, Director of Customs in Bukovina, one of the accused officials on trial, was struck with consternation and committed suicide.

They Do Not Like the Ballot.

BERLIN, Sept. 16.—Strange rumors are abroad of conferences in high places at which the possibility of opposing the present mode of secret voting at Reichstag elections and of adopting the old and much-abused system of open ballot is said to have been discussed. The danger of attempting to tamper with what is regarded as a sacred right is evident.

The Baring Liabilities.

LONDON, Sept. 16.—The Governor of the Bank of England in a statement presented yesterday said the Baring liabilities had been reduced to £5,093,613, of which £5,045,000 was due to the Bank of England. The Governor said it was expected the affairs of the firm would be wound up without calling on the guarantees.

Fought With Corn Cutters.

MILAN, Tenn., Sept. 16.—William Donald (white) and Warrington Moseley (colored) settled an old quarrel with corn knives yesterday. Donald was fatally and Moseley seriously wounded.

The Owner Was At Toronto Exhibition.

MINDEN, Ont., Sept. 16.—The residence of William Gainer, reeve of Minden, was burned at 3 o'clock yesterday morning. Most of the contents were saved. The origin of the fire is unknown; loss about $1400; insurance not known, Mr. Gainer being at the exhibition.

Senator Girard's Funeral.

WINNIPEG, Sept. 16.—The funeral of Senator Girard took place at St. Boniface yesterday. The pallbearers were Lieutenant-Governor Royal, Senator Sutherland, Judge Dubuc, A. Lariviere, M.P., T. A. Bernier and Judge Prudhomme.

An M.P. Resigns.

ST. JOHN, N.B., Sept. 16.—The resignation of Mr. C. N. Skinner, M.P. for St. John, has been forwarded to the Speaker of the House of Commons. Some time ago Mr. Skinner was appointed Judge of Probate here, in the place of his brother, lately deceased. Mr. Skinner continued to sit in Parliament, but when Premier Blair returned from England he gave Mr. Skinner a week to say whether he would resign his seat in Parliament or resign from the Probate Court.

Overdoing It.

He (as the curtain falls)—My, dear, I believe I will go into the lobby to stretch my legs.

She—You've been to the lobby three times to stretch your legs, and the last time when you came back they seemed real weak. I am afraid you are stretching them too much.—New York Weekly.

No Tears to Shed.

"The boom in your town seems to have burst," observed the Eastern man, who was making a trip through the Far West.

"You bet it has!" responded the editor of the local paper, with much heartiness.

"But in your capacity as newspaper man you try to keep up a show of cheerfulness, I presume?"

"Me?" exclaimed the editor. "Try to keep up a show of cheerfulness? Thunder! I'm cheerful enough. I'm making $150 a week publishing notices of trustees' sales!"

Too Prevalent.

Righteously Indignant Citizen—I tell you, sir, gambling is going on night and day, right under the noses of the police, and they are doing nothing at all to prevent it!

Apathetic Citizen—O, yes, there's some gambling, of course, but how are you going to dry it up?

"Turn the rascals out! That's how our party will carry the city next time."

"No, you won't. You'll be beaten by 10,000 majority."

"I'll bet you a thousand dollars on it right now? Put up or shut up!"

What Stronger Proof

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON 24 Macdonell ave., Toronto, Canada.

HISTORY OF THE PEAR.

Some Interesting Facts About Its Origin and Development.

The pear dates from very early times, and is indigenous to Northern Persia and Western Europe. It was extensively cultivated by the Romans who are said to have had 36 varieties.

To Dr. Van Mons, who devoted a large portion of his time and energy in the early part of the present century to the development of the pear, are we indebted for a foundation of the varieties now cultivated; indeed some of the original productions are still extensively grown as in the case of the Beurre diel, Beurre box and others. His method in short, "was to sow, resow and sow again perpetually," meaning to continue the work of sowing the seed through consecutive generations. An idea of the thoroughness which characterized his labors is gained when we consider that during his lifetime he reared and studied about 80,000 seedling pear trees. The art of cross fertilizing had not then come into practice. This was taken up by Andrew Knight and other English cultivators and resulted in many of the varieties in cultivation at the present time. Bearing in mind the fact that up to the beginning of the present century no systematic effort had been directed towards the improvement of this fruit and considering its present state of excellence we gain an idea of the rapidity of its development. In its wild state it is one of the largest and longest lived of our fruit trees. Records of trees of great size and age in Europe and on this continent are numerous. Downing gives an instance of one in Herefordshire, England, that in 1805, covered more than half an acre of ground and which propagated itself by layering—the branches bending down and taking root. He further says that one of the most remarkable trees on this continent is growing in the State of Illinois. It was planted about the year 1800 and 30 years ago the girth of its trunk one foot above the ground was twelve feet, its branches extending over an area of 94 feet in diameter. In 1834 it yielded 184 bushels of pears; in 1840 its yield was 140 bushels.

The catalogue of the Horticultural Society of England in 1831 contained 677 varieties. Downing describes about three times that number. America claims the honor of originating early in the present century a pear which in its season has been classed as the finest flavored in existence and not yet surpassed. I refer to the Seckel. This originated on the farm of Mr. Seckel in Pa., and was exhibited before the Horticultural Society of London as early as 1819.

In reference to the early planting of pears in this country Mr. Charles Gibb says, "The French settled in Illinois about 1685, and there are grand old French pear trees now growing on the sites of their settlements, and on the Detroit river there are trees eight or nine feet in girth and 70 to 80 feet high. The old tradition says that they were brought from Normandy or Provence to Montreal, from there to Detroit."

The varieties of pears in most general cultivation on this continent at the present time may be roughly divided into two classes—the first summer and fall fruits and of American origin; the second fall and winter fruits and of European production. Among the first may be mentioned the Lawrence, Sheldon and Seckel. Of the second class are the Josephine de Malines, Winter Nelis, Beurre d'Anjou and Beurre Hardy. Many seedlings have been raised in this country, but little has been done in the way of crossing varieties. We have yet to find a pear of good quality with the required constitution to withstand the severity of our Canadian winters in the eastern and northwestern portions. It is hoped that the groundwork for such a variety may be found in the large number of Russian sorts now on trial at the Experimental Farm, which possess in point of hardiness the essential characteristics but may lack in quality and flavor. This should be secured by a judicious union with those of better quality coming from West Europe. —Prof. J. Craig, Ottawa.

THIS WEEK'S CROP.

Sewing Machine Agent—Lady of the house not in, eh?—will she be back soon?

Native—Can't say, stranger—depends on how fur she's gone—the last time I seen her wuz jest afore the cyclone struck here, yisterday.

Crippled With Rheumatism.

Ronald McKay, Murray Harbor Road, P.E.I., writes:—"I was crippled with rheumatism and could get no relief until I used your Pink Pills. I am now well." Of all dealers or by mail at 50c. a box or 6 boxes for $2.50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N.Y. Beware of imitations.

Increase Your Weight.

If you are losing flesh and blood, commence at once taking Miller's Emulsion of Cod Liver Oil, which is far ahead of all other preparations of the kind in existence. By taking Miller's Emulsion people gain from 5 to 10 lbs. by the time the first bottle is consumed. It is the greatest blessing of the century to all in delicate health, or who suffer with coughs, colds and ailments that tend to consumption. Remember, Miller's Emulsion contains all the constituents found in wheat. It is used in the hospitals and asylums of the country. In big bottles 50c, and $1, at Peterborough drug stores.

How to Cure Headache.

DEAR SIRS,—I have used your Burdock Blood Bitters for biliousness and sick headache and never neglect to praise it. It brings the flush of health to one's cheeks, and I recommend it highly.

ANNIE BEACH, Stevensville, Ont.

dw

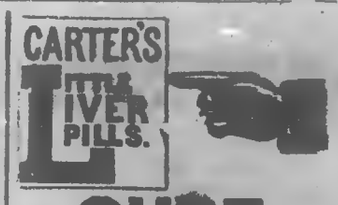
A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably effective in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

CARTER'S LITTLE LIVER PILLS.



CURE

Sick Headache and relieve all the ills that follow as a bilious state of the System, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them, but after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

UNDER A YELLOW FLAG.

THE BOHEMIA BRINGS MORE CHOLERA TO NEW YORK.

No More Cases in New York City Reported—The Normannia to Be Set Free, Though Her Steerage Passengers Will Be Detained—Reports from the Quarantine Stations.

NEW YORK, Sept. 17.—Another plague ship in the port, another story of disease and death on the voyage. Eleven more victims added to the long list of those who have died of cholera between Hamburg and New York. This is the story of the steamship Bohemia, which reached New York last night and anchored in the lower quarantine.

Her coming had been dreaded as much as the coming of her sister ship and sister death house, the Scandia. She left Hamburg, that fruitful hotbed of the cholera, at the time when the pest was at its worst, and her 681 steerage passengers gathered from the infected regions of Germany and Russia were confidently expected to bring the cholera with them.

The Bohemia sailed from Hamburg on Sept. 1 and was due yesterday morning. On Wednesday morning, 350 miles east of Sandy Hook, she was passed by the Trave, which arrived here yesterday morning. The Bohemia was definitely expected, therefore, before nightfall yesterday.

Notwithstanding the anxiety with which the health officers waited for her coming she was reported from Fire Island, which she passed at 5 o'clock in the afternoon, nor from Sandy Hook, which she reached at 9. Half an hour later she was added to the cholera fleet which rides in the lower bay, dropping her anchor near the New Hampshire.

The Captain's Report.

A tug bearing newspapermen, which had been waiting for her inside the Hook, drew up alongside as she steamed in and Captain Schroeder of the Bohemia came to the rail to tell about her voyage. He was unwilling to say much about the deaths on board until he had made his report to the health officer, but he admitted the essential facts of the misfortunes that had befallen the company.

"We have had eleven deaths on board," said the Captain. "They were all of little children. There is no sickness on board at present."

"Of what did the children die?"

"A diarrhœal disease."

"Was it cholera?"

"I can't tell, the last death was five days ago. Nobody has been ill on board since then."

"How long after you left port did the first death occur?"

"About the fourth day. The children were all very young. The oldest was between four and five years. They were all in the steerage. No adult passengers have died or been sick."

Captain Schgoeder said he was unable to give the names of the children, but they would appear in his report to-day when the ship's surgeon would make known all the particulars of the cases.

Must Not Talk.

A row of heads projected from the portlights of the steamer as the tug ran alongside and some of the passengers who owned the heads were willing to talk about the voyage.

One man, who said he was an American citizen and lived in New York, said that there was very little excitement on the Bohemia over the deaths that had occurred, though nearly everybody knew that there was cholera on board. The steamer had been carefully disinfected and the sick children had been isolated.

The informant had proceeded so far when a ship's officer with a big blond beard and a red face dashed into the room and hurled the passenger back from the window. Then he uttered some fierce orders in German and stood in the doorway to see that they were carried out. That ended the conversation.

The other heads along the ship's side were violently withdrawn also as the tug passed along, and behind each head appeared an officer as vehement of manner and decisive of command as the first.

Enough was learned, however, to show that if the captain had any doubts about the nature of the disease the intelligent passengers had none.

In like manner all the passengers who stood on the upper deck were driven back from the rail lest they should convey any information.

Immediately after the Bohemia cast anchor the quarantine tug Crystal Water dropped down alongside, a doctor went aboard and quarantine regulations were established.

The Pilot's Flight.

Pilot John Shooks of pilot boat No. 21, the America, one of the best known pilots of the port, brought the Bohemia in. He boarded her yesterday morning 200 miles east of Sandy Hook.

He said he had not been off the bridge all day and did not propose to go off. In spite of that he will probably be detained several days.

The Bohemia is of the unlucky Hamburg-American line. She has been many years in the service, and since the appearance of the fast express steamers she has been devoted almost entirely to the immigrant business. She brings no cabin passengers.

Night Report From Quarantine.

QUARANTINE, Sept. 17.—Upper Quarantine has resumed its normal condition, for the only remaining steamers now resting in the bay are the Nevada of the Allan-State Line and the Hamburg steamer Wieland.

At 8.30 p.m. Dr. Jenkins received the following telegram from Hoffman Island: "No case of gastro-intestinal disease discovered, no case of acute illness of any kind to be reported. On the steamships Rugia and Scandia 3 reported for dinner. On the steamship Normania 568 reported for dinner. Dormatories, yards and privies cleaned and disinfected. Improvements in progress. Received from Dr. Abbott, from Swinburne Island, two female adults and one male adult, passengers of steamship Rugia; one female adult passenger of steamship Normannia, one male adult passenger of steamer Scandia."

Health Officer Jenkins has received the following midnight report from Lower Bay: "Dr. Abbott has just returned from visit to ships. All are getting along well, no new cases nor suspects. He spoke and visited the Suevia, just arrived from Hamburg. He reports the ship in first-class condition, 82 cabin passengers and 91 crew; no disease during the voyage nor at present. Patients at island doing well, except one case from Bohemia, who will probably die.

The following is the midnight census from Dr. Byron at Swinburne Island: "Admitted 5, transferred to Convalescent Ward 2, transferred to Hoffman 5. Patients under treatment 11, convalescents and subjects 28.

The Inman Liner City of Chester arrived this evening with 439 cabin passengers, all well; no steerage. The Bothnia, an extra ship of the Cunard Line, also arrived this evening. She had 403 cabin passengers and no steerage. Reported all well. The Red Star Liner Philadelphia arrived at 11.15 and anchored.

This evening Dr. Jenkins said that the Normannia would be brought to upper quarantine on Saturday morning. The steerage passengers of the Moravia will probably go up to Ellis Island in a day or two. The cabin passengers of the Rugia and Scandia, who are still on the New Hampshire, will be transferred to Fire Island to-morrow. The Heligoland will be detained several days. The State of Nevada, with her 55 steerage passengers, will be released to-morrow. It was the first steamer to arrive under the President's circulars.

An Appeal to Prohibit Immigration.

NEW YORK, Sept. 17.—Mayor Grant yesday sent a communication to President Harrison requesting him to exercise his full authority and prohibit further immigration to this country from cholera-infected ports till all fear of the further introduction of the disease in this country shall have disappeared.

"Clear Havana Cigars"
"La Cadena" and "La Flora." Insist upon having these brands.

DREADFUL PSORIASIS

Covering Entire Body with White Scales. Suffering Fearful. Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The white scabs fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT, one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I cannot express with a pen what I suffered before using the REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight.

MRS. ROSA KELLY, Rockwell City, Iowa.

Cuticura Resolvent

The new Blood Purifier, internally (to cleanse the blood of all impurities and poisonous elements), and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally (to clear the skin and scalp and restore the hair), have cured thousands of cases where the shedding of scales measured a quart daily, the skin cracked, bleeding, burning, and itching almost beyond endurance, hair lifeless or all gone, suffering terrible. What other remedies have made such cures?

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, $1.50 Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fiitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

NO NEW CASES IN GOTHAM

A GRATIFYING REPORT FROM THE QUARANTINE GROUNDS.

One Death from Cholera At Swinburne Island Was the Record of the Day—The Passengers On the Wyoming Refuse to Be Transferred to Fire Island, But Afterwards Agree to Go.

NEW YORK, Sept. 19.—The news regarding the cholera was reassuring yesterday. No new cases or even suspicious cases were reported in the city, and none developed at lower quarantine. One death took place on Swinburne Island. The clear air of the early fall aided the efforts of the health authorities of the city and of the port in their work against the spread of the dreaded disease. The scare which followed the official announcement that there was cholera in the city has given place to a feeling of confidence. The most dramatic incident of the day at quarantine was the revolt of the cabin passengers of the Wyoming, who refused to go to Fire Island on the steamer sent for them. The second cabin and steerage passengers on the same ship have issued appeals to the public praying that they be released from quarantine. The United States of Colombia, having established a quarantine at Colon against all vessels coming from New York, the Central and South American Consuls, and the Pacific Mail Steamship Company yesterday sent a protest to the Columbian Minister at Washington and the Panama Railroad notified the Columbian Government that the establishment of the quarantine at Colon was a violation of the company's charter rights. Unusual quiet was observed at the office of the Health Board yesterday morning. President Wilson and Dr. Bryant were in consultation for two or three hours, but they said later that no business of importance was transacted. Sanitary Superintendent Edson reported that he had sent a note to the president of the Belt Line horse car company, directing the removal of filthy mats from the floors of the company's cars and commanding a general cleansing of the cars. No reply had been received from the company, and no improvement in the condition of the cars was noticeable, Dr. Edson said. He was directed to inform the company that the Health Board would stop the running of the cars if the orders were not complied with.

President Martin of the Police Board and Dr. Edson later went to see Police Superintendent Byrnes and requested him to direct the police to inspect the cars of all the other lines in the city with a view to compelling cleanliness. Mr. Byrnes said he would give the necessary orders.

The Health Commissioners indignantly denied a report that they were concealing any cases of cholera in the city. They said no suspicious cases had been reported in the city since the previous day and no sickness had occurred in the houses which had been infected. The watch at such houses was being maintained as a precautionary measure.

Refused to Be Transferred.

The steamer Cepheus left quarantine this morning and went down the bay to transfer the passengers of the steamer Wyoming to Fire Island. The passengers positively refused to be transferred, stating that the vessel was not infected. Dr. Jenkins says he will have them removed to-morrow whether they will or not.

The second cabin and steerage passengers of the Wyoming who have been held in quarantine since Sept. 6, have issued an appeal to the public demanding immediate release from their "vexatious and unjust" detention. They say: "We had a prosperous voyage and a clean bill of health, save the indisposition of a baby who had been delicate since its birth some months ago. During the fumigation of the vessel the steerage passengers have been exposed to serious dangers from the strong remaining traces of sulphur, damp berths, etc. Two children have sickened, owing to these causes, and, with their mother, have been taken ashore. Since then not an individual on board has had one moment's sickness. We are not classified as a cholera-stricken vessel. Our silence has been due to daily promises of release. There is, however, a limit to human endurance, and surely we have reached that limit and, therefore, in the interest of humanity, demand our immediate release."

LATER—At a late hour this evening Dr. Jenkins was informed that the Wyoming cabin passengers had changed their minds and were now anxious to go to Fire Island. The Cepheus will in consequence transfer them and the cabin passengers of the Rugia to Fire Island to-morrow.

The Situation in Europe.

NEW YORK, Sept. 19.—The following was the cholera situation in Europe Saturday, as gathered from a large number of cablegrams received this evening: At and about Paris yesterday there were 50 fresh cases and 13 deaths; at Havre 6 new cases and 3 deaths; at St. Petersburg 41 cases and 15 deaths. The disease seems to be steadily decreasing throughout Russia. Berlin had another case yesterday—that of a waiter who had formerly been employed as attendant in a Hamburg hospital.

At Hamburg there were 286 fresh cases and 127 deaths reported yesterday. These figures, however, include 96 fresh cases and 45 deaths which occurred on previous days, thus showing a decrease both in the number of patients and the mortality. No demands were made on the Hamburg authorities to-day for the transportation of the bodies of victims to the mortuary until a late hour. A fact showing the return of confidence on the part of the people is that the usual concerts were given in the St. Paul Bergarden this afternoon for the first time in several weeks. Other public concerts will be resumed to-night.

The steamship Servia which sailed from Queenstown for New York to-day carried 380 saloon and 224 second cabin passengers. Her steerage was empty. The Arizona also sailed with an empty steerage. She had 187 saloon and 296 second cabin passengers on board.

The Queenstown authorities announce that henceforth until all danger of cholera infection has ceased a doctor will board all the American liners arriving at Queenstown from ports in the United States, and that if any sickness is found on a steamer the vessel must be placed in quarantine before any of the passengers disembark. Otherwise the steamer must proceed direct for Liverpool, only communicating with Queenstown for the purpose of procuring the services of a pilot.

When the steamer Appleton from Newcastle arrived at Queenstown to-day it was found by the health officials that a seaman on board of the vessel was suffering from a choleraic disorder. The doctors who have examined the patient do not believe that the disease is of the Asiatic type. The steamer was at once ordered to be placed in quarantine and to be thoroughly disinfected and fumigated.

Quarantined at Colon.

NEW YORK, Sept. 19.—According to a Herald cable from Panama the Pacific Mail liner Newport was refused a pratique at Colon yesterday. The health officers found all well on board, but there were 10 passengers who had no certificates from the Colombian consul at New York. The Newport was ordered to anchor four miles out for nine days.

No New Cases in New York.

NEW YORK, Sept. 19.—The Board of Health issued a bulletin yesterday in which it was stated that no cases or suspected cases of cholera had appeared since the last bulletin and no deaths from cholera had occurred since Tuesday.

The steamboat Cephus landed the 325 cabin passengers of the steamship Wyoming at Fire Island this afternoon. Not the slightest opposition was offered by the Islip health authorities or Bay men. In fact, not one of either was to be seen afloat or ashore. No sickness was reported.

No Deaths at New York Quarantine.

NEW YORK, Sept. 18.—The only death yesterday at quarantine reported was a child on board the Scandia, who died of marasmus. There were no new cases and no deaths on board any of the ships or on the islands, and it would appear that the cholera spectre is now safely defeated.

MIDNIGHT—The British steamer Washington, from Hamburg Aug. 27, arrived in quarantine at 10.18 p.m. She will be closely inspected. She put into St. John's, Nfld., Sept. 12 for coal.

Instructions to Customs Officers.

OTTAWA, Sept. 19.—The Customs Department has issued the following telegram:

To Collectors of Customs:

The Minister especially instructs you to exercise the greatest possible vigilance in order to locate any suspicious articles in which infection might exist, which may be imported from infected localities in the United States. You are to report all such cases to the Department of Agriculture, Ottawa, by wire. The Minister orders that all customs officers are to act promptly and efficiently as quarantine officers, according to instructions sanctioned by law, which will be sent you by the Department of Agriculture.

The ports notified are: Nova Scotia—Digby, Yarmouth, Canso, Pictou, Sydney, Weymouth, Lunenburg, Barrington and Windsor.

Ontario—Port Arthur, Collingwood, Sarnia, Windsor, Amherstburg, Clifton, Fort Erie, Niagara, Brockville, Prescott, St. Thomas, St. Catharines, Hamilton, Toronto, Belleville, Kingston.

New Brunswick—Fredericton, Moncton, St. Andrews, St. John, McAdam Junction.

Quebec—Cookshire, Hemmingford, Montreal, Quebec, Patton, Sherbrooke, Stanstead, St. Armand, Coaticooke, St. Hyacinthe, St. John's, Sutton.

FEARFUL EXPLOSION.

Seven Men Killed and Twenty More Badly Scalded.

COMBER, Ont., Sept. 19.—A boiler in Force & Dickinson's stave mill at Staples, a small village on the Leamington and St. Clair Railway five miles from here, exploded, by which seven men were killed outright, one fatally injured and about 20 more or less scalded. The particulars were as follows: About 6.30 a.m. the night watchman gave way to the regular day engineer. At that time there were 20 pounds of steam in the boiler that exploded. The fire was increased, and it is supposed that there was 80 pounds pressure on the boiler at the time of explosion. Fortunately there were a great number of the hands absent, owing to the early hour, or it is likely the fatalities would have been greater. The scene is horrible in the extreme. Arms and limbs were literally torn from the bodies of the victims, while their sculls were crushed and the brains scattered about.

Drs. Abbott and Anderson of Comber, were summoned and did all in their power to relieve the wounded. Those dead are John Ewing, Michael Dupuis, Joseph Papineau, Isaiah Chauvin, Jerome Chauvin (two brothers), W. Peter Daust, and Moise Oullette.

J. Boane is fatally scalded, and there are between 15 and 20 slightly scalded.

The air is full of rumors regarding the condition of the boiler. Some contend it was old and unfit for use, while an employe of the mill says that the boilers were in good running condition, but that he believes that scales had formed on the plate and interrupted some of the valves. The boiler was carried fully 200 feet, passing in its flight between two residences. Bricks and other debris were carried in all directions, but the houses in the neighborhood escaped with a few broken windows. The two Chauvins and Daust were single men; the others were all married, with families depending on them for support.

Hamilton's Statue of Sir John.

HAMILTON, Sept. 19.—A largely attended meeting of gentlemen interested in the erection of the Sir John A. Macdonald memorial statue was held in the Board of Trade rooms at noon Saturday. Senator Sanford occupied the chair, and among those present were: Messrs. A. McKay, M.P.; William Hendrie, Matthew Leggatt, J. F. Glassco, W. Young, James Roderick, J. F. Scott, Robert Evans, John A. Bruce, J. J. Stuart, J. Somerville, W. A. Robinson, Adam Brown, ex-M.P., Alexander Ross, E. Furniss and C. K. Smith.

The object of the meeting was the selection of a site for the statue, which is rapidly nearing completion. Quite a lively discussion took place on the various sites proposed, many being in favor of placing the statute on King-street, just opposite the Post office, and others favoring its location nearer Hughson-street; but eventually it was decided to place it at the intersection of John and King-streets.

The Iron Hall Fraud.

PHILADELPHIA, Sept. 19.—Assignee A. E. Stockwell of the Mutual Banking Trust Surety and Safe Deposit Company, of which concern he was also counsel, was arrested Saturday on a warrant issued on an affidavit made by George S. Graham, receiver for the Order of the Iron Hall for Pennsylvania. The affidavit charges Stockwell with conspiracy with others to divert the funds of the Iron Hall into various unlawful channels, but particularly into the Mutual Banking Company, which obtained, as it has been revealed, $170,000 of the order's money. He is now awaiting the appearance of a bondsman.

French-Canadians Moving Out.

QUEBEC, Sept. 19.—The exodus of French-Canadians from the province, and especially from this section, to the United States continues apparently without any abatement. Within the last 20 days upwards of 25 families belonging to Levis and its adjoining parish of St. Joseph and St. David have sold out all they had and taken their departure.

SIR JOHN STILL PREMIER.

HE DID NOT RESIGN AT SATURDAY'S CABINET MEETING.

The Cabinet Sat Nearly Four Hours—The Premier Leaves for England on Oct 8—He Looked Brighter After the Cabinet Meeting Than for Some Days Past.

OTTAWA, ONT., Sept. 19.—Council sat from 11 until 1 and from 2 until nearly 4 Saturday, when it broke up so that Sir John Abbott could catch the train for Ste. Anne. Seen by The World after Council, Sir John said that nothing had really been done, but a good many things talked over, some of which would be settled at another meeting of Council to be held next week and which he would attend.

"No new Premier sworn in to-day, was there?" asked The World.

"Well no," replied Sir John with a smile. "The old one will have to do for a while yet."

"How about your trip to England?"

"I expect to leave on Oct. 8," he replied.

"And there was nothing done to-day," persisted The World? "No appointments or anything in that way."

"No, no appointments were made to-day, but I expect some will be made before I leave."

Sir John breakfasted about half past 9 and walked from the Russell House to his office in the Eastern Block, a little after 10. His face was clear and full and his eye bright, but there was a slight stoop in his shoulder and his step was slower than is usual with him. He was hard at work all day, with only a short intermission for lunch, but instead of tiring him the work seemed to do him good, and when he came out of council his step was quick and active and his manner as bright as it was before his illness. He certainly looked much better than he did this morning.

TO KILL GOVERNOR FLOWER.

An Infernal Machine Believed to Have Been Loaded for Him.

NEW YORK, Sept. 19.—The World Saturday printed the following: A mysterious box which is believed to contain an infernal machine was received by Governor Flower at his headquarters in the Windsor Hotel a day or two ago. The nature of the contents was fortunately discovered before any harm was done. The box was followed up by a letter, the contents of which indicated that it was inspired by the same disordered brain which planned the mysterious machine. The manly stand taken by the Governor in resisting the mob at Fire Island and in placing the unhappy passengers of the Normannia in the shelter provided for them by the state, seems to be the only excuse for the outrage.

After the trouble attended upon the finding of a comfortable shelter for the quarantined cabin passengers of the post ships was almost over and the Governor was beginning to think that the difficulty had been settled a package that was done up with remarkable care arrived. It was received at the hotel office and was sent to the Governor's apartments by the clerk. It was laid carelessly aside until the pressing business of the day was over, and then it came in for a greater share of attention. It looked as if it might contain something fragile and it was opened carefully. No suspicion was entertained that it held anything that was not legitimate until the wrappings were removed. Then the peculiarity of the enclosure attracted marked attention, a careful examination of it was made and it very soon became evident that the thing was designed to work some evil. A consultation immediately followed and the advisability of making the matter public was discussed.

The governor is a mild-mannered man and he finally resolved to keep the receipt of the parcel a secret. While these fears were upon them there arrived in the mail a letter for the Governor of such tenor that it might have been written by the same person who sent the machine. A reporter saw the Governor after dinner. He was not inclined to talk about the infernal machine. A personal friend of the Governor, said he had refrained from saying anything about it because the Governor had earnestly requested that the affair be kept secret. It was learned that the letter was mailed in this city, but no information could be obtained regarding the place from which it came.

In speaking of the matter Gov. Flower said: "This is the first time anything of this sort has happened to me. I am not upset, however. I suppose I have made some enemies by calling out the militia. I must do my duty and the peace must be kept. I have done what I could, and all the infernal machines in the world will not make the slightest difference to me."

LABELLE SET AT LIBERTY.

The Judge Said There Was No Evidence That He Killed His Wife.

OTTAWA, Ont., Sept. 19.—At the assizes Saturday the case of L. C. Labelle, late employe of the Government Printing Bureau, charged with murdering his wife by administering carbolic acid in December last, continued till after 3 o'clock. The evidence for the Crown was lengthy, but when exhausted Judge Armour considered there was no case to go before the jury and recommended no defence.

The prisoner's counsel then moved for his discharge, which was granted amid applause from the French portion of the spectators. The disturbance was promptly suppressed by the judge. This ended the fall Assize Court.

Knew Where the Wealth Was.

ROME, Sept 19.—A despatch from Cagliari, Sardinia, says 20 armed brigands attacked the residence of the parish priest at Sedda yesterday and stole all the money and valuables they could find. The priest and servant were badly wounded and a villager who went to their assistance was shot dead.

Mrs. Harrison Has Consumption.

LOON LAKE, Sept. 19.—Sunday was been most favorable day Mrs. Harrison has experienced since she was stricken down with pleurisy. Her physicians express confidence this evening of her recovery from that particular complaint. They admit, however, that the seeds of consumption are still present and are apt to continue their steady inroad on her constitution.

She May Be Confiscated.

OTTAWA, Sept. 19.—The United States mackerel seiner Hattie Maud, which is now at St. John, N.B., is held for violating the treaty of 1818 by shipping seamen from a Canadian port without having a modus vivendi license. The Government proposes to let the law take its course, the penalty being confiscation.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and so rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal diseases, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

THE DR. WILLIAMS MED. CO., Brockville, Ont., or Morristown, N.Y.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

MONDAY, SEPTEMBER 19, 1892.

Lakefield.

(*From Our Own Correspondent.*)

No council or school meetings last week.

Quite a number of the cottages are still occupied on Stony Lake.

The collector is now on the warpath, having received the roll for 1892 from the village clerk.

His Honour Judge Weller held a voters' lists court in the town hall, and some 25 names were added to the list and 7 or 8 struck off.

Mrs. Dr. Bell went to Toronto last week to attend her eldest son, who is down with typhoid fever. He was doing well at last accounts.

The last regular trips of the Mary Ellen and Golden City were made on Saturday. The Mary Ellen will, however, be up and down every day towing stone from the Eagle Mount Quarry.

An amusing incident, not on the programme, occured at the opening of a church in North Smith a short time since. The church was crowded. The parson observed that some of the ladies were without seats, and requested that a lounge on the platform, that had been provided for his benefit, be taken down to seat the fair ones. When he had finished his discourse he backed up to take his seat, and sat down on the floor with a force that made the building shake and sinners tremble. Had it been a newspaper reporter it would have been said he was "a fix" but being of the "cloth" he was only absent minded.

The body of John Cheminant, the young man from the Eagle Mount Quarry who was drowned in Stony Lake on the 7th was found floating near the scene of the accident on the 12th. The men employed at the quarry held a meeting and not being satisfied about the manner of his death requested Coroner Bell, of Lakefield to hold an inquest. He however declined without instructions from the county attorney, who was communicated with by the men and sent the required authority. Dr. Bell went up and made a careful investigation of the whole affair, the jury being composed of the quarry employees and a verdict of "accidental drowning" returned, the canoe being evidently upset by the drowned man getting his paddle under it, and neither he or his companion were drunk as reported. The victim was buried in Payne's cemetery on Thursday morning, the men from the quarry attending the funeral. A number of Dummer and Burleigh ladies showed their sympathy with the stranger by contributing some handsome wreaths and flowers for his coffin.

With wheat at 70c. a bushel, our bakers are still charging 12c. for the 4 pound loaf, or 2c. more than will afford a fair profit. The people should combine as well as the bakers.

The Lakefield Woollen Mill is working day and night to try and catch up with its orders.

A party of Toronto officials and contractors are coming down this week to examine the Eagle Mount Quarry and take in the beauties of the Stony Lake waters, not forgetting a visit to "Jolly Jack" at Burleigh. The Mary Ellen will take them over the route.

In Touch With The Age.

The London *Advertiser* said in a recent issue:—"Hon. Edward Blake is said to have expressed only one regret when he was called to enter British publicity, and that was that he was not ten years younger. If the distinguished Canadian husbands his resources he is young enough to accomplish much good work before he need throw off the harness. He is not yet 59. People are apt to forget that Gladstone was over 60 before he became Premier of England, that Disraeli was 63 when he first became Prime Minister, and that even Lord Salisbury was 55 when, in 1885, he was first sent for by the Queen to become her chief adviser. Old age is no bar to political pre-eminence if a man can keep his policy young. But he must move with the times, or he will be left behind sure. Mr. Gladstone exemplifies this fact most strikingly."

The Demand Increases.

Dr. A. P. Cornell, Gravenhurst, Ont., writes: "The demand for Pink Pills continues to increase, and I have yet to hear of a single complaint regarding them." Of all dealers or by mail at 50c. a box or 6 boxes for $2.50. Dr. William's Med. Co., Brockville, Ont., and Schenectady, N. Y., Beware of imitations.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable.

Cure for A Consumption and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether wholesale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

GOUGH BROTHERS,

THE WONDERFUL CHEAP MEN, PETERBOROUGH and LINDSAY.

ASSOCIATED STORES—BELLEVILLE, TORONTO, BRANTFORD, ORILLIA, KINGSTON.

P.S.—Don't forget the Good Baby Show Competition. $25.00 Given by GOUGH BROS. to the Finest Baby under One Year at the Peterborough Central Exhibition.

Certain Professionals Should Think of It at This Time.

During the last winter and spring, many of Canada's Professional singers, orators and elocutionists had occasion to test the virtues of that favorite remedy, Harvard Bronchial Syrup. The unanimous verdict of the professionals is, "Harvard Bronchial Syrup has no equal."

There is no such thing as failure when this grand remedy is used. It acts quickly and promptly; it clears and strengthens the voice; it removes all irritation and inflammation; it is pleasant to the taste, and does not contain a particle that is hurtful or dangerous.

Our public singers, speakers and readers will do well to bear these facts mind. It should also be remembered that there is but one genuine Harvard Bronchial Syrup. Ask your druggist for it, and take no other.

Civic Vandals.

The following is from the Cobourg Saturday *Evening Post*:—Sometime ago we mentioned the disgraceful manner in which the trees on George street had been trimmed by the town. Mr. G. T. Bickle at that time notified the town council that he would enter an action for damages if the matter was not satisfactorily settled. A committee of the council have had the case in hand for some time, and on Monday last offered Mr. Bickle $50 to settle the affair. We believe the offer is not sufficient, and that a writ has been prepared and will be served if the amount offered is not made larger. We regret that the Streets Committee so far forget themselves as to trim the trees to such and extent as to spoil their usefulness. Before the mutilation occurred they offered good shade, but as they now appear are of very little good. In future it would be well for the town to learn what rights they have to the trees along the thoroughfares before the men are set to work cutting them down. By doing so many dollars may be saved. It is altogether likely the present case will afford the council plenty of experience. Since the above was in type we believe the council has settled for one hundred dollars.

No person should travel without a box of Ayer's Pills. As a safe and speedy remedy for constipation and all irregularities of the stomach and bowels they have no equal, and being skilfully sugar-coated are pleasant to take, and long retain their virtues.

Timely Wisdom.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for cholera, cholera morbus, diarrhœa, dysentery, cramps, colic and all summer complaints and looseness of the bowels. dw

IMPERIAL Cream Tartar BAKING POWDER

THE "SUN LIFE" ASSURANCE CO. OF CANADA.

HEAD OFFICE, - - - - MONTREAL.

The year 1891 has been the Banner Year in the History of the Sun Life.

The Gross Assurances for the year in the Life Department amounted to the enormous total of $5,901,000.00, an amount greatly exceeding that touched by the Company in any previous year, and it is believed no other Canadian Company has ever totaled a like amount in any one year.

THE SURPLUS PROFITS

have increased to even a greater extent than the new business, thus plainly indicating that the unbounded confidence placed in this great Financial Institution by the Canadian public, has not been misplaced.

FIRE COMPANIES REPRESENTED:

A Plea for Humane Treatment

When cholera threatened New York American citizens were penned up like cattle in infected ships, where it was almost impossible to escape the disease. When they tried to land they were turned back at the point of the bayonet. Now that the plague has got a foothold in the great city the rest of the continent would be following New York's example if it walled the city in and shot down all who attempted to escape. But humane people do not think that a fellow-being's claims on them are lessened by the fact that he is in dire distress. Those who come from the plague centres should be treated considerately, and everything they bring must be thoroughly disinfected. There are large consignments of European goods on their way to Toronto via New York. A grave responsibility rests upon the health authorities to guard against infection from this source, and at the same time not to injure commercial interests unduly. But everything must be sacrificed for the preservation of human life.

The School Text Books

The system of free text-books is now fairly inaugurated in Toronto. If we are not in error, this is the first trial of the system which has been made in Canada. In many places in the United States, free text-books have been the rule for years. We have not heard of any case in which the plan has been discarded after trial. To our thinking, free books and other school implements are the logical completion of the free school system. It would be difficult, we think, to quote any valid argument for the latter, which does not apply with equal force in favour of the former. There is, too, the important consideration of the great saving of time (and temper) to both teacher and pupil which will result from always having the book or other educational implement ready for use as soon as wanted.

Will Follow any Leader.

There are no doubt good grounds for the Montreal *Gazette's* assertion that the Conservatives in parliament will cheerfully follow Sir John Thompson if he is selected as their leader. In fact the majority of them are prepared to support anybody that Mr. Van Horne and the combinesters designate. And of course the "old fuggers" will be delighted to follow the ex-counsel for the United States government—the man whom the Washington authorities hired to "decry his country" and depreciate the value of our coast fisheries before the Halifax commission. It is in accordance with the eternal fitness of things that such a man should succeed an unrepentant annexationist as the leader of the party of loyalty.

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to beat him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

Forewarned is Forearmed.

Many of the worst attacks of cholera morbus, cramps, dysentery, colic, etc., come suddenly in the night and speedy and prompt means must be used against them. Dr. Fowler's Extract of Wild Strawberry is the remedy. Keep it on hand for emergencies. It never fails to cure or relieve. dw

Truth is never Out of Date.

The Democratic papers in the United States are printing this extract from Andrew Jackson's farewell address:—"The corporations and wealthy individuals who are engaged in large manufacturing establishments desire a high tariff to increase their gains. Designing politicians will support it to conciliate their favor and to obtain the means of profuse expenditure for the purpose of purchasing influence in other quarters . . . Do not allow yourselves, my fellow-citizens, to be misled on this subject . . . It is moreover, a system of injustice, and, if persisted in, will inevitably lead to corruption and must end in ruin." That is rock-ribbed truth, and as much truth in Canada as in the United States.

The True Mother's Desire.

The desire of every mother is health, strength and growth for her babe. All these grand conditions may be secured for the little one, if it is properly fed on nourishing food. Mothers who feed their little ones on Lactated Food are the most happy in Canada. They proudly see their darlings increasing in flesh, bone and muscle; they also note with joy that they sleep well and escape the common ailments which cause so much misery and danger.

Lactated Food is one of the grandest blessings ever given to the infants and young children of our country. Try it, mother, if your baby is not progressing well with other foods.

Nagging the Premier.

The Montreal *Gazette* reads the Liberal papers a lecture for presuming to discuss the premiership. The *Gazette* was the first paper to announce Premier Abbott's illness and his coming retirement. A sick man has the sympathy of everybody but nevertheless he is not competent to manage the affairs of the country, and it is unfair of his colleagues to hasten his end by their cowardice in refusing to select his successor.

It is what Hood's Sarsaparilla actually does that tells the story of its merits and has given it the largest sale of any medicine.

If you are nervous or dyspeptic try Carter's Little Nerve Pills. Dyspeptic makes you nervous and nervousness makes you dyspeptic; either one makes you miserable, and these little pills cure both. dw

Educational Work.

The work of educating the public to a thorough knowledge of the virtues of Burdock Blood Bitters as a cure for all diseases of the stomach, liver, bowels and blood has been completely successful. The remedy is now known and used in thousands of homes where it always gives great satisfaction. dw

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

Nothing More Pleasant

Than to feel a soft white hand. Any lady using Dyer's Jelly of Cucumber and Roses will always have a white hands. Try it. W. A. Dyer & Co., Montreal. 6467

Preferential Trade.

Preferential trade properly consists in giving the preference to Burdock Blood Bitters when seeking for a cure for constipation, dyspepsia, headache, biliousness, jaundice, scrofula, poisonous humors, bad blood, rheumatism or kidney complaints. It is the true cure and has cured cases which had resisted all other treatment. dw

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for Ayer's Hair Vigor. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

THE HAIR

a silken texture and lasting fragrance. No toilet can be considered complete without this most popular and elegant of all hair-dressings.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color."—R. J. Lowry, Jones Prairie, Texas.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to

USE

Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. Annie Collins, Dighton, Mass.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, *alias* "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists Everywhere.

THE KEY TO HEALTH.

BURDOCK BLOOD BITTERS

Unlocks all the clogged avenues of the Bowels, Kidneys and Liver carrying off gradually without weakening the system, all the impurities and foul humors of the secretions: at the same time Correcting Acidity of the Stomach curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

J. J. SHEEHY

IS PREPARING FOR FALL BUSINESS.

The reading public of the town and county of Peterborough must have noticed from time to time our advertisement in this paper. We do not wish to trouble the public too frequently with astounding advertisements; telling them that at our store, and our store only, is the place to deal. Come to think of it, we never advertise in that style at all. We have always tried to stick to ONE GRAND PRINCIPLE, viz.: TO ADVERTISE EXACTLY WHAT WE INTENDED DOING, AND TO DO EXACTLY WHAT WE ADVERTISED. Having just returned from the wholesale markets, where a purchase of $3,271,56 was effected for CASH, will simply mention here a few of the various classes of goods bought, and leave the purchasing public to judge if we have or have not kept faith with our announcement.

HERE ARE THE PRINCIPAL LINES:

1 Lot of Ladies' Mantles in the latest styles, amounting to $575.00. Of the dozens and dozens of them there are not two alike. No use in quoting prices; not two are the same price. Just come and examine them.

Dress Goods, $875.60. Space does not not permit us saying what we would like to about these goods. Suffice it to say this much: We will give you 12 yards of all-wool Serge, in choice of shades, Trimmings and all for $2.15.

Mantle Cloths, $508.40. The balance of our purchase was made up in many lines of Staple and Fancy Goods. Perhaps you'll smile when we say that we have a Large Table in the Centre of the Floor covered with Lovely Dress and Mantle Buttons, worth 25c, 40 and 50c. per dozen. Come in and help yourself to any of them AT THREE AND ONE-HALF CENTS PER DOZEN.

We have always claimed to keep on hand the most reliable stock Gloves and Hosiery to be had in town. We will just add once more that should any of our Celebrated French Kids burst on first trying on we will replace them with pleasure.

YOURS FAITHFULLY,

J. J. SHEEHY.

NEW GOODS! NEW GOODS!

—AT—

THOS. KELLY'S.

NEW DRESS GOODS—In Tweeds, Estamenes, Serges, Cheviots, Meltons, Cashmeres, Vienna Tweeds, Plaids, &c., &c. Trimmings, Linings, Buttons, &c., to match our Dress Goods.

COSTUME CLOTHS.—Ask to see our special line at 25c. per yard.

FLANNELS—In Grey, Blue, Checks, Stripes and Fancy.

BLANKETS—In White and Grey, Union and All-Wool.

GREY AND WHITE COTTONS—At mill prices, by the piece.

HOSIERY AND GLOVES—In these goods we carry a very large stock.

Shirtings, Sheetings, Table Linens, Napkins, Towels, Toweling, Toilet Covers, Quilts, Tackdowns, Lace Curtains, etc.

We invite the inspection and court criticism of every good buyer in regard to quality and price.

Peterborough Central, at Peterborough, on September 26th, 27th and 28th.

Calcutt's Grand Fall Show, Idyl Wild, Sept. 23rd.

Calcutt's Exhibition, Jubilee Point, Sept. 30th.

A Millbrook Marriage.

The *Reporter* says: "An interesting ceremony took place at "Sunny Brae," residence of Mr. John D. Armstrong, on the evening of Sept. 7th, when his daughter Isabel and G. Wellington Douglas, of Ogdensburg, N.Y., were united in marriage. The ceremony was performed by Rev. Dr. Armstrong, of Ottawa, brother of the bride, assisted by Rev. J. A. Bloodsworth, of Millbrook. The bride was given away by her father. She was beautifully attired in white surah silk and lace. Miss Amy Carveth attended the bride, prettily attired in white henriette costume. Mr. Jas Armstrong, brother of the bride, accompanied the groom. The bride was the recipient of many beautiful and costly souvenirs. Mr. and Mrs. Douglas left amid showers of rice and the good wishes of a host of friends on the 9.20 p.m. train for their future home in Ogdensburg, N.Y.

Struck by Lightning.

This morning at one o'clock a brief but violent thunderstorm passed over the town. Nearly the whole town was wakened from sleep by a violent thunder crash and so terribly close did it seem that many persons arose to see if something about their dwelling or in the immediate vicinity had not been struck. The thunderbolt selected the tall chimney of the old boiler house in the octagonal building at the south end of the G.T.R. station platform. The lightning smote the chimney at the north west corner, hurling hundreds of bricks in all directions. The bolt then passed down the chimney at the south west corner to the level of the junction of the one story annex; it then followed the tin flashing between the roof of the annex and the round tower, ripping it and the shingles up in its course. At the junction of the eave trough of the annex with the tower, the current melted the solder of the conductor at this point. One detachment of the current passed down the conductor and entered the ground making a large hole in the sward, ripping off the fastening of the conductor pipe at one point. Other portion of the current passed along the eave trough of the annex and down the conductor and entered the ground and another stream of the current passed down another conductor. The chimney was considerably shaken, the western face being bulged, and from a casual inspection it appears unsafe and may probably have to be taken down.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

News Nuggets.

—The police court had a holiday this morning.

—Those who wish to take advantage of night school should call at the Business College this week. See advertisement above locals.

—There was a lively street ruction at a late hour on Saturday night or rather early Sunday morning in the neighbourhood of one of the hotels.

—The advent of colder weather does not destroy the attractions of Chemong. Yesterday the fine weather tempted large numbers to drive out to the park.

—The old "round-cornered" brick building at the corner of Hunter and Water streets is being demolished brick by brick, to meet the demands of Commerce (the Bank of).

—Rev. Dr. Potts, secretary of the Educational Bureau, of the Methodist church, will preach special educational sermons in the Charlotte street Methodist church on Sunday, Oct. 2nd.

—During the past six months $10,000 have been paid to Madoc farmers for hogs. What would the figures be from a Hamilton view-point if the buyers worked Toronto for the purchase of hogs?

—A young man named Thomas Dunn was arrested in Belleville on Saturday afternoon on a charge of criminally assaulting a deaf mute girl named Catharine Lantz, aged 21, from Welland County.

—There will be a joint meeting of the Central Exhibition and Council Committees to-night at the town clerk's office to arrange for the reception of the Lieut Governor at the opening of the Central Exhibition.

—The commissioners on behalf of Otonabee township and Ashburnham respectively meet to-day to arrange for the expenditure of $150, contributed jointly by the municipalities, on the road east of Dewser's Corners.

A select programme of Vocal and Instrumental Music, with refreshments served by the ladies, will form part of the social in St. Andrew's Manse, Tuesday night.

Sanitary Inspector.

Applications are coming in in streams for the position of sanitary inspector, made vacant by the retirement of Chief Bozzel. The time closed at 4 o'clock this afternoon, when an examination into the qualifications of the applications will begin.

St. Luke's Harvest Festival.

The annual Harvest Thanksgiving services will be held in St. Luke's church, Ashburnham, on Tuesday evening, Sept. 27th at 8 p.m. The pretty little church will be beautified with decorations suitable to the occasion, and special music is being prepared. Rev. R. J. Moore, rector of St. Margaret's Church, Toronto, will preach the special sermon.

The Chemong Regatta.

The Chemong Regatta is attracting a good deal of attention as the time draws near, contemplating contestants are taking furtive practices to fit them for entering. It goes without saying that Nicholls and Taylor are putting in b ick practice, and that they will make a game struggle for the $50 that lies in the stakeholder's hands just beyond the winning buoy.

The Millbrook Fire Losses.

According to the *Reporter* the losses at the Millbrook fire were as follows:—Kells, Fowler & Co., stock $450, no insurance; building, $400, insurance $250 in London & Lancashire; A. Fee, $600, insurance $300 in the City of London; stock, $150, no insurance; W. H. Sowden, stables, $700, insurance, $400 in Queens; John Crocker, stock, $100, insurance $50 in Royal; Albert Payne, $180, no insurance; village corporation, loss on fire hall, hose, etc., $360 80, covered by insurance.

Brought Home for Burial.

This (Monday) morning the mortal remains of Mrs. Daniel Burns, of Centreton, Haldimand township, arrived in town on the Port Hope express. The deceased lady, who was a daughter of Mr. John Dwyer, of Douro, died on Saturday at 10 o'clock from an attack of heart disease. She was aged 26 years. The body was met at the station by M. McFadden, undertaker, and a large number of the old friends and neighbours and escorted to Douro, where the remains were on Monday laid to rest in the Douro Cemetery.

The Band Concert.

The band is rehearsing industriously for their grand concert to be given on Sept. 27th under the patronage of his Honour Lieut.-Governor Kirkpatrick. They will present an exceptionally strong programme. Among the selections to be rendered is one composed expressly for the London (Eng.) military band which will contain a wonderfully realistic reproduction of the bagpipes. The music-loving public should make a note of this event and make it a point to be present. They will be rewarded by the excellent music as well as assist an organization that deserves especially well at the hands of the public.

New Books at the Mechanics' Institute Library.

The following new publications have been added to the library of the Mechanics' Institute:—

Principles of State Interference, Ritchie; Origin of Property in Land, Ashley; Bismark and State Socialism, Dawson; Darwinism and Politics, Ritchie; Godwin's Political Justice, Salt; Distributing Co-operative Societies, Snell; Unearned Increment, Dawson; Ethics of Socialism, Belfort Bax; The Co-operative Commonwealth, Gronlworth; Socialism in England, Webb; The Afghan War, Archibald Forbes; A Study in Scarlet, Conant Doyle; Widower Indeed, Rhoda Broughton; Crystal Hunters, (for boys) Meavil le Fenn.

The Sewer Blocked Again.

The course of sewers, like the course of true love, does not run smoothly in Peterborough. Now there is another hitch. This morning it was understood that the special committee had everything ready to advertise for tenders to construct the Ellison sewer along Rink street from the Works to the river near Mr. McDonald's mill, but the committee were stopped unexpectedly. Mr. McDonald, proprietor of the Point St. Charles mills, instructed his solicitor to apply for an injunction to restrain the committe from placing the outfall as intended. Mr. McDonald feels himself justified in taking this action, since, as he told a representative of the EXAMINER, the placing of the outfall at his point is only transferring the nuisance of the open Ellison sewer from one place to another. It is to be hoped that the committee will have resources enough to discover some way in which to overcome the present difficulty and abate the terribly fatal nuisance that is injuring the health of the people living in the vicinity of the open sewer.

A Game of Rugby Football.

The Peterborough's Win in a Sharply Fought but Rather Uneven Match.

Saturday afternoon witnessed an exciting game of Rugby football between the town and Edison football teams. The game was called at 3 30 and started well on time. Peterborough won the toss and decided to play with the sun, which gave them a slight advantage which the result proved was not necessary, they winning by a score of 10 to 0.

THE TEAMS.

The following players composed the contesting teams:—

PETERBOROUGHS.		EDISONS.
Pousette	backs	Bar.es
B Roucher, D Rogers, Parker	half backs	Nelson, Shepherd, Gray
Alexander	quarter backs	Corrie-Smith
Drope, Montgomery, Begley	left wing	Taylor, Le Page, Gear
Dumble, Heap, Carmichael	right wing	Adams, Pomfret, Leeman
Brennan, Loucks, Beers, Boucher	forwards	Tilley, McCulloch, Parks, Barlow

THE GAME.

The game started by the Edisons kicking off. The return was spoiled by Adams rushing on Boucher and ruining his kick. Adams paid dearly for this by getting the kick on the nose and hand, which disabled him, though he pluckily played on till the pain forced him to leave. Play was then forced into Edison lines and the latter compelled to rouge, giving Peterborough one point. The ball was kicked from the quarter-way and well returned by Rogers. The play was again in Edison lines, but the Peterboroughs failed to score, as the electricians put up a splendid defence, and though they had to rouge in self-defence, still they kept the Peterboroughs out. The first half the notable plays were made by Drope, who made a splendid punt at goal and obtained a rouge for Peterborough. G. Boucher in the scrimmage was a hard nut for the Edison's. During this half Peterborough backs had nothing to do as Edison did not manage to break the Peterborough forwards. An unfortunate accident deprived the Peterborough team of a good man. Montgomery, while dodging fell with his foot under him and twisted his knee so badly that he had to be helped off the field. This was unfortunate, as he was put down to do some good scoring. It is hoped that he is not seriously hurt and that he may soon be seen on the team again. Time was soon after with Peterborough 5, Edison nil.

SECOND HALF.

Peterborough kicked off and by following up obtained a try. The kick for goal was unsuccessful. Edison then kicked from one quarter way, but the ball was well returned and, except for a run by LePage, who was splendidly tackled by Rogers at about half way, the game, was never out of Edison territory. Here it was a series of scrimmages which are not interesting from a spectator's point of view, and appear to be very rough and tumble, but this is not so; the most serious accidents occur when one man is running with the ball and gets a a hard tackle. Though the game appeared so rough still it was a much nicer game than any that were played last season, as both teams now know the game better and do not kick and hack each other as formerly.

The notable plays were made by Rogers, G. Boucher, B. Boucher, Parker, Brennan, Loucks and Montgomery for Peterborough, though all around the Peterborough team put up a fine combination, and there is no reason why with practice and good training the Peterborough team should not be amongst the foremost in Canada.

For Edisons, Taylor, Corrie-Smith, Parks, Adams, Grey and Pomfret played a good game, but their team lacked combination and practice, and had not such a good knowledge of the game, which was against their seizing the best opportunities to get in effective play, but keep on, Edison, you've got the material for a fine team.

It is said that the two teams intend amalgamating for outside matches. Why should they not go in for the championship matches? There should be time yet, and out of the two teams a fifteen could be got who would put up a game that no one need be ashamed of.

The game was witnessed by a large crowd. The ladies predominated and cheered their respective sides with a will that incited the players to do or die. One could shut his eyes and almost see again himself transported back some centuries and see the knights giving one last look at their "ladye faire" to give them courage before charging their opponents in the lists.

A.

FREE KICKS.

There will be practice again to-night.

It is expected that probably the two teams will come together this week—perhaps Saturday.

It is stated that members of the club who do not practice cannot expect to be chosen on a match team.

The Peterborough's will have a run into the country to-morrow led by Captain Boucher.

The Peterborough's contemplate joining the champship series. They have the material to keep their place in the ranks.

Personal.

Mr. T. Cahill and Mr. Frank Fairen went up to Toronto this morning to attend the Blake reception this evening.

Mr. Walter J. Wiggett, shipping clerk of the Canadian General Electric Co., has gone to Sherbrooke for a week's holidays.

Owing to the illness of Miss Smith, organist of the Mark street Methodist church, Miss Kindred presided at the organ yesterday.

Mr. J. Fred Davidson, of Smith, returned home at noon to-day from a months' visit to the great farming districts of Manitoba.

Mr. M. Halpin, accompanied by his sister, Mrs. W. J. Devlin, left this morning for Montreal, where they purpose paying a week's visit with friends.

Mr. Frank Sandys, G. T. R. station agent at Stirling, is in town to-day closing up the business of the sale of his residence on Bethune street—between King and Dalhousie—to Mr. Joseph Landy.

Mr. W. E. Connolly, of Dundas, is in town, in the interest of Messrs. Grafton & Co., wholesale clothiers, Dundas. Mr Connolly is an expert in the business of the clothing trade; he has grown up with the firm of Grafton & Co., and his experience will be an acquisition to the strength of the firm in town.

Chicago and Return.

On September 20th and October 1st R.R. ticket agents in Canada can sell return tickets to Chicago via Detroit and Wabash R'y, at less than second class fare one way. Solid trains with sleepers attached will be run from Toronto to Chicago in 14 hours. All tickets good to return up to Oct. 17. Full particulars from any ticket agent, or J. A. Richardson, Canadian Passenger Agent, N. E. Cor. King and Yonge streets, Toronto.

Minard's Liniment relieves Neuralgia.

Art Needlework.

All kinds of materials for art needlework now in stock at Miss MELVILLE'S fancy good store, 424 George street.

Gents Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKIN'S Steam Dye Works, Charlotte street

Piano Tuning.

Mr. G. Campbell is in town. Orders may be left at Messrs. Taylor & Mulcahy's or at the Peterborough Bookstore.

MARRIED.

ADFORD—HARVIE—At the residence of the Bride's mother, No. 254 Vernon Avenue, Chicago, on Tuesday, September 6th, 1892, by the Rev Dr. Stephens, Mr. John Alford to Miss Bertha Harvie, both formerly of Peterborough.

WARAM—NUGENT—By the Rev. Mr. Raley, at the residence of the bride's father, Smith, on Tuesday, 13th of September, 1892, Mr. Thomas Waram, youngest son of Mr. Richard Waram Sr., to Miss Hannah, second daughter of Mr. Samuel Nugent, all of the township of Smith.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits.' A. A. WILLIAMS

HOOD'S PILLS are the best family cathartic gentle and effective. Try a box. Price 25c

Enniamore.

(From a Correspondent.)

Two young gentlemen from Enniamore, had quite a little circus of their own on Sept. 13th, the day Washburn's circus was in Peterborough. They were driving to town in a covered buggy, and through the means of a pipe the top took fire. By some unaccountable means unknown to men or angels, the fire was so far advanced when it was discovered, that it was with difficulty put out, and then only at the sacrifice of the hats of the young gentlemen which they were compelled to use to carry ditch water to extinguish the flames. This was the main circus; the side show came after the exhibition in Washburn's canvass. On arrival in town the buggy had been left for repairs and the horse had been put in a stable. After having enjoyed the circus the pair went after the horse and found that he had become so disgusted with the situation that he had started for home leaving the drivers a walk of several miles through mud and rain. The loss of a horse and seven dollars worth of buggy top, was enough glory for one day.

Some small townships like Otonabee are blowing about the big threshing they are doing, but old Enniamore can lay them out without half trying. A few days ago, Messrs. D. Kennedy and W. Crough with a "Wide-awake" separator on the farm of Mr. M. Crough did some tall threshing. The throttle was pulled wide open and the oats were jammed in in lively style, and the grain poured out so rapidly that two men were required to measure it and carry it away, and at the end of an hour 700 bushels had been threshed. At Mr. John Sweeney's 330 bushels of wheat were threshed by the same parties in an hour. Any person who thinks he can beat this is cordially invited to do so.

A black bear has been seen several times in suspicious nearness to a sheep pasture on the farm of Mr. M. Crough.

The electors were much disappointed that Mr. Stratton was unable on account of the rain to address the meeting at the town hall on Tuesday night. We observe, however, by posters, that he will speak here in the Town Hall, on Friday evening, 23rd Sept.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Long Boots

For sale at KIDD'S at $1.75, worth $2.25.

Health Matters.

To the Editor of the Examiner:

SIR,—It has not been my good fortune to be a resident of your fine town for a period extending away back in the seventies or eighties, but sufficiently long to know that your beautiful location to say the least, has been selected by the founders, with an eye to making it a healthy breathing spot. To a critical observer one must feel impressed with the advantages the town of Peterborough possesses as a ground for the perfection of the advanced practical sanitation so essential to the well being of every local community.

As a ratepayer of your town I address a warning note to the fact that while we are not pestered with that dreadful scourge, cholera, we are attacked with a more malignant type of disease in the form of fever. Walk through our hospitals to-day! What do we find? Zymotic diseases predominating! What is the cause? Edison drain particularly, and the hundred and one other causes, breaches of the law, disregard to the teachings of the Provincial Board of Health, and last but not least, teetotally disregarding the mandates of that august body presided over by my estimable friend, Brother Edg. Pearse, a worthy body assembled weekly to legalize the favoured few "to break the law."

Pardon me, Mr. Editor, but really, great Scott! when you see men like Mr. Pearse so far stultify themselves as to be subservient to the town council, it is to say the least sickening. A man of his calibre presiding over a body of intelligent citizens with the power they have and allowing the health inspector to disregard their wishes with impunity, shows plainly that their usefulness is gone. Truly the people in the immediate vicinity of the Edison sewer have been "long suffering and slow to wrath," otherwise something would have been done to abate the nuisance.

Number Two Ward has also sent in petitions asking to have the original drain constructed so that they in turn might be benefited. But no, the sacrifice of health has been the watchword of the worthies, the representatives—save the mark—of the people. In conclusion, Mr. Editor, it is earnestly desired that the sitting members of Numbers One and Two Wards, will seek re-election in January next so that the ratepayers may have an opportunity of replacing them with men who will regard the wishes of their constituents, and be prepared to carry out the by laws and see to their honest enforcement.

Thanking you Mr. Editor.

Yours faithfully,
WATER CELLER.

Keep Your Eye on Godey's.

There is every indication that *Godey's Magazine* for October, ready September 15th, will mark an era in periodical literature. This will no longer be known as Godey's Lady's Book, but *Godey's America's First Magazine*, established 1830. In the first place, the magnificent work of art "Godey's Idea of the 'World's Fair,'" which is to be presented to every purchaser of this number, is said to be so beautiful and artistic in design and coloring that every one will want it. It is a faithful reproduction of one of W. Granville Smith's latest and greatest pictures produced expressly for Godey's. The publishers guarantee that the Magazine itself will be filled with surprises and beauties from cover to cover. First in the contents comes John Habberton's complete novel "Honey and Gall," a companion to "Helen's Babies," fully illustrated by Albert B. Wenzell. This is an idea first conceived by Godey's and now produced with brilliant success. Godey's fashions will be a most conspicuous and beautiful feature of the publication, there being, in addition to carefully edited descriptions and fashion articles, four exquisite plates produced in ten colors, and representing four of the leaders of New York society, attired in the latest Paris costumes. Mrs. Henry Ward Beecher's "Home" department will be read by the women of America with delight, and all the Magazine's old admirers will read with interest Albert H. Hardy's carefully written article on "Godey's Past and Present." Among the choice verses is the latest poem written by the late Josephine Pollard. John Habberton reviews all the books, and the whole forms such a rich literary feast that to examine a number of the new Godey's will mean to irresistibly desire it.

"I don't think so. I have been reading about snakes and learned that to strike the tail proved fatal. I wished to experiment, and was pleased to have the

SHE WAVED IT ALOFT ABOVE HER HEAD.

chance. It was a beautiful specimen. Come, Zell, you must not look so white. It was nothing. I know its habits or I would have been more frightened than you were; then it was you and your pretty bird its anger was directed at. I was not in danger."

Zell continued sobbing like a frightened child. Terry leaned against the rock and watched the two, so alike and yet not alike. He thought—they both appeal to my reason for supremacy. What a command of knowledge Zanea has, and she has that ability to put her knowledge into practice we so seldom find. What intensity, what independence. I like all these in women. Then what winning dependence, childlike simplicity and alluring coyness Zell has. I like those traits in women equally as well. If Zell were but educated; then aloud he said:

"Why do you say you think the snake a part of yourself, Zanea?"

"You so seldom ask questions, Terry Denver, I will answer this one—for experiment. The snake has a kind of power over its prey, but not mesmeric as some affirm. I believe it knows nearly every living creature fears it. This knowledge gives it power. If it did not know we feared it, it would certainly fear us. I have a power over animal life wholly magnetic. I know I have this power; I know I can make things do my will. When I think of this power a dull, surging sensation creeps over me and I crave the pleasure of folding something living in my arms and slowly, slowly as does the snake, crush out the life from its pulsing body. I have read of no other animal other than myself and snakes who thus find pleasure."

She looked into Terry's eyes intently a moment, then smiled.

"Do you mean to say you could influence me against my will?"

"Yes."

"Why do you not do it?"

"There is too much of the woman in me."

"I do not understand."

"I would like to win the man I thought worth winning."

He seemed to look into her inmost self, then cruelly indifferent he turned to Zell and asked:

"What would Zell do?"

"I do not know what you mean by 'win a man.' Will we go home? I want Shem. Oh, Terry! is Zanea not grand, like the sun. I feel like a cloud that shuts out her warm light. If the wind would only blow me away then the sun could shine as it would like to."

Zell knew not how true she had spoken. She was the cloud, without a doubt, through which the glory of Zanea shone but fitfully. Yet clouds are lovely misty necessities.

"Little ethnic, you are a worshipper of the sun, I believe, and you draw queer comparisons."

Shem met them and Zell told of the snake.

"Zanea is brave past understanding. She is unique."

"Hush, Shem; you are too enthusiastic altogether in your praise of a successful experiment. I am hungry; make haste and serve me."

They were soon seated around the table chatting gaily, the incident of the snake quite forgotten. After the sun went down Terry and Zanea started for the cave. He looked forward to those long walks with Zanea. She was mentally all he wished. While with Zell they could not talk of anything out beyond, or of books. Zanea found Terry a severe critic. The moon shone brightly when they gained the platform. Ishmael waited them. He stood with his hands clasped inertly before him, a weary, waiting expression slightly marring the fine face.

Pipe Smokers

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and ecz matic eruptions—produces baldness. Bear in mind that Anti Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Up to Date.

Facts, statistics, information, things useful to know, the biggest and best budget of knowledge, reliable and up to date will be found in a new publication, "Facts and Figures," just issued by Messrs. T. Milburn & Co of Toronto, Ont. Our readers can obtain it by addressing the above firm and enclosing a three cent stamp. dw

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorised by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Soft White Hands.

These desirable adjuncts to the beauty of the ladies can be attained by using Dyer's Jelly of Cucumber and Rose. Try it. Druggists keep it. W. A. DYER & Co., Montreal. 6d67

BEWARE of IMITATIONS

THE GRAND UNION
CLOTHING HALL

Has been asked a question, why we can sell our Own-Make Clothing for less money than others sell their factory make? The reason is that we have the ateat system to work on. First, the factory clothing has to go through a number of money makers, while the Grand Union Clothing Hall can avoid all this. The second, why our clothing fits better than the factory make; because we do our own cutting for the benefit of the public and to increase our good name.

We beg to notify those who did not come to town and who did not know about our great bargains that were given on the opening day, (Saturday, August) 27th) that we will continue the same bargains until Saturday, Sept. 3rd, in order to give everyone a chance to get the same bargains in our Own-Make Clothing.

Don't forget we will always keep in stock a fine selection of Tweeds and Worsteds which we will make to order in the latest styles.

A fine stock of Gents' Furnishings is always kept on hand.

If You are Going
To Buy a
Piano or Organ
don't fail to pay a visit to
JACKSON & Co.'S
ESTABLISHED
PIANO AND ORGAN WORKS,
360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of
GRAND, SQUARE AND UPRIGHT
PIANOFORTES
we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—
HEINTZMAN
AND
EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated
KARN ORGANS
which stand ahead of all competitors. We have also at all times in stock the well-known and popular
THOMAS ORGANS,
AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

WAS IT A TACTICAL BLUNDER?

Is the Question the Liberals Ask Regarding Morley's Irish Policy.

LONDON, Sept. 17.—The Conservatives assert that the Liberals are doubtfully asking whether Mr. Morley's revocation of the proclamations made under the Coercion Act is not a tactical blunder. Liberals whose appreciation of craft in politics overstepa their sense of principle think that Mr. Morley ought to have delayed the revocation of the proclamations until the very eve of the reassembling of Parliament. He could then have met Irish clamor and satisfied Irish pressure by doing what he has now done under a mere sense of fidelity to pledges, backed by the hope that the Nationalists will respond to the confidence he places in them. The Liberals know the intensity of the desire of the anti-Parnellites to support Mr. Morley's initial experiment towards Irish self-government. What they ask is, will the anti-Parnellites' influence prevail? Will Ireland, freed from coercion, have such a quiet winter as will justify Mr. Morley's sudden action? The Unionists say, of course, that with the restraints of law removed the Irreconcileables will show themselves and outrage will become rife. Upon their forbearance depends the success of Mr. Morley's first stroke in behalf of Irish independence.

RUIN FOR WORKINGMEN.

Building Societies All Over England Going to Pieces.

LONDON, Sept. 17.—Although the run on the Birkbeck Bank was almost concurrent with the collapse of the London Provident Bank and with the failure of several small provincial building societies, it has not had any apparent influence on the money market. Yet it would be wrong to suppose that the members of the Haute Finance were without anxiety. All over the country, in Wales and the north of England especially, these workingmen's institutions, combining banking and building operations, are falling to pieces chiefly through mismanagement, but often through the dishonesty of directors. Throughout England there are 2700 building societies with liabilities of over £50,000,000. Many of them are known to be utterly insolvent. Even if the panic brings no further disastrous developments one result will be an amendment to the law under which they are allowed to exist.

A Great Ship for the White Star Line.

LONDON, Sept. 17.—The White Star Company has commissioned the great Belfast shipbuilders, Harland & Wolff, to build an Atlantic steamer that will beat the record in size and speed. She has already been named "Gigantic," and will be 700 feet long, 85 feet 7 1-2 inches beam and 4500 horse-power. It is calculated that she will steam 22 knots an hour, with a maximum speed of 27 knots. She will have three screws, two pitted like the Majestic's and the third in the centre. She is to be ready for sea in March, 1894.

The Truth of the Story Disputed.

LONDON, Sept. 17.—The Neue Freie Presse of Vienna recently published a story that Jane Armstrong of New York had killed herself with a revolver after losing $250,000 at the Monte Carlo casino. Subsequently the paper published elaborate details of the affair, which were telegraphed in every direction. The Monte Carlo correspondent of The Telegraph of this city was instructed to look into this matter. He did so, with the result that yesterday he telegraphs that the story is a canard.

A Rogue Nobleman.

LONDON, Sept. 17.—Frederick Evans, alias the Duke of Teck, who is in reality none other than Wasson Hembold, son of the celebrated Philadelphia "Buchu" man, was brought before the Lord Mayor yesterday charged with attempting to defraud the Anglo-Austrian Bank out of £1500. He told the bank officials that he was an Austrian prince, supported by his Government, and handed in two bills on the Austrian Government for collection.

Threatens Cromwellian Methods.

BERLIN, Sept. 17.—A provincial paper alleges that it has authority to state that Emperor William will dissolve the Reichstag if the new military bill is rejected.

Cattle Disease In Germany.

HAMBURG, Sept. 17.—A strange cattle disease has appeared on 17 estates in the Grand Duchy of Mecklenburg.

An Unsuccessful Experiment.

LONDON, Sept. 17.—The last shipment of California fruit was sold here at unsatisfactory prices. The experiment was not a success and will not be repeated.

The Genuine Merit

Of Hood's Sarsaparilla wins friends wherever it is fairly and honestly tried. Its proprietors are highly gratified at the letters which come entirely unsolicited from men and women in the learned professions warmly commending Hood's Sarsaparilla for what it has done for them.

Hood's Pills cure liver ill, jaundice, biliousness, sick headache, constipation.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating. It will relieve dyspepsia, aid digestion, give tone and vigor to the system. dw

Freeman's Worm Powders destroy and remove worms without injury to adult or infant dw

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON 24 Macdonell ave., Toronto, Canada.

"PROMPT AND PERMANENT."

RHEUMATISM.—Jan. 17, 1883, GEO. C. OSGOOD & CO., Druggists, Lowell, Mass., U. S. A., wrote: "MR. LEWIS DENNIS, 136 Moody St, desires to say: "ORRIN ROBINSON, a boy of Graniteville, Mass., came to my house in 1881, walking on crutches; his leg was bent at the knee for two months. I gave him

ST. JACOBS OIL

to rub it. In six days he had no use for his crutches and went home cured without them."

Lowell, Mass., U. S. A., July 9, '87: "The crippled boy ORRIN ROBINSON, cured by St. Jacobs Oil in 1881, has remained cured. The young man has been and is now at work every day at manual labor." GEORGE C. OSGOOD, M. D.

THE BEST FAMILY PILL IN USE

FOR SALE BY ALL DEALERS

Keep the Works in good order.

NORMAN, Ont., January 15, 1892.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.

Yours faithfully,
H. F. ATWELL.

The Travellers' Safe-Guard.

ANAGANCE POND, N.S., Jan. 27, '92.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,
M. R. MCINNIS.

A valuable Article sells well.

DORACHOIS HARBOR, N.S., Jan. 13, '92.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the others combined. Their sales I find are still increasing. Yours, &c.,
N. L. NICHOLSON.

Carter's Little Liver Pills

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills makes a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Scythe Song.

Thro' shudd'ring fields of yellow wheat
That would but cannot make retreat,
Account of every blade and ear,
I sway and swing afar, anear!
Aud as I sweep my swath along,
I murmur forth a soothing song:
"Hush, ah, hush! and cease to weep,
I hear no sorrow, I give you sleep,
Life is a toilsome, painful breath—
I come with balm, I give you death.
To-day is sighing, to-day is sorrow;
Behold, ye sleep in peace to-morrow.
Hush, then hush, and cease to weep—
I heal your sorrows, I give you sleep."

Amid the haunts of men I pass;
To me they are as ripened grass,
They fall before me day by day—
Not one can brave me in my way.
Yet, cursed and feared the earth's worst foe,
I scatter blessings as I go:
"So hush, be silent, and cease to weep,
I hear no sorrow, I give you sleep.
Life is a toilsome, painful breath—
I bring you healing, I give you death.
To-day is sighing, to-day is sorrow.
Behold, ye rest, ye rest to-morrow.
Hush, ah, hush! thou, and cease to weep—
I heal your sorrow, I give you sleep."

My harvest is to come. Ye hear
My song already in your ear,
Drawing ever anear, anear!
From Russian steppe and Persian plain
I sweep—before the ripened grain;
Behind, in heaps the harvest lain.
Like shudd'ring fields of waiting wheat,
Ye would but cannot make retreat.
"Then hush, ah, hush! and cease to weep,
I hear no sorrow, I give you sleep.
Life is a toilsome, painful breath—
Behold, I come with the balm of death.
To-day ye sigh and to-day ye sorrow.
But ye sleep, ye sleep in peace to-morrow.
Hush, then hush, and cease to weep—
I heal your sorrows, I give you sleep."
—James A. Tucker, in Saturday Night.

For Finding Levels.

Take a broom handle or similar stick and tack on a small straight edge near the top, as the cut shows, braced by a square of tin between the two. The straightedge must be level, as the instrument hangs on a loop of cord through a small hole in its upper end. On a still day you will then have a perfect road grader and level. Begin at the top or bottom of the hill as you choose, but keep the same grade throughout by sighting the same distance each time. Suppose you begin at the top; you stick the stake and take, for example, 10 feet down in the direction of your proposed road. Stand erect. Place the level to your eye and you see at once whether you should move to the left or right to sight the point where you previously stood. Again move down whatever number of steps you at first decide upon and repeat the sights to the bottom. Much heavier loads can be drawn upon such roads than where the grade is variable. Loads will often go up 'round points instead of over them, for the pot-bail is no longer when lying down than when standing up.—C. D. Sweet, Garnett Co., Md.

What He Did.

Young Lady—Mercy me! And so, when fast in the jungle, you came face to face with a tiger. O-o-o! What did you do? Modern Traveller (proudly)—Photographed it.—New York Weekly.

The Wife of a Former Torontonian Takes a Dose of Morphine.

TORONTO, Sept. 17.—Clifford Elvidge, a drug clerk, formerly employed in Toronto, has been employed in Wiarton for the past three months and has been drinking to excess. Yesterday his wife took a dose of morphine with suicidal intent, but prompt application of remedies saved her life. On the table in the room was an ounce phial and lying beside it the following note, written in a neat and firm female hand, showing the writer to be well educated:

"May God forgive you, Cliff., for what you have said and done to me, for I never can forgive you. I had no trouble till I met you and now——"

It was evident she wrote the note in a calm and determined manner, and then quietly prepared to die. She had swallowed enough laudanum to kill three or four people. Her husband was stupid with drink at the time of the occurrence. The unfortunate girl's mother came from Durham and took her home, the husband accompanying them.

Fine Harvest Weather.

WINNIPEG, Sept. 16.—Manitoba is enjoying excellent harvest weather and threshing is proceeding rapidly. Farmers show a disposition to hold off their wheat, anticipating better prices.

They Walked to Siberia.

WARSAW, Sept. 17.—Several Austrians suspected of being spies have been sent to Siberia without trial, and others have been expelled from Russia on the same charge. Their wives were compelled to walk to the frontier, herding with criminals.

Why the Russians Withdrew.

LONDON, Sept. 17.—The Vienna correspondent of The News says that the Russians withdrew from the Pamirs only because the Afghans and the Chinese refused to sell them food.

Sufferers from dyspepsia have only themselves to blame if they fail to test the wonderful curative qualities of Ayer's Sarsaparilla. In purifying the blood, this medicine strengthens every organ of the body, and even the most abused stomach is soon restored to healthy action.

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Truth will Prevail.

DEAR SIRS,—I have been afflicted with chronic rheumatism for several years, and have used numerous patent medicines without success. But by using six bottles of Burdock Blood Bitters I was entirely cured.

SARAH MARSHALL,
King st., Kingston, Ont.

NOTE.—I am acquainted with the above named lady and can certify to the correctness of this statement.

HENRY WADE,
Druggist, Kingston, Ont.

Do not suffer from sick headache a moment longer. It is not necessary. Carter's Little Liver Pills will cure you. Dose, one little pill. Small price. Small dose. Small pill. dw

IMPORTANT.—Capilline contains no noxious substances like so many other Hair Restorers, but to the contrary it is the best Hair Tonic and at the same time the most agreeable Toilet Article. 1d

As a healing, soothing application for cuts wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

NEW RULE IN IRELAND.

TENANTS DESIROUS OF OUSTING THE LANDLORDS AT ONCE.

The Tenants Believe That They Should Have Possession of Their Holdings as Owners—It is Likely that the Dynamiters Now in Prison Will be Liberated at an Early Day.

LONDON, Sept. 19.—*Ireland* is at length free from government by proclamation and removable magistrates. Chief Secretary Morley has kept the promise made by the Liberal party to the Irish people so far as this important step is concerned. The evicted tenants are plucking up courage and have in several instances again taken possession of their former homes. They run very little risk in so doing as, the proclamations under the Coercion Act having been revoked, the landlords cannot appeal to extraordinary measures for vindication of their claims, which would have to be decided by a jury of the vicinage. There is a strong disposition throughout Ireland to effect a summary expulsion of all landlords and have the tenants assume possession as owners. This agitation is held in check by the fact that many of the tenants have sub-occupiers under them, who might be inclined to assert a similar claim against the tenants from whom they hold. However, it is generally believed that some method will be found for the tenants of the farms to take complete possession practically, if not nominally, as owners. This will establish a new and powerful land-owning class, bound by its interests to support an Irish Home Rule Government against the Conservative element in Great Britain and Ireland. The release of Gallagher, Daly and other Irish political prisoners is expected at an early date. The chief reason for not appointing Sir William Harcourt Home Secretary was his opposition to the release of these men. Sir William Harcourt has always asserted that the conviction of the alleged dynamiters was justifiable and they ought to be kept in prison. Mr. Asquith, the new Home Secretary, has no embarrassing record on this subject and will doubtless be willing to release anybody he is ordered to let go.

The Duke of York's Trousers.

LONDON, Sept. 19.—Miss Hicks, a working tailoress delegate, told the Trades Union Congress that she knew a fever den in London where the Duke of York's trousers were made and that she sewed trousers herself next door. This statement, which was meant as an attack on the sweating system as laying open high and low alike to infection, has been disproved in the case of the Duke of York. Royalty's clothes are produced in a great factory which employs many men, which largely supplies America and which is kept in good sanitary condition. But Miss Hicks was right in affirming that the high prices paid to fashionable tailors do not insure customers against the production of garments in fever slums.

TAKING TENANTS CATTLE.

Mr. Redmond Says the Irish People Will be Driven Wild by Bailiffs.

LONDON, Sept. 19.—William H. Redmond, the Parnellite who represents East Clare in the House of Commons, has written a letter in reference to the midnight expedition of bailiffs to seize cattle belonging to tenants on the Bodyke estate in Clare. Mr. Redmond in his letter describes himself as an anxious but peaceful writer, but says he must point out to Mr. Morley that the sending of armed police at midnight to hunt the cattle of poor people who, under stress of circumstances, are unable to meet the full demands of their landlords, is likely to cause extreme irritation and excitement. He concludes by declaring that unless the Government stops these midnight raids of the police the people will be driven wild.

STARTLING SUICICIDE.

An English Clergyman Kills Himself Under Distressing Circumstances.

LONDON, Sept. 19.—The Rev. Joseph Weedon, vicar of Moreton Parish in Lancashire, committed suicide at Rhyl, a watering place in Wales, yesterday morning. Weedon was considered to be a man of exceptional piety and was happily married. A fortnight ago, when he started on his vacation, he behaved strangely toward his wife and finally told her that he would have to leave her at home as he did not have money enough to pay the board of two persons. Mrs. Weedon remained at home. Mr. Weedon met a pretty young servant girl from Moreton at a station a few miles off, and proceeded with her to Rhyl, where he introduced her at the hotel as his wife. The couple lived so extravagantly that when the bill was presented on Thursday night Weedon was unable to pay it. The landlord threatened proceedings, but Weedon held him off with promises to raise the money. On the next morning Weedon bought a revolver, went to the hotel and shot himself dead. The coroner's jury to-day gave a verdict of suicide in a fit of insanity.

Insane at a Foreign Hotel.

BERLIN, Sept. 19.—Mrs. Clothilde Fliess, said to be the widow of a prominent New York physician, staying at a hotel in this city, to-day became raving mad. Her rooms are on the fourth floor of the hotel, and dashing to a window she attempted to throw herself to the street. Persons passing saw her and shouted to her to go back. This diverted her attention and prevented her from immediately jumping. A fireman rushed up stairs and grasped her around the waist. She fought like a tigress, and it was with the greatest difficulty that she was secured.

Suicide of a German Baron.

NEW YORK, Sept. 19.—The truth concerning the death of a man supposed to have been Max Vitkaf of No. 267 Bowery, came out yesterday when Alexander von Schoneberg visited President Wilson of the Health Board. It appears that Nitkaf was Baron von Wittken, and instead of cholera morbus his death was due to arsenic. He was found sick in Mercer-street Tuesday night, and when taken to Bellevue Hospital gave his name as Vitkaf. Wittken came from a noble German family and was a lieutenant in the Prussian army. On reaching this country he was penniless and went to work in a Bowery lodging house. It is supposed he took the arsenic with suicidal intent.

What the Kaiser Said.

BERLIN, Sept. 19.—The Reichsanzeiger, the official organ, last evening said that William Steinway's statement regarding the suggested visit of Emperor William to the Chicago Columbian Exhibition was incorrect. In the report of his recent audience with the Emperor Mr. Steinway was made to say that if His Majesty would visit Chicago he would be greeted with boundless enthusiasm by the German-Americans there, and it was stated that the Emperor responded: "My going to Chicago is not at all impossible." The Reichsanzeiger declares that what the Emperor really said was that it was not very possible that he would go there.

Later Views of Mars.

GENEVA, Sept. 19.—Prof. Brooks, director of the Smith University, has recently made most interesting observations and discoveries in the planet Mars. The star is now much better seen than when it was directly in opposition. He has observed many of the so-called canals, thus confirming the discoveries of Schiaparelli. The melting away of the snow from the south pole of Mars has been specially noted, the encroachments of the summer's heat leaving two large fields of snow or ice which have since disappeared. Prof. Brooks also announces the discovery of clouds upon Mars which at times obscured the continents and oceans usually distinctly visible.

THE STANDARD LIFE ASSURANCE CO'Y

ESTABLISHED 1825.

Assurance in force,	$107,011,896	Bonus Distributions,	$27,000,000
Assets,	37,416,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,889,371	Assurance in force in Canada	13,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous straightforward dealing, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract. Instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always give rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

Owing to the Rush

In other departments, we have delayed noticing our

TAILORING AND GENTS' FURNISHING DEPARTMENT.

We pride ourselves in having as beautiful a stock of Fashionable Suitings and Overcoatings for fall wear as anyone would wish to look at. We make up Suits for Men, Boys and Children, in the latest styles. Those who wish to make up their own clothing, should get their cloth from us, as we sell largely by the yard.

The Golden Lion avoids the two outrageous extremes practised among the tailoring trade here and elsewhere, viz:—deceptive cheapness and fancy high prices. Our principle is to produce first-class reliably-made garments, commanding character and style, at strictly moderate charges.

Special value in Wool Underwear, Shirts, Ties, Collars, Cuffs, etc.

ROBERT FAIR,

SIGN OF THE GOLDEN LION,

MANTLES
—AT—
TURNBULL'S.

As the cold, chilly weather approaches, the question will arise in every lady's mind, what am I going to wear for a Mantle this season? As we have to look to the wants of our customers we have been busy for some time marking and putting into stock our Fall Importations. The styles are almost too numerous to describe, but some of the leading lines are:

SERGE CLOTHS trimmed with Astrachan Collars and Pipings.

PLAIN BEAVERS and SOFT TWILLS neatly braided on a Rolling Collar.

ROUGH CLOTHS, double-brested and tight fitting.

FAWN BEAVERS trimmed with Beaver Fur to match.

SEALETTES, plain or trimmed, with Astrachan or Beaver.

ULSTERS, Long Ulsters are still very much worn with full length Capes, which can be detached and worn separately. Hoods lined with Silk will also be worn. This season we have purchased twice our usual quantity and feel confident we will be able to please everybody in both Price and Style.

MANTLE CLOTHS.—Our Ready-made Mantles do not interfere in any way with order department. We have placed in stock a full range of all new makes of Mantle Cloths, Sealettes, Astrachan Cloths and Trimmings. Our Astrachan Cloths imitate the real fur as near as possible.

TORONTO GREETS BLAKE.

A GREAT RECEPTION AT THE PAVILION.

Three Thousand Persons Gather to Welcome Him—He Speaks for an Hour and a Quarter on His Irish Mission—Speeches by Other Prominent Men.

TORONTO, Sept. 20.—One of the most flattering and successful receptions of several years was that which nearly 3500 citizens tendered in the Pavilion last night to the Hon. Edward Blake, M.P. for South Longford.

The admission was by ticket, which had been very liberally distributed. The first gallery was reserved for ladies and their escorts. Many of them were at the doors an hour before the time for the commencement of the meeting. At 7 o'clock the doors were open, and soon the vast building was filled.

The platform was beautifully decorated. To show the loyalty of the Nationalists two dozen Union Jacks were displayed and 10 more surmounted the pillars of the hall. On the platform the British Arms formed the apex. Beneath was the inscription in letters two feet long, "Home Rule, not Rome Rule;" immediately underneath the Irish flag of the I.C.B.U. with the representation of the harp which once thro' Tara's halls its sound of music shed. Then occupying the centre of the decorative screen was the ascription, "Welcome to the member for South Longford," with index fingers pointing to the nearly life-size portrait of Hon. Edward Blake. What more need be said to show that the decorators had done their work and done it well! Green and red and white streamers completed the background and some choice exotic plants added to the effect.

An Enthusiastic Welcome.

On Hon. Frank Smith, accompanied by Hon. Edward Blake, Hon. Mr. Costigan, Archbishop Walsh, Monsignor Rooney and a large number of prominent Nationalists appearing on the platform the vast audience rose and cheered most enthusiastically. Mr. Blake repeatedly bowed his thanks and took his seat to the right of Hon. Frank Smith, who presided over the meeting. On the left of the chairman was Archbishop Walsh.

The Chairman's speech was comparatively short. He said he was glad of the opportunity of welcoming home from Ireland one of Canada's sons who had been over there to assist in a just cause. Mr. Blake's mission, he believed, would result in bringing peace and happiness to Ireland and unity and strength to the Empire. He (Mr. Smith) had had Osgoode Hall for his barracks ready to step out to repel an invasion of Canada, and 95 per cent. of his fellow-countrymen before him were ready to do the same should duty every call them. Ireland was destined to rule in her own local affairs, and that soon. The first step in that direction was taken at the last general election; the second when Her Majesty called upon Mr. Gladstone to form a Cabinet. "The clock has struck one for Local Government," dramatically remarked Mr. Smith, "and it cannot go back." [Applause.]

MR. BLAKE'S ADDRESS.

He Tells Why He Visited Ireland and What He Expects to Accomplish.

When Hon. Edward Blake stepped forward to reply he was greeted with tumultuous applause. During the reading of the address he stood with head bent and closed eyes. After the first formal thanks he reverted to his manuscript and read the greater portion of the speech, which occupied 1¼ hours in its delivery. Mr. Blake said:

"I feel that I must postpone for a moment the language of thanks and give utterance to the language of regret when I remember that the last time I was on this platform it was at the gathering to hear one of Ireland's gifted sons address you on oratory. I mean the late Daniel Dougherty, whose lamented death we recently read of." He asked his audience not to judge his oratory by that which it heard on the occasion referred to.

"I have to thank you," he continued, "and I shall only say thank you. [Applause.] I thank you for this reception and for the language in which you have been pleased to couch it. I should have felt some difficulty in accepting this demonstration had it been in any sense limited to race or creed or local political affiliation. [Applause.] For it has been my aim to make this question free from party politics and sectarian strife. I had believed that four-fifths of our people from Halifax to Vancouver favor Home Rule for Ireland."

Thought It Would Be a Potent Voice.

He had believed that such a unanimous voice would be potent, and thought it a sacred duty to make this as powerful and potent as it could be made. He knew that there were a few opponents of Home Rule—mainly those of a certain society which he would not mention. [Laughter.]

The Progress of Home Rule.

Mr. Blake, having reviewed the progress of Home Rule and the action taken by Canadian Parliaments, said that Lord Salisbury's Government lasted for six weary years. The Irish showed great patience and moderation, being encouraged by feelings of hope in a great English party, hope in the British democracy and hope in the opinion of the world—all this restrained them. The blessed work of reconciliation meantime went on. The feeling that Britain would ultimately be just and generous, the knowledge that British statesmen were looking at Ireland for themselves and that soon healing would be applied to the grievances of the Irish people, all were important factors. Thus the progress of the political education of the Irish people went on. Everything pointed to a decisive victory at the next election.

Then came the discovery of Mr. Parnell's fault, with all the unhappy episodes which accompanied it. All energies seemed paralyzed, and the prospects of the election seemed blighted. But for this unhappy division the majority actually obtained in the end would have been very largely increased.

The Call to Duty.

"Under these circumstances," said Mr. Blake, "I received a call, which has led to this magnificent demonstration."

He denied the imputation that he had gone to Ireland with the anticipation of stepping into the position of leader, and referred to honors which he had rejected at different periods of his political career in support of his contention.

"I have entered upon a worthy campaign," he added, "but the most joyful day to me will be when it releases me to return to my own native fireside." [Loud applause.]

Proceeding, he said: "I make no protestations—God forbid that I should make representations in your name—but I did think I was helping the cause which the Canadian people had at heart, and that it would be pleasing to them if one of their sons could promote it."

He Answers Objectors.

"I am told," continued Mr. Blake, "that I have done wrong and caused strife and division amongst you. I am told that Canada has nothing to do with Home Rule, that Canada does not favor Home Rule, that I am connected with a failing cause, that some counter-demonstration must be held to wipe out the stain of this reception and to give to Great Britain the true opinion of Canada. I think we can afford to treat this action with great good humor. [Cheers.] We may differ as to tastes, but that is not of very great import. I know that Canada is not unanimous for Home Rule. I know that in this city, where opposition is so strong, it is easy to gather a meeting against Home Rule. I know that the Liberal party is practically unanimous in favor of Home Rule—[loud cheering]—that of the Conservative party a very large majority are in favor of it, that four out of every five Canadians are in favor of Home Rule. [Cheers.] Now, I have not the least objection to a meeting of the small majority against Home Rule. I have not the least objection to them expressing their views, but I respectfully decline to accept their verdict." [Renewed cheers.]

A Challenge to the Orangemen.

Mr. Blake went on to ask why these people would not impartially discuss the question. He styled them an insignificant faction of the whole people and that they do not want a decision given. He invited all political parties to take care that such discussions take place, to take care that in the next Canadian Parliament that parliament shall, like its predecessors, give an expression of opinion on the Home Rule question. [Cheers.]

Days of Moral Force.

"These are," said Mr. Blake, "days of public opinion and of moral force. More and more will they dominate the world. Do not, then, neglect your solemn duty."

Then Mr. Blake made a most earnest appeal for material aid, based on the schism in the Irish ranks and the detention of a large portion of the funds of the National Federation in Paris. The urgency for aid was on account of the demands for evicted tenants; also election purposes, protests, organization and maintenance. The hon. gentleman told of the failure of Irish crops and consequent impoverishment of the people.

The Most Vital Question.

The land question was dealt with by Mr. Blake at considerable length. He favored the conversion of the smaller holders into one of ownership. Something in this direction had already been done, but the work required completion: the creation of authorities for the compulsory purchase of lands and to use public funds for the purpose.

Mr. Blake said he would relieve the congested districts by the transplantation of the poor tenants who, if they held rent free, could not live, to more favorable districts. "Thus only can we hope to make Ireland a permanently contented and prosperous country. The difficulties are great, but not insuperable. In the framing of the Home Rule measure attention would be given to the preservation of the interests of landlords and tenants. Able men are now devoting their energies to the question, and I believe that soon we shall see a good Home Rule bill introduced. God speed it. See that you help in that measure and the speeding of that day."

In conclusion Mr. Blake expressed his gratitude for the generous way in which he had been received in Ireland and England alike, and which had touched his heart more deeply than could anything else, save the affection of home.

The hon. gentleman sat down amidst long-continued cheering.

OTHER SPEAKERS.

Hon. John Costigan, Hon. A. S. Hardy, Archbishop Walsh, Senator Sullivan et al.

His Grace Archbishop Walsh reminded the audience that he seldom took the platform for secular purposes, but on this occasion he had ample excuse. Here was the cause of a people in distress and of a nation striving to be free. They seek for privileges wrung from them by violence, fraud and corruption. This was a gathering of people surrounded by the blessings of Home Rule to express their sympathy for those who are suffering from tyranny and coercion. It was meet that they should come to do honor to a son of Canada, who, with more than knightly chivalry, left his home to do battle for the cause of unhappy Ireland.

Rev. Dr. Dewart was received with loud applause. Years ago, he said, in looking at the question of Home Rule, it seemed a just and reasonable thing that Irishmen should have the management of their own affairs.

Hon. John Costigan.

Hon. John Costigan was next called to address the assembly. He had come to pay his humble tribute to Mr. Blake and the cause he had espoused. As an Irish-Canadian he was proud of the self-denying manner in which Mr. Blake had answered the call of his country. He had proved that Canadians could hold their own in the British House of Commons. Some of the leading newspapers of Canada had protested against Mr. Blake's introducing the Home Rule question into Canada. The best answer to this was that the question had already been voted by the Dominion Parliament in 1882 and 1886.

Hon. A. S. Hardy in a short address paid a glowing tribute to the abilities of the member for South Longford. He was never so proud of him as when the message came across the sea, "Come over and help us," and the answer was, "I come." Mr. Hardy had heard a man in Hamilton the other day who said, "I am and always have been a strict Conservative, but as I have listened to Mr. Blake's arguments in the House of Commons I have been forced to agree and to vote with him; I wondered, too, why the ministry were not convinced.

Dr. Bergin Talks.

Dr. Bergin, M.P. for Cornwall and Stormont, did not see eye to eye with Mr. Blake on politics, but he heartily agreed with him on the Home Rule question. Referring to the invitation to the Auditorium to receive the empire she hon. gentleman said he could not have believed that there was so much ignorant fanaticism in Toronto.

Senator Sullivan followed in an able speech, and was remarkably well received.

At the conclusion Mr. Patrick Boyle moved that Hon. Frank Smith leave the chair and that the same be taken by Rev. Dr. Burns.

Hon. Peter Mitchell then made a brief speech.

Mr. Charles S. Devlin, M.P. for Ottawa County, got excited and said that Mr. Blake's intellect was the greatest in Canada, and his heart the warmest which the country contained. He claimed he was as loyal as any speaker who would appear at the Auditorium on Tuesday night.

LAUREL SUITS AT GODERICH.

A True Bill Against the Editor of The Star.

GODERICH, Sept. 20.—The Huron Assizes opened here yesterday before Judge Street. The only cases of public interest are the criminal libel charges instituted by H. C. Cameron against the publishers of The Goderich Star and The Toronto World. Mr. E. B. Osler is acting for the prosecutor Mr. John King, Q.C.; Nicholas Murphy, Q.C.; and Mr. George Lindsey will appear for Mr. Maclean, and Messrs. King, Lindsey and Campion for Mr. Mitchell of The Star.

A true bill was returned against Mr. Mitchell at 6 o'clock and the case will be tried to-day. The World's case will go to the Grand Jury to-day. Quite a lot of witnesses have been subpœnaed, including Hon. J. C. Patterson, R. Birmingham and Mr. Swabie of Meredith & Co.'s law firm. Mr. Cameron hopes to prove some kind of political conspiracy by these witnesses.

The trials are exciting a lot of attention and there was a large attendance of spectators in the court house anxious to listen to the witnesses and to see the various parties. It is not unlikely that the dying girl, Laura Gordon, will go into the box and give her evidence.

BERGMAN FOUND GUILTY.

Sentenced to Twenty-one Years' Imprisonment in the Penitentiary.

PHILADELPHIA, Sept. 20.—Alex. Bergmann, the anarchist, who tried to kill H. C. Frick, was placed on trial yesterday in the Criminal Court. Bergmann was as cool as anyone present. He pleaded not guilty to six charges of felonious assault and battery, entering a building with felonious intent and carrying concealed weapons. He had no counsel and preferred to conduct his own case. After the evidence of Messrs. Frick and Leishman and others the State rested its case and the prosecuting attorney did not address the jury. Bergmann began the reading of a rambling anarchist address in German, in which the following sentence occurred:

"My reason for my act was to free the earth of the oppressors of the workingmen. I wanted to punish him, not murder him. I did not assault Mr. Frick, but the person who had oppressed labor. I recognized no man by name, but the cause of the trouble, and I wanted to remove that cause."

Here the court interrupted him.

"You have had your time," said the court, "and you must stop. We have been too indulgent."

The case was then given to the jury, and without leaving the box a verdict of guilty was found. The defendant was at once called for sentence and said:

"I did not expect justice and I did not get it."

He was then sentenced to 21 years' imprisonment in the penitentiary on the five charges of feloniously assaulting and entering a building with felonious intent and one year to the workhouse for carrying concealed weapons. Bergmann looked sullen and throwing back his head put on his hat and started to leave the room. He was at once taken in charge and removed to jail.

BRUTALITY AT BELLEVILLE.

A Deaf Mute Lured From The Depot And Outraged.

BELLEVILLE, Sept. 20.—One of the most atrocious crimes ever perpetrated in Canada was committed here on Thursday morning last. A deaf mute girl named Lentz, aged about 17 years, and her brother, who is some years younger, arrived here by the G.T.R. from their home near Hamilton at about 1 a.m. on that day. They were bound for the institution for the deaf and dumb, but having missed the train by which the other pupils from the west traveled they were unaccompanied. Entering the station house they fell asleep in the waiting-room. At about 3 a.m. the girl was awakened by a young man who induced her to believe that he would convey her to the institute. She accompanied him outside, when he and a companion took the poor girl to a lonely place across the track, where both assaulted her. Her absence was noticed and in a short time she was found, her assailants running away as a rescuer approached. Thomas Dunn, a young man aged nineteen years, was yesterday arrested, and was identified by Miss Lentz as one of her assailants. Yesterday he was brought before the acting police magistrate and remanded for a week. His accomplice, who is supposed to be George Thompson, a youth of about twenty years, has so far escaped the police.

TRACKED TO BOSTON.

Brosseau, the Absconding Montreal Customs Officer, in Custody.

BOSTON, Sept. 20.—Julian Brosseau, alias Charles Giguire, 50 years old, custom officer at Montreal, was arrested here yesterday charged with embezzling $1700 of Her Majesty's Custom receipts. Brosseau has been a collector at Montreal for 20 years, and the aggregate of his thefts is said to be $50,000.

Wreck on the N.Y. Central.

UTICA, Sept. 20.—A freight train was wrecked on the Central Railroad at Amsterdam shortly before 1 o'clock yesterday. All the tracks are blocked. No particulars can be obtained.

To Boycott the World's Fair.

CHICAGO, Sept. 20.—The Socialists and hotheads of the Trades Assembly captured the meeting of the assembly yesterday and decided to boycott the World's Fair. The meeting was a very turbulent one, owing to the heated language used by the professional agitators in denouncing the fair arrangement. The discussion arose upon the reading of a communication from Secretary Culp inviting the assembly, as a body of organized labor, to participate in the parade on the occasion of the World's Fair dedicatory exercises next month. The invitation was declined by a vote of 119 to 40.

The Cashier Handed Out the Cash.

ARKANSAS CITY, Ks., Sept. 20.—A bold raid was made yesterday on the bank at Dexter. Two masked men entered the bank and with drawn pistols commanded the cashier to hand over what money there was in the cash drawer and safe. The cashier handed the robbers $2000.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

Are a BLOOD BUILDER and NERVE TONIC. They supply in condensed form ALL the substances needed to enrich the Blood and to rebuild the Nerves, thus making them a certain and speedy cure for all diseases arising from impoverished blood, and shattered nerves, such as paralysis, spinal disease, rheumatism, sciatica, loss of memory, erysipelas, palpitation of the heart, scrofula, chlorosis or green sickness, that tired feeling that affects so many, etc. They have a specific action on the sexual system of both men and women, restoring lost vigor.

WEAK MEN

(young and old), suffering from mental worry, overwork, insomnia, excesses, or self-abuse, should take these PILLS. They will restore lost energies, both physical and mental.

SUFFERING WOMEN

afflicted with the weaknesses peculiar to their sex, such as suppression of the periods, bearing down pains, weak back, ulcerations, etc., will find these pills an unfailing cure.

PALE AND SALLOW GIRLS

should take these Pills. They enrich the blood, restore health's roses to the cheeks and correct all irregularities.

BEWARE OF IMITATIONS. These Pills are sold by all dealers only in boxes bearing our trade mark or will be sent by mail, post paid, on receipt of price—50 cents a box or 6 for $2.50.

THE DR. WILLIAMS MED. CO., Brockville, Ont., or Morristown, N.Y.

The Daily Examiner is delivered to any part of the Town for 10c. a week, 35c. a month, $2.00 for six months.

Daily Examiner.

TUESDAY, SEPTEMBER 20, 1892.

The Trades Congress Programme.

The members of the Trade Congress held in Toronto, dealt with public affairs in a very intelligent manner. Their first series of resolutions asked for manhood suffrage in municipal affairs, that all elections be held on January 1st in each year except when it falls on Sunday, and that the polls be kept open till 8 p.m. In reference to land they espoused the Henry George theory, and will ask that municipalities have the right to remove all taxes from the products of industry. It was resolved to submit a free trade resolution to the local unions for discussion to be voted upon at the next annual meeting. The Dominion government will be asked to abolish canal tolls, and to allow the electorate to express their opinion at the polls on the following question:

1. The maintenance of our present colonial status.
2. Imperial federation.
3. Canadian independence.
4. Political union with the United States.

The Last Cabinet Meeting.

A very interesting meeting of the Dominion cabinet and one which may be productive of important results was held Saturday. All the ministers were present with the exception of Mr. Bowell. Friday Sir John Abbott had an interview with His Excellency the Governor General, when no doubt the premiership succession was talked over. Mr. Chapleau and a number of Conservative members are very anxious that the change of leaders shall be made at once, but several of the ministers want Sir John Abbott to remain in office, being fearful that a new premier would turn them adrift. Mr. Carling, Mr. Dewdney and Sir Adolphe Caron are said to be among the anxious ones. The Thompson men are making great threats as to what they will do if their man is not made leader, but friends of the government admit that the under current of feeling against the minister of justice in the Conservative ranks is very strong. The known existence of that feeling is the only thing that delays Sir John Abbott's retirement.

What it Will do for you.

Are you languid, morose, or irritable?

Use Paine's Celery Compound and you will soon become bright, happy and good natured.

Are you overworked, tired and weary?

Try a bottle of nature's strengthener—Paine's Celery Compound, and note well the grand change.

Are you burdened with dyspepsia and indigestion?

Seek at once that fount of health—Paine's Celery Compound and your burden will be taken away.

Are you seeking repose and sleep at night?

You can obtain sweet sleep and perfect rest by using Paine's Celery Compound. It will quickly subdue all nervousness and banish insomnia.

Have your cheeks become pale and sallow?

Go at once to your druggist and ask him for Paine's Celery Compound. This wonderful preparation will soon bring back the blush of health.

Manitoba's Coal Find.

The reported discovery of coal just outside the boundaries of Manitoba is the most important piece of intelligence which the wire has brought from that direction for some time. The letter of our correspondent in Saturday's issue would indicate that there is no doubt about the serviceable quality or of the abundant quantity of the fuel. The fuel question is one of grave moment for the settlers on the treeless plains of the west, and if this find turns out all that it is hoped to be, it will simply be a boon of incalculable value to the whole region within its radius of supply.—*Globe.*

The Demand Increases.

Dr. A. P. Cornell, Gravenhurst, Ont., writes: "The demand for Pink Pills continues to increase, and I have yet to hear of a single complaint regarding them." Of all dealers or by mail at 50c. a box or 6 boxes for $2.50. Dr. William's Med. Co., Brockville, Ont., and Schenectady, N. Y., Beware of imitations.

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Freeman's Worm Powders destroy and remove worms without injury to adult or infant dw

HOLD YOUR BREATH

When You See our Big Stock of Overcoats and Winter Suits!

Some people have had so many clothing experiences that it is quite difficult to take them by surprise, in other words, they are prepared for almost anything. Well, they are not prepared for the startling prices of our OVERCOATS and SUITS this fall. They may be prepared for almost anything in the nature of a reduction, but they can't be prepared for the sweeping, remorseless and relentless slashing that our goods are marked at this fall. Such a marvellous combination of high quality and low prices will take the breath from the biggest bargain hunters. Remember we challenge any house in Canada, whether wholesale or retail, to duplicate our prices, and here are some of them:

Boys' Suits, 75c., $1.00, $1.50, $1.75, $2.00, $3.00 and $3.50,
Youths' Suits, $3.00, $3.50, $4.50, $5.00 and $5.50.
Men's Suits, from $2 90 up to $10.00.
Children's Overcoats, $1, $1.75, $2, $2.50 and $3, All worth Double the Money.
Men's Overcoats, from $3 up to $10. Men's Pants, 19 cents up to $2.50.
Heavy Woollen Shirts and Drawers, 25c., 35c., 50c. and 65c.
Heavy Cotton Mixed, 15c. and 20c

There's something fishy in many of the glittering generalities that appear in print, the trouble usually being that a solid foundation of fact is conspicuous by its absence. One short, crisp and decisive statement is worth all the vaporing smoke and fog that divert from the main point the attention of the purchaser, and when we state that we are in a position to sell goods as cheap as any wholesale house in Canada, we tell a story that is neither fishy, scaley, nor addressed to the marines. Don't forget we are selling Children's Overcoats for $2 00 that cost other merchants $2.50 Perhaps you'll ask whether there is anything significant about that. Well, there may be something very significant, but there's one thing that's most insignificant. Of course you have already guessed what it is—our price. Give us a call and we will give you a benefit.

GOUGH BROTHERS,

THE WONDERFUL CHEAP MEN, PETERBOROUGH and LINDSAY.

ASSOCIATED STORES—BELLEVILLE, TORONTO, BRANTFORD, ORILLIA, KINGSTON.

P.S.—Don't forget the Good Baby Show Competition. $25.00 Given by GOUGH BROS. to the Finest Baby under One Year at the Peterborough Central Exhibition.

Dominion Government Iniquity.

Even the Montreal *Star*, which can generally find an excuse for defending Dominion Government iniquity, commends Mr. Edgar's refusal to appear before Sir Adolphe Caron's commissioners. It says—"No one can read Mr. J. D. Edgar's letter to the Caron Commissioners without having the conviction reaffirmed in his mind that Mr. Edgar does perfectly right in refusing to risk his political standing in an attempt to prove charges against Sir Adolphe Caron that he never made" and argues that too much much public money be not spent upon the dumb show. The Hamilton *Herald*, another Conservative paper, takes similar ground and asks why it was necessary to tinker Mr. Edgar's charges if his accusations are unfounded.

Democratic Simplicity.

Notwithstanding its boasted democratic notions, the United States indulges in considerable red-tapeism. For months a Presidential candidate with his friends and wirepullers will tumble over each other trying to secure the convention for him. He does not appear at the convention, but stands at a dignified distance, and after a pretended "serious consideration" of several weeks he formally accepts, and "blows himself" in a spread eagle letter to the party and people.

No person should travel without a box of Ayer's Pills. As a safe and speedy remedy for constipation and all irregularities of the stomach and bowels they have no equal, and being skilfully sugar-coated are pleasant to take, and long retain their virtues.

What is Dandruff?

A disease of the scalp that causes falling of the hair, fading of the hair, in fact, death of the hair. It irritates the scalp and causes scales and eczematic eruptions—produces baldness. Bear in mind that Anti-Dandruff removes Dandruff with three applications—stops falling and restores fading hair to its original color. Sold by druggists at 75 cents per bottle.

Up to Date.

Facts, statistics, information, things useful to know, the biggest and best budget of knowledge, reliable and up to date will be found in a new publication, "Facts and Figures," just issued by Messrs. T. Milburn & Co., of Toronto, Ont. Our readers can obtain it by addressing the above firm and enclosing a three cent stamp. dw

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

Sunlight

BRINGS

Ease and Comfort

WITH poor soaps and old fashioned ways of washing, it is cruel and hard upon women of advancing years to attempt laundry work. But with the world-famed, labor-saving

Sunlight Soap,

Anybody can do a Wash with comparative ease by following the simple directions

With "SUNLIGHT" there's no hard rubbing, sore knuckles, hot steam, or tired backs. A trial will astonish you.

Works: Pt. Sunlight, Near Birkenhead — Lever Bros., Limited, Toronto

BORROWED MIRTH.

A man with a history—The book agent.

In the floor of the ocean paved with tile fish.

Miss Nancy is no longer synonymous with effeminacy. She get's there.

The earth sometimes appears to be decidedly flat to the mortal who is too poor to go around it.

Obliging.—He—If I kiss you again will you scream? She—Yes; I'll do anything you wish.

A Perfect Fit.—"Does your new dress fit you well, Clara? "Oh, splendidly! I can hardly move or breath in it.

Whether closed in time or not the doors of too many get-rich-quick schemes appear to be mainly trap-doors.

Frenchman (visiting America)—Pleasant woman that. Is she unmarried? Chicagoan—Yes, twice.

Miss Romantique—Wouldn't it just be lovely to marry a poet? Mrs. Worldwise—If you had money enough to support him.

My girl just dotes upon ice cream;
Withal she has a heart—
To help me save she says, "Now, Charles,
Do get it by the quart."

He (who is going abroad to seek his fortune)—You'll be true to me, won't you, darling? She—Ye—yes, George, if—if you're successful.

Jarvis—It is a very invigorating trip, is it not? Travers—It ought to be. It is lined on both sides with "Swellem's sarsaparilla."

Prudence—What do you think of my reform? Abigail—I don't like it at all. It doesn't interfere with the rights of enough persons.

The typewriter sat with his Sunday girl,
And his heart with love was warm;
And he slipped his arm round her waist and said
"This is only a matter of 'form.'"

Woman's Curiosity.—"John," she said, as they left the soda fountain. "What is it?" "Wasn't fifteen cents a good deal to pay for a glass of sarsaparilla.?"

When hanging in your own parlor it is proper to call it a violin; but when the man next door is practicing on one it is correct to refer to it as a fiddle.

Johnny—What did your mother whip you for, Jimmy? Jimmy—Eatin' green fruit. Johnny—Who give ye, away? Jimmy—The doctor.

He took her out for an ice cream treat,
His pretty, blue-eyed Sal,
But fainted when he read the sign,
"Cream ninety cents a gal."

Then the Bills Will Come In.—Bunker—How much did your visit to Cincinnati cost you? Hill—I visited a friend, and I can't tell yet until he comes on to visit me.

Briggs—Isn't that the same suit you had last year? Griggs—Yes; and it's the same suit you asked me last year if it wasn't the same suit that I had the year before.

"Fweddy, boy, how did you ever contract pneumonia this weather?" Fweddy—I knew I was wunning a great wisk, but I wore a wose that was wet with dew.

"I say," said Bliggins, "what's the 'reign of terror?'" "The reign of terror," replied Bliggins, "is the shower that comes up when your wife has her best bonnet on."

It is time for a new popular song to take the place of "Annie Rooney" and "Ta-ra-ra-boom-de-ay" but any gentleman who has one ready in his mind will please not write it out.

A Subtle Compliment.—Maud—I suppose I must take it as a compliment when George calls me a duck. Ethel—You might as well, as you can't very well change your gait.

As Might be Expected.—She threw him a kiss as he went away down the street, did his fair and blushing bride: 'Twas a woman's throw and, alackaday! It struck the man on the other side.

The Rev. Mr. Afrique—Bruddern, I's so indisposed wid de rumatiz dis mawnin' I finds myself unable to stan' up an' talk to ye', an' so I ax de congregation ter stan' up instid whilst I discou'se.

Mamma—Why is it, Maud, that in your letters to Miss Tattler you write only on one side of the paper? Maud—I thought that was always the rule when a letter is intended for publication.

"I wish you would tell me how to get out of debt," said a man who was depressed. "Humph," replied the citizen who hasn't any credit to speak of, "I wish you would tell me how to get into debt."

Overheard on Fifth Avenue.—Off 'bus horse—I used to know that man on the corner out west; he was a horse thief. Nigh 'bus horse—Give me an introduction; maybe he would steal us.

Heredity.—"Miss Blimms is so shy a creature, don't you think?" "Yes. She inherits that trait from her father." "I was not aware of that." "You would be if you had ever played poker with him."

Sufferers from dyspepsia have only themselves to blame if they fail to test the wonderful curative qualities of Ayer's Sarsaparilla. In purifying the blood, this medicine strengthens every organ of the body, and even the most abused stomach is soon restored to healthy action.

COLLISION AT VADREUIL.

An Accident on the Grand Trunk Without a Fatality.

VADREUIL, Que., Sept. 19.—The Moccasin Grand Trunk train from Cornwall Saturday came into collision with a freight train in the yard here. The engineer and fireman of engine No. 196 were slightly injured, the engine being badly damaged. The passengers were in no wise injured, as none of the cars left the track. The track was immediately cleared. The Moccasin arrived at Montreal one and a half hours late.

Collision on the G.T.R.

MONTREAL, Que., Sept. 19.—The train from Cornwall with the Cornwall lacrosse team and a large party of excursionists collided with a west bound freight train near Vaudreuil station Saturday. The engines were reversed and the brakes were applied before the trains met and the damage to the rolling stock was not great. A passenger named Bertler was cut in the eye, one of the drivers of the engines was slightly hurt and Lafortune, a fireman who belongs to Cornwall, and who jumped, was seriously injured.

The Carnegie Company Weakening.

HOMESTEAD, Pa., Sept. 19.—Eighteen workmen from Philadelphia arrived Saturday and were put at work in the mills.

Under cover of darkness Saturday night a large number of Hungarians held a meeting on the river bank near the mill yard. They were addressed by representatives of the Carnegie Steel Company and it is said that they voted to return to work by the end of this week.

It is generally conceded by friends of the strikers that the efforts being made by the firm to induce this class of men to return to work is an indication of a weakening on the part of the company. There is not nearly so much work being done in the mills and the officials of the company refuse to talk to reporters on the situation, or give a reason for the evident inactivity.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Forewarned is Forearmed.

Many of the worst attacks of cholera morbus, cramps, dysentery, colic, etc., come suddenly in the night and speedy and prompt means must be used against them. Dr. Fowler's Extract of Wild Strawberry is THE remedy. Keep it on hand for emergencies. It never fails to cure or relieve. dw

When the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull headache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure.

Nothing More Pleasant

Than to feel a soft white hand. Any lady using Dyer's Jelly of Cucumber and Rose will always have soft white hands. Try it. W. A. DYER & Co., Montreal. 6407

As a healing, soothing application for cuts wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for Ayer's Hair Vigor. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

THE HAIR

a silken texture and lasting fragrance. No toilet can be considered complete without this most popular and elegant of all hair-dressings.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color."—R. J. Lowry, Jones Prairie, Texas.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to

USE

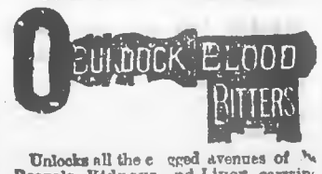
Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. Annie Collins, Dighton, Mass.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, *alias* "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists Everywhere.

THE KEY TO HEALTH.



Unlocks all the clogged avenues of the Bowels, Kidneys and Liver carrying off gradually without weakening the system, all the impurities and foul humors of the secretions: at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

J. J. SHEEHY

IS PREPARING FOR FALL BUSINESS.

The reading public of the town and county of Peterborough must have noticed from time to time our advertisement in this paper. We do not wish to trouble the public too frequently with astounding advertisements; telling them that at our store, and our store only, is the place to deal. Come to think of it, we never advertise in that style at all. We have always tried to stick to ONE GRAND PRINCIPLE, viz.: TO ADVERTISE EXACTLY WHAT WE INTENDED DOING, AND TO DO EXACTLY WHAT WE ADVERTISED. Having just returned from the wholesale markets, where a purchase of $3,271.56 was effected for CASH, will simply mention here a few of the various classes of goods bought, and leave the purchasing public to judge if we have or have not kept faith with our announcement.

HERE ARE THE PRINCIPAL LINES:

1 Lot of Ladies' Mantles in the latest styles, amounting to $575.00. Of the dozens and dozens of them there are not two alike. No use in quoting prices; not two are the same price. Just come and examine them.

Dress Goods, $875.60. Space does not not permit us saying what we would like to about these goods. Suffice it to say this much: We will give you 12 yards of all-wool Serge, in choice of shades, Trimmings and all for $2.15.

Mantle Cloths, $508.40. The balance of our purchase was made up in many lines of Staple and Fancy Goods. Perhaps you'll smile when we say that we have a Large Table in the Centre of the Floor covered with Lovely Dress and Mantle Buttons, worth 25c, 40 and 50c. per dozen. Come in and help yourself to any of them AT THREE AND ONE-HALF CENTS PER DOZEN.

We have always claimed to keep on hand the most reliable stock Gloves and Hosiery to be had in town. We will just add once more that should any of our Celebrated French Kids burst on first trying on we will replace them with pleasure.

YOURS FAITHFULLY,

J. J. SHEEHY.

The "Sun"

Fire Insurance Company of London, England is the oldest Fire Insurance Company in the world. It has $7,000,000.00 left after allowing for ever dollar it owes. Also the "London and Lancashire," Alliance, Caledonian and Phenix Fire Companies. The British Empire, Life Company, and the "Globe Building and Loan Company." FELIX BROWNSCOMBE, Agent.

The Chemong Regatta.

The Chemong Regatta is attracting a good deal of attention as the time draws near, contemplating contestants are taking furtive practices to fit them for entering. It goes without saying that Nicholls and Taylor are putting in brisk practice, and that they will make a game struggle for the $50 that lies in the stakeholder's hands just beyond the winning buoy.

The Olympic Club Orchestra.

This organization began practice for the season last night, beginning on the overture to Tancredi-Rossini. The members of this musical organization are deserving of praise for their perseverance. They practice music from the very highest motives in an artistic sense—for the love of it. They desire no profit, except the benefit of wider musical ideas, and the cultivation of that spirit of harmony in both the musical and social sense, which the true lover of music — or musical amateur, in the literal sense of the word—values most highly. They will be heard to good effect the coming winter on, it is to be hoped, many occasions.

Home From the Artillery Matches.

Staff Sergt. Robt. Hay, Sergt. A. E. Hutchinson, Corp. M. Kennedy and Lieut. Snyder, four members from the team of eight chosen from the Durham Field Battery to shoot in the annual D. A. A. matches at Kingston, returned home last week. On Tuesday last the Toronto and Ottawa battery teams arrived and were to shoot on that day. Many attempts were made to launch the large barges out in the Lake, but owing to the heavy sea, which was blowing at the time, the barges could not be successfully anchored, and despite all efforts to the contrary, drifted in towards the shore at too close a range for the guns. In consequence, the teams returned to Ottawa and Toronto respectively. On Wednesday night the D. F. B. team encamped on Fort Frederick territory, but the wind blew such great gusts that the tents were swept down before the terrific tempest and it was with great difficulty and after being kept busy driving huge pegs deep in the ground that the tents could withstand the onward attack of Æolus' wrath. The targets were placed out at the known distance in the lake but the boys were unable to bring the guns to play upon them as they drifted to within a distance of 950 yards from shore. Another ineffectual attempt was made to buoy the marks after signalling to the range party out a distance of 500 yards further but the maddening whirl of the waters before gale continued and would not permit of this. In the meantime the boys under the captaincy of Major McLean shifted their camp to Fort Henry's lofty height but to no avail. A and B Batteries, Guelph, whose teams were also in the competition were unable to shoot on Thursday on account of the gale, and all the teams returned home the sport having been indefinitely postponed. Telegrams were sent to Hamilton, London, Gananoque and other batteries not to send their teams on their shooting days as the wind continued unabated and the launch of the targets in consequence could not be made.

OWING TO ILL HEALTH

Mr. Rowse offers his handsome Double Residence Property, centrally located, on the corner of Rubidge and Charlotte street, at a bargain. This is a good investment for some one as the property must be sold. Apply on premises.

Y. W. C. A.

Remember the Bible class to-night at 8 o'clock, topic, "The Leper Cleansed."

New Falls.—A large stock in leading colours: Fawn, Olive, Cardinal, Terra Cotta, Old Rose, New Blues. MISS JENKINS.

Gents Silk Ties Cleaned

Also white flannel suits, tweed suits and spring overcoats at PARKER'S Steam Dye Works, Charlotte street

Small Feet

May be covered with boots at KIDD'S for less money than at any other place in Ontario. He has men's sizes up to 12's for 90 cents a pair.

A select programme of Vocal and Instrumental Music, with refreshments served by the ladies, will form part of the social in St. Andrew's Manse, Tuesday night.

Boating Brevities.

Calcutt's steamers are busy towing repairs and timbers for the government to repair the Healy Falls dam on the Trent River.

The steamer "Golden Eye" is running an Orange excursion from Cold Springs to Jubilee Point to-day.

A New Baptist Mission.

The neat and snug frame structure at the corner of Park and Stewart streets, which has been erected as a Baptist Mission and Sunday school, is about completed, and the finishing touches to the substantial edifice are being put on by the contractors, Messrs. Freads & McGregor. The formal opening services will be held on Sunday, October 2nd, when three special services will be held. Rev. John Craig, a returned missionary, will conduct the opening services.

Sporting Sparks.

The lathers and bartenders were to have played baseball this afternoon for a silver cup, but the bartenders allege their opponents backed out and refused to play.

Warsaw and Peterborough clubs will play an Association football match at Warsaw on Friday afternoon next. A tight game is expected.

Lakefield has telephoned Mr. Gus Hay that they will be unable to play the return match for a week or two yet.

The Rugby club have issued challenges to Toronto senior fifteen, and also to the Upper Canada Boys for games.

The players will meet this evening at 6.30 in Mr. Geo. A. Schofield's drug store, and proceed to the C. P. R. station, where they will be met by a contingent of the Ediscus, and have a great run in the country for a couple of miles—in order to get good wind.

An Awfully Sudden Death.

Mrs. Annie M. Watt, one of Peterborough's oldest residents died very suddenly at two o'clock this morning at her home, corner of Aylmer and Sherbrooke streets. Deceased lady was stricken last evening with a paralytic stroke on her left side which proved fatal in its results within six short hours. The maiden name of Mrs. Watt who was the relict of the late Richard Watt, who died some 38 years since, was Annie M. McClelland. She was born in Armagh County, Ireland, in 1823, and consequently at the time of her demise was in her 69th year. Mrs. Watt together with her husband removed to Peterborough in 1850, where she has since resided. Mrs. Watt was a highly respected lady and well esteemed by all who knew her. She leaves two children, Mr. John Watt, confectioner, George street, and Miss Mary Watt, of the post office department. The funeral will take place on Thursday afternoon from the late residence, corner of Aylmer and Sherbrooke streets at 2.30 o'clock to Little Lake Cemetery.

Edison Sewer Notices.

The advertisements for tenders for the Edison Sewer were posted yesterday. Sealed tenders will be received for the excavation laying in and filling in the pipe from the Edison Company's Works down Rink street to McDonald's Point—a distance of 2300 feet—until four o'clock p.m. on the 29th inst. Tenders must be addressed to Henry Best, chairman of committee, and handed into Town Clerk Cobb not later than the above date. Plans and specifications may be seen at the office of the town clerk or at Mr. McDougall's office in Toronto.

The town is to furnish contractor with all the necessary sewer pipe, cement and gaskett. 2200 feet of the vitrified pipe to be used has been purchased from the St. John's Standard Pipe Co., Quebec. It is of 15 inch diameter.

Mr. McDougall will finish taking levels on Thursday and will have all the necessary plans and specifications completed then. Contractors have to furnish sufficient security of their ability to execute the contract and deposit an accepted cheque of $100 with the town treasurer as a forfeit that they will do the work if said contract is awarded to them.

Exhibition Inklings.

The new third mile track has been put in first-class shape. It is now as smooth as a bowling alley.

A meeting of the directors was held in the Morgan House this afternoon.

The fences have been propped up and repaired where needed. The buildings have received some slight repairs, and the crystal palace put in readiness for Monday, Tuesday and Wednesday's show of next week.

No entries will be received later than Friday, when the books will be closed. It will be utterly impossible to enter any article or articles on the day of exhibition. Intending exhibitors will please take note.

The baby show is expected to be a novel and interesting spectacle. The latter are now being fed on Lactated Food and soothed with Mother Seigel's Soothing Syrup.

The entries this year are coming in faster than ever and in larger numbers. For example: an exhibitor from Grafton made 50 entries in the various departments of the show yesterday, and there was also received a list of 40 entries from a Port Hope intending exhibitor.

Lt.-Gov. Kirkpatrick and Lady Kirkpatrick will arrive on Tuesday forenoon at 11.40 o'clock by the C. P. R. Delegations from the exhibition directors and the town and county councils, accompanied by a large number of citizens, will welcome the vice-regal party at the station.

The live stock exhibit will be particularly fine. The speeding events in the ring will form no mean attraction.

This year's show will prove undoubtedly the best in the society's history.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative; and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

Do not suffer from sick headache a moment longer. It is not necessary. Carter's Little Liver Pills will cure you. Done, one little pill. Small price. Small dose. Small pill. dw

News Nuggets.

—The Lakefield show is on to-day and to-morrow.

—Confined in the county gaol at present are 15 prisoners, two of whom are women.

About forty Peterborough people have left so far this week to take in the Montreal Exposition.

—The fall assizes will open in Peterborough on October 31st before Hon. Mr. Justice Falconbridge.

—Mr. D. Kane, Queen street, is buying bushels upon bushels of apples from the farmers for cider purposes.

—The meeting of the Presbytery, of Peterborough, is being held in the first Presbyterian church, Port Hope, to-day.

—A new hardware store is to be opened out within a short time in the market block, Ashburnham, next door to Warde & Co.

—The Princess street beat the Rockwood Asylum nine at baseball in Kingston on Saturday and won the championship series of the city.

—Mr. E. B. Stone to-day purchased a very handsome jet black cocker spaniel dog. It is a beauty and is much admired by lovers of the kennel.

—A large number of citizens who have been attending the Industrial Fair, Toronto, returned home last night, the time of ticket validity being up.

—Harry Lindley, the clever comedian and his first class troupe are playing in Belleville and Trenton this week. Next week, fair week, they play in Peterborough.

—There will be a battalion parade of all the companies at the drill shed this evening. A large attendance of the men is requested in order to keep the fall drill well up.

—A parlor social will be held this evening in St. Andrew's church manse. It will be given under the auspices of the Young People's Society of Christian Endeavor.

—A royal citizen was charged at the police court this morning with being drunk on Hunter street on the 10th inst. He paid a fine of $2 into the town treasury.

—The practices at Rugby are largely attended and no small enthusiasm is shown in the play The club is catching much of its nerve from their captain, Geo. Boucher.

—The new office of W. B. Bamford, C. P. R. station agent, which is situated in the north west corner of the freight shed, is completed. It is neatly fitted up and handsomely finished.

—According to the last annual report of the Ontario Bureau of Industries the average of wages of farm labourers, without board was $178 in the county of Peterborough as against $157 in 1890.

—The new St. Andrew's church Sunday school rooms are nearly completed. The plastering is about finished, and the contractor, Mr. Rutherford, will hand the building over to the board of managers.

—No less than twelve applications have been received by the secretary of the Board of Health for the position of sanitary inspector. It is expected the sanitators will meet in a few days to appoint an officer.

—The stove dealers are busy putting up stoves during these days of low temperature and a great deal of hustling has to be done in order to satisfy the public. Citizens are buying their winter's stock of coal.

—At the recent collection take up in St. John's church at the request of His Lordship the Bishop of Toronto, in aid of the St. John's Anglican sufferers from the recent fire, the handsome sum of $80 was realized.

—Otonabee Lodge No. 11 I.O.O.F., met last night with a large attendance and initiated one candidate and put two others through the first degree. The membership of this enterprising lodge is now about 150.

—Mr. John Crane will call a meeting of all music lovers in a few days to re-organize the now famous Philarmonic Society for the coming season. Judging from present appearances the society will have an unprecedently successful career this season.

—By reference to an advertisement in another column it will be seen that the Counties of Hastings and Peterborough have advertised for tenders for the erection of an iron or steel bridge over the Deer River, on the boundary between the above counties, about 15 miles from Marmora.

—A large excursion party left the G.T.R. station at 8.25 o'clock this morning. It will be run to Orillia and return under the auspices of the North Monaghan and Springville Councils of the Royal Templars of Temperance. Several townsmen went up with their neighboring friends. The committee in charge of the last excursion of the season was composed of Messrs. R. Lillico, H. D. Williamson, Fred Wilson and A. Lang.

W. F. M. Society.

The annual meeting of the Women's Foreign Mission Society of the Charlotte street Methodist church was held this afternoon at three o'clock in the school room. The election of officers and other matters engaged the attention of the meeting.

Worthily Remembered by Associates.

A pleasant and a very interesting event took place yesterday afternoon at Mr. H. Calbutt's brewery, when the employees presented Mr. Harry Neil, general manager and brewer, with an elegant easy chair set, handsomely trimmed in leather. A handsome and a well delivered address was tendered him, when a very suitable reply was given the "boys," all giving cheers as to good wishes.—NOTE. On his return, an oyster supper awaits him. Mr. Neil has gone for a few days trip to Galt and it is said, will not return single handed.

Horse Racing on the Track.

This morning at ten o'clock a knot of sportsmen assembled at the track to witness a race, best two mile heats in three, between Mr. J. E. McIntyre's "Clan Alpine" and Mr. Wm. Croft's mare, "Hazel Mack." Wm. Sheria drove Mr. McIntyre's horse, and Mr. Ed. Brown handled the ribbons over Hazel Mack. The former horse took three straight heats coming in about 40 yards ahead each time, but the animal broke badly many times during the circuit. At the third heat was being finished a handsome six year old bay mare of Mr. Croft's attached to a buggy took fright and ran away towards the grand stand. It turned around and encountered another runaway horse with the result that one of the shafts pierced the breast of Mr. Croft's animal quite deeply, inflicting a painful and ugly wound. It is impossible to tell the extent of the injuries at present.

New Tancels and Pompons.—A fine, large selection bought well, will be sold cheap. MISS JENKINS.

An Incipient Blaze.

The clanging of the fire bell yesterday afternoon about 5 o'clock aroused the populace "to arms." The services of the brigade, who responded quickly to duty's call, were not required. Some straw in a box packed with lamp chimneys caught fire from a lighted lamp and created an incipient blaze in the cellar of the China Hall, Mr. McF. Wilson, proprietor. The woodwork was somewhat charred, but the flames were speedily subdued. Mr. Wilson stated that the damage done was hardly worth mentioning.

The Vatican's Successful Baseball Record.

The Vatican Park Nine are well nigh invincible. All comers who have stepped up to them to play a game of baseball have met their Waterloo. On Saturday afternoon they, in a match, united in twain the score of their opponents, the Printers. W. Heffernan is the wide awake captain of the Vaticans and his team played some great ball in the struggle. Harry Oldfield umpired the game satisfactorily. Although the season is growing late the victors are prepared to meet any of the town clubs, barring the Edisons. Following is the score:—

Riding to Save a Life.

A Georgian newspaper gave an account of the heroism of John Fetter, a ten year old boy, who rode a horse twelve miles to Macon for the purpose of calling a physician to attend his mother, who was believed to be dying with colic. The doctor could not be found, but a kind druggist gave the boy a bottle of medicine and told him to hurry home. The brave lad rode home, delivered the message, and then fainted from nervous exhaustion. The medicine cured the sick woman, and the boy is well. It is only necessary to say that the precious medicine was PERRY DAVIS' PAIN KILLER, which never fails to cure disorders of the stomach. 25c. old popular price, for New Big Bottle.

Peterborough's Prime Cheese.

A Big Board goes at Remarkably High Prices—The Season Drawing to a Close.

A regular meeting of the cheese board was held in the town council chamber on Tuesday afternoon. Liverpool was quoted at 48s. The buyers present were Messrs. Clarton, Cook, Hagdens, Wrighton, Moore, and McClerger. The following factories boarded the number of boxes opposite their names:—

Keene	148	Warminster	121
Shearer	127	Central Smith	92
North Smith	200	Cherry Grove	54
Warsaw	118	Oak Dale	150
Hunting Link	70	Lakefield	120
Pine Grove	127	Peterborough	74
Otonabee Union	62	Maple Leaf	88
Myrtle	99	Lang	130
Fraserville	78	North Dummer	61
Bobcaygeon	108	Lakeview	60
Trewern	89	Beaufort	80
Cedar Dale	37	Stony Lake	47
Ida	40	Millbrook	62
Mount Pleasant	61	Perrytown	100
Fleetwood	85	Mariposa	60
Beacon Falls	120	Carnegy	56
Star	76	Kirkfield	50
Mantle	41	Dunsford	53
Orono	63	Newmanville	60

The total number of boxes boarded was 3,190 representing an approximate value of $20 000. Mr. Hodgson started the bidding at 9½ cts for selections. Mr. Wrighton raised it to 10c for selections, Mr. Hodgson 10½, Mr. Wrighton 10½. Mr. Clarton offered 10¾ for the board. Mr. Cook then made it 10⅞ for selections, Mr. Clarton offered 10⅞ for the whole board. Mr. Cook offered 10¾ for selections, then Mr. Clarton raised it to 10⅞ for selections. Keene, Pine Grove, North Smith, and Lakefield, sold. Mr. Clarton then went 10½ for selections, Mr. Cook 10 9 16, Mr. Clarton 10⅝. He then selected Trewern, Central Smith, Ida, Manchester and Warminster. Mr. Clarton offered 10½ for further selections. Mr. Cook raised it to 10 9 16 Mr. Cook selected Shearer, Warsaw, Peterborough and Oakdale. Mr. Wrighton offered 10½ for further selections. Mr. Cook then made it 10 9 16 Mr. Clarton jumped to 10⅝ Orono, Newmanville, Perrytown, Maple Leaf, Fraserville, Beaufort and Mount Pleasant were disposed of to Mr. Clarton. Mr. Clarton again offered 10½ for balance of board. Mr. Cook bid 10⅝ for selections, Mr. Wrighton 10½, Mr. Cook 10 9 16 Mr. Cook selected Fenelon Falls, Cambray, Bobcaygeon, Mariposa. Mr. Clarton then offered 10 9-16 for further selections, which was not accepted by the factories. Mr. Wrighton offered 10½. Star, Fleetwood, Lakeview and Myrtle sold. Missing Link sold to Mr. Clarton for 10⅝. Mr. Wrighton offered 10⅝ for farther selections. Otonabee Union and Kirkfield sold. Several factories were given permission to sell off the Board, which then adjourned.

A Hall Hearty Reception

Will be Tendered Ontario's Popular Lieut. Governor on His Visit to Peterborough to Formally Open the Central.

The committee from the council met the directors of the Central Exhibition in the clerk's office last night in order to take definite steps for the loyal and hearty reception of the Lieut.-Governor, Hon. Geo. A. Kirkpatrick, to Peterborough on the event of his formally opening the Central Exhibition on Tuesday afternoon next. Those present were,—Councillors, Mulhern, Bradburn, Best, Dawson, Kelly and Meldrum, of the town, and representing the Agricultural Society were,—President Elliott, Jas. Stevenson, M. P., C. McGill, J. J. Bennett, D. Kennedy and Jas. Davidson.

Mr. Councillor Mulhern was elected chairman.

It was resolved that the Mayor and President G. E. Elliott be appointed a reception committee to meet the gubernatorial visitor at the C. P. R. on Tuesday at noon and welcome him to Peterborough. His Excellency will then be escorted by guards and the 57th Battalion and Peterborough Fire Brigade Band to the Oriental hostelry, where luncheon will be partaken of at 12 o'clock noon, by fifty persons, to consist of the members of the town and county councils, members of parliament and the directors of the Agricultural Society. Afterwards an adjournment will be made to the Agricultural Park, when the formal opening festivities will be commenced at two o'clock sharp. Ontario's Governor will be presented with an address of welcome and congratulations at the park by the town and county councils, Board of Trade and the Agricultural Society. He will then formally declare the exhibition open to the public. Addresses, it is expected, will also be delivered by Hon. Mr. Dryden, Minister of Agriculture, Judge Ketchum, of Cobourg, Jas Stevenson, M.P., John Burnham, M P., J. R Stratton, M.P. P., Thos. Blezard, M.P.P., Mayor Keadry, President Elliott and others. His Worship Mayor Keadry will occupy the chair. The reception committee appointed last night to take charge of all the arrangements was T. E Bradburn, (chairman), W. B. Ferguson, H. Best, H. A. Mulhern, W. H. Meldrum, G. E. Elliott and Jas. Stevenson. The Mayor was requested to issue his proclamation setting apart the afternoon of Tuesday, the 27th, as a public half holiday. The School Board were also requested to declare the same afternoon a half holiday for all the scholars in order to enable them to attend Peterborough's exhibition.

BEECHAM'S PILLS, cure Bilious and Nervous ills.

Pollard's Home-Made Bread.

T. DOLAN & CO.

Chicago and Return.

On September 30th and October 1st R.R. ticket agents in Canada can sell return tickets to Chicago via Detroit and Wabash R'y, at less than second class fare one way. Solid trains with sleepers attached will be run from Toronto to Chicago in 14 hours. All tickets good to return up to Oct. 17. Full particulars from any ticket agent, or J. A. Richardson, Canadian Passenger Agent, N. E. Cor. King and Yonge streets, Toronto.

Personal.

Mr. George Davidson is spending a few days in Montreal.

Miss Lottie Spendley, of Hespler, is in town visiting her parents.

Miss Nellie Hickey left this morning for Orillia on a visit to relatives and friends.

Mr. Jay. W. Dawes is on a visiting trip to Montreal and Ottawa for a short time.

Master K. Cheeve has returned from a three weeks visit to Cobourg friends and relatives.

Mrs. Scott, of Port Hope, was in town Sunday, the guest of Mrs. J. Batcher, Ashburnham.

Mrs. W. B. Bamford and family are on a visit of several days to relatives in Burlington, Ont.

Mrs. H. Newton and Miss Adah Newton are visiting relatives in Campbellford for a few days.

Mr. P. Grady is spending a few day in Montreal attending the Exposition and visiting friends.

Mr. J. R. Stratton, M.P.P., addressed the electors of Smith at Young's Point on Monday evening.

Mrs. Robt. Warrington, 546 Park street, returned home last night after a month's visit to friends in Toronto.

Mr. C L. Benedict, who has been sojourning for the past few weeks in Toronto, Ottawa and other centres has returned to town.

Adjutant Michiel and Mrs. Michiel, in charge of the local corps of the Salvation Army, have been on a visit to relatives in Barrie during the past week.

Mr. John Crane very acceptably presided at the organ of St. Andrew's church on Sunday in the absence of Miss Clark, who is visiting friends in Toronto.

Miss Kate Payne, of Rochester, N.Y., who has been visiting relatives and friends in town and Ashburnham for the past three weeks, returned home on Friday last.

Mr. W. F. Kingan a well known resident Sault Ste. Marie, Mich., is in town on a visit to his numerous friends and making anew old friendships. Mr. Kingan is an old Peterborough boy.

Mr. Albert Turner, late of Hall, Innes & Co., has accepted a position in Mr. R. Fair's dry goods store, the Golden Lion. Mr. Turner is a young man of energy and experience well-known.

Messrs. Gus Sawers, sr., W. H. Dayman and Gus Sawers, jr., have returned from a week's hunt and fish at Deer Bay. The party captured several mikeenge and bagged several ducks and partridges. They had excellent sport.

Mr. C. J. Phelan left last night to attend the Grand Seminary, Montreal, where he will follow his studies. "Joe" took along the gold headed ebony cane which his lacrosse friends presented to him. His many friends will wish him the best of success.

The High Park Brass Band were unable to accompany the excursion to Orillia this morning. Mrs. Williamson, of North Monaghan, mother of Mr. Herb. Williamson, leader of the band, and the Williamson brothers, two of its prominent members, was taken suddenly ill yesterday and in consequence the band did not accompany the excursionists. She is reported better to-day however.

Hood's Sarsaparilla is an honest medicine, honestly advertised for those diseases which it honestly and absolutely cures.

Sausages.

Fresh pork sausages, first of the season, at J. J. HOWDEN'S, 461 George street.

"WORTH A GUINEA A BOX."

FOR COUGHS & COLDS USE PERRIN'S COUGH DROPS BEST ON EARTH

'EL PADRE'

Reina Victoria.

Copyright, 1892, by the Author.

"Zanea, thou art late. I feel me strangely weary this night. My power is fitful, and the past will return."

"I have been selfish leaving thee long alone."

She drew a seat to the platform and made him sit down. She patted softly the aged cheeks and stroked the silvered hair until the irritation vanished. Terry sat down near them; he always liked to hear these people talk when they were in earnest conversation or deeply moved, for then they used the reverent "thee" and "thou" that sounded so in harmony with the surroundings and the people themselves. Ishmael continued:

"What wilt thou do, Zanea, when my spirit leaves this sphere for another? Sit at my feet, while I question thee. Dip deep into the future and tell me what is for thee. Dost thou not love Terry Denver?"

"Oh! hush thee, Ishmael; talk not so. Love is not for me. To thee I gave myself till thou or I went hence. Let me dip into the future. The future for Ishmael and Zanea is short; more, I cannot, will not see. Oh! ye fates, ye powers supreme, wilt thou not give me longer life and love? Ishmael! Ishmael!"

She knelt before him and threw her arms around his neck.

"Ishmael, I go hence with all the bitter, searing sorrow of having given my love unsought. Oh, the pain of it! Give me comfort, Ishmael; I, too, am strangely weary this night."

The aged man drew Zanea to him. He had regained his wonted vigor. Close he held her, playfully he petted her.

"'Tis the first time since childhood, Zanea, that thou hast asked for comfort. I thought thee a complete being, but thou, too, art human. Would that I could spare thee this sorrow. Would that I could give thee eternal youth, that in the distant future some one would find thee my priceless jewel, and set thee, a flawless diamond, in that most glorious crown of manhood, his home. Let me cheat old Father Time. I will hide thee, my Zanea, hide all thy glowing beauty 'neath this, the flag of age. Now, when Father Time goes by it will only be an aged face he will find to wither with his furrowing touch, and thou wilt nestle 'neath thy mantle of snow, a bonnie bud waiting to bloom.

The old man drew his long white hair and beard over the kneeling, drooping girl completely covering her. Terry arose and hurried from this sad scene. Down the hill he strode deep in thought. He paused when half way down the incline, to enjoy the soothing presence of night. A slight sound, in the rock he thought, arrested his attention. Again the sound, this time quite distinct as if a bolt had been drawn. Terry, now thoroughly astonished, saw a large portion of what he had supposed solid rock swing back into the mountain, exposing a dimly lit aperature. Two men emerged carrying a canoe. Neither spoke and Terry recognized them as two of the men he had seen in Ishmael's cave. The rock fell to place again and all was dark; but for the light of the moon. He followed the men as they hastened down the hill. Their actions were like those of goaded imbeciles, yet every movement brought the utmost result. The two worked as one man. One object seemed in view, all else sunk into oblivion and nothingness to gain that object. They launched their craft. Not one word did they speak. They stepped into the boat, took the paddles, and silently and swiftly as a cloud scudding before an upper current of air, they sped toward the piers, and disappeared in the darkness. It was more like an apparition than an act in real life.

"Poor wretches, how long will they be able to sustain that awful strain on their mental and physical powers?"

"Probably two weeks longer, Terry Denver. I hope so at least. By that time I will be able to give to the world some of the most wonderfully superhuman experiences it has ever heard of. Oh! That their miserable, worthless bodies of clay will support the spirit a little longer that I may see the result of my life's work given to the world. What does it signify, that four units perish thus, that science may fatten and occult powers be verified past denial. Let them but return even if driveling idiots, then sciences past my most extravagant dreams, I, Ishmael, will be in mesmeric power. I tremble with expectancy. I fear at times I may not see them return. They are so weak and worn by years of ceaseless strain. Ha, they were brave specimens to operate with. How they resisted my power. After the influence permeated them, all that force of resistance went to accomplishing what I willed, and superhuman were the feats I desired of them."

"Ishmael call them back, and free them. It may not be too late. Your life is nearly spent, theirs but begun. Have you no compassion? Then think what it is. Nothing but murder. Call them back."

[CONTINUED.]

A Voice From the Canadian Press:

The Black Death!

The Scourge of the East.

Grim Asiatic Cholera is marching with stealthy but steady strides to these Western shores.

The foe is at our doors. Sanitary science with powerful disinfectants, fumigations and rigid quarantine regulations, stands guarding our ports.

But this fell destroyer on pestilential wing seems to float in the very air, and defy all efforts to bout him back. Wherever there lingers impurity and putrefaction he takes up his abode, and the seeds of the pestilence germinate and multiply.

Public sanitary vigilance is imperative. Let the sewers be flushed and every form of impurity be swept away. Let the health of the community be maintained to the highest possible degree. But in addition to all this let every individual be on the alert.

The human body has the most perfect complete system of sewerage, defying the utmost art of man to rival.

A wise Creator has provided means for the eradication of all effete and impure materials from the human body.

Morse's Indian Root Pills is such a perfect combination of the best and most energetic remedies provided by a beneficent Providence for the purpose of cleansing the whole system, "flushing the sewers," rousing up the liver, the kidneys and the whole intestinal tract to their proper functions and at the same time imparting vigor and tone to the whole system, that it is with the utmost confidence that we recommend it to the public as the best preventive of the fearful ravages of that justly dreaded disease, Asiatic Cholera.

Preferential Trade.

Preferential trade properly consists in giving the preference to Burdock Blood Bitters when seeking for a cure for constipation, dyspepsia, headache, biliousness, jaundice, scrofula, poisonous humors, bad blood, rheumatism or kidney complaints. It is the true cure and has cured cases which had resisted all other treatment. dw

Timely Wisdom.

Great and timely wisdom is shown by keeping Dr. Fowler's Extract of Wild Strawberry on hand. It has no equal for cholera, cholera morbus diarrhœa, dysentery, cramps, colic and all summer complaints and looseness of the bowels. dw

Educational Work.

The work of educating the public to a thorough knowledge of the virtues of Burdock Blood Bitters as a cure for all diseases of the stomach, liver, bowels and blood has been completely successful. The remedy is now known and used in thousands of homes where it always gives great satisfaction. dw

Soft White Hands.

These desirable adjuncts to the beauty of the ladies can be attained by using Dyer's Jelly of Cucumber and Rose. Try it. Druggists keep it. W. A. DYER & Co., Montreal. 6467

Oft in the stilly night,
When Cholera Morbus found me,
"Pain Killer" fixed me right,
Nor wakened those around me.

Most OLD PEOPLE are friends of

Perry Davis'

PAIN KILLER

and often its very best friends, because for many years they have found it a friend in need. It is the best Family Remedy for Burns, Bruises, Sprains, Rheumatism, Neuralgia and Toothache. To get rid of any such pains before they become aches, use PAIN KILLER.

Buy it right now. Keep it near you. Use it promptly.

For sale everywhere. IT KILLS PAIN.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before?"

"No, not to us, though the material is much more expensive, yet Mr. Sprouls believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio, is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

If You are Going To Buy a Piano or Organ

don't fail to pay a visit to

JACKSON & Co.'S

ESTABLISHED

PIANO AND ORGAN WORKS,

360 Aylmer St., Peterborough.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices we have only to say that

we positively will not be undersold.

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

Here is something from Mr. Frank A. Hale, proprietor of the De Witt House, Lewiston, and the Tontine Hotel, Brunswick, Me. Hotel men meet the world as it comes and goes, and are not slow in sizing people and things up for what they are worth. He says that he has lost a father and several brothers and sisters from Pulmonary Consumption, and is himself frequently troubled with colds, and he often coughs enough to make him sick at his stomach. Whenever he has taken a cold of this kind he uses Boschee's German Syrup, and it cures him every time. Here is a man who knows the full danger of lung troubles, and would therefore be most particular as to the medicine he used. What is his opinion? Listen! "I use nothing but Boschee's German Syrup, and have advised, I presume, more than a hundred different persons to take it. They agree with me that it is the best cough syrup in the market."

Hereditary Consumption

HAVE YOU
BACK-ACHE
DODD'S KIDNEY PILLS
WILL CURE YOU

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys."

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system."

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Brights Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

Sold by all dealers or sent by mail on receipt of price 50 cents. per box or six for $2.50. Dr. L. A. Smith & Co. Toronto. Write for book called Kidney Talk.

FAR AND WIDE.

Two lovely new dresses just made for Mrs. Kendal are the admiration of London. One is a wonderful pink brocade, with a design of Japanese lilies in white scattered over it. The other is a tunic of white net sprinkled with little gold stars studded with pearls draped over yellow silk, with train and bodice to match.

***

With regard to the rumored betrothal of the Princess Victoria of Wales, imagination has been largely exercised. Neither of the daughters of the Prince of Wales is likely to marry until like their sister, they lose their hearts, and there is very little ground for the assumption that Princess Victoria of Wales has formed an attachment for the young prince with whom her name is associated.

***

General Booth is quite prepared, it seems, to submit the accounts and the working of his "Social Scheme" to examination by committee, and to abide loyally by such a committee's report. The only conditions he makes are that his enemies in the press and elsewhere should agree to do the same, and that the committee should consist of "men of sufficient standing and capacity for their decision to carry weight and conviction to the public." The London Times, as leading the opposition against the General, accepts these conditions. The only thing that remains, therefore, is to appoint the committee.

***

An anecdote of M. Sardou is worth telling with some emphasis. It is said that he frequently drops into a theatre to see one of his own pieces played, and sends round word—with gratifying effect—that "Sardou is in front," if the company is acting badly. This keeps actors and actresses up to the mark during a long run.

***

On the 26th day of August in each year Queen Victoria celebrates the anniversary of Prince Albert's birthday in the place which he created and loved most of all the royal residences. The birthday is celebrated in Highland fashion. After the prayer and service in the little chapel, which has been recently added to the castle, the retainers and tenantry escort Her Majesty to the cairn erected to the memory of the Prince on Craig Lowrigan, an eminence not far from the Castle. There a simple memorial address is delivered.

***

Mrs. Langtry has a poodle which has his mistress' initials, "L. L.," clearly and neatly defined in his own hair on his back.

***

Alexandre Dumas has completed two plays, which have been delivered to the authorities of the Comedie-Francaise. They are very different in plot and style, but singularly enough, each bears the title of "The Road to Thebes." One only will be selected for production during the winter; but whichever may be the choice of the committee, the admiration of the author for this title will receive due satisfaction.

***

Lord Rosebery has wisely evaded the troubles and worries with which those Gladstonians who already regard themselves as Ministers profess to be surrounded. The ex-chairman of the County Council is away yachting; he has made one short cruise, and after a brief stay at Dalmeny started again with his sons from Oban for a second trip—this time to stop away from letters and telegrams until the very eve of the re-assembling of Parliament for its long session.

***

T. P. O'Connor says that "the new electioneering" is very much like the old. "In one constituency that I know of," said Mr. O'Connor to his interviewer, "the residum' were drunk from 9 in the morning at the recent elections." That constituency was surely Estansvill. For who does not remember Mr. Perker's explanation to Mr. Pickwick of the looking-up of the residum in the coach-house? 'They keep 'em locked up there till they want 'em. The effect of that is, you see, to prevent our getting at them; and, even if we could, it would be of no use, for they keep them very drunk on purpose."

***

The oldest active actress has passed away in the person of Louise Schmidt, a lady who was for nearly eighty-eight years on the stage. She entered upon her long career, at the Wurtemburg Court Theatre, by playing children's roles, and became afterward one of the most celebrated members of German dramatic art. Her personifications of Goethe's "Gretchen" and her "Barbel" in "Village and Town" were, for instance, never surpassed. She celebrated successively her fiftieth, sixtieth, seventeth and seventy-fifth theatrical anniversary.

Pipe Smokers

You may be satisfied with the brands of tobaccos you have been using for years, Grant is; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial won't hurt you. Don't delay upon the order of buying, but buy at once.

The Head Surgeon

Of the Lahon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively cured. No cure, no pay. Send for book. Address M. V. LUBON 24 Macdonell ave., Toronto, Canada

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

JOHN HAGGART.

THE ANGLICAN SYNOD.

A General Synod to be Established to Meet in Toronto.

MONTREAL, Sept. 19.—At Saturday's session of the Anglican Synod the principal question was a conference between the bishops of the lower house on the proposed consolidation of the various sections of the church in Canada, as proposed in the scheme formulated at the Winnipeg Conference. The scheme proposes the establishment of a general synod, including representatives from all the ecclesiastical provinces in the Dominion, the first meeting of which will be held in Toronto in 1893. The conference lasted three hours and there was a great deal of discussion, many of the speakers objecting to the establishment of a general synod on the ground that it would interfere with the Provincial synods.

Dean Grisdale, Prolocutor of the Province of Rupert's Land, and Canon O'Meara of Winnipeg appeared before the conference and declared that the Province of Rupert's Land, which embraces eight dioceses, would heartily agree to the consolidation if the provincial synods were retained. No decision was reached at the conference, but the question will come up for final decision before the end of the synod. Memorials of regret were adopted at the death of Metropolitan Bishop Medley of Fredericton and Bishop Williams of Quebec.

MUCH APPLAUSE FOR SULLIVAN.

A Great Crowd See the Champion and Ex-Champion Spar.

NEW YORK, Sept. 19.—John L. Sullivan was extended a great ovation in Madison Square Garden Saturday. Nine thousand men and 300 women gave wild applause when the fallen champion appeared in the ring to wind up his benefit with a friendly bout with Jim Corbett, his victor. It was a Sullivan audience, and he bowed his acknowledgments to the deafening applause in good form. Corbett of course was well received. Both were called upon for a speech and both responded briefly.

Time was called and the men went to the centre of the ring for business. They were attired as in the ring at New Orleans. If the crowd expected any heavy hitting it was disappointed. Three tame minute-and-a-half rounds were all that was seen in the fisticuff line.

Sullivan, however, got in some licks, and notwithstanding his recent defeat looked the more masterly of the two as they appeared to-night. None of the scars which Sullivan received in the New Orleans fight were visible. Corbett also showed off to fine advantage.

After the show was over, Corbett was given a reception at the Tenderloin Club in West Thirty-Second-street, and when this was over he went to the Coleman House, where Mike Dwyer turned over to him the $20,000 stake which he won at New Orleans.

A NEW YORK WAIF'S CAREER.

Married a Missionary in Japan, but Had a Wife in Iowa.

SAN FRANCISCO, Cal., Sept. 19.—Advices from Koko, Japan, give full details of the divorce granted to an American missionary, Cora Lafferty Harvey, from Conrad Harvey, whom she married two years ago. The ground was bigamy, Harvey having a wife in Iowa.

The proceedings show that Harvey fled to Japan four years ago, having embezzled $3000 in Iowa. He was very devout and through his piety he deeply impressed a rich Belgian merchant Mr. Derenes of Koko, who made him manager of his business. When Derenes returned to Europe he left a liberal deposit to Harvey's credit in the bank.

Soon after that Harvey married Miss Cora Lafferty, and American missionary, who was an orphan. He set up a fine establishment, but soon abandoned his wife and left with Derenes's money. It is thought he returned to America.

Investigation showed that he married Della Pierce at Yale, Guthrie, County, Ia., in March, 1885, and that he abandoned her three years later. Harvey came originally from New York and was sent out as a street waif to a Western farm.

HELD FOR INCENDIARISM.

A Sarnia Woman Said to Have Fired Her Store.

SARNIA, Ont., Sept 19.—About 1 o'clock yesterday Mrs. Goodrich, who keeps a small cigar and candy store in Front-street, was arrested on a charge of attempted burning of the Russel estate, in which her store is located. Mrs. Goodrich had left the building shortly after 11 o'clock and a few minutes later a smell of coal oil caused her store to be opened, when a frame partition was found to be on fire.

Officer Sarvis, on order from Chief Windred, began a search for Mrs. Goodrich, and after some time found her at Fitzgibbon's Hotel, where she had taken a room for the night. She had previously lived back of the store. She was arrested and taken to the lock-up. Her goods are insured and it is stated that she had yesterday quarrelled with a lady who lives over the store.

A Point for You.

In view of what Hood's Sarsaparilla has done for others, is it not reasonable to suppose that it will be of benefit to you? For Scrofula, Salt Rheum and all other diseases of the blood, for dyspepsia, Indigestion, Sick Headache, Loss of Appetite, That Tired Feeling, Catarrh, Malaria, Rheumatism, Hood's sarsaparilla is an unequalled remedy.

Hood's Pills cure Sick Headache.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills after eating. It will relieve dyspepsia, aid digestion, give tone and vigor to the system. dw

Truth will Prevail.

DEAR SIRS,—I have been afflicted with chronic rheumatism for several years, and have used numerous patent medicines without success. But by using six bottles of Burdock Blood Bitters I was entirely cured.

SARAH MARSHALL,
King st., Kingston, Ont.

NOTE,—I am acquainted with the above named lady and can certify to the correctness of this statement.

HENRY WADE,
Druggist, Kingston, Ont.

If you are nervous or dyspeptic try Carter's Little Nerve Pills. Dyspeptic makes you nervous and nervousness makes you dyspeptic; either one makes you miserable, and these little pills cure both. dw

Cure for A Great Pain and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package. dw

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the ills incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

FOR
FLAX-SEED EMULSION COMPOUND

BRONCHITIS

120 Lexington Ave., New York City, Sept. 19, 1892.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.

JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1892.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.

J. H. DROGE, M.D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 28th, 1891.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.

JOHN F. TALMAGE, M.D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1891.

I regard Flax Seed Emulsion as every way superior to the Cod Liver Oil Emulsions so generally in use.

D. A. GORTON, M.D.

WASTING DISEASES

127 West 84th St., New York, Aug. 6, 1892.

I have used your Flax-Seed Emulsion Compound in a severe case of Malnutrition and the result was more than hoped for—it was marvelous, and continuous. I recommend it cheerfully to the profession and humanity at large. M. H. GILBERT, M.D.

ONE DEATH AND A CASE

ALARM THE PEOPLE AT CAMP LOW.

Great Excitement Among the Officials of the Camp — Passengers from the Stricken Ships Landed at Camp Low, Where Now Several Hundred Persons Are Detained.

CAMP LOW, Sept. 20, 12:10 a.m.—It is officially announced at this late hour that Asiatic cholera has broken out here. Francesco Moreno, who was landed here Sunday morning, died of the disease at 10 p.m. The body will be cremated at Swinburne Island. A widow, name unknown at present, who was accompanied by her four small children, was taken ill with every symptom of the disease shortly after 11 p.m., and Dr. Rauch, the cholera expert immediately had the family removed from the room in the pavilion to an isolated tent. The man's death is said to have been largely due to the excesses in which he indulged on Monday night.

Great excitement prevails among the officials of the camp and fears are entertained of a stampede of the people here from fear when the fact is made public. The dead man and infected family were passengers on the Normannia and had been in quarantine for 18 days.

Jenkins Mixes 'Em Up.

CAMP LOW, N. J., Sept 20.—Three hundred and fifty-six detained passengers were brought yesterday morning from Hoffman Island on the William Fletcher. Eight have just been landed, making the total population of quarantine here 1056 persons. Of the number landed this morning 343 were from the steamer Rugia and 13 from the steamer Scandia. Gen. Hamilton was highly indignant at Dr. Jenkins for sending the Scandia passengers here to mix with the other people. They were ordered to be instantly isolated and will be quartered in the new barracks now in course of erection.

Second officer Porzelius of the Rugia came here this morning in charge of the new arrivals, bullying, cursing and shouting in different dialects at the unfortunate women and children who were kept standing on the dock until 10 o'clock awaiting registration. So offensive did the conduct of this bully become that General Hamilton seized him by the neck, threw him out from among the people and informed him that if he was heard from again during his stay in camp he would put him in irons.

There is no sickness reported here so far, but the methods of removing fetid matter in wheelbarrows through the tents will have to be improved on if health is to be maintained.

SANDY HOOK, Sept. 20.—The steamer Scandia has just hoisted the yellow flag.

NEW YORK, Sept. 20.—The Board of Health reports no cholera has appeared in the city since the last bulletin.

Cholera or Sudden Death?

NEW YORK, Sept. 20.—John Knox, 41 years old, a fireman on the Allan State line steamer State of Nevada, which left Glasgow on Sept. 2 and arrived here on Sept. 14, was found dead on the deck of the steamer near one of the hatchways last night. The man had complained of a bad attack of diarrhœa early in the morning, and when he was discovered dead on the deck Captain Mayne at once notified the health authorities, fearing that Knox might have been a victim of cholera. Dr. Roberts ordered the steamer thoroughly fumigated and also closed the pier and quarantined those on the ship. The Nevada was not detained at quarantine last Wednesday, having exhibited a clean bill of health.

Another Case in New York.

NEW YORK, Sept. 20.—Louis Weinhagen, a coachman 35 years of age, was removed last night by the health authorities from his boarding house, Nos. 4 and 6 Extra-place, to the floating hospital at the foot of East Sixteenth-street. He is believed to be suffering from an attack of Asiatic cholera. There are over 200 boarders at the big boarding house, which was fumigated and put under quarantine.

THE MIDNIGHT REPORT.

The Situation Yesterday Considered Much Better.

QUARANTINE, Sept. 20.—Things look better now than since the day the Moravia came into port with her long list of deaths from cholera. Regina Weinskoff, aged 60, who was taken ill on Saturday, is dead of cholera, and there was one new case of sickness on the Bohemia, a man who was removed to Swinburne Island; but 11 other inmates having been placed in the convalescent ward yesterday.

Word has been received that the case of the fireman on board the State of Nevada is not cholera.

Mrs. Storm, a steerage passenger of the Normannia, has sent a message of thanks for the $60 contributed by the cabin passengers of that vessel. She lost four little ones by the cholera.

Three of the Scandia's passengers died yesterday, but only one of them had cholera. The 10 cabin passengers will be removed to the New Hampshire today.

All are reported well since Sept. 6 on the Moravia. The passengers will be transferred and sent to the city to-morrow and the steamer will be admitted to upper quarantine.

The cabin passengers of the Bohemia, 28, will be transferred to the New Hampshire to-day.

The passengers of the Suevia will be sent ashore as soon as the baggage has been disinfected.

The passengers of the French liner La Bretagne were transferred to the city yesterday afternoon.

Three hundred and twenty male adults of the Scandia's steerage passengers were removed yesterday to Hoffman Island.

The Wyoming's steerage passengers will have to remain a few days longer before being released.

The steamer Fms from Bremen, Sept. 10, arrived last evening with 410 cabin passengers. As she does not come from an infected port she may be allowed to go up today.

They Will Stay in Canada.

QUEBEC, Sept. 20.—The immigrants by the Mongolian for points in the United States, and held here to prevent the carrying out of their attempt to get into the States without going through quarantine at New York, have been disposed of. Twenty-seven have accepted tickets for Toronto, Collingwood and other Ontario ports and will remain in Canada, and the other 10 will be shipped back to England.

Rebels to Pay Tribute.

LONDON, Sept. 20.—The Madrid correspondent of The News says: The Sultan of Morocco has induced the Angherites to promise the payment of a tribute of £6000 and a contingent of 500 men. Elkarnan, the leader of the late rebellion, who is not included in the amnesty, has fled to Algeria.

Drunken Soldiers Run Amuck.

LONDON, Sept. 20.—A despatch to The Times from Buda Pesth says a party of six drunken conscripts ran amuck in this city yesterday. At first they stabbed a woman and her husband, killing the woman and leaving the husband unconscious. Afterward they stabbed and seriously wounded several other persons. Two of the gang were arrested. The remainder escaped.

Victoria as Godmother.

LONDON, Sept. 20.—The Standard's Berlin correspondent says: It is reported that the Kaiser has invited Queen Victoria to be godmother of his recently born daughter.

THE STANDARD LIFE ASSURANCE CO'Y
ESTABLISHED 1825.

Assurance in force,	$107,011,896	Bonus Distributions,	$27,000,000
Assets,	37,418,272	Canadian Investments, over	7,000,000
Annual Revenue,	4,889,371	Assurance in force in Canada	13,000,000

A LIBERAL POLICY.

The STANDARD has always taken the lead over other companies in the effort to simplify the assurance contract, and to maintain public confidence in life assurance. Its prompt and liberal settlement of claims has given it a world-wide reputation for generous straigh -forward dealing, and by its example has done much to do away with contesting of policies.

The New Free Policy of the Standard Life Assurance Company is given without extra charge; allows free residence in any part of the world, and is incontestable and unconditional except on the ground of false statements in the application, and that only during the first two years; after that it is absolutely free. This policy is simply a promise to pay a certain sum at the maturity of the contract. Instead of having a number of useless clauses on the back of the policy showing what the insured may not do, and which always gives rise to dissatisfaction and dispute; the STANDARD prints only on the back of the policy a list of special privileges granted to the assured.

TAILORING AND GENTS' FURNISHING DEPARTMENT.

We pride ourselves in having as beautiful a stock of Fashionable Saitings and Overcoatings for fall wear as anyone would wish to look at. We make up Suits for Men, Boys and Children, in the latest styles. Those who wish to make up their own clothing, should get their cloth from us, as we sell largely by the yard.

The Golden Lion avoids the two outrageous extremes practised among the tailoring trade here and elsewhere, viz:—deceptive cheapness and fancy high prices. Our principle is to produce first-class reliably-made garments, commanding character and style, at strictly moderate charges.

Special value in Wool Underwear, Shirts, Ties, Collars, Cuffs, etc.

MILLINERY OPENING DAYS

—AT—

TURNBULL'S.

TUESDAY AND WEDNESDAY,
Sept. 27th and 28th.

All the new Shapes and Styles in Millinery and Millinery Trimmings will be on display. This season our stock is very large, having imported many of the best styles from many of the leading Millinery centres. All are cordially invited to give our stock a careful look through.

We are now showing an immense range of the Alpine Pure Natural Wool Underclothing, for ladies, which has to be seen to be appreciated, being finer than other ordinary makes and much cheaper.

Our Dress Goods Department contains many new makes of cloth. One particularly attractive line is Heavy Shot Serges, which make up like tweed effects, but much handsomer.

Our fall stock of Cashmere Gloves and Hosiery is all to hand. They are nicely shaped and sized; a beautiful soft finish, and prices that will please everybody.

LIBEL SUITS AT GODERICH

NO BILL RETURNED IN THE TORONTO WORLD CASE.

The Editor of The Goderich Star Found Guilty and Fined—Resides He Is to Publish an Abject Apology—Cameron's Son-in-Law Assaults Mr. Maclean of The World.

GODERICH, Ont., Sept. 21.—The Cameron libel prosecutions against the publishers of The Goderich Star and The Toronto World, which have been attracting considerable attention, were concluded yesterday. The result is a nominal vindication for Cameron in The Star case, no bill being returned in the case against Mr. Maclean of The World. There was a very wide difference between the two cases. The public, in order to get the matter clearly in their minds, should recollect the following facts: R. J. Gore, who was in the employ of Cameron as a gardener, first publicly charged Cameron with the seduction of the orphan girl, Ellen Lomas, who had been, like Gore, in the service of Cameron. For this statement Cameron instituted a civil action for libel. In the preliminary proceedings in connection with this case an order was taken out by Gore's solicitor to examine Laura Gordon, who had been with the girl Lomas in service in the Cameron household, and who had stated, and who is still prepared to state, that the little girl Lomas had told her that she had been betrayed by Cameron. When Mr. Garrow, representing Cameron, and Mr. Murphy of Toronto, representing Gore, went to the house of Laura Gordon, they found her in such a weak state of health, and, as the doctors said, wasting away rapidly with consumption, that they agreed on humanitarian grounds to forego the examination and to settle the case by each party paying his own costs, and also further agreeing—and this is an important point—not to divulge the terms of settlement.

The Star's Comment.

When Mr. Mitchell of The Star heard that a settlement had been effected he tried to ascertain what the terms were, but Mr. Murphy declined to give them. In his paper that week, however, he stated: "Mr. Cameron, who professed such virtuous indignation when remonstrated with by his friends for not proceeding against his slanderers, has withdrawn his charge of libel, paying costs, on condition that the evidence offered by the defence to substantiate the charge be not gone into. Now Mr. Cameron refuses to face evidence that would bring out the facts. He withdraws his plea that the charge made, printed and circulated by Gore to the effect that M. C. Cameron seduced Ellen Lomas was untruthful and slanderous, and the public will be warranted in sharing the conviction of The Star that this withdrawal on his part under the circumstances is tantamount to a confession of his guilt of the dastardly crime charged."

His Lordship's Exceptions.

This statement of the terms of settlement was incorrect, as already pointed out, and any inferences as to Cameron's guilt based on such statement could not be sustained, and therefore in the course of the trial, when the judge came to charge the jury, he held that the only two questions (there being no plea of justification upon the record but simply one of not guilty) were: First, was the defendant the publisher of the alleged libel, and second, were the words complained of libelous? Moreover, the judge excluded, although strongly urged and argued with, to admit it, all evidence proffered by the defendant to show that he made the statements complained of in good faith in an honest belief that they were true and from information which he believed was reliable. The judge held that there was no evidence to show that it was a matter of public interest and that the defendant's comments were fair comments upon the matter. He also excluded all evidence to show that the defendant, after he ascertained he had given a mistaken account of the settlement, had made a correction in his paper stating the real facts of the case, and also excluded at the same time all previous and subsequent articles in The Star showing that the object of the defendant in his criticisms on the subject was for the purpose of securing a proper investigation in order to ascertain who was responsible for the death of the orphan girl, who, it was alleged, had been seduced by Cameron in his own house while at service there; thus narrowing down to the two points, namely: Was the statement complained of published by Mitchell and was it libelous? The jury had nothing else to do than to find answers to both questions against the defendant, and the real issue as to who seduced the girl was not tried at all.

Miss Gordon Ready to Testify.

In The World's case, wherein no bill was found, this would have been the main subject of investigation; and in that trial, had it been gone on with, counsel had instructions to plead in such a way as would have rendered admissable all and every tittle of evidence that would have thrown any light on the case of the girl's death.

An order had been made by the court in the morning for an examination of Laura Gordon by Alexander Downey, official stenographer. She was too ill to be examined to-day, though she said she was ready to be carried into court and tell what she knew of Ellen Lomas' seduction.

Verdict Against Mr. Mitchell.

Judge Street presided. Mr. Mitchell was represented by John King, Q.C., K. Campion, Q.C., and George Lindsey. Mr. B. B. Osler appeared for Mr. Cameron. The jury brought in their verdict of guilty at 5.30 and the court adjourned until 8 o'clock for sentence. In the interval the lawyers on the two sides got together to try and effect an accommodation. On coming into court, Mr. Osler stated that Mitchell had considered carefully the situation and had agreed to publish the following statement in his paper:

"With reference to the article in The Star of July 15, 1892, headed 'Justice Balked Again,' it is due to Mr. M. C. Cameron to make the following statement: The article in question was founded upon erroneous information received in good faith by this paper. Upon preparing our defence to the true bill found for libel at the recent assizes a rigid examination was made of all the evidence which could be given in support of a plea of justification of the libel charged. It was found by counsel that it was impossible to plead in justification of the article. The evidence in support of the charge against Mr. Cameron that he had seduced Ellen Lomas was found to be wholly unreliable. We regret exceedingly the publication of the article in question, and apologize to Mr. Cameron and his family for the pain which the unjust accusation has caused them. (Signed) James Mitchell."

This being done, continued Mr. Osler, he would ask that the punishment of the defendant should be by way of a nominal fine and an order to pay the expenses of the prosecution. The judge, addressing Mitchell, said he was glad such a settlement had been effected, and sentenced defendant to a fine of $5 and to pay the costs, to be taxed by the clerk of the court.

AGAINST IRISH HOME RULE

A MEETING IN TORONTO AUDITORIUM LAST NIGHT.

Resolutions Passed Denouncing the Home Rule Agitation as Inimical to the Interests of the Empire and Meant to Disrupt It — Speeches by Prominent Men.

TORONTO, Sept. 21.—The people in Toronto who sympathize with what is known as the loyal minority in Ireland turned out in strong force last night at the anti-Home Rule meeting in the Auditorium. The audience was not so large as that which attended the Blake demonstration the previous night in Horticultural Pavilion, but the Auditorium had all that it could accommodate with seating and standing room. It was crowded from pit to topmost gallery. In point of enthusiasm the antis were able to work up just as much as did the Home Rulers at their meeting, if not more.

The decorations were simple, consisting purely of the Union Jacks and the Canadian ensign, a dozen or so of which were distributed about the platform.

The Chairman's Supporters.
